Transcript From February 26, 2013 Budget Address:

Governor Christie: While Sandy is a challenge that has confronted us today, the most important investment we can make for our long term future is in education. Therefore, for the third year in a row, I am increasing state aid to New Jersey's schools. This budget provides an increase of \$97 million for school aid, bringing total state aid to education to almost \$9 billion – an all-time record, for the second year in a row. Despite the difficulties and challenges we have faced, we are setting records in supporting our children in K to 12 and we need not to turn back from this commitment. With this budget, 378 school districts will see funding increases and no district, no district in New Jersey will experience a decline in K-12 formula school aid for Fiscal Year 2014.
