The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

Mathematics - Course Participation

This table shows the number of students by grade that were enrolled in **Mathematics** courses by subject area. Students are counted more than once if they are enrolled in more than one math course. Students counted in the other math category may be enrolled in grade level math courses, intervention courses, or other advanced math courses.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target
Schoolwide	7.80	8.50	Met Target

Students receiving both in-school and out-of-school suspensions will be counted in all rows of the table. Students who received more than one suspension are counted only one time in each category below.

Suspension Types	% of Students
In-School Suspensions	0.0%
Out-of-School Suspensions	0.9%
Any Suspension	0.9%

Student Expulsions

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs).

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

This table shows information about experience for teachers assigned to this school and across the state.

Average years experience in public schools	17.2	11.8
Average years experience in district	13.2	10.5
Teachers in district for 4 or more years	80%	74%

Administrators – Experience (District Level)

This table shows information about experience for administrators assigned to this district and across the state.

Student to Staff Ratios

This table shows the number of students per staff member in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	78.0	17.5%
Mathematics Proficiency	50.1	17.5%
English Language Arts Growth	33.9	25.0%
Mathematics Growth	92.9	25.0%
Chronic Absenteeism	45.1	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		60.9
Summative Rating: Percentile rank of Summative Score		67.4
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

Student Group	Summative Score	Cut-off Score for Targeted Support and Improvement	Requires Targeted Support and Improvement for 2016-17	English Language Arts Proficiency	Mathematics Proficiency	Chronic Absenteeism	English Language Arts Student Growth	Mathematics Student Growth	At Risk for Consistently Underperforming Student Group

 <p>Staff and Professional Learning:</p>	<p>The district offers many professional development opportunities from articulation with Hunterdon and Warren County clusters, PLCs centered on Balanced Literacy, Orton Gillingham, and 21st Century Skills as well as outside PD opportunities. Faculty and staff take part in Instructional Rounds within Hunterdon and Somerset counties to continuously improve practice. The district presents and participates in Tech Expos to expose teachers to new trends and turnkey information to always stay ahead.</p>
 <p>Student Supports and Services:</p>	<p>The district offers various student support services such as I&RS, social skills groups, inclusive classrooms, character ed groups, peer to peer, individual counseling, English Language Learning services, OT, PT, Speech, In-class support, paraprofessionals, special ed teachers, Academic Success classes, Academic Session classes, contracted BCBA, outside resource services, and school-wide positive behavior reinforcement plan.</p>
 <p>Student Health and Wellness:</p>	<p>The district offers breakfast and lunch programs for all students. Students take part in P.E. and health three days per week with 50 minutes per period. P.E. classes take part both in the school as well as at the local field. Students also have daily recess. Our school nurse infuses health and wellness into the classes through Heimlich Heroes, CPR classes, Optical Academy, Blood Drives, Flu Shot clinics, and presentations by our local police departments regarding drugs, alcohol and bullying.</p>
 <p>Parent and Community Involvement:</p>	<p>The district prides itself on its relationship with the PTO & the community. Our school-wide positive behavior reinforcement plan works in conjunction with community members & their involvement in the program. Other events to connect home & school include STEAM night, concerts, Drama productions, Coding, Art Gallery, Scholastic nights, Kinder Karnival, Student Council, Special Education Parent Advisory Groups & Mock Trial. Our Parent Portal also keeps parents connected to student academics.</p>

Facilities:

The Bloomsbury School District is a one building district. The building was originally erected in 1936, with an addition in 1969. The most recent renovations were a new roof in 2014 and air conditioners installed in all but three classrooms in 2016. The building has various specialty classrooms aside from its Prek-8 classrooms. Such specialty rooms include library/media, art/World Lanuague, Health, CST office, OT/PT/Speech room, Theatrical stage, administrative offices, & an all-purpose room.

Other Information:

The district participates in the Inter-district Public School Choice Program, having been approved on November 2, 1999 as one of the first ten districts statewide to participate in the program. Seats in the program for non-district students are specified by the district and are allocated by lottery, with tuition paid for participating students by the New Jersey Department of Education. Bloomsbury remains cognizant of maintaining ideal class sizes while accepting students from neighboring districts. The average class size during the 2016-17 school year was 11 students, which appeals to many choice parents. The Bloomsbury School District truly believes in the infusion of 21st Century Skills, authentic technology and an inquiry-based approach to learning in order to create life-long learners. The District prides itself on the staff's ability to take an eclectic approach to instruction, combining proven effective traditional best practices with research-based emerging methodologies. The district understands the importance of supporting and maintaining the home/school connection. Individual voice mailboxes and email accounts are available for every staff member to allow for greater communication. The district website, along with our parent portal, individual teacher websites, Facebook, various social media platforms, and school-wide virtual backpack ensure that parents are aware of what is going on in their child's classroom at all times. Professional development opportunities are provided to staff and faculty to increase their knowledge and keep them abreast of the latest educational research and best practices in education. Teachers utilize wireless internet capabilities in every classroom with a 1:1 technology ratio for all students. Promethean ActivBoards and FM systems are infused in all instructional areas and are present in every single classroom in the building.
