NEWS RELEASE

Gov. Whitman Commits \$200 million in Environmental Funds for Clean Water; Visits Governor's School on the Environment in Pomona

Gov. Christie Whitman tomorrow will sign three pieces of legislation to help communities implement clean water programs. The bills authorize \$200 million in environmental infrastructure projects for Fiscal Year 2000.

The bill signing will take place in the Arts and Sciences Building, Circle Drive, on the Pomona campus. Attending the ceremony will be 100 gifted high-school seniors who have been attending the Governor's School on the Environment for an intensive four-week learning experience about environmental challenges they will face as future leaders of New Jersey.
