ASSEMBLY RESOLUTION

By Assemblymen Haytaian, Franks, Rocco, Stuhltrager and
Zimmer

WHEREAS, The General Assembly Rules and Order Committee has conducted a thorough review of the Rules of the General Assembly; and

WHEREAS, The General Assembly Rules and Order Committee conducted its business during committee meetings held on February 10, February 13, February 20 and April 21, 1986; and

WHEREAS, The General Assembly Rules and Order Committee recommends adoption of the following revisions to the rules in order to provide for more efficient, effective and orderly management of its operations and conduct of the public's business; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey that the temporary Rules of the 1986 General Assembly be adopted as the permanent Rules, subject to the following changes:

1. Rule 4:6 is amended to read as follows:

4:6. He shall appoint all committees in accordance with Rule 10:1, unless otherwise specially directed by the General Assembly. He may, during the inability of a committee member of *any committee or a subcommittee member of the Appropriations Committee* to serve, appoint another member of the General Assembly to serve during such period.

2. Rule 4:13 is amended to read as follows:

4:13. Upon the completion of the annual organization of the General Assembly [and periodically thereafter], the Speaker shall cause notice to be given to the members, the news media and the public of the dates and times when the General Assembly is scheduled to meet *during that legislative year*. Changes in schedule shall likewise be noticed.

3. Rule 5:7 is amended to read as follows:

5:7. He shall record the votes on all motions, bills and resolutions and inform the Speaker of the final vote, *and shall maintain a copy of each amendment on which a vote is taken on the floor of the House*.

4. Rule 5:15 is amended to read as follows:

5:15. He shall distribute copies of all proposed amendments, veto messages and such material as the Speaker shall direct to the members and to the executive directors of the majority and minority staff.

He shall also distribute a copy of the Minutes of the General Assembly for each session to the executive directors of the majority and minority staff as expeditiously as practicable after the session.

5. Rule 8:1 is amended to read as follows:

8:1. No person shall be allowed on the floor of the General Assembly on the day of a business session except as follows:

a. Members of the General Assembly.

b. Members of the State Senate.

c. One aide [per] to a member of the General Assembly *if the member is the prime sponsor of a bill or resolution under consideration or a member acting on behalf of the prime sponsor during the period of that consideration.* [who] The aide shall be approved prior to the session by the Speaker [and who shall bear proper, visible identification].

d. Representatives of the Executive Branch of the State Government who have been invited by a member [to] *if the member is the prime sponsor of a bill or resolution under consideration or a member acting on behalf of the prime sponsor during the period of that consideration. The representative shall sit with and [to] advise [him] the member during the discussion of specific legislation, provided the member has obtained the prior approval of the Speaker.*

e. Permanent employees of the General Assembly *upon the approval of the Speaker.*

f. Properly accredited representatives of the press *upon the approval of the Speaker.*

Persons allowed on the floor pursuant to paragraphs c. through f. shall bear proper, visible identification.

g. Such other persons to whom the privileges of the floor are extended by the Speaker or by resolution of the members.

The taking of still or motion pictures during sessions and the recording of proceedings of the General Assembly may be taken or made only by advance arrangements therefor approved by the Speaker.

6. Rule 8:7 is amended to read as follows:

8:7. No member shall speak on any bill [or], resolution or *debatable motion* more than three times, or longer than fifteen minutes the first and second time or longer than five minutes the third time without leave of the General Assembly.

7. Rule 9:2 is amended to read as follows:

9:2. After the Speaker has assumed the Chair the order of business shall be as follows:

a. Prayer.

b. Salute to the flag of the United States.

c. Calling of the Roll.

d. Reading of the minutes, if called for by any Assemblyman by motion which is carried. The minutes may be corrected immediately after such reading, or at any meeting thereafter by direction of the Speaker or on motion adopted therefor.

e. Recognition by the Speaker, during a period not to exceed 45 minutes, of the presence of any individuals or groups visiting the Assembly.

f. Presentation and disposal of petitions, memorials and communications, *at the discretion of the Speaker.*

g. Bills and joint resolutions on third reading.

h. Introduction of bills.

i. Reports of standing and other committees.

j. Bills and joint resolutions on second reading.

k. Unfinished business.

8. Rule 10:1 is amended to read as follows:

10:1. The following Standing Reference, Select, Administrative and Joint Committees and Standing Reference Subcommittees shall be appointed, by the Speaker in accordance with the provisions of Rule 4:6, at the commencement of each annual session, and shall serve for the entire legislative year, unless otherwise ordered:

GENERAL ASSEMBLY JOINT COMMITTEES

1. Ethical Standards Committee
2. State Library Committee

The Appropriations Committee shall consist of 17 members and each of its subcommittees shall consist of five members; the Economic Development and Agriculture Committee, the Energy and Natural Resources Committee, the Environmental Quality Committee, the Independent and Regional Authorities Committee, the Insurance Committee, the Judiciary Committee, the Labor Committee, the Senior Citizens Committee, and the Transportation, Communications and High Technology Committee shall each consist of seven members; all other Standing Reference Committees shall consist of five members; the Standing Select Committees shall consist of the membership set forth in the paragraph below; the Intergovernmental Relations Committee shall consist of five members; the Rules and Order Committee shall consist of eight members; and the membership of the General Assembly on the Ethical Standards and State Library Committees shall consist of four members.

The Division of Motor Vehicles Standing Select Committee shall consist of seven members, one of whom shall be the Chairman of the Law, Public Safety, Defense and Corrections Committee and one of whom shall be the Chairman of the Transportation, Communications and High Technology Committee. The Solid Waste Disposal Standing Select Committee shall consist of seven members, one of whom shall be the Chairman of the County Government Committee,

one of whom shall be the Chairman of the Energy and Natural Resources Committee, and one of whom shall be the Chairman of the Environmental Quality Committee. The Tourism Standing Select Committee shall consist of [five] *seven* members. The Veterans Affairs Standing Select Committee shall consist of seven members, one of whom shall be the Chairman of the Health and Human Resources Committee.

The standing administrative committees shall meet from time to time but not less than once in each annual session.

The Speaker shall appoint a chairman and a vice-chairman for each standing reference, select and administrative committee and a chairman for each standing reference subcommittee of the Appropriations Committee. In the absence of the chairman, the vice-chairman shall preside at any meeting of the committee duly convened by the chairman. In case of the disability of a chairman, the vice-chairman shall, with the approval of the Speaker, assume all the responsibilities of the chairman. The chairman, vice-chairman, and all other members of each committee shall serve at the pleasure of the Speaker, but no committee member shall be removed from his committee assignment except for good cause.

The Speaker[,], and the majority and minority leaders[, and the assistant majority and minority leaders] shall be ex officio members, without vote, on all standing reference committees.

9. Rule 10:5 is amended to read as follows:

10:5. Each standing reference committee shall meet at such time and place as its chairman shall designate; provided, however, that no meeting shall be scheduled by the chairman in conflict with the schedule established by the Speaker for a day when the General Assembly is in session.

The chairman shall cause to be communicated to the Division of Legislative Information and Research such information as may be necessary for the Division to give five days notice to the public and the members of the General Assembly of the time, place, and agenda for each committee meeting. No more than [ten] *seven* bills or resolutions may be considered at a committee meeting, *other than an Appropriations Committee meeting*, on a day when the General Assembly is in session except upon special order of the Speaker. *No more than 12 bills or resolutions may be considered by the Appropriations Committee at a meeting on a day when the General Assembly is in session except upon special order of the Speaker.*

All meetings at which official committee action is to be taken shall be open to the general public. A committee may, upon the affirmative vote of a majority of its authorized membership at an open meeting, convene in closed or executive session for the purpose of discussing any matter before the committee, or for meeting with or taking testimony from any person; provided, however, that full discussion and consideration of any bills or resolutions and all motions and action thereon shall be made in public session.

10. Rule 10:7 is amended to read as follows:

10:7. A committee may report a substitute bill or resolution in place of one or more bills or resolutions referred to it, provided that the substitute bill or resolution shall encompass substantially the same subject matter as the original bills or resolutions for which it is a substitute. A substitute bill or resolution reported by a committee may be forthwith moved on second reading and the reading of the title thereof may be taken therefor.

Each prime sponsor *and co-sponsor* of any such original bill or resolution may, upon request made before such substitute is reported, be listed as a sponsor *or co-sponsor* of such substitute bill or resolution. *The chairman of the committee shall determine the order in which the names of such co-sponsors shall be listed.*

11. a. Rule 10:11 is amended to read as follows:

10:11. Any bill which would appropriate State funds or which involves an actual or potential appropriation or expenditure of \$100,000 or more of State or other public funds, shall, upon being reported by the committee and prior to being given second reading, be referred to the [Revenue, Finance and] Appropriations Committee, *or an appropriate subcommittee thereof*, for further fiscal study, evaluation and report.

New rules to be appropriately numbered are added as follows:

b. (New) Any bill which shall require the adoption of rules and regulations, may, upon being reported by a committee and prior to being given second reading, be referred by the Speaker to the Regulatory Efficiency and Oversight Committee for further study, evaluation and report.

c. (New) If a bill, joint resolution or concurrent resolution is reported by a committee and referred to another committee, the Speaker may establish a date certain for the consideration and reporting of the bill, joint resolution or concurrent resolution by the latter committee. If the bill is not reported on or before the date certain, the Speaker may order the Clerk to give the bill or resolution second reading notwithstanding the failure of the committee to report the measure.

12. Rule 10:14 is amended to read as follows:

10:14. Any motion or resolution which will result in relieving a reference committee of a bill *or resolution* referred to it shall not be entertained unless twenty-four hours' notice shall be given the General Assembly of the introduction of such motion or resolution. When such a motion or resolution is entertained, debate shall be limited to whether or not the reference committee has given the bill or resolution in question fair and reasonable consideration. The prime sponsor, in the case of an Assembly Bill or resolution, or a member acting on behalf of the prime sponsor of a Senate Bill or resolution, shall be entitled to speak first on the motion or resolution. The chairman of the reference committee or another com-

mittee member designated by the chairman or the committee if the chairman is absent, shall be entitled to speak next in response. A motion to lay on the table shall not be in order until such parties have been afforded the opportunity to so comment or respond, as the case may be. Such motion or resolution shall not prevail unless it shall receive an affirmative vote of the majority of all the members of the General Assembly. No such motion or resolution which will result in relieving a reference committee of a bill or resolution referred to it may be offered on more than two occasions for any such bill or resolution during any annual session.

13. Rule 10:16 is amended to read as follows:

[10:16. Legislative Oversight Committee

a. At the direction or with the approval of the Speaker, or the House, the Legislative Oversight Committee is authorized to examine State government programs and their administration to ascertain whether such programs are effective, continue to serve their intended purposes, are conducted in an efficient and effective manner, or require modification or elimination. The committee is further authorized to review administrative rules and regulations to ascertain whether the executive department, agency or authority promulgating the rules or regulations is faithfully executing the intent of the Legislature in its grant of statutory authority to issue such rules or regulations. To these ends, the committee may conduct such investigations or studies, meet with such public officials or private citizens, inspect such books, papers, documents, records or other data, visit such facilities, hold such hearings, issue such reports, or make such recommendations on legislative or administrative actions, as the committee may deem appropriate or as the Speaker or the General Assembly may direct.

b. The committee shall perform such other duties as may be necessary in the exercise of its responsibilities as the Speaker or the General Assembly may direct.

c. The rules applicable to Standing Reference Committees with respect to notices, and actions taken shall be applicable to the Legislative Oversight Committee.]

14. Rule 13:4 is amended to read as follows:

13:4. When a question is under debate no motion shall be received but—

a. To adjourn.

b. A call of the General Assembly.

c. To lay on the table.

d. For the previous question.

e. To postpone indefinitely.

f. To postpone to a day certain.

g. To go into a Committee of the Whole on the pending subject immediately.

- h. To commit to a Committee of the Whole.
- i. To commit to a Standing Committee.
- j. *To return a bill, joint resolution, concurrent resolution or resolution to second reading for purposes of amendment.*

[j.] k. To amend;

which several motions shall have precedence in the order in which they are listed above, and no motion to postpone to a day certain, to commit, or to postpone indefinitely, being decided, shall be again allowed on the same day, and at the same stage of the bill or proposition. At the request of any member, the vote on any such motion shall be by roll call.

15. Rule 15:2 is added as follows:

15:2. (New) Upon the approval of the first member whose signature is endorsed on a bill, joint resolution, concurrent resolution or resolution, the second signatory thereof shall be considered a second prime sponsor of the measure. Such approval shall be transmitted to the Clerk, in writing, prior to first reading of the bill or resolution. The first and second prime sponsor of a bill or resolution may exercise all rights of a prime sponsor under these rules.

16. Rule 15:11A is amended to read as follows:

15:11A. *Except upon special order of the Speaker, no floor amendment of a bill or resolution on second reading and no motion to return to second reading for the purpose of amendment shall be in order unless the sponsor of the amendment, at least one hour prior to the calling of the bill or resolution at which time the amendment or motion would be considered, shall deliver a copy of the proposed amendment to the Clerk and the Majority and Minority Leaders.*

No motion to adopt an amendment to a bill or resolution shall be considered unless a copy of the amendment is placed on each member's desk prior to its consideration.

17. Rule 15:20 is amended to read as follows:

15:20. When a bill, *joint resolution or concurrent resolution* originating in the Senate shall have been delivered to this House, with a message that the Senate has passed the same and requesting the concurrence of this House therein, and a bill, *joint resolution or concurrent resolution* identical therewith, originating in this House, is then pending in this House, the Senate bill or resolution may be substituted for such Assembly bill or resolution, on motion of a sponsor of such Assembly bill or resolution, upon or after the second reading of the Assembly bill or resolution and the Senate bill or resolution may then be advanced to, and have, third reading and be passed in substitution for the Assembly bill or resolution and take the usual course of passed bills or resolutions and the sponsors of the Assembly bill or resolution may, upon the motion of one of them, be added as cosponsors of the Senate bill or

resolution, with the Senator or Senators who were sponsors of the Senate bill or *resolution* in the Senate and the names of such co-sponsors shall be endorsed upon the jacket containing the Senate bill or *resolution*. The provisions of this Rule are expressly subject to the provisions of Rule 15:12. No Senate bill or *resolution* may be substituted for an Assembly bill or *resolution* unless the Senate bill or *resolution* shall have received second reading in the General Assembly.

Two bills or *resolutions* shall be deemed identical notwithstanding that they may have technical differences with respect to legal reference, text, punctuation, spelling, grammar or form, which differences may be corrected by the Legislative Counsel pursuant to Rule 15:31.

18. Rule 15A:2 is added as follows:

15A:2 (New) If a bill, joint resolution, concurrent resolution or resolution has two prime sponsors in accordance with these rules, the names of the two prime sponsors shall be indicated on the printed bill or resolution in a manner distinct from the co-sponsors of the measure.

19. Rule 16A:1 is amended to read as follows:

16A:1. The chairman of a committee may, upon the consent of a majority of its authorized membership, schedule a public hearing upon any bill or resolution referred to the committee, or upon any matter under investigation or study by the committee.

The time, place and subject matter of any public hearing shall be communicated by the chairman to the Division of Legislative Information and Research for public notice thereof at least ten days in advance of such hearing.

Every public hearing shall be conducted in the State House, Trenton, unless the Speaker shall approve another location.

A hearing duly authorized by the committee may be conducted by any number of the members thereof.

The chairman of a committee which schedules a public hearing may invite the members of the Senate standing reference committee or committees having the same or similar jurisdiction to sit with the General Assembly committee and participate in such public hearing. In the case of a public hearing conducted pursuant to a resolution directing the committee to undertake an investigation or study, the chairman may also invite the prime sponsor of such resolution to sit with the committee and participate in such public hearing. Neither the Senate committee nor the prime sponsor shall be entitled to participate in any deliberations of the committee upon the subject matter of the public hearing.

Each witness who is to appear at a public hearing shall file with the committee at least three days in advance of the hearing a written statement of his proposed testimony. Oral presentation at such hearing shall be limited to a brief summary of the statement and responses to questions by the committee or its staff. The

chairman may, upon request, waive the requirement for advance filing of proposed testimony.

Each committee may have the proceeding of a public hearing recorded and may have the transcript of such hearings printed, bound and distributed, *except that a public hearing on a bill or resolution shall be recorded and the transcript printed, bound and distributed.*

No bill or resolution on which a public hearing has been held before the General Assembly or a committee shall be considered on third reading or for final action, as the case may be, until [a record] *two calendar days after the Office of Legislative Services notifies the members of the General Assembly that a printed transcript of the public hearing is available to the membership of the General Assembly.*

No public hearing shall be scheduled by any committee after September 1 of the second year of any biennial legislative session without the leave of the Speaker.

No bill authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State shall be calendared for third reading until a public hearing upon the bill shall have been held before the General Assembly or a committee thereof.

The provisions of Rules 17:1 et seq. shall be applicable to public hearings on proposals to amend the Constitution.

20. Rule 20:6 is amended to read as follows:

20:6. In the reenactment of a bill pursuant to Article V, Section I, paragraph 14 (f), of the Constitution, at the regular session of the Legislature [or at any special session thereof], all Assembly rules relating to Assembly and Senate bills, respectively, from proposal for introduction to delivery to the Senate or presentation to the Governor, as the case may be, shall apply as far as practicable; except that

a. No Assembly or Senate bill shall be given a first reading except on motion therefor;

b. An Assembly bill to which a motion for first reading has been addressed shall be taken to be in the form enacted by the Legislature and returned by the Governor; and shall not be reprinted unless and until an amendment or amendments shall have been made to the bill;

c. After the first reading, no Assembly or Senate bill shall be referred to committee except on motion; and in the event of referral or commitment or recommitment of a bill to committee at any time by special order, it shall not be reported by committee substitute;

d. An Assembly or Senate bill which has not been referred or committed to a committee after first reading, shall have a second reading without special order; and such bill may, by special order, be given second reading on the same day as it was given first reading.

21. Rule 22:7 is added as follows:

22:7 (New) Wherever in these Rules any word importing the masculine or feminine gender is used, the same shall be understood to include and apply to both sexes.

22. The Rules of the General Assembly shall be renumbered in ascending numerical order in whole number integers. Legislative Counsel is authorized to carry out this direction on the temporary Rules of the 1986 General Assembly as adopted during the organization on January 14, 1986 and subject to and including the changes herein adopted, which taken together comprise the permanent Rules. The Joint Rules are not subject to this provision.

23. The Legislative Counsel is authorized to correct in the text of the Rules of the General Assembly any error or omission in legal reference, text, punctuation, spelling, grammar and form, the correction of which will not affect the substance of the text. The Legislative Counsel is directed to correct references to the organization of the Office of Legislative Services as they may appear in these Rules, which corrections are consonant with the reorganization of the Office of Legislative Services and the law.

24. The Office of Legislative Services shall provide for the publication and distribution of the Rules of the General Assembly in such form and manner as the Speaker shall direct.

25. This resolution shall take effect March 10, 1986 except that sections 22, 23 and 24 shall become operative on March 15, 1986.

STATEMENT

This resolution would establish permanent Rules for the General Assembly. The changes offered in these amendments by the Rules and Order Committee in the order in which they appear in the resolution are set forth below:

1. This amendment clarifies the power of the Speaker to appoint a member to serve on a subcommittee of the Appropriations Committee during the period of a member's inability to serve on the subcommittee.

2. This amendment requires the Speaker to publish a schedule of meetings for the year on the day of the annual organization. This provides for better planning on the part of members and the general public.

3. This amendment requires the Clerk to maintain a copy of amendments on which a vote is taken on the floor of the House.

4. This amendment requires the Clerk to distribute copy of the Minutes of each session to the executive directors of the majority and minority staff as expeditiously as practicable after the session.

5. These amendments recognize the restricted space in which the General Assembly will meet during renovation and provide for greater control over the number of persons allowed on the floor during debate.

6. These amendments limit to three the number of times a member may speak on a debatable motion and make the practice concerning motions identical to that concerning bills and resolutions.

7. This amendment allows the presentation of ceremonial matters during a session, in the discretion of the Speaker.

8. These amendments increase the Tourism Select Committee membership to seven which is the same as the other Standing Select Committees and remove the assistant majority and minority leaders as ex-officio, non-voting members of standing reference committees.

9. These amendments reduce from 10 to seven the number of bills or resolutions which may be considered at a meeting of a standing reference committee on a session day except in the case of the Appropriations Committee which may consider up to 12 bills or resolutions.

10. This amendment allows cosponsors of bills or resolutions to stay on as cosponsors of an Assembly Committee Substitute for those bills or resolutions. It also clarifies the authority of the chairman of a committee to determine the order in which names of cosponsors would appear on a committee substitute.

11. a. The amendments to Rule 10:11 are technical changes to make the language of the second reference rule on "money" bills reflect the name of the Appropriations Committee and its subcommittees.

b. The first new rule permits second reference of bills to the Regulatory Efficiency and Oversight Committee if the bill requires rule making.

c. The second new rule allows the Speaker to establish a time limit for committee consideration of bills or resolutions which have been given another reference after their report by a committee.

12. This amendment is made for internal consistency of language in the rule.

13. This amendment removes an unnecessary rule under the new committee structure.

14. This amendment recognizes the precedence of a motion to return to second reading for the purposes of amendment of a bill or resolution.

15. This new rule permits a second prime sponsor of bill or resolution with prior approval of the first prime sponsor.

16. This new paragraph requires timely delivery of floor amendments and is similar to Senate Rule 123b.

17. These amendments expand the identical bill rule to include joint resolutions and concurrent resolutions.

18. This new rule provides for printing the names of two prime sponsors in a distinct manner from cosponsors.

19. These amendments require that the record of public hearings on bills or resolutions be transcribed and printed. They also provide that such bills or resolutions shall not be considered on third reading or for final action until two calendar days after printed transcripts are available.

20. This amendment removes language which is inconsistent with the provision of the constitution that provides for expedited consideration and reenactment of bills returned by the Governor with recommended amendments at a special session.

21. This new rule provides a sex neutral construction to gender references in the Rules.

22. This section of the resolution adopting permanent Rules with changes directs the renumbering of the Rules in ascending numerical order to bring the Rules more in conformity with the practice used in the Senate and to avoid the use of clumsy, confusing citations.

23. This section directs technical corrections to be made in the text of the Rules by Legislative Counsel which corrections do not affect the substance of the text.

24. This section provides for the publication and distribution of the Rules.

Flemington, N. J. 08822
(201) 788-6900

May 12, 1986

Barbara Marrow
Clerk of the General Assembly
State House Annex
Trenton, New Jersey 08625

Dear Mrs. Marrow:

Please be advised that, as an employee and stockholder of Johnson & Johnson, I shall abstain from voting on Assembly Bills No. 1155 and 1156 which deal with tampering with cosmetic, drug and food products.

Subsidiaries of Johnson & Johnson are engaged in the manufacture of many items covered by these bills. In particular, McNeil Consumer Products Company is the manufacturer of TYLENOL products which have been subject to criminal tampering. Although I believe I would be permitted to vote on this legislation under the Legislative Code of Ethics, I nevertheless will refrain from doing so in order not to give rise to an appearance of conflict of interest.

Kindly include the text of this letter in the Minutes of the General Assembly.

Very truly yours,
/s/ Richard A. Zimmer
Assemblyman

The Clerk read the following resolution:

A Concurrent Resolution proposing amendments to the Joint Rules of the Senate and General Assembly to regulate smoking during sessions and meetings of the Legislature and in offices and areas occupied by employees of the Legislature.

Be It Resolved by the General Assembly of the State of New Jersey (the Senate concurring):

The Joint Rules of the Senate and General Assembly are amended by the addition of the following rule to be appropriately numbered:

1. a. As used in this joint rule, "smoking" means the burning of a lighted cigar, cigarette, pipe or any other matter or substance which contains tobacco.

b. Smoking is prohibited in the chambers and committee rooms of the Senate and General Assembly and any other room over which either House has jurisdiction, when a session of either or both Houses or committee or commission thereof, or any other public meeting is in progress.

c. The executive directors of the Senate and General Assembly majority and minority staffs and the executive director of the Office of Legislative Services each shall prescribe rules governing smoking in offices and areas occupied by them or under their jurisdiction.

STATEMENT

This concurrent resolution proposes a Joint Rule of the Senate and General Assembly concerning the regulation of smoking during sessions and meetings of the Legislature and in offices and areas occupied by employees of the Legislature. The rule is adopted in compliance with the requirements of P. L. 1985, c. 381 (C. 26:3D-46 et seq.) which regulates smoking in government buildings and becomes effective on September 1, 1986.

ASSEMBLY BILL NO. 1057

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1057 without my signature.

This bill would require the Department of Community Affairs to undertake a study of residential rent levels in New Jersey in an effort to ensure that the State receives the maximum share of federal housing assistance program dollars to which it is entitled and would appropriate \$50,000 from the General Fund to effectuate the study.

I commend the sponsor for his sincere interest in the housing needs of New Jersey's low income households. This Administration has acknowledged the critical need for New Jersey to receive its full complement of federal housing assistance and the important function that the compilation and maintenance of up-to-date information concerning current residential rent levels in the State serves in ensuring that this State receives its rightful share of those federal housing assistance funds. However, I must point out that the study commissioned and funded pursuant to this bill's terms is already being conducted by the State Department of Community Affairs.

Specifically, the Department of Community Affairs' Division of Housing conducts a review of residential rent levels in 19 of New Jersey's 21 counties annually. That study, administered by existing departmental staff, encompasses all of the New Jersey counties that are eligible for federal housing assistance program monies.

Further, once the up-to-date information concerning rent levels has been compiled, it is shared with the appropriate federal Department of Housing and Urban Development personnel in an effort to ensure that New Jersey receives federal housing assistance to the maximum extent possible.

It is clear that the study commissioned by this bill and the subsequent use thereof is duplicative of ongoing efforts by the Department of Community Affairs and is thus unnecessary. The Department of Community Affairs is conducting its residential rent level review out of its current budget rendering the appropriation in this bill equally unnecessary.

Accordingly, I herewith return Assembly Bill No. 1057 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 2271

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I herewith return Assembly Bill No. 2271 without my signature.

This bill would allow James J. Wilkins to obtain permanent civil service status without taking a competitive civil service examination by making permanent his appointment to the Police Department of the Borough of Stratford. It has long been the policy of this State to require public officials who seek civil service status to sit for a competitive examination. As Governor, I intend to continue and support that policy. I cannot, in all good conscience, enact legislation that would allow an individual to avoid legitimate civil service requirements.

While I am sure that Mr. Wilkins with his experience and educational background would make an excellent police officer, granting him permanent civil service status without taking a competitive examination would be unfair to the many other qualified individuals who may be interested in and eligible for the position. Under the circumstances presented by this proposed legislation, I cannot sanction the supplanting of our civil service laws which are designed to ensure that appointments and promotions in civil service jurisdictions are made according to merit and fitness, ascertained where practicable by competitive examinations. While the Attorney General has ruled that the 35 year old age limit for the hiring of policemen violates the Age Discrimination in Employ-

ment Act, that ruling does not relieve candidates for these positions who are over the invaild age limit from having to sit for a competitive examination.

Accordingly, I herewith return Assembly Bill No. 2271 without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor,

ASSEMBLY BILL NO. 1807 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1807 (OCR) with my objections and recommendations for amendment.

This bill would permit a local unit of government that has created a municipal utilities authority to commence in its own name the acquisition, construction, maintenance and operation of a new sewerage system before conclusion of proceedings to dissolve the existing municipal utilities authority.

I have been advised that the intention of those favoring this legislation is to permit a municipality that is a constituent member of a regional municipal utility authority to set up a new sewerage system while dissolution of the original municipal utilities authority is pending. As it has reached my desk, however, this bill does not accomplish the purpose it was set out to do. This is because the regional municipal utilities authorities the sponsor intended to affect was established by a board of chosen freeholders, and it is therefore the freeholder board, and not a municipal governing body, that would be authorized under this bill to set up a new sewerage system.

The modification I am suggesting to this bill would permit its intended municipal beneficiary to set up a new sewerage system pending the dissolution of the municipal utilities authority. My recommendations limit the terms of this bill to the situation the sponsor intended the bill to address.

I wish to stress that this legislation does not excuse any municipal utilities authority in this State from payment of any outstanding debts or obligations.

Therefore, I herewith return Assembly Bill No. 1807 (OCR) and recommend that it be amended as follows:

Page 1, Section 1, Line 3: Delete "local unit", insert "municipality located in a county of the third class having a county population of at least 80,000 persons but not more than 85,000 persons according to the most recent federal decennial census,"; After "which", insert "municipality"; After "created", insert "participated in the creation of or joined".

Page 1, Section 1, Line 4: After "authority", insert "or has entered into a contract with a municipal utilities authority for the treatment and disposal of sewage within the whole or portions of the municipality pursuant to section 49 of P. L. 1957, c. 183 (C. 40:14B-49),"; Delete "conclusion", insert "dissolution".

Page 1, Section 1 Lines 4-5: Delete "proceedings to dissolve".

Page 1, Section 1 Line 9: Delete "or resolution"; After "name", insert "or by creating another municipal utilities authority pursuant to law".

Page 1, Section 1, Line 13: Delete "sewerage", insert "sewage".

Page 1, Section 1, Line 14: Delete "local unit", insert "municipality".

Page 1, Section 1, Line 15: After "governing body", insert "of the municipality"; Delete "during the proceedings".

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL NO. 1453 (3RD OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 1453 (3rd OCR) with my objections for reconsideration.

Assembly Bill No. 1453 (3rd OCR) establishes the Governor's Advisory Commission on Gambling to study the social impact of gambling upon the residents of New Jersey, the role of legalized gambling as a revenue-raising operation and the best way to conduct legalized gambling. While I fully support the creation of a study commission to analyze the impact of the variety of gambling opportunities on the people of this State, I am compelled to return this bill to the Legislature to make several changes pertaining to the membership of the commission.

I believe that the membership of this commission should include the Attorney General or his designee. The Attorney General, as head of the Department of Law and Public Safety, plays an important part in the supervision of gambling and his expertise would be a valuable asset to the commission. The Attorney General, through the Divisions of Gaming, Racing and State Police, regulates and enforces the casino and racing industry.

The Senate Committee which considered this bill added the Chairman of the Senate Institutions, Health and Welfare Committee as the vice chairman of the commission. The Assembly counterpart, the Chairman of the Independent and Regional Authorities Committee, was not made a member of the commission.

This commission shall report twelve months after the enactment of this Act to the Legislature and the Governor. This report shall include any legislation which the commission may desire to recommend for adoption by the Legislature. In the course of reviewing any recommended legislation, the Chairman of the Senate Institutions, Health and Welfare Committee will of course have significant input. I therefore question the necessity of having the Senate Committee Chairman as a member of this commission. I am recommending the deletion of the Senate Committee Chairman from the legislation.

The bill currently provides that the commission shall select a chairman from among the nine public members. Given the diverse membership of the commission, composed of members of the public and private sector, and the limited time frame for the preparation of a report of the commission's findings and recommendations, I believe the commission would be more efficiently run if the chairman were appointed by the Governor and the vice chairman selected from the public members of the commission.

Therefore, I herewith return Assembly Bill No. 1453 (3rd OCR) and recommend that it be amended as follows:

Page 2, Section 2, Lines 21A to 21B: Omit "Chairman of the Senate Institutions, Health and Welfare Committee" and insert "Attorney General or his designee"

Page 2, Section 3, Line 2: After "select a" insert "vice"

Page 2, Section 3, Lines 6 to 7: Omit "Chairman of the Senate Institutions, Health and Welfare Committee shall serve as the vice" on lines 6 and 7 and insert "Governor shall appoint the"; after "commission" on line 7 insert "from among the members of the commission prior to the selection by the members of a vice chairman"

Page 2, Section 5, Line 5: After "professional" insert ","

Respectfully,

The Clerk read a Message from the Senate that the Senate had passed the following bill in which the concurrence of the General Assembly is requested, which bill was read for the first time:

Senate No. 2012 SeaSea, without reference.

On motion of Mr. Haytaian and adopted, Senate No. 2012 SeaSea was given second reading by special order.

On motion of Mr. Bennett, pursuant to Rule 124, Senate No. 2012 was substituted for Assembly 2701 with which it is identical, and Mr. Bennett was added as cosponsor of Senate No. 2012. Which motion was adopted.

Mr. Bennett issued the following statement:

The bills before us today, my bill Assembly Bill No. 2701 and Senate Bill No. 2012 sponsored by Senator Dan Dalton, allow for the people of this State to vote in referendum this November on the issuance of \$200 million in environmental cleanup bonds.

The bills do much more than that, however. The bills make a clear statement that this \$200 million bond act alone is not enough. The bills have language linking them inextricably to passage of a comprehensive environmental cleanup funding program. The bond act is tied to Assembly Bill No. 2698, which increases the Spill Compensation Fund, and Assembly Bill No. 2699/2700 which calls for the set-aside of \$60 million each year from our so-called corporate tax windfall from Washington for toxic waste cleanup. These bills would raise \$390 million annually and represent a program of which I am proud.

It is not my intention to restrict the revenue raising measures upon which the issuance of these bonds is conditioned to a specific version of Assembly No. 2698 and Assembly No. 2699/2700; rather it is my intention to condition the issuance of the bonds upon the enactment into law of legislation of a substantially similar revenue effect.

Senate No. 2012 was given third reading.

ASSEMBLY BILL No. 29 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 29 (OCR) with my objections, for reconsideration.

The purpose of this bill is to create a grant fund to be used to award competitive grants for the development and dissemination of a Kindergarten through 12th grade curriculum on the role of Black Americans and the Black family in American and New Jersey history. The bill appropriates \$90,000 to a fund in the Department of Education for this purpose.

Current law recognizes that it is important for New Jersey students to study the history of Black Americans in the United States. The Office of Equal Educational Opportunity within the State Department of Education is available to assist school districts in meeting this curriculum requirement. In addition, P. L. 1982, c. 339 was enacted to establish an Afro-American History Program within the New Jersey Historical Commission. At the time of that bill's enactment, it was recognized that there was no systematic effort in New Jersey to stimulate the development of Afro-American history in the schools and among the various institutions concerned with the writing of history, the collection or preservation of historical materials or documents, the publication of scholarly works on New Jersey history and the history of Afro-Americans in New Jersey.

P. L. 1983, c. 339, established an Afro-American History Program within the New Jersey Historical Commission to act as a catalyst among universities, historical societies, schools and other institutions in a systematic, Statewide effort to develop Afro-American history. The materials to be developed by this Program were to specifically include, among other things, support for the publication of books and curriculum materials concerning history of Afro-Americans for use in teaching Afro-American history in the public schools of the State. However, because of other demands upon the Afro-American History Program, the Program has had to prioritize the charges assigned to it by P. L. 1983, c. 339. Thus, while the Afro-American History Program is specifically charged with the authority to develop curriculum materials on Black Americans for the same purpose as identified in this bill, the Program has been unable to adequately address this area of responsibility.

Accordingly, because I believe the development of course materials for use in the study of the history of Afro-Americans is an important goal and one which should not be delayed further, I believe the Afro-American History Program should receive the \$90,000 appropriated by Assembly Bill No. 29 (OCR) targeted specifically for the purpose of developing the curriculum materials called for in this bill. Upon its receipt of the \$90,000 for the development of curriculum materials on the history of Black Americans, the Afro-American History Program will be able to prioritize this task to insure its swift completion. It is my firm belief that there is no more appropriate entity to assign the responsibility for development of these materials than the currently existing Afro-American History Program within the New Jersey Historical Commission.

Therefore, I herewith return Assembly Bill No. 29 (OCR) and recommend that it be amended as follows:

ASSEMBLY BILL No. 429 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 429 (OCR) with my objections for reconsideration.

This bill codifies the circumstances under which the proceeds of a judgment, held in trust by a county surrogate for the benefit of a minor, will be distributed. There is currently no statutory law which specifically deals with the time for distribution of these judgment proceeds. Under current practice, these judgment proceeds are awarded to competent individuals at the age of 18, consistent with New Jersey law which recognizes 18 as the age of maturity.

This bill would authorize a court to withhold judgment proceeds from an individual, who has attained the age of 18, on the basis of some reason other than competency. The bill specifies that based on relevant circumstances, which are not defined in the bill, the funds may be ordered by the court to be distributed at an age later than 18. I believe this bill is inconsistent with the sound public policy of this State to recognize an individual's age of maturity as 18.

This bill would require courts to rule on the nebulous issue of an individual's maturity to manage money at age 18. New Jersey law already recognizes an individual at the age of 18 to be an adult capable of contracting and otherwise conducting his or her own affairs. Besides undercutting that public policy, this bill would burden the courts by requiring an assessment of an individual's maturity to receive proceeds of a judgment awarded during the period of his or her minority. The bill would require more court hearings than occur at present in these matters because hearings are now required only when there is an allegation of incompetency.

Current law, C. 3B:12-9, already requires the balance of a minor's estate to be paid when the individual reaches the age of 18 without any assessment of an individual's maturity to manage such funds. I see no reason to differentiate judgment proceeds from proceeds payable to a minor from his or her estate. Accordingly, I recommend amendment of this bill so as to specify, consistent with current practice, that judgment proceeds shall be payable to an individual at the age of 18 except when the court finds such person to be incompetent.

I herewith return Assembly Bill No. 429 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 7: After "sooner" insert "the court finds the person incompetent"

Page 1, Section 1, Lines 7-9: Delete "otherwise ordered by the court, based on relevant circumstances, that the funds are to be distributed at a later age"

Respectfully,

[SEAL]

ASSEMBLY BILL NO. 1266 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 4 of the Constitution, I herewith return Assembly Bill No. 1266 (2nd OCR) without my approval.

This legislation would provide State categorical aid to local school districts as reimbursement for 75% of the approved residential care cost of placing special education pupils in residential programs as a result of either a child study team recommendation or court order.

I fully recognize the considerable cost to local school districts when special education pupils require residential care programs due to their special needs. To alleviate this burden, local school districts do receive equalization aid for these residential care costs. This bill would also provide categorical aid to further assist local school districts with the cost of residential care programs. However, I am hesitant to establish a new categorical aid program when it is possible that the existing formula aid programs may not be fully funded for the coming fiscal year.

We were unable to fully fund State education formula aid in Fiscal Year 1987. We presently estimate that the amount of moneys necessary to fund education aid for Fiscal Year 1988 will increase by over \$300 million. In the face of such large increases in our current formula aid, I believe it would be imprudent to enact this bill and create an expectancy for these additional moneys when it is not clear that there are sufficient resources to fund it without raising taxes or cutting other essential State programs.

I am also reluctant to authorize an additional categorical aid program at a time when the State and Local Expenditure and Revenue

and Policy Commission is studying all formula driven State spending programs and is preparing to make its recommendations. I believe it is appropriate that these issues be delayed until the Commission has had an opportunity to complete its undertaking and deliver its final report. Accordingly, I herewith return Assembly Bill No. 1266 (2nd OCR) without my approval.

Respectfully,

[SEAL]

ASSEMBLY BILL No. 1763

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1763 without my signature.

Assembly Bill No. 1763 would expand the group of previous owners of State land and improvements who will be given the right of first refusal before the State proceeds to resell the land and improvements at public auction. Under current law, former owners who sold land and improvements to the State within 10 years of the State's current decision to resell the land and improvements are given the right of first refusal. Assembly Bill No. 1763 would expand the group of former owners of State land and improvements who will be given the right of first refusal by increasing the State's notification period from 10 years to 20 years of its current decision to resell the land and improvements.

The source of current law in this area is Assembly Bill No. 1415 of the 1984-1985 Legislative Session. On April 15, 1985, I conditionally vetoed the bill for several reasons. The General Assembly and the Senate reenacted Assembly Bill No. 1415 in accordance with my recommendations. On June 26, 1985, I signed Assembly Bill No. 1415 (3rd OCR) into law [P. L. 1985, c. 201 (C. 52:31-1.4)].

One of my reasons for conditionally vetoing Assembly Bill No. 1415 was to reduce the size of the group of former owners who would have been able to exercise a right of first refusal. As passed by the Legislature, Assembly Bill No. 1415 allowed a former owner to exercise a right of first refusal if the former owner sold land and improvements to the State within 20 years of the State's current decision to resell the property. I recommended that the time period be reduced to 10 years of the State's current decision to

resell the property because of the administrative burden that a 20 year notification period would have placed on the executive departments of State Government.

Assembly Bill No. 1763 would change the notification period back to 20 years. I have not changed my position on this issue. I still believe that a 20 year notification period places an unreasonable burden on the executive departments of State Government, and that a 10 year notification period is reasonable.

Accordingly, I herewith return Assembly Bill No. 1763 without my signature.

Respectfully,

ASSEMBLY COMMITTEE SUBSTITUTE FOR
ASSEMBLY BILL NOS. 2640 AND 2442.

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Committee Substitute for Assembly Bill Nos. 2640 and 2442 without my approval.

The bill provides that a prosecutor shall not be required to state in a criminal complaint, alleging violations of N. J. S. 2C:14-2 or N. J. S. 2C:14-3, the specific date on which an alleged sexual assault occurred, if the victim is under thirteen years, physically helpless, mentally defective or mentally incapacitated.

This bill addresses the Legislature's concern with a recent judicial decision perceived to create an obstacle to the prosecution of those who sexually assault children and others who are physically helpless or mentally defective or incapacitated. While I commend the bill sponsors for their sincere concern for the protection of the most vulnerable victims of sexual abuse, I believe the Supreme Court has rectified what has been perceived as an obstacle to prosecution in child molestation cases.

In the Supreme Court's recent opinion in *State of New Jersey in the Interest of K. A. W.*, the Court provided workable guidelines to be used by the trial courts in determining when the notice contained in a criminal complaint sufficiently apprises the accused of the offense with which he is charged. I believe it is now clear that current criminal statutes dealing with sexual assault and criminal sexual contact do not require the prosecutor to specify in a criminal

complaint the exact date of an alleged offense. Thus, the enactment of this bill could create the unintended inference that, in those circumstances other than described in this bill, a prosecutor is now required to state the exact date of the alleged unlawful conduct in the criminal complaint. As I believe the Supreme Court has clarified this issue, there is no need to risk creating an unintended inference to the contrary.

Accordingly, I herewith return Assembly Committee Substitute for Assembly Bill Nos. 2640 and 2442 without my signature.

Respectfully,

ASSEMBLY BILL No. 649 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 649 (2nd OCR) with my objections, for reconsideration.

This bill requires that the mandated study of United States history by high school pupils include the study of the history of the

State of New Jersey. This is a laudable goal. I believe that the study of the history of New Jersey should be an integral part of the educational process in our public schools because New Jersey's future citizens cannot adequately determine the future course of the State without a firm knowledge of its past. I believe New Jersey's citizens should be as well informed about the history of their State as are students in other states. During the legislative process concerning this bill, it became apparent that other states have taken pains to insure that their students are well versed in their state's history. This bill will help to improve the understanding that New Jersey students have of the history of the State of New Jersey.

While I strongly support the need for New Jersey students to study New Jersey history, I am also sensitive to the need to avoid curriculum mandates. I firmly believe that local communities should have maximum flexibility in setting their own curriculum policies within the parameters of general requirements. For this reason, I believe it intrusive upon local school district curriculum prerogative to specify that the study of the history of New Jersey must include the study of the government of the State and its political subdivisions. This language was deleted during the legislative process and then restored prior to its passage. I believe that the bill was improved when this language was deleted. Local school districts should determine their students' courses of study regarding the history of the State of New Jersey.

Therefore, I herewith return Assembly Bill No. 649 (2nd OCR) and recommend that it be amended as follows:

Page 2, Section 2, Line 17: After "history" delete "and government"

Page 2, Section 2, Line 18: After "New Jersey" delete "and its political subdivisions"

ASSEMBLY BILL No. 2070

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 2070 with my objections for reconsideration.

The bill makes a variety of amendments to the Cigarette Tax Act, including changes in license requirements, increased fines and license suspension periods, and an increase in the discount given to cigarette distributors. I agree with the purpose of this bill.

The amendments I am recommending will change the effective date of the bill in order to provide the Division of Taxation with a sufficient period of time in which to implement the changes that this bill makes to the current discount rate.

Therefore, I herewith return Assembly Bill No. 2070 and recommend that it be amended as follows:

ASSEMBLY BILL NO. 2265 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 2265 (OCR) with my objections, for reconsideration.

This bill appropriates \$1.6 million from the General Fund for the Developmental Center at Ancora, which is administered by the Department of Human Services, Division of Developmental Disabilities, to continue the Center's operation at the current level of clients and staffing. In addition, this bill requires the Department to transfer from its Fiscal Year 1987 budget up to \$1.2 million from the salary and wages account of the Division of Mental Health and Hospitals and up to \$1.2 million from the salary and wages account of the Division of Developmental Disabilities to expand the operation of the Center.

This facility is currently providing care and services to two client population groups that have, in the past, been underserved in the existing institutional settings. Specifically, the Developmental Center at Ancora serves both dually diagnosed clients and discharged pending placement clients. As defined in this legislation, dually diagnosed individuals are those developmentally disabled clients who also exhibit psychiatric and behavioral problems and do not fall strictly within the purview of either the Department of

Human Services, Division of Mental Health and Hospitals, or the Division of Developmental Disabilities. For these clients, a more intensive, specialized, behaviorally oriented program is required.

The second group of individuals served at Ancora are clients known as discharged pending placement. These include developmentally disabled persons who have been administratively or judicially discharged from a State psychiatric hospital and who are awaiting community placement. This program focuses on vocational rehabilitation and self-help skills that will enable them to better function in the community upon their discharge.

The Developmental Center at Ancora has been serving these two essentially distinct client populations since 1984. I note that for the past three years, the costs of this program have been assumed by the Department of Human Services through a transfer of funds within the Department. The program at Ancora currently serves 33 clients with 68 staff positions.

In addition to the \$1.6 million appropriation from the General Fund to continue the Center's operation at the same level of clients and staffing, this legislation requires the Department of Human Services to transfer from its Fiscal Year 1987 appropriation up to \$1.2 million from the salary and wages account of the Division of Mental Health and Hospitals and up to \$1.2 million from the salary and wages account of the Division of Developmental Disabilities to expand the current operation of the Center to a maximum of 104 clients and 128 staff positions. This would raise the annual operational budget of the Center from \$1.6 million to at least \$3.2 million.

I appreciate and support the need to serve, to the greatest extent possible, the special needs of the dually diagnosed and discharged pending placement clients. Furthermore, I understand that the Developmental Center at Ancora represents an important step in responding adequately and effectively to the needs of this unique population. I am happy, therefore, to support the funding necessary to retain the program at its current client and staffing levels.

I cannot, however, support language in this legislation that will expand the program to 104 clients and 128 staff, thereby raising the annual cost of this program from \$1.6 million to \$3.2 million or more. I do not believe that bills of this nature that expand existing programs should be handled as a supplemental appropriation. To the extent that this legislation represents an expansion of an already existing program, I favor consideration of this proposal as part of the annual budget process where this program's funding needs can be viewed in conjunction with the funding needs of the broad spectrum of worthwhile social services programs provided by the Department of Human Services.

Furthermore, this legislation requires the expansion of the operation at Ancora through the transfer of funds from the Division of Mental Health and Hospitals and the Division of Developmental

Disabilities as long as these transfers do not increase any already existing deficits in these Divisions. I note that these two Divisions are currently operating at a deficit and I am, therefore, troubled by the use of these transfers as a funding mechanism. At this time, therefore, I herewith return Assembly Bill No. 2265 (OCR) for reconsideration and recommend that it be amended as follows:

Mr. Haytaian offered the following resolution, which was read by the Clerk and adopted:

Resolved, That pursuant to Rule 158 the following Assembly bills, conditionally vetoed by the Governor, be and are hereby given first reading for the purpose of reenactment:

Assembly Nos. 649, 2070 and 2265.

Further Resolved, That they be amended in accordance with the Governor's recommendations and advanced to second reading by special order.

Which was read by the Clerk and adopted.

The following bills, as amended pursuant to the Governor's recommendations, were given second reading by special order:

Assembly Nos. 649, 2070 and 2265.

The Clerk read the following message from Governor:

STATE OF NEW JERSEY,

ASSEMBLY BILL No. 552 (3rd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 552 (3rd OCR) without my approval.

The bill authorizes the Department of Insurance to regulate public insurance adjusters and establishes standards for licensing, supervision and penalties.

This bill addresses the Legislature's concern with a number of alleged abuses of the public adjuster system. While I commend the bill sponsors for their desire to protect citizens who are victimized by unscrupulous individuals shortly after suffering a catastrophic loss, I do not believe that the burdens of enacting a new licensing program have been fully evaluated. To this end, I recommend that the licensing of public insurance adjusters be deferred until the establishment of the Professional and Occupational Licensing Review Commission pursuant to Senate Bill No. 345, sponsored by Senator Ewing, and Assembly Bill No. 998, sponsored by Assemblyman Doria, both of which are currently pending in the Senate.

I must also note that I have questions about the current ability of the Department of Insurance to assume more licensing functions. The Department has been and continues to be involved in an extensive modernization program which will eventually enable it to better perform its primary function, that is, the monitoring and regulation of the insurance industry. One significant aspect of this modernization is the streamlining and simplification of the existing licensing process, which currently involves some 50,000 licensees. It would be unfair to expect the Department of Insurance to continue this improvement of its primary function while at the same time developing an entirely new and unfamiliar licensing regime.

In addition, certain features of the bill itself should be carefully reconsidered. While I recognize that a relatively small number of serious abuses in the public adjusting industry have been identified, it is not clear that this bill is the appropriate remedy, since it would regulate only a fraction of those involved in the claims adjustment process. Representatives of insurance companies, most attorneys and insurance agents and brokers, among others, are all unaffected by this legislation. It is true that attorneys and insurance producers are licensed by the State for other purposes; however, those licenses do not require any demonstration of the applicants competence, experience or expertise as a claims adjuster prior to issuance. Of course, no regulatory authority at all would exist as to insurance company representatives. The Professional and Occupational Licensing Review Board, if implemented, would be available to answer the question as to whether this bill is comprehensive enough to curb any abuses.

The licensing provisions themselves seem unduly burdensome; new fingerprints and photographs of the licensee are required to be submitted not only on the initial application for a license, but also at every biennial renewal. The Commissioner of Insurance or his designee is required to compare the fingerprints submitted by licensees with those fingerprints on file with the State Police; this function should either be left to the appropriate law enforcement experts or eliminated entirely, since other agents and brokers licensed by

the Department are not required to submit fingerprints. Finally, I must question whether the regulation of what is essentially a consumer service transaction should be assigned to the Department of Insurance or should be grouped with the other consumer protection functions in the Division of Consumer Affairs.

I have also been advised that the Public Advocate raised a number of questions with respect to this program and suggested several amendments to the bill, most of which were not implemented. The Public Advocate, therefore, does not support enactment of this bill in its present form.

In short, while I applaud the efforts of the sponsors of this bill to address a legitimate public concern, I feel uncomfortable instituting a new licensing program with so many unanswered questions left unresolved. This bill points up all the more clearly why the Professional and Occupational Licensing Review Board is needed, and once again I urge the Senate to act on Senate Bill No. 345 and Assembly Bill No. 998.

Accordingly, I herewith return Assembly Bill No. 552 (3rd OCR) without my signature.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 12, 1986. }

ASSEMBLY COMMITTEE SUBSTITUTE FOR
SENATE COMMITTEE SUBSTITUTE FOR
SENATE BILL NOS. 1570, 804 AND
ASSEMBLY BILL NO. 2782

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 1570, 804 and Assembly Bill No. 2782 with my objections for reconsideration.

The Assembly Committee Substitute raises the compensation level of district board election members from \$50 per election to \$75 per election. The member of the board charged with the duty of obtaining and signing for the signature copy register shall receive an additional \$12.50 per election or \$6.50 each if two board members share the responsibility. The member of the board charged with the duty of returning the signature copy register shall receive an additional \$12.50 an election or \$6.25 each if two board members share that responsibility.

While I am supportive of an increase in compensation to members of district boards of election, I cannot sign the Assembly Committee Substitute in its present form. The legislation mandates that the State pay for the increase in the compensation to members of district boards of election. Although I believe that board member compensation is inadequate and should be increased, I cannot approve the State's assumption of the cost of this increase as required by this bill. In this time of budget constraints, every commitment to new spending programs must be carefully reviewed. I cannot in good conscience commit the State to expenditures such as this which will continue on into years in which budget constraints may be even more severe.

Therefore, I herewith return Assembly Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 1570, 804 and Assembly Bill No. 2782 and recommend that it be amended as follows:

Page 1, Section 1, Line 5: Delete "In addition, the State shall,"

Page 1, Section 1, Lines 6-10: Delete in entirety.

Page 3, Section 4, Lines 1-2: Delete in entirety.

Page 3, Section 5, Line 1: Delete "5" and insert "4"

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

[SEAL]
Attest:

/s/ MICHAEL R. COLE,
Chief Counsel.

Mr. Haytaian offered the following resolution, which was read by the Clerk and adopted:

December 18, 1986.

Barbara A. Marrow
Clerk of the General Assembly
State House Annex, First Floor
Trenton, New Jersey 08625

Dear Madame Clerk:

Assembly Committee Substitute for Assembly Bill Nos. 2342 and 2499, designated the "Freshwater Wetlands Protection Act," is scheduled for Assembly action today. That bill will affect land development and the rights and interests of land developers.

I am employed by Grouptech Inc., engineers and planners, an affiliate company of Hovbilt, Inc.—a well known and respected land developer.

I have fully discussed this matter with the counsel to the Joint Legislative Committee on Ethical Standards and he has advised me that if a development company for whom a legislator works would not benefit to any greater extent than any other development company, the Conflicts of Interest Law and the Legislative Code of Ethics would permit participation in such legislation.

However, it is my judgment that even though I may fully participate in this legislation, there may be an appearance of a conflict of interest on the part of the public, and in that regard, please accept this as my statement that I will abstain from participation.

Very truly yours,

/s/ Garabed "Chuck" Haytaian,
Majority Leader.

ASSEMBLY BILL No. 296 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 296 (OCR) with my objections, for reconsideration.

This bill would create a new procedure for dispute resolution which would be an alternative to the present civil justice system and arbitration system of settling civil disputes. It is intended to provide a speedier and less expensive process for resolution of disputes than traditional civil litigation and would provide parties with rights that are not currently available under New Jersey's

Arbitration Act. Similar legislation is being considered by other states and on the Federal level.

Assembly Bill No. 296 (OCR) is a welcome and creative approach to the problems engendered by our current methods of resolving our disputes. New Jersey can be proud to be in the forefront of developing solutions affording individuals a quick and less expensive means for resolving the conflicts which unfortunately abound in today's society. Despite my wholehearted support for the concept embodied in this bill, there are aspects of the bill which must be altered before we step into the vanguard with this important piece of legislation.

I believe that the provisions of the bill which authorize umpires, chosen by the parties or by a judge of the Superior Court, to be inferior courts for the purpose of issuing provisional remedies such as attachment, replevin and sequestration, must be deleted. I think it would be unwise to authorize a delegation of judicial authority to private individuals who need have no legal background and who are to be selected by the parties to the dispute or by a judge of the Superior Court. Such a policy is legally debatable as well as unsound from a policy perspective. These individuals are not accountable to the public and would be wielding considerable power, such as freezing economic assets during dispute resolution. I believe it to be better policy to not allow umpires to issue self-executing provisional remedies but rather to require enforcement and review of such orders to be reserved to our judiciary.

In addition, while the process emphasizes speediness of resolution, there appears to be no good reason for denying the parties access to interrogatories so long as tight time constraints are observed. The bill currently allows for depositions. Interrogatories should also be permitted upon leave of the umpire, subject to tight time controls, as a less expensive alternative to discovery by deposition. In this vein, I believe the 30 day period for discovery under the bill is not practical. So long as the umpire retains the right to control the timelines of discovery, speediness can be insured. If an outside timeline on discovery set by statute is regarded as necessary by the Legislature, then I believe that 60 days is more reasonable.

Also, the standard of review of an umpire's factual determinations by an appellate court is unclear. The bill refers to "any substantial evidence." The use of "any" and "substantial" are inconsistent. In order to make the standard of review consistent with the standard applicable to administrative agency decisions as is the bill's intent, the bill should be changed to require "substantial evidence" as the test of review. Finally, I am also proposing several technical amendments to the bill which clarify that the procedures outlined in the bill apply to contracts which incorporate the bill and that while reviews of umpire rulings by the Superior

Court are to be expedited, they are not to have priority over all other matters pending for disposition before the court.

Therefore, I herewith return Assembly Bill No. 296 (OCR) and recommend that it be amended as follows:

Page 2, Section 4, Line 2: After "resolution" Insert "under this act"

Page 3, Section 6, Lines 7-11: After "." Delete "When acting on such applications, the umpire shall be considered as an inferior court established pursuant to paragraph 1 of Section I of Article VI of the Constitution of the State of New Jersey."

Page 3, Section 6, Line 19: After "." Insert "Whenever enforcement of an order is sought pursuant to this section, review of the validity of the order may be had by way of defense to enforcement."

Page 4, Section 7, Line 5: After "ruling" Insert ", except intermediate rulings made pursuant to section 6 of this act,"

Page 4, Section 7, Lines 8-10: After "." Delete "An intermediate ruling shall be given priority over all other matters pending for determination before the court."

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 881 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 881 (2nd OCR) with my objections, for reconsideration.

This bill would authorize the provision of rewards to certain persons who provide information to enforcing authorities which

contributes to the conviction of a person for a violation of the State "Solid Waste Management Act" (the Act). The bill would amend and supplement the Act.

I fully support the intent of this legislation which reflects a recognition that a safe and efficient waste management system might, in some circumstances, require that those who provide valuable assistance in our enforcement effort be rewarded. For this reason, I strongly urge that this Legislature concur with my recommendations, which are largely technical in nature and wholly consistent with the spirit of this legislation.

Both the Assembly and Senate Committee Statements to this bill reference a provision in the "Major Hazardous Waste Facilities Siting Act." That provision, codified at N. J. S. A. 13:1E-67, stipulates that those who provide enforcing authorities with information which directly results in a conviction for unlawful activities involving hazardous waste shall be entitled to a reward in the amount of one-half of any penalties collected. This bill appears to be an attempt to provide the same type of inducement in the *solid* waste context.

Initially, it must be pointed out that the term "solid waste" as employed in the Act is intended to refer to both solid and hazardous wastes. Under the Act, only violations involving hazardous waste may be the subject of criminal actions. Violations involving "solid waste" as that phrase is commonly used would be subject to civil administrative penalties levied by the Commissioner of the Department of Environmental Protection and civil penalties through the filing of a civil action by the Department of Environmental Protection, a local board of health or a county health department.

In view of the above, this bill fails to achieve its stated purpose. First, in authorizing a reward, pursuant to the Act, only in situations where the information provided "contributes to the conviction" of a violator, this bill would only apply in situations where hazardous waste is involved. This is because, under the Act, violations involving solid waste, as the term is commonly used, may only be addressed through civil and civil administrative remedies.

Further, since this bill, as written, would authorize a reward for violations of the Act involving hazardous waste, a second problem would arise. The reward authorized by this bill would conflict with the reward provision in the "Major Hazardous Waste Facilities Siting Act." The former would authorize a reward in the amount of 10% of any penalty collected or \$250, whichever is greater, while the latter would authorize a reward in the amount of one-half of any penalty collected.

Accordingly, in order to achieve the bill's stated purpose of establishing a reward for violations of the Act involving solid waste, I would recommend that this bill be amended, consistent with the intent of the existing Act, to provide such reward from any *civil* penalties collected.

In addition, in order to ensure that rewards would be provided only to those who truly deserve them, I would recommend limiting the availability of these rewards to situations where the information "proximately results in the imposition and collection of a civil penalty." As currently written, this bill would authorize a reward where information simply "contributes to [a] conviction".

My remaining amendments, set forth below, are primarily technical in nature and necessary, in large part, for purposes of clarification and in order to ensure that this bill's new provisions are properly placed within the framework of the existing Act.

Accordingly, I herewith return Assembly Bill No. 881 (2nd OCR) and recommend that it be amended as follows:

Page 2, Section 1, Line 37: Delete "13:1" insert "13:1E-1"

Page 2, Section 1, Line 58: After "violation" insert " , "

L. 1968, c. 410 (C. 52:14B-1 et seq.), regulations requiring the commissioner, in assessing a civil administrative penalty, to consider the operational history of the facility at which the violation occurred, the severity of the violation, the measures taken to mitigate or prevent future violations, and whether the penalty will maintain an appropriate deterrent."

January 8, 1987

Mrs. Barbara Marrow
Clerk of the General Assembly
State House Annex
Trenton, New Jersey 08625

Dear Mrs. Marrow:

Please be advised that, as an employee and stockholder of Johnson & Johnson, I abstained from voting on Senate Bill 600, which would require physicians to test pregnant women for rhesus hemolytic (Rh) disease.

A subsidiary of Johnson & Johnson is engaged in the manufacture of products used in the diagnosis of Rh disease. Although I believe I would be permitted to vote on this legislation under the Legislative Code of Ethics, I nevertheless have refrained from doing so in order not to give rise to an appearance of conflict of interest.

Kindly include the text of this letter in the Minutes of the General Assembly.

Very truly yours,
/s/ RICHARD A. ZIMMER,
Assemblyman.
