STATE OF NEW JERSEY,  
OFFICE OF THE QUARTERMASTER-GENERAL,  
TRENTON, October 31, 1895. }

*To the Governor and Commander-in-Chief:*

As directed by law. I have the honor to submit the annual report of the workings of the Quartermaster-General's Department for the fiscal year ended October 31, 1895.

The duties of Quartermaster-General include also those of Commissary-General. Paymaster-General and Chief of Ordnance. The Quartermaster-General also acts as Chief Medical Purveyor and Storekeeper.

The service arm of the State is the Springfield Rifle, calibre 45, and the condition of those in possession of the several organizations of the National Guard, after twenty years of service, as is evidenced by an examination of the annual returns, are in as good condition as could be expected, and for actual service in the field or streets would still be most effective weapons in the hands of our troops so long familiarized with their use by many years of practice on the State rifle ranges.

Pursuant to orders from the office of the Adjutant-General and Division Headquarters the following new organizations have been added to the National Guard :

Under Special Orders No. 3, Headquarters Division, National Guard, dated at Newark, February 26, the company of infantry located at Bayonne, previously mustered into the service, has been attached to the Third Battalion of the Fourth Regiment and designated as Company I.

Under Special Orders No. 12, Headquarters Division, National Guard, dated at Newark, May 3, the Gatling Gun Company located at Orange, previously mustered into the service, has been attached to the First Brigade and designated as Gatling Gun Company A.

Under Special Orders No. 15, Headquarters Division, National Guard, dated at Newark, May 15, the company of infantry located at Camden, previously mustered into the service, has been attached to

the Second Battalion, Sixth Regiment, and designated as Company G.

Under Special Orders No. 18, Headquarters Division, National Guard, dated at Newark, May 29, the company of infantry located at Jersey City, previously mustered into the service, has been attached to the Third Battalion, Fourth Regiment, and designated as Company L.

Under Special Orders No. 26, office of the Adjutant-General, dated at Trenton, June 4, the company of cavalry located at Red Bank, previously mustered into the service of the State, has been attached to the National Guard, and designated as the Second Troop.

Under Special Orders No. 24, Headquarters Division, National Guard, dated at Newark, August 15th, the company of infantry located at Hoboken, previously mustered into the service, has been attached to the Third Battalion, Fourth Regiment, and designated as Company M.

All the above-named organizations (with the exception of Company M, Fourth Regiment, for which no requisitions have been as yet received) have been uniformed, armed and equipped by this Department.

The National Guard, as at present constituted, consists of sixty (60) companies of infantry, two (2) troops of cavalry, two (2) Gatling gun companies, a hospital and ambulance corps, and, under the law approved February 12, 1895, the organization known as the Naval Reserve of New Jersey came into existence, consisting at present of five divisions equal to as many companies of the National Guard. The uniforming, arming and equipping, providing camp and garrison equipage, ship and quartermaster's stores, transportation, subsistence, etc., for encampments, naval reviews, parades, battalion drills and inspections for this large body is the particular duty of this department, and involves much thought and labor throughout the entire year. Notwithstanding the increasing activity of the Department, owing to the augmentation of the uniformed militia, no addition has been made to the clerical assistance in this office or the number of employes at the State Arsenal since 1876, as the allowance then fixed by law for compensation of the assistants of the department is not sufficient to warrant any accession to the present force.

## REPORT.

---

SOUTH ORANGE, N. J., November 6, 1895.

GENERAL—I have the honor to report that in accordance with your orders I arrived at Camp Werts, Sea Girt, on the morning of July 15th, entering upon my duties as assigned by yourself, remaining all through the encampment of the Fourth Regiment, N. G. N. J., and also acting as Deputy Quartermaster from July 30 to August 1, inclusive, during the encampment of the Second Regiment N. G. N. J. I found no reasons for complaints, nor did I hear of any from either command, in regard to subsistence, etc. The rations furnished by the State were of good quality and sufficient in quantity. The kitchen facilities were much improved over last season, and with new mess halls I think this part of our department would equal if not surpass any of our sister States. Quartermaster's supplies were issued in accordance with our regular custom. On Saturday, July 20, I made a thorough inspection of the State property returned by the Quartermaster of the Fourth Regiment and found the said property in good condition and every article accounted for as issued to the Quartermaster of the said Regiment July 13. I feel that Lieutenant Moore should be complimented on his first tour of camp duty as Quartermaster of the Fourth Regiment for his clean returns of State property.

Respectfully yours,  
CYRUS F. LOUTREL,  
*Deputy Quartermaster-General.*

To Gen. RICHARD A. DONNELLY,
