EXECUTIVE DIRECTORS REPORT

Joseph Resta, Executive Director, addressed the meeting and said;

Thank you, Mr. Chairman, I have brief comments today regarding the November Commission Meeting Agenda and its impact on preparations for the year 2020.

Today, Commissioners will pass the public schedule of the Committee and Commission Meetings for 2020. These meetings are the backbone of the entire Commission's actions for the coming year and a vital part in the fulfillment of the Commission's mission.

Last month, the Commission passed resolutions for our active employee's health and prescription benefits for 2020. Today for Commissioner's consideration is a

DELAWARE RIVER JOINT TOLL BRIDGE COMMISSION

Meeting of November 25, 2019

resolution for the placement of Medicare-eligible Retiree Medical and Prescription Insurance, which will complete the collection of benefits for current employees, and all eligible retirees for post-employment benefits.

The Commission's business insurance for the coming year is proposed for today's consideration, with the collective of policies including: Worker's Compensation; Bridge Property; Buildings and Contents; Contractor's Equipment; Boiler & Machinery; General Liability; Commercial Auto; Umbrella Liability; Excess Liability; D&O and Employment Practices Liability; Crime; Fiduciary Liability; Professional Liability; Cyber Liability; and insurance for our lone NJ Underground Storage Tank.

So December is the month slated for the approval of our 2020 Operating Budget and our 2020-2021 Capital Plan, completing all of the Commission's business preparations for the coming year. We again thank Commissioners for their dedication and patience as we go through the budget reviews.

To close, Thanksgiving is our holiday to give thanks for our families and others, it is also the busiest travel time of the year, so please drive carefully.

Mr. Chairman, this concludes my report.

Contract Compliance Department
Compliance Score Rankings Overview

The Commission through its Contract Compliance Department has instituted a Compliance Score Ranking that will be included in the Monthly Contract Compliance Report for all Professional Services and Construction Projects.

The Compliance Score Ranking is an ongoing summary of data presented on Active and Completed contracts, which includes the tracking of payments from Prime Consultants and Contractors to IBE Subconsultants and Subcontractors, and the Prime Contractors Workforce Utilization. The Scores will illustrate the progress and participation to meet the Targets by Prime Consultants and Contractors as part of the IBE program.

The complete and timely reporting of payments and certified payrolls to the Elation Systems by the Prime Consultants and Prime Contractors, and their Subconsultants and Subcontractors, will assist the Prime Consultant and Prime Contractor in tracking the data to meet their targets.

Accordingly, each Prime will also be given a final grade at the completion of each project. Additionally, the data will be uploaded onto the Commission's public website on a monthly basis. *The Score(s) are factored using the following criteria:*

IBE PAYMENTS

The payments by the Prime Consultant / Contractor to each of their IBE Subconsultants / Subcontractors will be calculated based on the criteria set by the Commission's 25% IBE Target.

WORKFORCE UTILIZATION

Workforce utilization contains 2 levels of scoring and documents the hourly employee utilization by workforce type, ethnicity and gender.

Delaware River Joint Toll Bridge Commission
Meeting of November 25, 2019

MINORITY, WOMEN AND SMALL BUSINESS ENTERPRISE PROGRAM OVERVIEW

The Delaware River Joint Toll Bridge Commission implemented a one-year Minority Business Enterprise (MBE) pilot program, with a 7% participation goal, and the Women Business Enterprise (WBE) pilot program with a 3% goal. These goals applied to consultants and contractors' participating in the Commission's Capital Program and were effective on September 1, 2008.

At its December 2008 Commission Meeting, the Commission revised the pilot program to specify a 25% Small Business Enterprise (SBE) goal to New Jersey assigned consultant contracts in lieu of the previously specified 7% MBE and 3% WBE goals.

At its December 2010 Commission Meeting, due to the success of the Commission's MWSBE Pilot Program, the Delaware River Joint Toll Bridge Commission adopted a resolution for permanent status of the Minority Business Enterprise (MBE) program, with a 7% participation goal, and the Women Business Enterprise (WBE) program with a 3% goal, and the Small Business Enterprise (SBE) program with a 25% goal. These goals apply to consultants and contractors' participating in the Commission's Capital Program.

The Contract Compliance Department continues to monitor, update and analyze the payments for the MWSBE diversity program.

DELAWARE RIVER JOINT TOLL BRIDGE COMMISSION
Meeting of November 25, 2019

COMMUNICATIONS REPORT
October 2019

- **COMMISSION AWARENESS EFFORTS:**

Scudder Falls Bridge Replacement Project – Provided detailed responses to various individuals requesting the Commission to extend the Commission's frequent-commuter discount program to E-ZPass transponders that are not in the Commission's contracted toll processor's customer database. Made a variety of updates to the project website. These included the posting of the Commission's new office/mailling address in Yardley, adding language on the Contact page to direct E-ZPass/TOLL BY PLATE/toll rate inquiries to the Bridge Commission website, and posting, updating, or removing various alerts and maps. Continued to draft, post and distribute weekly travel advisories, including on various local Facebook pages. Posted various travel warnings for emergency drainage grate repairs on the New Jersey side of the Scudder Falls Bridge mid-month.

I-78 Pavement Joint Rehabilitation Project – Continued to issue weekly travel alerts for the I-78 Pavement Joint Rehabilitation Project. Coverage has waned, since the lane closures are strictly limited to overnight hours. One interview about the project was provided to WRNJ radio news during the month.

Solebury Farm Club Bridge History Presentation – Provided a 45-minute-long slide program on the history of the Delaware River bridges that have served the township over the past 200 years. About 20 people attended and the reaction was very positive despite the presentation being of a general nature about the Commission and the area's bridges. We were invited to return at a later date for purposes of giving a more detailed slide show about the four bridge crossings that have served the township. Because of a scheduling conflict, the follow-up presentation will be in 2020. Assistance was given to find a speaker for the group's November meeting. The presentation was a through updating of previous slide programs on the Commission and the 2017 Hunterdon County bridges presentation.

- **MEDIA RELATIONS:**
