OVER-THE-COUNTER PERMITS

STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625

RIPARIAN (609) - 292 - 2613

DEP has a one-day processing service for minor Riparian projects. This over-the-counter service applies to water-front construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact Riparian Lands Management, P.O. Box 1889, Trenton, NJ 08625.

SEWER EXTENSIONS (609) 292 - 0700, or (609) - 292 - 4869

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, syphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. Appointments for over-the-counter processing should be arranged through the Office of Business Advocacy (below). For further information contact:

Wright of Cape May Court House to build 39 single-family units on 13 acres along Dennisville Road in Middle Township. Pending submission of evidence that steps have been taken to curtail degradation of groundwater, homes will be built only on every other lot.

March 9--TRENTON FREIGHT STATION ON HISTORIC REGISTER--The Reading Railroad freight station in Trenton, Mercer County, has been added to the New Jersey Register of Historic Places, according to Deputy DEP Commissioner Betty Wilson, deputy state historic preservation officer. March 9--FIVE EXEMPTIONS FROM PINELANDS BUILDING BAN--The Pinelands Development Review Board granted five exemptions from the development moratorium in the Pinelands. A hardship exemption went to Tuckahoe Construction Company in Winslow Township, Camden County, to build the remaining 19 homes of a 49-unit subdivision, Bates Mill Run, in the Protection Area because the 19 lots are scattered among 30 constructed homes on developed streets, and the company has committed about \$105,000 in improvement costs which would otherwise be lost. Four exemptions for single-family homes, three in Lacey Township, Ocean County, and one in Medford Township, Burlington County, were also granted. The Lacey Township exemptions were granted because of hardship for houses under construction in the Preservation Area when the moratorium was imposed on Feb. 8, 1979. Exemptions went to John Szott, James Knoeller and Anthony Zieniuk. Steven Brick of Medford Township received an exemption for his single-family lot in the Protection Area because it is on a street amid other homes and the proposal is consistent with goals of the Executive Order to protect the Pinelands. DEP Pinelands Coordinator Sean Reilly reported that during the past week, DEP's Bureau of Geology issued 114 well permits, 99 of which are in the Coastal Area Facility Review Act (CAFRA) Zone and not subject to the moratorium. Nine of the well permits are for single-family homes under construction prior to the Executive Order, four are for irrigation wells and one is for an emergency replacement well.
