#### 18:7-8.11 Receipts; rents and royalties

(a) Receipts from rentals of real and personal property situated in New Jersey, and royalties from the use in New Jersey of patents or copyrights, are allocable to New Jersey.

1. Receipts from rentals include all amounts received by the taxpayer for the use or occupation of property, whether or not such property is owned by the taxpayer.

2. Receipts from royalties include all amounts received by the taxpayer for the use of patents or copyrights, whether or not such patents or copyrights were originally issued to or are owned by the taxpayer.

3. A patent or copyright is used in New Jersey to the extent that activities thereunder are carried on in New Jersey.

(b) Receipts from royalties derived from trademarks utilized in business in New Jersey are deemed located in New Jersey.

Example 1: Corporation B is a Delaware corporation having legal title to certain trademarks. B licenses those trademarks to affiliated entities, and the affiliates pay B an arm's length royalty for their use. The trademarks are used by the affiliates within and outside New Jersey. Allocation of Corporation B's income from trademark royalties paid to it by affiliates is based upon the use of the trademarks in New Jersey by the affiliates. If an affiliate generates 10 percent of its sales revenue from the use of a trademark within New Jersey and 90 percent in other jurisdictions, 10 percent of the royalty paid by the affiliate to Corporation B for that trademark is apportioned to New Jersey by Corporation B.

**Statutory References**

See N.J.S.A. 54:10A-6(B)(5) as to includability of rents and royalties in computing receipts fraction.

**18:7-8.12 Other business receipts**

(a) All other business receipts earned by the taxpayer within New Jersey are allocable to New Jersey. Other business receipts include all items of income entering into the determination of entire net income during the year for which the business allocation factor is being computed and is not otherwise provided for in these rules. Examples of such business receipts include, but are not limited to, interest income, dividends, governmental subsidies or proceeds from sales of scrap.

(b) For treatment of dividends see N.J.A.C. 18:7-8.7(c)2, Example.

(c) For treatment of receipts from sales of capital assets, see N.J.A.C. 18:7-8.9.

(d) Receipts from the sale of real property situated in New Jersey are earned in New Jersey.

(e) Intangible income not apportioned by other provisions of these rules is included in the numerator of the receipts fraction where the taxable situs of the intangible is in this State. The taxable situs of an intangible is the commercial domicile of the owner or creditor unless the intangible has been integrated with a business carried on in another state. Notwithstanding that the commercial domicile is outside this State, the taxable situs is in New Jersey to the extent that the intangible has been integrated with a business carried on in this State.

Example: Taxpayer has its domicile outside this State. It is in the business of lending money, some of which is loaned to New Jersey residents. Interest income recognized from such loans is income derived from sources within this State and, as such, is earned in New Jersey. That interest income is includable in the numerator of the receipts fraction.

(f) For treatment of non-operational income, see N.J.A.C. 18:7-8.17.

Amended by R.1985 d.43, effective February 19, 1985.  
See: 16 N.J.R. 3420(b), 17 N.J.R. 477(a).  
Amended by R.1994 d.186, effective April 18, 1994.  
See: 26 N.J.R. 761(a), 26 N.J.R. 1696(b).

**Case Notes**

Place to or from which shipment is made is not relevant to the determination of whether receipts must be included in numerator of receipts fraction under statute requiring inclusion of 'all other business receipts' earned in New Jersey in receipts numerator for computation of corporation business tax for taxpayer which does business in New Jersey and maintains regular place of business in another state; issue is solely whether receipt was earned by taxpayer within New Jersey. *Stryker Corporation v. Director, Division of Taxation*, 773 A.2d 674 (2001).

**18:7-8.13 Business allocation factor; payroll fraction**

(a) Wages, salaries and other compensation include all amounts paid for personal services rendered to the taxpayer, but do not include amounts paid of the taxpayer which do not have in them the element of compensation for personal services actually rendered or to be rendered.

(b) The percentage of the taxpayer's payroll allocable to New Jersey is determined by dividing the wages, salaries and other personal service compensation of the taxpayer's employees within New Jersey during the period covered by the return by the total amount of compensation of all the taxpayer's employees during the period.

1. All executive salaries are includable in both the numerator, as applicable, and the denominator.

2. In general, a taxpayer reporting to the Division of Employment Security in the New Jersey Department of Labor must allocate to New Jersey all wages, salaries and other personal service compensation, and other items reportable to that Division, including the portions thereof, in individual cases, over \$6,200 for the calendar year 1978 and \$6,600 for the calendar year 1979 and for subsequent years the amount prescribed by the New Jersey Department of Labor. (As a point of reference, such base wage amount for 1992 was \$15,300 and for 1993 was \$16,000.)

(c) Wages, salaries and other compensation are computed on the cash or accrual basis, in accordance with the method of accounting used by the taxpayer in reporting for Federal income tax purposes.

**18:7-8.14 Definition of officers and employees**
