Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:

- Curriculum includes updated K-8 Science, updated ELA and other subject areas, Algebra I (8th grade) and 1:1 Chromebooks , grades 5-8.
- Our school is a National & New Jersey School of Character and a District of Distinction(District Administrator Magazine)
- OCS participates in the National Archery in the Schools Program and we are the 11-time NJ State Archery Champions!

Mission, Vision, Theme:

District Mission Statement: Students are inspired to believe and achieve; challenged in a caring and character building environment; and enabled to make positive contributions to their community. The Oxford Student Motto: Be CORRECT. The seven character education traits are: Courage, Optimism, Responsibility, Respect, Empathy, Citizenship and Trustworthiness

Awards, Recognition, Accomplishments:

Oxford Central School is a NJ High Performing District; National School of Character and New Jersey School of Character and this year was selected as a National District of Distinction by District Administration magazine. Many of our staff have been recognized as NJ Exemplary Educators and our Chief School Administrator has been named Warren County Superintendent of the Year and the 2016 NJ PTA Principal of the Year. Our school Archery team is the NJ State Champions for 11 consecutive years!

Courses, Curriculum, Instruction:

Students experience rigorous classes in Mathematics, Language Arts, Social Studies, and Science. We offer a host of related arts programs in Spanish, Art, Health/ Physical Education, and Music. Additionally, we have a Pre-School, Pre-Kindergarten Program, and full day Kindergarten. This year the 5-8 grade students are participating in a 1:1 Chromebook initiative and our primary grades enjoy greater access to two state of the art computer labs. We have been a Rutgers MARE school for 16 years.

Sports and Athletics:

Students from OCS may participate in the National Archery in the Schools Program in Physical Education classes and may try-out and be selected to participate on the NASP team. The NASP team here at OCS is the reigning 12-time New Jersey State Champions and students may compete in the National Championships in Louisville, Kentucky each May. Oxford has had a National Champion and finished as high as #6 in the United States in 2012.

Student Supports and Services:

OCS supports students with a full Child Study Team, staff who are skilled in Orton-Gillingham, Project Read, Basic Skills Instruction and Response to Intervention. We offer support for students who struggle with social skills and our staff are always available to support students academically outside the classroom. With the introduction of 1:1 Chromebooks in grades 5-8, staff and students gain another method to exchange ideas and develop skills.

Student Health and Wellness:

OCS students are supported by a full Physical Education program, recess every day and teachers are encouraged to include movement breaks throughout the day. School breakfast and lunch are offered daily and in our Health classes students we offer nutrition classes in cooperation with a Shop=Rite nutritionist. Our CORRECT character education program promotes all aspects of our students and staff health to develop a healthy social-emotional environment.

Parent and Community Involvement:

We enjoy a fine relationship with the community Rescue, Police and Fire Departments. We have an active Municipal Alliance, LEAD program & SEPAC. We are thrilled to be partners with the OCS PTA who continue to assist our students with after school crafts, assemblies, field trips and classroom technology. We have two music concerts a year, an Education Foundation and a dedicated community! We offer a parent portal for 5-8 grades and we use Facebook, a website, Twitter and Instagram!

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Teachers

Every other year we utilize the New Jersey DOE School Climate Survey to measure how we are doing in all aspects of the school. Results are communicated through the school board, our website and social media. Once again, we are seeing overwhelming support for our school and programs. Our character education program has been responsible for a decrease in HIB reports and we feel that the awesome support from our community enhances our school!

Facilities:

Our school, built in 1923, was completely renovated more than a decade ago! We have a full wireless network, two computer labs, clean hallways, student artwork displayed for all to see, an awesome stage and one of the best elementary school gyms! Our Library is constantly updated; we have a full science lab and a wonderful art room. We have an air-conditioned building that is maintained, kept clean and updated thanks to a great custodial staff and conscientious student body!

School Safety:

We employed the SARA system (Situational Awareness And Response Assistant) for instant notification to the Washington Township Police and Warren County Dispatch Control Center. We use two way radio communications for instant discussion in the school. We have more than a dozen radios. The SARA system comes through the radios as well as the loudspeaker system and alerts staff and students to a lockdown. We have 36 video cameras that record 24 hours a day and are backed up by a 1 Tetra-byte hard drive. All exterior doors are locked and access to them is restricted to those times when a staff member is present. We have three AED units. Two permanently mounted AED's are found on the first and second floors and one is portable and is taken outside whenever children are outside for Physical Education or recess.

<div>Technology and STEM:</div>	<p>Every student in grades 5-8 have a Chromebook that they use to access textbook and complete work. Staff and students use the Google Suite for Education. Two complete computer labs are utilized for all grades. Students in Kindergarten -8th grade practice keyboarding skills. While we recognize the importance of technology and its use here at school, we also try to limit the use of screen time in the classroom so that students are not always on their Chromebooks. We have a STEM Club after school that meets to complete a wide range of related activities and further develop skills. Students in grade 5-8 use the MyAccess program for essay writing and all state assessments are completed using computer labs and chromebooks.</p>
<div>Early Childhood Education:</div>	<p>We have a Pre-School and Pre-Kindergarten program here at OCS. The program meets every day from 8:30-12:00pm. We educate students as young as 3 years old as part of our Early Intervention Program. The Pre-Kindergarten program uses the Creative Classroom Curriculum. We have had a full day Kindergarten program for ten years. The Kindergarten students have access to World languages, Music,Art, Physical Education and the most up-to-date kindergarten curriculum based on the NJSLS></p>

Other Information:

A few more things everyone should know about Oxford Central School: We offer Pre-School, Pre-Kindergarten, an Autism Program and a weekly BCBA consults for all staff. Students come to school on a 182-day schedule and we are part of the Warren Hills Cluster Curriculum teams that develop and unify K-8 curriculum. We are an Inter-District School Choice district, have full, 24-hour video surveillance, our Theater program is thriving and our arts program is always improving. Since 2006, we have had an OCS program featured on Classroom Close-up four times and been the subject of national magazine articles and even an episode of Fox and Friends. We won the Mylan Industries grant for promoting allergy and asthma awareness back in 2010. For 15 years, we have instituted the Rutgers/ MARE program, a cross-curricular approach to study the marine environment. We have recently had three students win the Partnership for a Drug-Free NJ Public Service Announcement contest and have seen many state winners in the annual PTA Reflections program. We have worked tirelessly for many years to build and promote programs that our community could be proud of and retain our small town atmosphere. We feel we are succeeding.
