COMMUNITY AFFAIRS

THE COMMISSIONER

Notice of Public Hearing

Take notice that, Patricia Q. Sheehan, Commissioner of Community Affairs, has issued the following Notice of Public Hearing:

Patricia Q. Sheehan, Commissioner of Community Affairs, has called a public hearing for the purpose of receiving applications concerning code change proposals, for inclusion as a State-sponsored code change which will be submitted by the department to the appropriate model code organization for their next code change cycle.

The proposed code changes address: the 1978 editions to the Building Officials and Code Administrators, Inc. (BOCA) Basic Building Code and the Building Officials and Code Administrators, Inc. (BOCA) Basic Energy Conservation Code (for the 1979 code change cycle/1979 supplement); and the 1978 edition to the National Elec-

trical Code (for the 1981 edition); and the next revision to the National Standard Plumbing Code (no date yet available).

Any municipality, through its construction official and any State agency or political subdivision of the State may submit an application at this hearing. The application shall state the name and address of the official proposing the code change, the agency or political subdivision represented, the text of the amendment suggested and an explanation of the amendment together with any technical justification deemed necessary.

The hearing will be held in the State Museum auditorium, 205 West State Street, Trenton, New Jersey at 10:00 A.M., Friday, June 2, 1978. Those who wish to testify should call the construction code enforcement office at (609) 292-6364 to arrange for a time.

Those unable to present their application in person at the hearing may mail it to: Construction Code Enforcement, Department of Community Affairs, P.O. Box 2768, Trenton, New Jersey 08625. Applications will be accepted until June 16, 1978.

This Notice is published as a matter of public information.

EDUCATION

STATE BOARD OF EDUCATION

Amendments to Rules on State Library Aid

On April 5, 1978, Fred G. Burke, Commissioner of Education and Secretary of the State Board of Education, pursuant to authority of N.J.S.A. 18A:4-15, 18A:74-1 et seq. and in accordance with applicable provisions of the Administrative Procedure Act, adopted amendments concerning State library aid, substantially as proposed in the Notice published March 9, 1978, at 10 N.J.R. 95(a), but with subsequent, substantive changes not detrimental to the public, in the opinion of the Department of Education.

Full text of the adoption follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

6:68-1.8 Use of per capita aid; decision by public library board of trustees or county library commissioners

(a) Upon receipt of State Aid checks pursuant to N.J.S.A. 18A:74-3, municipal and county treasurers shall make these funds immediately available to public library trustees or county library commissioners as the case may be. Decisions on the use and expenditures of per capita State aid rest with the board of trustees of municipal, joint and association libraries and with the county library commission of the county libraries. The State librarian may require a certified audit if he/she deems necessary.

(b) State aid funds must be expended within two years of the date of receipt of the funds. If not expended, the board of trustees or the county library commission must submit to the State librarian a plan for the use of the unspent balances. Failure to submit such a plan, or disapproval of the plan by the State librarian shall result in the withholding of State aid payments.

(c) In reviewing the plan, the State librarian will give consideration to the following:

1. Priority for the use of balances for expenditures which enable the library to comply with the provisions of this chapter;

2. Demonstration that expenditures contribute to the provision of efficient and effective library services, including capital needs and facilities;

3. Inclusion of realistic, attainable, time-bounded objectives.

An order adopting these amendments was filed and became effective on April 7, 1978, as R.1978 d.121.

ENVIRONMENTAL PROTECTION

THE COMMISSIONER

Proposed Rules on Coastal Resource and Development Policies

Rocco D. Ricci, Commissioner of the Department of Environmental Protection, pursuant to the authority of N.J.S.A. 13:1D-9 and N.J.S.A. 13:19-16 and 17, proposes to adopt a new rule, to be cited as N.J.A.C. 7:7E-1.1 et seq., entitled "Coastal Resource and Development Policies". This proposal is known within the Department of Environmental Protection as Docket No. DEP 013-78-04.

The proposed rules define the substantive policies of the Department of Environmental Protection regarding the use and development of coastal resources, to be used by the Division of Marine Services in the Department of Environmental Protection in reviewing permit applications under the Coastal Area Facility Review Act (CAFRA), N.J.S.A. 13:19-1 et seq., the Wetlands Act, N.J.S.A. 13:9A-1 et seq., and the Waterfront Development Permit Program, N.J.S.A. 12:5-3.

The rules also provide a basis for recommendations by the Division of Marine Services to the Natural Resource Council in the Department of Environmental Protection on applications for riparian grants, leases or licenses.

Under the Coastal Area Facility Review Act, the department regulates the location, design and construction of a diverse range of facilities—including, for example, residential developments of 25 dwelling units or more, wastewater treatment systems, marine terminals and electric generating stations—within the Coastal Area as defined by N.J.S.A. 13:19-4, which includes approximately 17 per cent of the State's land area. Under the Wetlands Act, the department regulates filling, construction or other activities that alter the natural condition of mapped coastal wetlands. Under the Waterfront Development Permit Program, the department regulates the construction of docks, wharfs, piers, bulkheads, bridges, pipelines, cables and dredging along navigable waters.

In 1977, the Commissioner of the Department of Environmental Protection submitted to the Governor and Legislature of New Jersey the Coastal Management Strategy for New Jersey—CAFRA Area, prepared by the department as required by CAFRA, N.J.S.A. 13:19-16, and submitted for public scrutiny in late 1977 (9 N.J.R. 511-512). The department revised the Coastal Management Strategy based on extensive public comments and the State is expected to submit the revised strategy for Federal approval under section 306 of the Federal Coast-

al Zone Management Act, 16 U.S.C. 1451 et seq., as the New Jersey Coastal Management Program—Bay and Ocean Shore Segment.

The full text of the proposed rules appears as part II, chapter three of the New Jersey Coastal Management Program—Bay and Ocean Shore Segment and Draft Environmental Impact Statement (May 1978), prepared jointly by the Department of Environmental Protection and the United States Department of Commerce, National Oceanic and Atmospheric Administration, Office of Coastal Zone Management.

Copies of the full text of the proposed rules may be obtained by contacting the person indicated below.

Public hearings on the proposed rules will be held during review and comment period at the following locations:

Tuesday, June 13, 1978 7:30 P.M. Cumberland County Court House
Freeholders' Meeting Room
Second Floor, Rear
Broad Street, (Route 49)
Bridgeton, New Jersey

Wednesday, June 14, 1978 7:30 P.M. Ocean County Administration

Interested persons may present statements or arguments relevant to the proposed rules at the hearings and/or in writing on or before July 5, 1978, to:

David N. Kinsey, Chief
Office of Coastal Zone Management
Division of Marine Services
Department of Environmental Protection
P.O. Box 1889
Trenton, New Jersey 08625

The Department of Environmental Protection may thereafter adopt rules concerning this subject without further notice.

ENVIRONMENTAL PROTECTION

THE COMMISSIONER

Proposed Amendments on Condemnation Of Certain Shellfish Beds

Rocco D. Ricci, Commissioner of Environmental Protection, pursuant to authority of N.J.S.A. 13:10-1 et seq., N.J.S.A. 24:2-1 et seq., proposes to rescind existing rules and adopt new rules concerning the Condemnation of Certain Shellfish Beds in N.J.A.C. 7:12-1.1 et seq. Such rules are known within the Department of Environmental Protection as Docket No. 014-78-04.

The new rules are a restructuring of the existing rules. Changes are proposed in the definition of seasonal area

to include two opening dates (November 1 through April 30 and January 1 through April 30). Changes are also proposed to water classifications and to the rules concerning the special permit program, these programs have existed in the past and these regulations are now being formalized. General provisions have been proposed where formerly guidelines had existed for operation of the program. Finally an overall renumbering of paragraphs is proposed.

The proposal redefines "seasonal area" so that areas meeting specific criteria can be approved and condemned automatically on different schedules.

The growing area classifications will be separated into three sections—N.J.A.C. 7:12-1.3(a) will cover all condemned and special restricted areas, N.J.A.C. 7:12-1.3(b) seasonal areas approved November 1 through April 30, condemned May 1 through October 31, N.J.A.C. 7:12-1.3(c) seasonal areas approved January 1 through April 30, condemned May through December 31 yearly.

Specific changes to growing area delineations are proposed in several areas. The revisions result from sanitary surveys, special investigations and reappraisals conducted by the Shellfish Control Unit in the Division of Water Resources.

The investigatory work consists of the collection and analyses of water samples, the inventory of actual and potential sources of pollution and hydrographic studies of tidal flow patterns which distribute pollution. These surveys are conducted in accordance with applicable State and Federal Food and Drug Administration guidelines and regulations. The FDA further requires that each state appraise, every two years, the quality of those waters approved for the harvesting of shellfish. New Jersey conducts investigatory work and research and pursuant to N.J.S.A. 24:14-1 et seq., revises the regulations annually.

The proposed regulations will result in the reclassification of approximately 6,705 acres. The names of the waterways and the number of acres to be reclassified and type of change are listed below in general terms:

Raritan Bay—Special restricted to condemned	524
Cedar Creek Area—Condemned to seasonal	666
Forked River Area—Condemned to seasonal	127
Big Thorofare—Condemned to approved	3
Mullica River—Condemned to seasonal	465
Ballanger Creek, Winter Creek, Roundabout Creek, Judies Creek—Condemned to seasonal	65
Great Egg Harbor—Seasonal to approved	43
Ludlam Bay—Condemned to approved	228
Delaware Bay—(Maurice River Cove)— Approved to seasonal	538
Atlantic Ocean	
Shark River Inlet Area—Approved to condemned	390
Ship Bottom Area—Approved to condemned	726
Condemned to approved	520
Cape May Inlet Area—Condemned to approved	2,410

The net result of these proposed changes is an upgrading of 4,272 acres of shellfish waters to approved or seasonally approved status.

Copies of the 70 pages of full text of the proposed rules may be obtained from:

William J. Eisele Jr., Supervisor

Division of Water Resources
Box 2809

Interested persons may present statements or arguments in writing relevant to the proposed action on or before June 1, 1978, to the Department of Environmental Protection at the above address.

The Department of Environmental Protection may thereafter adopt rules concerning this subject without further notice.

THE COMMISSIONER

Notice of Public Hearing On Temporary Variances

Take notice that, the Department of Environmental Protection, pursuant to authority of N.J.S.A. 13:1D-1 et seq., will hold a public hearing concerning the issuance of temporary variances from the provisions of N.J.A.C. 7:27-9.1 et seq., sulfur in fuel.

Purpose of this public hearing is to afford interested parties the opportunity to comment on the proposed extension of certain variances issued pursuant to N.J.A.C. 7:27-9.5, Temporary variances, for an additional period from July 12, 1978 until January 12, 1979, or until new permanent sulfur in fuel oil regulations are adopted.

The variances under consideration were first issued as an interim step in a review of the sulfur in fuel oil requirements in effect throughout the metropolitan Philadelphia and southern New Jersey airsheds. Technical analyses of ambient air quality in the regions have been completed. An agreement as to regional sulfur in fuel standards has been drafted and is under review by the United States Environmental Protection Agency.

The department will be scheduling meetings with various interested parties in New Jersey in May to discuss possible new sulfur in fuel requirements for the nine counties of southern New Jersey. An amended Philadelphia sulfur in fuel rule has been proposed and new, tightened regulations for the Pennsylvania counties which border Philadelphia should be formally announced in April.

The reductions accomplished by these regulations on the Pennsylvania side of the Delaware River will allow some modification of requirements in New Jersey on a permanent basis. It is the department's intent to have new, permanent sulfur in fuel oil requirements effective this year and to cancel the variances included in this notice. However, our actions are dependent on the adoption of changes proposed by Pennsylvania and Philadelphia. Hence, these variances are proposed to be extended for the full six-month period allowed, but will terminate sooner if new permanent regulations are adopted.

This document is known within the department as Docket No. DEP 012-78-04.

Written and/or oral testimony concerning this proposal will be received at a public hearing to be held June 13, 1978, from 10:00 A.M. to conclusion of testimony at:

Salem County Court House
Market Street
Salem, New Jersey

Copies of the applicable regulations and the variances issued thereunder may be obtained from, and written testimony relating thereto will be accepted prior to June 13, 1978, by:

Herbert Wortreich, Chief
Bureau of Air Pollution Control
Department of Environmental Protection
P.O. Box 2807
Trenton, New Jersey 08625

Copies of this notice, of the applicable regulations, as well as the variances and background documents have been deposited and will be available for inspection during normal office hours until the closing of the hearing record at:

Bureau of Air Pollution Control
Room 1110, Labor and Industry Building
John Fitch Plaza
Trenton, New Jersey 08625

Cumberland County Health Department
County complex
800 East Commerce Avenue
Bridgeton, New Jersey 08302

Office of County Clerk
Market Street
Salem, New Jersey 08079

This hearing is being held in accordance with the provisions of Air Pollution Control Act (1954) as amended by Chapter 106, P.L. 1967, N.J.S.A. 26:2C-1 et seq., and Title 40, Section 51.4 of the Code of Federal Regulations as a revision to the New Jersey State Implementation Plan to meet National Ambient Air Quality Standards.

Proposed 1978-1979 Game Code

The Fish and Game Council of the Division of Fish, Game and Shellfisheries in the Department of Environmental Protection, pursuant to authority of N.J.S.A. 13:1B-30 et seq., proposes to adopt the Game Code for the 1978-1979 hunting and trapping seasons.

Such proposal is known within the Department of Environmental Protection as Docket No. DEP 012-78-04. Take notice that, this proposal is considered to be a temporary rule, not subject to codification and will not appear in Title 7 of the New Jersey Administrative Code.

A summary of the proposed code has been supplied to newspapers throughout the State. The proposed code states when, under what circumstances, in what localities, by what means and in what amounts and numbers game birds, game animals and furbearing animals may be pursued, taken, killed or had in possession.

Copies of the full text of the proposed code may be obtained from:

Division of Fish, Game and Shellfisheries
P.O. Box 1809

Emergency Closing of State Waters
To Further Harvesting of Sea Clams

On March 27, 1978, Rocco D. Ricci, Commissioner of Environmental Protection, pursuant to authority of c.398, P.L. 1975, and in accordance with applicable provisions of the Administrative Procedure Act, adopted emergency amendments which close the waters of this State to any further harvesting of sea clams. Such amendments are known within the Department of Environmental Protection as Docket No. DEP 009-78-03.

Full text of the adoption follows:

Whereas after a close review of N.J.A.C. 7:25-12.1(b), the Department of Environmental Protection has determined that for the 1977-78 season the 250,000-bushel limitation on the taking of sea clams from the waters of this State is necessary for the protection of this resource; and

Whereas, the Department of Environmental Protection has further determined that in excess of 250,000 sea clams will have been harvested from the waters of this State by April 3, 1978.

Therefore, I, Rocco D. Ricci, Commissioner of the Department of Environmental Protection, pursuant to N.J.A.C. 7:25-12.1, do hereby close the waters of this State to any further harvesting of sea clams.

This order shall take effect April 3, 1978.

An order adopting these amendments was filed on March 29, 1978, as R.1978 d.111 (Exempt, Emergency Rule), to become effective on April 3, 1978. Take notice that, these amendments are not subject to codification and will not appear in Title 7 of the New Jersey Administrative Code.

I, Rocco D. Ricci, Commissioner of the Department of Environmental Protection, hereby adopt an emergency revision of the rules for the preservation of the sea clam resource (Docket No. DEP 056-77-10 as amended by Docket No. DEP 009-78-03), pursuant to the power granted in N.J.S.A. 50:26.3, to allow the opening of certain waters of this State as hereinafter described for the period beginning April 6, 1978, until further notice.

The area to be opened will be directly affected by the discharge from the Atlantic County sewage authority's wastewater treatment plant and will be condemned for the harvest of shellfish when the plant is in full operation. In the interests of the sea clam industry, and to minimize the waste of sea clam resource in the area to be condemned, a harvest of 500 bushels of sea clams per licensed vessel per week will be permitted until closure, within the area described as follows:

From the tip of the Steel Pier (Atlantic City) then bearing 153°T approximately two nautical miles from shoreline to a point with the coordinates

Latitude 39° 19.7'N

Longitude 74° 24'W

then following the shoreline in a southwesterly direction, 4.1 nautical miles to a point with the coordinates

Latitude 39° 17.8'N

Longitude 74° 28.7'W

then bearing approximately 333°T for approximately 2.5 nautical miles to a watertank located at the corner of Amherst Avenue and North Gladstone Avenue, City of Margate, with coordinates

Latitude 39° 20'N

Longitude 74° 30.2'W and terminating.

Harvest of sea clams from the area described above is permitted subject to all other provisions of the sea clam regulations for the 1977-78 season (Docket No. DEP 056-77-10), adopted November 30, 1977.

An order adopting these amendments was filed and became effective on April 6, 1978, as R.1978 d.119 (Exempt, Emergency Rule). Take notice that, these amendments are considered to be temporary rules not subject to codification and will not appear in Title 7 of the New Jersey Administrative Code.

Amendments on Oyster Seed Beds

On April 11, 1978, Rocco D. Ricci, Commissioner of Environmental Protection, pursuant to authority of N.J.S.A. 50:1-5, with the advice of the Maurice River Cove Shellfisheries Council and in accordance with applicable provisions of the Administrative Procedure Act, adopted amendments to the rules on the oyster seed beds for the 1977 season (DEP 021-77-05), concerning the opening date for taking of seed oysters from the State's natural seed beds for the 1978 bay season.

Such amendments are known within the Department of Environmental Protection as Docket No. DEP 011-78-04.

Full text of the adoption follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

OYSTER SEED BEDS

[1977] 1978 Season

a. The season for the taking of seed oysters from the natural seed beds above the southwest line in Delaware Bay for [1977] 1978 shall be scheduled for a period of time beginning 7:00 A.M., May [23, 1977] 15, 1978 and shall close as determined by subsection (b) of this section.

b. Physical tests of all areas opened by this regulation shall be made near the end of each week by an advisory committee appointed by the Director of the Division of Fish, Game and Shellfisheries. These tests will be the determining factor to close any or all beds opened by the regulation.

c. The committee shall be composed of two members of the Maurice River Cove Shellfisheries Council, two members of the Oyster Research Laboratory at Rutgers University, and the Director of the Division of Fish, Game and Shellfisheries or his designate.

d. Nothing in this regulation shall be construed to affect any existing regulations concerning areas condemned for the taking of shellfish by the State of New Jersey.

e. Based upon the data and test referred to in subsection (b) of this section and the recommendation of the advisory committee referred to in section 3 of this subchapter, the council, pursuant to N.J.S.A. 50:1-5, may immediately close those beds as may be necessary for the preservation and improvement of the shellfish industry.

These revisions are essential to the preservation and improvement of the oyster industry, to assure the timely opening of the [1977] 1978 bay season on May [23, 1977] 15, 1978.

An order adopting these amendments was filed and became effective on April 11, 1978, as R.1978 d.123 (Exempt, Procedure Rule). Take notice that, these amendments are temporary rules, not subject to codification and will not appear in Title 7 of the New Jersey Administrative Code.

Amendment Concerning Effective Date of Oyster Seed Beds Openings

On April 17, 1978, the Department of Environmental Protection, pursuant to authority of N.J.S.A. 50:1-5 and in accordance with applicable provisions of the Administrative Procedure Act, adopted a procedural rule which changes the opening date of the 1978 bay season from May 15, 1978 (See: R.1978 d.123 in this issue of the New Jersey Register), to May 22, 1978.

This date change is necessary due to the effects of the severe damages sustained this past winter.

An order adopting this amendment was filed on April 17, 1978, as R.1978 d.128 (Exempt, Procedure Rule) to become effective on May 22, 1978. Take notice that, this amendment is a temporary rule, not subject to codification and will not appear in Title 7 of the New Jersey Administrative Code.

Rules on Smoking in Public Places

On April 10, 1978, Jane B. Robinson, Chairperson of the Public Health Council in the Department of Health, pursuant to authority of N.J.S.A. 26:1A-7 and in accordance with applicable provisions of the Administrative Procedure Act, adopted new rules concerning smoking in public places, substantially as proposed in the Notice published October 6, 1977, at 9 N.J.R. 466(b), but with subsequent, substantive changes not detrimental to the public, in the opinion of the Department of Health.

Full text of the adoption follows:

CHAPTER 15. SMOKING IN CERTAIN PUBLIC PLACES

SUBCHAPTER 1. GENERAL PROVISIONS

PREFACE

This regulation is promulgated pursuant to the authority granted to the Public Health Council in N.J.S.A. 26:1A-7, in the interest of protecting and preserving the public health.

In view of the fact that the Surgeon General of the United States has determined that the smoking of tobacco can constitute a hazard to health, and that smoke may produce irritation, discomfort or harm to health of non-smokers, the Public Health Council recognizes the right of individuals using or visiting public places to an environment reasonably free of such agents as may produce those results.

At the same time, the Public Health Council also recognizes the right of individuals who elect to smoke, provided such action does not prevent the achievement and maintenance of a smoke-free environment for the non-smokers.

Nothing in this regulation shall be construed in any way to detract from smoking restrictions or prohibitions imposed by other governmental authorities by law, ordinance or regulation.

8:15-1.1 Definitions

The following words and terms, when used in this chapter, shall have the following meanings unless the context clearly indicates otherwise.

"Public place" means any enclosed indoor area used by the general public and to which it is invited, including but not limited to the following, where smoking may be prohibited entirely or permitted, in accordance with subsequent provisions of this regulation:

1. Restaurants and other establishments serving food for consumption on the premises;

2. Retail food stores;

3. Meeting places and places of recreation, including but not limited to theaters, auditoriums, schools and other institutions providing education or training, and places of assembly used for religious, recreational, political, educational, social or any other public purpose;

4. Museums, libraries and certified historical buildings;

5. Health care facilities required to be licensed by the State, including but not limited to hospitals, clinics, nursing homes, convalescent homes and extended care facilities, including State, county and city institutions.

"Smoking" includes carrying a lighted cigar, cigarette, pipe or any other lighted smoking equipment.

8:15-1.2 Designation of "smoking permitted" areas

(a) Smoking shall be prohibited in all sections of public places except in areas designated as "smoking permitted" areas. Where smoking areas are designated, at least one of the following conditions shall exist to minimize the movement of smoke into adjacent "no smoking" areas:

1. There is a continuous physical barrier, such as a wall, partition or furnishing of at least 4½ feet in height to separate the "smoking permitted" and "no smoking" areas. The barrier may contain doors for exit and entry.

2. There is a space of at least four feet in width to separate the said areas. This space may be either an unoccupied area or a section of seating area acting as a buffer zone and in which smoking is not permitted.

3. The ventilation system in the room containing both "smoking permitted" and "no smoking" areas has total air circulation (recirculated air plus outside air) of not less than six air changes per hour.

4. The concentration of carbon monoxide in the "no smoking" area shall at no time exceed the concentration of carbon monoxide in outside air within 12 feet of the building by more than nine parts per million.

(b) A bar or tavern, whether a separate establishment or part of an establishment primarily serving food, shall be exempt from these regulations if the facilities for serving food in the bar or tavern area accommodate fewer than 50 persons at one time.

(c) A restaurant or other establishment serving food shall be exempt from these regulations if the total seating capacity does not exceed 50 persons.

(d) Where a separate room or an establishment in its entirety is rented for a private function that is not open to the public and is under the exclusive control of the sponsor, it may be designated as a "smoking permitted" or "no smoking" area by the sponsor.

(e) A retail food store shall be exempt from this regulation if the total area open to the public does not exceed 1,000 square feet.

8:15-1.3 Responsibility of proprietors/employers

(a) The person actually in charge of the operation of the establishment shall be responsible for the implementation of and compliance with this regulation.

(b) There shall be posted in conspicuous places a sufficient number of "no smoking" or "smoking permitted" signs, with letters at least 1½ inches high.

(c) The "smoking permitted" area shall not exceed 75 per cent of the total area used by the public. A "no smoking" area shall be no less attractive or convenient than a "smoking permitted" area.

8:15-1.4 Waiver

(a) To apply for a waiver of this regulation, the person responsible for a public place or public meeting shall submit a written application to the State Department of Health stating the grounds for the waiver. The department has the right to request any other information reasonably necessary to determine the merits of the waiver application. Failure to submit such requested information may result in denial of the application.

(b) An applicant for waiver shall have the burden of producing clear and convincing evidence to demonstrate that both:

1. Compelling reasons exist to necessitate a waiver. Such compelling reasons consist of evidence that implementation of this regulation would endanger the ability of the public place to produce sufficient income to meet its operating expenses. Acceptable evidence of such compelling reasons shall consist of financial records and/or projections, based upon demonstrable proof, reasonably showing changes of income and/or expenses which are directly attributable to this regulation; and that

2. Even with waiver of this regulation, the concentration of carbon monoxide in all sections of the public place will at no time exceed the concentration of carbon monoxide in outside air within 12 feet of the building by more than nine parts per million.

(c) In making determination of the eligibility of an applicant for a waiver, the State Department of Health shall:

1. Consider information supplied by the responsible person in the application for waiver;

2. Consider prevailing smoking restrictions and other practices relating to similar public places in the community; and

3. Consider other relevant information consistent with the public policy expressed in this regulation.

(d) After the department has reviewed the information required, the department shall make the final decision on the waiver application and shall respond in writing to the applicant, indicating that the waiver request has been denied or approved and the reasons therefor.

An order adopting these rules was filed on April 18, 1978, as R.1978 d.129 to become effective on July 1, 1978.

Proposed Amendments Concerning Lost or Stolen Checks

Ann Klein, Commissioner of Human Services, pursuant to authority of N.J.S.A. 44:7-6 and 44:10-3, proposes to amend N.J.A.C. 10:81-7.18 concerning lost or stolen checks.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

10:81-7.18 Lost or stolen assistance checks

(a) In the following situations, [T] the county welfare [board] agency will issue a duplicate check within five working days of receipt of notification from the client that his or her assistance check has been lost or stolen, unless extraordinary circumstances are present and a longer period of time is approved by the Division of Public Welfare. [The client shall complete an affidavit stating that he/she did not receive or endorse the check.] Before issuing a duplicate check, [T] the agency shall file a stop payment order with the bank.

1. When a client reports that his/her assistance check has not been received within five working days from the date the check was mailed by the CWA, the check may be presumed to be lost. The client shall complete an affidavit stating that he/she did not receive or endorse the check after which a duplicate check will be issued.

2. When a client reports that his/her check was received but that it has been physically lost or destroyed under circumstances which he/she shall describe and which shall be entered into the case record, the client shall then sign an affidavit to the effect that he/she did not endorse or cash the check, after which a duplicate check will be issued.

3. When a client reports that his/her check has been received but that it has been stolen or disappeared mysteriously in such a manner that the client believes it was stolen, the client shall be required to file a police report on the stolen check and complete an affidavit for the CWA stating that he/she did not endorse the check. After

verifying that a police report has been filed, the CWA will issue a duplicate check.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before May 24, 1978, to:

Notice of Clarification On Recoupment Provisions

Take notice that, the Notice concerning proposed amendments involving the budgeting of public assistance cases, appearing in the March 9, 1978 issue of the New Jersey Register at 10 N.J.R. 113(a), contained errors in the proposed amendments to N.J.A.C. 10:82-2.19 regarding recoupment provisions. To clarify the situation, the text below replaces the proposed text concerning N.J.A.C. 10:82-2.19(a)4 and 10:82-2.9(c)2 only, on page 26 in the March 9, 1978, Register. The remaining text of that proposal remains unchanged.

Full text of the proposed amendments to N.J.A.C. 10:82-2.19 should read as follows:

10:82-2.19 Overpayment; underpayments

(a) In situations where a member of an eligible unit fails to inform the welfare agency of any change in income, resources, or circumstances resulting in an overpayment or underpayment in the monthly grant, the county welfare agency shall proceed as follows:

1. Determine the amount of the overpayment.

i. Subtract the amount of assistance which client(s) should have received during the period of overpayment from the amount actually received.

ii. Where CSP payments are involved, only the amount of assistance granted in excess of child support payments can be considered overpayment for purposes of recoupment.

[1] 2. Immediately upon discovery of the overpayment or underpayment, inform the client in writing that such error in payment has occurred, its amount, and that corrective measures will be taken in accordance with the following regulations.

[2] 3. Correct the monthly grant for the period of assistance next following the discovery of the overpayment or underpayment, unless in the case of an underpayment an immediate additional payment is issued pursuant to section 252.2; and

[3] 4. When there has been overpayment, recoup the amount of overpayment in accordance with section 251.2. Reductions in the monthly grant may only be made subject to timely and adequate notice as stated in Public Assistance Manual section 7110.

(b) The CWA shall not recoup overpayments resulting from an administrative error:

(c) Overpayment rules are:

1. When overpayments have resulted from the willful withholding of information by the client (see Public Assistance Manual section 4900), recoupment shall be by the following procedure:

i. Deduct from the grant an amount not to exceed 10 per cent of the adjusted allowance or, where such deduction would in the judgment of the CWA create undue hardship, a lesser amount; and

ii. When there is earned income currently available and subject to disregards, deduct from the adjusted allowance the amount of the overpayment(s), not to exceed 20 per cent of the eligible unit's total gross earnings or, where such deduction would in the judgment of the CWA create undue hardship, a lesser amount; and

iii. When client has savings or other available resources, develop a mutually agreeable arrangement with the client for recoupment of the overpayment.

2. In all other situations [in which] except where overpayment was due to [client error or when the client has received continued assistance at an unreduced level pending a fair hearing but has been found ineligible to receive such assistance by the fair hearing decision,] administrative error, recoupment is limited to available resources such as disregarded income or savings. [When disregarded income or savings do not exist, the current assistance payment shall not be reduced to accomplish such recoupment.] These situations include but are not limited to:

i. Situations due to client error other than those specified in 251.2a.

ii. Where the client has withdrawn from or abandoned the fair hearing request.

iii. Where the client has received continued assistance at an unreduced level pending a fair hearing but has been found ineligible to receive such assistance by the fair hearing decision.

iv. When disregarded income or savings do not exist, the current assistance payment shall not be reduced to accomplish such recoupment.

3. Where available resources such as disregarded income or savings, etc., exist, the following procedure will be used to determine the amount of recoupment:

i. When there is earned income currently available and subject to disregards, deduct from the adjusted allowance the amount of the overpayment(s), not to exceed 20 per cent of the eligible unit's total gross earnings or, where such deduction would in the judgment of the CWA create undue hardship, a lesser amount; and

ii. When the client has reserved income or other available resources, develop a mutually agreeable arrangement with the client for recoupment of the overpayment.

iii. Such recoupment shall be limited to overpayments made during the 12 months preceding the month in which the overpayment was discovered.

[3] 4. Recoupment of overpayments, even when encompassing the total monthly payment, shall not affect Medicaid eligibility so long as all other factors of eligibility continue to exist.

[4] 5. When the overpayment has been satisfied, the amount of the assistance payment must be immediately adjusted so that no further reductions for recoupment are made.

This Notice is published as a matter of public information.

Full text of the proposal follows:

SUBTITLE M. DIVISION OF ECONOMIC DEVELOPMENT

CHAPTER 240. OFFICE OF CUSTOMIZED TRAINING

SUBCHAPTER 1. GENERAL PROVISIONS

12:240-1.1 Title

This chapter shall be known and may be cited as the office of customized training chapter.

12:240-1.2 Purpose of program

(a) The purpose of office of customized training program is:

1. To encourage private employers to develop and expand job opportunities and to train unemployed or underemployed citizens of this State;

2. To provide for reimbursement to industrial and business firms for extraordinary expenses incurred in employing and training workers.

12:240-1.3 Definitions

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

"Agreement" means a contract between the Director of Division of Economic Development, representing the State and an official of a private employer authorized to execute contracts to train unemployed and underemployed residents of New Jersey.

"Underemployed" means an individual who is working less than full-time or at a level below his highest skills.

"Private employer" means any employing establishment whose employees are not paid by Federal, State, county or municipal check. A group or association of such employers may act as a single employer for the purposes of this chapter.

"Resident of this State" means any person who lives in the State of New Jersey. Residency shall be determined on the basis of information furnished by the trainee.

"Training" means an organized plan of classroom and/or on-the-job instructions required and designed to prepare and equip the "trainee" for full-time gainful employment as specified and described in the agreement.

"On-the-job training" (OJT) means a process whereby newly-hired individuals receive instructions and demonstrations as to how to perform the tasks involved in the job for which they were hired. Concurrent with the instructions received, the employee, under supervision, demonstrates his ability by actually performing the tasks for which he has received instructions.

"Up-grading" means a work situation in which an employee receives additional training on-the-job designed to enhance his job skills so he may advance in his occupation.

"Pre-employment" means a program for unemployed individuals which is custom made to the employer's requests and will generally include such topics as orientation to the company policies, production processes, work environment, safety features, etc. Normally these programs extend for short periods of time and provide the employer with a method of identifying those individuals who seem most adaptable to his operation.

"Dictionary of occupational titles" means the documents issued by the United States Department of Labor containing job descriptions and a system of classifying and coding such definitions.

SUBCHAPTER 2. AGREEMENTS

12:240-2.1 Nature and contents

(a) An agreement under this chapter shall be in the form of a contract enforceable under the laws of the State of New Jersey which shall specify:

1. The name and address of the employing establishment and of the training and employment location if different;

2. The name of the principal owner or official authorized to sign the agreement and his official position or title;

3. The number of trainees to be hired under this agreement and the occupations in which they will be provided training and employment;

4. A schedule of wages to be paid the trainee during the course of his training;

5. A schedule of estimated training costs;

6. The amount of reimbursement to the employer by the Department of Labor and Industry and the schedule of such reimbursement.

(b) An agreement under this chapter shall be limited to the following types of proposals.

1. Contracts approved for OJT will provide employer reimbursement up to 50 per cent of the trainee's starting wage. Starting wage for trainees will normally be established at a level of at least 120 per cent of the New Jersey minimum wage. Contracts may not be approved for less than 20 nor more than 260 days of training.

2. Pre-employment training proposals may not be approved for less than five nor more than 20 days of training. Enrollees may continue to receive unemployment insurance benefits, if eligible, or may receive a stipend not exceeding the New Jersey minimum wage, provided in either case the enrollee maintains satisfactory attendance in the prescribed program of training. Pre-employment training proposals will not be approved for less than 10 enrollees.

3. Up-grading training proposals may not be approved for less than 20 or more than 260 days of training. No proposal will be approved for less than five trainees and the employer must ensure that a like number of entry level positions will be created and filled as a result of his program.

(c) Agreements will not be approved for training any occupation listed in the following categories.

1. Occupations for which the skill level as coded in the dictionary of occupational titles is not sufficient to justify training;

2. Sewing machine operators (garment and apparel industry);

3. Bartenders;

4. Intermittent seasonal occupations;

5. Occupations which have not traditionally required specific occupational training as a prerequisite to employment;

6. Occupations requiring licenses or degrees, unless such license or degree has already been attained;

7. Occupations in public service employment;

8. Occupations for which employees reimbursement is on a commission basis.

12:240-2.2 Development and execution

(a) Employers may obtain information and assistance in developing agreements from the Office of Customized Training, Division of Economic Development in the Department of Labor and Industry or from any office or representative of the State Employment Service in the Department of Labor and Industry.

(b) When completed and signed by an authorized official of the employing establishment, the agreement will be submitted for approval to the Director of the Division of Economic Development.

(c) The agreement becomes effective upon approval and signature by the Director, Division of Economic Development but with respect to each trainee on the date of his entering the training and employment.

12:240-2.3 Compliance

(a) An employer shall be considered in compliance with the agreement and entitled to the agreed-upon reimbursement specified therein so long as the specified training plan is carried out, the specified wages paid and employment provided as described.

(b) Each employer is required to notify the Director, Division of Economic Development in writing immediately on the occasion of any circumstance or occurrence contrary to the terms of the agreement.

(c) Reasonable modification of the training plan and schedule may be mutually agreed upon with appropriate adjustments in the specified reimbursement for costs of training.

(d) Upon completion of the term of employment by each trainee or the earlier termination of his employment and the payment to the employer of the agreed-upon reimbursement the agreement will be considered terminated.

(e) In the case of one or more trainees engaged under the terms of one agreement, periodic reports submitted by the employer to the Director, Division of Economic Development will be used as the basis for reimbursement.

SUBCHAPTER 3. TRAINING PLAN

12:240-3.1 Purpose of training

(a) The training provided by the employer under this chapter and for which reimbursement of costs is made

by the State is for the purpose of developing the skills and abilities of persons who would not otherwise meet the minimum qualifications and specifications for employment in the occupation involved.

(b) Should the total dollar requests of submitted proposals exceed the availability of funds, priority of approvals will be granted to programs located in urban development zones experiencing a high rate of unemployment.

SUBCHAPTER 4. WAGES AND HOURS

12:240-4.1 Status of trainees

Trainees participating in on-the-job training and/or up-grading training will be considered full-time employees of the employer from the date of entry into training and will be entitled to all rights and privileges of other regular employees.

12:240-4.2 Minimum wage

Trainees participating in up-grading training shall be paid not less than the minimum entry wage and trainees participating in on-the-job training will normally be paid at a level of at least 120 per cent of the New Jersey minimum wage for the occupation and industry involved and will work the regular normal hours.

12:240-4.3 Wages and hours

Wages and hours shall be in accordance with applicable State and Federal laws.

SUBCHAPTER 5. REIMBURSEMENT

12:240-5.1 Purpose of reimbursement

(a) Reimbursement to the employer is intended to offset part of the cost of hiring and training a person. These costs may include, but are not limited to:

1. In-plant training on or off the job;
2. Training outside the plant.

12:240-5.2 Amount

The amount of reimbursement to the employer under this chapter shall be mutually agreed upon in each case and will normally be 50 per cent of 120 per cent of the New Jersey minimum wage for any approved on-the-job training agreement.

12:240-5.3 Schedule of reimbursement

The employer in each case will submit to the Director of the Division of Economic Development a report of completion of training and a claim for reimbursement in accordance with the agreement.

SUBCHAPTER 6. FOLLOW-UP, EVALUATION AND COMPLIANCE

12:240-6.1 On-site verification

The Commissioner of Labor and Industry or his designated agents shall visit the employing establishment from time to time to verify that the trainee is on the job, that the training plan is being carried out, that wages and hours and working conditions are as agreed upon and that all requirements of the agreement are being met.

12:240-6.2 Termination of agreement

The Commissioner of Labor and Industry may terminate any agreements entered into under this chapter at any time if he finds that the terms of the agreement are not being complied with.

DIVISION OF CONSUMER AFFAIRS

BOARD OF OPTOMETRISTS

Proposed Amendments on Advertising Guidelines

Stanley J. Oleniacz, President of the Board of Optometrists in the Division of Consumer Affairs in the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 45:12-1 et seq., proposes to amend a portion of the rules concerning advertising guidelines.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

13:38-1.1 Scope of advertising permitted

(a) It shall be lawful for an optometrist to advertise in a dignified manner provided that such optometrist shall not use or participate in the use of any form of public communication containing a false, fraudulent, misleading, deceptive, self-laudatory or unfair statement or claim; and, provided that the information process complies with the following guidelines:

1. Accepted advertising media shall include only the following forms: newspapers, directories, magazines, direct mail and other accepted printed media; on-premise signs, professional cards and appointment cards.

2. The practitioner may advertise his/her usual and customary fee for services rendered provided that:

i. He/she renders that service for no more than the fee which is advertised;

ii. The advertisement lists all services which the price covers;

iii. The advertisement specify whether any additional charges may be incurred for related services.

3. Any advertisement for frames must specify:

i. Exactly the type of spectacle lenses being offered, such as single vision, bifocal, trifocal or any other category; tints and colorations; standard size or over-size; glass, plastic or other material.

ii. Exactly the type of frame, such as metal, zyl, rimless or any other category together with brand name; where precious metals such as silver or gold have been used in the manufacture of the frame, advertising must conform to FTC rules applicable to the jewelry industry; and, if a manufacturer's discontinued frame, this characteristic must be stated.

4. An optometrist can only advertise a limitation of service if his/her practice is exclusively devoted to that service, such as, contact lens fitting, sub-normal vision, pediatric optometry, visual training, geriatric optometry and the like. This shall in no way be construed as permitting a claim of professional superiority or use of the word "specialist" or "specialty" or "expert" or any connotation thereof.

5. For the purposes of this section, the advertisement shall not exceed one eighth ($\frac{1}{8}$) of a page and the print shall not be any smaller in size than one half ($\frac{1}{2}$) of the largest size of print in the advertisement and the print must be consistent in type and style throughout the advertisement.

6. N.J.S.A. 45:12-11(i) shall be construed to mean that:

i. No optometrist shall cause or permit any listing of any inactive, retired, removed or deceased optometrist or any other ocular practitioner, except that, for a period of not more than two years from the date of succession to the practice of another optometrist, an optometrist may use a telephone listing of such optometrist together with the words "succeeded by", "succeeding" or "successor to";

ii. An optometrist may be listed in the classified section of any directory under the classification entitled "optometrists", or "doctors of optometry", or any other designation that is not misleading, at the address or addresses for which he/she holds a valid, unrevoked, active certificate to practice optometry in this State.

7. For the purposes of this section, and pursuant to N.J.S.A. 45:12-11(j-r), it shall be unlawful for an optometrist to:

i. Advertise discounts;

ii. Display any spectacles, eyeglasses, eyeglass or spectacle frames or mountings, goggles, lenses, prisms, spectacle or eyeglass cases, ophthalmic material of any kind, optometric instruments, or optical tools or machinery, or any merchandise, material, or advertising of a commercial nature in office windows or reception rooms or in display cases outside of the offices, where the display of such merchandise, material or advertising would make it visible from the street.

iii. Display his/her certificate or diplomas in such manner that they may be seen from the outside of the office;

iv. Display the name and title of the registrant, or other information in lettering larger than four inches in height for street-level offices, or larger than six inches in height for offices above street-level, and in no event shall there be more than three such displays. The illumination of said name and title shall be permissible at any time but this section shall not be construed to permit the use of colored or neon lights, eyeglasses or eye signs, whether painted, neon, decalomania, or any other either in the form of eyes or structures resembling eyes, eyeglass frames, eyeglasses or spectacles, whether lighted or not;

v. Solicit in person or through an agent or agents for the purpose of selling ophthalmic materials or optometric services or employing what are known as "chasers", "steerers", or "solicitors", to obtain business.

13:38-1.1 Professional cards and appointment cards

N.J.S.A. 45:12-11(h) shall be construed to limit the size and style of type and content of a professional card [advertisement] and appointment card to [that of a professional card customarily used by other members of the profession.] the name, title, profession, degrees, address, telephone number, office hours of the registered optometrist, the words "eyes examined", "eye examinations", "hours for the examination of eyes", "practice limited to the eye", or can specify that he is engaged in the practice of "general optometry", or can specify the type of services rendered by him/her as long as the statement is consistent with the provisions of N.J.A.C. 13:38-1.1.

13:28-1.[2]3. Announcements of office opening of association

[(a)] N.J.S.A. 45:12-11(h) shall not be construed to prohibit any optometrist from announcing the opening of an office for the practice of optometry, his affiliation or association with an office for such practice, his change or removal of said office, by way of a professional announcement containing such announcement together with the information permitted on a professional card, or when opening a new office in a community in which he has not previously practiced, from sending to any person one copy of such announcement, during a period not exceeding 90 days from the date of opening such office, or from causing one copy of such announcement to be inserted daily in a newspaper, in space not exceeding [two newspaper columns in width and three inches in depth] one eighth ($\frac{1}{8}$) of a page, in which announcement the print shall not be any smaller in size than one half ($\frac{1}{2}$) of the largest size of print in the announcement and which print must be consistent in type and style throughout the announcement, during a period not exceeding 90 days, or from mailing to his/her patients, [in sealed envelopes,] any announcements, notices, reminders, letters or printed matter which must, however, not be violative of provisions of N.J.S.A. 45:12.

[(b)] The mailing of an open postcard imprinted with any message or notice shall constitute a violation of provisions of N.J.S.A. 45:12-11(h).]

Note: Sections 3 through 8 of the current text in this subchapter are proposed to be cited as sections 4 through 9.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before May 31, 1978, to:

Jan Flanagan
Secretary, Board of Optometrists
1100 Raymond Boulevard, Room 301
Newark, New Jersey 07102

The Board of Optometrists, upon its own motion or at the instance of any interested party, may thereafter adopt the above rules substantially as proposed without further notice.

Proposed Rule on Advertising and Solicitations

Ruth Weisman, Executive Secretary of the Board of Veterinary Medical Examiners in the Division of Consumer Affairs in the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 45:16-1, proposes to adopt a new rule concerning veterinary advertising and solicitation.

Full text of the proposal follows:

13:44-2.11 Advertising and solicitation

(a) "Licensee", for the purpose of this regulation, means a person possessing a plenary license to practice veterinary medicine, dentistry and surgery.

(b) A licensee in the State of New Jersey may provide information to the public, by publication in a dignified manner in newspapers or comparable written publications concerning: education, certification or appointments, location and availability of services, fees for routine professional services and other pertinent information about the licensee's practice. In any such publication, license degree must be designated. To the extent that information provided to the public by the licensee may be misleading, the licensee shall provide clarification, such as, but not limited to, whether additional charges may be incurred for related services when fees are stated.

(c) Information provided to the public in accordance with section (a) shall not by form, manner or content be such as to solicit patients. Solicitation is prohibited. Solicitation shall include, but is not limited to, public information which may be found by the Board of Veterinary Medical Examiners as:

1. False, fraudulent, deceptive, misleading or flamboyant;
2. Representing intimidation or undue pressure;
3. Using testimonials;
4. Guaranteeing any service or guaranteeing that satisfaction or cure will result from the professional services offered;
5. Offering gratuitous services or discounts in connection with published services, but this clause shall not be construed to relate to the negotiation of fees between licensees and patients or clients, or to prohibit the rendering of professional services for which no fee is charged;
6. Making claims of professional superiority;
7. Stating or including prices for professional services which are false, deceptive or misleading

(d) The information which may be provided to the public is limited to the printed media and any such information provided by licensee in any other form is expressly prohibited.

(e) Any violation of the foregoing rule may be considered as the basis for suspension or revocation proceedings being instituted against the licensee.

(f) This rule supersedes any prior rule to the extent inconsistent therewith.

Interested persons may submit statements or arguments in writing regarding the proposed action on or before May 31, 1978, to:

Ruth Weisman, Executive Secretary
Board of Veterinary Medical Examiners
1100 Raymond Boulevard
Newark, New Jersey 07102

The Board of Veterinary Medical Examiners, upon its own motion or at the instance of any interested party, may thereafter adopt these rules substantially as proposed without further notice.

ENERGY

BOARD OF PUBLIC UTILITIES

Emergency Rule on Railroad Track Safety

On March 23, 1978, the Board of Public Utilities in the Department of Energy, pursuant to authority of N.J.S.A. 48:2-13, 48:2-23, 48:2-25 and in accordance with applicable provisions of the Administrative Procedure Act, adopted an emergency rule concerning railroad track safety.

Full text of the adoption follows:

14:8-1.2 Track safety regulation

(a) This regulation prescribes minimum safety requirements for railroad track that is part of the railroad operation and which is used for the transportation of hazardous materials.

(b) All tracks over which hazardous material is to be transported in the State of New Jersey shall conform to the following minimum standards:

1. Drainage: Proper drainage must be maintained free of obstruction.
2. Ballast: Sufficient in crib and at ends of ties to maintain alignment and insure proper drainage.
3. Ties: Minimum of eight non-defective ties per 39 foot rail length—maximum distance between non-defective ties not to exceed 70 inches.
4. Joints: All rail joints must be on non-defective ties whether joints are supported or suspended.
5. Tie plates: Shoulder type plate required.

6. Rail spikes:
 - i. Tangent track—at least two, one on each side of rail in all ties to maintain proper gage.
 - ii. Curved track at least four—two on each side as above.
7. Splice (angle) bars:
 - i. Two bolts on each end of the rail;
 - ii. No splice bar break allowed in four-hole type bar;
 - iii. Splice bar break allowed only between No. 2 and No. 3 bolt holes in each rail which has six-hole type bars.
8. Turnouts and crossovers:
 - i. Switch handle and switch assembly must be secured to non-defective ties. Switch must be secured with lock.
 - ii. Signal marker (targets): Scotchlite or similar product must be used on all switches.
 - iii. Switch points: Must be snug to stock rail and in serviceable condition.
 - iv. Braces to stock rail must be snug to hold gage when switch is thrown.
 - v. Heel block of switch must be bolted with minimum of two bolts.
 - vi. Spring frogs: Spring and hold downs must be maintained in good operating condition.
 - vii. Other type frogs: Must have all bolts in place properly tightened.
 - viii. Timbers under frogs must be non-defective.
9. Rails: 100 pound rail required.
10. Longitudinal rail movement must be effectively controlled. If rail anchors which bear on the sides of ties are used for this purpose, they must be on the same side of the tie on both rails.
11. Maximum operating speed may not exceed 10 mph. In the event the track meets higher standards than the minimum prescribed above, designated speed under FRA track standards may be applied.

STATE LOTTERY COMMISSION

Proposed Rules on Pick-Four Lottery

Gloria A. Decker, acting Executive Director of the State Lottery Commission in the Department of the Treasury, pursuant to authority of N.J.S.A. 5:9-7, proposes to adopt new rules concerning the Pick-Four lottery.

Full text of the proposal follows:

SUBCHAPTER 12. PICK-FOUR LOTTERY

17:12-1.1 General provisions

(a) The following rules have been adopted by the State Lottery Commission pursuant to the authorization contained in N.J.A.C. 17:21-1.4 and N.J.S.A. 5:9-1 et seq., and shall govern the operation of "Pick-Four", a four-

digit, select-your-own number lottery. This lottery will commence on a date to be announced by the executive director of the Lottery Commission. The rules are:

1. The four digit select your own number lottery shall be called "Pick-Four", and all lottery tickets issued for this game shall be clearly identified with the name of the game.

2. "Pick-Four" tickets will be sold every day during the normal business hours of the agents authorized to sell said tickets. The sale period for any given "Pick-Four" lottery date will terminate at 7:40 P.M. the date of the drawing.

3. Lottery tickets for "Pick-Four" will be available only from certain designated lottery agents who have been selected by the Executive Director of the State Lottery Commission.

4. The selected agents will have on their business premises either a coin-actuated on-line vending machine or an agent operated on-line vending machine and shall prominently display the machine and poster or other advertisement stating that they sell tickets for the "Pick-Four" lottery.

5. The coin-actuated on-line vending machines will sell tickets for the present weekly, the "Pick-Four" lottery and the "Pick-It" lottery. A purchaser will be able to place only a straight bet and box bet for the "Pick-Four" lottery from this type of a machine. All tickets issued from this type of a machine will have a unit purchase price of \$.50 and will be for the next possible drawing date of the type of lottery selected by the purchaser. Agents having this type of a machine will be required to provide certain specified services relating to the upkeep of the machine and the reporting of lottery sales and will receive a commission equal to 2½ per cent for each lottery ticket sold.

6. The agent operated on-line vending machines will sell tickets for present weekly, the "Pick-It" lottery and the "Pick-Four" lottery. The agents having this type of machine will be required to operate the machine for purposes of the issuance of all lottery tickets and shall be required to provide certain specified services relating to the upkeep of the machine and the reporting of lottery sales; will receive a commission equal to five per cent for each lottery ticket sold. The agent operated on-line vending machines will have the capacity to:

i. Handle advance sales up to one week for all three types of lotteries.

ii. Bulk vend present weekly lottery tickets.

iii. Issue "Pick-Four" tickets for \$.50 and in multiples of \$.50 up to \$5.00.

iv. Issue "Pick-Four" tickets for the period of the game.

v. Cancel "Pick-Four" ticket issued in error.

7. The selection of the winning four-digit number for the "Pick-Four" lottery will be held on Friday immediately following the drawing of the present Pick-It lottery which is scheduled for approximately 7:57 P.M. Such a drawing will be held every Friday except on Good Friday at which time the drawing would take place one day earlier, Thursday. The drawings will take place at a location prescribed by the Executive Director of the New Jersey Lottery and all drawings will be open to the public.

8. The winning four-digit number will be randomly generated by mechanical means. The precise drawing procedure will be determined by the Executive Director of the Lottery Commission.

9. The type of bets and amount of prizes for the "Pick-Four" lottery shall be determined as follows:

i. Straight bet: The purchaser shall select a four-digit number that will become a winner only if said number matches digit for digit in sequence the winning number selected by the drawing.

(1) For example, if the winning number is 1234, then only straight bets placed on 1234 will be winners.

ii. Box (combination) bets: The purchaser will select a four-digit number that will become a winner only if said number matches digit for digit in any sequence the winning number selected by the drawing. For example, if the winning number is 1234, then box bets placed on

1234	1324	1423
1243	1342	1432
2134	2314	2413
2143	2341	2431
3124	3214	3412
3142	3241	3421
4123	4213	4312
4132	4231	4321

will be winners. It will be impermissible to place a box bet on any four-digit combination which cannot be divided into twenty four separate and distinct bets.

(1) For example, 1233, 1322, or any other similar numbers cannot be used for box bets.

10. The amount of the prizes to be given for the "Pick-Four" lottery shall be determined in accordance with the following rules:

i. The prize pool will be equal to 50 per cent of the total amount of all the bets placed for said lottery drawing.

ii. The amount of money in the prize pool shall be divided amongst the winners in accordance with the pari-mutuel formula. Box bet winners will receive one-twenty-fourth of the straight bet prize.

iii. Pari-mutuel formula:

(1) Each 50-cent bet shall be considered to be a single unit and bets for larger amounts shall be divided into 50-cent bets; for example a \$2.00 winning ticket will be four units.

(2) A straight winning bet, hereinafter called "X", shall be a full unit and shall be entitled to a full prize unit for each 50-cents of the ticket value as defined in subparagraph ii. above.

(3) A box winning bet, hereinafter called "Y", shall be one-twentyfourth of a unit and shall be entitled to one-twentyfourth of the prize unit for each 50-cents of the ticket value as defined in paragraph 10(b).

(4) The prize unit will be rounded down to 50-cents.

(5) Formula for prize determinations:

$$\text{Prize} = \frac{\text{Prize Pool}}{\text{Unit} + \frac{\text{Amount Wagered}}{50\text{-cents}}}$$

$$\text{Straight} = \left(\frac{\text{Prize Unit}}{\text{Rounded Down}} \times \frac{\text{Amount Wagered}}{50\text{-cents}} \right)$$

$$\text{Box Bet} = \left(\frac{\text{Prize Unit}}{24} \right) \left(\frac{\text{Rounded Down} \times \text{Amount Wagered}}{50\text{-cents}} \right)$$

Example:

Assume: Prize Pool of \$50,000 and the following winning bets represented in 50-cent units: 150 straight, and 240 box.

$$\text{Prize} = \frac{50,000}{150 + 240(1/24)} = \frac{50,000}{150 + 10} = \frac{50,000}{160} = \$312.50$$

$$\text{Straight} = \$312.50 = \$312.50 \text{ per each 50-cent bet}$$

$$\text{Bet Prize}$$

$$\text{Box Bet} = \$312.50 = \$13.02 = \$13.00$$

24

iv. The minimum prize for the "Pick-Four" lottery for any type of bet for any given drawing shall be one dollar (50-cents over the unit bet). The amount of the breakage (amount received as a result of round down to 50-cents) will be set aside in a separate fund which will be used for purposes of guaranteeing this minimum payout.

v. If no bets are placed on the winning number as drawn for any "Pick-Four" lottery drawing, the money in the pool shall be added to the next following "Pick-Four" lottery pool.

11. The holder of a winning ticket for the "Pick-Four" lottery can take said ticket to any agent having an agent-operated on-line vending machine for validation. If said winning ticket entitles the holder to a prize of \$599.00 or less, said prize will be paid by the agent upon presentation and validation of the ticket. If the winning ticket entitles the holder to a prize that is more than \$599.00, then the holder shall fill out a claim form and the prize will be sent to the holder by check from the Lottery Commission. Once a ticket is validated, it will not be returned to the winner, but will be forwarded to the New Jersey State Lottery. The winner will receive the cash prize or a copy of the claim form as herein provided.

12. All persons holding winning tickets must file for a prize within one year after the date of the drawing. All winning tickets submitted beyond one year period are not eligible for prize awards. Except as herein provided, all rules and regulations of the Lottery Commission shall govern the operation of the "Pick-Four" Lottery. All determinations of winners shall be made by the Executive Director of the Lottery Commission whose judgment shall be final.

17:21-1.2 Pick-four club ticket reservation plan

(a) The New Jersey State Lottery Pick-4 Club will offer to a subscriber a membership, for a specified number of sequential weekly lottery drawings.

(b) The number of sequential weekly lottery drawings which a subscriber may select are 10 weeks, 20 weeks, and 30 weeks.

(c) The cost of memberships is to be in units from \$.50 up to a maximum of \$5.00 per number selected for each week with a minimum play of ten weeks. A selection of 20 weeks would entitle the subscriber to a discount from \$.50 to \$5.00 and a selection of 30 weeks would entitle the subscriber to a discount from \$1.00 to \$10.00. The amount of discount is dependent upon the denomination bet per week and the duration of the subscription.

1. For example, if \$.50 is bet for 20 weeks, the cost to the subscriber would be \$9.50.

2. If \$5.00 is bet for 30 weeks, the cost to the subscriber would be \$140.00.

(d) A subscriber may renew his ticket for the same lottery number or a new lottery number at any time prior to the expiration date noted on his ticket.

(e) Continuance of participation will only be permitted if the subscriber's application for renewal, either for the same number or a new number, is in the possession of the Lottery Commission by 12:00 midnight ten calendar days prior to the subscriber's last effective lottery date, that is, the expiration date.

1. Any decision as to interpretation of the above will be made by the Executive Director, New Jersey State Lottery Commission, and will be considered final and binding.

(f) The Lottery Commission has the right to change the designated prize structure by the rules and regulations adopted by the Lottery Commission without notice to the "Pick-4" club member.

(g) The Lottery Commission must be notified within seven days of issuance of membership card if "Pick-4" number does not agree with instructions.

(h) Applications accompanied by personal checks will be subject to collection and clearance of said checks.

(i) In general, the provisions governing the Pick-4 Lottery shall be applicable to the State Lottery Pick-4 club reservation plan.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before May 24, 1978, to:

STATE TREASURER

Proposed Amendments on Affirmative Action Requirements for Public Contracts

Clifford A. Goldman, State Treasurer, pursuant to authority of P.L. 1975, c. 127, as amended, proposes to adopt amendments to a portion of the rules concerning affirmative action requirements for public contracts.

Full text of the proposal follows (additions indicated in boldface thus):

17:27-4.3(b) If a procurement or service contractor refuses to sign said contract when it is submitted for signing by the public agency or if the contractor has failed to satisfy the precondition for entering into a contract as established by subsection (a) of this section, prior to the time the contract is submitted for signing by the public agency or within seven days after said submission, then the public agency shall reject the contractor's bid as non-responsive, and these requirements shall apply to any other contractor which the public agency selects in accordance with applicable contracting laws and procedures; provided however, that for any contractor who advises the public agency in writing that he plans to satisfy the precondition established herein by submitting an initial employee information report, the public agency may extend in a particular case the allowable time after the contract is submitted for signing to no more than 14 days for satisfying said precondition.

17:27-7.4(b) The contractor agrees to complete monthly project manning reports on forms provided by the affirmative action office or in the form prescribed by the affirmative action office and submit an initial copy of

said form no later than three days after signing a construction contract; provided however, that the public agency may extend in a particular case the allowable time for submitting the initial form to no more than 14 days; and to submit a copy of said form once a month thereafter for the duration of this contract to the affirmative action office and to the public agency compliance officer. The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and off-the-job programs for outreach and training of minority trainees employed on the construction projects.

17:27-13.2 Effective dates

The affirmative action regulations, to which this section is a supplement, shall become effective July 10, 1978, for the following units of local government:

1. All counties;
2. All municipalities with a population in excess of 100,000 as identified in the population estimates of the New Jersey Department of Labor and Industry which were used by the Division of Taxation to allocate State funds in 1978 pursuant to the State Revenue Sharing Act of 1976, P.L. 1976, c. 73;
3. Any municipality in which the Legislature has authorized the establishment and operation of gambling houses or casinos; and
4. Any school district, municipal utility authority or any other unit of local government which serves or operates in or has authority to serve or operate in one or more municipalities at least one of which is subject to this section.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before May 24, 1978, to Carl Briscoe, Affirmative Action Officer, State Affirmative Action Office, State House, P.O. Box 1829, Trenton, New Jersey 08625.

The Department of the Treasury may thereafter adopt rules concerning this subject without further notice.

Proposed Rules on Applications by Casino Licensees for Approval of Agreements

Joseph P. Lordi, Chairman of the Casino Control Commission, pursuant to authority of N.J.S.A. 5:12-1 et seq., proposes to adopt new rules concerning applications by casino licensees for approval of agreements.

Full text of the proposal follows:

SUBCHAPTER 11. APPLICATIONS BY CASINO LICENSEES FOR APPROVAL OF AGREEMENTS

19:41-11.1 The application for approval

(a) Each casino licensee shall be required to present to and file with the commission a fully signed copy of every written agreement and a precise written description of the terms of and persons involved in and associated with

every other agreement regarding either the realty of its casino hotel facility or any business or person doing business with or on the premises of its casino hotel facility.

(b) Each applicant for a casino license, upon directive of the commission, shall be required so to present to and file with the commission every such agreement likely to not have been fully and completely performed in all respects by all parties prior to the issuance to the applicant of a casino license.

(c) Each such casino licensee or applicant for a casino license shall, together with the said copy or description of the agreement, file with the commission no later than five calendar days following the formal offer and acceptance a completed written application for the approval of a casino licensee agreement in a form specified by the commission, which applications shall describe the persons involved in and associated with the said agreement.

(d) Any failure of a casino licensee or applicant for a casino license to seasonably file any application for the approval of a casino licensee agreement required by section 104b of the act or the regulations of the commission shall be the basis for the commission to pursue any remedy or combination of remedies provided for in the act or the regulations of the commission.

(e) Each such agreement, whether or not expressly included therein by the parties thereto, shall be deemed to include a provision for its termination without liability on the part of the casino licensee or applicant for a casino license if the commission shall disapprove thereof in accordance with section 104b of the act and the regulations of the commission.

(f) Every application for approval of a casino licensee agreement shall comply with all the provisions of the act and regulations of the commission relating to applications.

(g) No agreement with a casino licensee shall be either performed or in force or effect unless a written application for approval of the said agreement shall have first been properly and seasonably filed with and be pending before the commission in accordance with section 104b of the act and the regulations of the commission.

19:41-11.2 The suitability of the agreement

(a) The commission shall review each application for the approval of a casino licensee agreement on the basis of the reasonableness of the terms of the agreement, including the terms of compensation and the further basis of the qualifications of the persons involved in and associated with the agreement in accordance with the standards enumerated in section 86 of the act and shall thereafter make a finding as to the suitability of the said business or persons to be involved or associated with the said casino enterprise.

(b) Whenever, pursuant to section 92c of the act and the regulations of the commission, the commission has exempted any person involved in or associated with a casino licensee agreement from the casino service industry license requirement upon a finding that such person is regulated by a public agency and that such licensure is not necessary to protect the public interest or to accomplish the policies established by the act, the commission may in its discretion base its finding as to the suitability of the said business or person to be involved or associated with the said casino enterprise upon the fact of such exemption.

(c) If the commission shall deny an application for the approval of a casino licensee agreement, the commission may by directive require the termination of such agreement or association or pursue any remedy or combination of remedies provided for in the act or the regulations of

the commission. If such disapproved agreement or association is not thereafter promptly terminated as required by commission directive, the commission may pursue any remedy or combination of remedies provided for in the act or the regulations of the commission.

19:41-11.3 Casino service industry license applications

(a) The commission shall further review each application for approval of a casino licensee agreement to determine whether any enterprise involved therein or associated therewith is thereby a casino service industry enterprise required to be licensed by the act or the regulations of the commission.

(b) The commission shall direct that a casino service industry license application be promptly filed by any enterprise involved in or associated with such agreement:

1. Which is thereby, on a regular and continuing basis, either providing goods or services to or conducting business with a casino, a casino licensee, its employees or agents or likely to so provide such goods or services or to so conduct such business; and, which goods, services or business directly relates to casino or gaming activity; or

2. Which is a gaming school enterprise, a gaming equipment enterprise or a casino hotel security service enterprise.

(c) The commission shall determine upon each such casino service industry license application filed pursuant to N.J.A.C. 19:41-11.3(b) in accordance with the standards contained in sections 92(a) and (b) of the act and sections N.J.A.C. 19:41-3.2(a) and 43-1.4(b) and 1.5 of the regulations of the commission.

(d) The commission shall direct that a casino service industry license application be promptly filed by any enterprise involved in or associated with such agreement:

1. Which is thereby, on a regular or continuing basis, either providing goods or services to or conducting business with a casino, a casino licensee, its employees or agents or likely to so provide such goods or services or to so conduct such business; and, which goods, services or business does not directly relate to casino or gaming activity; and

2. Which the commission has not exempted from the casino service industry license requirement in accordance with section 92(c) of the act and sections N.J.A.C. 19:41-1.2(f) and 43-1.13 of the regulations of the commission.

(e) The commission shall determine upon each such casino service industry license application filed pursuant to N.J.A.C. 19:41-11.3(d) in accordance with the standards contained in sections 92(c) and (d) of the act and sections N.J.A.C. 19:41-3.2(b) and 43-1.3(c) and 1.5 of the regulations of the commission.

(f) The commission, upon directing that a casino service industry license application be filed by any enterprise pursuant to N.J.A.C. 19:41-11.3(b) or (d), may also then indicate to the enterprise the amount of license fee in accordance with the provisions of the act and the regulations of the commission.

(g) The commission may in its discretion permit an unlicensed casino service industry enterprise to provide goods or services to or conduct business with a casino, a casino licensee, its employees or agents:

1. Only if an application for the approval of a casino licensee agreement has been properly filed by the casino licensee or applicant for a casino license with and is pending before the commission; and

2. Only if any required casino service industry license application has been properly filed by the casino service

industry enterprise with and is pending before the commission, provided however that any such enterprise directed to file a casino service industry license application may in the discretion of the commission be permitted a reasonable time to prepare and file same.

(h) The application process for the approval of casino licensee agreements set forth in this subchapter shall not in any way limit the duty and obligation of any enterprise to, on its own initiative, apply for a casino service industry license.

19:41-11.4 Competition within casino service industries

The commission shall further review each application for approval of a casino licensee agreement to determine whether any action is desirable or necessary to regulate, control or prevent economic concentration in any casino service industry or to encourage or preserve competition in any casino service industry in accordance with section 1b(12) of the act and section N.J.A.C. 19:43-1.6.

Editor's Note: In addition to the above text, there are instructions for completing the application of a casino licensee for the approval of an agreement that are proposed but are not reproduced herein. Further information on these items may be obtained from the individual listed below.

Interested persons may present statements or arguments in writing relevant to the proposal on or before May 24, 1978, to:

Joseph P. Lordi, Chairman
Casino Control Commission
379 West State Street
Trenton, New Jersey 08625

The Casino Control Commission may, thereafter, adopt rules concerning this subject without further notice.

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing On Water Quality Standards

Take notice that, the Delaware River Basin Commission has issued the following Notice of public hearing concerning water quality standards.

Full text follows:

Notice is hereby given that the commission will hold a public hearing on proposed amendments to its comprehensive plan and basin regulations relating to water quality. The hearing will be held on May 12, 1978, at the commission's offices, 25 State Police Drive, West Trenton, N.J., commencing at 10:00 A.M. Persons wishing to testify are requested to register with the commission's secretary no later than 24 hours prior to the hearing. Written comments may be submitted in place of oral testimony.

Part I of the hearing will be on a series of proposed amendments to the comprehensive plan and to the basin regulations-water quality which have been recommended to the commission by the water quality advisory committee. These recommendations relate to intermittent streams, total dissolved solids, color and dilute wastewater containing low levels of BOD.

The proposed changes would allow waste dischargers to comply with the intent of present strict requirements. Existing standards are intended to apply to perennial streams, not intermittent streams that periodically go dry. The changes would protect existing uses of intermittent streams. It is now prohibited to increase by more than one-third the background concentration of dissolved solids (those already in the stream), and amendments to facilitate use of this limitation are proposed. On the discharge of color, present limits could be relaxed in the absence of detrimental effects. In infrequent cases where industrial process wastes contain very low levels of BOD (organic wastes), the BOD removal requirement might be relaxed.

Part II of the hearing is a proposal to amend the comprehensive plan by adding the text of existing commission standards and policy on the subject of groundwater quality. These standards and policies were adopted as part of the commission's basin regulations-water quality on December 12, 1972, and January 24, 1973 (Resolutions 72-14 and 73-4). The action is intended to clarify that this material is included within the Comprehensive plan and is procedural in nature. No change in the text is contemplated.

The text of the changes proposed under part I of this hearing notice, and the resolutions referred to in part II are available from the commission upon request. The basin regulations referred to in this notice and throughout the proposed amendments are contained in a document entitled "Administrative Manual—Part III, Basin Regulations-Water Quality", dated February 27, 1974, which is also available from the commission upon request.

This Notice is published as a matter of public information.

(Joint Notice)

HACKENSACK MEADOWLANDS DEVELOPMENT COMMISSION

and

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notice of Hearing on Multi-Purpose Indoor Arena Proposed by the Sports and Exposition Authority

Take notice that, the Hackensack Meadowlands Development Commission and the Department of Environmental Protection have issued the following notice concerning a hearing on a multi-purpose indoor arena proposed by the Sports and Exposition Authority.

Full text of the Notice follows:

Please take notice that, whereas the Sports and Exposition Authority ("Sports Authority") has proposed to construct a multi-purpose indoor arena in Hackensack Meadowlands District, and whereas the Sports and Exposition Authority law (L. 1971, c. 137) requires the Sports Authority to consult with both the Hackensack Meadowlands Development Commission and the Department of Environmental Protection, the Hackensack Meadowlands Development Commission and the Department of Environmental Protection ("hearing agencies"), therefore the hearing agencies will hold a public hearing in the meeting room of the Board of Chosen Freeholders of Bergen County, Bergen County administration building, Hackensack, New Jersey, commencing at 10:00 A.M. on Friday, June 16, 1978 (and continuing from day to day thereafter until concluded) to consider:

The location, type and character of the proposed multi-purpose indoor arena, and the effect thereof on ecological factors involved in the maintenance and preservation of the delicate environmental balance of the Hackensack Meadowlands.

The hearing will be open to the public. Any person wishing to present oral evidence or comments pertaining to the above described matters will be given a reasonable opportunity to do so. The presiding officer may limit such presentations as deemed necessary to effectuate the purposes of the hearing. Persons wishing to present oral statements should submit a brief written request to be heard, addressed to the presiding officer, c/o the Hackensack Meadowlands Development Commission, 100 Meadowland Parkway, Secaucus, N.J. 07094, at least five days prior to the date of the hearing. Five copies of all written presentations shall be submitted to the presiding officer at the above address at least five days prior to the hearing.

The Sports Authority has been directed to file with the hearing agencies five copies of its proposal together with an environmental impact statement and exhibits on or before June 1, 1978 and make copies thereof available for public inspection.

On or before June 1, 1978, the hearing agencies will make available for public inspection copies of the sur-

veys, reports and scientific data upon which they may rely at the hearing. All documents may be inspected by the public at the following times and places:

Hackensack Meadowlands Development Commission,
100 Meadowland Parkway, Secaucus, N.J. 07094,
Monday - Friday, 9:00 A.M. - 5:00 P.M.

Department of Environmental Protection, Office of
Environmental Review, John Fitch Plaza, Trenton,
N.J. 08625, Monday - Friday, 9:00 A.M. - 4:30 P.M.

Within 30 days of the close of the hearing, the hearing officers shall file a joint report with the hearing agencies. Copies of the hearing officers' report shall be available for inspection at the hearing agencies' offices set forth above. Interested parties may file written objections to said report with the HMDC at its office, 100 Meadowland Parkway, Secaucus, New Jersey 07094 within 10 days of the publication of notice of the filing of the hearing officers' request with the hearing agencies.

Within 20 days of the hearing agencies' receipt of the hearing officers' report, the agencies shall file and make public their decision to either accept, modify or reject the hearing officers' report.

This Notice is published as a matter of public information.

STATE NEWS OF PUBLIC INTEREST

Based on press releases from offices involved

MUNICIPALITIES, SCHOOLS JOINING STATE'S NEW INVESTMENT FUND

State Treasurer Clifford A. Goldman reported last month that 16 school districts and 30 municipalities have agreed to participate in the State's investment fund.

Goldman said that by pooling the funds more interest can be realized on short-term investments "to keep tax dollars working".

The fund began this January and more than \$6 million has been invested for periods of one day to more than a month in Federal securities, prime commercial paper and bank certificates of deposit.

The latest average daily return Goldman said was 6.63 per cent in March, 6.47 per cent in February and 6.18 per cent in January. The investments range from \$5,000 to \$75,000.

Goldman, in urging further school boards and municipal governments to participate, noted:

"The easy accessibility of this fund, with its daily announced income rates and its professional investment management, makes it very attractive to the aggressive finance officer".

He said local governments may apply for formal resolution to participate as depositors in the fund. Once approved by the State Treasurer, a participant may wire deposits directly to the fund.

THREE CODE TITLES UPDATED

Mailing has been completed on updated pages of the New Jersey Administrative Code for three more Titles, namely, Title 1—Chief Executive, 6—Education and 10—Human Services. In addition, the new Department of Corrections has been designated as Title 10A and is split off from Human Services. Both new departments were formerly part of the Institutions and Agencies Department.

Rules in the Code for these four Departments are now updated through Nov. 21, 1977.

The latest mailing of 642 pages of new rules is the next since the update distributed two months ago for six other Departments, with their rules updated through Sept. 21 last year.

If subscribers do not receive this mailing within two weeks, please contact the Division of Administrative Procedure, 10 North Stockton St., Trenton, N.J. 08608, or phone (609) 292-6060.
