Map 3	Retail space authorized by municipality, year to date	20
Map 4	Estimated cost of construction authorized by municipality, year to date	24

## JANUARY 2018 HIGHLIGHTS

- New Jersey building departments issued permits for \$1.026 billion of construction in January. New houses and home repairs accounted for \$517.4 million. Office, retail, and other nonresidential work totaled \$508.8 million.
- 526 municipalities reported.
- The dollar amount of work for new buildings was \$417.7 million, or 40.2 percent of all activity. Additions and alteration to existing structures accounted for \$608.4 million (59.3 percent).
- West Deptford, Jersey City, and Newark had the most work.
- The big development in West Deptford was a warehouse for Amazon. A permit update for a 163-unit apartment building that broke ground last year accounted for most of the work in Jersey City. The big project in Newark was the renovation of an existing building to new office space.
- Dover Town (Morris County), Jersey City, and Lakewood had the most new houses. The big development in Dover was Meridia Transit Plaza. Two new apartment buildings accounted for most of Lakewood’s activity.

**T**HE NEW JERSEY CONSTRUCTION REPORTER contains statistics on construction activity in New Jersey. Information in the report comes from construction officials who administer the State Uniform Construction Code (UCC) (N.J.A.C. 5:23-1 et seq.) in New Jersey's 566 municipalities.

Each month, construction officials send to the New Jersey Department of Community Affairs (DCA) reports on the permits and certificates they issue. Permits authorize the start of construction and cover four types of activity: (1) New construction permits authorize the start of a new structure. (2) Permits for additions refer to work that will add space (volume and square feet) to an existing building. (3) Alterations also involve existing structures, but the work authorized will not add space. Typically, construction officials issue permits for alterations when the work is subject to one or more of the UCC's major subcodes (building, electrical, plumbing, fire protection). (4) Demolition permits authorize the removal of a building or some other structure. The *CONSTRUCTION REPORTER* identifies only those demolitions that will result in the loss of housing.

In addition to permits, the *CONSTRUCTION REPORTER* has information on the certificates issued by construction officials. While permits authorize the start of construction, certificates are issued for work completed and ready for occupancy. Each month, the *CONSTRUCTION REPORTER* will report on the number of housing units and the amount of office and retail space authorized for construction, along with the number of housing units and the amount of office and retail space completed.

### **Data Comparability**

The *CONSTRUCTION REPORTER* contains information on authorized housing units that is tabulated two different ways. The DCA tabulates Tables 1 through 3 and Tables 8 through 13 based on the use of buildings, defined in "groups" by New Jersey's UCC. Exhibit B on page 3 summarizes these groups.

Tables 4, 5, and 6 show authorized housing units as defined and tabulated by the United States Census Bureau. The New Jersey Department of Labor and Workforce Development prepares these tables for publication in the *CONSTRUCTION REPORTER*. Exhibit C on page 4 describes the housing definitions used by the Census Bureau.

The DCA series and the Census Bureau series on authorized housing units differ two important ways. First, the DCA series includes housing units created as a result of permits issued to alter or make additions to existing structures. The Census Bureau counts only those housing units authorized from permits issued for new construction.

Second, the Census Bureau imputes data for localities that fail to submit monthly reports on time. An asterisk in the Census column of data appearing in the Municipal Summary Data table at the back of the *CONSTRUCTION REPORTER* indicates those towns with imputed data. The Census Bureau bases these imputations on historic trends. The DCA series shows information for only those towns that submitted monthly reports. If a municipality failed to submit a monthly report on time, "No report" appears in the appropriate columns in the Municipal Summary Data table.

### **Additional Terms**

A number of other terms appear in the tables throughout the *CONSTRUCTION REPORTER*. Exhibit A on page 2 defines additional construction permit and certificate terms.

## Exhibit A

Summary of Building Permit and Certificate Terms	
<b>Addition</b>	Permit type issued for construction work that adds space (volume and square feet) to an existing structure.
<b>Alteration</b>	Permit type involving one or more subcodes (building, electrical, fire protection, and plumbing). The work is authorized for an existing structure and does not add new space.
<b>Certificate</b>	A document issued by a construction official indicating completion of work for which a permit was issued.
<b>Dollar Amount of Construction</b>	Estimated cost of work, as reported by the permit applicant to the construction official.
<b>Demolition</b>	Permit type authorizing the demolition of an existing structure.
<b>Housing Units Certified</b>	A rental or for-sale unit completed and certified by the construction official for conforming to the standards in the New Jersey UCC.
<b>Housing Units Authorized by Building Permits</b>	A rental or for-sale dwelling unit authorized by a construction permit. See Exhibits B and C for explanations of the different definitions of housing structures. The Table 1 series and Tables 2 and 3 show housing units as classified by the residential use groups defined in Exhibit B. Tables 4, 5, and 6 identify authorized housing as defined by the U.S. Census Bureau. (See Exhibit C.)
<b>Housing Unit Demolitions</b>	Rental or for-sale housing to be demolished, as reported to the construction official by permit applicants.
<b>New Construction</b>	Permit type authorizing the start of a new structure.
<b>Permit</b>	A document issued by construction officials that authorizes the construction of a new structure or an addition, alteration, or demolition of an existing structure.
<b>Square Feet</b>	Estimated building area, as reported on permits for new construction and additions.
<b>State Buildings</b>	Buildings or structures constructed or owned by the State or any of its instrumentalities. Construction activity reported in this category includes State offices, colleges, hospitals, prisons, facilities operated by New Jersey Transit and the New Jersey Sports and Exposition Authority, and other State authorities.

**Exhibit B**

<b>Building Groups</b>	
<b>Residential</b>	Buildings where members of households live. Examples of residential groups include: one- and two-family houses (R-3 and R-5); apartments, dormitories, other multifamily houses (R-2); and mixed-use housing, where the house is a relatively smaller part of a building that has another use (e.g., an apartment over a store). Therapeutic residences (R-4) for 6 to 16 occupants are also included in this category. The Table 1 series and Tables 2 and 3 show authorized housing units by group definition.
----- <b>The following groups refer to industrial, commercial, and other nonresidential structures.</b> -----	
<b>Assembly</b>	Structures where people gather for civic, social, or religious purposes. Examples include: theaters and concert halls (group A-1); night clubs, dance halls, casino gaming areas, restaurants, taverns, and bars (A-2); churches, libraries, amusement arcades, community halls, gymnasiums, indoor swimming pools, art galleries, and museums (A-3); arenas, skating rinks, swimming pools, tennis courts (A-4); and grandstands, bleachers stadiums, and amusement park structures (A-5).
<b>Business</b>	Office buildings (group B) for business transactions of all kinds including banks, corporate offices, professional offices, government buildings, beauty shops, motor vehicle showrooms, and out-patient clinics.
<b>Educational</b>	Buildings for educational purposes through the 12th grade (group E).
<b>High Hazard</b>	Buildings used to manufacture, process, or store materials that constitute a high fire, explosion, or health hazard (group H).
<b>Hotels, Motels, Guest Houses</b>	Buildings for shelter and sleeping where the primary occupants use the facility on a temporary basis, staying less than 30 days (group R-1).
<b>Industrial</b>	Factory buildings where the occupants make, process, or assemble products that are not highly combustible, flammable, or explosive. Includes automotive, appliance, and furniture manufacturers; electric power plants; food processing plants; foundries; and water pumping, solid waste disposal, and incineration plants (group F).
<b>Institutional</b>	Buildings for people who suffer from physical limitations because of age or health; buildings for people detained for penal or correction purposes. Includes: supervised residential homes for six or more people (group I-1); medical and nursing-care facilities (I-2); jails, reformatories, and asylums (I-3); and day care for six or more occupants (I-4).
<b>Mercantile</b>	Buildings for display and sale purposes. Includes retail stores, automotive service stations, drug stores, shops, salesrooms, and markets (group M).
<b>Storage</b>	Buildings used to store goods that are not highly combustible or explosive. Includes warehouses, open parking garages, lumberyards, livestock shelters, and mausoleums (group S).
<b>Signs, Fences, Miscellaneous</b>	Accessory buildings and miscellaneous structures including fences over six feet in height, signs, private garages, sheds, agricultural buildings, carports, retaining walls, tanks, and swimming pools (group U).

## Exhibit C

### Residential Structures (U.S. Census Bureau Definitions)

**Tables 4, 5, and 6 show authorized housing units based on the structure types defined below by the U.S. Census Bureau. The number of units shown in these tables refers to those authorized by building permits issued for new construction only.**

**Single-Family Houses**

Include all detached one-family houses and all attached one-family houses separated by a wall that extends from ground to roof with no common heating system or inter-structural public utilities. Include prefabricated, sectionalized, panelized, and modular homes that are manufactured partially off site, but are transported and assembled at the construction site.

**Two-Family Buildings**

Include all buildings with two housing units that may be above one another or side by side. If built side by side, the structures (1) do not have a wall that extends from ground to roof; or (2) share a heating system; or (3) have inter-structural public utilities, such as water supply and sewage disposal.

**Three- and Four-Family Buildings**

Include all buildings with three or four housing units. If built side by side, the structures (1) do not have a wall that extends from ground to roof; or (2) share a heating system; or (3) have inter-structural public utilities, such as water supply and sewage disposal.

**Five-or-More-Family Buildings**

Include all buildings with five or more housing units. If built side by side, the structures (1) do not have a wall that extends from ground to roof; or (2) share a heating system; or (3) have inter-structural public utilities, such as water supply and sewage disposal.

**Private Housing Units**

Housing owned by a private company or individual during the period of construction. This includes all housing built by nonprofit organizations and "turnkey" housing; for example, housing that will be sold to a local public housing authority when completed.

**Public Housing Units**

Housing owned by a governmental body during the period of construction.
