The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Courses, Curriculum, Instruction:</p>	<p>Instructional design challenges and accommodates the complexities of all learners. Two teacher model, small classes allow for differentiation. 1-1 Chromebook policy integrates technology to instruction. Course work includes Algebra and Geometry. Summer Institute offers Enrichment workshops. After-school Study Buddies provides basic skills and homework tutoring. Social-emotional development is fostered through Character Ed while Service Learning cultivates a sense of community and citizenship.</p>
 <p>Sports and Athletics:</p>	<p>Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cross-Country (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Tennis (Boys & Girls)</p> <p>Although not in the NJSIAA, for a small school, RBCS has a rich and very popular athletic program. The program offers 8 sports with many students playing all three seasons. The league is composed of similar size middle schools. Despite the lack of athletic facilities, our overall record is commendable. About 90% of all eligible students participate in our sports programs.</p>
 <p>Clubs and Activities:</p>	<p>A Club Fair and student interest survey conducted each Sept determines student preferences. Faculty members are moderators. Co-curricular activities include a musical, Math Team, National Junior Honor Society and Girls for Coding. Volunteering grade-level and school-wide projects include service at food banks, Senior centers, YMCA and Clean Ocean Action. It is significant to note, 8th graders volunteer child-care for all evening events to encourage parent attendance.</p>
 <p>Before and After School Programs:</p>	<p>RBCS conducts an after school Study Buddy Program which runs from 4-5:30PM. The intent of the program is to tutor students in basic skills and help with homework. Tutoring is provided by faculty members and local high school student volunteers. Content and grade level teachers provide individual instructional plans and materials for the tutors. Chromebooks are available for student use during this time.</p>

 <p>Student Supports and Services:</p>	<p>Eligible ELL learners receive support through our ELS program. Curriculum is aligned with the WIDA standards. The goal is to teach students the necessary listening, speaking, reading and writing skills to ensure academic success. Special education program coordinated by the CST includes in-class support, Resource Room pull out and instructional support. Support Services include O.T., P.T., Speech, Extended School Year, others as required in I.E.P.s., the I&RS, PIRT team and counseling.</p>
 <p>Student Health and Wellness:</p>	<p>RBCS is one of 10 schools who adopted the YMCA national Healthy U program into the formal Health curriculum grades K-8. Measurable outcomes include school-wide conversion to healthy snacks and healthy choices- i.e. pizza to smoothies as incentives. Using resources of Red Bank, Phys. Ed activities including ice skating, swimming, spinning, and yoga focus on cultivating life-long fitness skills and attitudes.</p>
 <p>Parent and Community Involvement:</p>	<p>The corner stone to parental involvement are our Learns Individual Plan quarterly meetings where teachers, parents and students come together to discuss student progress. 100% of parents attend every marking period. The Parent Portal is through Genesis. CCO fundraising purchased Chromebooks, Smart boards, and an array of curriculum related enrichment activities. Community partnerships are bedrock to our mission. They are extensive and well established.</p>
