14. Description of the services provided to the Recovery Program Participant during the quarter (i.e. activities conducted, such as meetings, document review, staff training, etc.):

a) IM Response

The Monitor analyzed the most recent draft of the SSBCI Angel Match Program Policies and Procedures, revised on November 1, 2024, and utilized this information to formalize and update the IOM substantive control testing templates.

In separate task orders, the Monitor notes that the NJEDA staff updated key policies within the last year, as well as underwent organizational changes. The Monitor reviewed the updated organizational chart, policies and procedures, as well as documentation related to applicant evaluation and program funding allocation processes. Additionally, the Monitor gained an understanding of the implemented risk mitigation measures concerning program administration, applicant selection, funding allocations, and evaluation criteria to ensure fairness and compliance with regulatory guidelines. This understanding, coupled with the Monitor's review of reporting documentation, indicates that program-wide progress reporting has been thoughtfully considered and that programs are generally well monitored.
