Revisions to Local Jurisdictions Personnel Manual Concerning the Hatch Act

On December 31, 1975, the Civil Service Commission, pursuant to authority of N.J.S.A. 11:5-1 and in accordance with applicable provisions of the Administrative Procedure Act, adopted revisions to Subparts 21-3.101 and 21-3.102 of the Civil Service Personnel Manual (Local Jurisdictions) concerning the Hatch Act.

Full text of the adopted revisions follows:

Subpart 21-3.101 Information—Hatch Act

21-3.101a Subject

This Subpart deals with the restrictions on political activities of State officers subject to the provisions of the Hatch Act as modified by Section 401(a) of the Federal Elections Campaign Act Amendments of 1974.

21-3.101b Authority

In instances where an appointing authority administers activities and programs which are financed in whole or in part by loans or grants made by the United States Government to the county or municipality, the executive or administrative head and employees of such appointing authority fall within the purview of the limitations on political activity spelled out in the Hatch Act. 5 U.S.C. 1501 et seq. The restrictions on political activities of officers and employees are set forth in Section 1502(a) as follows:

(a) A State or local officer or employee may not:

(1) Use his official authority or influence for the purpose of interfering with or affecting the result of an election or a nomination for office;

(2) Directly or indirectly coerce, attempt to coerce, command or advise a State or local officer or employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes; or

(3) Take an active part in political management or in political campaigns.

Section 401(a) of the Federal Elections Campaign Act Amendments of 1974 (P.L. 93-443) significantly modified the restrictions imposed on political activities of appointing authorities, officers and employees insofar as it eliminates any ban on active participation in political management and campaigns as of January 1, 1975. The restriction imposed by Section 1502(a)(3) of the Hatch Act as of January 1, 1975 simply forecloses officials or employees from being a candidate for partisan elective office. Therefore, officers and employees subject to the political limitations imposed by the Hatch Act may take an active part in political management and in political campaigns as of January 1, 1975 except that they may not be candidates for partisan elective office. However, the limitations on political activities set forth in Section 1502(a)(1) and (2) of the Act relating to the use of official influence on elections and coercion of employees to contribute for political purposes remain in force and effect.

local government or by a recognized religious, philanthropic or cultural organization.

Emergency Rule on Sea Clams

On December 30, 1975, David J. Bardin, Commissioner of Environmental Protection, pursuant to authority of N.J. S.A. 50:1-5, 13:1B-42, 13:1D-4, 13:1D-9 and in accordance with applicable provisions of the Administrative Procedure Act, adopted an emergency rule concerning sea clams. Such rule is known within the Department of Environmental Protection as Docket No. DEP 060-75-12.

Full text of the adopted rule follows:

SUBCHAPTER 12. SEA CLAMS

7:25-12.1 Preservation of sea clams resource in New Jersey

(a) No person shall possess any sea clam (*Mactra solidissima*, also known as *Spisula solidissima*) smaller than four and one-half inches (114 millimeters) in length, measured on the largest axis of the shell. Such measurement shall be based upon a three-bushel sample taken from two

or more cages in possession or control, and the total number of undersized clams in possession shall not exceed ten per cent by number of the three-bushel sample.

1. Such size limitations as established above shall apply regardless of the ownership of the clams; however, nothing in this regulation shall be construed to apply to research programs conducted under the auspices of the Department of Environmental Protection. In addition, nothing in this regulation shall apply to the harvesting of bait clams from condemned waters under the applicable permit of the Department of Environmental Protection.

(b) The term "person" as used in this regulation shall include, but shall not be limited to, the captain or other person responsible for the operation of the harvest vessel, the manager or owner of the processing plant where the clams are inspected, or the record owner of the clams.

(c) For the purpose of enforcing this regulation effectively, all sea clams taken from the waters of this State shall be first landed in New Jersey, and each cage shall be tagged to show the vessel which harvested the clams and the date harvested. Such tag shall be removed when the cage is empty. These rules and regulations may be enforced by any and all enforcement personnel of the Department of Environmental Protection.

(d) Beginning January 5, 1976, each licensee, pursuant to P.L. 1950, c.310, shall each week provide a written report to the Director of the Division of Fish, Game and Shellfisheries specifying:

1. The amount of sea clams harvested in New Jersey waters;
2. The latitude and longitude of area dredged; and
3. The hours of each day during which sea clams were taken.

(e) Beginning January 1, 1976, a fee of 1.5 cents shall be collected for each bushel of sea clams landed in this State, in order to defray a portion of the administrative and enforcement costs borne by the State in this matter. Each licensee shall certify monthly to the Commissioner on forms provided by the Department the number of bushels landed, and payment according to the schedule outlined above shall accompany the certification. Such payment shall be by check, made payable to "Treasurer, State of New Jersey".

(f) If any provision of these regulations or the application to any person or circumstances is held invalid, the remainder of the regulations and the application of such provisions to persons or circumstances other than those to which it is held invalid, shall not be affected thereby.

These rules and regulations were made effective without prior notice or opportunity to comment. They will be revised or ratified, however, in light of written comments submitted within 30 days of publication to:

Russell Cookingham
Director, Division of Fish, Game and Shellfisheries
Department of Environmental Protection
P.O. Box 1390

Commissioner Bardin is considering, but has not decided whether to adopt an increased fee of up to ten cents per bushel for sea clams landed in this State and a proposal to limit the dredging of sea clams to daylight hours. Interested persons should comment on this proposal within 30 days in writing to Director Cookingham at the above address.

An order adopting this rule was filed on December 30, 1975, as R.1975 d.384 (Exempt, Emergency Rule) to become effective on January 1, 1976.

Proposed Revisions Concerning Administration

The State Health Benefits Commission in the Division of Pensions in the Department of the Treasury, pursuant to authority of N.J.S.A. 52:14-17.27 et seq., proposes to revise a portion of its rules concerning administration.

Full text of the proposed revisions follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

17:9-1.5 Voluntary termination of employer; notice

(a) A resolution furnished by the Division of Pensions must be completed by employers who wish to voluntarily terminate their participation in the program.

[(a)] (b) For purposes of local coverage, where a participating employer voluntarily terminates coverage, the coverage for his active and retired employees shall terminate [at the end of the coverage period corresponding to the premiums that have been transmitted to the carriers by the Division of Pensions.] as of the first of the month following a 60-day period beginning with the receipt of the resolution by the Health Benefits Commission. The employer shall be barred as a participating employer from future reentry into the program.

(c) The employer shall notify all active employees of the date their coverage in the program has terminated.

[(b)] (d) The Division of Pensions shall act to notify all retired employees or survivors of the termination of coverage.

17:9-2.3 Annual enrollment period

(a) Any employee who shall elect not to enroll for coverage for himself or for his dependents at the time such employee or dependent first becomes eligible for coverage shall subsequently be permitted to enroll himself and his dependents only during the annual enrollment period, which is the month of May of each year with coverage effective for the first coverage period in [July] August in the case of State coverage and the month of January with coverage effective April 1 in the case of local coverage.

(b) The annual enrollment period will be the annual opportunity for employees to elect participation in a health maintenance organization for themselves and their dependents. The change in the election cannot be made more frequently than once a year except where the employee moves and is no longer able to be serviced by a health maintenance organization or the health maintenance organization is terminated.

17:9-2.9 Transfers

(a) In order to provide mobility to employees of participating employers, as well as of the State, employees who transfer from one State payroll to another, or from one participating employer to another, or from the State to a participating employer, or from a participating employer to the State, may continue coverage under the program as long as they enter the service of the new employer in a period for which contributions have already been made; however, if coverage has been terminated, the

employee will again have to satisfy the two-month, continuous-employment waiting period and the actively-at-work requirement in order to obtain the coverage again.

(b) Employees who will have the option of traditional coverage or electing HMO participation upon a transfer, as described in subsection (a) above, a 30-day period will be available for the selection of coverage during which period their former coverage will be continued.

17:9-2.10 HMO election; same employer [(Reserved)]

Employees who locate in an area serviced by a participating HMO will have a 30-day period for the selection of coverage during which period their former coverage will be continued. The status of employees, who have no HMO election to make, will be the same as that described for employees who transfer. (See N.J.A.C. 17:9-2.9(a)).

Proposed Revisions Concerning Judicial Retirement System

The State House Commission in the Division of Pensions in the Department of the Treasury, pursuant to authority of N.J.S.A. 43:6A-1 et seq., proposes to revise a portion of its rules concerning the judicial retirement system.

Full text of the proposed revisions follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

17:10-1.10 Survivor benefits; establishing dependency

(a) Proof of dependency shall be established by the filing of an affidavit of dependency, supported by the deceased and the claimant's income tax returns, for the period immediately preceding the death or accident.

(b) A parent will be deemed to be dependent on the member if they were accepted as dependents of the member for Federal income tax purposes.

17:10-3.4 Survivor benefits

[(a) Payment of benefits to eligible survivors shall become effective as follows:

1. No partial or fractional part of a monthly pension will be paid due to the death of the beneficiary within such month. A surviving beneficiary who is found eligible for continuing benefits due to the death of a retired member will receive a monthly pension for the full month in which the member died.

2. A beneficiary eligible for pension due to the death of an active member will receive a full monthly pension for the month following the member's death.

3. In determining the moneys to be established as reserves for widows or widowers with dependent children, the tables appropriate for widow and widower beneficiaries shall be used without change.]

(a) Payment of benefits to eligible survivors shall become effective on the first of the month of the member's death and shall terminate as of the month in which the survivor no longer qualifies for such benefits.

(b) In the instance of survivors of members who die in service, the initial pension payment will be for the month following the month in which the member died, and the last payment will cover the month immediately preceding the month the survivor dies or ceases to qualify for the continuance of benefits.

17:10-5.3 Effective date; changes

(a) A member shall have the right to withdraw, cancel or change an application for retirement at any time before his pension becomes due and payable; thereafter, the retirement shall stand as approved by the commission. Except in the event of deferred retirement, if a member requests a change in his pension before his pension becomes due and payable, said change will require approval of the commission and the revised pension shall not become due and payable until 30 days have elapsed following the effective date or the date the Commission met and approved the change in the member's retirement application, whichever is later.

(b) A deferred retirement shall become effective on the first of the month following the member's 60th birthday. In the case of deferred retirement, if an applicant desires to amend his retirement application, the amended application must be filed with the system a minimum of [30 days] one month prior to his [60th birthday] effective date of retirement.

17:10-5.10 Medical examinations; physicians

Where the statute prescribes that a physician shall be designated by the retirement system to perform a medical examination, such physician shall be selected from the current membership directory of the New Jersey Medical Society; however, in order to expedite the processing of what appears to be terminal cases, the retirement system may accept hospital records, or other medical reports or records in lieu of an examination by a physician designated by the retirement system.

17:10-6.1 Interfund transfers; other State systems

(a) Interfund transfers between State-administered pension funds are permitted by reciprocal transfer arrangements and reflect year-for-year membership credits, unless otherwise provided for by the statute.

(b) Such transfers are subject to the requirements as follows:

1. A member desiring to transfer his credit shall file an application for "transfer of credit". This application will void all possible claim against the original system when approved and the new membership is commenced in the second system.

2. The member will direct by this transfer application that the full withdrawal of his contributions, if any, less any outstanding loan shall be returned to him, subject to laws regulating such funds in the first system.

3. A copy of the transfer application and a statement of the service credits being transferred is to be forwarded to the second system.

4. The initial system will cause to be valued the reserves accrued for such employee as compared to reserves required in the second system.

i. If the reserves accumulated or provided for in the first system are less than those required in the second system, the full reserve will be transferred.

ii. If the reserves accumulated or provided for in the first system are more than required in the second system, only the amount required to establish the credit will be transferred.

5. Years of credit will be subject to the benefit formula of the second system after transfer.

6. The member will contribute to the second system at a rate based on the age at the time of his enrollment in the first system [, where such contributions are prescribed].

7. This procedure would not apply where a member does not make a timely transfer in accordance with N.J.S.A. 43:2-1 et seq., or who has been granted a deferred retirement allowance by another State-administered retirement system.

UNIT PRICING OF GOODS IS NOW LAW

Governor Brendan Byrne recently signed a bill designed to make it easier to shop for better prices on food and household goods by providing for unit pricing of consumer commodities.

"This new law will be extremely beneficial to consumers in this time of rampant inflation," said Byrne. "It will help shoppers know where to look for bargains by comparing one unit price with another."

The Governor pointed out that some supermarket chains in New Jersey already have instituted unit pricing voluntarily.

The new law, to be administered by the Director of the State Division of Consumer Affairs, provides that the Director issue regulations to implement the program; he is also empowered to exempt smaller stores which have either gross receipts of less than \$2 million a year or occupy less than 4,000 square feet of floor space. Stores which meet both requirements are automatically exempt.

FHA LOANS AVAILABLE TO FARMERS

State Secretary of Agriculture Phillip Alampi urges that farmers interested in learning about Farmers Home Administration additional funding for farm loans contact the FHA county office nearest them. C. William Haines Jr., State director, has advised the Secretary that

qualified farmers should take advantage of the additional appropriations of \$1,930,000 for farm real estate loans and \$1,980,000 for farm operating loans.

Any funds not loaned by April 15, 1976 will revert from New Jersey to a national pool and be available to all states on a first come, first served basis.

Farm ownership loans bear an interest rate of five per cent and can be amortized up to 40 years. They can be used to purchase land, construct essential farm buildings and carry out many other authorized purposes.

Information on the FHA program may be obtained from the local county office or Albert H. Leu, coordinator, Rural Development, P.O. Box 1888, Trenton, N.J. 08625, telephone (609) 292-8895.

EXPAND REDUCED FARES FOR OLDSTERS

Governor Brendan Byrne recently signed into law a bill which provides a major expansion of the reduced-fare bus program for senior citizens.

Sponsored by Assemblyman Kenneth A. Gewertz, D-Gloucester, the new law extends the program to handicapped persons and expands it to also apply to railroad service. Also, it now covers interstate bus service as well as intrastate.

"This bill means that for the first time, handicapped citizens regardless of their age will be eligible for the reduced fare program," said Byrne. "In addition, hundreds of thousands of senior citizens and handicapped persons will be able to ride the trains and interstate buses at reduced fares," he said.

The Governor pointed out that more than 320,000 senior citizens already are taking part in the reduced-fare program.

Under the program originally established in 1973, persons 62 years of age or older are eligible to ride buses at half-fare during off-peak hours.

SOIL EROSION CONTROL NOW REQUIRED FOR ALL DEVELOPMENT

Phillip Alampi, State Secretary of Agriculture and chairman of the State Soil Conservation Committee, has commented on the standards and regulations of the Committee for soil erosion and sedimentation control to implement Chapter 251, Public Laws of 1975.

(The interim regulations are subject to public comment for 90 days from their publication in the January 8, 1976, New Jersey Register, Alampi said. The new rules appeared in last month's Register as R.1975 d.360 at 8 N.J.R. 3.)

The regulations require local soil conservation districts to certify plans for construction projects involving land areas of over 5,000 square feet before municipalities may grant development approval. Specifically exempted are single-family dwellings (unless part of a subdivision with two or more homes) or projects which disturb less than 5,000 square feet of land. Vegetative and engineering erosion control standards are provided for in the regulations.

The regulations are of vital importance to all developers, Alampi said, because by statute no municipality can approve any plan for development without certification by a Soil Conservation District that the project incorporates a soil erosion and sediment control plan which meets uniform soil erosion and sediment control standards.

The regulations are important to residents of New Jersey as well, he added. When land is disturbed by major construction projects, soil erosion and resulting sedimentation

REGISTER BOUND VOLUME NOW AVAILABLE AT \$13

Orders are now being filled for the annual bound volume of 1975 issues of the New Jersey Register.

Price is \$13 per copy, payable in advance, with shipment postpaid.

In addition to the 12 issues, the 586-page volume contains an index of all rules adopted during the year—and of rules proposed but not yet adopted at year-end.

A similar cumulative index for 1974 is also included.

Other bound volumes for the years 1974, 1973 and 1972 are also available at the same price.

Checks should be made out to, and orders placed with: Division of Administrative Procedure, 10 North Stockton St., Trenton, N.J. 08608.

cause problems for many. Some of these problems may not become apparent until years later.

Costs for sediment removal are estimated to be 20 times the cost of land treatment to prevent the erosion in the first place. The loss of stream flow capacity because of sediment deposits is responsible for flood damage. The loss of water quality from silt or sediment is a major concern of Federal and State water quality agencies. All of these losses become a burden upon unsuspecting downstream landowners who have had no way to control the upstream problems.

New Jersey is the 13th State in the nation to enact mandatory erosion control legislation. The significance of the legislation is that it provides a preventive rather than a corrective approach to this environmental problem. Through this preventive approach, Chapter 251 has the potential for saving millions of dollars in unnecessary public expenditures to correct sedimentation and flooding problems.

Information and copies of the regulations are available at any district office as listed in last month's Register, or from the State Soil Conservation Committee, Department of Agriculture, P.O. Box 1888, Trenton, N.J.

SWITCHING VOTE IN PRIMARY NOW REQUIRES ADVANCE NOTICE

Governor Brendan Byrne recently signed into law a bill which requires persons who wish to change political party affiliations to vote in a primary election to declare their intention to do so.

Sponsored by Sen. James P. Dugan, D-Hudson, the new law requires persons to file such a declaration with either the municipal clerk or the county board of elections at least 50 days prior to primary election date.

The filing is not required by persons who have never voted in a primary election.

Since 1972, voters had been permitted to cross over from year to year and vote in the primary of a different political party. Prior to 1972, State law prohibited persons who had voted in the primary of a political party from voting in the primary of a different party until two primary elections had elapsed without their casting a vote.

This earlier law was invalidated by a Federal court.

NEW "UNEARNED INCOME" TAX SEEN AFFECTING RELATIVELY FEW: ANY CHANGES WILL BE IN REGISTER

The new State tax on capital gains and other unearned income in 1975 will apply to relatively few taxpayers, according to State Tax Director Sidney Glaser.

The Director of the Division of Taxation in the Treasury Department pointed out that people with low to medium incomes will pay little or no tax.

This applies particularly to senior citizens, he said, since the new tax does not apply to any individual with adjusted gross income of less than \$7,500 or a couple with income under \$15,000 — and when income is above these amounts, senior citizens have double exemptions.

He emphasized that the tax, known as TUI-500, does not apply to any income derived from salary, wages, pensions, annuities or Social Security payments, among other sources.

The new tax is part of the emergency fund-raising package adopted last year by the State Legislature.

Glaser said his Tax Division is in the process of mailing to taxpayers who might be affected a packet containing the official two-page tax return along with six pages of instructions and a pamphlet providing general information in simple question-and-answer form.

While some three million Jersey residents pay Federal income taxes, he is estimating that only about 60,000 to 70,000 will have to pay the new State "unearned income" tax. However, the information mailing is being sent to about three times that number as a precautionary measure, Glaser added.

Glaser advised any person who believes he may be liable for the tax to call on one of the six Tax Division field offices in Cherry Hill, Neptune, Newark, Paramus, Somerville or Vineland. The same information may also be obtained by phone from the main office in Trenton, at (609) 292-7580 and for copies of the tax return form, (609) 292-7592. Mailing address is P.O. Box 1378, Trenton, N.J. 08625.

The Director noted that payment in full is due April 15 and said the return form should be filled out after completing figures for the Federal tax return, which is due the same day.

The tax covers sales of property, estate or trust income, royalties, interest and dividends and some but not all partnership profits realized during calendar year 1975.

Glaser said that a single person with gross income of \$7,500 is not taxed on the first \$1,000 of "unearned" income. This exemption is \$2,000 for a couple making \$15,000. These exemptions are doubled for senior citizens over 65.

The tax is on a sliding scale, from 1.5 per cent on \$1,000 in unearned income, rising by one-half per cent to an 8 per cent rate for unearned income above \$25,000. However, interest and dividends are taxed generally at half these rates.

Glaser said that all amendments or clarifications of the new law will be published in the form of amended rules in the New Jersey Register as soon as possible.
