"Grief from the Goal"

Drawing

1/09/2021- 1/18/2021

My piece relates to Covid and my personal experiences because I felt sad that the NFL had to cancel some games and move others around a lot. The missed field goal and the storm clouds in the background represent my sadness that things were canceled. The empty stands represent how no one could come watch the games in the stadium, due to Covid.
