

7. Any development that has an existing, valid CAFRA permit dated prior to July 19, 1994 provided that construction, as defined at N.J.A.C. 7:7-2.1(c)1iii, begins prior to the expiration date of the permit and continues with no cumulative lapses in construction activity of more than one year.

8. The expansion of an existing, functional amusement pier, provided such expansion does not exceed the footprint of the existing, functional amusement pier by more than 25 percent, and provided such expansion is located in the area beyond 150 feet landward of the mean high water line, beach or dune, whichever is most landward.

(d) Any exemption based upon on-site construction, as defined at N.J.A.C. 7:7-2.1(c)1iii on or before September 19, 1973 expired on July 19, 1997.

(e) A development shall no longer be exempt from the requirement of obtaining a CAFRA permit if significant changes are made to the development which would void the approvals listed at (c)1 and 2 above, or which would result in additional impacts to Special Areas, as defined at N.J.A.C. 7:7E-3, which additional impacts are greater than the impacts associated with the originally exempt development.

(f) Development that is exempt from CAFRA requires no certification or approval from the Department, except as may be required by other programs administered by the Department. Any person who wishes may request from the Department a written determination of a development's exemption from the requirements of this subchapter.

1. For an exemption pursuant to (c)1 and 2 above, the following shall be submitted:

i. A folded copy of the approved site plan or subdivision plan, a copy of the resolution approving the site plan or subdivision, or a copy of the building permit and approved plan and soil conservation district approval where required;

ii. In the event that the final municipal building or construction permit expired and the permit was renewed or a new permit was obtained for the same project, the development will remain exempt provided construction began by July 18, 1997. To make such a determination, the Department will require documentation that the new permit authorized exactly the same construction as the original permit, such as a copy of the original building permit with approved plan and soil conservation district approval where required and a copy of the new building permit with approved plan depicting the exact development as the original;

iii. The fee specified at N.J.A.C. 7:7-10.4(e); and

iv. A completed LURP application form.

2. For an exemption pursuant to (c)3, 4, and 5 above, the following shall be submitted:

i. Plans showing the existing structures and site conditions with locations and dimensions, and all proposed structures, filling, grading, excavation and clearing;

(1) For exemptions based on fire, storm, natural hazard or Act of God, the site plans submitted shall also indicate all preexisting structures to be rebuilt.

ii. Photographs of the site;

iii. The fee specified at 7:7-10.4(e); and

iv. A completed LURP application form.

3. For an exemption pursuant to (c)8 above, the following shall be submitted:

i. A description of the location of the amusement pier including county, municipality, lot(s) and block(s);

ii. A copy of a site plan showing the location of the existing, functional amusement pier and the proposed location of the expansion;

iii. Documentation concerning the size of the footprint of the existing functional amusement pier and the size of the proposed expansion;

iv. Photographs of the site;

v. The fee specified at N.J.A.C. 7:7-10.4(e); and

vi. A completed LURP application form.

#### Case Notes

New Jersey Department of Environmental Protection's broad scope of authority under the New Jersey Coastal Area Facility Review Act (CAFRA), N.J.S.A. 13:19-1 et seq., the Coastal Permit Program Rules, N.J.A.C. 7:7-1.1 et seq., and the Coastal Zone Management Rules, N.J.A.C. 7:7E-1.1 et seq., included jurisdiction to review fees proposed by a private beach club for the public's use of its beach. *Raleigh Ave. Beach Ass'n v. Atlantis Beach Club, Inc.*, 185 N.J. 40, 879 A.2d 112, 2005 N.J. LEXIS 932 (2005).

Department of Environmental Protection's asserted jurisdiction over development in upland areas of a coastal region was preempted by a Coastal Area Facility Review Act exemption. *Last Chance Development Partnership v. Kean*, 232 N.J.Super. 115, 556 A.2d 796 (A.D.1989) certification granted 117 N.J. 135, 564 A.2d 860, affirmed 119 N.J. 425, 575 A.2d 427.

Proposed paved parking lot of more than three acres in coastal area constituted "public facility" and "road, airport, or highway construction" under Act and project was therefore subject to review. In Re: DEP Reg. N.J.A.C. 7:7-2.1(b)1.iii, 214 N.J.Super. 579, 520 A.2d 794 (App.Div.1987) certification denied 107 N.J. 134, 526 A.2d 199 (1988).

CAFRA definition of "facilities" includes cabanas. *State, Dept. of Environmental Protection v. Stavola*, 206 N.J.Super. 213, 502 A.2d 63 (App.Div.1985) reversed 103 N.J. 425, 511 A.2d 622 (1986).

Where a homeowner sought to reconstruct and expand the footprint of an existing single-family dwelling (constructed originally in 1950) located adjacent to the property owned by petitioners (whose dwelling was constructed in 1988), and the two properties had been a single parcel until 1981, both homes were legally existing and pre-dated 1994, which was the date under the Coastal Area Facility Review Act (CAFRA) when single-family homes began to be regulated, and the Department of Environmental Protection's determination that the homeowner's proposed project would constitute the first development and thus could be reviewed for substantive compliance with a General Permit, rather than an Individual Permit, was a reasonable exercise of its discretion. The Department's determination that the proposed project would not be undertaken "in conjunction with" the 1988 construction of the single-family dwelling on the adjacent property, within the meaning of N.J.A.C. 7:7-7.9(b) and 7:7-2.1(b)8ii, was a reasonable interpretation of CAFRA and the implementing regulations. *Dragon v. N.J. Dep't of Env'tl. Prot., Land Use Regulation Program*, OAL Dkt. No. ESA 2988-06, 2007 N.J. AGEN LEXIS 919, Final Decision (June 25, 2007).

## 7:7-2.2 Wetlands

(a) Wetlands permits are required for all activities in coastal wetlands delineated and mapped pursuant to the Wetlands Act of 1970 including, but not limited to:

1. The cultivation and harvesting of naturally occurring agricultural or horticultural products. This provision shall not apply to the continued production of commercial salt hay or other agricultural crops on lands utilized for these purposes on or before April 13, 1972;
2. The excavation of an individual mooring slip;
3. The maintenance or repair of bridges, roads, highways, railroad beds or the facilities of any utility or municipality. This provision shall not apply to emergency repairs necessitated by a natural disaster or a sudden and unexpected mechanical, electrical or structural failure. Written notification of such repairs shall be provided to the Program within seven days after their initiation;
4. The construction of catwalks, piers, docks, landings, footbridges and observation decks;
5. The installation of utilities;
6. Excavation of boat channels and mooring basins;
7. The construction of impoundments;
8. The construction of sea walls;
9. The diversion or appropriate use of water;

10. The use of pesticides, except those applied to the skin or clothing for personal use;

11. Driving or causing to pass over or upon wetlands, any mechanical conveyance which may alter or impair the natural contour of the wetlands or the natural vegetation; and

12. Filling, excavation or the construction of any structure.

(b) The following activities are prohibited on regulated wetlands:

1. Placing, depositing or dumping any solid waste, garbage, refuse, trash, rubbish or debris;

2. Dumping or discharging treated or untreated domestic sewage or industrial wastes, either solid or liquid;

3. Applying any pesticide on areas containing significant stands of high vigor *Spartina alterniflora* (Saltmarsh cordgrass), *Zizania aquatica* (Wildrice), *Typha* sp. (Cattail), and *Scirpus americanus* (common threesquare) as shown generally on wetlands maps;

4. The storage or disposal of pesticides;

5. The application of persistent pesticides.

(c) The Wetlands Order promulgated by the Commissioner of Environmental Protection in April 1972, any amendments thereto, and these rules shall be applicable only in those areas shown waterward of the upper wetland boundary on the following wetlands maps:
