(c) Areawide WQM plans for designated areas may be amended by designated planning agencies pursuant to their approved plan amendment procedures. The Department may amend the areawide WQM plan for any non-designated area, pursuant to the procedures under (g) below. Amendments or provisions thereof for any areawide WQM plan whose specific purpose or effect is to address projects or activities covered by (i) and (j) below, or that are either proposed, constructed, operated or conducted by the State or Federal government, or that are regulated by the Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.), shall be processed only by the Department, regardless of whether the areawide WQM Plan is for a designated area or a non-designated area. By the mutual consent of the Department and the designated planning agency, the Department may also process all other amendments to an areawide WQM plan for a designated area.

(d) Plan amendment procedures developed by the designated planning agencies shall be consistent with this section and approved by the Department. Such procedures shall include, but need not be limited to, provisions that:

5. Provide for adequate public comment periods and opportunities for public hearings before the designated planning agency decides whether to approve an amendment.

(e) Every designated planning agency shall, by December 1, 1989, submit for Department approval plan amendment procedures that have been revised for consistency with this section. Such procedures shall identify the newspaper in which public notices of plan amendments shall be published. All plan amendment procedures that the Department approved before October 2, 1989, but that are not revised and approved by the Department as being consistent with this section, shall become void on March 31, 1990. If a plan amendment procedure becomes void in this manner, the Department shall immediately provide to the designated planning agency a plan amendment procedure that is consistent with this section, and that shall be used by the designated planning agency until a plan amendment procedure is submitted by the designated planning agency and approved by the Department under this subsection.

(f) Within 15 days of approving an amendment, a designated planning agency shall submit to the ORP a copy of the amendment, together with background information for that amendment. WQM plan amendments approved by designated planning agencies are valid only upon the subsequent adoption of such amendments by the Governor or his designee.

(g) Except as provided in (h) below, the Department procedure for amendment of areawide WQM plans is as follows:

1. For amendments which are the Department's responsibility under (c) above, any interested person may petition the Department to amend the areawide WQM plan, or the Department may propose to amend the areawide WQM plan on the Department's own initiative. Requests for amendments shall be submitted in writing to the Office of Regulatory Policy, Department of Environmental Protection, CN 029, Trenton, New Jersey 08625.

2. Requests for amendments shall include, but need not be limited to, a detailed description of the proposed amendment, including documentation substantiating the need for the amendment and other documentation as determined by the Department. Within 90 days of receiving such requests, the Department shall review such requests and shall either:

- i. Disapprove the amendment request, and return it to the applicant; or

- ii. Return the amendment request to the applicant for additional information or other necessary changes. If the applicant then submits a revised amendment request, the Department shall, within 90 days of receiving the revised amendment request, review such request and render a decision under (g)2i above, this subparagraph, or (g)2iii below; or

- iii. Decide to proceed further with the amendment request.

3. The Department shall notify the applicant and the applicable designated planning agency, if any, in writing of its decision under (g)2 above. If the Department's decision is to proceed further with the amendment request under (g)2iii above, then this notification shall include the public notice that shall be given for the proposed amendment. The applicant shall request written statements of consent under (g)4 below, and shall give public notice by publication in a newspaper of general circulation at the applicant's expense. The Department shall maintain a list identifying the newspaper that shall be used for this purpose in each planning area. The public notice shall also be published in the New Jersey Register. In cases where such Department decisions include a requirement for a non-adversarial public hearing, the public notice shall provide at least 30 days notice of the hearing.

4. Requirements concerning written statements of consent for plan amendments are as follows:

- i. As part of each notification of a decision under (g)2iii above, the Department may identify a list of governmental entities, sewerage agencies, and BRC-regulated sewer or water utilities that may be affected by, or otherwise have a substantial interest in, approval of the proposed amendment, and that shall be asked to issue written statements of consent for the proposed amendment. Within 15 days of receiving such notification, the applicant shall submit by certified mail (return receipt requested) a copy of the proposed amendment to these parties, with a request that they issue written statements of consent for the proposed amendment within 60 days of their receipt of the request.

- ii. A written statement of consent shall include a statement that the party concurs with, or does not object to, the proposed amendment. Tentative, preliminary, or conditional statements shall not be considered to be statements of consent. A statement of consent by a governmental unit shall be in the form of a resolution by that unit's governing body. If the party objects in writing to the proposed amendment, the party shall state all reasons for objection in writing.

- iii. The applicant shall promptly forward to the ORP a copy of all written statements of consent and other written comments received, and a copy of all requests for consent (with return receipts) sent to parties that did not provide written statements of consent or other written comments within 60 days of their receipt of such requests.

- iv. Where a party identified under (g)4i above denies a request for a written statement of consent or does not issue a written statement of consent, the reasons therefor, if known on the basis of reasonably reliable information, shall be considered in making decisions under (g)8 and 9 below.

5. When the Department proposes to amend the areawide plan on its own initiative, the Department shall give public notice by publication in a newspaper of general circulation in the planning area, shall send copies of the public notice to the applicable designated planning agency, if any, and may hold a public hearing or request written statements of consent as if the Department were an applicant under (g)3 and 4 above. The public notice shall also be published in the New Jersey Register.

6. Interested persons, including, but not limited to, those from whom written statements of consent are requested under (g)4i or 5 above, may submit written comments to the ORP within 30 days of the date of the public notice. Interested persons may request that the public comment period be extended up to 30 additional days, and such extensions may be granted to the extent they appear necessary. Requests for such extensions shall be submitted in writing to the ORP within 30 days of the date of the public notice.

7. Interested persons may also request that the Department hold a non-adversarial public hearing; such requests shall be submitted in writing to the ORP within 30 days of the date of the public notice. If there is significant interest, as determined by the Department, in holding a public hearing, then a public hearing will be held. A public notice providing at least 30 days notice of the hearing will be published in the New Jersey Register and in two newspapers of general circulation, and will be mailed to the applicable designated planning agency, if any, and to each party who was requested to issue a written statement of consent for the amendment. The public comment period will be extended until 15 days after the hearing. Except when the Department proposes to amend areawide WQM plans on its own initiative, the applicant shall, at the applicant's expense, mail the public notice, provide for publication of the public notice in two newspapers, secure a court stenographer, and provide three copies of a verbatim transcript of the hearing to the ORP.

8. If any data, information or arguments submitted during the public comment period or in response to a request for written statement of consent appear to raise substantial new questions concerning a proposed plan amendment, the Department may:

- i. Reopen or extend the public comment period for no more than 30 additional days to give interested persons an opportunity to comment on the information or arguments submitted;
- ii. Disapprove the proposed amendment and, where applicable, return it to the applicant;
- iii. Return the amendment request to the applicant for necessary, substantial changes. If the applicant then submits a revised amendment request, the Department shall review such request in the same manner as a revised amendment request submitted under (g)2ii above; or
- iv. Prepare a new proposed plan amendment, appropriately modified, for proposal under this section.

9. Except where the Department has already disapproved or returned the proposed amendment under (g)8 above, the Governor or his designee shall render a final decision on the amendment. The Governor or his designee shall either:

- i. Adopt the amendment as proposed;
- ii. Adopt the proposed amendment with minor changes that do not effectively destroy the value of the public notice; or
- iii. Disapprove the proposed amendment and, where applicable, return it to the applicant.

10. The Department shall provide written notification of the decision of the Governor or his designee to the

applicant where applicable. Notice of the final decision shall also be published in the New Jersey Register.

11. The Department shall retain the administrative record for WQM Plan amendments for the following periods of time:

- i. For each amendment adopted under (g)9 above, a period of not less than three years from the effective date of the amendment.
- ii. For each proposed amendment disapproved or returned under (g)2, 8, or 9 above, a period of not less than one year from the date of disapproval or return.

(h) For amendments identified in (h)3 below, the Department shall modify the plan amendment procedure specified in (g) above in the manner set forth in (h)1 and 2 below. Except as provided in (h)1 and 2 below, the entire procedure specified in (g) above remains applicable to such amendments.

1. In lieu of the consent requirements in (g)3 and 4 above, the Department shall identify a list of potentially affected or interested parties that shall receive notice of the proposed amendment, but that need not be asked to consent to the proposed amendment. Such parties shall include the applicable designated planning agency, if any. Within five days of receiving such a list, the applicant shall submit by certified mail (return receipt requested) to these parties a copy of the proposed amendment and a copy of the public notice that will be published pursuant to (g)3 above. The applicant shall promptly forward to the ORP a copy of all letters (with return receipts) sent to these parties under this paragraph. For sewers and pumping stations identified in (h)3ii below, written statements of consent are still required from owners or operators of affected DTW.

2. Instead of the 30 day period specified for these actions in (g)6 and 7 above, interested persons may take the following actions within 10 working days of the date of the public notice:

- i. Submit written comments on the proposed amendment to the ORP;
- ii. Submit written requests to the ORP that the Department extend the public comment period up to 30 additional days; or
- iii. Submit written requests to the ORP that the Department hold a non-adversarial public hearing.

3. The modifications set forth in (h)1 and 2 above shall be used only for amendments whose sole purpose is to address the following projects:

- i. Schools, health care facilities, or correctional facilities, if such schools or facilities are publicly owned or operated; or
- ii. New sewers or pumping stations to serve a project or activity that is partially within a future sewer

service area depicted in an areawide WQM plan, if such sewers or pumping stations would convey wastewater from such project or activity to the existing DTW whose sewer service area is depicted in that WQM plan, and if a resolution of consent is received from the owner or operator of that DTW. If a project or activity is partially or entirely within two or more depicted sewer service areas, the new sewers or pumping stations may convey wastewater to one or more such existing DTW, provided that resolutions of consent are received from the owners or operators of the affected DTW in each of the sewer service areas. This subparagraph shall apply only to wastewater service area modifications of less than 10 acres.

iii. Notwithstanding (h)3ii above, the modifications set forth in (h)1 and 2 above shall not be used for sewers or pumping stations whose construction would violate N.J.A.C. 7:14A-12.21, or that would convey wastewater to DTW whose capacity must by statute, rule or other legal requirement be reserved for other projects or activities. The Department may require the applicant to provide proof from the owner or operator of DTW that would receive the conveyed flow that capacity is available for the applicant's project or activity. This paragraph applies whether treatment works approvals are sought for both construction and operation, or for construction only, of sewers or pumping stations.

(i) Effluent limitations, including, but not limited to, water quality based effluent limitations, and schedules of compliance established in accordance with N.J.A.C. 7:15-3.1 as NJPDES permit conditions under N.J.A.C. 7:14A-8.6 shall be considered to be part of the areawide WQM plans. NJPDES permit conditions shall be modified only through the procedures specified in the Department's New Jersey Pollutant Discharge Elimination System rules (N.J.A.C. 7:14A), in accordance with applicable Department rules, and shall not be modified through the WQM plan amendment process under (c) or (g) above. This subsection, however, shall not preclude the adoption of effluent limitations or schedules of compliance in areawide WQM plans under (g) above, prior to the establishment of such effluent limitations or compliance schedules as new or revised NJPDES permit conditions.

(j) Total maximum daily loads, wasteload allocations, load allocations, and listings of water quality limited segments established by the United States Environmental Protection Agency (USEPA) pursuant to 40 CFR 130.7(d) shall be considered to be part of areawide WQM plans, but the Governor or his designee may adopt more stringent requirements in such plans pursuant to the procedures in (g) above. **The Governor** or his designee may also adopt these WQM plan elements under (g) above in the absence of USEPA action to establish such elements.

(k) Water quality management planning related documentation in present and future 201 Facilities Plans that are approved by the Department and USEPA after May 31, 1975 shall constitute amendments to areawide WQM plans. This documentation may include, but is not limited to: selected facilities alternative, future design capacity and flows, treatment levels, sewer service areas, septage management areas, sludge and septage management and disposal plans, environmental constraints mapping, identification of management agencies, and grant conditions. Itemized abstracts of the appropriate documentation shall be available at the Division of Water Resources. Water quality management planning related documentation in 201 Facilities Plans completed on or prior to May 31, 1975 may be adopted into areawide WQM plans on a case-by-case basis under (c) or (g) above.

(l) In preparing amendments to areawide WQM plans, the following policies shall be adhered to:

1. Existing regional DTW shall be used where such use is cost-effective, environmentally sound, and feasible from an engineering standpoint. Expansion or upgrading of existing regional DTW is generally preferable to construction of additional DTW that would produce additional direct discharges to surface water at new locations.

2. Where a sewer connection ban is in effect under N.J.A.C. 7:14A-12.21 on a DTW, the sewer service area for that DTW shall not be altered unless such alteration would, even in the absence of the sewer connection ban, be cost-effective, environmentally sound, and feasible from the engineering standpoint.
