SUBCHAPTER 30. ACCELERATED DEATH BENEFITS

11:4-30.1 Purpose

The purpose of these rules is to regulate the content, filing and disclosure of information to individual policy

owners and group certificate holders with respect to accelerated death benefit provisions of life insurance policies.

11:4-30.2 Application and scope

These rules shall apply to all accelerated death benefit provisions of individual and group life insurance policies delivered or issued for delivery in this State on and after September 18, 1995.

11:4-30.3 Definitions

The following terms, when used in this subchapter, shall have the following meanings:

“Accelerated death benefits” means the advance settlement of death proceeds payable under a life insurance contract:

1. To the policy owner or certificate holder, during the lifetime of the insured, when the insured is reasonably expected to have a drastically limited life span;
2. Which reduce the death benefit otherwise payable under the contract through a total or partial surrender of the contract or imposition of a lien upon the death benefits; and
3. Which are payable upon the occurrence of a single qualifying event resulting in the payment of a benefit amount fixed at the time of acceleration.

“Commissioner” means the Commissioner of the Department of Banking and Insurance, State of New Jersey.

“Department” means the Department of Banking and Insurance.

“Qualifying event” means a medical condition which is reasonably expected to result in a drastically limited life span for the insured, such limitation to be specified in the contract; for example, a remaining life span of 24 months. At the option of the insurer, the contract may also define qualifying events to include:

1. Those medical conditions which result in a limited life span and which are reasonably expected to require continuous confinement in an eligible institution, as defined in the contract, until the death of the insured;
2. A chronic illness as defined in 26 U.S.C. § 7702B(c)(2)(A); and
3. Any other qualifying events which the Commissioner may approve.

Amended by R.2000 d.170, effective April 17, 2000.

See: 32 N.J.R. 167(a), 32 N.J.R. 1396(a).

Inserted “Department”.

Amended by R.2003 d.234, effective June 16, 2003.

See: 34 N.J.R. 3193(a), 35 N.J.R. 2648(a).

Rewrote “Qualifying event”.

11:4-30.4 Permitted forms of accelerated death benefit provisions

Accelerated death benefit provisions will be permitted in the form of either a total or partial surrender of the policy or a lien on the death benefits.

11:4-30.5 Partial surrender

(a) Under the partial surrender approach, the insured in the case of group insurance or the policy owner in the case of individual insurance is permitted to accelerate the payment of a portion of the death benefit, which portion is specified in the contract, through a partial surrender of the contract. The cash value is reduced by the same percentage as the death benefit. The premium in individual life policies is reduced to the premium that would apply had the contract been issued at the reduced amount of death benefit. The premium in group life policies is reduced to reflect the remaining amount of insurance in effect.

(b) The following requirements apply to accelerated death benefit options which utilize the partial surrender approach.

1. The amount of the accelerated death benefit may be applied to repayment of an outstanding policy loan but only up to the amount of the outstanding policy loan multiplied by the percentage of the death benefits which have been accelerated. For example, where a policy owner or certificate holder has a death benefit of \$100,000 with an outstanding policy loan of \$20,000 and seeks to accelerate the payment of \$25,000 or 25 percent of the death benefit, the \$25,000 may be applied to repay up to 25 percent of the outstanding policy loan of \$20,000. Thus, of the \$25,000 accelerated payment, \$5,000 may be applied to repayment of the policy loan and \$20,000 may be paid to the policy owner or certificate holder.

2. Under the partial surrender method, the premium is reduced to the premium that would apply had the contract been issued at the reduced amount and may be further reduced according to some defined formula, or become paid-up.

3. The insurer may pay the policy owner or certificate holder a present value of the death benefit which is being accelerated. The present value calculation shall be based on any actuarial discount appropriate to the policy design. The interest rate or interest rate methodology used in the calculation shall be based on sound actuarial principles and disclosed in the contract and actuarial memorandum. The maximum interest rate shall not exceed the greater of:

- i. The current yield on 90-day treasury bills; or
- ii. The current maximum statutory adjustable policy loan interest rate.

11:4-30.6 Lien

(a) Under the lien approach, the payment to the policy owner or certificate holder of the accelerated death benefit is treated as a lien on the death benefits of the contract.

Expense charges may be added to the lien. Due and unpaid premiums may be included in the lien after the automatic premium loan, if available, is exercised. Access to cash value may be restricted to the excess of the cash value over the sum of the lien and any other outstanding policy loans.

(e) The one-year valuation premium means the net one-year premium based upon the original schedule of benefits for a given policy year. The one-year valuation premiums for all policy years are calculated at issue. The select mortality factors defined at N.J.A.C. 11:4-32.3(b)2, 3 and 4 may not be used to calculate the one-year valuation premiums.

(f) The one-year valuation premium should reflect the frequency of fund processing, as well as the distribution of deaths assumption employed in the calculation of the monthly mortality charges to the fund.

(g) Basic reserves for the secondary guarantees shall be the segmented reserves for the secondary guarantee period. In calculating the segments and the segmented reserves, the gross premiums shall be set equal to the specified premiums, if any, or otherwise to the minimum premiums, that keep the policy in force and the segments will be determined according to the contract segmentation method as defined at N.J.A.C. 11:4-32.2.

(h) Deficiency reserves, if any, for the secondary guarantees shall be calculated for the secondary guarantee period in the same manner as described at N.J.A.C. 11:4-32.4(b) with gross premiums set equal to the specified premiums, if any, or otherwise to the minimum premiums that keep the policy in force.

(i) The minimum reserves during the secondary guarantee period are the greater of:

1. The basic reserves for the secondary guarantee plus the deficiency reserve, if any, for the secondary guarantees; or
2. The minimum reserves required by other rules governing universal life plans.

(j) Any contract provision that keeps the death benefit in force beyond the period using the guaranteed terms of the contract that would cause the policy values to be zero must be valued consistently with the principles underlying this subchapter. The methods of valuation, if other than those required by this subchapter, must be submitted to the Commissioner for approval.

Administrative correction.
See: 32 N.J.R. 477(a).

11:4-32.6 Operative date

This subchapter shall become operative January 1, 2000, except that insurers meeting the requirements of N.J.A.C. 11:4-32.1(c)6 and obtaining the approval of the Commissioner to calculate reserves for policies issued prior to January 1, 2000 using the methods and assumptions described in this subchapter may elect an operative date of December 31, 1999 for reporting purposes.

APPENDIX

SELECT MORTALITY FACTORS

The six tables of select mortality factors contained herein include: (1) male aggregate, (2) male nonsmoker, (3) male smoker, (4) female aggregate, (5) female nonsmoker, and (6) female smoker.

These tables apply to both age last birthday and age nearest birthday mortality tables.

For sex-blended mortality tables, compute select mortality factors in the same proportion as the underlying mortality. For example, for the 1980 CSO-B Table, the calculated select mortality factors are 80 percent of the appropriate male table in this Appendix, plus 20 percent of the appropriate female table in this Appendix.

SUBCHAPTER 33. EXCESS INTEREST RESERVE ADJUSTMENT

11:4-33.1 Purpose

This subchapter establishes procedures for modifying the calculation of excess interest reserves when a life insurer guarantees to credit policy values with interest which exceeds the maximum valuation rate prescribed in N.J.S.A. 17B:19-8. This subchapter does not limit or restrict any other requirement of law.

11:4-33.2 Applicability and scope

This subchapter applies to all life insurance policies, pure endowment and annuity contracts issued by an insurer transacting business in this State in which the insurer has committed to crediting interest to policy values for any period that extends beyond the valuation date at a rate that exceeds the maximum valuation rate as specified and defined in N.J.S.A. 17B:19-8.

11:4-33.3 Requirements

(a) In addition to the basic policy reserve required under N.J.S.A. 17B:19-8, a life insurer is also required by N.J.S.A. 17B:19-8 to establish an excess interest reserve whenever the insurer has committed to crediting interest to policy values for any period of time that extends beyond the valuation date at a rate that exceeds the maximum valuation interest rate.

(b) The amount of the excess interest reserve required equals the total amount of the excess interest commitment, discounted to the valuation date using an interest rate not greater than the maximum rate prescribed under N.J.S.A. 17B:19-8.

(c) Upon written request by an insurer to the Commissioner, the Commissioner may determine that the excess interest reserve calculated on that portion of the policy value encumbered by a policy loan is not required. In making such determination, the Commissioner shall consider the following:

1. The relationship between any minimum guaranteed interest rate, the maximum valuation interest rate and interest rate commitment; and
2. Such other information which the Commissioner deems necessary to make a determination.

11:4-33.4 Separability

If any provision of this subchapter or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the subchapter and the application of such provision to other persons or circumstances shall not be affected thereby.

SUBCHAPTER 34. LONG-TERM CARE INSURANCE

11:4-34.1 Purpose

The purpose of this subchapter is to implement the insurance laws of this State, to promote the public interest, to promote the availability of long-term care insurance coverage, to protect applicants for long-term care insurance, as defined, from unfair or deceptive sales or enrollment practices, to facilitate public understanding and comparison of long-term care insurance coverages, and to facilitate flexibility and innovation in the development of long-term care insurance.

11:4-34.2 Applicability and scope

Except as otherwise specifically provided, this subchapter applies to all long-term care insurance policies delivered or issued for delivery in this State on or after the effective date hereof, by insurers; fraternal benefit societies, nonprofit health, hospital and medical service corporations; prepaid health plans; health maintenance organizations and all similar organizations.

11:4-34.3 Definitions

Unless the context requires otherwise, the definitions in this section shall apply throughout this subchapter.

“Applicant” means:

1. In the case of an individual long-term care insurance policy, the person who seeks to contract for benefits, and
2. In the case of a group long-term care insurance policy, the proposed certificate holder.

“Certificate” means, for the purposes of these rules, any certificate issued under a group long-term care insurance policy, which policy has been delivered or issued for delivery in this State.

“Commissioner” means the Commissioner of Banking and Insurance.

“Guaranteed renewable” means long-term care insurance coverage which grants an insured the right to continue the policy in force by the timely payment of premiums and in which the insurer has no right to unilaterally change any provision of the policy while the policy is in force, except that the insurer may make changes in premium rates by classes.

“Group long-term care insurance” means a long-term care insurance policy which is delivered or issued for delivery in this State and issued to:

1. A group conforming to one of the descriptions set forth in N.J.S.A. 17B:27-2 to N.J.S.A. 17B:27-8 inclusive or N.J.S.A. 17B:27-27.

2. A group other than as described in paragraph 1, subject to a finding by the Commissioner that:

- i. The issuance of the group policy is not contrary to the best interests of the public;
- ii. The issuance of the group policy would result in economies of acquisition or administration; and
- iii. The benefits are reasonable in relation to the premiums charged.

“Long-term care insurance” means any insurance policy or rider advertised, marketed, offered or designed to provide benefits for not less than 24 consecutive months either over the life of the policy or per occurrence for such covered person on an expense incurred, indemnity, prepaid or other basis; for one or more medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than acute care unit of a hospital. Such term includes group and individual policies or riders whether issued by insurers, fraternal benefit societies, nonprofit health, hospital and medical service corporations, prepaid health plans, health maintenance organizations or any similar organization. Long-term care insurance shall not include any insurance policy or rider which is offered primarily to provide life insurance coverage, term of care coverage of less than 24 months either over the life of the policy or per occurrence, basic Medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income protection coverage, accident only coverage, specified disease or specified accident coverage, mental health or substance abuse coverage, or limited benefit health coverage.

“Noncancellable” means long-term care insurance coverage which gives the insured the right to continue the insurance in force by the timely payment of premiums set forth in the policy and in which the insurer has no right to unilaterally change any provision of the policy while the policy is in force.

“Policy” means, for the purposes of these rules, any policy, contract, subscriber agreement, rider or endorsement delivered or issued for delivery in this State by an insurer, fraternal benefit society, nonprofit health, hospital, or medical service corporation, prepaid health plan, health maintenance organization or any similar organization.

Amended by R.1996 d.180, effective April 1, 1996.
See: 27 N.J.R. 3725(a), 28 N.J.R. 1882(a).

Added “guaranteed renewable” and “noncancellable” and amended “long-term care insurance”.

Amended by R.2001 d.7, effective January 2, 2001.
See: 32 N.J.R. 3546(a), 33 N.J.R. 101(a).

11:4-34.4 Filing requirement

No group long-term care insurance coverage may be offered to a resident of this State under a group policy issued in another state to a group described in paragraph 2 of the definition of “group long-term care insurance” (N.J.A.C. 11:4-34.3), unless the group policy or certificate thereunder has been submitted to and filed by the Commissioner in accordance with the laws and regulations of this State.

11:4-34.5 Policy definitions

(a) No long-term care insurance policy delivered or issued for delivery in this State shall use the terms set forth below, unless the terms are defined in the policy and the definitions satisfy the following requirements.

1. “Medicare” shall be defined as “The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 as Then Constituted or Later Amended,” or “Title I, Part I of Public Law 89-97, as Enacted by the Eighty-Ninth Congress of the United States of America and popularly known as the Health Insurance for the Aged Act, as then constituted and any later amendments or substitutes thereof,” or words of similar import.

2. “Mental or nervous disorder” shall not be defined to include more than neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disorder.

3. “Skilled nursing care,” “intermediate care,” “personal care,” “home care,” and other services shall be defined in relation to the level of skill required, the nature of the care and the setting in which care must be delivered.

4. “All providers of services, including but not limited to “skilled nursing facility,” “extended care facility,” “intermediate care facility,” “convalescent nursing home,” “personal care facility,” and “home care agency” shall be defined in relation to the services and facilities required to be available and the licensure or degree status of those providing or supervising the services. The definition shall require that the provider be appropriately licensed or certified.

11:4-34.6 Policy practices, provisions and prohibitions

(a) No long-term care insurance policy shall:

1. Be cancelled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

2. Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

3. Provide coverage for skilled nursing care only, or provide coverage for skilled care in a facility which is more than double the coverage for lower levels of care in a facility, or provide coverage that conditions eligibility for benefits for levels of care on the receipt of higher levels of care; or

4. Require prior institutionalization to condition, limit or restrict eligibility for benefits; or

5. Require for purposes of a restoration of benefits provision that the period between confinements be more than six months; or

6. Contain a mandatory case management provision; or

7. Contain renewal provisions other than guaranteed renewable or noncancellable.

(b) Preexisting condition limitations in long-term care insurance policies or certificates shall not exclude coverage for more than six months after the effective date of coverage under the policy for a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage. Nothing, however, shall prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards.

(c) The loss ratio standards set forth in N.J.A.C. 11:4-18.5; the minimum standards provisions set forth in N.J.S.A. 17B:26-45 and N.J.A.C. 11:4-16, 17 and 18; and the reserve requirements set forth in N.J.S.A. 17B:19-5 and N.J.A.C. 11:4-6 are hereby incorporated by reference and shall apply to long-term care insurance, to the extent that such standards, provisions and requirements are not inconsistent with these rules.

(d) Individual long-term care insurance policyholders shall have the right to return the policy within 30 days of its delivery and to have the premium refunded if, after examination of the policy, the policyholder is not satisfied for any reason. Individual long-term care insurance policies shall have a notice prominently printed on the first page of the policy or attached thereto stating in substance that the policyholder shall have the right to return the policy within 30 days of its delivery and to have the premium refunded if, after examination of the policy, the policyholder is not satisfied for any reason. A person insured under a long-term care insurance policy issued pursuant to a direct response solicitation shall have the right to return the policy within 30 days of its delivery and to have the premium refunded, if, after examination, the insured person is not satisfied for any reason. Long-term care insurance policies issued pursuant to a direct response solicitation shall have a notice prominently printed on the first page or attached thereto stating in substance that the insured person shall have the right to return the policy within 30 days of its delivery and to have the premium refunded if after examination the insured person is not satisfied for any reason.

(e) A certificate issued pursuant to a group long-term care insurance policy delivered or issued for delivery in this State shall include:

1. A description of the principal benefits and coverage provided in the policy;
2. A statement of the principal exclusions, reductions and limitations contained in the policy; and
3. A statement that the group master policy determines governing contractual provisions.

1. There shall be a caption for the pre-authorization provision in both the policies and certificates that shall clearly state in prominent boldface type that benefits will be reduced for noncompliance with the requirements of the pre-authorization provision.

2. The pre-authorization provision shall include a process by which a covered person shall be able to appeal benefit denials (including, but not limited to, hospitalization admission denials, a reduction of benefits payable, rejected admissions and non-reviewed admissions), which process shall be described in detail and shall state a reasonable time period within which the covered person may expect the insurer (or any entity with which the insurer has contracted to perform such reviews on its behalf) to respond.

3. The penalty for noncompliance shall not exceed 50 percent of the charges which would otherwise be covered under the contract, policy or certificate. Schedules of penalties to be offered to policyholders (outlining the range of penalties for non-compliance with the pre-authorization provision) shall be submitted to the Department with the policy form filing.

4. If the pre-authorization provision incorporates an emergency treatment post-notification requirement with a notice deadline and penalty, the provision shall include a statement that post-deadline notice shall be accepted and the penalty waived if the covered person provides notification as soon as reasonably possible.

5. Inpatient and/or outpatient treatment for alcoholism as described at N.J.S.A. 17B:27-46.1 shall only be subject to pre-authorization provisions if all inpatient and/or outpatient treatments for other injuries and illnesses are subject to the same review.

(b) Incorporation of the required pre-authorization warning text in a certificate booklet, through certificate riders and/or insert pages shall not be acceptable.

(c) If an identification card is used for benefit certification purposes, a pre-authorization requirement warning similar to that contained in the policy and certificate shall be displayed on the identification card, along with a telephone number by which to contact the insurer regarding the pre-authorization provision.

1. A sample of the identification card along with a copy of any promotional and/or informational material which describes the preauthorization requirement shall be included with the initial form submission made to the Department.

11:4-42.9 Provisions for pre-existing condition exclusions and limitations

(a) Blanket and group policies and certificates providing life insurance or accidental death and dismemberment insurance benefits shall not subject such benefits to pre-existing condition exclusions and limitations.

(b) Group policies and certificates providing health insurance benefits, other than accidental death and dismemberment, may include pre-existing condition exclusions and limitations subject to the following:

1. A pre-existing condition may be defined no more restrictively than as an illness or injury for which the insured received treatment or advice from a physician or used prescription drugs within no more than a two year period prior to the effective date of coverage.

2. No policy, other than a policy providing group disability income insurance shall exclude coverage for a loss due to a pre-existing condition for a period greater than 24 months following the effective date of coverage, nor shall any policy provide any exclusion or limitation applicable to new losses due to a pre-existing condition after the 24-month (or lesser) period. Policies providing group disability income insurance may exclude coverage for losses beginning during the first 24 months after the effective date of coverage due to disabilities and recurrent disabilities which result from a pre-existing condition.

3. A succeeding insurer, in applying a pre-existing condition waiting period in its policy shall credit the covered person for satisfaction of the pre-existing condition waiting period under a prior policy or contract, or any portion thereof if the prior waiting period has not been satisfied in full.

4. No policy shall limit benefits to illnesses or injuries which first manifest themselves while the covered person is covered under the policy.

11:4-42.10 Prohibition on subrogation/third party liability provisions

(a) No policy or certificate providing group health insurance shall limit or exclude health benefits as the result of the covered person's sustaining a loss attributable to the actions of a third party.

(b) Insurers shall file with the Commissioner no later than December 31, 2002, endorsements that remove any subrogation and third party recovery provisions contained in previously filed contract, policy or certificate forms.

Repeal and New Rule, R.2002 d.245, effective August 5, 2002.
See: 34 N.J.R. 647(a), 34 N.J.R. 2798(a).

Section was "Provisions for subrogation and repayment of benefits".

Case Notes

The Insurance Commissioner's regulations authorizing subrogation and reimbursement provisions in health insurance contracts are limited to cases in which the statutory collateral source rule does not apply. *Perreira v. Rediger*, 778 A.2d 429 (2001).

11:4-42.11 Provisions concerning exclusions and limitations for the use of alcohol and drugs or relating to illegal occupations

(a) A blanket insurance policy or certificate or other group policy or certificate providing health insurance may include an exclusion for losses resulting from the covered person's use of alcohol or drugs, but such exclusion shall be worded no more restrictively than as follows:

"The insurer shall not be liable for any loss sustained or contracted as a consequence of the covered person's intoxication or being under the influence of any narcotic unless administered or consumed on the advice of a physician."

(b) A group policy or certificate providing health insurance may include an exclusion for losses resulting from the covered person's involvement in an illegal activity, but such exclusion shall not be worded more restrictively than as follows:

"The insurer shall not be liable for any loss to which a contributing cause was the covered person's commission of or attempt to commit a felony or to which a contributing cause was the covered person's engagement in an illegal occupation."

Amended by R.1997 d.513, effective December 1, 1997.
See: 29 N.J.R. 2232(a), 29 N.J.R. 5066(a).
Deleted (c).

11:4-42.12 Provisions for payment of benefits payable for automobile related injuries

(a) A group policy or certificate providing health insurance benefits shall not include any provision that restricts, limits, or excludes coverage of services or expenses, directly or indirectly, that otherwise are eligible under the policy or certificate on the grounds that such expenses or services would be covered under an automobile no-fault medical benefits plan for which the covered person would be eligible, nor shall the policy or certificate include an automobile no-fault medical plan for which the covered person would be eligible in the definition of "plan" in any coordination of benefits provision.

1. A group policy or certificate providing health insurance benefits shall contain the wording which appears in the Appendix to this subchapter, incorporated herein by reference, or any alternate wording that is at least as favorable to the covered person as the language contained in the Appendix, if the insurer intends to adjust its benefits by medical benefits payable under a group, group-type or individual automobile no-fault or traditional fault type contract.

11:4-42.13 Conversion of group life insurance coverage to an individual life insurance policy

(a) An insurer, in providing the conversion right required by N.J.S.A. 17B:27-19, shall treat the retirement of a covered person under a policy providing group life insurance as a termination of employment and shall permit the covered person to obtain, without evidence of insurability, an individual policy of life insurance.

(b) An insurer shall provide for a right of conversion to an individual policy for the amount of coverage that terminates when a covered person is transferred or transfers from one class of employee to another class of employee.

APPENDIX**BENEFITS PAYABLE FOR AUTOMOBILE RELATED INJURIES**

1. Definitions.

"Automobile Related Injury" means bodily injury sustained by an insured as a result of an accident while occupying, entering into, alighting from or using an automobile, or as a pedestrian, caused by an automobile or by an object propelled by or from an automobile.

"Allowable Expense" means a medically necessary, reasonable and customary item of expense covered by this (policy/certificate) or PIP at least in part as an Eligible Expense.

"Eligible Expense" means that portion of expense incurred for treatment of an injury which is covered under this (policy/certificate) without application of deductibles or co-payments, if any.

"Out-of-State Automobile Insurance Coverage" or "OSAIC" means any coverage for medical expenses under an automobile insurance policy other than PIP, as PIP is defined herein, including automobile insurance policies issued in another state or jurisdiction.

"PIP" means personal injury protection coverage (specifically those provisions for medical expense coverage) provided as part of an automobile insurance policy issued in New Jersey.

2. Application of this section.

When expenses are incurred as the result of an Automobile Related Injury, and the injured person has coverage under PIP or OSAIC, this section will be used to determine whether this (policy/certificate) provides coverage that is primary to such coverage or secondary to such coverage. It will also be used to determine the amount payable if this (policy/certificate) provides primary or secondary coverage.

3. Determination of primary or secondary coverage.

This (policy/certificate) provides secondary coverage to PIP unless health coverage has been elected as primary coverage by or for the person covered under this (policy/certificate). This election is made by the named insured under a PIP policy and affects that person's family members who are not themselves named insureds under another automobile policy. This (policy/certificate) may be primary for one covered person, but not for another if the persons have separate automobile insurance policies and have made different selections regarding primacy of health coverage.
