special
permits.

2. Section 15 of the act of which this act is amendatory is amended to read as follows:

15. Except as hereinafter provided as to newspaperboys, no boy under 14 years of age and no girl under 18 years of age may engage in any street trade, which term, for the purpose of this section, shall include the selling, offering for sale, soliciting for, collecting for, displaying, or distributing any articles, goods, merchandise, commercial service, posters, circulars, newspapers or magazines or in

blackening shoes on any street or other public place or from house to house. No child under 12 years of age may be employed in agricultural pursuits.

Except as hereinafter provided as to newspaperboys, whenever a child under 16 years of age desires to work during such times as the schools of the district in which he resides are not in session in any street trade or in agricultural pursuits, the parent, guardian or other person having the custody and control of the child may file with the issuing officer in the school district in which the child resides an application for a special permit authorizing such work. Such application shall show the exact character of the work the child is to do, and the hours and wages and special conditions under which said work is to be performed.

If upon investigation it is found that the facts set forth in the application are true and that the work will not interfere with the child's health or standing in school, the issuing officer shall, upon presentation to him of the same proof of age as is required for the issuance of an employment certificate, issue a special permit, allowing the child to work at such times as the public schools in the district are not in session, but such work except in agricultural pursuits, and as newspaperboys, to be otherwise subject to the maximum hours of labor provisions set for minors under 16 years of age in section 3 of this act; provided, that nothing in this act shall prevent newspaperboys as defined in this act, between 12 and 14 years of age, from delivering, soliciting, selling and collecting for newspapers on routes in residential neighborhoods between the hours of 6:00 o'clock in the morning and 7:00 o'clock in the evening of any day; and newspaperboys 14 years of age and older from delivering, soliciting, selling and collecting for newspapers on routes in residential neighborhoods between the hours of 5:30 o'clock in the morning and 8:00 o'clock in the evening of any day; and provided further that no newspaperboy under the age of 18 years shall be permitted to engage in such occupation beyond the

period of time wherein the combined hours devoted to said occupation as a newspaperboy and the hours in school shall exceed a total of 40 hours per week and not more than 8 hours in any one day; and provided, further, that children engaged in agricultural pursuits may be employed no more than 10 hours per day.

Such special permit shall show the name, address, and date of birth of the minor for whom it is issued, the kind of proof of age submitted, the nature of the occupation in which the minor is to engage, and such other information as the Commissioner of Education may require.

Any such special permit for work in agriculture shall be issued for a period not to exceed 6 months and shall show its date of expiration. Any person employing a minor under 16 years of age in agriculture shall obtain such a certificate from the minor and keep it on file during the period of the minor's employment and shall return it to the minor to whom it is issued upon termination of his employment.

Upon application by the parent, guardian or other person having custody and control of a newspaperboy as defined in this act, between the ages of 12 and 18 years of age, to the publisher of any newspaper in this State and upon receiving satisfactory proof of age and a signed statement of physical fitness, such publisher may issue to such newspaperboy a special permit on a form prescribed and approved by the Commissioner of Education, whereby he shall be permitted to deliver, solicit, sell and collect for newspapers outside of his school hours on residential routes, and on Sundays and during school vacations and no other employment certificate shall be required.

Such special permit shall show the name, address and date of birth of the newspaperboy for whom it is issued, and such other information as the Commissioner of Education may require.

The publisher shall forthwith mail 3 copies of such special permit to the issuing officer as defined

in section 1 of this act, one of which copies shall be forwarded to the Commissioner of Education and one copy to the Commissioner of Labor and Industry in such manner as may be provided by regulation of said commissioners. A copy of such special permit shall also be furnished by the publisher to the parent, guardian or other person having custody and control of the newspaperboy and the publisher shall retain at all times a file copy thereof.

The special permit shall remain in full force and effect unless and until the publisher has knowledge of or is notified by the issuing officer or the Commissioner of Labor and Industry that the newspaperboy is not physically fit or that in the opinion of the issuing officer or the Commissioner of Labor and Industry, engaging in the occupation as a newspaperboy will be harmful to his education. In such case, the said special permit shall be suspended unless and until the issuing officer shall revoke said notification. In the event of such notification and suspension, however, if either the parent, guardian or other person having custody and control of the newspaperboy or the publisher shall deem such decision to be erroneous, an appeal may be made to the Commissioner of Education who shall have authority to affirm, reverse or modify such decision of the issuing officer or the Commissioner of Labor and Industry.

The publisher shall keep a record of the name, address and birth date of each newspaperboy to whom such special permit is issued; the date said newspaperboy commenced and ceased delivering newspapers published by said publisher together with a record of the number of newspapers sold to each newspaperboy and a general description of the area of the route served by each newspaperboy. Such records shall be kept on file by said publisher for a period of 2 years after the newspaperboy has ceased delivering newspapers published by said publisher.

The special permit shall remain in full force and effect unless and until the publisher is notified by

the issuing officer or the Commissioner of Labor and Industry that the newspaperboy is not physically fit or that the newspaperboy's school record is such that engaging in the occupation of a newspaperboy will be harmful to his education. In such case, however, if either the parent, guardian or other person having custody and control of the newspaperboy or the publisher shall deem such decision to be erroneous, an appeal may be made to the Commissioner of Education who shall have authority to reverse or modify such decision of the issuing officer or the Commissioner of Labor and Industry.

affected.

3. Nothing in this act shall be construed to affect adversely any right or rights of newspaperboys under the provisions of chapter 15 of Title 34 of the Revised Statutes of New Jersey.

4. This act shall take effect immediately.

Approved February 15, 1965.

Delegates to the convention shall serve without compensation but shall be entitled to be reimbursed for their actual expenses incurred in the performance of their duties.

All expenses must be approved by the president and the secretary of the convention and shall be submitted to the Treasurer of the State upon vouchers or warrants.

26. The sum of \$250,000.00, or so much thereof as may be necessary, is hereby appropriated out of any available funds of the State Treasury to carry out the purposes of this act.

Application of article.

This Title is to be administered in accordance with the general principles laid down in this section, which are declared to be the public policy of this State that:

(1) adequate residential and nonresidential facilities be provided for the prompt and effective diagnosis, care, treatment, training and rehabilitation of individuals suffering from diseases and dysfunctions of the brain, mind and nervous system, including the various forms of mental illness and mental retardation;

(2) such facilities be closely integrated with other community health, welfare and social resources;

(3) the human dignity and the moral and constitutional rights of such individuals be upheld and protected by appropriate statutes;

(4) family and community ties and mutual responsibilities be reinforced;

(5) inasmuch as such mental disorders may in some cases substantially impair the individual's ability to guide his actions in his own best interests or with due regard for the rights of others, provision be made for the due process of law by which such an individual may be placed under protection, treatment or restraint in his own or the public interest;

(6) the primary responsibility for the costs of services provided to an individual rests with him and his responsible relatives;

(7) it is in the public interest that facilities be available to all persons without limitation because of economic circumstances, and that extraordinary hardships to any individual or his relatives which may result from severe or prolonged disability be mitigated;

(8) means and facilities be provided by the State for scientific studies directed toward expanding knowledge of the causes, prevention, control, management and cure of diseases and dysfunctions of the brain, mind and nervous system; and

(9) as an intrinsic part of the program established by the State, provision be made for the instruction of professional and nonprofessional personnel in the skills required for the proper diagnosis, care, training, treatment and rehabilitation of persons suffering from disorders of the brain, mind and nervous system, and for the pursuit of relevant research.

C. 30:4-24.1.
Care and
treatment.

9. Every individual between the ages of 5 and 20 years shall be entitled

to education and training suited to his age and attainments.

Every patient shall have the right to participate in planning for his own treatment to the extent that his condition permits.

Nothing in this act shall preclude the application of measures in emergency situations for the control of violent, disturbed or depressed behavior. The emergency nature of the measures shall be fully recorded in the clinical record.

10. Subject to the general rules and regulations of the facility and except to the extent that the head of the facility determines that it is necessary for the medical care and treatment of the particular individual to impose restrictions, every patient shall be entitled:

C. 30:4-24.3.

(2) disclosure may be necessary to carry out any of the provisions of this act or of article 9 of chapter 82 of Title 2A of the New Jersey Statutes; or

(3) a court may direct, upon its determination that disclosure is necessary for the conduct of proceedings before it and that failure to make such disclosure would be contrary to the public interest.

Nothing in this section shall preclude disclosure, upon proper inquiry, of information as to a patient's current medical condition to any relative or friend or to the patient's personal physician or attorney if it appears that the information is to be used directly or indirectly for the benefit of the patient.

The constables and police officers in the several townships, cities, and other municipalities shall be authorized to apprehend any person whose behavior suggests the existence of a mental illness, who shall on inspection be deemed to be dangerous to the public and they shall immediately take such person or persons so apprehended before the nearest county district court or municipal court which shall in a summary way inquire and determine whether an order for temporary hospitalization for purposes of observation, examination and treatment until discharged or removed therefrom as herein provided shall be issued.

An order for temporary hospitalization for purposes of observation, examination and treatment may be issued by a magistrate or judge of any court upon application by a police official and upon proof by him of the existence of the following circumstances: that upon ascertaining the available facts, the police official has concluded that the behavior of the person is such as to constitute a peril to life, person or property and further that the person's behavior suggests the existence of a mental illness, that he had made inquiry as to the person's next-of-kin or friend and had found that either none were available or that they were unwilling to apply for admission for the person; that he had made inquiry to determine whether a practicing physician had examined or would examine the person; that if a physician has, in fact, examined or could examine the person, the physician has confirmed the need for further examination, observation and treatment. An order for an examination at a mental hospital may be made in the absence of a medical examination if the court finds that no physician is able or willing to conduct an examination into the patient's condition.

The aforesaid order when filed with the admitting physician of the hospital and upon his certification of the necessity for hospitalization shall be

AN ACT to amend the "Unsatisfied Claim and Judgment Fund Law," approved May 10, 1952 (P. L. 1952, c. 174).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section
amended.

1. Section 3 of the act of which this act is amendatory is amended to read as follows:

C. 39:6-63.
Creation
of fund.

3. For the purpose of creating the fund.

(a) Every person registering an uninsured motor vehicle in this State for the yearly period commencing April 1, 1954, shall pay at the time of registering the same, in addition to any other fee prescribed by any other law, a fee of \$3.00;

(b) Every person registering any other motor vehicle in this State for the yearly period commencing April 1, 1954, shall pay at the time of registering the same, in addition to any other fee prescribed by any other law, a fee of \$1.00;

(c) On or before March 31, 1955, each insurer shall pay to the treasurer a sum equal to $\frac{1}{2}$ of 1% of its net direct written premiums for the calendar year 1953 as shown in its annual statement filed with the commissioner;

(d) On December 30 in each year, beginning with 1956, the director shall calculate the probable amount which will be needed to carry out the provisions of this act during the ensuing registration license year. In such calculation, he shall take into consideration the amount presently reserved for pending claims, anticipated payments from the fund during said year, anticipated amounts to be reserved for claims pending during said year, and the desirability of maintaining a surplus over and above such anticipated payments and present and anticipated reserves, such surplus not to exceed the amount actually paid from the fund during the 12 full calendar months immediately preceding the

date of calculation. If, in his judgment, the estimated balance of the fund at the beginning of the next registration license year will be insufficient to meet such needs, he shall:

(1) Determine the amount to be fixed as the Unsatisfied Claim and Judgment Fund fee for such registration license year. Such fee shall in no case exceed \$25.00 and shall be paid by each person registering an uninsured motor vehicle during such ensuing year at the time of registration in addition to any other fee prescribed by any other law.

(2) If the estimated total amount of Unsatisfied Claim and Judgment Fund fees to be collected during the ensuing registration license year shall be insufficient, in the judgment of the director, to provide the estimated amount needed to carry out the provisions of this act during the said ensuing registration license year, he shall assess this estimated deficiency against insurers for such year's contribution to the fund. Such deficiency shall be apportioned among such insurers in the proportion that the net direct written premiums of each bears to the aggregate net direct written premiums of all insurers during the preceding calendar year as shown by the records of the commissioner. Such aggregate assessment, however, shall in no event exceed $\frac{1}{2}$ of 1% of the aggregate net direct written premiums for such preceding calendar year. Each insurer shall pay the sum so assessed to the treasurer on or before March 31, next following.

(e) Whenever any of the provisions of this act concerning the method and sources of assessments, the maximum amounts payable from the fund, eligibility or qualifications of claimants, or amounts to be deducted from payments made from the fund are amended by law, between January 1 and April 30 in any year, the director may, if he deems it necessary, rescind any assessment made on December 30 of the preceding year. He shall then, within 15 days of the adoption of such amendment, recalculate the probable amount which will be needed to carry out the provisions of this act during the ensuing regis-

tration license year, in accordance with the provisions of subsection (d) of this section. If, in his judgment, the estimated balance of the fund at the beginning of the next registration license year will be insufficient to meet such needs, he shall determine the Unsatisfied Claim and Judgment Fund fee and the contributions of insurers, if any, in accordance with the provisions of subsection (d) of this section. In the event of a rescission and reassessment subsequent to March 1 in any year, insurers shall pay the sum so assessed, if any, to the treasurer within 90 days of the date of such assessment.

2. This act shall take effect immediately.

Approved May 28, 1965.

the liability, if any, for the return of such difference or any part thereof and enter judgment therefor.

If the amount of the award as finally determined by the court shall exceed the amount so deposited, the person or persons to whom the award is payable shall be entitled to recover from the department the difference between the amount of the deposit and the amount of the award, with interest at the rate of 6% per annum thereon from the date of the making of the deposit. If the amount of the award shall be less than the amount so deposited, the Clerk of the Superior Court shall return the difference between the amount of the award and the deposit to the department unless the amount of the deposit or any part thereof shall have theretofore been distributed, in which event the court, upon application of the department and notice to all parties interested in the award and affording them an opportunity to be heard, shall enter judgment in favor of the department for such difference against the party or parties liable for the return thereof.

Section
amended.

1. Section 19 of the act of which this act is amendatory is amended to read as follows:

C. 18:22-118.
Capital
outlay
expenses;
appropriation.

19. (1) Whenever the board of trustees of a county college shall decide that it is necessary to raise money for the purpose of acquiring or improving lands or buildings for use by the college or erecting, enlarging, improving, altering, reconstructing, furnishing or equipping buildings or other structures for use by the college, it may, in lieu of proceeding in accordance with sections 16 and 17 of this act, at any time prepare and deliver to each member of the board of school estimate a statement of the estimated cost of such purpose and of the amount of money estimated by the board of trustees to be then needed for such purpose. If the amount of money so estimated shall include any funds expected to be received for said purpose as State or Federal aid, such statement shall specify the amount and source of said funds and may include an agreement by the board of trustees to repay the county, out of the said funds when received, for any amounts appropriated by any county for the county college in anticipation of said funds. After receipt of such statement, the board of school estimate shall fix and determine the sum of money then needed for the purpose specified in said statement and the amount

thereof to be raised by the participating county or counties which shall, if there be 2 or more such counties, be apportioned among them upon the basis of apportionment valuations as defined in section 54:4-49 of the Revised Statutes and which may include amounts expected to be repaid as aforesaid by the board of trustees. The board of school estimate shall thereupon make a certificate of such sum and amount or amounts signed by at least a majority of its members, and copies thereof and of the statement received from the board of trustees shall be delivered to the commissioner, to the board of trustees and to the board of chosen freeholders of each participating county.

(2) The board of chosen freeholders of a participating county upon receipt of any such certificate shall appropriate the amount certified therein for the purpose therein specified, or upon receipt of a certificate as provided in section 17 of this act shall appropriate the amount of the capital outlay expenses certified therein, either:

(a) By the method provided for in section 18 of this act; or

(b) By a bond ordinance authorizing the issuance of bonds or notes of the county to finance such appropriation and purpose adopted in accordance with the limitations and any exceptions thereto, and in the manner or mode of procedure, prescribed by the Local Bond Law, and the sale and issuance of said bonds or notes pursuant to the Local Bond Law, provided, however, that no down payment shall be required and the provisions of section 40A:2-11 of the Local Bond Law shall not be applicable to such bond ordinance and that the purpose for which the bonds or notes are to be issued may be stated and identified as and shall be the purpose specified in said certificate notwithstanding that the appropriation therefor may be sufficient only for planning or other preliminary or initial expenses in connection therewith or may be made in anticipation of State or Federal aid expected to

be received for said purpose and applied to repayment to the county.

(3) The proceeds of the sale of such bonds or notes shall be paid to the treasurer of the county college and shall be paid out by him only on the warrants or orders of the board of trustees of the county college. The treasurer shall in no event disburse such proceeds, except to pay and retire any such notes and pay the expenses of issuing and selling such bonds or notes and for the purpose or purposes for which such bonds or notes were issued. If for any reason any part of such proceeds are not applied to or necessary for such purpose or purposes, the board of trustees of the county college may transfer the balance remaining unapplied to the capital outlay account of the county college.

(4) Except with the concurrence and consent of the board of chosen freeholders of the county expressed by resolution, no amount shall be appropriated under this section which, if added to the amount of bonds or notes of the county for county college purposes outstanding or authorized but unissued at the date of such appropriation, shall exceed an amount equal to $\frac{1}{2}$ of 1% of the equalized valuation basis of said county as shown on the annual debt statement of the county last filed pursuant to the Local Bond Law.

2. This act shall take effect immediately.

Approved June 8, 1965.

The application to accomplish such retirement must be filed within 5 years of the original traumatic event, but the

board of trustees may consider an application filed after the 5-year period if it can be factually demonstrated to the satisfaction of the board of trustees that the disability is due to the accident and the filing was not accomplished within the 5-year period due to a delayed manifestation of the disability or to the member's continued employment in a restricted capacity consistent with the nature of his disability in the Division of State Police upon and at the written request of the Superintendent, with the concurrence of the Attorney General, or other circumstances beyond the control of the member.

d. Permanent and total disability resulting from a cardiovascular, pulmonary or musculo-skeletal condition which was not a direct result of a traumatic event occurring in the performance of duty shall be deemed an ordinary disability.

b. If there is no surviving widow, child or dependent parent, there shall be paid to any other beneficiary, if living, as the member shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate:

b. Upon the receipt of proper proofs of the death of a member on account of which a service-connected death benefit is payable, there shall be paid to his widow a pension of 50% of final compensation for the use of herself and children of the deceased, to continue during her widowhood; if there is no surviving widow or in case the widow dies or remarries, 20% of final compensation will be payable to one surviving child, 35% of final compensation to 2 surviving children in equal shares and if there be 3 or more children, 50% of final compensation will be payable to such children in equal shares.

If there is no surviving widow or child, 25% of final compensation will be payable to one surviving dependent parent or 40% of final compensation will be payable to 2 surviving parents in equal shares.

c. If there is no surviving widow, child or dependent parent, there shall be paid to any other beneficiary, if living, as the member shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate:

Upon the death of such member a beneficiary to whom a benefit is payable in one sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

C. 53:5A-15.
Additional
death benefit
coverage.

15. a. Any member of the former "State Police Retirement and Benevolent Fund" who becomes a member of the retirement system, will be eligible to purchase the additional death benefit coverage hereinafter described, provided that he selects such coverage within 1 year after the effective date of this act. Such member may terminate his additional death benefit coverage by giving written notice to the retirement system.

b. Any other person becoming a member of the retirement system shall, for the first year of such membership be covered by the additional death benefit coverage provisions of this act. After the completion of the first year of membership such member may terminate his additional death benefit coverage by giving written notice to the retirement system, or he may, without notice, continue the coverage by continuing to make contributions therefor in the amount fixed by the board of trustees.

c. The board of trustees shall establish, with the advice of the actuary, schedules of contributions to be made by members while in service and covered by such additional death benefits. Such schedules of contributions shall be subject to adjustment by the board from time to time.

d. Contributions of a member for additional death benefit coverage, other than that provided by subsections h. and i., shall be deducted from his salary but if there is no salary from which such contributions may be deducted, it shall be the obligation of the member to make such contributions

directly to the retirement system, as required by the system.

e. Upon the receipt of proper proofs of the death in service of any member while covered for the additional death benefit coverage there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate, an amount, established by rules and regulations of the board of trustees, which shall not be less than $1\frac{1}{2}$ times nor more than 2 times the member's final compensation. In the event the member had less than 1 year of creditable service, the benefit payable under this subsection shall be an amount, established by rules and regulations of the board of trustees, which shall not be less than $1\frac{1}{2}$ times nor more than 2 times the member's annual rate of salary and maintenance.

f. The board of trustees shall provide for additional death benefit coverage as described in subsection g. of this section for members of the retirement system who retire and receive retirement allowances pursuant to the provisions of this act, subject to the conditions hereinafter stated. In no event shall the additional death benefit coverage described in subsection g. of this section apply to any former member who was not covered by the additional death benefits described in subsection e. of this section during the member's last month of creditable service nor shall it apply to any former member who is covered for additional death benefits pursuant to the provisions of subsection h. of this section. No contributions towards the cost of additional death benefit coverage described in subsection g. of this section shall be required of a former member while he is receiving a retirement allowance pursuant to the provisions of this act.

g. Upon receipt of proper proofs of the death of a former member while covered for the additional death benefit coverage pursuant to subsection f. of this section, there shall be paid to such person,

if living, as the member shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the member's final compensation.

h. In the case of any officer, non-commissioned officer or trooper of the Division of State Police of the Department of Law and Public Safety of the State of New Jersey becoming a member of the retirement system who was covered on the day immediately prior to the effective date of this act under the then existing group life insurance program of the New Jersey State Police, the board of trustees shall provide for death benefit coverage, in the amounts described in this subsection for such member after he retires and receives a retirement allowance pursuant to the provisions of this act, subject to the conditions hereinafter stated.

(1) In order to obtain the coverage during retirement as herein provided, the member must make written request therefor to the board within 90 days of the effective date of this act and must agree to make, after retirement, the contributions required for such coverage as described by subsection j. of this section, except that if any such officer, non-commissioned officer or trooper was disabled on the effective date of this act but subsequently recovers from such disability and becomes a member of the retirement system, such request may be made within 90 days after the date he becomes a member of the retirement system.

(2) In no event shall the death benefit coverage described in this subsection apply to any former member who was not covered by the additional death benefits described in subsection e. of this section during the member's last month of creditable service.

(3) Each such officer, non-commissioned officer and trooper may cancel his request for the death benefit coverage described herein,

either before or after retirement, by giving written notice to the retirement system.

The amounts of death benefits provided for under this subsection while the former member is receiving a retirement allowance pursuant to this act shall be the same amount or amounts as would have been continued for such former member after his retirement under the group life insurance program, hereinabove referred to, had such program remained in effect and unchanged and such former member had remained covered thereunder, less an amount equal to $\frac{3}{16}$ of the member's final compensation. The Superintendent of the State Police shall, upon request, certify to the board of trustees the names of the officers, non-commissioned officers and troopers to whom this subsection could have application and such other information as may be necessary in order for the board to determine the amounts of death benefit under this subsection.

i. The board of trustees shall provide on and after the effective date of this act for death benefit coverage in the amounts described in this subsection for each former officer, non-commissioned officer and trooper who was covered on the day immediately prior to the effective date of this act under the then existing group life insurance program of the New Jersey State Police and was then retired and receiving retirement benefits under the provisions of the former State Police Retirement and Benevolent Fund, subject to the conditions hereinafter stated:

(1) In order to obtain the death benefit coverage as herein provided, such former officer, non-commissioned officer or trooper must make the contributions required for such coverage as described in subsection j. of this section.

(2) If coverage or benefits are afforded a former officer, non-commissioned officer or trooper under the aforesaid group life insur-

ance program of the New Jersey State Police after the effective date of this act by reason of his disability, the death benefits provided by this subsection shall in no event apply to him unless such coverage and benefits shall cease by reason of his recovery from disability. In such event the foregoing provisions of this subsection shall apply from the date of such cessation.

The amounts of death benefit continued under this subsection shall be the same amount or amounts as would have been continued for such former officer, non-commissioned officer or trooper after his retirement under the group life insurance program, hereinabove referred to, had such program remained in effect and unchanged during his retirement and he had remained covered thereunder. The Superintendent of the State Police shall, upon request, certify to the board of trustees the names of the former officers, non-commissioned officers and troopers to whom this subsection applies and such other information as may be necessary in order for the board to determine the amounts of death benefit under this subsection.

j. The contributions required during retirement for the death benefit coverage provided for by subsection h. and subsection i. of this section shall be determined from the schedules of contributions established by the board of trustees. Such schedules shall be subject to adjustment by the board from time to time. Such contributions shall be deducted from the former officer's, non-commissioned officer's or trooper's retirement allowance or benefits but if there be no retirement allowance or benefits available from which such contributions may be deducted, it shall be the obligation of such former officer, non-commissioned officer or trooper to make such contribution directly to the retirement system, as required by the system.

k. Upon receipt of proper proofs of the death of any former officer, non-commissioned officer or

trooper of the New Jersey State Police while covered for death benefit coverage pursuant to the provisions of subsection h. or subsection i. of this section, there shall be paid to such person, if living, as the former officer, non-commissioned officer or trooper shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the former officer's, non-commissioned officer's or trooper's estate, the amount for which he is covered at the time of his death pursuant to said subsection h. or said subsection i., as the case may be.

l. Any other provisions of this act notwithstanding, the contributions of any person for death benefit coverage under this section shall not be returnable to such person or his beneficiary or death benefit payee in any manner, or for any reason whatsoever, nor shall such contributions be included in any annuity payable to any such person or his beneficiary.

m. A person covered by the additional death benefit program provided by this section may file with the retirement system, and alter from time to time during his lifetime as desired, a duly attested, written new nomination of the payee of the death benefit provided under this section. Such person may also file and alter from time to time during his lifetime, as desired, a request of the retirement system directing payment of said benefit in one sum or in equal annual installments over a period of years or as a life annuity. Upon the death of any person covered for death benefits pursuant to the provisions of this section, a death benefit payee to whom the benefit is payable in one sum, may elect to receive the amount payable in equal installments over a period of years or as a life annuity.

n. For the purpose of this section, a member shall be deemed to be in service for a period of no more than 93 days while on official leave of absence without pay. In order to continue coverage under this section while on official leave of absence without pay, the member must continue to make contributions for such coverage.

o. The contributions established by the board of trustees pursuant to the foregoing provisions of this section shall be so computed that the aggregate contributions made by all persons from whom contributions are required shall be sufficient to provide for the cost of the benefits established by this section.

C. 53:5A-16.
Purchase of
group life
insurance.

16. The State Treasurer is hereby authorized and permitted to purchase from one or more life insurance companies, as determined by him, group life insurance coverage to provide for the death benefit specified in sections 8, 9, 10, 12b, 13b, 14c, 27 and 28. Such group life insurance coverage may be provided under one or more policies issued to the State Treasurer specifically for this purpose or, in the discretion of the State Treasurer, under one or more policies issued to the State Treasurer which provide group life insurance coverage for members of one or more other retirement systems of the State of New Jersey. The board of trustees is hereby authorized and permitted to purchase from one or more life insurance companies, as determined by it, a policy or policies of group life insurance to provide for the death benefits specified in section 15. Whenever such policy or policies of group insurance shall be in effect, the benefits payable thereunder shall be in lieu of the above mentioned death benefits provided by said sections. Any dividend or retrospective rate credit allowed by an insurance company shall be credited in an equitable manner to the special insurance funds from which premiums are paid.

C. 53:5A-17.
Requirements
to qualify.

17. Any life insurance company must meet the following requirements in order to qualify under section 16:

a. be licensed under the laws of the State of New Jersey to transact life and accidental death insurance, and

b. the amount of its group life insurance in the State of New Jersey shall at the time said insurance is to be purchased equal at least 1% of the total

amount of such group life insurance in the State of New Jersey in all life insurance companies.

18. The State Treasurer may, in his discretion, determine to purchase group insurance coverage for the non-contributory death benefit provisions as provided in sections 8, 9, 10, 12b, 13b, 14c, 27 and 28, or may determine not to purchase any group insurance coverage for the death benefit provisions heretofore mentioned. The board of trustees may, in its discretion, determine to purchase group insurance coverage for additional death benefit coverage as provided for in section 15, or may, in its discretion, determine not to purchase any contributory group insurance coverage for the additional death benefit provisions provided in section 15.

C. 53:5A-18.
Non-contributory death benefit provisions.

19. In the event the State Treasurer shall determine to purchase group insurance coverage for the non-contributory death benefits, premiums for the same shall be paid from a special fund, hereby created, called the "Group Insurance Premium Fund." The State Treasurer shall estimate annually the amount which will be required for premiums for such benefits for the ensuing fiscal year. The State shall pay over to the State Treasurer the amount so required who shall deposit it in the Group Insurance Premium Fund. During the period such group insurance policy or policies are in effect the State Treasurer shall in no way commingle moneys in this fund with any pension fund established by this act.

C. 53:5A-19.
"Group Insurance Premium Fund."

In the event that the board of trustees shall determine to purchase group coverage for the additional death benefits, premiums for same shall be paid from a special fund hereby created called the "Contributory Group Insurance Premium Fund." While such group coverage shall be in force, the contributions to provide such additional death benefits shall be accumulated in said contributory group insurance premium fund.

20. In the event that the board of trustees shall determine to purchase group insurance coverage for the additional death benefit coverage, the

schedule of contributions shall be subject to adjustment by said board of trustees from time to time for the purpose of maintaining the contributory group insurance premium fund at a level sufficient to meet the obligations of the fund for the cost of the insurance.

C. 53:5A-21.
Conversion
privilege.

21. Any such group policy or policies shall include, with respect to any insurance terminating because an insured person has ceased to be in service or has retired, the conversion privilege available upon termination of employment as prescribed by the law relating to group life insurance; and shall also include, with respect to insurance terminating because of termination of the group policy resulting from a termination of all death benefits established under sections 8, 9, 10, 12b, 13b, 14c, 15, 27 and 28, the conversion privilege available upon termination of the group policy as prescribed by such law. Any such group policy or policies shall also provide that if an insured person dies during the 31-day period during which he would be entitled to exercise the conversion privilege, the amount of insurance with respect to which he could have exercised the conversion privilege shall be paid as a claim under the group policy.

If any member who has exercised the conversion privilege under the group policy or policies again becomes a member of the retirement system, and the individual policy obtained pursuant to the conversion privilege is still in force, he shall not again be eligible for any of the death benefits provided by sections 8, 9, 10, 12b, 13b, 14c, 15, 27 and 28, unless he furnishes satisfactory evidence of insurability.

When benefits payable upon the death of a member following retirement are determined as though he were an active member at the time of his death, the death benefit payable under the group policy or policies together with the amount of insurance paid under any individual policy obtained under the conversion privilege, shall in no event exceed the amount of insurance for which the member was insured under the group policy or policies imme-

diately prior to the date the right of conversion arose.

22. Benefits under such group policy or policies shall be paid by the insurance company to such person, if living, as the insured person shall have nominated by written designation duly executed and filed with the insurance company through the policyholder, otherwise to the executors or administrators of the insured person's estate, except that if an insured person dies before or after retirement and claim is made and allowed under sections 12a, 13a, 14b or 25a, the death benefit payable under the policy in such case, exclusive of any additional death benefit provided by section 15, shall, in lieu of being paid as aforesaid, be paid to the State Treasurer. An insured person may file with the insurance company through the policyholder and alter from time to time during his lifetime, as desired, a duly attested written nomination of his payee for the death benefit.

C. 53:5A-22.
Benefits paid.

23. Any such group policy or policies shall provide that payment of any death benefits which are payable by the insurance company may be made in one sum directly to the beneficiary as hereinafter provided, in equal annual installments over a period of years or as a life annuity or in such other manner as may be made available by the insurance company. An insured person may make such arrangements for settlement, and may alter from time to time during his lifetime any arrangement previously made, by making written request to the insurance company through the policyholder. Upon the death of an insured person, a beneficiary to whom a benefit is payable in one sum by the insurance company may likewise arrange for a settlement as described above. If an insured person's or beneficiary's request for settlement of any death benefit in equal annual installments over a period of years or as a life annuity pursuant to the foregoing is approved by the policyholder, the amount of such annual installments or such life annuity, as the case may be, shall be determined on the basis

of such applicable mortality tables and rates of interest as shall have been adopted by the retirement system and are in effect at the death of the insured person. Any arrangement for payment under the group policy to a beneficiary shall be in lieu of that provided by sections 8, 9, 10, 12b, 13b, 14c, 15, 27 and 28.

C. 53:5A-24.
Reduced
premiums.

24. Notwithstanding any other provision of law, any insurance company or companies issuing such policy or policies may credit the policyholder, in the form of reduced premiums, with savings by said company or companies in the event that no brokerage commission or commissions are paid by said company or companies on the issuance of such policy or policies.

C. 53:5A-25.
Method of
payment.

25. a. Upon the death after retirement of a member of the retirement system who was a member of the former "State Police Retirement and Benevolent Fund" on the effective date of this act, there shall be paid to his widow a pension of 50% of final salary for the use of herself and children of the deceased, to continue during her widowhood; if there is no surviving widow or in case the widow dies or remarries 20% of final compensation will be payable to one surviving child, 35% of final compensation to 2 surviving children in equal shares and if there be 3 or more children, 50% of final compensation will be payable to such children in equal shares.

b. a pension in the amount, which when added to the member's annuity will provide a total retirement allowance of 2% of his final compensation multiplied by his number of years of creditable service up to 25 plus 1% of his final compensation multiplied by his number of years of creditable service over 25; provided, however, that such retirement allowance shall be reduced in accordance with a table of actuarial equivalents recommended by the actuary and adopted by the board of trustees reflecting all months that the member lacks of being age 55.

Upon the receipt of proper proof of the death of such a retired member, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the final compensation received by the member.

Upon the receipt of proper proofs of the death of a member who was receiving a deferred retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the final compensation received by the member.

C. 53:5A-29.
Borrowing
against
contributions.

29. Any member who has at least 3 years of service for which he has contributed as a member may borrow from the retirement system, an amount equal to not more than 50% of the amount of his aggregate contributions, but not less than \$50.00;

provided, that the amount so borrowed, together with interest thereon, can be repaid by additional deductions from salary, not in excess of 25% of the member's salary, made at the time the salary is paid to the member but not after the attainment of age 55. The amount so borrowed, together with interest at the rate of 4% per annum on any unpaid balance thereof, shall be repaid to the retirement system in equal installments by deductions from the salary of the member at the time the salary is paid or in such lump sum amounts as the board of trustees shall approve, but such installments shall be at least equal to the member's contribution to the retirement system and at least sufficient to repay the amount borrowed with interest thereon by the time the member attains age 55. Not more than 2 loans may be granted to any member in any calendar year. Notwithstanding any other law affecting the salary or compensation of any person or persons to whom this act applies or shall apply, the additional deductions required to repay the loan shall be made. Any unpaid balance of a loan at the time any benefit may become payable shall be deducted from the benefit otherwise payable.

Loans may be made to a member from his aggregate contributions. In addition the board of trustees is hereby authorized to set aside moneys within the contingent reserve fund from which loans to members may be made. If such moneys are used for the purpose of making loans, the interest earned on such loans shall be treated in the same manner as interest earned from investments of the retirement system.

30. a. The general responsibility for the proper operation of the retirement system is hereby vested in the board of trustees which shall be organized immediately after 3 of the trustees provided for in this section have qualified and taken the oath of office.

Such oath shall be subscribed by the member taking it, and certified by the official before whom it is taken, and immediately filed in the office of the Secretary of State.

m. The board of trustees shall designate a medical board to be composed of 3 physicians. As required, other physicians may be employed to examine members where medical evidence is prescribed. The medical board shall pass on all medical examinations required under the provisions of this act, and shall report in writing to the board of

All payments from said funds shall be made by him only upon vouchers signed by the secretary and the chairman of the board of trustees. 32. The actuary appointed by the board shall recommend such data as shall be necessary for actuarial valuation of the various funds created by this act. Once in every 5-year period after the effec-

Upon the basis of such investigation and valuation the board shall adopt for the retirement system such mortality, service and other tables as shall be deemed necessary.

Immediately after the establishment of the retirement system the actuary shall prepare and submit to the board the mortality and service tables which he recommends for adoption. The board shall adopt such tables as it deems necessary in accordance with this recommendation.

Reserve Fund.

a. Upon the basis of such tables as the board adopts and regular interest, the actuary shall compute annually the amount of the contribution, expressed as a proportion of the salaries paid to all employees, which if paid monthly during the entire prospective service of the employees, will be sufficient to provide for the pension reserves required at the time of the discontinuance of active service to cover all pensions to which they may be entitled or which are payable on their account and to provide for the amount of the death benefits payable on their account by the State, which are not covered by accrued liability contributions, to be made as provided in subsection b. hereof, and the funds in hand available for such benefits.

b. Upon the basis of such tables as the board adopts, and regular interest, the actuary shall compute annually, the amount of the liability which has accrued by reason of allowances to be granted on account of services rendered by members of the

former "State Police Retirement and Benevolent Fund" which has not already been covered by previous State contributions to the former system. Using the total amount of this liability remaining as a basis, he shall compute the amount of the flat annual payment, which, if paid in each succeeding fiscal year, commencing with July 1, 1966, for a period of 30 years, will provide for this liability.

2. Declaration of policy. It is hereby found and declared that there exists in various parts of this State a seriously inadequate supply of decent, safe and sanitary rental housing for elderly persons and elderly families in the lower middle-income brackets at rentals which said persons and families can afford; that this situation tends to cause serious social unrest; that the lack of properly constructed rental housing units designed specifically to meet the needs of the elderly of this State in the lower

middle-income bracket at rentals which this class of elderly can afford constitutes a menace to the health, safety, welfare and morals of the public; that many elderly persons in this State are presently in fact displaced from adequate housing facilities by the presence of blighted areas and other areas rendered unsuitable because of a lack of safe and sanitary conditions and facilities or by catastrophes which have destroyed their dwellings which have not been replaced because of adverse economic conditions; that the improvement of these conditions requires the erection of new dwellings and dwelling units at rentals which the elderly who need housing can afford; that these needs and requirements can at least be partially met through nonprofit corporations which would undertake, in connection with the clearance, replanning, development or redevelopment of blighted areas, the erection and operation of nonprofit rental housing projects at rentals which the elderly of this State in the lower middle-income bracket can afford, with direct loans from the United States under the Senior Citizens Housing Program, and pursuant to section 202 of the Federal Housing Act of 1959, as amended; that housing projects so erected and operated, are for the moral and mental improvement of men and women; that such housing for the elderly is a public purpose and public object worthy of the co-operation of this State, and the municipalities thereof; that the provisions hereinafter enacted are necessary to provide such housing, and are for the purpose of facilitating the participation of private nonprofit corporations in the clearance, replanning, development or redevelopment of blighted areas by means of developing, constructing and operating senior citizen nonprofit housing projects under the Federal Senior Citizens Housing Program authorized by section 202 of the Federal Housing Act of 1959, as amended; that the provisions for housing to make possible and to assist the clearance, planning, replanning, development or redevelopment of blighted areas, as proposed by this

act, is a public purpose and a public use; and that the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

C. 40:55C-97.
Exemption of improvements from taxation; annual service charge; credits against annual charge.

The improvements made in the development or redevelopment of a blighted area, pursuant to this act, shall be exempt from taxation for a period of not more than 25 years from the date of the execution of a financial agreement for the development or redevelopment of the property upon which the improvements are to be made pursuant to a financial agreement entered into with the municipality in which said area is situate. Any such exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions and no such claim shall be allowed unless the municipality wherein said property is situated shall certify that a financial agreement with an urban renewal nonprofit corporation for the development or the redevelopment of the property has been entered into and is in effect as required by the provisions of this act. In event that an exemption status changes during a tax year, the procedure for the apportionment of the taxes for said year shall be the same as in the case of other changes in tax exemption status during the tax year.

The urban renewal nonprofit corporation shall make payment to the municipality of an annual service charge for municipal services supplied to said project, in an annual amount equal to 15% of the annual gross revenues from each unit of the project, if the project is undertaken in units, or from the total project if the project is not to be undertaken in units, for each of the years of operation commencing with the date of the completion of such unit or of the project, as the case may be. Where because of the nature of the development, ownership, use or occupancy of the project or any unit thereof if the project is to be undertaken in units, the total annual gross rental cannot be reasonably ascertained under the provisions of section 9 of this act, the governing body shall provide in the financial agreement that the annual service charge shall be a sum equal to 2% of the total project cost or total project unit cost determined pursuant to section 8 of this act, calculated from first day of the month following the substantial completion of the project or any unit thereof if the project is to be undertaken in units; provided, however, that in no event shall such payment together with the taxes on the land, in any year after first occupancy of the project be less than the total taxes assessed on all real property in the area covered by the project in the calendar year immediately preceding the acquisition of the said area by the municipality or its agency.

The aforesaid payment shall be made annual within 30 days after the close of each such calendar year.

Against such annual charge the corporation shall be entitled to credit for the amount, without interest, of the real estate taxes on land paid by it in the last 4 preceding quarterly installments. On or before January 15 in each year each taxing district shall report to the county board of taxation, in such form as shall be approved by the Director of the Division of Taxation, the amount of the service charge in excess of the taxes on the land chargeable

for the preceding calendar year for each project or unit thereof subject to the provisions of this act. The county tax board shall capitalize the amount so reported by each taxing district by dividing the same by the tax rate per hundred dollars of valuation for the taxing district for the preceding year and multiplying the resultant quotient by 100. The result of such capitalization shall be included in the ensuing table of aggregates in a separate column as locally assessed real estate and shall be equalized in the same manner as other real estate for the purposes of apportionment of county taxes and the distribution of State school aid.

At the end of 25 years from the date of the execution of said financial agreement or earlier at the end of 20 years of operation of any unit, if the project is undertaken in units, or of the entire project, if it is not undertaken in units, whichever occurs first, the tax exemption upon said unit, if the project is undertaken in units, or upon the entire project, if the project is not undertaken in units, shall cease and the improvements and any other property of the corporation as well as the land shall be assessed and taxed, according to general law, like other property in the municipality.

The date of the transfer of title of the project to the purchasing corporation shall be considered to be the end of the fiscal year of the selling corporation. Section

1. Section 18:8-1 of the Revised Statutes is amended to read as follows:

Calling of
elections and
submission of
question of
establishment;
proposals.

18:8-1. Whenever the boards of education of 2 or more school districts and the State Commissioner of Education, after study and investigation, shall deem it advisable for such school districts to unite in creating a regional school district for the establishment and development of elementary

schools, junior high schools, high schools, vocational schools, special schools, health facilities or particular educational services or facilities in the territory comprised within such school districts and shall determine whether the amounts to be raised for annual or special appropriations for such regional school district, as provided in section 18:8-17 of the Revised Statutes, are to be apportioned upon the basis of apportionment valuations, as defined in section 54:4-49 of the Revised Statutes, or of the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts, the board of education of each of such school districts shall call and conduct a special election, which shall be held on the same date in each of such school districts, in the manner provided for the conduct of special school district elections in chapter 7 of this Title and shall submit a proposal for creation of a regional school district for any one or more of the above purposes. The proposal so submitted shall state whether the amounts to be raised for annual or special appropriations for such regional school district, as provided in section 18:8-17 of the Revised Statutes are to be apportioned upon the basis of such apportionment valuations or of the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts.

There may be included, as a part of each proposal to be submitted with respect to the creation of a regional school district, an authorization for the issuance of promissory notes or temporary loan bonds of the regional school district, in a principal amount not in excess of that stated in such proposal, for the purpose of providing for the current expenses of the regional school district until June 30 subsequent to the date of the first annual election of the regional school district. No such authorization shall be included in such proposal unless the State Commissioner of Education shall have made a finding, in writing, prior to the date of submission of such proposal, that the principal amount of such

promissory notes or temporary loan bonds, as stated in such proposal, is not in excess of the amount of money reasonably expected to be necessary for the current expenses of the regional school district as aforesaid. If each of such proposals includes such an authorization and pursuant to such proposals such school districts shall vote to create a regional school district, such proposals shall after such vote be authority for the issuance of such promissory notes or temporary loan bonds of the regional school district to the amount and for the purposes set forth therein, and shall for all the purposes of chapters 7 and 8 of this Title and any other provisions of said Title, be deemed to constitute a proposal duly adopted on said date by the legal voters of the regional school district authorizing the regional board of education to issue bonds of the regional school district, but no school debt statement need be prepared or filed prior to such authorization. Such promissory notes or temporary loan bonds of the regional school district shall be issued by the regional board of education in the manner provided in article 8 of chapter 7 of this Title, except that all such promissory notes or temporary loan bonds shall mature in not exceeding 1 year and may be renewed by similar promissory notes or temporary loan bonds which shall mature not later than 2 years from the date of the first of the original notes or bonds so issued. An amount, sufficient to pay the principal and interest, at maturity, of such promissory notes or temporary bonds shall be raised in the same manner as provided by law for the payment of bonds of the regional school district.

There may be included, as a part of each proposal to be submitted with respect to the creation of a regional school district, the authorization of bonds of the regional school district for any one or all of the following purposes: (a) any purpose or purposes described in section 18:7-85 of the Revised Statutes, (b) the purchase of any schoolhouse or schoolhouses or other buildings for school purposes

with or without the sites thereof and lands appertaining thereto or the furniture and other necessary equipment therefor or the materials and supplies therefor, and (c) the making of additions, alterations, repairs or improvements in or upon any such schoolhouse or other building or purchasing school furniture or other necessary equipment therefor. Such an authorization shall for all the purposes of this Title, and particularly chapter 8 and article 18 of chapter 5 thereof, be deemed to constitute a proposal authorizing the regional board of education to issue bonds of the regional school district, but no school debt statement need be prepared or filed prior to the authorization of such bonds. A copy of each such proposal may be submitted prior to said election for consideration by the State Commissioner of Education and the Local Government Board under and for all the purposes of section 18:5-86 of the Revised Statutes. If each of such proposals includes such an authorization and pursuant to such proposals such school districts shall vote to create a regional school district, such proposals shall after such vote be authority for the issuance of bonds of the regional school district to the amount and for the purpose or purposes set forth therein and, from and after the date of such vote, shall for all the purposes of chapters 7 and 8 of this Title, and any other provisions of said Title, be deemed to constitute a proposal duly adopted on said date by the legal voters of the regional school district authorizing the regional board of education to issue bonds of the regional school district for the purpose or purposes and in the amount or amounts set forth in such proposal. The bonds so authorized shall be issued, shall be dated and sold in all respects in accordance with the provisions of said chapters, and shall mature within the period or respective periods of time prescribed by such provisions, in each case computed from the date of such bonds.

(1) The amounts to be raised for interest and the redemption of bonds of a regional school district shall be apportioned upon the basis of the apportionment valuations, as defined in section 54:4-49 of the Revised Statutes, of the constituent school districts;

(2) The amounts, except the amounts referred to in paragraph (1) above, to be raised for annual or special appropriations for a regional school district created prior to July 1, 1953, shall be apportioned upon the basis of such apportionment valuations of the constituent school districts unless the number of pupils enrolled on the last school day of September of the current school year shall have been adopted as a basis of apportionment as provided in chapter 8 of this Title; and

(3) The amounts, except the amounts referred to in paragraph (1) above, to be raised for annual or special appropriations for a regional school district created on or subsequent to July 1, 1953, shall be apportioned upon the basis of (1) such apportionment valuations of the constituent school districts, if (a) such basis shall have been adopted at the time of creation of the regional school district and a different basis of apportionment shall not have been adopted as provided in chapter 8 of this Title, or (b) ratables shall be the basis of apportionment prevailing at the time of the effective date of this act, or (2) the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts if (a) such basis shall have been adopted at the time of creation of the regional school district, or (b) such basis is thereafter adopted as provided in chapter 8 of this

Title, or (c) a basis of average daily attendance shall have been adopted at the time of the creation of the regional school district, or (d) a basis of average daily enrollment shall have been adopted either at the time of the creation of the regional school district or subsequent to such creation.

With respect to regional school districts for which the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts is to be used as a basis for apportionment of amounts to be raised for annual or special appropriations for such school districts, the State Commissioner of Education shall certify to the county board of taxation, from the latest official statistics then available, the number of resident public school pupils enrolled on the last school day of September in each of the constituent school districts in the grade levels for which the regional school district is organized for use by the county board of taxation until such time as the actual number of pupils enrolled on the last school day of September of the current school year for the constituent school districts shall be available and shall be certified by the State Commissioner of Education for such regional school district.

The amount thus apportioned to each constituent school district shall be assessed, levied and collected in the same manner and at the same time as other school taxes are assessed, levied and collected therein and shall be paid upon requisition as provided with respect to school districts governed by the provisions of chapter 7 of this Title.

Where the constituent school districts are located in more than one county, county board of taxation shall, for the purposes of this section, mean the county board of taxation of the county in which the constituent school districts having the largest aggregate apportionment valuations are located, as established by the last published county abstracts of ratables, and the county board or county boards of taxation in which the other constituent school districts are located shall certify to the county board

of taxation charged with the duty of apportioning moneys hereunder the apportionment valuations of the constituent school districts within their respective jurisdictions. The county board of taxation making the apportionment shall certify to the other county board or boards of taxation the amounts apportioned to the constituent school districts within their respective jurisdictions.

Section amended.

Upon the adoption of such proposal by the affirmative vote of a majority of the legal ballots cast thereon in the entire regional school district and the certification of the adoption of such proposal by the secretary of the regional school district to the county superintendent of schools of each county in which any part of the regional school district is situated and to the State Commissioner of Education, the regional school district shall be authorized to carry out such additional purpose or purposes as stated in such proposal.

Whenever the board of education of a regional school district, heretofore or hereafter created and for which amounts raised for annual or special appropriations, as provided in section 18:8-17 of the Revised Statutes, are apportioned on a basis other than the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts, and the State Commissioner of Education, after study and in-

vestigation, shall deem it advisable that the amounts to be raised for annual or special appropriations as aforesaid for such regional school district are to be apportioned upon the basis of the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts, the regional board of education may submit a proposal providing for the apportionment of such amounts as aforesaid at any subsequent election held in the regional school district. Upon the adoption of such proposal by the legal voters of each constituent school district by the affirmative vote of a majority of the legal ballots cast thereon in each such constituent school district, the amounts to be raised thereafter for annual or special appropriations as aforesaid for such regional school district shall be apportioned upon the basis of the number of pupils enrolled on the last school day of September of the current school year of the constituent school districts. The secretary of the regional school district shall certify the adoption of such proposal by each constituent school district to the county superintendent of schools of each county in which any part of the regional school district is situated and to the State Commissioner of Education.

4. Section 1 of chapter 122 of the laws of 1960 is amended to read as follows: Section amended.

1. Whenever the board of education of a consolidated school district or of a school district comprising 2 or more municipalities, or the boards of education of 2 or more school districts, and the State Commissioner of Education, after study and investigation, shall deem it advisable for such school district or districts to become a regional school district for the school purposes of such school district or districts, and shall determine whether the amounts to be raised for annual or special appropriations for such regional school district are to be apportioned upon the basis of apportionment valuations as defined in section 54:4-49 of the Revised Statutes, or of the number of pupils enrolled on the

C. 18:8-26.
Creation by consolidated school district, et cetera.; election; proposals; bonds.

last school day of September of the current school year from the constituent municipalities in such regional school district, the board of education or each such board shall call and conduct a special election which shall be held in the manner provided for the conduct of special school district elections in chapter 7 of Title 18 of the Revised Statutes and shall submit a proposal for creation of a regional school district to become effective on July 1 next ensuing such election. The proposal so submitted shall state whether the amounts to be raised for annual or special appropriations for such regional school district are to be apportioned upon the basis of such apportionment valuations or of the number of pupils enrolled on the last school day of September of the current school year from the constituent municipalities in the regional school district to be created.

There may be included, as a part of the proposal to be submitted as aforesaid, the authorization of bonds of such regional school district for any purpose or purposes described in section 18:7-85 of the Revised Statutes. Such an authorization shall for all the purposes of said Title 18, and particularly of chapter 8 and article 18 of chapter 5 thereof, be deemed to constitute a proposal authorizing the board of education of such regional school district to issue bonds of such regional school district. A copy of such proposal may be submitted prior to such election for consideration by the State Commissioner of Education and the Local Government Board under and for all the purposes of section 18:5-86 of the Revised Statutes. If such proposal includes such an authorization and pursuant to such proposal such school district or each of such school districts shall vote to become a regional school district, such proposal shall after such vote be authority for the issuance of bonds of such regional school district to the amount and for the purpose or purposes set forth therein and, from and after the date of such vote, shall for all the purposes of chapters 7 and 8 of said Title 18, and of any other

provisions of said Title, be deemed to constitute a proposal duly adopted on said date by the legal voters of such regional school district authorizing the board of education thereof to issue bonds of such regional school district for the purpose or purposes and in the amount or amounts set forth in such proposal. The bonds so authorized shall be issued, shall be dated and sold in all respects in accordance with the provisions of said chapters, and shall mature within the period or respective periods of time prescribed by such provisions, in each case computed from the date of such bonds.

5. The governing body of any constituent municipality of a regional school district for which the average daily enrollment of the constituent school districts during the preceding school year was used as a basis for apportionment of amounts to be raised for annual or special appropriations for such regional school district for the school year commencing on July 1, 1964, may apply to the Commissioner of Education within 30 days after the effective date of this act for an order postponing the application of this act to such regional school district until the school year commencing on July 1, 1967. Such application shall be made on timely notice to every other constituent municipality of such regional school district, and shall be supported by proof that the application of this act to such regional school district for the school year commencing on July 1, 1966, would cause hardship to the constituent municipality seeking the postponement. If the commissioner finds that such hardship would result, he may enter an order postponing the application of this act to such regional school district until the school year commencing on July 1, 1967.

C. 18:8-1.2.
Application for
postponment.

6. This act shall take effect immediately.
Approved June 15, 1965.

CHAPTER 111

AN ACT in relation to liability of a parent, guardian or other person having custody of an infant 16 years of age or under who willfully, maliciously or unlawfully destroys or injures property of another.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

C. 2A:53A-14.
Legislature
findings.

1. The Legislature finds that malicious acts of vandalism by youths are increasing at an alarming rate; that such acts are frequently attributable to lack of care, custody and control exercised by the parent; that parents should have some responsibility for the conduct of their children; that while there is a reluctance to charge a child with juvenile delinquency there should be some legal deterrent to juvenile acts of vandalism and to parental neglect of child supervision. The Legislature therefore finds it desirable to establish a civil procedure for the recovery of damages for such acts from the neglectful parent, guardian or other person having legal custody of the child who caused such damage.

C. 2A:53A-15.
Liability of
parent or
guardian.

2. A parent, guardian or other person having legal custody of an infant 16 years of age or under who fails or neglects to exercise reasonable supervision and control of the conduct of such infant, shall be liable in a civil action for any willful, malicious or unlawful injury or destruction by such infant of the real or personal property of another, provided that no recovery may be had in such action against such parent, guardian or other person in excess of \$250.00.

3. This act shall take effect immediately.

Approved June 15, 1965.

(1) For the preparation of a feasibility study and report for the future collection, treatment and disposal of sewage in such units; or

(2) For the preparation of a feasibility study and report for the extension of any existing sewerage facility now operated by some or all of the applying units, provided that said extension would contemplate providing sanitary sewerage facilities for at least one local governmental unit in addition to those units now contributing to the existing sewerage facilities.

(b) The commissioner may make grants to an individual local governmental unit applying therefor for the preparation of a feasibility report and study for the future collection, treatment and disposal of sewage within the unit in the case of a regional agency or authority established by the State or in the case in which the commissioner shall find that it is not practical for the unit to join with other units in the establishment of a multi-unit sewerage facility.

AN ACT relating to workman's compensation and amending section 34:15-95 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

Section amended.

1. Section 34:15-95 of the Revised Statutes is amended to read as follows:

Compensation payments from one per cent fund for subsequent permanent injuries; persons eligible; time for payments;

34:15-95. The sums collected under section 34:15-94 of this Title shall constitute a fund out of which a sum shall be set aside each year by the Commissioner of Labor and Industry from which compensation payments in accordance with the provisions of paragraph (b) of section 34:15-12 of this Title shall be made to persons totally disabled, as

a result of experiencing a subsequent permanent injury under conditions entitling such persons to compensation therefor, when such persons had previously been permanently and partially disabled from some other cause; provided, however, that, notwithstanding the time limit fixed therein, the provisions of paragraph (b) of said section 34:15-12 relative to extension of compensation payments beyond 400 or 450 weeks, as the case may be, shall, with respect to payments from the fund constituted pursuant to the provisions of this section, apply to any accident occurring since June 27, 1923, and in no case shall be less than \$5.00 per week; provided further, however, that no person shall be eligible to receive payments from such fund:

costs of administration, expenses, etc., accounting to State Treasurer.

(a) If the disability resulting from the injury caused by his last compensable accident in itself and irrespective of any previous condition or disability constitutes total and permanent disability within the meaning of this Title.

(b) If permanent total disability results from the aggravation, activation or acceleration, by the last compensable injury, of a pre-existing noncompensable disease or condition.

(c) If the disease or condition existing prior to the last compensable accident is not aggravated or accelerated but is in itself progressive and by reason of such progression subsequent to the last compensable accident renders him totally disabled within the meaning of this Title.

(d) If a person who is rendered permanently partially disabled by the last compensable injury subsequently becomes permanently totally disabled by reason of progressive physical deterioration or pre-existing condition or disease.

Nothing in the provisions of said paragraphs a, b, c and d, however, shall be construed to deny the benefits provided by this section to any person who has been previously disabled by reason of total loss of, or total and permanent loss of use of, a hand or arm or foot or leg or eye, when the total disability is due to the total loss of, or total and

permanent loss of use of, 2 or more of said major members of the body, or to any person who in successive accidents has suffered compensable injuries, each of which, severally, causes permanent partial disability, but which in conjunction result in permanent total disability. Nor shall anything in paragraphs a, b, c and d, aforesaid apply to the case of any person who is now receiving or who has heretofore received payments from such fund.

Upon the approval of an application for benefits, the compensation payable from such fund shall be made from the date when the final payment of compensation by the employer is or was payable for the injury or injuries sustained in the employment wherein the employee became totally and permanently disabled; provided, that no payment from such fund shall be made for any period prior to the date of filing of application therefor; provided, however, that a person who has received compensation payments from said fund and who is reinstated or ordered placed on said fund shall receive payments from the date of last payment from said fund, save only in the case of a person to whom payments have been made and then discontinued or suspended because of the rehabilitation of such person in accordance with the provisions of paragraph (b) of section 34:15-12 of this Title, or actual employment for any reason whatsoever, in which case payments from said fund shall be made from the date of filing application for reinstatement. Payments to such totally disabled employees shall be made from said fund by the State Treasurer upon warrants of the Commissioner of Labor and Industry. This section shall be applicable to any accident occurring since June 27, 1923, insofar as the eligibility of and benefits payable to such employees of this class is concerned; provided, however, that nothing contained herein shall limit or deprive those persons now receiving or who have received the benefits under this section from participating in said fund. All payments from the fund herein created shall be made by biweekly install-

ment payments. From the fund herein created the Commissioner of Labor and Industry may use in any 1 fiscal year a sum not to exceed the sum of \$12,500.00 for the cost of administration of the fund including personnel, printing, professional fees, and expenses incurred by the Commissioner of Labor and Industry in the prosecution of defenses in the Division of Workmen's Compensation, and of appeals and proceedings for review of decisions on applications for benefits from said fund. No costs or counsel fee for the applicant shall be allowed against the fund.

The Commissioner of Labor and Industry shall annually submit an accounting of the fund to the State Treasurer.

All payments into the fund established by section 34:15-95 of the Revised Statutes which may have heretofore been made or required at any time or times are hereby validated and confirmed, notwithstanding that at the time of such payment or payments the fund may have equaled or exceeded the sum of \$200,000.00.

(5) Nothing in this section shall prevent an association from making a loan under the provisions of this section, the proceeds of which will be applied in whole or in part to the repayment at or before final maturity of a loan theretofore made under the provisions of this section.

(6) An association which makes a loan pursuant to this section may,

(a) when the payment of such loan is secured, and provision is made by law for the filing or recording of the instrument of security or notice or abstract thereof, require compliance with such provision and retain the cost of such recording or filing out of the proceeds of the loan; and

celeration takes place, upon the amount of the unpaid principal balance of the loan; provided, however, whenever the provisions of section 163 of this act apply such interest charge shall only be made upon the difference between the amount of the unpaid principal balance of the loan, and the amount of credit given pursuant to section 163;

Otherwise no association shall make any further interest or other charge or demand, in connection with such loan, other than those expressly authorized by sections 159 through 164 of this act, except as permitted in section 48 (13) of this act.

Section amended.

2. Section 163 of the act of which this act is amendatory is amended to read as follows:

C. 17:12B-163.
Rebates on prepayment.

163. Rebates on prepayment.

When the unpaid balance owing upon a loan to which this section applies is repaid in full or the maturity of the unpaid loan is accelerated before the date scheduled for the payment of the final installment, the association shall allow a credit on account of the interest taken in advance, the amount of which shall not be less than the amount determined by the application of the formula

$$C = \frac{AN}{D} \text{ in which}$$

“C” represents the amount of the credit to be given; “A” represents the amount of interest taken in advance; “D” is determined by ascribing to each payment-period included in the period for which interest was taken in advance, reckoning from the day upon which the loan was made, the cardinal number descriptive of the number of payment-periods scheduled, by the terms of the loan, to elapse from the beginning of each such payment-period, to the date to which interest was taken in advance, and the total of all the cardinal numbers so ascribed constitutes the quantity “D”; and “N” represents the difference between the quantity “D” and the total of all the cardinal numbers ascribed to the payment-periods which have elapsed, in

whole or in part, from the making of the loan, to the day upon which such repayment is made, or to the day upon which the maturity of the unpaid balance of such loan is accelerated, as the case may be.

The commissioner may prepare and distribute to such associations as shall make a request therefor, a schedule or schedules based upon the formula specified in this section for use in determining the credit to be allowed pursuant to this section, and allowance of interest made as provided in such schedule shall constitute a complete compliance with this section. A copy of such schedule, duly certified by the commissioner, shall be evidenced in all courts and places.

This section shall not apply where the amount of the credit to be allowed is less than \$1.00, nor where there is a default and acceleration is employed as part of a collection procedure in accordance with the terms of the instrument evidencing the obligation and such default is subsequently cured and the loan reinstated.

(c) Per capita assets for a municipality shall be the total assets of the associations and their branch offices operating within such municipality as of the last preceding December 31 divided by the population of the municipality.

(d) Where an association maintains offices in more than one municipality, the per capita assets of such association for the municipality in which there is a branch office application pending shall be computed by taking that percentage of the total assets of the association as the total savings account balances actually held in the office or offices physically located within such municipality bear to the total savings account balances held by the association. In all cases, assets and savings account balances shall be taken as of the last preceding December 31.

2. Section 26 of the act of which this act is amendatory is amended to read as follows:

and loan assets in the municipality in which it is proposed to locate the branch office are less than the State or county per capita assets, whichever is less, and the total area of the municipality in which it is proposed to locate such branch office is in excess of 5 square miles. Where the total area of the municipality in which it is proposed to locate such branch office is 5 square miles or less, it shall be required, in addition to the other conditions of this subsection as to the establishment and operation of a section 25 branch office, that the total assets of any association or associations operating principal or branch offices therein were less than \$400,000.00 as of the previous December 31. Such branch office must be more than 2,500 feet from the location of an existing principal or branch office of an association, unless the association operating such principal or branch office in the municipality consents in writing to a closer location, or

(d) in a municipality in which the association is operating a section 25 or 27 branch office where there is no principal office or branch office of another association.

In all cases in this section per capita assets shall be determined by the commissioner who shall furnish the per capita assets of the State, county and municipality to the applying association.

2. No association shall establish a section 25 branch office unless the association shall first file written application with the commissioner for his approval. Before approving such application, the commissioner shall determine that:

(a) the association and the proposed branch meet all of the requirements of sections 25 and 26 of this act, and

(b) the establishment and operation of such branch office is in the public interest and will be of benefit to the area served by such branch office, and that

(c) such branch office may be established without undue injury to any other association in the area in which it is proposed to locate such branch office, and that

(d) conditions in the area to be served, afford reasonable promise of successful operation.

Within 10 days after the submission of any such application to the commissioner, the applying State association shall give notice by mail of such application to all associations having principal or branch offices within the municipality in which it is proposed to locate the branch office and outside of such municipality if within 2 miles of the place where it is proposed to locate such branch office. The notice shall be in a form approved by the commissioner, and shall include the name of the applying association and the street address and municipality where such branch office is to be located. Upon the request of the applying association, the commissioner shall furnish a written list showing the names and street addresses of all State associations to which such notice must be sent. The commissioner shall conduct such investigation or hearing or both, as he may deem to be advisable.

Not less than 30 days after mailing of the aforementioned notice and within 90 days thereafter, the commissioner shall announce his decision upon such application and file in his office, a written memorandum stating the reasons therefor, which shall be open to public inspection; and he shall forthwith thereafter give written notice thereof to the applicant.

27. Any State association, into which another association has been merged or which has acquired by purchase, reorganization or in any other manner, all or a substantial portion of the assets of another association, may make application to the commissioner for authority to operate the office previously operated by such other association, or a suitable substitute therefor, as a section 27 branch office. The commissioner may grant authority for the operation of such section 27 branch office under such terms and conditions as he shall prescribe, and such authority may be inclusive of authorized

branch offices operated by the selling or merging association; provided, however, that no branch office or offices shall be established under this section, unless the offices of the associations are in the same or contiguous counties and that the commissioner shall first determine that the operation of such branch office or offices is in the public interest and will be of benefit to the area served by such branch office or offices and to the members of the association.

Within 30 days after the filing of the merger or asset sale agreement with the commissioner or the holding of a hearing, whichever last occurs, the commissioner shall announce his decision upon such application and file in his office, a written memorandum stating the reasons therefor, which shall be open to public inspection; and he shall forthwith thereafter give written notice thereof to the applicant.

4. Removal of branch offices.

A State association may change the location of a branch office to a location, in the same municipality, which is 1,500 feet or less in distance from the existing location of the branch office to be relocated, provided it files a certificate of such change of location with the commissioner within 1 week from the date such change is made. Otherwise a State association may change the location of a branch office upon written application to and approval by the commissioner.

C. 17:12B-27.1.
Removal of
branch offices.

(1) If the distance between the proposed new location is more than 1,500 feet, but is in the same municipality as the existing branch office, the applying State association shall, within 10 days after the submission of any such application to the commissioner, give notice by mail of such application to all associations having principal or branch offices located within 2 miles of the place where it is proposed to locate such branch office. Notice shall be in the form approved by the commissioner, and shall include the name of the applying association, street address and municipality where such branch

office is to be located. Upon the request of the applying association, the commissioner shall furnish a written list showing the names and street addresses of all State associations to which such notice must be sent.

(2) If the proposed new location is in another municipality than that in which the existing branch office is located, the State association shall comply with the notice requirements set forth in subsection 2 of section 26 of this act and the commissioner, before approving the application, shall determine that the establishment and operation of such proposed branch office is in the public interest, will be of benefit to the area served by such branch office and that such branch office may be established without undue injury to any other association in the area in which it is proposed to locate such branch office, and that conditions in the area to be served, afford reasonable promise of successful operation.

(3) For the purposes of this section, distances shall be measured in a straight line drawn from the center point of the main entrance of the present location of the branch office to the center point of the main entrance of the proposed location.

(4) Upon receipt of a written application to change the location of branch office as provided in subsections (1) and (2), of this section, the commissioner shall conduct such investigation or hearing, or both, as he may deem to be advisable. Not less than 30 days after mailing of the aforementioned notice by the applying association and within 90 days thereafter, the commissioner shall announce his decision upon such application and file in his office a written memorandum stating the reasons therefor which shall be open to public inspection; and he shall forthwith thereafter give written notice thereof to the applicant.

5. Time limit for opening branch office; discontinuance of branch office.

The failure of a State association to open and operate a branch office within 6 months after the commissioner approves the application therefor,

shall automatically terminate the right of the State association to open the branch office, except that, for good cause shown, the commissioner may, in his discretion, on application of the State association extend for additional periods, not in excess of 6 months each, the time within which such branch office may be opened, provided the initial application shall be made before the expiration of 6 months from the date that the commissioner approves the application and any subsequent application for extension shall be made before the expiration of any subsequent period for which permission to extend is granted by the commissioner. A State association may discontinue a branch office upon resolution of its board. Upon adoption of such a resolution, the State association shall file a certificate with the commissioner specifying the location of the branch office to be discontinued, and the date upon which the discontinuance shall be effective.

6. Section 208 of the act of which this act is amendatory is amended to read as follows:

1. Section 65 of the act of which this act is amendatory is amended to read as follows:

C. 17:9A-65.
Real
property
mortgages.

65. Real property mortgages.

A. No bank shall make a mortgage loan secured by a mortgage upon real property unless

(1) the mortgaged property is located within this State, or, if outside this State, the mortgaged property is located within 50 miles of the border of this State; or if the mortgaged property is located outside this State and is more than 50 miles from the border of this State, the payment of the mortgage loan is insured or guaranteed, or is the subject of an unconditional commitment for such insurance or guarantee, to the extent provided for in subsection A of section 68, by the Federal Housing Commissioner or by the United States, or by this State;

(2) the mortgaged property shall consist of improved real property, including farm lands, or unimproved real property if the proceeds of such loan shall be used for the purpose of erecting improvements thereon;

(3) the mortgage securing such loan shall constitute a first lien on a fee; a mortgage shall be deemed a first lien notwithstanding the existence of a prior mortgage or mortgages held by the bank, or liens of taxes which are not delinquent, building restrictions or other restrictive covenants or conditions, leases or tenancies whereby rents or profits are reserved to the owner, joint driveways, sewer rights, rights in walls, rights-of-way or other easements, or encroachments, which the persons signing the certificate provided for in section 67 report in their opinion do not materially affect the security for the mortgage loan. Every mortgage shall be certified to be such a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be such a first lien by a corporation authorized to guarantee titles to land in such State;

(4) no such loan shall be made for a period longer than 25 years from its date and no such loan shall exceed 80% of the appraised value of the mortgaged property; provided, that there shall be included in the appraised value of the mortgaged property, for the purpose of this paragraph (4), the value of the improvements to be erected upon the mortgaged property wholly or partly with the proceeds of such loan; and

amount sufficient to pay current interest and to repay the amount of the loan in not more than 25 years from its date; and provided further, that when the proceeds of any such loan are to be used to pay, in whole or in part, the cost of constructing a building or buildings on the mortgaged property, and such proceeds are paid by the bank from time to time, final payment being made at or after completion, the instrument evidencing such loan need not require that any payment be made on account of the principal amount of the loan during the period from the date of such loan to a date not more than 18 months from the date of such loan; and such date marking the end of the period during which no payments are required to be made on account of the principal amount of the loan, shall be deemed to be the date of such loan for the purpose of reckoning the 25-year period limited for the payment of such loan by this paragraph (5), and by paragraph (4) of this section.

B. The commissioner may, from time to time, with the concurrence of the banking advisory board, make, alter and rescind regulations.

(2) defining "improved real property" for the purposes of paragraph (2) of subsection A of this section;

(3) increasing the percentage of the time deposits or the aggregate of the unimpaired capital

AN ACT to amend the "Teachers' Pension and Annuity Fund-Social Security Integration Act," approved June 1, 1955 (P. L. 1955, c. 37).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 53 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

53. a. Each member who is a member on January 1, 1958 and each person who thereafter becomes a member will be eligible to purchase the additional death benefit coverage hereinafter described, provided that he selects such coverage within 1 year after January 1, 1958 or after the effective date of membership, whichever date is later.

C. 18:13-112.55.
Optional
death
benefits.

b. The board of trustees shall establish schedules of contributions to be made by the members who elect to purchase the additional death benefit coverage. Such contributions shall be so computed that the contributions made by or on behalf of all covered members in the aggregate shall be sufficient to provide for the cost of the benefits established by subsections c and e of this section. Such schedules of contributions shall be subject to adjustment from time to time, by the board of trustees, as the need may appear.

c. Upon the receipt of proper proofs of the death in service of any such member while covered for the additional death benefit coverage there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to 1½ times the compensation received by the member in the last year of creditable service or some lesser amount as may be provided by the board of trustees and elected to purchase by the members; provided, that if such

death in service shall occur on or after July 1, 1956, and after the member has attained age 70, the amount payable shall equal $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service instead of $1\frac{1}{2}$ times such compensation.

d. The board of trustees may also provide, effective as of January 1, 1961, for additional death benefit coverage, as described in subsection e of this section, for former members who are receiving retirement allowances pursuant to the provisions of this act, subject to the provisions hereinafter stated, and the board may terminate such coverage at any time. The additional death benefit coverage to be so provided shall be in accordance with rules as determined by the board from time to time on the basis of dates of retirement or other factors deemed appropriate by it. In no event shall the additional death benefit coverage described in subsection e of this section apply to any former member receiving a retirement allowance unless such member was covered by the additional death benefits described in subsection c of this section during the member's last month of creditable service. No contributions toward the cost of additional death benefit coverage described in subsection e of this section shall be required of a former member while he is receiving a retirement allowance pursuant to the provisions of this act.

e. Upon receipt of proper proofs of the death of a former member who was covered for the additional death benefit coverage pursuant to subsection d of this section, there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

f. The contributions of a member for the additional death benefit coverage shall be deducted from his compensation, but if there is no compensation from which such contributions may be deducted it

shall be the obligation of the member to make such contributions directly to the board of trustees or as directed by the board; provided, however, that no contributions shall be required while a member remains in service after attaining age 70 but that his employer shall be required to pay into the fund on his behalf in such case an amount equal to the contributions otherwise required by the board of trustees in accordance with this section.

g. Any other provisions of this act notwithstanding, the contributions of a member for the additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, nor shall any contributions made for the additional death benefit coverage be included in any annuity payable to any such member or to his beneficiary.

h. A member who has elected to purchase the additional death benefit coverage provided by this section may file with the board of trustees, and alter from time to time during his lifetime, as desired, a duly attested, written, new nomination of the payee of the death benefit provided under this section. Such member may also file and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in one sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member, a beneficiary to whom a benefit is payable in one sum may elect to receive the amount payable in equal installments over a period of years or as a life annuity.

i. All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. This required percentage shall be fixed by the board of trustees. Any such percentage may be made applicable to male or female members only or to other groupings as deter-

mined by the board of trustees. Applications for such additional death benefit coverage shall be submitted to the secretary of the board of trustees in such manner and upon such forms as the board of trustees shall provide.

j. Any person becoming a member of the retirement system after benefits provided under this section shall have come into effect, who is, by sex or other characteristic, within the grouping to which the additional death benefit coverage under this section is applicable, for the first year of his membership in the retirement system shall be covered by the additional death benefit coverage provisions of this section with the benefit in the event of death, in the first year of membership only, being based upon contractual salary instead of compensation actually received and shall make contributions as fixed by the board of trustees during such period. Such member shall have the right to continue to be covered by the benefits of this section and to contribute therefor after his first year of membership has been completed. This subsection shall not apply in the case of such a member who has already attained his sixtieth birthday prior to becoming a member of the retirement system unless he shall furnish satisfactory evidence of insurability at the time of becoming a member.

2. This act shall take effect immediately.

Approved July 6, 1965.

3. Section 45:5-7 of the Revised Statutes is amended to read as follows:

45:5-7. All examinations shall be written in the English language, but the board, in its discretion, may use supplementary oral or practical examinations, either of the whole class or of individuals. The examinations shall be in all subjects taught and practiced in the legally incorporated schools or colleges of podiatry, in good standing in the opinion of the board, which confer the degree of doctor of surgical chiropody or other doctorate degree in podiatry. Said application and examination papers shall be deposited in the files of the said board for at least 5 years, and they shall be prima facie

evidence of all matters therein contained. All licenses shall be signed by the president and secretary of the board and shall be attested by the seal thereof.

If the examination is satisfactory, the board shall issue a license entitling the applicant to practice chiropody in this State.

“Podiatry” or “practice of podiatry” is defined to be the diagnosis of or the holding out of a right or ability to diagnose any ailment of the human foot, or the treatment thereof, or the holding out of a right or ability to treat the same by any one or more of the following means: local medical, mechanical, minor surgical, manipulative and physio-therapeutic or the application of external medical or any other of the aforementioned means except minor surgical and local medical to the lower leg and ankle for the treatment of a foot ailment; not including, however, the treatment of tuberculosis, osteomyelitis, malignancies, syphilis, diabetes, tendon transplantations, bone resections other than partial ostectomies of the metatarsals and phalanges, amputations, fractures other than simple (not compound) fractures of the metatarsals and phalanges requiring only supportive dressings, dislocations other than dislocations of the phalangeal or metatarso-phalangeal joints, the treatment of varicose veins by surgery or injection, the administration of anesthetics other than local, the use of radium, the use of X-ray except for diagnosis, or the treatment of congenital deformities by the use of a cutting instrument or electrosurgery other than those deformities which, but for the congenital aspect, may be treated under this act. For the purposes of this act, the term “partial ostectomies” shall mean the excision of a part of a bone and, except with respect to the sesamoids, is not to be construed as encompassing or authorizing the removal or excision of an entire bone. The term “local medical” hereinbefore mentioned shall be

construed to mean the prescription or use of a therapeutic agent or remedy where the action or reaction is intended for a localized area or part.

Every person practicing podiatry under this act shall at all times conspicuously display in his place of practice his license and yearly registration to practice. It shall be unlawful to practice podiatry in this State without so displaying such license and registration. Any applicant for a license to practice podiatry upon proving that he has been examined and licensed by the examining and licensing board of another State, territory of the United States, or the District of Columbia, may in the discretion of the board be granted a license to practice podiatry without further examination upon payment to the board of a license fee of \$100.00; provided, such applicant shall furnish proof that he can fulfill the requirements demanded in the other sections of this chapter relating to applicants for admission by examinations; provided further, that the laws of such State, territory or the District of Columbia accords equal reciprocal rights to a licensed podiatrist of this State, who desires to practice his profession in such State, territory or the District of Columbia; provided further, that said applicant has been in lawful and ethical practice of podiatry in the State, territory or District of Columbia from which he applies for 5 full consecutive years next prior to filing his application; and provided, further that said applicant shall, within 6 months after the issuance of his license hereunder, remove to this State, establish his permanent and only legal residence and cease to operate his practice in the State from which he applies and not use such license for part-time practice in this State. An affidavit setting forth his intention to comply with the requirements of this proviso must be filed with the application for license. The board shall consider each application for such license on its individual merits and may, in its discretion and without establishing a precedent, waive the requirements for internship in lieu of 10 or more years of active

and continuous ethical practice outside of this State.

The board may issue to any licensed podiatrist of this State, known to it to be of good moral character and who has conducted an ethical practice in this State, and who desires to remove his residence and practice to another State, a certificate or certification authenticated with its seal, which shall attest such information as may be necessary for competent boards of other States to determine reciprocity qualifications, upon payment of a fee of \$10.00. In any such application for a license without examination, all questions of academic requirements of other States, territories or the District of Columbia shall be determined by the Commissioner of Education of this State.

The board, in its discretion, may grant a license without further examination to any person whose previous license has been revoked under section 45:5-8 of the Revised Statutes and upon payment to the board of a license fee of \$100.00.

4. Section 45:5-8 of the Revised Statutes is amended to read as follows:

Conviction of crime involving moral turpitude; or where any licensee or applicant for license has pleaded *nolo contendere*, *non vult contendere* or *non vult* to any indictment, information, allegation or complaint, alleging the commission of a crime involving moral turpitude. The record of conviction or the entry of such a plea in any court of this State or any other State or in any of the courts of the United States or any foreign country shall be sufficient warrant for the revocation or suspension of a license.

Where any licensee or applicant for license presents to the board any diploma, license or certificate

that shall have been obtained, signed or issued unlawfully or under fraudulent representation.

Unprofessional, dishonorable or unethical conduct in the practice of podiatry.

Failure to comply with the reciprocity provision under section 45:5-7.

Use by a podiatrist of the words "clinic," "infirmary," "hospital," "school," "college," "university," or "institute" in English or any other language in connection with any place where podiatry may be practiced or demonstrated.

Before a license is refused, revoked or suspended under the provisions of this section, the accused shall be furnished with a copy of the complaint, and given a hearing before the board in person or by attorney; and any person who, after such refusal or revocation or suspension of license, attempts or continues the practice of podiatry shall be subject to the penalties hereinafter prescribed.

The secretary shall mail to each licensed podiatrist on or before October 1 each year a printed blank form to be properly filled in and returned to said secretary by such licensed

person on or before the succeeding November 1, together with such fee. Upon the receipt of said form properly filled in, and such fee, the annual certificate of registration shall be issued and transmitted. Said secretary shall annually, on or before January 1, mail to each licensed podiatrist who has registered for the preceding year a list containing the names and post-office addresses of all licensed podiatrists who have registered under this section for said year. Every licensed podiatrist who continues the practice of podiatry after having failed to secure an annual certificate of registration at the time and in the manner required by this section shall be subject to a penalty of \$10.00 for each failure. Immediately after November 1, the secretary shall send by registered mail to every podiatrist who has failed to obtain an annual registration certificate for the ensuing year a notice that their license will be automatically suspended within 30 days unless the penalty and annual registration fee is paid immediately. Upon failure to register after such notice, the license of such person shall be automatically suspended and shall not be reinstated except upon full payment of penalty and annual registration fee. However, such suspension shall not apply to anyone who has ceased to practice in this State. Any person whose license shall have been automatically suspended under this section shall during such period of suspension be regarded as an unlicensed person, and if he continue to engage in the practice of podiatry during such period, he shall be liable to the penalties prescribed by sections 45:5-11 and 45:5-12 of this chapter.

6. Section 45:5-10 of the Revised Statutes is amended to read as follows:

Such permission may be granted for a period of not more than 3 months upon payment of a fee of \$10.00. The board, in its discretion and upon payment of an additional fee of \$10.00, may extend such permission for a further period but not to exceed 6 months. Nothing in this act shall prohibit the fitting, recommending or sale of corrective shoes, arch supports or other mechanical appliances by retail dealers or manufacturers, provided, however, that they shall not be made or fabricated from plaster casts or models or by any other means for specific individual persons except upon the prescription of a podiatrist or physician.

(b) Every county district court and municipal court, within their respective territorial jurisdictions, shall have jurisdiction to hear and determine actions for penalties under this chapter. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 39:4-54 of the Revised Statutes is amended to read as follows:

Section
amended.

39:4-54. No motor vehicle shall be used on the public highways while drawing more than 2 motor-drawn vehicles. A "double saddle-mount," herein defined, means mounting the front of a motor vehicle by use of a coupling device, known as a "saddle-

axle; fine.

mount," on the rear of a towing vehicle and mounting the front of another motor vehicle by use of another "saddle-mount" on the rear of the towed vehicle. The director by regulation may prescribe standards to insure the sufficiency of the coupling, or "saddle-mount," devices, the lighting, braking and towing methods in double saddle-mount operations or in any other combination of 2 motor-drawn vehicles. In no event shall the over-all length of a double saddle-mount operation or any other combination of vehicles exceed the over-all length limitation prescribed in Revised Statutes 39:3-84 for combinations of vehicles, and any violation thereof shall be subject to the penalty provided in this Title for violations of the over-all length limitation in said section.

Trailers shall, when operated on the highways of this State, be connected to the towing vehicle by at least one chain or cable, in addition to the hitch bar, of sufficient strength to hold the motor-drawn vehicle on a hill if the hitching bar becomes disconnected, or shall be provided with an adequate device to prevent its rolling backward.

An attachable auxiliary motor vehicle axle, herein defined, means a single axle mounted on 2 or more wheels, an equal number of wheels on each side, which may be attached, and at times dismantled, to a truck or truck tractor to form a tandem axle.

When a tandem axle is thus formed, the allowable gross weight thereon shall be the same as set forth in Revised Statutes 39:3-84 for tandem axles, if the centers of the axles are on or between 2 parallel transverse vertical planes spaced 40 inches, but less than 96 inches apart. Violations of the allowable gross weight shall be treated in the same manner and be subject to the same penalty as provided in Revised Statutes 39:3-84.3.

An attachable auxiliary axle, upon proof of ownership satisfactory to the director, may be registered on a gross weight basis in the same manner as commercial vehicles under Revised Statutes 39:3-20 and shall display one registration plate or

tab of a classification to be determined by the director and located on the auxiliary axle in a manner as may be prescribed by the director. Unless so registered and displaying a registration plate or tab no such attachable auxiliary axle owned by a resident of this State shall be operated on the highways of this State, and no such attachable auxiliary axle owned by a non-resident shall be operated on the highways of this State unless registered in accordance with the laws respecting the registration of motor vehicles of the State, Territory, Federal district of the United States or province of the Dominion of Canada, or foreign country, in which the non-resident resides, if such registration is required therein, and which has conspicuously displayed thereon an identification marker if furnished by said jurisdiction.

When an attachable auxiliary axle registered under this Title is operated on a highway in conjunction with a tractor-semitrailer combination, and one unit of the combination is registered in this State and the other in a foreign jurisdiction, known as a "mixed combination," the registered weight of the auxiliary axle may be added to the registered weight of the New Jersey registered unit in determining if the over-all registered weight conforms with the "mixed combination" registration requirements of Revised Statutes 39:3-20. If the over-all registered weight of the auxiliary axle and the New Jersey registered unit is less than $\frac{1}{2}$ the combined gross weight of the entire combination, then the owner, lessee and bailee shall be subject to the penalty formula set forth in Revised Statutes 39:3-20.

When an auxiliary axle or a converter dolly registered under this Title appears on a highway as part of a tractor-semitrailer combination or a combination of 2 motor-drawn vehicles registered in a foreign jurisdiction or jurisdictions, the entire combination shall be deemed to be of foreign origin and the registration requirements as to "mixed combi-

nations" shall not apply, provided the auxiliary axle or converter dolly is registered with the director for a gross weight of 10,000 pounds.

A converter dolly, herein defined, means an attachable auxiliary frame with hitch bar and fifth wheel with the axle or axles mounted on 2 or more wheels, an equal number of wheels on each side, which may be attached, and at times dismantled, to a semitrailer to form a trailer.

A converter dolly, upon proof of ownership satisfactory to the director, may be registered on a gross weight basis in the same manner as commercial vehicles under Revised Statutes 39:3-20 and shall display one registration plate or tab of a classification to be determined by the director and located on the dolly in a manner as may be prescribed by the director. Unless so registered and displaying a registration plate or tab no such converter dolly owned by a resident of this State shall be operated on the highways of this State, and no such converter dolly owned by a non-resident shall be operated on the highways of this State unless registered in accordance with the laws respecting the registration of motor vehicles of the State, Territory, Federal district of the United States or province of the Dominion of Canada, or foreign country, in which the non-resident resides if such registration is required therein, and which has conspicuously displayed thereon an identification marker if furnished by said jurisdiction.

It shall be unlawful for any combination of 2 motor-drawn vehicles registered under this Title having gross weight of load and vehicles in excess of the gross weight provided on the registration certificates to be operated on the highways of this State. In any violation thereof, the owner, lessee and bailee shall be subject to the penalty formula provided in Revised Statutes 39:3-20.

In any combination of 2 motor-drawn vehicles, with or without use of a converter dolly, and part or parts of the combination is registered in New Jersey and part or parts in a foreign jurisdiction

or jurisdictions, the registration requirements as to "mixed combinations" and the penalty formula for violations thereof as provided in Revised Statutes 39:3-20 shall apply.

An auxiliary axle or converter dolly, for the purposes of this section shall not be considered a "vehicle" or "motor vehicle" as defined in Revised Statutes 39:1-1.

A person violating this section, except as specifically provided herein, shall be subject to a fine not exceeding \$100.00. In default of the payment thereof, there shall be imposed imprisonment in the county jail for a period not exceeding 10 days.

2. This act shall take effect immediately except that any attachable auxiliary axles or converter dollies, use of which has heretofore been authorized by the director, shall be deemed to be properly registered for the balance of the current registration year.

L. 1946, c. 123), as to the issuance of bonds and notes and the financing for authority projects.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section
amended.

1. Section 54 of the act of which this act is amendatory is amended to read as follows:

C. 40:36A-54.
Bonds and
notes.

54. An authority shall have power and is hereby authorized, from time to time, to issue its negotiable bonds and, in anticipation thereof, its notes, (a) for the purpose of providing for the cost of the construction of its district sewer system as defined (but not as limited) by subdivision (e) of section 30 and (b) for the purpose of refunding any bonds or notes of the authority including the payment of any redemption premium and any interest accrued or to accrue to the date of redemption of the bonds or notes to be refunded and any interest to accrue

on any bonds or notes (including the said bonds or notes issued for such purposes) prior to the end of the fiscal year beginning next after the issuance of the said bonds or notes issued for such purpose and (c) for the purposes hereinafter in this section provided, or for any one or more of the aforesaid purposes. Such bonds or notes shall be authorized by resolution of such authority which, in the case of bonds, shall be adopted only after public hearing thereon by such authority held not less than 10 days after notice of such hearing advertised in a newspaper published at the county seat of the county. Any such bonds or notes may be sold by such authority in the manner or mode of procedure prescribed for the sale of bonds or notes, respectively, of a county by "The Local Bond Law," chapter 2 of Title 40A, Municipalities and Counties, of the New Jersey Statutes, but if any such bonds are not so sold, they shall be sold only at public sale upon sealed proposals after at least 7 days' notice published at least once in a publication carrying municipal bond notices and devoted primarily to financial news or the subject of State and municipal bonds published in New York City, to the bidder on whose bid the total loan may be made at the lowest net cost, such net cost to be computed, as to each bid, by adding to the total principal amount of the bonds which the bidder offers to accept, the total interest which will be paid under the terms of the bid, and deducting therefrom the amount bid for the bonds which shall not exceed by more than \$1,000.00 the par value of the bonds offered for sale. Such bonds may be issued in one or more series, and shall bear such date or dates, mature at such time or times, in accordance with this section not exceeding 40 years from their date, be in such denominations and in such form either coupon or registered, carry such registration privileges, and be executed in such manner as may be determined in said resolution of such authority, and shall bear interest at such rate or rates not exceeding 6% per annum payable at such time or times, be payable at such

place or places and be subject to such terms of redemption with or without premium as may be determined in said resolution of such authority or by subsequent resolution or resolutions which may be adopted by such authority prior to the issuance of such bonds and without advertisement or public hearing. The maturities of the bonds of any such series shall either be so arranged that the total amount payable in any year on account of principal and interest thereof shall not exceed by more than $\frac{1}{2}$ the total amount payable on account of such principal and interest in any prior year other than the first 4 years next ensuing after their issuance, or be so arranged that the total amount payable in any year on account of principal and interest on all bonds of the authority then outstanding, including the bonds of such series, shall not exceed by more than $\frac{1}{2}$ the total amount payable on account of such principal and interest in any prior year other than years preceding the fifth year next ensuing after the issuance of the bonds of such series. Notes issued hereunder may be renewed, but all such notes, including renewals thereof, shall mature and be paid not more than 5 years from the date of the original notes. Any bond issue authorized and issued by an authority may provide for raising all sums deemed by the authority to be necessary to pay the total cost of its district sewer system to be constructed as defined (but not as limited) by subdivision (e) of section 30, and to meet any revised estimate thereof made subsequent to preparation of the project report, including any deficits, salaries, working capital, contingency or other reserves, repayment of moneys advanced for administrative expenses, and temporary borrowing, up to the beginning of the fiscal year beginning next after the issuance of such bond issue, and, in addition, to provide and establish all such reserves for any of the foregoing purposes or for payment or security of principal or interest on such bonds or for administrative, operating, maintenance or other expenses or working capital as the authority

may deem desirable for or with respect to periods before or after the beginning of such fiscal year. Should an authority authorize or issue any bonds for the purposes herein provided and after using the proceeds of said bonds for the purposes provided in the resolution authorizing said bond issue, there remain an unexpended balance of the proceeds of said bond issue, then such unexpended balance may be applied by the authority to any other purposes for which it is by law authorized to issue bonds or may be used to retire any bonds theretofore issued by the authority. The validity and regularity of the proceedings taken by an authority pursuant to this section for the issuance of such bonds or notes and the obligation of the authority to pay such bonds or notes and interest thereon, and to perform the covenants contained in such bonds or notes or such proceedings, shall not be dependent on or affected by the validity or regularity of any other proceedings taken, contracts entered into, acts performed, or things done by such authority, or by any municipality, private sewer company or industry. No resolution authorizing the issuance of any bonds pursuant to this section shall be finally passed if it appears that the aggregate of all bonds of such authority then outstanding, including those authorized by such resolution, exceeds (a) 15% of the total value of the land and improvements assessed (including second-class railroad property) for the preceding year in the municipalities which have signed contracts with such authority pursuant to section 50 hereof as shown on the table of aggregates for such year filed and printed by the county treasurer of the county pursuant to section 54:4-52 (as amended) of the Revised Statutes, plus (b) the amount of the proceeds of the bonds authorized by such resolution and of any other moneys of the authority which, under the terms of such resolution or of any other resolution of the authority previously adopted, are required to be applied to the purchase, or to the refunding or payment of the principal, of bonds of the authority outstanding at

the time of passage of such resolution authorizing the issuance of bonds.

Neither the members of an authority nor any person exe-

cuting said bonds or notes shall be liable personally on said bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof. An authority shall have power to purchase, out of any funds available therefor, any bonds or notes issued by it at a price, if said bonds or notes are redeemable prior to maturity, not more than the redemption price thereof applicable on the next ensuing date when said bonds or notes may be redeemed plus accrued interest to such redemption date, or, if said bonds or notes are not redeemable prior to maturity, not more than the par value thereof plus accrued interest to such maturity. CHAPTER 167

AN ACT concerning group life insurance, and amending section 17:34-31 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section
amended.

1. Section 17:34-31 of the Revised Statutes is amended to read as follows:

Requirements;
permissible
provisions
in policies;
groups
insurable;
persons
eligible;
limitation
on amount.

17:34-31. (A) No policy of group life insurance shall be delivered in this State unless it conforms to one of the following descriptions:

(1) A policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustees shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(a) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "em-

ployees" shall include the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract or otherwise. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him, or partly from such funds and partly from funds contributed by the insured employees. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured employees. A policy on which part of the premium is to be derived from funds contributed by the insured employees may be placed in force only if at least 75% of the then eligible employees, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees.

(c) The policy must cover at least 10 employees at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustees.

(2) A policy issued to a creditor, who shall be deemed the policyholder, to insure debtors of the creditor, subject to the following requirements:

(a) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. The policy may provide that the term "debtors" shall include the debtors of one or more subsidiary corporations, and the debtors of one or more affiliated corporations, proprietors or partnerships if the business of the policyholder and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract, or otherwise.

(b) The premiums for the policy shall be paid by the policyholder, either from the creditor's funds, or from charges collected from the insured debtors, or from both. A policy on which part or all of the premium is to be derived from the collection from the insured debtors of identifiable charges not required of uninsured debtors shall not include, in the class or classes of debtors eligible for insurance, debtors under obligations outstanding at its date of issue without evidence of individual insurability unless at least 75% of the then eligible debtors elect to pay the required charges. A policy on which no part of the premium is to be derived from the collection of such identifiable charges must insure all eligible debtors, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy may be issued only if the group of eligible debtors is then receiving new entrants at

the rate of at least 100 persons yearly, or may reasonably be expected to receive at least 100 new entrants during the first policy year, and only if the policy reserves to the insurer the right to require evidence of individual insurability if less than 75% of the new entrants become insured.

(d) The amount of insurance on the life of any debtor shall at no time exceed the amount owed by him which is repayable in installments to the creditor, or \$10,000.00, whichever is less.

(e) The insurance shall be payable to the policyholder. Such payment shall reduce or extinguish the unpaid indebtedness of the debtor to the extent of such payment.

(3) A policy issued to a labor union, which shall be deemed the policyholder, to insure members of such union for the benefit of persons other than the union or any of its officials, representatives or agents, subject to the following requirements:

(a) The members eligible for insurance under the policy shall be all of the members of the union, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the union, or both.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the union's funds or partly from such funds and partly from funds contributed by the insured members specifically for their insurance. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured members specifically for their insurance. A policy on which part of the premium is to be derived from funds contributed by the insured members specifically for their insurance may be placed in force only if at least 75% of the then eligible members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured members specifically for their insurance must insure all eligible members.

(c) The policy must cover at least 10 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the union.

(4) A policy issued to the trustees of a fund established by 2 or more employers in the same industry or by one or more labor unions, or by one or more employers and one or more labor unions, which trustees shall be deemed the policyholder, to insure employees of the employers or members of the unions for the benefit of persons other than the employers or the unions, subject to the following requirements:

(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the unions, or to both. The policy may provide that the term "employees" shall include the individual proprietor or partners if an employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. If the fund is established by the members of an association of employers, the policy may provide that the term "employees" shall include the employees of the association.

(b) The premium for the policy shall be paid by the trustees wholly from funds contributed by the employer or employers of the insured persons, or by the union or unions, or by both. No policy may be issued on which any part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance. The policy must insure all eligible persons, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at date of issue at least 100 persons and not less than an average of 5 persons per employer unit; and if the fund is established by the members of an association of employers the policy may be issued only if (i) either (a) the participating employers constitute at date of issue at least 60% of those employer-members whose employees are not already covered for group life insurance or (b) the total number of persons covered at date of issue exceeds 600; and (ii) the policy shall not require that, if a participating employer discontinues membership in the association, the insurance of his employees shall cease solely by reason of such discontinuance.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured persons or by the policyholder, employers, or unions.

(5) A policy issued to a duly incorporated State Policemen's Benevolent Association or Fraternal Order of Police, which association or order shall be deemed the policyholder, to insure members of such association or order for the benefit of persons other than the association, order or any of its officials, subject to the following requirements:

(a) The persons eligible for insurance under the policy shall be all of the members of the association, order or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the association, order, or both.

(b) The premium for the policy shall be paid by the policyholder wholly from the association's or order's funds. No policy may be issued on which any part of the premium is to be derived from funds contributed by the insured members specifically for their insurance. The policy must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 10 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or the association or order. In no event may the amount of insurance under the policy on a member exceed \$5,000.00.

(6) A policy issued to a duly incorporated non-profit religious or charitable association or corporation, which has been in existence for more than 1 year at the time of issuance of the policy and which was not formed for the exclusive purpose of procuring insurance, which association or corporation shall be deemed the policyholder, to insure members of such association or corporation for the benefit of the association or corporation or of persons named by the insured members for the purpose of carrying out the duly stated objectives of the association or corporation, subject to the following requirements:

(a) The persons eligible for insurance under the policy shall be all of the members of the association or corporation or all of any class or classes thereof determined by conditions pertaining to membership in the association or corporation.

(b) The premium for the policy shall be paid by the policyholder or the insured members, or by both jointly.

(c) The policy must cover at least 100 members at date of issue and, if any part of the premium is

to be paid by the insured members, shall cover not less than 75% of such eligible members, exclusive of any as to whom evidence of individual insurability is not satisfactory to the insurer.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured members or by the policyholder.

(B) No policy of group life insurance may be issued to an employer, or to a labor union, or to the trustees of a fund established in whole or in part by an employer or a labor union, which provides term insurance on any person which together with any other term insurance under any group life insurance policy or policies issued to the employer or employers of such person or to a labor union or labor unions of which such person is a member or to the trustees of a fund or funds established in whole or in part by such employer or employers or such labor union or labor unions, exceeds \$20,000.00, unless 150% of the annual compensation of such person from his employer or employers exceeds \$20,000.00, in which event all such term insurance shall not exceed \$40,000.00 or 150% of such annual compensation, whichever is the lesser.

20. The authority, pursuant to the provisions of this act, is hereby authorized to construct, maintain, improve, repair and operate a project to be known as "The Garden State Parkway," consisting of a highway at the following location of such part or parts thereof as the authority may from time to time determine to be suitable for a project as contemplated by this act: Beginning at such points as the authority may select as most feasible

and practicable at Paterson and also at State Highway Route No. 17 in Paramus or Ridgewood and thence in a general southerly direction to a junction in Passaic county and thence generally along the State highway route referred to in section 21 hereof through Clifton, Passaic county, Essex county and Union county to Woodbridge and thence in a general southerly direction to the vicinity of the Edison bridge and thence over the Raritan river through Middlesex county and Monmouth county to Toms River and thence to a point at or near the city of Cape May; but, notwithstanding any of the prior provisions of this act, the authority: (1) shall exclude from any part of such highway situate more than 5 miles north of its intersection with northern line of Ocean county all traffic except passenger motor vehicles, omnibusses and taxicabs, and may further regulate the use thereof pursuant to the provisions of section 17 (b) hereof; and (2) shall not fix, prescribe, charge or collect tolls or other charges for transit over or use of any part or parts of said project acquired from the State pursuant to section 21 hereof which may be designated as toll-free by written certificate of the State Highway Department filed with the Secretary of State prior to October 1, 1952 and (3) shall, with respect to any part of said project located in Essex county, provide connections therewith by means of parallel, marginal, connecting or other service roads or otherwise, to and from existing county highways intersecting such part of said project between and including Springfield avenue, Irvington, and Belleville avenue, Bloomfield, or such of said county highways as, prior to September 15, 1952 or such later date as may be fixed by the authority, shall be designated by certificate of the county engineer of Essex county, approved by resolution of the authority; and (4) unless and until the authority, pursuant to an agreement with the commissioner, shall have set aside in a special reserve fund to be held by it the sum of \$13,000,000.00 to be expended and used as hereinafter provided, shall not collect tolls

amount of such excess may be withdrawn from said fund by the authority and deposited in the series one construction fund created under section 502 of the resolution of the authority entitled: "First Supplemental Junior Bond Resolution Authorizing \$40,000,000.00 Junior Bonds," adopted by the authority on July 7, 1962, and held or applied as other moneys in said construction fund. In the design, construction and operation of such parkway project, it shall be the duty of the authority, so far as may be deemed practicable by it and may be permitted by the terms of any agreement by it with the holders of its bonds or notes, to permit the largest possible toll-free use of the project by intracounty or short-haul traffic and provide the largest possible number of points of connection between public highways and the project consistent with safe and efficient use of such project and public highways and safe and economical construction and operation of the project on a self-supporting basis.

C. Except as in this section otherwise provided, a bank may make an installment loan and may take interest in advance upon the full amount of such loan for the period from the making of the loan to the date of maturity of the final installment, in an amount not exceeding the amount determined by the application of the formula

$$I = \frac{.11784A (P + 1)}{2N + .11784 (P + 1)}$$

in which "I" represents the maximum amount of interest which may be taken in advance; "A" represents the full amount of the loan; "P" repre-

sents the number of payment-periods contained in the period from the date of the making of the loan to and including the date of maturity of the final installment; and "N" represents, to the nearest whole number, the number of payment-periods contained in a calendar year.

8. Section 54 of the act of which this act is amendatory is amended to read as follows:

54. Limitations.

A. A bank which makes a loan to which this article applies shall not

(1) require that more than one installment be payable in any one payment-period, except that the last 2 installments may be payable in the same payment-period. Every such loan shall provide for payment-periods of equal duration measured in

C. 17:9A-54.
Limitations.

terms of weeks or months, except that the period scheduled to elapse between the making of the loan and the date when the first installment is scheduled to be paid, hereinafter in this paragraph referred to as "the initial payment-period" may be longer than any other payment-period, but may not exceed 60 days. Any such loan may provide for the omission of installments during any period not exceeding 93 days in any one 12-month period. When the period during which installments are so omitted falls within or coincides with the initial payment-period as hereinabove defined, the initial payment-period may be longer than any other payment-period, but may not exceed 93 days. Except as herein otherwise expressly provided, no payment-period shall be shorter than 1 week or longer than 1 month;

(2) require that the amount of any installment be greater than or less than that of any other installment, except that the final installment may be not more than \$1.00 more or less than any previous installment;

(3) prior to default, directly or indirectly take any security for any such loan other than an interest in tangible personal property; except that, in the case of a Class II loan, the bank may take as security therefor either an interest in tangible personal property or a mortgage upon the real property to be improved, modernized, rehabilitated, altered or repaired with the proceeds of such loan;

(4) make any Class I loan unless its final installment shall be due and payable not later than 3 years and 1 month subsequent to the making of the loan; or make any Class II loan unless its final installment shall be due and payable not more than 5 years and 1 month subsequent to the making of the loan;

(5) make any further interest or other charge or demand, in connection with such loan, other than those expressly authorized by this article;

(6) make any such loan for the payment of which any person shall be liable to the bank in any capacity, if the amount of the net proceeds of such

loan, and the amounts of the principal balances owing on all other loans to which this article applies, for the payment of which such person is liable to such bank in any capacity, will, in the aggregate, exceed \$5,500.00. For the purposes of this paragraph, the principal balance owing on a loan to which this article applies shall be deemed to be the face amount of the instrument evidencing such loan, less the aggregate of all installments paid thereon, and less a credit computed according to the formula contained in section 56. If, for the purpose of determining the maximum amount in which a person may be liable to a bank, any law of this State provides that the liability of a person to a bank on loans to which this article applies shall be added to the liability of such person on loans made pursuant to such law, then, for the purpose of applying the \$5,500.00 limitation imposed by this paragraph, the amount of such person's liability to repay the principal amount, without interest or other charges, of loans made pursuant to such law, shall be considered as a liability of such person on loans to which this article applies.

B. Nothing in this section or elsewhere in this article contained shall prevent a bank from making a loan to which this article applies, the proceeds of which will be applied in whole or in part to the repayment at or before final maturity of a loan theretofore made under the provisions of this article or otherwise.

9. Section 55 of the act of which this act is amendatory is amended to read as follows:

(2) when the payment of such loan is secured, require that such property be insured for the benefit of the bank, against such loss or damage as the bank may require, and may retain out of the pro-

ceeds of such loan the premium for such insurance. If such insurance expires, lapses, or is canceled, and other insurance by insurers and in amounts satisfactory to the bank is not furnished to the bank without lapse of coverage, the bank may obtain insurance upon such property, and the cost thereof, less the amount of the return premium, if any, received by the bank on cancellation of prior insurance paid for by the borrower or the cost of which was retained out of the proceeds of the loan, shall be added to and become part of such loan, payable upon demand with interest at the legal rate; and, in default of such payment within 30 days after such demand, the entire unpaid balance of the loan shall, at the election of the bank, become immediately due and payable;

(3) upon institution of a suit for the collection of a loan in default, charge a collection fee, in addition to court costs allowable by law, equal to \$7.50 when the unpaid balance of the loan is \$50.00 or less; \$10.00 when such unpaid balance is more than \$50.00 but not in excess of \$100.00; \$12.50 when such unpaid balance is more than \$100.00 but not in excess of \$500.00; and \$25.00 when such unpaid balance is in excess of \$500.00;

(4) when the payment of such loan is secured, and provision is made by law for the filing or recording of the instrument of security or notice or abstract thereof, require compliance with such provision and retain the cost of such recording or filing out of the proceeds of the loan.

B. An instrument evidencing, or intended to secure the payment of, a loan to which this article applies, may provide that

(1) upon default in the payment of any installment on its due date, the entire unpaid balance of the loan shall, at the election of the bank, become immediately due and payable;

(2) when the maturity of the unpaid balance of the loan is accelerated as provided by this section, the bank may charge interest at the legal rate from the date such acceleration takes place upon the

difference between the amount of the unpaid principal balance of the loan, and the amount of credit given pursuant to section 56;

(3) the bank may charge interest at the legal rate upon each installment in arrears, for the period from the date that default in the payment of such installment occurs, to the date that payment of such installment is made; or, if the maturity of the unpaid balance of the loan is accelerated as provided by this section, to the date upon which such acceleration takes place. In lieu of providing for interest pursuant to this paragraph (3), such instrument may provide that, on any installment in arrears for more than 15 days, the bank may make a late charge which shall not exceed 5% of such installment, or \$5.00, whichever is the lesser; provided, (a) that the total of such late charges shall not exceed \$15.00 in any one 12-month period, and (b) that only one such late charge shall be made on any one installment; and (c) that no such late charge shall be made upon any installment scheduled, by the terms of such instrument, to fall due upon a date subsequent to the date upon which the maturity of the unpaid balance of the loan is accelerated as provided by this section;

(4) no person who is a party to the instrument evidencing the loan shall be released or discharged from liability to the bank by reason of the bank's extending the time for the payment of an installment or installments owing or due upon such loan, or by reason of the bank's waiver of any term or condition of the instrument evidencing such loan, or of the instrument intended to secure payment thereof;

(5) all parties to the instrument evidencing the loan shall waive presentation for payment, demand for payment, protest and notice of protest, non-payment, dishonor, and the bank's election to accelerate the maturity of the unpaid balance of the loan.

C. For the purposes of this section,

(1) "unpaid principal balance" of a loan means the face amount of the note evidencing such loan, less the aggregate of all installments paid thereon, plus the cost of any insurance paid for by the bank pursuant to paragraph (2) of subsection A of this section, after crediting against such cost the amount of the return premium, if any, received by the bank on cancellation of prior insurance paid for by the borrower or the cost of which was retained out of the proceeds of the loan;

(2) "unpaid balance" of a loan means the unpaid principal balance of such loan, plus unpaid interest and late charges, if any.

10. Section 84 of the act of which this act is amendatory is amended to read as follows:

84. List of stockholders.

11. Section 139 of the act of which this act is amendatory is amended to read as follows:

139. Corporate existence; offices; rights and obligations.

(2) may (a) classify its depositors according to the character, amount, activity and duration of their dealings with it, and (b) regulate such interest or dividends as are allowed so that each depositor receives the same ratable proportion of interest or dividends as all others of his class;

22. Section 69 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

69. Limitations on mortgage loans.

C. 17:9A-69.
Limitations
on mortgage
loans.

A. No bank shall make a mortgage loan when the total cost of acquisition by the bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of a paragraph (5) of section 24, and the total of all principal balances owing to the bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceed, or by the making of such loan will exceed, 70% of the time deposits of the bank or 100% of the aggregate of its capital funds, whichever is the greater. For the purposes of this subsection, principal balances owing to the bank on mortgage loans which are subject to the provisions of subsection A of section 68, other than mortgage loans upon one-family, 2-family, 3-family and 4-family dwellings, the payment of which is fully insured by the Federal Housing Commissioner, shall only to the extent of 66 $\frac{2}{3}$ % of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans, and principal balances owing to the bank on mortgage loans upon one-family, 2-family, 3-family and 4-family dwellings the payment of which is fully insured by the Federal Housing Commissioner shall, only to the extent of 50% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans. This subsection shall not, however, prevent the renewal or extension of the time for payment of a mortgage loan for the amount due thereon at the time of such renewal or extension.

B. Except as in this article otherwise provided, no bank shall, as sole lender or as a co-lender, make a loan secured by mortgage on real property or by

mortgage on a lease of the fee of real property, nor shall any bank purchase the entire interest or a part interest in any such mortgage, if the making of such loan or the purchase of such interest would cause the total of all unpaid balances secured by a mortgage or mortgages held by the bank as sole owner or as co-owner upon such real property or such leasehold, to exceed the limitations imposed by this article upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.

C. The granting of mortgage loans to any person shall be without regard to race, creed, color, national origin or ancestry. The granting of such loans shall be without discrimination of any nature including, but not limited to, interest rates, terms and duration, because of race, creed, color, national origin or ancestry.

D. When a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing one or more industrial or commercial buildings on the mortgaged property, and such loan has a maturity of not more than 18 months, and a financially responsible lender has entered into a valid and binding agreement to repay to the bank the full amount of the bank's loan upon the completion of such industrial or commercial building or buildings; or when a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing a farm or residential building on the mortgaged property, and such loan has a maturity of not more than 18 months, the bank may, at its option to be exercised from time to time, treat any such loan either as a mortgage loan for all purposes of this article, or as an unsecured commercial loan. If the bank elects to treat any such loan as an unsecured commercial loan, the loan shall be subject to all limitations and requirements applicable to unsecured commercial loans otherwise made, and the principal balance owing to the bank on any such loan shall not be included in the total of all principal

balances owing to the bank on mortgage loans for the purpose of determining the limitations imposed by subsection A of this section. No bank shall treat any such loan as a commercial loan as in this subsection provided at any time when the principal balances owing to the bank on all such loans so treated exceed 100% of the bank's capital funds, or if the making of any such loan so treated would cause the principal balances owing to the bank on all such loans so treated to exceed 100% of the bank's capital funds.

E. For the purposes of this section, "capital funds" of a bank means the aggregate of the unimpaired capital stock, surplus and undivided profits of the bank.

23. Section 72 of the act of which this act is amendatory is amended to read as follows:

72. Prerequisites to incurring liability; amounts.

A. No bank shall permit a director, officer or employee of the bank or a corporation or partnership to become liable to the bank, and no such director, officer, employee, corporation or partnership shall become liable to a bank, except as authorized by this article.

B. A bank may permit a director, officer or employee of the bank or a corporation or a partnership to become liable to the bank, provided that:

(1) an application for the incurring of the proposed liability, containing such information as the commissioner may by regulation require, shall first be approved by resolution of the board of directors or of the executive committee; such resolution and the vote of each person thereon shall be recorded in the minutes of the meeting;

(2) if the applicant is an officer or employee, the proposed liability will not cause the total of all liabilities of such officer or employee to exceed \$2,500.00;

(3) if the applicant is a director, corporation or partnership, the bank shall be offered security having an ascertainable market value at least 20% greater than the amount of the proposed liability,

or, if no such security or only partial security is offered, the proposed unsecured liability or the portion thereof for which no security is offered is, in the opinion of the board of directors or the executive committee, warranted by a written statement of the financial condition of the applicant;

(4) the proposed liability will not cause the total of

(a) the liabilities of a director, officer or employee, and

(b) the liabilities of each corporation in which such director, officer or employee has a controlling interest, or in which such director, officer or employee together with one or more other directors, officers or employees has a controlling interest, and

(c) the liabilities of each partnership in which such director, officer or employee is a partner

to exceed 10% of the aggregate of the unimpaired capital stock, the surplus, and the undivided profits of the bank.

C. When an application is made by a director of a bank or by a corporation or partnership, the applying director and any director who alone or with any one or more other directors, officers or employees of the bank has a controlling interest in the corporation, and any director who is a general or limited partner in the partnership shall not vote to grant such application.

D. When an application is approved by the executive committee, the application shall be presented and the approving resolution of the executive committee shall be read at the next meeting of the board of directors, and such presentation and reading shall be noted in the minutes of such meeting.

They shall also elect at such meeting either a cashier or a secretary and a treasurer, none of whom need be a director. Other officers, including additional vice-presidents, who need not be directors, may from time to time be elected or appointed by the board of directors.

[SEAL] Given under my hand and the Great Seal of the State of New Jersey, this 3rd day of February A. D., one thousand nine hundred and sixty-five, and in the Independence of the United States, the one hundred and eighty-ninth.

RICHARD J. HUGHES,
By the Governor, *Governor.*

ROBERT M. FALCEY,
Acting Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, As a result of a report made on the 29th day of January 1964 by the Acting Director, Division of Taxation, Department of the Treasury, to the Governor of this State, setting forth that Leone Travel Service, Inc., a corporation of this State (incorporated November 20, 1957), had failed to pay the corporation franchise taxes levied against said corporation for the year 1961, the Governor of this State, on the 3rd day of February 1964, issued a Proclamation declaring that the charter of said corporation was repealed and that all powers conferred by law upon such corporation would thereafter be inoperative and void, and

WHEREAS, Said report in the above particular was inadvertently made in that it appears that prior to the making thereof, said Leone Travel Service, Inc., duly paid the corporation franchise taxes levied against it for the year 1961.

THEREFORE, Acting pursuant to the provisions of R. S. 54:11-4, I, RICHARD J. HUGHES, Governor of the State of New Jersey, do hereby declare and make known that it has been established to my satisfaction that said Leone Travel Service, Inc., did not neglect nor fail to pay the corporation franchise taxes levied against it for the year 1961, but that said corporation duly paid the taxes levied against it for said year; that the report by the Acting Director to the Governor, stating that said corporation had failed to pay the said corporation franchise taxes, was inadvertently made and that the Proclamation of the Governor of the 3rd day of February 1964, insofar as it voided the charter of the said corporation, was itself inoperative and void and was ineffective to deprive the said corporation of its powers as a corporation of this State, and I hereby make Proclamation to that effect.

Given, under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
31st day of January in the year of Our
Lord, one thousand nine hundred and
sixty-six, and in the Independence of
the United States the one hundred and
ninetieth.

RICHARD J. HUGHES,
Governor.

ROBERT J. BURKHARDT,
Secretary of State.

EXECUTIVE ORDER No. 21

WHEREAS, From the inception of this nation the people of this country have been dedicated to the credo enshrined in the Declaration of Independence, "that all men are created equal; that they

are endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness;”

WHEREAS, The Constitution of New Jersey has proclaimed these ideals guaranteeing that: “No person shall be denied the enjoyment of any civil or military right, nor be discriminated against in the exercise of any civil or military right, nor be segregated in the militia or in the public schools, because of religious principles, race, color, ancestry or national origin;”

WHEREAS, The New Jersey Law Against Discrimination was adopted 20 years ago “for the protection of the public safety, health and morals and to promote the general welfare . . . in fulfillment of the provisions of the Constitution of this State guaranteeing civil rights;”

WHEREAS, In accordance with the principles of fair practices, we must strive to recognize the abilities and talents of every individual, while denying to no person his rightful opportunity because of race, creed, color, religion, national origin, ancestry, age, sex or liability for service in the Armed Forces of the United States;

WHEREAS, This year New Jersey enters the fourth century of its history during which it is particularly fitting that we should rededicate ourselves to those ideals which have made us great and which have inspired faith in this government by peoples from far-flung ends of the earth;

WHEREAS, The Federal Civil Rights Act of 1964 has translated the foregoing ideals into principles of Federal law in many cases binding upon the States;

WHEREAS, A series of discussions and consultations with New Jersey citizens from all walks of life has made it clear that the public policy of this State would best be served by a formal codification, enumeration and updating of the broad variety of

laws, policies and administrative practices on equal opportunity already in effect in New Jersey government;

NOW, THEREFORE, I, RICHARD J. HUGHES, Governor of this State of New Jersey, by virtue of the authority vested in me by the Constitution and by the statutes of this State, do hereby adopt the following Governor's Code of Fair Practices and hereby order and direct that said Code be the governing and guiding policy of the Executive Branch of the Government of the State of New Jersey:

GOVERNOR'S CODE OF FAIR PRACTICES

ARTICLE I

APPOINTMENT, ASSIGNMENT AND PROMOTION OF STATE PERSONNEL

State officials and supervisory personnel shall recruit, appoint, assign, train, evaluate and promote State personnel on the basis of merit and qualifications, without regard for race, creed, color, religion, national origin, ancestry, age, sex or liability for service in the Armed Forces of the United States.

All State agencies shall issue instructions to carry out this policy to guarantee equal employment opportunity at all levels of State Government.

Personnel practices shall be regularly reviewed, and to the extent feasible, orientation programs shall be conducted for supervisory and other employees with emphasis on human relations and fair practices in employment.

The Civil Service Commission shall continue to take appropriate steps to insure that all examinations, oral and written, and appointments from certified lists shall be carried out on a non-discriminatory basis. All State agencies shall adhere to the employment provisions of *N. J. Rev. Stat.* 18:25-1 et seq., the New Jersey Law Against Discrimination, and *N. J. Stat.* 10:1-1, of The New Jersey Civil Rights Act.

ARTICLE II

PUBLIC CONTRACTS

Every State contract or subcontract for construction on public buildings or for other public work or for goods and services shall contain provisions barring discrimination or differential treatment in employment because of race, creed, color, religion, national origin, ancestry, age, sex or liability for service in the Armed Forces of the United States. Such provisions shall be substantially in the following form so as to bind and encourage fair and non-discriminatory practices.

NO DISCRIMINATION IN EMPLOYMENT

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, religion, national origin, ancestry, age, sex or liability for military service. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, religion, national origin, ancestry, age, liability for military service, or sex. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, religion, national origin, ancestry, age, sex or liability for military service.

(c) The Contractor will send to each labor union or representative of workers with which the Contractor has a collective bargaining agreement or other contract or understanding a notice advising the said labor union or workers' representative of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will include the provisions of Par. (a) through (c) of this Section in every contract, and will require the inclusion of these provisions in every subcontract entered into by any of its subcontractors, so that such provisions will be binding upon each such subcontractor, as the case may be. For the purpose of including such provisions in any construction contract or subcontract, as required hereby, the term "Contractor" and the term "Subcontractor" may be changed to reflect appropriately the name or designation of the parties of such contract or subcontract.

(e) The Contractor agrees that he will fully cooperate with the office of the Attorney General of the State of New Jersey, with any other office or agency of the State of New Jersey which seeks to deal with the problem of unlawful or invidious discrimination, and with all other State efforts to guarantee fair employment practices under this contract; and said Contractor will comply promptly with all requests and directions from the State of New Jersey or any of its officers or agencies in this connection, both before and during construction.

(f) Full co-operation as expressed in clause (e) foregoing shall include, but not be limited to, being a witness or complainant in any proceeding involving questions of unlawful or invidious discrimination if such is deemed necessary by any official or agency of the State of New Jersey, permitting employees of said Contractor to be witnesses or complainants in any proceeding involving questions of unlawful or invidious discrimination, if such is deemed necessary by any official or agency

of the State of New Jersey, signing any and all documents involved in any proceeding involving questions of unlawful or invidious discrimination, the execution of which are deemed necessary by any official or agency of the State of New Jersey, participating in meetings, submitting periodic reports on the racial aspects of present and future employment, assisting in inspection at the construction site, and promptly complying with all State directives deemed essential by any office or agency of the State of New Jersey to insure compliance with all Federal and State laws, regulations and policies against racial or other unlawful or invidious discrimination.

(g) The (executive head of the Department or other agency which is a party to the contract, such as the State Treasurer or the State Highway Commissioner) of the State of New Jersey shall have the sole discretion and power to declare this contract null and void for any material breach of this provision upon 10 days' notice to the Contractor. In such event the Contractor shall become liable for any and all damages which shall accrue to the State of New Jersey including, but not limited to, the difference between the total cost of completion and the contract price under this agreement.

The responsible officer overseeing compliance with such fair practice and non-discrimination provisions shall be the executive head of such department or other agency of the State of New Jersey as is a party to the contract. Such responsible officer shall report to the Governor on progress made and developments occurring in this area.

ARTICLE III

STATE EMPLOYMENT SERVICES

All State agencies, including educational institutions, which provide employment referrals or placement services to public or private employers, shall accept job orders on a fair practice basis.

Any job request indicating an intention to exclude any person because of race, creed, color, religion, national origin, ancestry, age, liability for service in the armed forces, or sex shall be rejected.

All State agencies shall co-operate in programs developed by the Division on Civil Rights initiated for the purpose of broadening the base for job recruitment and shall further co-operate with all employers and unions initiating such programs.

The Department of Labor and Industry shall fully utilize its knowledge of and jurisdiction over the labor market, contracts with job applicants, employers and labor unions, and the practices of employment agencies in order to promote equal employment opportunities.

ARTICLE IV

STATE FACILITIES AND SERVICES

All services of every State agency shall be performed without invidious discrimination based upon race, creed, color, religion, national origin, ancestry, age, liability for service in the Armed Forces of the United States, or sex. No State facility shall be used in the furtherance of any discriminatory practice, nor shall any State agency become a party to any agreement, arrangement or plan which has the effect of sanctioning discriminatory practices. Each State agency shall critically analyze all of its operations to ascertain possible instances of non-compliance with this policy and shall initiate sustained, comprehensive programs to remedy any defect found to exist.

ARTICLE V

STATE LICENSING AND REGULATORY AGENCIES

State agencies shall not consider race, creed, color, religion, national origin, ancestry, or sex in granting, denying or revoking a license or charter.

ARTICLE VI

HOUSING

All licensed real estate brokers, salesmen or their representatives, developers, corporations and other persons engaged in rental or sale of real property, and lending institutions shall abide by the relevant housing provisions of the New Jersey Law Against Discrimination and the rules and regulations of the New Jersey Real Estate Commission.

ARTICLE VII

STATE EDUCATION, COUNSELING AND TRAINING
PROGRAMS

All educational, counseling, and vocational guidance programs and all apprenticeship and on-the-job training programs of State agencies, or in which State agencies participate, shall be open to all qualified persons, without regard to race, creed, color, religion, national origin, ancestry, sex or liability for military service. Such programs shall be conducted to encourage the fullest development of the interests, aptitudes, skills, and capacities of all students and trainees, with special attention to the problems of culturally deprived, educationally handicapped, or economically disadvantaged persons. Expansion of training opportunities under these programs shall also be encouraged with a view toward involving larger numbers of participants from those segments of the labor force where the need for upgrading levels of skill is greatest.

ARTICLE VIII

PUBLIC SCHOOLS

It is the policy of the State of New Jersey, as originally articulated in decisions of the Commissioner of Education, that *de facto* segregation or racial imbalance in the public schools of this State be eliminated. It is also the policy of the State of

New Jersey to preserve the neighborhood school system insofar as the policy of eliminating racial imbalance and *de facto* segregation in the public schools will not be hampered thereby.

The Department of Education shall continue its efforts toward assisting local school districts in the elimination of racial imbalance in the public schools of the State and in promoting fair employment practices for certified teachers, and shall also encourage the widest participation in programs of human relations training for school administrators, teachers and students.

ARTICLE IX

PRIVATE EDUCATIONAL INSTITUTIONS

All private educational institutions licensed or chartered by the State, including professional, business, and vocational training schools, shall comply with the State policy of non-discrimination in their student admissions and other practices as a condition of continued participation in any State program or eligibility to receive any form of State assistance.

ARTICLE X

STATE FINANCIAL ASSISTANCE

Race, creed, color, religion, national origin, ancestry or sex shall not be considered as limiting factors in State-administered programs involving the distribution of funds to qualified applicants for benefits authorized by law; nor shall State agencies provide grants, loans or other financial assistance to public agencies, private institutions or organizations which engage in discriminatory practices of an invidious nature.

ARTICLE XI

CO-OPERATION WITH THE NEW JERSEY DIVISION ON CIVIL RIGHTS

All State agencies shall co-operate fully with the Department of Law and Public Safety and in par-

ticular with the New Jersey Division on Civil Rights in that Department in both their enforcement and education programs. They shall comply with the Department or Division's requests for information concerning practices inconsistent with the State policy against discrimination and shall follow their recommendations for effectuating and implementing that policy. The Division on Civil Rights shall continue to augment its enforcement and education programs which seek to eliminate all invidious discrimination.

ARTICLE XII

LAW ENFORCEMENT

Through the Attorney General's office, the State shall encourage local law enforcement agencies to develop special training programs in the field of human relations and to promote mutual understanding and respect for the law enforcement officer's duty to maintain the peace and the citizen's right to protection of his constitutional guarantees.

ARTICLE XIII

REPORTS

All State agencies shall report periodically to the Governor or specially upon his request with respect to programs undertaken to insure the effectuation of this Code. Such reports shall cover both internal activities and external relations with the public or with other State agencies and shall contain other information as specifically requested by the Governor.
