ANNUAL REPORT

BUILDING AND LOAN ASSOCIATIONS

DEPARTMENT OF BANKING AND INSURANCE,
TRENTON, November 19, 1923.

To the Honorable the Senate and General Assembly:

As the statute requires, I have the honor to submit the report of this department for the year ended June 30, 1923, relating to building and loan associations.

These societies now number 1,249, all of which are corporations of this State. This is an increase for the year of 123, or only 4 less than the gain in number in the preceding twelve months, which exceeded that made in any previous year. From present indications there is likely to be a substantial further increase in the number of these important and useful institutions.

Since the presentation of the preceding year's report 126 associations have been incorporated, and 3 have ceased operations. The latter were the Eastern, of Newark, which was absorbed by the Service, also of Newark; the Equitable, of Passaic, which was taken over by the Union, of the same city, and the Penns Grove, of Penns Grove, Salem County, which filed proceedings for dissolution on July 24, 1922, and has been wound up.

According to the figures reported by the associations there was a gain for the year of 82,926 in the total number of members, which is equal to nearly thirteen and three-quarters per cent. In number of shares in force the gain was 1,086,180, as compared with an increase of 840,088 in the year before. The gross assets are larger in amount by $66,529,331, or over nineteen and three-quarters per cent. Mortgage loans exhibit the large increase of $67,625,564. Loans on shares have increased $1,250,635. The real estate held is less by $189,453, the aggregate being $1,839,606, which is less than one-half of one per cent of the gross assets, and, moreover, some thirty-seven and a half per cent of the total holdings is reported as having been sold under contract. Profits apportioned and unapportioned are returned at $60,651,822, an increase of $8,015,497. The foreclosures numbered 104, as compared with 78 in the preceding year.

Ninety-three per cent of the associations issue shares in series. The gross premium plan is in use in fifty-six per cent of the societies, and in about thirty-two per cent the installment premium plan is followed. Some 36 associations have both premium plans, and 92 charge no premium.

Building and loan associations render an invaluable service in inculcating habits of thrift and in assisting their members to become home owners, and it is a matter for congratulation that they have attained such a growth in number, resources and membership in this State as shown by this report. As a factor in relieving the demand for additional housing facilities they are of great utility. The experience of many years has conclusively demonstrated the soundness of the system and that under proper management and favorable environment success is assured.

Respectfully submitted,

EDWARD MAXSON,

Commissioner.
