# ICYMI: Commercial Vehicle Travel Restrictions and Emergency 35 mph speed limit Lifted as of 5 p.m. today, Monday, February 23

Posted on 02/23/2026

## *Vehicles may resume posted speed limits*

**TRENTON** – New Jersey Department of Transportation (NJDOT) officials announced **the Commercial Vehicle Travel Restriction will be lifted effective at 5 p.m. today, Monday, February 23 for all highways.**

In addition, the **Emergency Traffic Regulation Order that temporarily lowered all posted speed limits to 35 miles per hour will be lifted at the same time.**

All vehicles previously listed in the Commercial Vehicle Travel Restriction are able to resume normal travel on the following highways in both directions:

- I-76 (entire length)
- I-78 (entire length)
- I-80 (entire length)
- I-195 (entire length)
- I-280 (entire length)
- I-287 (entire length)
- I-295 (entire length)
- I-676 (entire length)
- NJ Route 440 (both directions from the Outerbridge Crossing to I-287)

## **Speed Restrictions Also Lifted**

The **Emergency Traffic Regulation Order that temporarily lowered all posted speed limits to 35 miles per hour** on Interstate and State highways in New Jersey also **will be lifted effective at 5 p.m. today, Monday, February 23. All vehicles may resume the posted speed limit** on the following highways:

- All Interstate highways in New Jersey
- All U.S. and State highways in New Jersey
- The New Jersey Turnpike
- The Garden State Parkway
- The Atlantic City Expressway

NJDOT crews and contractors are expected to continue working throughout the night to continue cleanup efforts on Interstate and State highways to ensure roads are clear and safe. However, low temperatures causing refreeze and winds blowing snow may cause roads to be slippery. Road conditions can change quickly, use caution and slow down.

## **Avoid unnecessary travel and let crews continue to clear the roads.**
