Step 1: Create an Account

If you don't already have an account for our secure online system, [click here](#) and follow the prompts from the "First Time User?" button.

Step 2: Start an Application

You'll then be directed to the first page of the application. Read it and click the box to confirm you agree with the terms before filling out the rest of the pages.

Step 3: Print Instruction Forms

After your parts are complete, you'll be prompted to print instructions with a unique Online Form ID number. Give them to your healthcare provider so they can complete their part online.

Step 4: Await Your Decision

Applications are processed in the order in which they are received. You can stay up-to-date by checking your claim status [here](#).
