OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 4429

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

March 22 (82/212)--REPORT OF FIREWOOD USE, 1980-81--DEP Commissioner Hughey announced the compilation of the "New Jersey Residential Firewood Assessment for 1981," an assessment of firewood use during the heating season of 1980-81. The State Register is a list of properties and areas worthy of preservation for their historical, architectural, cultural or archeological significance. March 26 (82/215)--STATE AIR QUALITY IMPROVED--DEP Commissioner Hughey said that air quality levels in New Jersey during 1981 were better than normal, and much improved over 1980. Terming the new information on three automotive pollutants, ozone, carbon monoxide and nitrogen oxide, "consistent with New Jersey's past efforts to clean up all sources of pollution, from both cars and industrial stacks," Hughey noted that "the entire state still violates the ozone health standards while parts of our urban areas most congested with vehicles stubbornly resist compliance with the carbon monoxide standard."
