

i. For insurance proceeds, the amount received from an insurance company for the purpose of replacing or repairing an originally excludable resource, if repair or replacement of such resource occurs within nine months.

(1) The initial nine month period shall be extended for a reasonable period up to an additional nine months when it is determined that the individual had good cause for not replacing or repairing the resource. An individual will be found to have good cause when circumstances beyond his or her control prevented the repair or replacement or the contracting for the repair or replacement.

ii. The proceeds from the sale of a home which is excluded from the individual's resources will also be excluded from resources to the extent that they are intended to be used and are, in fact, used to purchase another home, which is similarly excluded, within three months of the date of the proceeds. If the proceeds are not used in the above manner they shall be counted toward the resource maximum.

9. Burial spaces intended for the use of the individual, his or her spouse, or any other member of his or her immediate family and funds which are set aside for the burial expenses of the individual or spouse, subject to the limits specified below.

i. The following definitions apply in regard to burial spaces or funds:

(1) Burial spaces are conventional grave sites, crypts, mausoleums, urns, or other repositories which are customarily and traditionally used for the remains of deceased persons.

(2) Funds set aside for burial include revocable burial contracts, burial trusts, and any separately identifiable assets which are clearly designated as set aside for the expenses connected with an individual's burial, cremation or other funeral arrangements.

(3) Funds in an irrevocable trust or other irrevocable arrangement which are available for burial are funds held in an irrevocable burial contract and irrevocable burial trust, or an amount in an irrevocable trust which is specifically identified for burial expenses.

(4) Immediate family includes an individual's minor and adult children, stepchildren and adopted children, brothers, sisters, parents, adopted parents and spouses of those persons. Dependency and living-in-the-same household are not factors. Immediate family does not include the members of an ineligible spouse's family unless they meet this definition.

ii. The exclusion from resources of funds set aside for burial applies only when counting any portion of the

funds toward the resource limit would cause ineligibility due to excess resources.

(1) If the individual or couple would otherwise be ineligible and could be eligible with the application of this exclusion and the individual or couple alleges that funds are set aside for the burial of the eligible individual or his or her spouse, an affidavit indicating such must be obtained.

(A) The amount of funds that may be excluded shall be determined and may not exceed the maximum limit of \$1,500 each for the individual and his or her spouse. The maximum limit for each individual is reduced by an amount equal to the amount of funds held in an irrevocable burial trust, an irrevocable burial contract, or other irrevocable arrangement which is available to meet that individual's burial expenses. Each individual's maximum limit is further reduced by the face value of any insurance policy on that individual's life owned by him or her or his or her spouse if the cash surrender value of the policy was excluded in determining the resources of the individual.

(B) In order for burial funds to be excluded, the funds must be separately identifiable (that is, not comingled with other funds or assets which are not set aside for burial). Additionally, the funds must be already designated as set aside for burial. If the funds are not so designated, the funds may be excluded if the individual attests in writing, that he or she intends to use the funds for his or her burial and agrees to submit within 30 days, documentary evidence that the funds have been designated as set aside for burial.

(C) Any increase in the value of excluded burial funds due to interest on such funds which were left to accumulate or appreciation of such funds after establishment of Medicaid eligibility shall be excluded.

As amended, R.1983 d.167, effective June 6, 1983.

10:71-4.5 Resource eligibility standards

(a) For eligibility in the Medicaid Only Program, total countable resources are subject to the following limits. (See N.J.A.C. 10:71-4.1(b) regarding definition of resources, N.J.A.C. 10:71-4.2 regarding countable resources, and N.J.A.C. 10:71-4.8 regarding resources of a couple when one member is applying for Medicaid for institutional services.)

1. Resource eligibility is determined as of the first moment of the first day of the month. Changes in the amount of countable resources subsequent to the first moment of the first day of the month shall not affect eligibility.

2. In the case of checking accounts, the balance as of the first moment of the first day of the month shall be reduced by the amount of any checks which have been drawn on the account but which have not yet cleared the financial institution.

(b) Resource maximum for a couple: Participation in the program shall be denied or terminated if the total value of a couple's countable resources exceeds the limit below:

before January 1, 1986	\$2,400
January 1, 1986—December 31, 1986	\$2,550
January 1, 1987—December 31, 1987	\$2,700
January 1, 1988—December 31, 1988	\$2,850
January 1, 1989 and thereafter	\$3,000

1. Definition of a couple: A couple shall be defined as a man and a woman who are legally married, or who have been determined to be a couple by the Social Security Administration for receipt of RSDI benefits, or who are living together in the same household and presenting themselves to the community in which they live as husband and wife.

(c) Resource maximum for an individual: participation in the program shall be denied or terminated if the total value of an individual's resources exceeds the limits below:

before January 1, 1986	\$1,600
January 1, 1986—December 31, 1986	\$1,700
January 1, 1987—December 31, 1987	\$1,800
January 1, 1988—December 31, 1988	\$1,900
January 1, 1989 and thereafter	\$2,000

(d) Resource maximum (institutionalized individuals): The resource maximum for an individual in (c) above applies equally to individuals institutionalized in a Title XIX approved facility. Countable resources held in the institution (for example, trust funds, personal needs accounts) together with those held outside the institution, are to be applied toward the resource maximum. If the resource maximum is exceeded, Medicaid eligibility will cease. (See also N.J.A.C. 10:71-4.8 regarding resource eligibility for institutionalized individuals.)

(e) The grandfather clause: An individual who satisfied the following criteria may have his/her resource eligibility determined in accordance with procedures formerly used in New Jersey's OAA, AB, and DA programs if it is more advantageous to the individual (see Financial Assistance Manual, Chapter 300, for regulations in effect prior to January 1, 1974):

1. The individual was participating in the Medicaid program during December 1973 under one of New Jersey's Federal programs for the aged, blind, or disabled;

2. The individual has, since December 1973, continuously resided in New Jersey;

3. The individual has, since December 31, 1973, continuously been an eligible individual, an eligible spouse, or an essential person participating in the Medicaid program.

i. Essential person status (refers to spouse only): A spouse who received Medicaid coverage in December 1973 because of his/her status as a person "essential" to the existence of an eligible person is also considered eligible for receipt of Medicaid Only benefits under the provision of the grandfather clause. Such spouse must continue to reside with the eligible individual alone in order to retain his/her essential person status.

ii. Once an individual's essential person status is terminated, he/she must again apply for benefits and be determined eligible or ineligible on the basis of criteria used for other newly applying aged, blind, or disabled individuals.

10:71-4.6 Deeming of resources

(a) When an applicant/recipient is an adult residing in the same household with his/her ineligible spouse or is a child residing in the same household with his/her parent(s) or spouse of parent, the resources of the ineligible spouse or parent(s) is considered in the determination of eligibility. The amount included as resources to the applicant/recipient, whether or not it is actually available, is termed deemed resources.

(b) Applicant/recipient living alone: If the applicant/recipient lives alone, only his/her countable resources shall be applied to the resource maximum for an individual.

(c) Applicant/recipient couple: In the case of an applicant/recipient couple, the total amount of the husband's and wife's combined countable resources shall be applied to the resource maximum for a couple. Such individuals will continue to have resources treated in this manner until they have been separated for one calendar month. At such time, the individuals will be considered to be living alone.

1. If one member of an eligible couple enters a Title XIX institution, only the resources of the institutionalized individual will be counted in the determination of his or her eligibility beginning with the date of admission except as provided in N.J.A.C. 10:71-4.8.

(d) Applicant/recipient living with ineligible spouse: If the applicant/recipient lives with an ineligible spouse, all countable resources of the ineligible spouse are deemed to the applicant/recipient. The value of the total countable resources is compared to the resource maximum for a couple. Such individuals will continue to have resources treated in this manner until they have been separated for one full calendar month. At such time, the individuals will be considered to be living alone.

1. Separation due to institutionalization: If one member of the couple enters a Title XIX institution, only the resources of the institutionalized individual will be counted

in the determination of his or her eligibility beginning with the date of admission except as provided in N.J.A.C. 10:71-4.8.

(e) Applicant/recipient unmarried and under 18 years of age, living with parents: If the applicant/recipient is an unmarried child under the age of 18 years of age who lives with his or her parents (including stepparents), the total value of all countable resources in excess of the appropriate parental resource maximum, cited in (e)2 below, shall be applied toward the resource maximum for an individual (see N.J.A.C. 10:71-4.5). A child will be considered to be not living with his or her parents when he or she has ceased living with them for a period of one calendar month.

1. Child not living with parents due to institutionalization: If a physician has certified that the child's duration of stay in a Title XIX facility (or a combination of such facilities) is expected to be 30 consecutive days or more, such child shall be considered to be not living with his/her parents at the time of such certification. In such circumstances, only the child's own countable resources shall be applied to the resource maximum for an individual.

2. Parental resource maximums (including stepparents):

i. One parent: The total value of countable resources in excess of the source limit for an individual (see N.J.A.C. 10:71-4.5) shall be applied toward the eligible child's resource maximum.

ii. Two parents: The total value of countable resources in excess of the resource limit for a couple (see N.J.A.C. 10:71-4.5) shall be applied toward the eligible child's resource maximum.

3. More than one eligible child: If there is more than one eligible child in the household, the total value of countable resources in excess of the appropriate parental maximum shall be equally divided among such children. In cases of this nature, no part of the value of such resources shall be allocated to ineligible children residing in the household.

(f) Deeming resources of an alien's sponsor: When the sponsor of an alien is subject to deeming provisions (see N.J.A.C. 10:71-5.7) any countable resources of the sponsor in excess of the appropriate resource limit (the resource limit for an individual or the resource limit for a couple if the sponsor resides with his or her spouse) shall be considered to be resources of the alien in addition to whatever resources the alien has.

As amended, R.1983 d.373, effective September 6, 1983. See: 15 N.J.R. 999(b), 15 N.J.R. 1477(a).

Added, deeming resources of alien's sponsor. Amended by R.1985 d.474, effective September 16, 1985. See: 17 N.J.R. 1525(a), 17 N.J.R. 2274(a).

Substantially amended. Amended by R.1991 d.32, effective January 22, 1991. See: 22 N.J.R. 7(a), 23 N.J.R. 215(b).

Added (c)1. Deleted statement regarding physician's certification and added text establishing resources counted when one member of a couple is institutionalized.

Case Notes

Federal Medicaid statute requiring that state's methodology for determining resource eligibility of medically needy person be no more restrictive than for categorically needy person required exclusion of husband's individual retirement account from computation of wife's resources for purposes of determining eligibility. *Mistrick v. Division of Medical Assistance and Health Services*, 299 N.J.Super. 76, 690 A.2d 651 (A.D.1997).

10:71-4.7 Transfer of resources

(a) The provisions of this section apply only to persons who are receiving an institutional level of services or who are seeking that level of services. An individual shall be ineligible for institutional level services through the Medicaid program if he or she (or his or her spouse) has disposed of resources at less than fair market value at any time during or after the 30 month period immediately before:

1. In the case of an individual who is already eligible for Medicaid benefits, the date the individual becomes an institutionalized individual; or
2. In the case of an individual not already eligible for Medicaid benefits, the date that the individual applies for Medicaid as an institutionalized individual.

(b) The following definitions apply in situations regarding the transfer of resources:

1. Fair market value: The fair market value (FMV) is equal to the current market value at the time of resource disposal. The FMV shall be determined in accordance with the evaluation instructions set forth in N.J.A.C. 10:71-4.1(d).
2. Uncompensated value: The uncompensated value (UV) is the difference between the FMV of a nonexcludable resource (less any encumbrances) and the compensation received by the individual. If the resource was jointly owned before disposal, the UV considered is only the individual's share of that value (see N.J.A.C. 10:71-4.1(d)).

3. Institutionalized individual: An institutionalized individual for the purposes of this section is a person who is receiving care in a Medicaid certified skilled nursing facility, intermediate care facility (level A or B and ICFMR) and licensed special hospital (Class B or C) or Title XIX psychiatric hospital (if under the age of 21 or age 65 and over). Effective October 1, 1990, an institutionalized individual shall include an individual receiving care in a Medicaid certified nursing facility (NF). For the purposes of this section, an institutionalized individual shall include a person seeking benefits under a home or community care waiver program, not including the Home Care Expansion Program. An institutionalized individual shall not include a person who is receiving care in an acute care general hospital.

4. Penalty period: The penalty period is the period of ineligibility for Medicaid coverage for institutional level care established for an individual as a result of the transfer of a resource for less than fair market value. The penalty period begins with the month of the resource transfer and is the lesser of:

- i. 30 months; or
- ii. The number of months resulting from dividing the uncompensated value of the transferred resource by statewide monthly average lowest semi-private room rate for Medicaid certified nursing facilities as calculated annually. The current average through December 31, 1990 is \$3,376.

(c) General procedures: If an individual or his or her spouse described in (a) above (including any person acting with power of attorney or as a guardian for such individual) has sold, given away, or otherwise transferred any resources (including any interest in a resource or future rights to a resource) within the 30 months preceding the date of application or entry into institutional care, the following steps shall be taken and fully documented in the case record:

1. Ascertain and document the FMV of the resource.
2. Document the amount of compensation received by the individual for the transfer.
3. Determine the UV, if any.
4. Add the amount of the UV, if any, to the amount of other countable resources.
5. Notify the applicant, in all cases when any amount of UV is established, of the determination via Form PA-13 before the application is approved or denied.
6. Advise the applicant that he or she may rebut the presumption that a resource was transferred at less than FMV in order to qualify for Medicaid coverage for institutional care (see (i) below).

(d) The provisions of this section apply whether or not the resource would have been considered an excluded resource at the time of its disposal or transfer. However, an individual shall not be ineligible for an institutional level of care because of the transfer of his or her equity interest in a home which serves (or served immediately prior to entry into institutional care) as the individual's principal place of residence and the title to the home was transferred to:

1. The institutionalized individual's spouse;
2. A child of the institutionalized individual who is under the age of 21 or a child of any age who is blind or totally and permanently disabled;

Securities transferred by recipient were not a resource for Medicaid eligibility when solely for purpose of repaying a loan. *W.B. v. Dmahs & Atlantic County*, 95 N.J.A.R.2d (DMA) 17.

Transfer of a resource, a mortgage, held on a condominium for less than fair market value operated to render applicant ineligible for Medicaid benefits. *C.M. v. Division of Medical Assistance*, 95 N.J.A.R.2d (DMA) 14.

Transfer of securities was not a countable resource in determining Medicaid eligibility. *Applewood Estates v. Division of Medical Assistance*, 95 N.J.A.R.2d (DMA) 1.

10:71-4.8 Institutional eligibility; resources of a couple

(a) In the determination of resource eligibility for an individual requiring long term care, the county welfare agency shall establish the combined countable resources of a couple as of the first period of continuous institutionalization beginning on or after September 30, 1989. This determination shall be made upon a request for a resource assessment in accordance with N.J.A.C. 10:71-4.9 or at the time of application for Medicaid benefits. The total countable resources of the couple shall include all resources owned by either member of the couple individually or together. The CWA shall establish a share of the resources to be attributed to the community spouse in accordance with this section. (No community spouse's share of resources may be established if the institutionalized individual's current continuous period of institutionalization began at any time before September 30, 1989.)

1. The community spouse's share of the couple's combined countable resources is based on the couple's countable resources as of the first moment of the first day of the month of the current period of institutionalization beginning on or after September 30, 1989 and shall not exceed \$76,740 unless authorized in (a)4 or 5 below. The community spouse's share of the couple's resources shall be the greater of:

- i. \$15,348; or
- ii. One half of the couple's combined countable resources.

2. In determining the resource eligibility of the institutionalized spouse, the community spouse's share of the resources is subtracted from couple's total combined resources as of the first moment of the first day of the month of application for Medicaid. If the remaining resources are less than or equal to \$2,000, the institutionalized spouse is resource eligible. If the remaining resources exceed \$2,000, eligibility may not be established.

- i. In the case of an individual whose eligibility for institutional care is determined in accordance with the rules applicable for New Jersey Care (see N.J.A.C. 10:72 et seq.), resource eligibility will exist when the couple's combined resources, less the community spouse's share of the resources, are equal to or less than \$4,000.

3. To the extent that the community spouse's share of the combined resources are not already owned by the community spouse, the ownership of the community spouse's share of the resources must be transferred to the community spouse within 90 days of a determination of eligibility for institutional Medicaid services. The CWA may extend the transfer period if individual circumstances warrant a longer period to affect the transfer. Resources not transferred by the end of the 90-day period (or extension) shall be counted in the determination of eligibility for the institutionalized individual.

- i. Eligibility for the institutionalized individual shall be established pending the actual transfer of the resources if he or she attests, in writing, that he or she intends to transfer the community spouse's share of the resources to the community spouse.

4. If a court of competent jurisdiction has ordered that resources be transferred to the community spouse in an amount higher than that authorized in (a)1 above, the higher court-ordered amount shall be recognized as the community spouse's share. Any resource transferred under such a court order shall not be subject to the resource transfer penalty described at N.J.A.C. 10:71-4.7.

5. If, in accordance with N.J.A.C. 10:71-5.7(d), additional resources have been authorized to be set aside for the community spouse in order to provide for a sufficient income maintenance level, such additional resources are not subject to the limitation in this section on the commu-

nity spouse's share of the couple's combined resources. Any resource transferred to the community spouse under this provision shall not be subject to the resource transfer provision described at N.J.A.C. 10:71-4.7.

6. For purposes of this section, an institutionalized individual does not include any individual who is not likely to remain in a Title XIX facility for a period of 30 consecutive days. If a physician has not certified that the individual's stay in the facility is expected to be a period of 30 or more consecutive days, that individual's Medicaid eligibility will be determined as if he or she continued to reside in the community until he or she has been in a Title XIX facility (or a combination of Title XIX facilities) for a period of 30 consecutive days.

7. For purposes of this section, a continuous period of institutionalization means 30 consecutive days of institutional care in a medical institution, and/or Medicaid funded home and community-based waiver services. Continuity is broken by absences from the institution for 30 consecutive days or the non-receipt of home or community based services for 30 consecutive days.

8. For purposes of determining the community spouse's share of the couple's resources only, countable resources of a couple shall include all resources not subject to exclusion under N.J.A.C. 10:71-4.4, except that one automobile shall be excluded without regard to the dollar limits set forth at N.J.A.C. 10:71-4.4(b)2 and personal effects and household goods shall be excluded without regard to the dollar limits set forth at N.J.A.C. 10:71-4.4(b)3.

9. In determining retroactive eligibility (the three-month period immediately preceding the month of application) based on the first Medicaid application in a continuous period of institutionalization, the community spouse's share of the resources shall be deducted from the couple's combined total resources. If the institutionalized individual subsequently files another Medicaid application for the same continuous period of institutionalization, retroactive eligibility will be based on all resources actually owned by the institutionalized individual.

Husband's estate funds were available to pay wife's nursing home costs. *L.S. v. Division of Medical Assistance and Health Services*, 93 N.J.A.R.2d (DMA) 7.

10:71-4.9 Resource assessment

(a) At the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989), the institutionalized spouse or the community spouse (or a representative of either spouse) may request an assessment of the couple's total countable resources. The purpose of the assessment is to establish the community spouse's share of the couple's total countable resources (see N.J.A.C. 10:71-4.8(a)).

(b) The county welfare agency shall, upon a request for a resource assessment, advise the requesting parties of the documentation and verification necessary to make the assessment. When the necessary documentation and verification is not submitted to the county welfare agency in a timely manner, the requesting parties shall be advised that the resource assessment cannot be completed. Upon receipt of all relevant documentation of resources from the couple the county welfare agency shall establish the total countable resources of the couple. The county welfare agency shall notify both members of the couple of the total value assigned to their combined countable resources and the community spouse's share of those resources. A copy of the notice shall be retained at the county welfare agency.

1. The county shall complete the resource assessment and notify the requesting parties of its results within 45 calendar days of the request unless third party verification has not been received by the county welfare agency or the requesting parties request a delay.

(c) At the time of providing the couple with a copy of the resource assessment, the county welfare agency shall advise the couple that there is no immediate right to a fair hearing on the county's resource assessment, but that there will be an opportunity to appeal the findings of the assessment when and if the institutionalized spouse applies for Medicaid.

10:71-5.1 Income; financial eligibility standards

(a) As a condition of eligibility for the Medicaid Only Program, applicants must comply with the income standards set forth in this subchapter (see N.J.A.C. 10:71-5.6).

(b) Income defined: For the purpose of this program, income shall be defined as receipt, by the individual, of any property or service which he/she can apply, either directly or by sale or conversion, to meet his/her basic needs for food, shelter, or clothing. All income, whether in cash or in-kind, shall be considered in the determination of eligibility, unless such income is specifically exempt under the provisions of N.J.A.C. 10:71-5.3

1. Availability of income: In order to be considered in the determination of eligibility, income must be "available." Income shall be considered available to an individual when:

- i. With the exception of income from self-employment, the individual actually receives the income;
- ii. With the exception of income from self-employment, the income becomes payable but is not received

by the individual due to his/her preference for voluntary deferment;

iii. Income has been deemed available to the applicant (see N.J.A.C. 10:71-5.5 regarding the deeming of income);

iv. Net earnings from self-employment have been determined in accordance with N.J.A.C. 10:71-5.4(a)2.

2. Earned income: Earned income shall be defined as payment received by an individual for services performed as an employee, or the net earnings as the result of self-employment. When the individual is both employed as self-employed, earned income shall consist of gross wages (or salary, etc.) plus any net earnings from self-employment.

3. Unearned income: Unearned income shall be defined as any income which is not coincident with the provisions of (b)2 above. This definition includes deemed income (see N.J.A.C. 10:71-5.5).

(c) The grandfather clause: An individual (including an essential person) meeting the criteria delineated in N.J.A.C. 10:71-4.5(e) may have his/her income eligibility determined in accordance with the procedures formerly used in New Jersey's OAA, AB, and DA programs if it is more advantageous (see Financial Assistance Manual, Chapter 300, for regulations in effect prior to January 1, 1974).
