The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE**

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION (“Department” or “NJDEP”) intends to enter into a Stipulation of Settlement (“Settlement”) to resolve violations of the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et. seq.

The Settlement requires the property owner to restore approximately 20,000 square feet of Exceptional Resource Value wetland transition area, involving the removal of a 490 linear foot section of roadway, the regrading of those areas to pre-disturbance grades, and stabilization of the affected areas by plantings and seeding.

Because of a prior subdivision approval, the Settlement allows for the construction of one residential structure which is considered Exempt from the provisions of the Highlands Water Protection and Planning Act (N.J.S.A. 13:20-1 et seq.). The Settlement also acknowledges that Bryce may pursue the possible construction of a second Non-Exempt residential structure, subject to Bryce’s receipt of all necessary federal, state and local approvals, including municipal subdivision approval and all permits required by NJDEP, including a HWPPA approval. The Settlement does not obligate the Department to issue any permits for the second residential structure.

The Settlement also requires the execution of a Deed of Development Restriction for the approximately 26-acre site, and the filing of the said deed with the Office of the Passaic County Clerk. Finally, the Settlement requires the payment of a monetary penalty in the amount of \$11,250.00

**PUBLIC HEARING NOTICE
DEPARTMENT OF ENVIRONMENTAL PROTECTION
GREEN ACRES PROGRAM
NOTICE OF PUBLIC HEARINGS ON PROPOSED AUCTION OF SURPLUS RESIDENTIAL
PROPERTY IN THE TOWNSHIP OF FAIRFIELD, CUMBERLAND COUNTY**

Take Notice that in accordance with *N.J.S.A. 13:1D-51 through -58*, the State of New Jersey, Department of Environmental Protection, Green Acres Program, will hold two **public hearings** to seek comments on the proposed auction of surplus residential property in the Township of Fairfield, Cumberland County.

The property proposed for auction is located within 763 acres of property acquired by the Green Acres Program in 2007 as an addition to the Dix Wildlife Management Area. The property is known locally as Brickhouse Farm or Eagles Manor Farm. The street address for the property to be auctioned is 806 Back Neck Road, Bridgeton, New Jersey 08302. The Department proposes to auction approximately 11.7 acres within Block 51, Lot 1 in the Township of Fairfield, Cumberland County along with the following structures:

- A 272-year old three-story (5,200 square foot) brick and frame manor house.
- A 158-year old two-story (1,660 square foot) frame construction tenant house.
- A 1.5-story (1,800 square foot) boathouse, including a pier, dock (2,400 square foot) and boat lift.
- An ice house/barn (670 square foot).
- A milk house (750 square foot).
- A doll house (140 square foot).
- A 2 story (5,600 square foot) dairy/bird barn.
- A corn crib (640 square foot).
- A shop building (1,700 square foot) with an airplane hanger (1500 square foot).
- A pond and a kennel area (2,500 square foot).

A copy of a report analyzing the proposed transaction, including photographs of the structures and a more detailed description of each structure, is available online at www.nj.gov/dep/greenacres/notices.htm.

The exact lot size, minimum bid price and other auction conditions will be determined in consultation with the Department of Treasury prior to the auction. Based on discussions with the State Historic Preservation

Office, historic preservation restrictions will be imposed on the manor house and may be imposed on other structures as a condition of sale, as well as a no further subdivision restriction on the entire lot. The proposed conveyance will include the execution of two easements allowing the purchaser to use the existing driveway to access the area proposed for auction. As a condition of the sale, the Department will require the purchaser to install a new well within the 11.7-acre lot. If it is determined that the installation of the new well is not feasible within the 11.7-acre lot, DEP will execute an easement with the purchaser for the continued use of a well located outside the lot.

As required by *N.J.S.A. 13:1D-57*, the proceeds of the sale will be returned to the Garden State Preservation Trust Fund (or other appropriate Green Acres bond fund) for use in future open space acquisitions. State House Commission approval is required for this proposal. If approved, the Department anticipates that the auction will occur in late 2008.

The **first public hearing** on the proposed auction of this property will be held on:

Wednesday, May 7, 2008 at 6:00 PM at the
Fairfield Township Municipal Building
70 Fairton Gouldtown Road
Fairton, New Jersey 08320
(856) 451-9284

The hearing record for the first public hearing will close on May 21, 2008. Interested persons may obtain information from David R. Smith in the Green Acres Program or Anthony Petrongolo in the Division of Fish and Wildlife at the addresses below and may submit written comments to Mr. Smith until the close of business on May 21, 2008.

Approximately 60,000 gallons per day of wastewater from boiler & cooling tower blowdown, equipment & floor drains, truck containment and unloading area is being discharged to Atlantic County Utilities Authority's wastewater treatment plant. Wastewater from truck containment and unloading area is pretreated by an oil/water separator prior to discharge.</p> <p>With regard to the pollutants being monitored in accordance with the NJPDES/SIU permit issued to Midtown Thermal Control Center, a summary of the permittee's effluent data for the last five years indicates the applicant's discharge has no reasonable potential for adversely affecting the local agency's operations.</p> <p>In accordance with paragraph 3 of the significant indirect user definition, the State as a control authority has determined the applicant is not a significant indirect user. Hence, pursuant to N.J.A.C. 7:14A-21.9, the applicant is exempt from the requirement to obtain an individual NJPDES/SIU permit. Therefore, the Department proposes to revoke the existing NJPDES/SIU permit. The permittee may continue to discharge and shall comply with any pretreatment requirements of the local agency and requirements specified at N.J.A.C. 7:14A-21.</p> <p>The revocation action proposes to relieve the permittee of NJPDES/SIU permit requirements only. The permit action does not waive compliance with any federal, state and ACUA requirements.</p> <p>Comment period ends 30 days after publication in the Atlantic City Press.</p>
