

The vessel, when engaged in a black sea bass fishery, may only have on board the gear type(s) listed on that vessel's New Jersey Black Sea Bass Permit.

3. The owner of a vessel permitted pursuant to this subsection not pending revocation or court action may transfer his or her Black Sea Bass Permit, upon application to the Department, as follows:

i. To his or her replacement vessel, provided the replacement vessel is not greater than 10 percent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being replaced shall no longer be eligible for a black sea bass permit; or

ii. Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a Black Sea Bass Permit based on the harvesting history of the vessel being sold.

4. Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

5. Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

6. A vessel possessing a valid Black Sea Bass Permit to commercially harvest black sea bass by angling or hook and line and when operating under the permit shall be subject to the following:

i. Crew size shall be limited to no more than five persons, including the captain; and

ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire the Black Sea Bass Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

7. A vessel that does not possess a New Jersey Black Sea Bass Permit shall be permitted to land not more than 100 pounds of black sea bass during the period of January 1 through March 31, or not more than 50 pounds of black sea bass during the period of April 1 through December 31 on any trip provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold. Vessels taking black sea bass by angling or hook and line that do not possess a New Jersey Black Sea Bass Permit shall be subject to the possession limits established in N.J.A.C. 7:25-18.1 and the seasonal by-catch limits and 10 percent criteria specified above.

8. Annual and seasonal black sea bass quotas and daily trip limits shall be determined by the Mid-Atlantic Fishery Management Council and implemented by the National

Marine Fisheries Service or determined by the Atlantic States Marine Fisheries Commission.

i. The Commissioner, or his or her designee, shall implement annual and seasonal black sea bass quotas and daily trip limits determined by the Atlantic States Marine Fisheries Commission upon four days public notice. Public notice shall include letters by first class mail to all New Jersey Black Sea Bass Permit holders. The implemented quotas and limits shall also be reflected in this subsection through a notice of administrative change in the New Jersey Register, in accordance with N.J.A.C. 1:30-2.7.

ii. Ten percent of the New Jersey annual black sea bass quota shall be allocated each year for by-catch landings when any of the seasons for the directed commercial fishery defined in (h)8iii below are closed. The by-catch landings shall be divided between seasons as identified in (h)8iii below at the same percentage apportioned to each season specified at (h)8iii below.

(1) Any by-catch not landed during the season allocated shall be added to the directed fisheries quota of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year the remaining amount shall be added to the directed black sea bass fishery quota.

iii. The balance of the New Jersey annual quota for the black sea bass fishery remaining after deducting the by-catch allowance specified in (h)8ii above shall be divided into seasons, percentage of the annual quota apportioned to each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January 1 April 15: 38.8 percent, 2,500 pound trip limit.

(2) April 16-June 30: 20.6 percent, 1,500 pound trip limit and a maximum of three days per week that a vessel may land black sea bass;

(3) July 1-September 30: 13.5 percent, 1,000 pound trip limit and a maximum of three days per week that a vessel may land black sea bass;

(4) October 1-December 31: 27.1 percent, 1,500 pound trip limit and a maximum of three days per week that a vessel may land black sea bass.

(5) If a minimum of 50,000 pounds of the New Jersey black sea bass quota remains unlanded as of December 1 in any calendar year, the Commissioner, or his or her designee, may set a daily trip limit for the remainder of that calendar year.

(6) Any daily landing of black sea bass not exceeding 100 pounds during the period of January 1

through March 31 or 50 pounds during the period of April 1 through December 31 shall not be applied to maximum weekly landing days during any season as specified in (h)8iii(1) through (4) above, provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold.

iv. No vessel shall have in possession or land and no dealer shall accept from any one vessel or person more than the lesser of the daily trip limit of black sea bass set by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission in any one calendar day.

v. The Commissioner, or his or her designee, shall close the season for the commercial black sea bass fishery upon two days public notice of the projected date the seasonal percentage of the annual quota shall be caught. Public notice shall include letters by first class mail to all New Jersey Black Sea Bass Permit holders.

vi. Once the season has been closed for the directed commercial black sea bass fishery, no vessel or person shall land or sell any black sea bass and no dealer or person shall accept or purchase any black sea bass landed in New Jersey in excess of the by-catch allowances specified in (h)1 and 7 above and provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight of all species landed and sold. If the entire season and/or annual quota including the by-catch allowance has been landed, then no vessel or person shall land or sell any black sea bass and no dealer or person shall accept or buy any black sea bass landed in New Jersey.

vii. If the Commissioner, or his or her designee, closes the season prematurely because of unanticipated events resulting in the quota not being landed by the projected date, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon two days public notice. Public notice shall be made as specified in (h)7v above.

(1) The Commissioner or his or her designee may set daily trip limits when reopening a prematurely closed season.

viii. If the quota for a particular season is not taken, the balance shall be reallocated for the following season, except that any balance existing as of December 31 of any year shall not be reallocated.

ix. If the quota for any season is exceeded, the amount overharvested shall be deducted from the following season. The amount overharvested shall also be deducted from the following years seasonal quota in pounds and reallocated to the season from which it was deducted the previous year.

x. Any vessel participating in the black sea bass fishery shall notify the Department of the time and place of unloading of the vessel at least two hours in advance of such unloading. Such unloading shall not occur except between the hours of 6:00 A.M. and 6:00 P.M. from November 1 through April 30 and 6:00 A.M. and 8:00 P.M. from May 1 through October 31. The vessel shall also report how many times that week (Sunday through Saturday) the vessel will have landed, including the trip being called in. For example, "This will be my third landing this week." Notification shall include a phone call to (609) 748-2050 unless changed by notice to permit holders via first class mail.

9. After December 31, 2002, no dealer shall accept or purchase any black sea bass from any vessel or harvester unless such dealer is in possession of a valid New Jersey Black Sea Bass Dealers Permit. A New Jersey Black Sea Bass Dealers Permit may be obtained by completing an application supplied by the Department and submitting it to:

New Jersey Black Sea Bass Dealers Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241

10. After December 31, 2002, no dealer shall accept or purchase from any one vessel more than the amounts of black sea bass specified at (h)1 above unless said vessel is in possession of its valid New Jersey Black Sea Bass Permit.

11. After December 31, 2002, any harvester or vessel landing black sea bass in New Jersey for the purpose of sale shall sell all black sea bass to a permitted New Jersey Black Sea Bass Dealer.

12. All permitted New Jersey Black Sea Bass Dealers shall provide daily reports during the period January 1 through April 15 and weekly reports during the period April 16 through December 31 to the Division listing the amount of black sea bass landed on a daily basis and any other information that may be required by the Commissioner. If no black sea bass were landed, a report to that effect shall be required. Such report shall be faxed to the Division at the number listed on the reporting form no later than 10:00 A.M. on the following day for daily reports and 12:01 P.M. on Monday following the week's end for weekly reports or sent by any other method approved by the Department. For the purpose of this provision, the week shall begin on Sunday and end on Saturday.

13. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to submit the required documentation to an application shall result in the denial of the permit.

ii. Falsification or misrepresentation of any information on an application including documentation provided to verify the amount of black sea bass landed as specified in (h)1ii(3) above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of (h)6 above, criteria under which a vessel may harvest black sea bass by angling or hook and line, (h)8 above, exceeding daily trip limits and landing black sea bass after the season has been closed, (h)9 above, accepting or purchasing black sea bass without a New Jersey Black Sea Bass Dealers Permit, (h)10 above, accepting or purchasing from any non-permitted vessel more than the amount of black sea bass stipulated pursuant to (h)1 and 7 above, and (h)11 above, selling black sea bass to a non-permitted dealer shall result in the suspension during open season(s) or revocation of the vessel's and/or dealer's Black Sea Bass Permit according to the following schedule:

- (1) First offense: 60 days suspension;
- (2) Second offense: 120 days suspension;
- (3) Third offense: permanent revocation;

iv. In calculating the period of suspension or revocation applicable under (h)13iii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

v. Any person who has had his or her New Jersey Black Sea Bass Dealers Permit suspended or revoked shall not land or permit the landing of any black sea bass at his or her facility during the suspension or revocation under the provisions of another permittee's New Jersey Black Sea Bass Dealers Permit.

vi. Prior to revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(i) The following provisions are applicable to the commercial harvest of summer flounder:

1. A vessel shall not land more than 100 pounds of summer flounder during the period of May 1 through October 31 or more than 200 pounds of summer flounder during the period of November 1 through April 30 in New Jersey on any one trip unless said vessel is in possession of a valid New Jersey Summer Flounder Permit to participate in the directed fishery for summer flounder. Vessels fishing under the special terms of a quota transfer or combination program as provided in (i)3 below may be exempt from this requirement if such terms specify that a New Jersey Summer Flounder Permit is not necessary to land summer flounder in New Jersey. The permit shall be issued in the name of the vessel and the owner and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Summer Flounder Permit shall complete an application provided by the Department. Applicants applying to use hook and line shall submit their applications no later than May 31, 1994. Applicants applying for a New Jersey Summer Flounder permit for any other gear type shall submit their applications no later than January 1, 2000. Applications for a New Jersey Summer Flounder Permit received after the above dates shall be denied.

ii. To be eligible for a New Jersey Summer Flounder Permit the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed and sold at least 1,000 pounds of summer flounder in New Jersey in each of two years during the period of 1985-1992;

(2) The vessel shall have possessed a valid New Jersey otter trawl, pound net, or gill net license or a valid Federal summer flounder permit during each of the two years it qualified based upon the pounds of summer flounder landed and sold in (i)1ii(1) above. Vessels providing documentation regarding the amount of summer flounder landed for two years between January 1, 1985 to November 2, 1988 or vessels providing documentation of harvest by hook and line are exempt from this requirement; and

(3) Applicants shall provide weigh out slips to document the amount of summer flounder landed and copies of their New Jersey otter trawl, pound net or gill net license or Federal summer flounder permit for the respective years.

iii. The New Jersey Summer Flounder Permit shall be on board the vessel to which it is issued at all times. The permit is valid from the date of issuance and for any subsequent years unless revoked as part of a penalty action. The vessel, when engaged in the directed summer flounder fishery, may only have on board the gear type(s) listed on the New Jersey Summer Flounder Permit.

(1) The owner of a permitted vessel pursuant to this subsection not pending revocation or court action

may transfer his or her New Jersey Summer Flounder Permit, upon application to the Department, as follows:

(A) To his or her replacement vessel, provided the replacement vessel is not greater than 10 percent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being replaced shall no longer be eligible for a New Jersey Summer Flounder Permit; or

(B) Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a New Jersey Summer Flounder Permit based on the harvesting history of the vessel being sold.

(2) Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

(3) Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

iv. A vessel possessing a valid New Jersey Summer Flounder Permit to commercially harvest summer flounder by angling or hook and line and when operating under the permit shall be subject to the following:

(1) Crew size shall be limited to no more than five persons, including the captain; and

(2) The vessel shall not carry any passengers for hire. When carrying passengers for hire the New Jersey Summer Flounder Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

v. A vessel that does not possess a New Jersey Summer Flounder Permit shall be permitted to land not more than 100 pounds of summer flounder during the period of May 1 through October 31, or not more than 200 pounds of summer flounder during the period of November 1 through April 30 on any trip provided the amount of summer flounder landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold, except that vessels taking summer flounder by angling or hook and line shall be subject to the possession limits established in N.J.A.C. 7:25-18.1.

2. The annual summer flounder harvest quota for New Jersey shall be determined by the Mid Atlantic Fishery Management Council as implemented by the National Marine Fisheries Service. All landings of summer flounder in New Jersey shall be applied to the New Jersey annual summer flounder quota unless New Jersey enters into an agreement with another state(s) to transfer or combine

summer flounder commercial quotas, as provided for pursuant to (i)3 below and such agreement indicated otherwise.

i. Ten percent, but not more than 200,000 pounds of the New Jersey annual summer flounder quota, shall be allocated each year for by-catch landings when any of the six seasons for the directed commercial fishery are closed. The by-catch landings shall be divided between the six seasons as identified at (i)2ii below at the same percentage as for the directed fishery specified at (i)2ii below or as modified by the Commissioner.

(1) Any by-catch not landed during the season allocated shall be added to the directed fishery of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year, the remaining amount shall be added to the directed summer flounder fishery quota.

(3) For the purpose of this section, all directed fishery seasons identified at (i)2ii below shall start on the first Sunday of the applicable month.

ii. The balance of the New Jersey annual quota for the summer flounder fishery remaining after deducting the by-catch allowance specified in (i)2i above shall be divided into seasons, percentage of the annual quota apportioned to each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January-February: 28 percent, 7,500 pound trip limit and a maximum of two days a week that a vessel may land summer flounder;

(2) March-April: 11 percent, 1,000 pound trip limit and a maximum of five days per week that a vessel may land summer flounder;

(3) May-June: 10.5 percent, 500 pound trip limit and a maximum of five days per week that a vessel may land summer flounder;

(4) July-August: 10.5 percent, 500 pound trip limit and a maximum of five days per week that a vessel may land summer flounder;

(5) September-October: 29 percent, 1,000 pound trip limit and a maximum of four days that a vessel may land summer flounder, except as follows:

(A) A vessel may elect to land summer flounder only one day per week. If such an election is made, the trip limit shall be 4,000 pounds;

(6) November-December: 11 percent, 1,000 pound trip limit and a maximum of five days per week that a vessel may land summer flounder; and

(m) Dealer business records may be used as admissible evidence in any proceeding to document violations of trip limits, weekly landing limits or closed seasons specified in this section.

(n) For the purpose of this section, "land" shall mean to begin offloading fish, to offload fish or to enter port with fish.

(o) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify quotas, trip limits and/or seasons specified in the section, by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service. The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify trip limits and/or seasons specified in this section by notice in order to provide for the optimal utilization of any quotas specified in this section. The Commissioner will review the catch rate for a particular species in relation to the season quota and if harvest data indicate that upward adjustments in harvest control measures are warranted to maximize utilization of the available quota within a specific season for a specific fishery, the Commissioner may adjust the above specified control measures to achieve optimal utilization of the total allowable catch. The Department shall publish notice of any such modification in the New Jersey Register.

(p) An applicant who is otherwise eligible for a license or permit under (c)2 and 5; (e)2 and 5; or (h)1 above, but who fails to apply prior to the application deadline, may request an extension of time to apply in accordance with this subsection and (q) through (s) below.

1. The written request, along with any supporting documentation, shall be submitted to:

New Jersey Division of Fish and Wildlife
PO Box 400
Trenton, New Jersey 08625-0400

2. The request shall:

i. Identify the specific permit for which the extension of time to apply is requested;

ii. Explain in detail why the extension of time to apply is needed, including a statement of the type and degree of hardship that prevented the timely application of the permit, and the hardship that will result to the applicant if the permit is not granted; and

iii. Provide appropriate documentation as necessary to support the request for extension.

(q) The Department shall approve an extension request under (p) above only if it determines that the request and documentation demonstrate that:

1. By reason of extraordinary hardship or exceptional situation or condition, the applicant was precluded from

applying for his or her Tautog, Non Directed Fishery Tautog, Shad Commercial Net, Shad Incidental Harvest, or New Jersey Black Sea Bass permit during the 12-month application period preceding the year for which the permit is requested;

2. By reason of extraordinary or exceptional situation or condition, strict compliance with the deadline in (c)2 and 5; (e)2 and 5; or (h)1 above would result in exceptional and undue hardship upon the applicant; and

3. The circumstances supporting (q)1 and 2 above were not created by the applicant or persons under his or her control, and the approval of the extension will not unreasonably interfere with the orderly administration of the permitting program.

(r) The Department shall provide written notice to the applicant of its decision to approve or deny the request for extension.

(s) The denial of an extension request may be appealed pursuant to the procedures outlined in N.J.A.C. 7:25-18.17, Request for adjudicatory hearing.

7:25-18.13 Striped bass bonus program

(a) Pursuant to N.J.S.A. 23:5-45.1(c), the possession of one "bonus sized" striped bass, measuring not less than 28 inches in length, will be allowed in addition to the possession limit allowed under N.J.S.A. 23:5-45.1(a), pursuant to (b) through (o) below.

(b) Any person intending to take one "bonus sized" striped bass, as defined in (a) above, in addition to his or her striped bass possession limit as specified at N.J.S.A. 23:5-45.1 shall apply to the Division to participate in the striped bass bonus program. Applications may be obtained from the following:

1. Division of Fish and Wildlife

Striped Bass Bonus Fish Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

2. Fish checking stations, as authorized by the Division and identified pursuant to (i) below.

3. On the Division of Fish and Wildlife's website at www.njfishandwildlife.com.

(c) The application form shall be completed to include the name, address and telephone number of the applicant.

(d) Applications to participate in the striped bass bonus program shall be processed in order of receipt by the Division.

(e) Successful applicants will receive non-transferable fish possession cards, the number to be determined by the Commissioner or his or her designee based on the available quota and the number of applicants. One card shall be filled out completely and the month and day numbers perforated immediately upon retention of a bonus striped bass. A finite number of cards shall be available to participating party and charter boat captains in the name of the vessel and owner. Fish possession cards issued to party and charter boats are for the use of patrons on that vessel and shall not be sold, offered for sale or used for barter.

(f) Fish possession cards shall be valid in the calendar year for which they were issued except during those periods in which the Department has closed the State's waters to harvesting as provided at (l) below.

(g) Successful applicants may keep and submit annual records of their striped bass fishing activity as requested on forms furnished by the Division. Such records shall include the name, address, and card number(s) of the fishermen, the days and hours fished, the lengths of striped bass caught, the location of fishing activity and the type of fishing. Party and charter boat captains shall be required to maintain and submit logbooks developed by the Division.

(h) A person shall not have in his or her possession at any time more than the number of striped bass provided for in N.J.S.A. 23:5-45.1, nor shall such striped bass be less than the size provided for in N.J.S.A. 23:5-45.1. One additional striped bass may be possessed and shall not be less than the size defined in (a) above. Said person shall have a properly completed and legal fish possession card, as provided for at (e) above.

(i) Any striped bass taken under this section may be transported to an authorized fish check station by the person who caught the fish on the day so taken. A list of authorized fish check stations shall be provided to all participants in the striped bass bonus program by the Division via first class mail along with the fish possession cards. Fish check stations shall also be listed on the Division's website at www.njfishandwildlife.com. A person shall not present for registration or permit to be registered in his or her name a striped bass which he or she did not catch. Any person who legally takes a striped bass under this section and who cannot arrive at a fish check station shall immediately mail his or her fish possession card to the address presented at (b) above.

permittee, including sworn statements from the permittee or other persons with knowledge relevant to the allegations on which the Division action is based. The petition and its supporting statements and documentation shall be made available to the court and all parties in advance of any hearing.

4. The Division shall reinstate horseshoe crab harvesting privileges suspended for late or incomplete reports, but no more than one time per permittee in any single permit year, if that permittee personally delivers any missing reports, completed, along with a credible written explanation for the delay and/or omissions to the Division within 20 business days from the date on the notice of suspension.

5. Any permittee who has had his or her horseshoe crab harvesting privilege revoked shall be disqualified from exercising any privilege associated with a horseshoe crab harvesting permit for 24 months following the effective date of an uncontested notice of proposed revocation of privileges, or whichever of the following is applicable:

i. The date of the Commissioner's Final Decision affirming revocation of horseshoe crab harvesting privileges, or

ii. The filing date of the court order affirming the Commissioner's Final Decision revoking horseshoe crab harvesting privileges.

6. The Division shall issue a horseshoe crab permit to an applicant pending resolution of a contested Division proposal to revoke that applicant's horseshoe crab harvesting privilege, but that permittee shall not exercise or enjoy any horseshoe crab harvesting privilege pending resolution of a proposed revocation until, as appropriate, one of the following occurs:

i. The Division Director lifts the suspension of that permittee's horseshoe crab harvesting privilege;

ii. The Commissioner issues a Final Decision reinstating that permittee's horseshoe crab harvesting privilege; or

iii. A court of competent jurisdiction orders reinstatement of that permittee's horseshoe crab harvesting privileges.

Petition for Rulemaking. Horseshoe crabs.

See: 39 N.J.R. 700(b), 1528(a).

Case Notes

Adoption of a permanent rule for harvesting horseshoe crabs rendered moot an appeal from a judgment determining that an emergency amendment, which extended prior emergency amendment's 60-day ban on taking horseshoe crabs for another 60 days, violated the Administrative Procedure Act (APA). Delaware Bay Waterman's Ass'n of New Jersey v. New Jersey Dept. of Environmental Protection, 709 A.2d 192, 153 N.J. 345 (N.J. 1998).

Emergency amendment to regulation, which extended prior emergency amendment's ban on taking horseshoe crabs, violated Administrative Procedure Act's requirement of legislative approval for such amendment continuation; although Department of Environmental Protection offered two different reasons for original and successive amendments, each amendment had same cause and same result, rendering successive amendment a continuation of first. Delaware Bay Waterman's Ass'n of New Jersey v. New Jersey Dept. of Environmental Protection, 304 N.J.Super. 20, 697 A.2d 957 (A.D. 1997.)

7:25-18.17 Request for adjudicatory hearing

Any person, subject to the limitation on third party appeal rights set forth in P.L. 1993, c.359 (N.J.S.A. 52:14B-3.1 through 3.3), who believes himself or herself to be aggrieved with respect to a license and/or permit decision made by the Department under this subchapter may request an adjudicatory hearing pursuant to the Administrative Procedure Act,

N.J.S.A. 52:14B-1 et seq., in accordance with the provisions set forth in N.J.A.C. 7:25-14.21, Request for adjudicatory hearing.

New Rule, R.2004 d.20, effective January 5, 2004.
See: 35 N.J.R. 4224(b), 36 N.J.R. 174(b).

**SUBCHAPTER 18A. FISHERIES CLOSURES AND
ADVISORIES FOR STRIPED BASS, AMERICAN
EEL, BLUEFISH, WHITE PERCH AND WHITE
CATFISH TAKEN FROM THE NORTHEAST
REGION OF THE STATE**

Subchapter Historical Note

Subchapter 18A, Fisheries Closures and Advisories for Striped Bass, American Eel, Bluefish, White Perch and White Catfish Taken from the Northeast Region of the State, was adopted as emergency new rules by R.1982 d.477, effective December 15, 1982.

7:25-18A.1 Authority

This subchapter has been promulgated pursuant to the Marine Fisheries Management and Commercial Fisheries Act, N.J.S.A. 23:2B-1 et seq.

7:25-18A.2 Scope and construction

(a) The following shall constitute the rules governing the issuance by the Department, of fisheries closures and advi-

sories concerning PCB contaminated fish taken from the waters of the Northeast Region of the State.

(b) These rules shall be liberally construed to permit the Department to effectuate the purpose of these rules.

7:25-18A.3 Definitions

“Advisory” means a Departmental warning to limit consumption of designated fish species taken from designated regions of the State’s waters.

“Closure” or “closed” means prohibition of sales of designated fish species taken from designated regions of the State’s waters.

“Commissioner” means the Commissioner of the Department of Environmental Protection.

“Department” means the Department of Environmental Protection.

“Limited consumption” or “limit consumption” means that in order to reduce exposure to and bioaccumulation of PCBs, persons of high risk, including but not limited to pregnant women, nursing mothers, women of child-bearing age, and young children, should not eat any designated fish species taken from designated regions of the State’s waters and all other persons should not consume more than one meal per week of any designated fish taken from designated regions of the State’s waters.
