Department of Factory and Workshop Inspection of the State of New Jersey.

REPORT

STATE OF NEW JERSEY . OFFICE OF
INSPECTOR OF FACTORIES AND WORKSHOPS,
TRENTON, NEW JERSEY,
October 31st, 1902.

Hon. Franklin Murphy, Governor of the State of New Jersey:

SIR.—I beg leave to submit to you herewith the twentieth annual report of the Department of Factory and Workshop Inspection for the year ending October 31st, 1902.

The duties and functions of this Department are numerous and far-reaching, and their importance to the public welfare can scarcely be over-estimated. Briefly stated they are:

Inspection and over-sight of child labor.

The enforcement of the compulsory school law.

The reporting of all accidents in workshops factories or mines.

The over-sight and control, so far as possible, of all factory machinery likely to endanger the lives of employes.

The examination of all hatchways and elevators in factories and public buildings, and the enforcement of the law providing such safe-guards as will insure the safety and protection of human lives.

The supervision of the sanitary condition of factories, including light and ventilation; the avoidance of dust and dirt where operatives are employed; the avoidance of over-crowded conditions in factories.

The regulation of the hours of labor of minors and of women in accordance with the law.

The supervision of bake houses and the enforcement of cleanliness where food products are manufactured.

The enforcement of all of the laws of the State relating to these subjects has been and is the aim of this Department. How far we have succeeded can perhaps be best determined by an examination of the following report in which the detail work of the Department is set forth:

The past year has been one of unusual and perhaps unprecedented material prosperity. More factories and workshops are now in operation, and there is greater industrial activity than ever before. The necessary consequence is an increased demand for labor in all of its branches. This situation has rendered necessary special activity on the part of this department in the enforcement of the child labor laws. Numerous complaints have been made to the Department of the employment of children in factories in violation of the law, and in each and every instance prompt and searching investigation of the complaint was instituted, and where, as in some cases, violations of the law appeared, prosecutions of the offenders were instituted in the local courts and the penalties provided by law imposed. The Department Deputies have orders to not only discharge all children illegally employed, but to forthwith prosecute the offenders in every instance. The detection of offenders against the child labor law is rendered more difficult by reason, in some cases, of collusion between the child, the child's parents and the employer, thus rendering necessary the employment at times of agencies outside of this department for the ascertainment of the facts. This department has spared no pains or expense in these investigations and prosecution where warranted, the effect of which has been to draw pointed attention of employers and parents to the law and the necessity of its strict observance. Suits now pending, if decided in favor of the department, will further tend to the strict observance of the law. It is but proper to say, however, that it is the observation of this department that employers generally have no disposition to violate the law with respect to the employment of children under the lawful age, and, generally, in the employment of children of doubtful age, they take the precaution of obtaining and filing the affidavit of the parent or guardian of the child as to the child's age and school certificate, which the law provides shall be ample justification for the employment of the child, and hence it is, that many cases, which appear to the complaining parties to be a violation of the law on the part of the employer, upon examination it is found that the employers are without fault. Some such investigation have indi-

cated that parents have sworn falsely with respect to the ages of their children, and in such cases the children have invariably been discharged from employmnt by the Deputies of this Department, as provided by law.

In this connection I beg leave to draw the attention of Your Excellency to the general question of the proper age limit in the employment of children in factories. The present requirement of twelve years for boys and fourteen for girls is certainly open to criticism. I respectfully suggest as worthy of the attention of the law-making powers of the State this proposition: The age qualification for employment of both boys and girls should be fourteen years. I can perceive no reason why boys should be legally qualified for employment at a more tender age than girls. From the very nature of things they will have at least the same need of education. Such view certainly is in accord with modern public sentiment as it has found expression in legislation of most other States of the Union. Thus Massachusetts, New York, Connecticut, Indiana, Michigan, Wisconsin, Illinois, Minnesota, Missouri, Colorado and Tennessee, are said to have fixed upon fourteen years as the qualifying age. In Pennsylvania the age limit is, I believe, thirteen. In Maryland, West Virginia, Rhode Island, Maine, North Dakota, the age limit is twelve. In none of them, and in no State, excepting Louisana, is there such a discrimination between the sexes as is found in our laws in this respect.

Boys seeking to learn a trade should come prepared, as nearly as possible, with such an education as will fit them for their life work and for citizenship. My conclusion is, and I therefore respectfully recommend, that the age qualification for employment for both sexes should be fourteen years.

The law at present properly gives to the Department power to grant permits to orphan children to be employed in factories under certain conditions to be prescribed by the Department. This I consider to be a wise, and in many cases, necessary provision. It enables the Department to allow needy and deserving people the benefit of possible earnings. The Department has availed itself of this provision of the law in many cases where the necessity was manifest. Further, in this connection, it is the judgment of this Department, that a requirement of law to the general effect that, in all factories where children are employed, there should be kept, in the office, for the inspection of the Inspector, or his Deputies, a register

of the name, birth place, age, place of residence, and names of parent or guardian, of all children there employed, under the age of sixteen years, would prove to be a beneficial and helpful regulation.

With respect to the compulsory school law, I desire to renew my recommendation of previous years in reference to the advisability of establishing summer schools where local conditions render it possible in preference to the regular evening schools. While it is undoubtedly true that night schools result in much benefit to the young people who attend them, and especially in enabling foreign born children to learn the English language, yet I am persuaded that many of those that attend the night school fail in proper interest in the work, and necessarily labor in many cases under the disadvantage of being somewhat exhausted mentally and physically by the day's toil. If, during the vacation period of our factories, which occurs in the summer, in some localities, summer schools could be established for the education of the boys and girls who are compelled to work for a livelihood, great advantage would, in my opinion, be found to accrue to these young people.

Proprietors of factories are slow and negligent in the matter of reporting to the Department injuries to their employees by accident, as by law they are required to do. I assume that this is for the reason that many employers are unaware of the law on the subject. For this reason the Department has recently caused to be prepared for distribution an abstract of the factory laws covering, among others, this subject. It is confidently expected that the distribution of this printed, up to date, summary of the factory laws will result in their more universal observance.

The Department has from time to time, found it necessary to issue, in addition to verbal instructions by Deputies, written orders for the guarding of elevators, for the safe guarding of exposed shafting, electric motors and other machinery, for the erection of fire escapes and the provision of emergency keys at doors and stairways. All such orders have been promptly complied with and have tended, to a very considerable extent, to render the factories of the State less dangerous to life and limb of the employes.

The sanitary condition of the factories and workshops of the State have, during the past year, been materially improved. Directions of the Department looking to better light and ventilation have been followed, resulting in a marked improvement in conditions in that respect. Many factories hertofore very deficient in the mat-

ter of ventilation, are now in a very satisfactory condition. The mines of the State, where iron magnetic ores are produced, are in an excellent sanitary condition. The machinery therein is in good order, the timbering ample and of good construction, the ladder service secure, the air at the bottom of the shaft pure.

The Department has found it necessary, from time to time, to require an observance on the part of manufacturers, of the law regulating the hours of employment of minors and females. The temptation on the part of proprietors of factories, crowded with orders, as they are in these busy times, to fail in a strict observance of the law, is very strong. The orders of the Department have, however, met with instant compliance.

The supervision of bake shops and the enforcement of cleanliness therein is very properly a branch of work demanding a very considerable share of the time and attention of this Department. While conditions are more satisfactory than heretofore, it has recently been necessary for this Department to prosecute offenders against the laws on this subject.

Finally, an examination of the following report will disclose that the laws relating to factories, workshops and bake shops, and to the employment of labor therein, and the hours and conditions under which it is employed, are being to-day more strictly and more diligently enforced, than ever before. I do not say that improvement, in that regard, is impossible. That is the aim of this Department.

I desire to acknowledge the faithful and painstaking work of the Deputy Inspectors—Mr. Lewis H. Barrett, of the First District; Mr. Joseph Milburn, of the Second District; Mr. William B. Tucker, of the Third District; Mr. William H. Dod, of the Fourth District; Mr. Heber Wells, of the Fifth District; Mr. William H. Conklin, of the Sixth District, and of my Clerk, Mr. Elliott G. Moody, and I desire in this way to acknowledge their very effective service.

Very respectfully submitted,

JOHN C. WARD,
Inspector.

Department of Factory and Workshop Inspection of the State of New Jersey.

APPENDIX.

SECOND DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 2d, 1901, to OCTOBER 31st, 1902.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.

TRENTON, October 31, 1902.

Hon. John C. Ward, Chief Inspector of Factories and Workshops:

SIR: I respectfully submit my report as Deputy Inspector of the Second District for the year ending October 31, 1902. I feel that my observations during the year just closed justifies my congratulations to the Department for the truer and more complimentary sentiments entertained for the Department and its important work by employers, employees and the intelligent public than heretofore existed. There is a growing and strengthening respect for the human and elevating exactions of the salutary and the protective Factory Laws that is very encouraging to the Deputy Inspector in the prosecution of his official duties. The kindly reception and ready assistance so generally tendered to me by the factory and mill owners of my district have largely contributed to my success in securing observance of the Factory Laws, and impressing on parents the true value of the restrictive "child labor" features of those laws.

Very respectfully yours,

JOSEPH MILBURN,

Deputy Inspector Second District.

Factory and Workshop Inspection—Second District Summary, November 2, 1901, to October 31, 1902.

PLACES INSPECTED.	Number inspected.	Orders given.	Orders not complied with.	Not inspected in 1902.	Old places not previously inspected.	New places.	Old places closed.	Accidents.		Children discharged.	Certificates ordered.	Permits to orphans.	Total number of inspections, 1902.
								Injured.	Killed.

THIRD DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 2d, 1901, to OCTOBER 31st, 1902.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.

ELIZABETH, N. J., October 31, 1902.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

DEAR SIR: I herewith respectfully submit my annual report for the year. The official duties during the past year have widened the field for observation and added confirmation to the conviction that employers throughout the district give abundant evidence of a desire to conform to all the requirements of the factory laws, and a willingness to co-operate with the inspector in securing the results of their beneficent purpose.

The recent agitation concerning child labor has been ascribed by some to political purpose; by others to obscure motives; and by many has been hailed as a move against a crying evil.

Viewed from any standpoint, it is clear, that in awakening an interest in social problems, whether based on facts or lacking in them, some measure of benefit will result.

It is a matter of regret that complaints of violations of the law too often lack specific data on which to base the thorough investigation that would either fix the responsibility or relieve the department and the employers from the odium which attaches through generalities or irresponsible statements.

All the manufacturers in this district have, at my request or of their own volition, exacted certificates of age and schooling for all persons under sixteen years of age as a prerequisite of employment. This meets the demands of the law and relieves them from responsibility under it.

It places on the inspector the duty of determining the value of the certificates. To this, my earnest efforts and best judgment have been devoted, keeping always in mind, that only justice to all is required.

The continued and increasing activity in our industries, giving the advantage of constant employment to our people and importance to our State, is cause for hearty congratulations.

Respectfully yours,

WM. B. TUCKER,

Deputy Inspector Third District.

Factory and Workshop Inspection—Third District Summary, November 2, 1901, to October 31, 1902.

FOURTH DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 2d, 1901, to OCTOBER 31st, 1902.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.

HOBOKEN, N. J., December 8, 1902.

Hon. John C. Ward, Chief Inspector of Factories and Workshops:

SIR: I hereby respectfully submit my report for the fiscal year ending October 31, 1902. I have found in my inspections a desire on the part of all owners, managers and superintendents, to live strictly up to the law. There has been a few cases where the 55 hour law has not been obeyed. I have had some trouble with bakeshops, but their condition is improved. I take pleasure in thanking you for the prompt manner in which you have answered all my communications whenever I have written for advice.

Yours respectfully,

WM. H. DOD,
Deputy Inspector Fourth District.

Factory and Workshop Inspection—Fourth District Summary, November 2, 1901, to October 31, 1902.

PLACES INSPECTED.	Number inspected.	Orders given.	Orders not complied with.	Not inspected in 1902.	Old places not previously inspected.	New places.	Old places closed.	Accidents.		Children discharged.	Certificates ordered.	Permits to orphans.	Total number of inspections, 1902.
								Injured.	Killed.

FIFTH DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 2d, 1901, to OCTOBER 31st, 1902.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.

PATERSON, October 31, 1902.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

SIR: I submit to you my annual report as Deputy Factory Inspector for the Fifth District.

During the past year serious outbreaks and disorders among certain branches of the silk industry tended to disturb the favorable trade conditions which up to that time had existed. At present there are no troubles threatening and general prosperity is the rule.

I have given orders, in many cases written, for the bettering of the condition of water-closets in factories; for separate closets for the sexes; for the guarding of elevators; for the safe-guarding of exposed set-screws on shafting; for guards on electric motors and other machinery; for new fire escapes and the bettering of old ones; for the supplying of emergency keys, hung in glass covered boxes near the exits to doors and stairways. Nearly all of the requirements mentioned have been complied with.

In the Fifth District there is but one mine from which iron magnetic ores are produced. It is at Ringwood in the extreme upper part of Passaic county. After a careful inspection I found it in excellent condition, the machinery being in good order; the timbering ample and of good construction and the ladder service secure. The air at the bottom of the vertical shaft, at a depth of 215 feet, was pure.

I have been obliged to be quite extreme in some measures looking to the betterment of conditions in bakeries, and the results obtained in improved ventilation and sanitary conditions seem to justify my action.

The pressure that was brought by this department upon employers and parents who had failed to comply with Child Labor Law, has proved to be very effective in awakening other employers to their duty in the matter. Although the amount of penalties in the three suits that were brought amounted to only one hundred and fifty dollars, still the moral effect has been considerable, and the two suits now pending in the District Court at Paterson, if decided in favor of this department, will go far toward a stricter observance of the law. Already parents have begun to realize that they also have duties to observe toward their children in the matter of

education and the schools have felt the influence of the awakening in the increased enrollment at the day and night sessions.

In this district there are but six night schools operated, four of which are in Paterson and two in Passaic city. I have visited all of these schools after they had been in operation for about six weeks. While I appreciate the good results obtained for foreign born scholars learning the English language and for young persons who are trying to make up now for lost opportunities when they were very young, I am forced to the conclusion that the aim of the State to oblige the youngsters from twelve to fifteen to attend night school, and as a condition, that employers may be allowed to hire children two years younger than in other States, is all wrong. The very young ones fail to attend as they should after being enrolled, and those who attend do not show a proper interest in their studies. This is not to be wondered at when we consider that many of them have been working ten hours during the day. So it comes about that for children who have not advanced beyond the third reader or long division in arithmetic in the day schools, the night school is not a success.

In a district like the Fifth where industries are quite diversified, boys seeking to learn a handicraft should come prepared as well as possible in the way of education to fit them to undertake the task which will become their life work. Observation among the large factories of Paterson brings out the fact that far too many of the boys who seek to learn a trade are sadly deficient in education. The testimony on that point is certain. This state of facts confirms me in the opinion expressed in my report of last year that the employment age for boys should be raised from twelve to fourteen years.

The law of this State that gives the Deputy Inspector power to grant permits to orphan children to be employed in factories under certain regulations, I consider a wise and good one, because it enables the officer to act efficiently in many cases and so as to promote the welfare of many needy and deserving people. During the past year I have granted quite a number of such permits. On looking over the cases carefully I find the average age of the orphan boys obtaining permits was 12.92 years and that of girls was 13.23 years.

Several States in their factory laws provide that employers of children shall keep in their office for inspection by the Inspector, a register of the name, birthplace, age and place of residence of all children there employed under the age of sixteen years. I think such a provision very desirable.

Proprietors of factories and workshops do not seem to be aware that it is their duty to notify this department of injuries to their employes by accidents. In all of the cases I have reported during the year, I had first

to call the attention of the parties to the fact that they should make such a report to me, giving the details.

I would recommend that a summary of the factory laws now in force in this State be printed in convenient form for circulation by mail among employers. It is very desirable that such information be furnished for office use. Other States have issued such papers for some time and to good effect.

As an aid to the Deputy Inspectors in their duties I think that in all large factory buildings where there are numerous tenants, each party should be obliged, by law, to have a plain sign giving the name and the kind of business carried on.

In the performance of my duties there has been the very slightest friction, and at the same time I have been treated by employers and others with so much consideration and courtesy as to be very agreeable to me. This is a good opportunity to thank you and Mr. Moody, the Department Clerk, for your uniform kindness and the assistance you have rendered from time to time.

Respectfully,

HEBER WELLS,
Deputy Inspector Fifth District.

SIXTH DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 2d, 1901, to OCTOBER 31st, 1902.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.

NEWARK, N. J., October 31, 1902.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

DEAR SIR: I respectfully submit my annual report as Deputy Factory Inspector of the Sixth District, for the year closing October 31st, 1902.

I find a decided improvement in the general conditions of the majority of factories throughout Essex County. I find the guardrails and safeguards have been placed in accordance with requests I have made from time to time, where I thought it necessary for the safety and protection of all concerned, employe as well as employer, and am pleased to say where requests have been made of such a nature, that they have been readily and willingly carried out on the part of the employer, for in several cases the various guards have been placed while I was inspecting other parts of the factory. It was very gratifying and pleasing to see the willingness with which they accepted the ideas of caution and protection. I also wish to state that both sexes are fairly well provided with separate toilets and dressing rooms, where it is necessary to make changes of clothing.

The law in connection with the child labor question is very closely lived up to by those employing child labor in Essex County, they being very particular as regards the age, and in a great majority of cases demanding the boys and girls seeking employment to be armed with a permit from the Deputy Factory Inspector before work will be granted.

But, in spite of all this caution, the boys and girls who have obtained work during vacation, with the understanding that they must return to school after October 1st, will still remain at work until they are found out and compelled to return again to school.

I wish to return my sincere thanks to Hon. John C. Ward, Chief Inspector, and Elliott G. Moody, Clerk of the Department of Factories and Workshops, for the kind instructions I have received from time to time; also to the members of the various organizations and delegates of Essex Trades Council, for the friendly advice that they have given me, which

has helped me exceedingly in the performance of my duties. Hoping the good feeling and friendship that has existed in the past may be continued in the future, I remain,

Most respectfully,

WM. H. CONKLIN,

Deputy Inspector Sixth District.

Department of Factory and Workshop Inspection of the State of New Jersey.

FACTORY LAWS.

1902.

Factory Laws.

The Employment of Children.

AN ACT to limit the age and employment hours of labor of children, minors and women, and to appoint an inspector for the enforcement of the same.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That after the fourth day of July, one thousand eight hundred and eighty-three, no boy under the age of twelve years, nor any girl under fourteen years of age, shall be employed in any factory, workshop, mine or establishment where the manufacture of any goods whatever is carried on.

2. And be it enacted, That on and after the first day of July, one thousand eight hundred and eighty-four, no child between the ages of twelve and fifteen years shall be employed in any factory, workshop, mine or establishment where the manufacture of any kind of goods whatever is carried on, unless such child shall have attended, within twelve months immediately preceding such employment, some public day or night school, or some well-recognized private school; such attendance to be for five days or evenings every week during a period of at least twelve consecutive weeks, which may be divided into two terms of six consecutive weeks each, so far as the arrangement of school terms will permit, and unless such child, or its parents or guardian, shall have presented to the manufacturer, merchant or other employer seeking to employ such child, a certificate giving the name of his parents or guardian, the name and number of the schools attended, and the number of weeks in attendance, such certificate to be signed by the teacher or teachers of such child; provided, that in case the age of the child be not known, such teacher shall certify that the age given is the true age to the best of his or her knowledge or belief; provided, that in case of orphan children, where necessity may seem to require, the guardian or others having charge of the same may, upon application to the inspector provided for in this act, receive from him a permit for the employment of such child or children, under such regulations as the said inspector may prescribe.

3. And be it enacted, That no child or children under the age of fourteen years shall be employed in any factory, workshop, mill or establishment where the manufacture of any kind of goods is carried

on, for a longer period than an average of ten hours in a day, or sixty hours in a week.

4. And be it enacted, That every manufacturer, merchant or other employer employing any person contrary to the provisions of this act, or who shall be guilty of any violation hereof, shall be guilty of misdemeanor, and upon conviction shall be fined for each offense in a sum of not less than fifty, nor more than one hundred dollars, and in default of payment of the same, shall be imprisoned in the county jail for not less than thirty, nor more than ninety days and that every head of a family, parent or guardian who knowingly permits the employment of such children, shall be likewise subject to a fine of not more than twenty-five, nor less than ten dollars for every child so employed, and for each offense, and in default of such payment, shall be imprisoned in the county jail for a period of not less than ten days, nor more than twenty days; a certificate of the age of the minor, made by him or her, and by his or here parents or guardian at the time of employment, shall be conclusive evidence of the age of such minor upon any trial for the violation of this act; provided, that the provisions in this act in relation to the hours of employment, shall not apply to or affect any person engaged in preserving perishable goods in fruit-canning establishments.

5. And be it enacted, That the Governor shall immediately after the passage of this bill, appoint, with the advice and consent of the Senate, some suitable person, who shall be a resident and citizen of this State, as inspector, at a salary of twelve hundred dollars per year, to be paid monthly, whose term of office shall be for three years; the said inspector shall be empowered to visit and inspect, at all reasonable hours, and as often as practicable, the factories, workshops, mines and other establishments in the State where the manufacture or sale of any kinds of goods is carried on, and to report to the Governor of this State on or before the thirty-first day of October in each year; it shall also be the duty of said inspector to enforce the provisions of this act, and prosecute all violations of the same in any Recorders' Court of cities, and Justices of the Peace, or other courts of competent jurisdiction in the State.

6. And be it enacted, That all necessary expenses incurred by said inspector in the discharge of his duty shall be paid from the funds of the State, upon the presentation of proper vouchers of the same; provided, that not more than five hundred dollars shall be expended by him in any one year.

7. And be it enacted, That all fines collected under this act shall inure to the benefit of the school fund of the district where the offense has been committed.

8. And be it enacted, That all acts and parts of acts inconsistent with the provisions of this act are hereby repealed, and that this act shall take effect immediately.

Approved March 5th, 1883.

A supplementary act, approved in 1884, contains the following enactments:

That the inspector and his deputies shall have power to demand a certificate of physical fitness from some regular practicing physician in the case of minors who may seem physically unable to work, and shall have power to prohibit the employment of any minor that cannot obtain such a certificate.

That any parent or guardian who, when so required by the inspector or one of his deputies, shall furnish to such inspector, or deputy, a certificate from the office of registration of births, or in the absence of such certificate, an affidavit or affidavits of the age of such minor, and if any one shall knowingly swear falsely in any such affidavit, the person or persons so swearing shall be guilty of perjury and liable to indictment and punishment accordingly.

That section four of the act to which this is a supplement shall be amended to read as follows:

(4. And be it enacted, That every manufacturer, merchant or other employer employing any person contrary to the provisions of this act, or who shall be guilty of any violation thereof, shall be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any Justice of the Peace having due jurisdiction, and that any parent or guardian, who knowingly permits the employment of such child or children, shall be liable in a like action to a penalty of not more than fifty dollars, as the court shall fix; that such action shall be prosecuted in the name of the inspector; the trial shall proceed as other actions of debt, and the first process shall be a summons returnable in not less than five or more than ten days after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant, and in case such a defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the Justices of the Supreme Court, when such court of justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs; an affidavit of the age of any minor, made by its parent or guardian, at the time of its employment, shall be conclusive evidence of the age of such minor, upon any trial against a manufacturer or employer for the violation of this act, but any parent or guardian that shall knowingly swear falsely in such affidavit, shall be guilty of perjury, and the inspector or deputy inspector shall be authorized in case they shall find any minor employed under any false affidavit given as aforesaid, to order and compel such minor to desist from work; the provisions of this act in relation to the hours of employment shall not apply to or affect any person engaged in preserving goods in fruit-canning establishments.)

AN ACT for the preservation of the health of female employees employed in manufacturing, mechanical and mercantile establishments.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That every person or corporation employing female employees in any manufacturing, mechanical or mercantile establishment in this State shall provide suitable seats for the use of the female employees so employed, and shall permit the use of such seats by them when they are not necessarily engaged in the active duties for which they are employed.

2. And be it enacted, That a person or corporation violating any of the provisions of this act shall be punished by a fine of not less than ten dollars nor more than twenty-five dollars for each offense.

3 And be it enacted, That this act shall take effect immediately.

Approved April 17, 1884.

General Factory Act.

The law of April 7th, 1885, known as the General Factory act, is hereby given in full:

A GENERAL ACT relating to factories and workshops, and the employment, safety, health and work hours of operatives.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That any person or corporation engaged in manufacturing, which requires from persons in his or its employ, under penalty of forfeiture of a part of the wages earned by them, a notice of intention to leave such employ, shall be liable to the payment of a like forfeiture if he or it discharges without similar notice a person in such employ, unless in case of a general suspension of labor in his or its shop or factory.

2. And be it enacted, That all accidents in workshops, factories or mines, that result in death, shall be reported at once by the occupier to the inspector of workshops at Trenton, and the city or district physician, where one is employed as such, which notice may be given by mail.

3. And be it enacted, That the belting, shafting, gearing and drums in all factories and workshops, when so placed as to be dangerous to persons employed therein while engaged in their ordinary duties, shall be securely guarded when practicable (possible); if otherwise, then notice of its danger shall be conspicuously posted in the factory or workshop.

4. And be it enacted, That no minor, under eighteen years of age, or woman, shall be required to clean any part of the mill gearing or machinery in any factory or workshop while the same is in motion, or

work between the fixed or traversing parts of any machine while it is in motion by the action of steam, water or other mechanical power.

5. And be it enacted, That the opening of all hoistways, hatchways, elevators and well-holes upon every floor of a factory or mercantile or public building, shall be protected by good and sufficient trap-doors or self-closing hatches and safety catches, or strong guard rails at least three feet high, and all due diligence shall be used to keep such trap-doors closed at all times, except when in actual use by the occupant of the building having the use and control of the same.

6. And be it enacted, That no explosive or inflammable compound shall be used in any factory, in such place or manner as to obstruct or render hazardous the egress of operatives in case of fire.

7. And be it enacted, That no minor under the age of sixteen shall be employed in any manufacturing, mercantile or mechanical establishment more than ten hours a day or sixty hours a week.

8. And be it enacted, That suitable places shall be provided in all factories and workshops where girls or women are employed, where unclean work of any kind has to be performed, for such girls or women to wash and dress, and that stairs in use by female employes in all factories and workshops be properly screened.

9. And be it enacted, That separate water-closets be provided for the use of employes of either sex in all manufacturing, mercantile or mechanical establishments where persons of both sexes are employed.

10. And be it enacted, That where the factories or workshops appear so overcrowded, that in the opinion of the inspector of factories there is danger to health, the inspectors shall have power, after being supported in their opinion by some reputable resident physician, to prohibit such overcrowding.

11. And be it enacted, That the inspectors of factories shall have power to order a fan or other mechanical means of proper construction, if practicable, for the purpose of preventing the inhalation of dust in establishments where any process is carried on by which dust is generated and inhaled by the workers to an injurious extent.

12. And be it enacted, That all factories and mines be ventilated so as to render harmless all impurities as near as may be.

13. And be it enacted, That no cellar, room or place shall be occupied as a bake-house, which is less than one-half its height above the level of the street, footway or ground adjoining the same, unless the following regulations are complied with: first, no water-closet, earth-closet, privy or ash-pit shall be within or communicate directly with the bake-house; second, no drain or pipe for carrying off sewage or other impure matter shall have an opening within a bake-house, unless such drain or pipe be trapped with a six-inch water-seal, both within and without the wall of the bake-house, and have a ventilating pipe of one-half the size of drain-pipe between the wall and the outer trap, and which ventilating pipe shall run two feet above the roof of the building.

14. And be it enacted, That the sleeping places for workmen and

others employed in bake-houses shall be separate and distinct from the places used for the making of bread.

15. And be it enacted, That any person or corporation, being the owner, lessee or occupant of any manufacturing establishment, factory, mine, workshop or store, or owning or controlling the use of any building or room, shall, for the willful violation of any provisions of this act, except sections one and two, be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any justice of the peace having due jurisdiction, and that any employe who shall be guilty of any violation of the provisions of this act shall be liable in a like action to a penalty of fifty dollars; that such action shall be prosecuted by and in the name of the inspector of factories; the trial shall proceed as other actions of debt, and the first process shall be a summons returnable in not less than five days or more than ten after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant, and in case such defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the justices of the Supreme Court, when such court or justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs; provided, nothing herein shall subject any owner of a building or premises to any penalty unless he shall be the proprietor of the business conducted therein.

16. And be it enacted, That all acts or parts of acts inconsistent with the provisions of this act be and are hereby repealed.

Approved April 7th, 1885.

A SUPPLEMENT to an act entitled "A general act relating to factories and workshops, and the employment, safety, health and work hours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That every person shall, within one month after he begins to occupy a factory or workshop, notify one of the factory inspectors of such occupancy

2. And be it enacted, That section two of the act to which this is a supplement be amended to read as follows:

[2. And be it enacted, That all accidents in workshops, factories or mines, which prevent the injured person or persons from returning

to work within two weeks, or which result in death, shall, within twenty-four hours after the expiration of such two weeks, or after the death, as the case may be, be reported by the person in charge of such workshop, factory or mine, to one of the factory inspectors and to the city or district physician, where there is such an officer, which notice may be given by mail.]

3. And be it enacted, That section six of the act to which this is a supplement be amended to read as follows:

[6. And be it enacted, That no minor or woman shall clean any part of the mill gearing or machinery in any factory or workshop while the same is in motion, or work between the fixed or traversing parts of any machine while it is in motion by the action of steam, water or other mechanical power.]

4. And be it enacted, That all factories, manufacturing establishments or workshops of two or more stories in height, in which thirty or more persons are employed above the first floor thereof, shall be provided with one or (if the proper officials deem necessary) more outside iron fire escapes, not less than six feet in length and three feet in width, properly and safely constructed, guarded by iron railings not less than three feet in height, and taking in at least two windows at each story, and connected with the interior by easily accessible and unobstructed openings; and the said fire escapes shall connect by iron stairs not less than twenty-four inches wide, the steps to be not less than six inches tread, placed at not more than an angle of forty-five degrees slant, and protected by a well secured hand-rail on both sides, with a twelve-inch-wide drop ladder from the lower platform reaching to the ground.

5. And be it enacted, That for every twenty persons employed on every floor above the second floor of every factory and workshop there shall be one rope or portable fire escape, and that each story shall be amply supplied with means for extinguishing fire.

6. And be it enacted, That all the main doors, both inside and outside, in factories, shall open outwardly, when the inspectors of factories, in writing, so direct, and that no outside or inside door of any building wherein operatives are employed, shall be so locked, bolted or otherwise fastened during the hours of labor as to prevent egress.

7. And be it enacted, That no minor below the age of sixteen shall be employed at any work dangerous to health without a certificate of fitness from a reputable physician.

8. And be it enacted, That factories and workshops in which women and children are employed and where dusty work is carried on shall be lime-washed or painted at least once in every twelve months.

9. And be it enacted, That an abstract of the factory and workshop laws, to be prepared and furnished by the chief factory inspector, shall be affixed in a conspicuous place at the entrance of every factory and workshop.

10. And be it enacted, That if the inspector of factories find that the heating, lighting, ventilation or sanitary arrangement of any shop

or factory is such as to be injurious to the health of persons employed therein, or that the means of egress, in case of fire or other disaster, is not sufficient, or that the belting, shafting, gearing, elevators, drums and machinery in shops and factories are located so as to be dangerous to employes and not sufficiently guarded, or that the vats, pans or structures filled with molten metal or hot liquid are not surrounded with proper safeguards for preventing accident or injury to those employed at or near them, he shall notify the proprietor of such factory or workshop to make the alterations or additions necessary within thirty days; and if such alterations or additions are not made within thirty days from the date of such notice or within such time as said alterations can be made with proper diligence upon the part of said proprietors, said proprietors or agents shall be deemed guilty of violating the provisions of this act; it shall then be the duty of the inspectors to examine the matter in dispute, and, if adverse to the appellant, he shall carry out the alterations or additions directed by said inspectors within thirty days as aforesaid, and under the like penalty.

11. And be it enacted, That section fifteen of the act to which this is a supplement be amended to read as follows:

[15. And be it enacted, That any person or corporation, being the owner, lessee, or occupant of any manufacturing establishment, factory, mine, workshop or store, or owning or controlling the use of any building or room, shall, for the violation of any provision of this act, or of the act to which this is a supplement, be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any justice of the peace having due jurisdiction, and that any employe who shall be guilty of any violation of the provisions of this act shall be liable in a like action to a penalty of not more than fifty dollars, as the court shall fix; that such action shall be prosecuted in the name of the inspector of factories; the trial shall proceed as other actions upon contract, and the first process shall be a summons, returnable in not less than five days or more than ten days after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant; and in case such a defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the state, but shall only be discharged by the court making the order for the body execution, or one of the justices of the Supreme Court, when such court of justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs.]

12. And be it enacted, That all acts or parts of acts inconsistent with the provisions of this act, be and are hereby repealed.

Approved May 6th, 1887. P. L., ch. 177.

A FURTHER SUPPLEMENT to an act entitled "A general act relating to factories and workshops, and the employment, safety, health and work-hours of operatives," approved the seventh day of April, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That every building now or hereafter used, in whole or in part, as a public building, public or private institution, school-house, church, theatre, public hall, place of assemblage or place of public resort, and every building in which twenty or more persons are employed above the second story in a factory, workshop or mercantile or other establishment, and every hotel, lodging-house or tenement house in which ten or more persons lodge or reside above the second story, and every factory, workshop, mercantile or other establishment, the owner, lessee or any one having control of such buildings, of which is notified in writing by the inspector of factories and workshops, or one of his deputies for the district in which any such building may be located, shall be provided with proper ways of egress or other means of escape from fire, sufficient for the use of all persons accommodated, assembling, employed, lodging or residing in such building or buildings, and such ways of egress and means of escape shall be kept free from obstruction, in good repair and ready for use; every room above the second story in such building in which twenty or more persons are employed shall be provided with more than one way of egress, by stairways on the inside or outside of the building; stairways on the outside of the building shall be kept clear of ice and snow and other obstructions; women or children shall not be employed in a factory, workshop or mercantile or other establishment in a room above the second story from which there is only one way of egress; all doors in any building subject to the provisions of this section shall open outwardly, if the inspector or one of his deputies shall so direct in writing; no portable seats shall be allowed in the aisles or passage-ways of such building during any service or any entertainment held therein; the proscenium or curtain opening of all theatres shall have a fire-resisting curtain of some incombustible material, and such curtain shall be properly constructed, and shall be operated by proper mechanism; the certificate of the inspector of factories and workshops, or one of his deputies, shall be conclusive evidence of a compliance of such requirements.

2. And be it enacted, That it shall be the duty of such inspector of factories and workshops, or his deputies to examine, as soon as may be after the passage of this act, and thereafter from time to time, all buildings within his district subject to the provisions of this act; a copy of this act shall be kept posted in a conspicuous place in every such biulding by the person occupying the premises covered thereby.

3. And be it enacted, That upon an application being made to the inspector of factories and workshops for the granting of a certificate under this act, he shall issue to the person making the same an acknowledgement that such certificate has been applied for, and pending

the granting or refusal of such certificate such acknowledgement shall have for a period of ninety days the same effect as such certificate, and such acknowledgment may be renewed by said inspector with the same effect for a further period not exceeding ninety days, and may be further renewed by the said inspector until such time as such certificate shall be granted or refused by him

4. And be it enacted, That in case any change is made in any premises for which a certificate has been issued under this act, whether in the use thereof or otherwise, such as terminates the effect of such certificate as above provided in section two it shall be the duty of the person making the same to give written notice thereof forthwith to the said inspector of factories and workshops.

5. And be it enacted, That in case any building or portion thereof subject to the provisions of this act is found by the said inspector or one of his deputies to fail to conform to the provisions of this act, or in case any change is made in such building or portion thereof, such as terminates the effect of a certificate formerly granted therefor as aforesaid, it shall be the duty of the inspector of factories and workshops to give notice in writing to the owner, lessee or person who may have control of such building, specifying what additional ways of egress or means of escape from fire are necessary in the opinion of said inspector in order to conform to the provisions of this act and to secure the granting of a certificate as aforesaid; notice to any agent of such owner, lesse or occupant in charge of the premises, shall be sufficient notice under this section to such owner, lessee or occupant.

6. And be it enacted, That in case any building subject to the provisions of this act is owned, leased or occupied, jointly or in severality, by different persons, any one of such persons shall have the right to apply to any part of the outside of such building, and to sustain from any part of the outside wall thereof, any way of egress or means of escape from fire specified and described by the inspector as above provided, notwithstanding the objection of any other such owner, lessee or occupant; and any such way of egress or means of escape may project over any highway, street or alley

7. And be it enacted, That every story above the second story of a building subject to the provisions of section one shall be supplied with means of extinguishing fire, consisting either of pails of water or other portable apparatus, or of a hose attached to a suitable water supply, and capable of reaching any part of such story; and such means of extinguishing fire shall be kept at all times ready for use and in good condition.

8. And be it enacted, That it shall be the duty of every owner, lessee or occupant of any building or part thereof subject to this act, to cause the provisions thereof to be carried out, and any owner, lessee or occupant failing to observe such provisions shall be subject to a fine of not less than nor more than five hundred dollars; but no prosecution shall be brought until four weeks after written notice from the inspector of factories and workshops or one of his deputies, as above

provided, of the change necessary to be made in order to conform thereto, nor then, if in the meantime such changes have been made in accordance with such notification; notice to one member of a firm, of a corporation, or to the person in charge of the premises, shall be deemed sufficient notice hereunder, and such notice shall be given in person; any such owner, lessee or occupant shall be liable for all damages caused by this violation of the provisions of this act; any person using or occupying a building contrary to the provisions of this act may be enjoined from such use or occupation in a proceeding to be had in any court of competent jurisdiction at the instance of the inspector, and upon the filing of a petition or bill of complaint therefor, the court in which proceeding is pending may issue a temporary injunction or restraining order, as provided in proceedings in equity and according to the practice of such court.

9. And be it enacted, That each and every person employing labor, his officers, agents and employes, and any person or persons, owner or lessee of any building mentioned in section one of this act, located within this State, shall, on demand of the inspector of factories and workshops or any of his deputies, for admission to any such building, immediately admit thereto such inspector of factories and workshops or his said deputy, and such owner, lessee or occupant, his officers, agents and employes, shall afford such inspector or deputy full and free access to any room or apartment of any such building, and each of such persons hereby is required, if thereto requested by such inspector or deputy, to answer such questions as may be asked by such inspector or deputy, and if so requested by such inspector or deputy, to render a true account in writing to such inspector or his deputy, to the best of his knowledge, of every person or employe then belonging to such building regarding the various matters mentioned in this act, and whoever shall wilfully fail or refuse to immediately answer such questions or to render such written report to such inspector or deputy as aforesaid, shall be guilty of a misdemeaner, and upon conviction thereof shall forfeit and pay a sum not less than fifty dollars, and not more than one hundred dollars; and every president, treasurer, secretary, general agent or managing director of any manufacturing corporation located and employing labor in this State, or the owner, lessee or occupant of any building or institution mentioned in section one of this act, from which answers to any questions or the rendition of a written report are herein required to be made, who shall wilfully neglect or refuse to give true and complete answers to any inquiries or render a written report as required by this section, such person, officer or agent, shall forfeit and pay a sum of not less than fifty dollars nor more than one hundred dollars, to be recovered in an action of debt, to be instituted by the prosecutor of the pleas of the proper county in any court of competent jurisdiction in the name and for the use of the county wherein such violation occurs.

10. And be it enacted, That all fines and penalties imposed by this act may be enforced by indictment or appropriate action at law in any

court of competent jurisdiction of the county wherein such offenses have been committed or forfeitures incurred.

11. And be it enacted, That all acts and parts of acts, general, special, local, public or private, inconsistant with the provisions of this act, be and the same are hereby repealed, and this act shall be a public act and shall take effect immediately.

Approved May 13, 1889.

A FURTHER SUPPLEMENT to an act entitled "A general act relating to factories and workshops and the employment, safety, health and work-hours of the operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That on and after the sixth day of July, one thousand eight hundred and ninety-two, fifty-five hours shall constitute a week's work in any factory, workshop or establishment where the manufacture of any goods whatever is carried on; and that the periods of employment shall be from seven o'clock in the forenoon until twelve o'clock noon, and from one o'clock in the afternoon until six o'clock in the evening of every working day except Saturday, upon which last-named day the period of employment shall be from seven o'clock in the forenoon until twelve o'clock noon

2. And be it enacted, That no person under the age of eighteen years, male or female, and that no woman above that age shall be employed in any factory, workshop or manufacturing establishment, except under the periods of employment hereinbefore mentioned; provided, that the provisions of this act in relation to the hours of employment shall not apply to or affect any person engaged in preserving perishable goods in fruit-canning establishments, or in any factory engaged in the manufacture of glass.

3. And be it enacted, That the inspector of factories shall investigate any reported violation of the provisions of this act and of the act to which this is a supplement, after it has been discovered by him or brought to his notice, and may proceed against the violator or violators in the manner prescribed by the act to which this is a supplement.

4. And be it enacted, That any manufacturer or other employer who shall violate any of the provisions of this act shall be liable to a penalty of one hundred dollars for each offense, to be recovered in the same way and for the same purpose as prescribed in the act to which this is a supplement.

5. And be it enacted, That all acts or parts of acts inconsistent with the provisions of this act are hereby repealed

Approved March 23d, 1892.

A FURTHER SUPPLEMENT to an act entitled "A general act relating to factories and workshops and the employment, safety, health and work-hours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That no room or rooms, apartment or apartments, in any tenement or dwelling-house shall be used for the manufacture of coats, vests, trousers, knee-pants, overalls, cloaks, furs, fur trimmings, fur garments, shirts, purses, feathers, artificial flowers or cigars, except by the immediate members of the family living therein; that no person, firm or corporation shall hire or employ any person to work in any room or rooms, apartment or apartments, in any tenement or dwelling-house, or building in the area of a tenement or dwelling-house, at making, in whole or in part, any coats, vests, trousers, knee-pants, overalls, cloaks, furs, fur trimmings, fur garments, shirts purses, feathers, artificial flowers or cigars, unless such person, firm or corporation first shall have obtained a written permit from the factory and workshop inspector, or a deputy inspector, which permit may be revoked at any time that the health of the community or of those employed as aforesaid may require it, and that such permit shall not be granted until due and satisfactory inspection of the premises affected shall have been made by the said inspector or deputy inspectors; that such permit shall be framed and posted in a conspicuous place in the room, or each of the rooms, to which it relates, shall be duly numbered, and shall state the number of persons allowed to be employed therein.

2. And be it enacted, That any person, firm or corporation being the owner, lessee or occupant of the room or rooms to which this act relates shall for the violation of any of the provisions herein be liable to the same penalty or penalties as are now prescribed for violations of the act and supplements of the act to which this is a further supplement.

And be it enacted, That this act shall take effect immediately.

Approved March 17, 1893.

AN ACT relating to contracts and agreements of operatives in mills, factories and other manufacturing establishments.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That whenever any operative in any mill, factory or other manufacturing establishment shall contract or agree with his or her employer, or the agent of such employer, to forfeit any part of his or her wages or pay in case he or she shall quit work or service in such mill, factory or manufacturing establishment, without giving a certain specified notice of intention so to do, such operative shall, before notice thereof for the same length of time as that of the notice required of him or her as aforesaid, and in default of such notice, shall receive wages

or pay for the same length of time, for which his or her wages or pay would have been forfeited in case he or she had quit such work or service without notice as aforesaid; and whenever, in such a case, the wages or pay of such operative shall not be a fixed sum, as, for instance, so much per day or week, then the wages or pay to be so received by such operative shall be the amount he or she might ordinarily have earned in the time for which such notice should have been given; and such operative, upon making demand for such wages or pay, and a refusal to pay the same, shall be entitled to sue for and recover the same, the same as if it was due under an express contract; and if he or she shall recover judgment in such suit for such wages or pay, or for a larger amount than had been tendered him or her in case a tender had been made, then he or she shall be allowed, as part of the costs thereof, an attorney's fee, to be fixed by the court, and in case the defendant shall appeal from such judgment, and shall not be successful on such appeal, then such operative shall be allowed, as part of the costs of such appeal, an additional attorney's fee, to be fixed by the court; provided, however, that such operative shall not be entitled to receive or recover such wages or pay in consequence of having been discharged without notice as aforesaid, if he or she, by his or her misconduct in or about such work or service, or incompetency to perform properly such work or service, shall have given or afforded sufficient cause for such discharge.

2. And be it enacted, That this act shall take effect immediately.

Approved March 14th, 1895.

AN ACT to amend an act entitled "A general act relating to factories and workshops, and the employment, safety, health and work-hours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section nine of the act to which this is a supplement be amended to read as follows:

9. Distinct and separate water-closets shall be provided for the use of male and female employees in all manufacturing, mercantile and mechanical establishments where persons of both sexes are employed; such closets to be so constructed as to secure absolute privacy.

2. This act shall take effect immediately.

Approved April 14, 1896.

AN ACT to provide for the payment of wages in lawful money of the United States every two weeks.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Every person, firm, association or partnership doing business in this State, and every corporation organized under or acting by virtue of or governed by the provisions of an act entitled "An Act concerning corporations" (Revision of one thousand eight hundred and ninety-six), in this State, shall pay at least every two weeks, in lawful money of the United States, to each and every employee engaged in his, their or its business, or to the duly-authorized representative of such employee, the full amount of wages earned and unpaid in lawful money to such employee, up to within twelve days of such payment; provided, however, that if at any time of payment, any employee shall be absent from his or her regular place of labor and shall not receive his or her wages through a duly authorized representative, he or she shall be entitled to said payment at any time thereafter upon demand; any employer or employers as aforesaid who shall violate any of the provisions of this section, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars and not more than one hundred dollars for each and every offense, at the discretion of the court; provided, complaint of such violation be made within sixty days from the day such wages become payable according to the tenor of this act; the provisions of this section shall not apply to any employee or employees engaged in agricultural work or as watermen.

2. It shall not be lawful for any such person, firm, association, partnership or corporation, as aforesaid, to enter into or make any agreement with any employee for the payment of the wages of any such employee otherwise than as provided in section one of this act, except it be to pay such wages at shorter intervals than every two weeks; every agreement made in violation of this act shall be deemed to be null and void, and the penalties provided for in section one hereof may be enforced notwithstanding such agreement; and each and every employee with whom any agreement in violation of this act shall be made by any such person, firm, association, partnership, corporation or the agent or agents thereof, shall have his or her action and right of action against any such person, firm, association, partnership or corporation, for the full amount of his or her wages in any court of competent jurisdiction in this State.

3. The factory inspector of this State and his deputies shall make complaint against any employer or employers aforesaid who neglects to comply with the provisions of this act for a period of two weeks after having been notified in writing by said inspector or his deputies of a violation of this act; and it is hereby made the duty of county prosecu-violation of this act; and it is hereby made the duty if county prosecutors of the pleas to appear in behalf of such proceedings brought hereunder by the factory inspector or his deputies.

4. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

5. This act shall take effect immediately.

Approved March 16, 1899.

Compulsory Education Law.

A SUPPLEMENT to an act to establish a system of public instruction, approved April ninth, one thousand eight hundred and seventy-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That all parents, and those who have the care of children, shall instruct them or cause them to be instructed in spelling, reading, writing, English grammar, geography and arithmetic, and every parent, guardian or other person having control and charge of any child or children between the ages of seven and twelve years, shall be required to send any such child or children to a public day-school for a period of at least twenty weeks in each year, eight weeks, at least, of which attendance shall be consecutive, unless such child or children are excused from such attendance by the board of the school district in which such parents or guardians reside, upon its being shown to their satisfaction that the bodily or mental condition of such child or children has been such as to prevent his, her or their attendance at school, or that such child or children are taught in a private school, or at home, by some qualified person or persons, in such branches as are usually taught in primary schools.

2. And be it enacted, That no child under the age of fifteen years shall be employed by any person, company or corporation to labor in any business whatever, unless such child shall have attended, within twelve months immediately preceding such employment, some public day or night school, or some well-recognized private school; such attendance to be for five days or evenings every week during a period of at least twelve consecutive weeks, which may be divided into two terms of six consecutive weeks each, so far as the arrangement of school terms will permit, and unless such child, or his or her parents or guardian, shall have complied with the provisions of the act approved March fifth, one thousand eight hundred and eighty-three, limiting the employment hours of the labor of children.

3. And be it enacted, That every parent, guardian or other person having charge or control of any child, from twelve to sixteen years of age, who has been temporarily discharged from employment in any business in order to be afforded an opportunity to receive instruction or schooling, shall send such child to some public or private day-school for the period for which such child shall have been discharged, unless such child shall have been excused from such attendance by the inspectors

of factories and workshops or by the board of the school district for reasons as stated in section one hereof.

4. And be it enacted, That in case any parent, guardian or other person shall fail to comply with the provisions of sections one and three of this act, such parent, guardian or other person shall be deemed guilty of a misdemeanor, and shall, on conviction, be liable to a fine of not less than ten dollars nor more than twenty-five dollars for the first offense, and of not less than twenty-five dollars for each subsequent offence, or to imprisonment for not less than one month or more than three; the said fines, when paid, to be added to the public school money of said school district in which the offence occurred.

5. And be it enacted, That all children between the ages of seven and fifteen years, who are habitual truants from school, or who, while in attendance at any public school, are incorrigible, vicious or immoral in conduct, and all children between the said ages who absent themselves habitually from school, and habitually wander about the streets and public places during school hours, having no business or lawful occupation, shall be deemed juvenile disorderly persons and subject to the provisions of this act.

6. And be it enacted, That in all cities having duly authorized police force, it shall be the duty of the police authority, at the request of the inspectors of factories and workshops, or the school authority, to detail one or more members of said force to assist in the enforcement of this act, and in districts having no regular police force subject to this act it shall be the duty of the board of education or the school district officers to designate one or more constables of said city, township or village, whose duty it shall be to assist in the enforcement of this act as occasion may require, and said board of education shall fix and determine the compensation to be paid such officer or constable for the performance of his duties under the act; members of any police force or any constable designated to assist in the enforcement of this act, as provided in this section, shall be known as truant officers provided, that in districts where no constable resides, the said board shall have power to appoint some other suitable person as truant officer.

7. And be it enacted, That it shall be the duty of any such truant officer or officers detailed to enforce the provisions of this act to examine into all cases of truancy, when requested so to do by the inspectors of factories and workshops, or by a district school board, and to warn such truants, their parents or guardians, in writing, of the final consequences of truancy, if persisted in, and also to notify the parent, guardian or other person having the legal charge and control of any juvenile disorderly person that the said person is not attending any school, and to require said parent, guardian or other person to cause the said child to attend some recognized school within five days from said notice, and it shall be the duty of said parent, guardian or other person having the legal charge and control of said child, to cause the attendance of said child at some recognized school; if said parent, guardian or other person having the

legal charge and control of said child shall wilfully refuse, fail or neglect to cause said child to attend some recognized school, it shall be the duty of said officer to make or cause to be made a complaint against said parent, guardian or other person having the legal control and charge of such child in any court of competent jurisdiction in the school district in which the offense occurred for such refusal or neglect, and upon conviction thereof said parent, guardian or other person, as the case may be, shall be punished by a fine of not less than ten dollars nor more than twenty-five dollars, or the court may in its discretion require the person so convicted, to give bond in the penal sum of one hundred dollars, with one or more sureties, to be approved by said court, on condition that said person so convicted shall cause the child or children under his or her legal charge or control to attend some recognized school within five days thereafter, and to remain at said school during the term prescribed by law; provided, that if said parent or guardian, or other person in charge of said child, shall prove inability to cause said child to attend said recognized school, then said parent or guardian or other person shall be discharged, and said court shall, upon complaint of said truant officer or other person that said child is a juvenile disorderly person, as described in section five of this act, proceed to hear such complaint, and if said court shall determine that said child is a juvenile disorderly person within the meaning of this act, then said court shall thereupon sentence said child to a junevile reformatory until such child shall arrive at the age of sixteen years, unless sooner discharged by the board of control of said juvenile reformatory; provided, however, that such sentence may be suspended in the discretion of said court for such time as the child shall regularly attend school and properly deport himself or herself; it is further provided, that if for any cause the parent or guardian, or other person having charge of any juvenile disorderly person as defined in this act, shall fail to cause such jevenile disorderly person to attend said recognized school, then complaint against such juvenile disorderly person may be made, heard, tried and determined in the same manner as is provided for in case the parent pleads inability to cause said juvenile disorderly person to attend said recognized school; and it is further provided, that no child under the age of nine years shall be sent to a juvenile reformatory under the provisions of this act.

8. And be it enacted, That it shall be the duty of the officers empowered, detailed or appointed under the provisions of this act to assist in the enforcement thereof, to institute or cause to be instituted, proceedings against any parent, guardian or other person having legal charge and control of any child, or any person, company or corporation violating any of the provisions of the sections of this act; provided, this law shall not be operative in those school districts of the State where there are not sufficient accommodations to seat the children compelled to attend school under the provisions of this act; and that no prosecution shall be instituted against any parent, guardian or child unless they have received due notification from an officer empowered under this act that they are acting in violation of the provisions of this act.

9. And be it enacted, That when there is not within the distance of two miles from the factory or shop in which a child under the age of fifteen years is employed, or from the residence of the child, a recognized efficient school, attendance at a school temporarily approved by an inspector of factories and workshops shall for the purposes of this act be deemed attendance at a recognized efficient school, and the inspector of factories shall immediately report to the education department every case of the approval of a school by him under this section.

10. And be it enacted ,That two weeks' attendance of children between twelve and fifteen years of age at a recognized half-time or evening school shall for all purposes of this act be counted as one week at a day school.

11. And be it enacted, That when any of the provisions of this act are violated by a corporation, proceedings may be had against any of the officers or agents of said corporation who in any way participate in or are cognizant of such violation by the corporation of which they are officers or agents, and said officers or agents shall be subject to the same penalties as individuals similarly offending.

12. And be it enacted, That all acts and parts of acts inconsistent with this act are hereby repealed, and that this act shall take effect on the first day of September, one thousand eight hundred and eighty-five.

Approved April 20, 1885.

Manufacture of Flour and Meal Food Products.

AN ACT to regulate the manufacture of flour and meal food products.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. No employee shall be required, permitted or suffered to work in a biscuit, bread or cake bakery, or confectionery establishment more than sixty hours in any one week, or more than ten hours in any one day, unless for the purpose of making a shorter workday on the last day of the week, nor more hours in any one week than will make an average of ten hours per day for the whole number of days in which such person shall so work during such week; but it shall be lawful in cases of emergency for employes to permit any employee and for the latter to work an additional time not exceeding two hours per day, such extra work to be remunerated at the current rate of the weekly wages paid to such employee for his weekly work of sixty hours; no employee in any biscuit, bread or cake bakery shall be discharged by his employer for having made any truthful statement as a witness in a court or to the factory inspector or a deputy factory inspector, in pursuance of this act.

2. All buildings or rooms, occupied as biscuit, bread or cake bakeries, shall be drained and plumbed in a manner to conduce to the proper and healthful sanitary condition thereof, and constructed with air

shafts, windows or ventilating pipes sufficient to insure ventilation, as the factory inspector or any of his deputies shall direct; no cellar or basement not now occupied as a bakery, shall hereafter be occupied and used as a bakery, and a cellar bakery heretofore occupied, when once closed, shall not be re-opened, unless the proprietor shall have previously complied with the provisions of this act.

3. Every room used for the manufacture of flour or meal food products shall be at least eight feet in height and shall have, if deemed necessary by the factory inspector, an impermeable floor, constructed of cement or wood properly saturated with linseed oil; the side walls of such rooms shall be plastered or wainscoted, except where brick walls are shown, and, if required by the factory inspector, shall be whitewashed at least once in three months; the furniture and utensils in such rooms shall be so arranged that the furniture and floor may at all times be kept in a proper and healthful, sanitary and clean condition; no domestic animal, except cats, shall be allowed to remain in a room used as a biscuit, bread or cake bakery, or for the storage of flour or meal food products.

4. The manufactured flour of meal products shall be kept in perfectly dry and airy rooms, so arranged that the floors, shelves and all other facilities for storing the same can be easily and perfectly cleaned.

5. Every such bakery shall be provided with a proper wash room and water closet or closets, apart from the bake room or rooms where the manufacturing of such food products is conducted; and no water closet, earth closet or privy shall be within or communicate directly with the bake room of any bakery, hotel or public restaurant.

6. The sleeping places for the persons employed in a bakery shall be kept separate from the room or rooms where flour or meal food products are manufactured or stored, and the factory inspector or a deputy factory inspector may inspect such sleeping places, if they are on the same premises as the bakery, and order them cleaned or changed, in compliance with sanitary principles.

7. Any person who violates any of the provisions of this act, or refuses to comply with any requirement of the factory inspector or deputy factory inspector, as provided herein, shall be guilty of a misdemeanor, and on conviction shall be punished by a fine of not less than twenty nor more than fifty dollars for the first offense, and not less than fifty nor more than one hundred for a second offense, or imprisonment for not more than ten days, and for a third offense by a fine of not less than two hundred and fifty dollars and not more than thirty days' imprisonment.

8. The factory inspector and his deputies shall inspect all bakeries and see that the provisions of this act are observed therein; such deputies shall have all power and duties of the deputy inspector and shall be amenable to the supervision and control of the factory inspector; the factory inspector or a deputy factory inspector authorized by him may issue a certificate to a person conducting a bakery, that such bakery is conducted in compliance with all the provisions of this act.

9. The owner, agent or lessee of any property affected by the provisions of sections two, three or five of this act, shall, within sixty days after the service of a notice requiring any alterations to be made in or upon such premises, comply therewith, and such notice shall be in writing and may be served upon such owner, agent or lessee, either personally or by mail, and a notice mailed to the last known address of such owner, agent or lessee shall be deemed sufficient for the purpose of this act.

P. L. Chap. 181.

Approved April 16, 1896.

ERRATUM—In section 8 on Page XII of supplement to the General Factory Act approved May 13, 1889 in fifth line of the section the word "fifty" is omitted. Line should read "of not less than fifty nor more than five hundred dollars; but no prosecution."
