The DEP BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetland permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (*THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.*) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

USE THIS SERVICE FOR MAJOR PROJECTS

As Staff to Commissioner John J. Horn of the Department of Labor and Industry, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing "MASTER PERMIT INFORMATION APPLICATION FORM"
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

May 12--CAFRA ACTIONS--David N. Kinsey, Director of DEP's Division of Coastal Resources, announced that Coastal Area Facility Review Act (CAFRA) permits had been approved for dwelling construction projects in Egg Harbor Township (Atlantic County), Little Egg Harbor and Long Beach townships (Ocean County). A conditional approval was granted for a 60 single family dwelling development in Long Beach Township (Ocean County). A CAFRA permit was denied the Township of Middletown Sewerage Authority (Monmouth County) for the expansion of their sewerage treatment plant.

May 12--FUNDING SHORTFALL SEEN TO LEAD TO PARK CLOSURES--DEP Commissioner English announced that due to the projected budget shortfall in the State Park Services operations funding for the state's next fiscal year, FY82 (July 1, 1981 - June 30, 1982), implementation of selected park closure procedures has been directed by DEP Assistant Commissioner for Natural Resources Donald T. Graham. DEP was faced with a choice between a major increase in funding for hazardous waste management or in the State Park Service's program. Commissioner English said, "Our number one priority had to be the control of toxic and hazardous materials -- no other area has generated so great a demand by the public for a response from government."

May 12--MAY 10-16 SET AS NATIONAL HISTORIC PRESERVATION WEEK--The theme of National Historic Preservation Week, May 10-16, 1981, is "Conservation: Keeping America's Neighborhoods Together." According to DEP Commissioner English, the purpose of this year's Preservation Week theme is to promote a working alliance between neighborhood leaders and historic preservation activists. Approximately 5,000 preservation and neighborhood groups are expected to cosponsor simultaneous Preservation Week events in communities throughout the country. DEP's Office of Cultural and Environmental Services will participate in programs throughout the state.

May 13--AGREEMENT REACHED TO CONTROL LANDFILL CONTAMINATION--DEP Commissioner English announced that Waste Disposal, Inc. (WDI) has signed an agreement with DEP requiring the company to control contamination from its landfill in Howell Township, Monmouth County.

* * *

May 14--PUBLIC URGED TO BE AWARE FOR ILLEGAL SEPTAGE DUMPING--Commissioner English called on New Jersey's residents for their help, through observation and swift reporting to the DEP, in the state's effort to stop illegal dumping of septic waste. DEP maintains a 24-hour Action Line to receive calls about any urgent environmental problem. This number, 609-292-7172, should be used to report any possible illegal dumping, along with reporting the incident to local municipal police.

NOTICE OF THE INTENT TO AMEND THE DEPARTMENT'S DECISION IN THE
MATTER OF THE MULTI-PURPOSE ARENA, NEW JERSEY SPORTS & EXPOSITION AUTHORITY

As a member of the Environmental Liaison Committee for the New Jersey Sports and Exposition Authority, the Department of Environmental Protection acting through the Office of Environmental Review, has been requested to stay implementation of two provisions of the Department's decision in the matter of the Multi-Purpose Arena at the Sports Complex, East Rutherford, New Jersey. Provision 2(b) involves the construction of two bus transfer stations which must be operational by the opening of the Arena. Provision 4 prohibits the use of 4,000 parking spaces at the Arena site in conjunction with events at the stadium and/or racetrack.

After careful review of the request, the Department intends to act at the next meeting of the Environmental Liaison Committee scheduled for June 16, 1981 at the Offices of the Hackensack Meadowland Development Commission. The Department proposes that an indefinite stay be granted on Provision 2, the bus transfer stations. We believe that the Sports Authority has made a good faith effort to implement this provision. However, in order to meet highway safety standards of the New Jersey Department of Transportation, the project costs have risen ten-fold over original estimates. Based on the projected limited usage at this time, we now believe that implementation concurrent with the opening of the Arena is not cost effective.

With respect to Provision 4, we propose to amend the Decision to delete this requirement provided that the Sports Authority agrees with a program designed to provide transit service for patrons at events in which parking demand will exceed capacity of the stadium/racetrack site. This could include special bus service marketing, special bus service geared to specific events or the establishment of satellite parking lots with provision for subsidized bus service from the lots to the Complex. We further believe that this action of opening up the additional parking spaces will reduce congestion and improve safety over the existing condition whereby up to 2,000 cars are illegally parked on exit roads, blocking other cars, and on the shoulder of adjacent highways.

Anyone wishing to comment on this proposed action should contact Lawrence Schmidt, Chief, Office of Environmental Review, P.O. Box 1390, Trenton, NJ 08625 or by phone at 609-292-2662 before June 16, 1981.

PUBLIC NOTICE

NOTICE: STATE CERTIFICATION OF DRAFT NPDES PERMITS

Notice is hereby given that the applicants, as listed on the following table, have applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 et seq. (the Act), for a National Pollutant Discharge Elimination System (NPDES) permit to discharge pollutants from facilities, located as shown on the table, into navigable waters of the United States.

The New Jersey Department of Environmental Protection (NJDEP) has certified the draft permit in accordance with the provisions of Section 401 of the Act. A description of each proposed discharge and the receiving body of water is given.

The United States Environmental Protection Agency has tentatively decided to issue a NPDES permit to the applicants. The State of New Jersey Department of Environmental Protection (NJDEP) has issued certifications of the draft NPDES permit subject to certain effluent limitations, standards, prohibitions, and other conditions, necessary to carry out the provisions of the Act and the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 et seq. The certification formulated by DEP is based upon the administrative record.

Each administrative record is on file at the offices of the NJDEP Division of Water Resources, located on 1474 Prospect Street in the Township of Ewing, Mercer County, N.J., and may be inspected and for a fee copied between 8:30 a.m. and 4:00 p.m., Monday through Friday. A copy of each state certification, and other available information may be obtained by writing to the address which appears at the top of this notice.

Interested persons may submit written comments on the state certification and administrative record to the Assistant Director, Water Quality Management at the above address cited. A copy of the comments should be sent to the Chief, 5ermits Administration Branch, Region II, U.S.E.P.A., 26 Federal Plaza, New York, New York 10007. All comments shall be submitted within 30 days of the date, of this public notice.

In lieu of, or in addition to, the submission of comments as above provided, any interested person may request that the Commissioner of NJDEP hold a hearing regarding the certification of the proposed discharge. Such request shall indicate the proposed issues to be considered at the hearing.

Any request for a public hearing regarding NJDEP's certification of the proposed discharge should be in writing and submitted to the Assistant Director, Water Quality Management, at the above address with a copy of the request to the Chief, Permits Administration Branch, EPA, Region II. Such request shall be submitted within 30 days of the date of this public notice.

If NJDEP orders that a public hearing be held regarding its certification, and the Enforcement Division Director of EPA, Region II, has also decided to hold a public hearing, the hearings will be held jointly by NJDEP and EPA. If the Enforcement Division Director of EPA, Region II, has decided not to hold a public hearing, NJDEP may itself hold a public hearing regarding its certification.

If NJDEP does not hold a public hearing or reopen the comment period, NJDEP will consider the issuance of the certification to be final within 30 days of the date of this public notice. All comments timely submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by NJDEP will be considered with respect to this certification for a permit.

NJDEP's decision on the issue of whether to hold any hearing, the administration of any hearing and the rights and obligations of participants are governed by NPDES regulations (40 CFR 124) and the "Administrative Procedures Act" N.J.S.A. 52:14B-1 et seq.

NJ 0027821	Musconetong Sewerage Authority P.O. Box 416 Stanhope, N.J. 07874	Off Waterloo Road Mount Olive, N.J.	NJDEP proposes to modify the Department's certification letter of May 20, 1977 to allow an increase in the design flow of the treatment plant of 0.0075 million gallons per day (MGD). The permittee provides secondary (biological) treatment and disinfection of domestic wastewater for discharge into Wills Brook classified as FW-2 waters. The treatment plant has an existing design flow of 1.0 MGD. Flows over 1.0 MGD will be accommodated by using chemical additives to enhance treatment. The conditions of the certification also require that there be no increase in allowable loading of BOD ₅ and suspended solids to the receiving stream	Certification Date May 14, 1981
