JOURNAL OF THE SENATE.

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
TRENTON, TUESDAY, January 12th, 1915.

At 12 o'clock M.

This being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by the Hon. Barton B. Hutchinson, the Senator from Mercer county, who read the following statement:

STATE OF NEW JERSEY,
DEPARTMENT OF STATE.

I, David S. Crater, Secretary of the State of New Jersey, do hereby certify that the following members of the Senate have been duly qualified:

Walter E. Edge, for Atlantic county.
Charles O'Connor Hennessy, for Bergen county.
Blanchard H. White, for Burlington county.
Harry C. Wheaton, for Cape May county.
John A. Ackley, for Cumberland county.
Charles M. Egan, for Hudson county.
George F. Martens, Jr., for Hunterdon county.
Barton B. Hutchinson, for Mercer county.
William E. Ramsay, for Middlesex county.
Charles A. Rathbun, for Morris county.
Thomas A. Mathis, for Ocean county.
Peter J. McGinnis, for Passaic county.
Samuel T. Munson, for Sussex county.

And it further appears that at the general election held on the third day of November, A. D. 1914, members of the Senate were duly elected as follows:

William T. Read, for Camden county.
Austen Colgate, for Essex county.
George W. F. Gaunt, for Gloucester county.

Henry E. Ackerson, Jr., for Monmouth county.
Collins B. Allen, for Salem county.
William W. Smalley, for Somerset county.
Carlton B. Pierce, for Union county.
Thomas Barber, for Warren county.

In testimony whereof, I have hereunto set my hand and affixed my official seal, at Trenton, this twelfth day of January, A. D. 1915.

DAVID S. CRATER,
[SEAL] *Secretary of State.*

Mr. Rathbun moved that the Hon. William E. Ramsay, of Middlesex county, be appointed President *pro tempore.*

Which was agreed to.

Mr. Hutchinson appointed Senators Rathbun, White and Egan to conduct the President *pro tempore* to the chair.

Mr. Rathbun moved that William L. Dill, of Passaic county, be appointed temporary Secretary.

Which was agreed to.

Mr. Ramsay presented the credentials of the Senators elected, as follows:

William T. Read, for Camden county.
Austen Colgate, for Essex county.
George W. F. Gaunt, for Gloucester county.
Henry E. Ackerson, Jr., for Monmouth county.
Collins B. Allen, for Salem county.
William W. Smalley, for Somerset county.
Carlton B. Pierce, for Union county.
Thomas Barber, for Warren county.

And the oath of office was administered by the President *pro tempore.*

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Egan, Gaunt, Hennessy, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Ramsay, Rathbun, Read, Smalley, Wheaton, White—21.

On motion of Mr. Read, the Senate proceeded to the election of a President.

Mr. Read nominated the Hon. Walter E. Edge, of Atlantic county.

Mr. Hennessy, of Bergen county, nominated the Hon. Peter J. McGinnis, of Passaic county.

Under the direction of the President, the *pro tempore* Secretary called the Senate, with the following result:

Senators voting for Mr. Edge—

Messrs. Allen, Colgate, Gaunt, Hutchinson, Mathis, McGinnis, Pierce, Rathbun, Read, Smalley, White—11.

Senators voting for Mr. McGinnis—

Messrs. Ackerson, Ackley, Barber, Edge, Egan, Hennessy, Martens, Munson, Ramsay, Wheaton—10.

Mr. Edge, having received the majority of all the votes cast, was declared by the President *pro tempore* duly elected President of the Senate for the ensuing year, and was conducted to the chair by Senators Rathbun, Mathis and Barber.

The oath of office was administered by the President *pro tempore.*

The President, on taking the chair, addressed the Senators as follows:

FELLOW SENATORS—I am sure it is needless to attempt to express to you the sincere appreciation I naturally have at this evidence of your confidence and your good feeling. No man, in my judgment, could be the recipient of this distinction, one of the most honorable and powerful public positions in the State, without being deeply grateful. However, with all this comes a responsibility for good service that impresses me more strongly than does the honor attached to the office. There is plenty of honor to go round, and we have together the opportunity for much good to benefit all the people of our State.

Your presiding officer can accomplish little without the active coöperation of every member of the body. Our individual responsibilities, irrespective of political divisions, are absolutely the same. It is true the majority are necessarily committed to a responsibility as a party, and are fully prepared to assume the same, but the pledges of the two great parties are in many directions so similar, or, at least, with the ultimate desire unquestionably for the public good, that the opportunity is with us to work harmoniously from that viewpoint, and I am sure it will be embraced by every member of this body.

In these days platform pledges mean something. They are sacred promises, and there is just one way, and the only way, to merit and retain the confidence of the public, who are our partners in this program. That way is by adhering strictly to these pledges without fear or favor. On the other hand, if, after due trial, any legislation has been proven ill-advised, no less hesitancy should be shown in repealing or properly amending an unworkable statute, even if it has been an attempted carrying out of a previous party pledge. In other words, absolute frankness and courage are the main characteristics necessary to bring about constructive and really beneficial legislation.

I trust that our business will be transacted expeditiously. At the same time, the promises that have been made must be fulfilled, and we must remain in session until the proper business of the State has been carefully and fully transacted. Expedition in conducting the State's business is always most commendable, and much of the criticism of drawn-out sessions of the past has, in my judgment, been unwarranted. The average critic, who has never had legislative responsibility, little realizes the amount of detail and consideration that should be given before the final passage or rejection of proposed measures. However, time can principally be gained by an early introduction of the important measures, and I trust this will be the policy from both the majority and the minority.

It has been generally asserted that the financial condition of the State is not at its best, and that the utmost economy must be practiced. It is one of our first duties to learn accurately the precise financial condition, and in our every action be guided accordingly in order that the credit of the State be in no way impaired. In this connection both parties have promised, in no uncertain language, legislation leading to efficiency and economy in the State government. No doubt every opportunity will be given this Legislature to make good these promises, and it is confidently expected that consolidations and reorganization in the interest of modern system and business administration will be effected without fear or favor.

The appointment of the Standing Committees has been unusually difficult with so many experienced members to place, and with the desire that they be assigned in positions where they could be of the greatest benefit to the State. In making these selections previous committee service has to a great extent influenced my final decision, and I believe the results will generally work out to the satisfaction of all.

I trust the standing committees will take up the work referred to them promptly, so that the actual consideration of measures soon before us may not be delayed. I would also draw attention to the duties of the joint committees. These committees have been named for years, and, so far as I can learn, little activity has been shown by them. Joint committees as a rule represent the legislative connection with important State institutions. I hope each of the joint committees will be called together by its chairman, and a point made early in the legislative session to visit the institution such committee represent, and to thus be prepared to deal with legislative requirements. The joint committee can be of great help in this direction if these responsibilities are consistently assumed.

In conclusion, fellow Senators, I again ask for your hearty coöperation and support. I am very desirous that every member of this body will appreciate that no partisanship will sway the actions of your presiding officer. You are all members of the Senate with equal privileges, and with your assistance I feel very positive that the results of the session will redound to the credit of the body, as well as to the benefit of the people of the State.

Prayer was then offered by the Rev. Edward E. Read, D.D., of Plainfield, N. J.

On motion of Mr. Read, the Senate then proceeded to the election of a Secretary.

Mr. Read nominated Mr. Francis B. Davis, of Gloucester county.

Mr. Hennessy nominated William L. Dill, of Passaic county.

Under the direction of the President, the Secretary *pro tempore* called the Senate with the following result:

The Senators voting for Mr. Davis—

Messrs. Allen, Colgate, Edge (President), Gaunt, Hutchinson, Mathis, Pierce, Rathbun, Read, Smalley, White—11.

The Senators voting for Mr. Dill—

Messrs. Ackerson, Ackley, Barber, Egan, Hennessy, Martens, McGinnis, Munson, Ramsay, Wheaton—10.

Mr. Davis being declared duly elected Secretary of the Senate, took the oath of office as prescribed by law.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Egan, Gaunt, Hennessy, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Ramsay, Rathbun, Read, Smalley, Wheaton, White—21.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That a committee of three be appointed to wait upon his Excellency, the Governor, and inform him that the Senate has organized and elected Hon. Walter E. Edge, of the county of Atlantic, President, and Francis B. Davis, of the county of Gloucester, Secretary, and is now ready to proceed to business and also to receive any communications that he may make.

The President appointed as such committee Senators Gaunt, Hutchinson and McGinnis.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be directed to inform the House of Assembly that the Senate has organized and elected the Hon. Walter E. Edge, of the county of Atlantic, President, and Francis B. Davis, of the county of Gloucester, Secretary, and has proceeded to business.

Mr. Read offered the following nominations and moved their election to the respective positions:

Assistant Secretary of the Senate—Benjamin Patterson, of the county of Salem.

President's Secretary—Martin R. Herr, of the county of Atlantic.

Supervisor of Bills—William H. Johnson, of the county of Essex.

Assistant Supervisor of Bills—Fletcher L. Fritts, of the county of Morris.

Second Assistant Supervisor of Bills—Raymond O'Donnell, of the county of Somerset.

Journal Clerk—John W. Clift, of the county of Union.

Assistant Journal Clerk—Frank S. Herr, of Chester township, county of Burlington.

Second Assistant Journal Clerk—A. C. Brower, of the county of Essex.

Calendar Clerk—Herman Unbekant, of the county of Union.

Bill Clerk—Robert M. Fielder, of the county of Mercer.

Assistant Bill Clerk—Charles L. Waterbury, of the county of Essex.

Sergeant-at-Arms—Lewis E. Anderson, of the county of Mercer.

Assistant Sergeant-at-Arms—Harold Chafey, of the county of Ocean.

Clerk to Committee on Printed Bills—Nelson C. Doland, of the county of Morris.

Clerk to Committee on Appropriations—William deLaR. Anderson, of the county of Somerset.

Clerks to Committees—Clifford R. Powell, of Lumberton township, county of Burlington; John Moreland, of the county of Camden; Richard Warwick, of the county of Camden; Edward L. Sturgess, of the county of Gloucester.

Stenographers—J. Charles Winters, of the county of Camden; W. Howard Jeffrey, of the county of Ocean; William L. Dill, of the county of Passaic; Edward J. Hart, of the county of Middlesex

Doorkeepers—John M. Johnson, of the county of Atlantic; John Cox, of the county of Camden; Hugh J. O'Brien, of the county of Essex; William G. Maddock, of the county of Mercer; Paul Hankins, of the county of Ocean.

Gallery Keepers—Clarence J. Connell, of the county of Mercer; Walter L. Sapp, of the county of Ocean; Samuel M. Layman, of the county of Salem.

File Clerks—Joseph B. Carter, of Beverly township, county of Burlington; Jesse W. Hendrickson, of the county of Gloucester; Daniel S. Brooks, of the county of Morris; Frank Chiaravalli, of the county of Somerset.

Pages—Benjamin Subrensky, of the county of Atlantic; George Akins, of Florence township, county of Burlington; Erwin K. Kenworthy, of the county of Morris; Leonard P. Murphy, of the county of Salem; Raymond Pasch, of the county of Somerset; Allen Trimble, of the county of Union.

The officers nominated by Mr. Read were then elected by the following vote:

In the affirmative were—

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Egan, Gaunt, Hennessy, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Ramsay, Rathbun, Read, Smalley, Wheaton, White—21.

In the negative—None.

The committee appointed to wait upon the Governor returned and reported that they had attended to that duty and that his Excellency congratulated the Senators upon organizing so promptly, and stated that he would communicate with the Senate by message.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, as follows:

GOVERNOR'S MESSAGE.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
TRENTON, January 12, 1915.

Gentlemen of the Senate and General Assembly:

But few differences of importance can be discovered in the platforms adopted by our two great political parties at their recent conventions, and, therefore, in fulfilling pledges it should not be found difficult for party representatives to work in harmony. Members of both parties must realize that the election is over, and that they are now units of a legislative body, whose aim should be to secure by co-operation the best results from its session, and it should make no difference in action that one party did or did not make a specific promise upon any particular subject. The honest desire to live up to his oath of office is the sole motive which should actuate each member. I, therefore, look to the members of both parties to redeem their party promises, and I ask that each shall aid and not hinder the other in so doing. You may be sure of my assistance in all legislation for the good of our people.

The few subjects to which I propose to direct your attention nearly all come under the head of unfinished business, and are

mainly of a financial nature. The first relates to the reorganization or consolidation of State boards and commissions with a view to economy and a higher degree of efficiency in operation. A special investigation of this subject was hardly necessary to convince anyone who has had experience with our State government that commissions and departments have increased beyond necessity and reason, and the mere calling attention by Governor Wilson in his message of 1912 to the wasteful manner in which the government was being conducted should have been sufficient to produce a remedy. A commission recommended by that message to study the subject has presented two reports, and as its investigations are not yet concluded, a further report may be expected at this session. The commission has performed its duties in a businesslike manner, and the conclusions already reached and recommendations made are of great interest and value, furnishing the ground work or foundation plan for the rearrangement and simplification of many of our methods of government, and in many cases the detail for the structure which should be erected thereon. Believing that these recommendations should be enacted into law, I urged such action in two messages to the Legislature at its last session. Failure to act did not convince me I was wrong, and recent events have confirmed my opinion that our citizens want this legislation. I am not so certain as the commission appears to be that their reorganization plans will result in a large reduction in State expenses, but I do believe some saving will follow, and that they will greatly promote efficiency, and while the total amount expended may not be materially less, better results will surely be secured for every dollar spent. With the facts squarely before us, it is our duty to act with decision and promptness.

The annual report of the State Board of Equalization of Taxes, recently filed with me, shows an increase of over seventy-five million dollars in the total valuation of property for taxation, exclusive of the stocks of banks and trust companies and railroad property, and that, notwithstanding this increase in valuation, the average tax rate of our municipalities is twenty-seven points higher than last year. I know that the great majority

of our citizens are willing to bear their just share of the fair cost of government, but they rightfully object to excessive expenses and inequality in assessment. The attention of Legislatures has frequently been called to high and increasing tax burdens, and I venture to refer to the subject again and to reiterate my opinion that the difficulty is largely due to the unwise and improper method of selecting assessors and to the fact that in many instances the compensation they receive is insufficient to secure the services of competent men. The choice of assessors by election usually brings them and their office into politics. We shall never obtain relief unless we clean up the source of the trouble, and I renew my recommendations that assessors be no longer elected, but be appointed under Civil Service rules for assessment districts; that they be paid proper salaries; that their assessments be made under uniform rules to be prepared by some higher tax authority; that their tax lists be open to inspection before confirmation, and that some appellate board be given power to hear appeals from the valuation proposed, after which the tax lists may be finally made up and filed. I commend this highly important matter to your most careful thought, with the earnest hope that a satisfactory solution of the problem will be reached before you adjourn. I warn you that in your attempt to provide this remedy you will encounter the active opposition of nearly every tax assessor, because he will exert all his influence to prevent the loss of his office.

I have been strongly opposed to legislation which compels municipal expenditure for higher salaries or for any other purpose without requiring the consent of municipal governing bodies. I am not satisfied with legislation of this character, even when it provides that the act shall remain inoperative until accepted by popular vote, unless in the first instance it gives the right and imposes the duty upon governing bodies of approving the proposed expenditure. Those charged with the administration of municipal affairs should know best how the taxpayers' money should be expended, and the responsibility for deciding should be placed upon them before referring it to the people for their approval. I am also opposed to legislation basing appro-

priations or expenditures upon a percentage of city or county ratables, because of the variable and uncertain amounts to be raised thereby, and in the interest of economy and publicity I recommend that the maximum amount be definitely stated in figures. At the last session I requested that several bills be recalled from my hands, and I vetoed others which did not meet these views, and I shall follow the same course at this session.

The law has compelled me to call special elections in two Congressional districts because of vacancies occurring therein, in neither of which any real necessity existed for filling the vacancy. A special election entails great expense, and it is impossible to arouse the interest of the voters when the election is of no particular consequence. In neither of the cases to which I have referred would I have ordered an election had it been left to my judgment, and I therefore suggest to you the advisability of amending this law so as to give the Governor discretion in ordering such elections. The discretion might be limited by requiring him to order the election upon the request of the chairman of the State Committee of a political party.

The increase in population of our country has been steady, but there has been a decrease in the production of cattle (other than milch cows), sheep and hogs, and the recent scourge of mouth and hoof disease should attract our attention to the serious consequences likely to follow the destruction of large numbers of our dairy and meat-producing animals. The direct money loss to the owners of the cattle destroyed is large, but it would seem that consumers of milk and meat must also suffer through higher prices likely to follow the decrease in supply, and it occurs to me that something might be done to encourage our farmers to make breeding and raising of cattle and other live stock more important and profitable. The records show that for the past three years over forty-seven thousand head of dairy cows have been imported into this State, which must have cost an average of seventy-five dollars per head. Had we met this demand by raising our own cattle at an average cost of fifty dollars to raise heifers to two years of age, the saving would be nearly one million two hundred thousand dollars, or four hundred thousand

dollars a year. It would seem profitable to our milk producers to give more attention to breeding their own herds and thus secure a stock of established constitutional vigor and maximum milk production, and the shortage in meat animals could be met by raising more live stock on the farm. If farmers were to raise and slaughter meat for home consumption, then, instead of selling their calves at ten cents per pound and purchasing their supplies from the local butcher at thirty cents per pound, the high cost of living might be materially reduced. There is still much pasture and range land in this State, and there are few farms where the surplus farm produce would not fatten from two to a dozen beef cattle yearly. More grain and other feed could be raised to support more live stock, and perhaps more intensive farming is necessary to do this. When farmers are selling their milk at a price which nets them but little profit, it is not impossible that by fattening cattle and by raising sheep and hogs they could increase the returns from their farms, and materially reduce the cost of living to themselves and others, and it is sure that the raising of their own live stock would contribute largely to the reduction, if not complete elimination, of bovine tuberculosis and other animal diseases in our State. I request that you give consideration to the thought I have endeavored to present to you, with the idea that if legislation is necessary to stimulate this industry, it may be devised. Perhaps by giving the Live Stock Commission the same powers with regard to other animals that it now has for breeding horses, a profitable advance might be made through the standardization of all live stock, or perhaps the State Agricultural College and Experiment Station and the Bureau of Animal Industry might be given wider powers, enabling them to assist the farmers in solving the problem I present.

Among the subjects of legislation which will probably be brought to your attention is the abandonment of the Morris Canal. It is not my purpose at this time to express any opinion upon the various plans suggested, but there is one feature which has appeared in bills presented to the Legislature to which I desire to refer, and that is with regard to the disposition of the

money the State should receive for its interest in the canal property. I consider it improper to provide in any abandonment bill how such money should be expended, for the reason that it includes two subjects in one bill, and makes the determination of the one dependent upon the other. The vice of this kind of legislation has been condemned by our Constitution, which provides that "to avoid improper influences which may result from intermixing in one and the same act such things as have no proper relation to each other, every law shall embrace but one object." The expenditure of all money should receive the careful attention of the Legislature, and especially of its Appropriation Committee, and should not be bound up with any other subject of legislation, and at a time when we are called upon to exercise retrenchment in State expenditures, special care should be taken not to place upon the State burdens which will require large appropriations in future years for construction or maintenance. The Appropriation Committee, through its investigations and special knowledge of the needs of the State; of its departments and of its institutions, is particularly qualified to recommend the wisest means to which State funds should be devoted. For instance, the need of a Normal School in South Jersey, the enlargement of our insane asylums, and other State institutions, or the establishment of new ones, the relocation of the State Reformatory and the removal of our State Prison, the building of new roads, the purchase of toll bridges, the development of forest reserves and water rights, measures of protection for ocean-front owners from ravages by the elements, may be the most pressing and important objects for State financial assistance. Any of these I have mentioned, and perhaps others, may be of paramount importance, but the fact cannot be properly or safely determined in consideration of or debate upon a canal abandonment bill, and, therefore, should be left to a separate and special consideration.

Recent serious damage to and destruction of our woodlands and forests by fires will cause prudent men to hesitate to invest in or continue the attempt to preserve such properties. The fires of last fall were more numerous and caused more damage than

for many a preceding year, notwithstanding the State's attempt to guard against them. It is significant that during the first weeks of the hunting season the larger number and most disastrous fires occurred. For a long time prior to and during these weeks the vegetation was parched and dry because of a prolonged period of drought. It is fair to assume that many fires were started through neglect or carelessness of hunters, and it has been stated that in some cases gunners deliberately started them to drive game from the woods. Beside the vast timber loss, the cranberry farming interests suffered seriously. The State Forestry Commission has advised the exclusion of deer and rabbits from the protection of the game laws as one way to avoid the danger from fires during the usual dry season, but I am not willing to recommend so drastic a plan, because, while I feel that with proper care and caution by hunters many of the fires could have been avoided, the particularly dry condition of the underbrush and dead leaves in the woods and forests last fall contributed to the danger. I do believe, however, that this State should adopt the plan, which in other States seems to have worked well, of giving the Governor power to suspend the hunting season when in times of drought the condition of the forests and fields enhance the possibility of fires until rainfall makes it safe for them to be entered.

Complaint has been made that under the so-called Chancellor-Sheriff jury law of 1913 it has at times been found impossible to secure a full grand jury membership, because the law provides for drawing no more than twenty-four names by the sheriff and jury commissioners. It frequently happens that of the number so drawn some are absent from the State and cannot be summoned; others are ill, and others are ineligible. Further, it is the intention of the act that no jury commissioner shall be of the same political party as the sheriff of his county, but jury commissioners are appointed for one year, and there is no direct provision for vacating the office upon the election of a sheriff belonging to the same party. The Chancellor can only carry out the spirit of the act in this particular by removing the commissioner before the expiration of the term for which he was ap-

pointed. The act in question was adopted by the people at a referendum election, and ought not be altered in any respect unless the amendment will serve to preserve its character and increase its efficiency to accomplish the purpose for which it was enacted. I therefore recommend that the law be amended so as to provide for drawing more than the number of names finally required for grand jurors, and that the presiding justice at the drawing be empowered to strike from the list those unable or ineligible to serve, and also that the term of every jury commissioner shall automatically expire upon the assumption of office of a sheriff belonging to the same political party as the commissioner.

In my inaugural message I directed attention to the volume of useless legislative bills introduced and to the unnecessarily large number of laws enacted annually, and I commended the proposition to place a time limit on the presentation of bills, and to permit a reasonable period to elapse between their introduction and consideration. The favorable reception of this plan by the Legislature of nineteen hundred and fourteen resulted in a book of laws two hundred pages less than of the preceding year, containing one hundred and fifteen fewer laws than were enacted at the regular and special sessions of nineteen hundred and thirteen. This record can surely be equalled and possibly excelled by adopting the same rules with regard to the introduction and consideration of bills, and, also, by a strict attention to your duties, the session can be shortened. Nothing will please our people more than a short, businesslike session. This is quite possible, because the Legislatures of the last three of four years have disposed of practically all matters for the public good which have been awaiting action, and the few which you may feel require consideration can be disposed of in a short time, giving them the thoughtful, deliberate attention to which they are entitled.

JAMES F. FIELDER,
Governor.

Free Public Library, Newark, N. J.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the usual number of copies of the Governor's Message be printed for the use of the Senate.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Legislature: January 12th, 1915.

The third report of the commission known as the Economy and Efficiency Commission, appointed pursuant to Joint Resolution No. 6, approved April 1, 1912, has been presented to me, accompanied by a report of a firm of accountants employed by the commission.

Believing that you will, in the early days of this session, consider the legislation recommended in the previous reports of this commission, I transmit these reports to you at once, so that they may be promptly printed for your information.

Respectfully,

[SEAL.] JAMES F. FIELDER,
Governor.

Attest:
L. EDWARD HERRMANN,
Secretary to the Governor.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That 1,200 copies of the preliminary report of the Economy and Efficiency Commission, with its annexed report from Price, Waterhouse & Co., be ordered printed.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the number of copies of the Legislative Manual apportioned by law to the State Senate be distributed on the same basis as at the session of 1914.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That unless otherwise ordered the daily sessions of the Senate shall begin at eleven o'clock in the forenoon and at half-past two o'clock in the afternoon.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be and he is hereby directed to furnish each member, clerical officer and reporter one copy of Member's Pocket Calendar of Legislature of 1915.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That 600 copies of each bill, joint resolution and concurrent resolution be printed.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the Committee on Stationery and Incidental Expenses be authorized to procure bill files and the necessary stationery and supplies for the use of the members and officers of the Senate.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate is hereby directed to instruct the State Printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and House, as soon as the same is printed.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the Sergeant-at-Arms be instructed to report daily to the Secretary the absence without leave of any of the officers and attaches of the Senate; the complete report of such absentees and the time lost to be furnished to the Committee on Appropriations at the closing of the session, and that a *pro rata* reduction be made by such committee, and a copy of their report be furnished to the Comptroller.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That 300 copies of the Weekly Senate Journal be printed, and the State Printer be directed to mail copies to each member of the Senate and House and to the clerical officers of each body.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the rules of the last session of the Senate as printed in the Legislative Manual for 1914, pages 69 to 78, inclusive, be and the same are adopted hereby for the government of the present session, with the following changes, amendments and additions:

1. Amend rule one (1) to read as follows:

1. The President shall take the chair at the time appointed; and, a quorum being present, he shall take up the business of the session in the order hereinafter provided.

2. Amend rule eleven (11) in the following respect:

III. Reading the Journal at the first session in each week.

3. Amend rule thirteen (13) by changing the title of the Committee on Labor and Industries to read "a Committee on Labor, Industries and Social Welfare," and by adding after "a Committee on Highways" the words "a Committee on Taxation."

4. Amend rule seventeen so as to read as follows:

17. All bills, joint resolutions and concurrent resolutions shall be numbered by the Secretary as they are severally introduced, and a list made of the same. Committee reports upon bills, joint resolutions and concurrent resolutions shall be in writing, signed by a majority of the committee, and shall show whether the same are reported favorably or otherwise, and how each member of the committee voted upon the question of the report.

Bills, resolutions and reports shall be called up by the President for consideration in the order in which they are reported, and stand upon the calendar, unless otherwise ordered; and the Secretary shall read from the said list or calendar, and not from the file of bills or reports.

5. Amend rule thirty-one (31) by adding at the end thereof the following:

Instead of recommitting any bill it shall be in order, before the final passage thereof, to move that it be placed back on second reading for amendment.

6. Designate rule 72 as rule 36, and amend to read as follows:

36. The introducer of a bill may annex thereto a brief statement explaining the object of the bill, which statement shall contain not exceeding one hundred words, and shall be printed at the end of the bill under the caption "Statement."

When a bill is introduced amending an existing law, it shall, in the body of the bill, have new matter underscored, and matter

proposed to be omitted printed in its proper place enclosed in brackets.

The introducer of a bill amending or supplementing the existing law shall designate at the head thereof the page of the Compiled Statutes, or the chapter or page of the Pamphlet Laws, where may be found the law proposed to be amended or supplemented.

It shall be the duty of the Secretary to cause any bill not complying with this rule to be returned to the introducer to be made to conform hereto, and when put in proper form, to be printed and restored to its place on the calendar.

When a bill has passed to a third reading, no explanatory statement, special marks, underscoring or brackets shall be printed in the same; but if the bill has been amended, such amendments shall be printed and distributed for the convenience of the members.

7. Add a new rule, to be numbered 37, to read as follows:

37. The annual, supplemental and incidental appropriation bills shall not be considered until at least one week has elapsed after they shall have been introduced, printed and placed upon the desks of members.

8. Add a new rule, to be numbered 38, to read as follows:

38. No bill or joint resolution shall be considered on third reading until five days after the second reading thereof, except by unanimous consent.

9. Add a new rule, to be numbered 39, to read as follows:

39. The Secretary of the Senate shall cause to be printed and distributed prior to each day's session a daily memorandum, which, in addition to the transactions of the preceding legislative day, and other matter heretofore furnished, shall contain a day calendar of bills on second and third reading, and a list of bills awaiting the third reading calendar. The calendars shall be called in order, and matters on the third reading calendar reached and not acted on, unless passed for the day or otherwise disposed of, shall be reserved generally, to be restored to the calendar of the following day on request. No bill, joint resolution or concurrent resolution not on the printed calendar for third reading shall be considered on third reading except by unanimous consent. At the close of each legislative day the Secretary shall cause to be posted upon the bulletin board in the corridor the calendar of bills on third reading for the next succeeding legislative day.

Add a new rule, to be numbered 40:

40. Wherever the words "bill" or "bills," "joint resolution" or "joint resolutions" occur in the rules, they shall be construed to include bills, joint resolutions and such concurrent resolutions as are referred to committee.

11. Re-number all present rules commencing with the present number 36, changing the same to numbers 41 *et seq.*

Mr. Hennessy offered the following amendment, which was read and adopted:

Amend Rule 36 by substituting the word "three" for the word "one", in the third line of said rule.

The original resolution of Mr. Read, as amended by Mr. Hennessy, was then adopted.

The President then announced the appointment of the following committees:

On motion of Mr. Read, the Senate took a recess until three o'clock, on the conclusion of which, and

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Gaunt, Hennessy, Hutchinson, Martens, Mathis, Pierce, Rathbun, Read, Smalley—15.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
January 12th, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Senate Bill No. 12, entitled "An act to provide for the distribution of legislative bills and certain other legislative documents, to the applicants paying therefor."

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The rules were suspended, and on motion of Senator Pierce, the said bill was ordered to be delivered to the Governor forthwith.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: January 12th, 1915.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following Concurrent resolution:

WHEREAS, It has been a matter of public comment that the financial condition of the State of New Jersey is somewhat impaired; and

WHEREAS, On the 31st of October, last, the close of the State's fiscal year, it was announced by the Comptroller of the Treasury that there was $1,081,383.69 free balance on hand; and

WHEREAS, It has since been ascertained that this so-called "Free Balance" would be more than absorbed by existing contracts and held-up requisitions, calling for an amount in excess of the $1,081,383.69, and in fact aggregating $1,242,038.07, thus showing an actual deficit of $160,654.38; therefore be it

Resolved (the Senate concurring), That a joint committee, consisting of two Senators and three members of the House of Assembly, be appointed by the President of the Senate and the Speaker of the House of Assembly, respectively, to consider in detail the situation involved, in order to have a clear and definite understanding as to the anticipated revenue for the coming year, and the actual present condition, so that the Legislature may proceed intelligently in its consideration of prospective appropriations and other business relating to the finances of the State; be it

Resolved further, That this committee report in full to the Legislature at the earliest possible moment.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Read, the Senate concurred in said resolution by the following vote:

In the affirmative were—

Messrs. Ackley, Allen, Barber, Colgate, Edge (President), Hutchinson, Munson, Pierce, Rathbun, Read, Smalley, White—12.

In the negative—None.

The President appointed Messrs. Smalley and Read to represent the Senate on this committee.

A petition was received from the Summit Branch of the New Jersey Association Opposed to Woman's Suffrage and referred to the Judiciary Committee.

The following bill having passed both Houses, under suspension of the rules, was this day delivered to the Committee on Passed Bills, with the following indorsement thereon:

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Judiciary.

Mr. Read presented the annual report of the New Jersey

Mr. Read, on leave, introduced

Senate Joint Resolution No. 1, entitled "A joint resolution providing for the cost of placing a marker to indicate the point where Major General Philip Kearny fell at the battle of Chantilly, Va., on September first, one thousand eight hundred and sixty-two, and also for the printing of Report of Kearny Commission,"

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Militia.

Mr. Read presentetd the annual report of the New Jersey Harbor Commission, from its organization, April 14th, 1914, to December 31st, 1914.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That 2,000 copies of the Annual Report of the New Jersey Harbor Commission, for the year 1914, be printed for distribution.

Mr. Smalley, Chairman of the Committee on Appropriations, reported Senate Bill No. 10, without amendment.

Report was signed by Messrs. Smalley and Gaunt.

Mr. Hennessy raised the question as to the interpretation of Rule No. 17 in reference to the reports of committees being signed by all the members of a committee in reporting a bill.

The Senator from Bergen requested the President to give his interpretation of Rule 17.

"Rule 17. All bills, joint resolutions and concurrent resolutions shall be numbered by the Secretary as they are severally introduced, and a list made of the same. Committee reports upon bills, joint resolutions and concurrent resolutions shall be in writing, signed by a majority of the committee, and shall show whether the same are reported favorably or otherwise, and how each member of the committee voted upon the question of the report.

"Bills resolutions and reports shall be called up by the President for consideration in the order in which they are reported, and stand upon the calendar, unless otherwise ordered; and the Secretary shall read from the said list or calendar and not from the file of bills or reports."

The President ruled as follows:

There would seem to be a possible confliction in the rule inasmuch as it provides that committee reports upon bills, joint resolutions and concurrent resolutions shall be signed by a majority of the committee, which would infer, of course, that the signature of such majority would be sufficient for their reception; but later the rule requires that the report shall show "how each member of the committee voted upon the question of the report." It is plainly evident that the spirit of the rule provides that each member of a committee shall be consulted before the reporting of a bill, etc., and I assume this will be done. There could quite possibly be cases where a member of a committee did not care to vote either way, and there is no rule of the Senate that compels him to do so, so that the absence of the name of the minority on a committee report should not make the report contrary to the rules. Therefore, should a committee report be received with the signatures of a majority of the committee, I would rule that the same should be received.

I would suggest, however, an amendment to the rules to make the subject-matter perfectly clear in order that technical interpretations could not interfere with an orderly administration of the Senate business.

Mr. Smalley moved that the rules be suspended and that the report of the Appropriation Committee on Senate Bill No. 10 be received, which motion was declared lost by the following vote:

In the affirmative were—

Messrs. Allen, Colgate, Edge (President), Gaunt, Hutchinson, Mathis, Read, Smalley—8.

In the negative were—

Messrs. Ackerson, Egan, Hennessy, Martens, McGinnis, Munson—6.

Mr. Read, Chairman of the Committee on Judiciary, reported Senate Bill No. 51, without amendment.

W. T. READ,
C. O. HENNESSY.

Senate Bill No. 51,

Was taken up, read a second time, considered by sections, agreed to, ordered to be printed, and the bill to have a third reading.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
January 18th, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following Concurrent resolution:

WHEREAS, There has been widspread agitation as to the present ineffectual system of keeping our State highways in proper repair; and

WHEREAS, The laws regulating the State Highway Department are very complex because of the various changes and amendments from time to time; and

WHEREAS, The present system of control in the road department has been subject to considerable criticism, especially in the case of the proper distribution of the automobile license income; and

WHEREAS, A complete rearrangement of this system seems to be advisable in order that present abuses be properly corrected and under effective control; therefore, be it

Resolved by the Senate (the House of Assembly concurring), That a joint committee, consisting of three Senators, appointed by the President of the Senate, and five members of the House of Assembly, appointed by the Speaker of the House of As-

sembly, be named for the purpose of generally considering the present existing statutes on the subject of highways and their maintenance, to report to the present session of the Legislature with a law or laws calculated to properly correct existing evils.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following Concurrent resolution:

Resolved by the Senate of New Jersey (the House of Assembly concurring), That a special committee, consisting of three Senators (to be appointed by the President of the Senate) and five members of the General Assembly (to be appointed by the Speaker of the House of Assembly), be created to examine into the workings of the Senate and House of Assembly with reference to the routine of the passage of laws and the employment of officers and employees and their compensation, with a view to a more scientific and orderly method of legislation; and that such committee make its report in time for action at the present session of the Legislature, accompanied by such recommendation and bill or bills as in their judgment may be necessary.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The President appointed to represent the Senate on this committee Messrs. Hutchinson, Mathis and McGinnis.

Mr. Hutchinson offered the following resolution, which was read and adopted:

Resolved by the Senate of the State of New Jersey, That the Attorney-General is hereby requested to inform the Senate at once what, if any, actions or proceedings at law or in equity, have been brought either on behalf of the State or by any person or persons, corporation or corporations, municipal or otherwise, in State or Federal courts affecting or relating to the rights or interests of the State or any department or function thereof or the rights or interests of any person or persons, corporation or corporations, municipal or otherwise, in the canal commonly known as the "Morris Canal," and, if so, what is the present status or condition of such suits, actions or proceedings, and how speedily, in his judgment, they can be brought to trial or final hearing.

On motion of Mr. Read, the Senate proceeded to the consideration of Executive business; on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Allen, Colgate, Edge (President), Egan, Gaunt, Hennessy, Hutchinson, Mathis, McGinnis, Munson, Read, Smalley, Wheaton—14.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
January 19th, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following Concurrent resolution:

Be it Resolved by the Senate of the State of New Jersey (the House of Assembly concurring), That the State Printer be directed to furnish to the State Library, as soon as printed, for the use of the Legislative Department of said State Library, and for exchange by said State Library with the State Libraries and Legislative Reference Libraries of other States, thirty copies each of all bills and joint and concurrent resolutions introduced

in the Senate and House of Assembly, as well as printed committee substitutes; also thirty copies of each weekly instalment of the Journal of the Senate and Minutes of the House of Assembly and thirty copies of each of the gummed slips containing synopses of Senate and Assembly bills introduced.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn it be to meet on Friday morning at 11 o'clock, and that when it then adjourn it be to meet on Monday evening at 8 o'clock.

Mr. Read announced that the Judiciary Committee, in conjunction with the House Judiciary Committee, a public hearing would be given Monday, January 25th, at 3 P. M., on the constitutional amendment to grant the right of suffrage to women.

On motion of Mr. Read, the Senate then adjourned.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, which was read and ordered spread upon the Journal, and referred to the Committee on Agriculture:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 25th, 1915.

To the Legislature:

I would direct your attention to an act of Congress, passed May 8th, 1914, known as the "Agricultural Extension Act," which provides that in order to aid in diffusing useful and practical information on subjects relating to argiculture and home economics and to encourage the application of the same, there may be inaugurated, in connection with our State Agricultural College, agricultural extension work which shall be carried on in co-operation with the United States Department of Agriculture.

Section three of said act of Congress is as follows:

"Sec. 3. That for the purpose of paying the expenses of said co-operative agricultural extension work and the necessary printing and distributing of information in connection with the same there is permanently appropriated out of any money in the treasury not otherwise appropriated, the sum of $480,000 for each year, $10,000 of which shall be paid annually, in the manner hereinafter provided, to each State which shall by action of its Legislature assent to the provisions of this act; *provided,* that payment of such installments of the appropriation hereinbefore made as shall become due to any State before the adjournment of the regular session of the Legislature meeting next after the passage of this act may, in the absence of prior legislative assent, be made upon the assent of the Governor thereof, duly certified to the Secretary of the Treasury; *provided, further,* that there is also appropriated an additional sum of $600,000 for the fiscal year following that in which the foregoing appropriation first becomes available, and for each year thereafter for seven years a sum exceeding by $500,000 the sum appropriated for each preceding year, and for each year thereafter there is permanently appropriated for each year the sum of $4,100,000 in addition to the sum of $480,000 hereinbefore provided; *provided, further,* that before the funds herein appropriated shall become available to any college for any fiscal year, plans for the work to be carried on under this act shall be submitted by the proper officials of each college and approved by the Secretary of Agriculture. Such additional sums shall be used only for the purposes hereinbefore stated, and shall be allotted annually to each State by the Secretary of Agriculture and paid in the manner hereinbefore provided, in the proportion which the rural population of each State bears to the total rural population of all the States as de-

termined by the next preceding Federal census; *provided, further,* that no payment out of the additional appropriation herein provided shall be made in any year to any State until an equal sum has been appropriated for that year by the Legislature of such State, or provided by State, county, college, local authority, or individual contributions from within the State, for the maintenance of the co-operative agricultural extension work provided for in this act."

The Legislature of last year having adjourned prior to the passage of this Federal statute, I gave my assent to the provisions of the act in order that we might obtain, so soon as possible, the benefit of the ten thousand dollars annually appropriated, and, accordingly, Rutgers College, which is our State Agricultural College, will receive that sum this year, but this same amount cannot be secured for future years, unless the Legislature will give its assent to the act as thereby required.

Instruction in scientific agriculture and in home economics, carried directly to our rural population, should result in great benefit to the whole State. This was one of the subjects to which I referred in my inaugural message of last year and I am much pleased that the State can receive Federal aid for the important work I then advocated. I now recommend the passage of a resolution giving legislative assent to the provisions of the Congressional act and authorizing Rutgers College to receive such money as may be apportioned to our State from the Federal fund. Such action on your part will entitle us to receive ten thousand dollars annually, but we cannot obtain our proportion of the additional appropriations mentioned in the act, or any part thereof, unless an equal sum is provided either by the Legislature, or by county or local authority, or by individual contribution. This presents another question which I ask you to consider at this session, if you desire to receive the full benefits of the act. It is estimated that we will be entitled to receive from the Federal treasury, an amount increasing each year from seventeen thousand dollars to sixty-two thousand dollars, if we can duplicate such appropriations.

Very respectfully,

(SEAL) JAMES F. FIELDER,
Governor.

Attest:

L. EDWARD HERRMANN,
Secretary to the Governor.

Mr. Allen, on leave, introduced

Senate Joint Resolution No. 3, entitled

"WHEREAS, The rules of the Federal Game Commission are against the interest of the gunners and sportsmen of this State; and

"WHEREAS, The closed season for shore-birds and web-footed waterfowl is the best time for hunting the same; therefore

"*Be it resolved by the Senate and General Assembly of the State of New Jersey,* That the Federal Game Commission be requested to change its rules as follows:

"First. To make the open season for shore-birds read August first instead of September first.

"Second. To make the open season for web-footed waterfowl read October first instead of November first.

"Third. That the rule for shooting ducks be changed from 'sundown' to one hour after sundown.

"*And be it further resolved,* That the Federal Game Commission take action before August first next, the time set for the change in this resolution,"

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Game and Fisheries.

Mr. Egan offered the following resolution, which was read and adopted:

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
January 25th, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Assembly Bill No. 41, entitled "An act concerning cities of the first class in this State, and providing for the appointment of an acting auditor therein,"

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Assembly Bill No. 41, entitled "An act concerning cities of the first class in this State, and providing for the appointment of an acting auditor therein,"

Was taken up, read for the first time by its title, ordered to have a second reading, and referred to the Committee on Municipal Corporations.

The following communication from the Attorney-General was read and referred to Committee on Railroads and Canals:

STATE OF NEW JERSEY,
OFFICE OF THE ATTORNEY-GENERAL,
TRENTON, N. J., January 23d, 1915.

Hon. Walter E. Edge, President of the Senate, Trenton, N. J.:

SIR—In response to the resolution adopted by the Senate of New Jersey, January 19th, 1915, I beg to inform the Honorable Senate that the only actions or proceedings at law or in equity now pending in the State or Federal courts, to which the State is a party, or affecting or relating to the rights or interests of the State or any department or function thereof, within my knowledge, are the following:

1. New Jersey Court of Errors and Appeals, between the Lehigh Valley Railroad Company et al., appellants, and Robert H. McCarter, Attorney-General, informant-respondent.

This is an appeal from a final decree and judgment of the Court of Chancery of New Jersey. The Information was filed in the Court of Chancery by the then Attorney-General, Robert H. McCarter, for the purpose of having declared void and of no effect a certain deed executed on the 12th day of July, 1889, by the then Riparian Commissioners, on behalf of the State of New Jersey, and the then Governor of New Jersey, to the Lehigh

Valley Railroad Company, for the tract of land and premises in said deed described and commonly known as "the Basin of 1867." Upon final hearing a decree was made in the case by the Chancellor, dated May 18th, 1911, adjudging and decreeing that the said deed was executed and delivered to the said railroad company upon a false suggestion made to said Riparian Commissioners in its application to them for said deed by and on behalf of said railroad company, and without any legal power or authority from the State of New Jersey to execute and deliver the said deed, and that the said deed is null and void and declared to be vacated, set aside and for nothing holden upon payment or tender by the State of New Jersey on or before the first day of March, 1912, to the treasurer of the Lehigh Valley Railroad Company of the sum of forty-eight thousand dollars, with interest from December 20th, 1889, to the time of such payment or tender; and further adjudging and decreeing that upon payment or tender of said sum of money, with interest aforesaid, to the treasurer of the Lehigh Valley Railroad Company, the title of the State of New Jersey to the said reversionary interest and estate in the said "Basin of 1867" shall be free and clear, and freely and clearly discharged of and from all right, title and interest, claim and demand of the said the Lehigh Valley Railroad Company of New Jersey, of the Jersey City Terminal Railway Company, and of the Central Trust Company of New York, therein and thereby, and free and clear of any cloud or uncertainty cast upon the title of the State by the said deed of July 12th, 1889, or by any subsequent act of said defendants. The defendants appealed from this final decree to the Court of Errors and Appeals, and said appeal is now pending, not having yet been argued. The argument of the case has been adjourned from time to time by consent, pending the final action of the Legislature upon the dissolution of the Morris Canal and Banking Company. The case can be noticed for argument at the next March term of the Court of Errors and Appeals.

2. Supreme Court of the United States, between the Morris Canal and Banking Company et al., plaintiffs in error, and David Baird et al., State Board of Assessors of the State of New Jersey et al.

This case is now in the Supreme Court of the United States on writ of error to review a judgment of the Court of Errors and Appeals of the State of New Jersey, to sustain a tax upon the Morris and Essex Canal property now in the possession of the Lehigh Valley Railroad Company under lease. The tax in question was imposed by the State Board of Assessors for the

year 1906. The defendant, the Morris Canal and Banking Company and the Lehigh Valley Railroad Company, lessees, claim that the property of the canal company is exempt from taxation and is not taxable under the act for the taxation of railroad and canal property. The argument of the case has been adjourned from time to time, and, by agreement, at the October Term, 1914, was adjourned to the next stated term of the Supreme Court of the United States.

I further beg to state that I have no information or knowledge as to any actions or proceedings at law or in equity brought by any person or persons, corporation or corporations, municipal or otherwise, affecting or relating to the rights or interests of any such person or persons, corporation or corporations, municipal or otherwise, in the Morris Canal; and it would be impossible for me to give any information relative to any such suits, if any are pending, without an examination of the records of the State courts and Federal courts for this district.

Very truly yours,

JOHN W. WESCOTT,
Attorney-General.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 8th, 1915.

To the Legislature:

Last summer my attention was directed to the traffic rules or ordinances in force in our municipalities. A cursory examination made it appear that they were complex and cumbersome; that in many instances they conflicted with statute law; that there was little uniformity in regulation between municipalities and that travelers on our roads could not inform themselves of all the rules they were required to observe. I thereupon requested Job H. Lippincott, Commissioner of Motor Vehicles; A. V. Hamburg, President of the Newark Board of Trade, and George B. LaBarre, Director of Public Safety, of Trenton, to investigate the subject and make report to me with recommendations which would lead to the improvement, simplification and standardization of such ordinances. These gentlemen very generously responded to my request and since last August have been studying the problem, which, because of the growth of our population and the rapidly increasing use of our highways, principally by motor vehicles of all descriptions, has ceased to be solely of local interest and has become of State-wide importance.

The report of this Commission is herewith transmitted to you. It contains valuable information, suggestions and recommendations with regard to the regulation of vehicular use of our

streets and highways, and shows, among other things, by a statement and comparison of ordinances of many municipalities, how different such regulations now are, how impracticable it is for users of the highways to acquaint themselves with the requirements of all and how impossible of enforcement are many of them.

As a result of their studies, the Commissioners recommend that a general statute be passed, regulating the vehicular, animal and pedestrian use of the road and dividing such regulations into those which can be applied to the whole State and those particularly applicable to cities and towns, with which recommendation I fully concur. Collateral to, but closely connected with, this main recommendation, are others designed to ensure greater safety and facility in road travel. Bills will be, or have been, introduced to carry out these recommendations, and I advise that the report be printed for the information of each member of the Legislature and also for the information of municipal boards and officials, who will find it peculiarly instructive.

I would take this opportunity to make public acknowledgment of the valuable services rendered by these commissioners. They have willingly given their time and devoted their talents to an exhaustive study of the problem assigned to them, and this without compensation and without expense to the State, and I desire to commend them for the public-spirited and efficient manner in which they have responded to my call.

Very respectfully,

[L. S.] JAMES F. FIELDER,
Governor.

Attest:

L. EDWARD HERRMANN,
Secretary to the Governor.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That 400 copies of the report of the Special Committee to Investigate Traffic Laws, etc., without the accompanying bills, be printed.

On motion of Mr. Read, the Senate then adjourned until Tuesday, February 9th, at 11 A. M.

TUESDAY, February 9th, 1915.

At 11 o'clock A. M. the Senate met.

The session was opened with prayer by the Chaplain, Rev. Edward G. Read, D. D., of Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Allen, Barber, Colgate, Edge (President), Gaunt, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Rathbun, Smalley, Wheaton, White—16.

The Secretary presented the following report of the Board of Public Utility Commissioners in relation to grade crossing protection, which was read and referred to the Committee on Railroads and Canals:

STATE OF NEW JERSEY.
BOARD OF PUBLIC UTILITY COMMISSIONERS.
TRENTON, February 2d, 1915.

In re grade crossing protection under Chapter 181, Laws of 1914.

Francis B. Davis, Esq.,
Secretary, New Jersey State Senate,
Trenton, New Jersey.

DEAR SIR—In compliance with resolution of the Senate, copy of which was forwarded with your letter of January 19th, the

Board of Public Utility Commissioners respectfully submits the following:

The provisions of Chapter 181, Laws of 1914, are being carried out and the railroads coming under the jurisdiction of the act have filed plans for protection as per the detailed statement hereto attached. All such plans, when received, have been referred to an inspector of the Board detailed to examine conditions at grade crossings and to advise the Board with respect thereto. The Board has permitted the plans for protection, as proposed by the railroads, to be at once effective with the understanding that this would not in any way limit the action of the Board in requiring greater degree of protection if it appeared subsequently that such protection could be reasonably required.

In a number of cases the crossings reported upon had been subject to inspection prior to the time of the application of the statute, and the railroads had already established protection in compliance with recommendations or orders of the Board previously made. Where reports were not received within the time contemplated by the act, the attention of the railroads was called to the statute. It developed that some of the railroads had been under the impression that crossings which were protected at the time the act became effective, were not to be included among those reported to the Board, and that the railroads holding this opinion did not consider that any of their unprotected crossings came within the scope of the act. The Board has, however, required the reports to be filed whether the crossings were protected or not at the time of the adoption of the law.

Concurrently with the application of Chapter 181, Laws of 1914, the Board has caused inspections to be made of crossings believed to come within the provisions of the act, and also of other crossings which might not be regarded as being covered by the act, but at which conditions might be such as to require protection. The Board has regarded the duty of requiring protection at dangerous crossings as a continuing one and is of the opinion that the degree of protection at any crossing, though such protection may be provided in accordance with plans approved by the Board, should be regarded as applicable only to the conditions existing at the time of its adoption, and where conditions change so as to require a higher degree of protection it is the policy of the Board to insist that this be provided.

There is submitted herewith a copy of report made to the Board by Inspector James Maybury, who was directed to prepare

a report giving in detail the information called for by the resolution of the Senate.

Very truly yours,

A. N. BARBER,
Secretary.

Senate Concurrent Resolution No. 1, amending State Constitution.

BE IT RESOLVED *by the Senate of the State of New Jersey (the House of Assembly concurring)*:

That the following amendment to the Constitution of this State, having been proposed and agreed to by a majority of the members elected to each of the two house of the Legislature of one thousand nine hundred and fourteen, and entered on their journals, with the yeas and nays taken thereon, and referred to this Legislature and published as required by the Constitution, be and the same is hereby agreed to.

Strike out paragraph one of section three, article four, and insert in place thereof the following:

1. The General Assembly shall be composed of members elected annually by the legal voters of the counties, respectively, who shall be apportioned among the said counties as nearly as may be according to the number of their inhabitants. The Legislature shall in the first year after this amendment to the Constitution shall be adopted, at its first session after this amendment to the Constitution shall be adopted, and at its first session after the United States decennial census hereafter, and not oftener, divide each county of this State into a district or districts for the election therein of a member or members of the General Assembly. Each Assembly district so constituted shall contain, as nearly as practicable, an equal number of inhabitants, and shall consist of convenient and contiguous territory in a compact form; but no county or part thereof shall be joined with any other county or part thereof in any such district; *provided,* that each county shall at all times be entitled to at least one member and the whole number of members to be chosen shall never exceed sixty.

The court of last resort, by whatever name known, is hereby invested with exclusive original jurisdiction and with full power under such procedure as it may by rules prescribe, to review any division and arrangement made by the Legislature into Assembly districts of the counties of this State for the purpose of determining whether such arrangement and division, or any part thereof, is in accordance or in conflict with this section, and, if in conflict

herewith, to adjudge the same or such part thereof as may be in conflict herewith, null and void. In case said court shall determine such arrangement and division, or any part thereof, to be null and void, the Legislature shall proceed to make a new arrangement and division, entire or partial, as the action of the court may require.

The President presented the following letter from the Attorney-General, which was read and referred to the Committee on Railroads and Canals:

STATE OF NEW JERSEY,
OFFICE OF THE ATTORNEY-GENERAL,
TRENTON, N. J., February 10th, 1915.

Hon. Walter E. Edge, President of the Senate, Trenton, N. J.:

DEAR SIR—I am just in receipt of a letter from the Secretary of the Senate, dated the 8th inst., in which he calls my attention to a resolution passed by the Senate on January 25th, 1915, which reads as follows:

WHEREAS, On March 31st, 1914, the report of the Assembly Committee appointed by the Speaker of the House of Assembly to "investigate combinations, agreements and understandings between persons and corporations mining coal, common carriers of coal and wholesale and retail coal dealers to fix and maintain arbitrary, unjust and discriminatory prices," was filed in the House of Assembly; and

WHEREAS, In said report the attention of the Attorney-General was directed to violations of the law upon the part of the railroads and coal companies; therefore, be it

Resolved, That the Attorney-General report to the Senate what, if any, action he has taken to prosecute those who violated the law; and be it further

Resolved, That if the Attorney-General has taken no action, that he be and is hereby directed to forthwith proceed against such individuals and corporations as appear by said report to have violated the laws of this State.

In reply to your communication, I beg to say that three complaints from individuals, alleging violation of the laws commonly known as the "Seven Sisters," have been received by the Law Department of the State. Those complaints were promptly considered. They furnished no evidence of a character warranting action by the Law Department. Each complainant was urged to furnish, if possible, further information, with the assurance that suitable action would be immediately instituted to bring offenders into court. Nothing further has been received by the department in relation to these complaints.

One other complaint resulted, in Hudson county, in an indictment, which was afterwards reconsidered by the grand jury, and the indictment withheld.

I quote from one of the department's responses, dated February 5th, 1914, as follows:

"It has been pointed out, in each case, that this department is without funds to make investigations, and must rely, therefore, upon the activities of the individuals affected to secure and furnish the necessary information. If the Legislature sees fit to appropriate funds for the use of this department in the prosecution of this work, it will relieve this department from the necessity of relying upon individual effort to secure information as evidence, and will unquestionably facilitate performance of my official duty."

On April 1st, 1914, this department received a communication from a citizen, beginning as follows:

"I have noticed, without reading in detail, the investigation of the so-called coal combine doing business in New Jersey."

To that communication the following reply was made:

"Your favor of April 1st, relative to the coal combine investigation by the legislative committee was duly received. This department has not yet received any copy of the report of the investigating committee or of the evidence taken nor any instructions from the Legislature relative thereto. Of course it will be necessary for us to examine carefully the testimony taken by the commission before deciding whether legal proceedings should be instituted by the Attorney-General. We will probably take the matter up very shortly, when your letter and enclosures will undoubtedly be of service, and, perhaps, should proceedings be instituted, you may be able to give us further useful information upon the matter."

This department has never received, so far as I am aware, a copy of the report of the Assembly Committee appointed by the

Speaker of the House of Assembly, nor have I ever seen one. The files of this department have been carefully examined to learn whether, by some inadvertence, such report might have escaped attention. It is scarcely conceivable that a document of such public importance and moment could have eluded the attention of every alert mind in the department.

Your resolution, therefore, arouses some measure of astonishment and pleasure. It says:

"In said report the attention of the Attorney-General was directed to violations of the law upon the part of the railroads and coal companies."

Further, its says:

"That if the Attorney-General has taken no action, that he be and he is hereby directed to forthwith proceed against such individuals and corporations as appear by said report to have violated the laws of this State."

This language necessarily implies that the Assembly Committee, by its investigation, procured evidence upon which action could be taken. That is to say, the Committee has, since its labors were finished, been in possession of proof to establish criminal conduct on the part of the parties investigated. This, doubtless, is still in existence. My astonishment arises from the fact that it has never been brought to the attention of the Law Department of the State. My pleasure proceeds from the circumstance that you have the evidence of criminal practice, which evidence the Law Department of the State has been powerless, heretofore, to obtain

If you will have the kindness to furnish me with such evidence, appropriate action will be taken at once.

Very truly yours,

JOHN W. WESCOTT,
Attorney-General.

An Act to promote co-operation and efficiency in the engineering work of the State.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. It is hereby made the duty of the several departments, bureaus, boards or commissions hereinafter named, to be represented at a meeting to be held once in each month upon a day stated unless otherwise ordered, for the purpose of discussing methods of co-operation and co-ordination in the engineering work of the State, promoting efficiency, and avoiding duplication. The following departments, bureaus, boards and commissions shall be represented at such meeting by their executive head or chairman, or person designated by him, and by such engineers or other officials as may have charge of the various matters to be under discussion:

Department of Public Roads,
Public Utility Commission,
Commissioner of Motor Vehicles,
Director of Conservation and Development,
Chief Engineer of Commerce and Navigation,
State Board of Taxes and Assessments,
State Architect.

Any other department, bureau, board or commission may be directed by the Governor to be represented regularly at such meetings, or may participate from time to time in order to offer or obtain co-operation or assist in avoiding duplication of work.

2. The first meeting shall be called by the Governor, who shall be ex officio a member and chairman of the meeting, and those attending shall select a secretary, who shall call subsequent meetings at such times as may be determined upon. All meetings shall be conducted informally and shall not be deemed to control or direct any participants therein. Such meeting may however recommend plans for co-operation between the various departments of the State and county or local governments, and appoint committees or designate a representative to confer and discuss plans with the officials of the localities affected, and any county or local officials may submit to the chairman for discussion at such meetings plans or suggestions for co-operation or co-

ordination of engineering work which they have in hand with work undertaken by the State. Such meetlng shall annually submit to the Legislature recommendations for any changes in the laws of the State that are deemed advisable or necessary in order to promote efficiency and prevent duplication of engineering work and unnecessary expense.

AFTERNOON SESSION.

At 2:30 o'clock P. M. the Senate met.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackley, Allen, Barber, Colgate, Edge (President), Hennessy, Martens, Mathis, Pierce, Ramsay, Rathbun, Read, Smalley, Wheaton, White—15.

The following message was received from the Governor, by the hands of his Secretary, Mr. Herrmann, which was read, ordered to be spread upon the Journal and referred to the Committee on Railroads and Canals:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February twenty-third, 1915.

To the Legislature:

Probably the most important and difficult task facing this Legislature is the proper solution of the Morris Canal abandonment problem. Having waited for the conclusion of your committee hearings before expressing my views, I now request the privilege of communicating them to you.

I think it generally conceded that the canal has outlived its usefulness and is no longer a convenient or profitable medium for freight transportation. Increased and improved railroad facilities have made carriage by rail more prompt, efficient and economical, and the Morris Canal cannot successfully compete with

the railroads. Widening and deepening it would not satisfactorily increase its capacity for competition and it conclusively appears from the report of Louis Focht, appended to the report presented last year by the Morris Canal Investigating Committee, that sufficient water could not be secured to feed the enlarged canal and that the cost of construction and operation would be prohibitive when compared with the results likely to be attained. Shall it then be abandoned? That should depend entirely upon the fairness to the State of the terms proposed.

The Canal Company secured a charter on advantageous terms. Special consideration was shown the Company by relieving it of all State, county and municipal taxes from 1824 to 1884 and by permitting it to dispose of its surplus water from which it received $400,000. It was permitted to lease its property to the Lehigh Valley Railroad, when the purpose of the Railroad Company was, as it afterward developed, to eliminate a business competitor. The canal has depreciated the value of adjacent property along its whole line and has been a barrier to municipal development, the laying of sewers, water mains and other underground work. It has hindered the abandonment of grade crossings and for the last forty years it has been a detriment to that part of the State through which it runs. So long as the venture was profitable, there was no suggestion of abandonment, but now that interest charges, taxes and the cost of maintenance are burdensome, the Lehigh Valley Railroad desires to be relieved of the bargain made with the State when its lessor sought a charter. But the State is under no obligation to relieve it, unless the terms offered are attractive to the State. Abandonment will mean a large annual tax loss to the State, and it is better to suffer the ills the canal brings for a time longer than surrender the State's rights without fair compensation.

As I understand it, there are pending in the House of Assembly joint resolution No. 1, by Mr. LaPointe; bills Nos. 53, 54 and 55, by Mr. Godfrey; bill No. 369, by Mr. Ostrom, and bill No. 419, by Mr. Martin, all relating to canal abandonment.

I do not favor ouster proceedings because I consider such course

improper and impracticable. I do not believe the Canal Company or the Railroad Company has abandoned the canal. The Canal Company is under no obligation to operate boats, its charter merely requiring it to maintain a public water highway upon which others may float their boats, and I do not understand that it has refused passage to any one desiring to put a boat through. The canal is said to be a nuisance, but the Lehigh Valley Railroad is not responsible for its pollution by dead animals, garbage, rubbish and sewers and drains emptying into it, all of which can be prevented by the health and police authorities. But should an ouster suit result in a judgment against the Company, what then? I find nothing in the canal chater to the effect that in case of abandonment the property shall belong to the State, and, in my opinion, should the courts decide that the Company has ceased to live up to the obligations of its charter, all property acquired by condemnation or by deeds containing a reversionary clause, being more than eighty-five miles of the total one hundred and six miles in length, would revert to the original owners, or their heirs, as would also certain water rights of great value. The balance of the property owned absolutely by the company, would be owned by the stockholders and would be disposed of for their benefit. Moreover, the State should deal fairly and justly in the matter and should not confiscate the property if it could, to the lost of stockholders, even if most of the stock is owned by the Lehigh Valley Railroad.

Permit me to state my views on the Godfrey bills, Assembly 53 and 55. The first is the Abandonment bill, the other the Parkway and Boulevard bill. They must be considered together, because all through the Abandonment bill reference is made to the Parkway, Boulevard and Canal Commission, direction being therein contained that such commission shall have the management and disposition of all property, money and funds which the State may receive under the settlement proposed and shall otherwise carry out the terms of the Abandonment bill. Each bill, therefore, depends on the other, and both must pass in order that the abandonment scheme thereby contemplated may be effected. In my first message to this session, I pointed out how

this kind of legislation infringed upon the constitutional prohibition against "mixing in one and the same act such things as have no proper relation to each other" and that "every law shall embrace but one object." I object to providing in the Abandonment bill even indirectly how the money the State may receive shall be expended, believing that the Joint Appropriations Committee can better determine whether such funds should be expended for a normal school in South Jersey, the enlargement of our insane asylums and other State institutions, or the establishment of new ones; the relocation of the State Reformatory and the removal of our State Prison; the building of new roads; the purchase of toll bridges; the development of forest reserves and water rights, or measures of protection for ocean front owners from ravages by the elements.

The Godfrey bills propose to give the Lehigh Valley Railroad property in Jersey City consisting of two valuable water basins and the canal property from the Hudson River to Fiddler's Elbow, as well as the lands the Railroad now occupies in Phillipsburg. These two terminal properties are by far the most valuable property owned by the Canal Company and it is these particular properties that the Lehigh Valley Railroad has been striving for years to secure. It will gladly give away the balance of the canal property, thereby ridding itself of a load it has found exceedingly expensive to carry. The only part having any value which the State will secure is from Fiddler's Elbow to the Hackensack River, and from the Passaic River to the westerly line of Paterson. The remaining lands are practically valueless to the State. I would call attention to this proposition as it affects the lands in Phillipsburg. The Company now owns these lands and pays taxes on them. The Godfrey bills propose to vest the title thereto in the State, but reserving the exclusive right to the Railroad to use the surface for its embankments, road bed, main line, branches and switches. In other words, the Lehigh Valley Railroad is to be given a perpetual lease without rental charge of all the property is now occupies in Phillipsburg, and to be relieved of paying taxes thereon, because it will no longer be the owner, being a far better arrangement than it now enjoys.

I am decidedly opposed to the State giving up this valuable water front on the Hudson River, especially for the pitifully small consideration proposed by these bills. Here a tide-water terminal with vast railroad connections could be developed, of great value to the State, where steamship piers, warehouses and factories could be located and the Lehigh Valley Railroad accommodated as a tenant and a hive of industry established which would exceed the Bush Terminal in Brooklyn in commercial importance and value. I cannot conceive how any one interested in the State's welfare can be willing to see it lose this opportunity to develop an extremely valuable asset without exacting a large consideration on its sale.

I cannot favor the proposition to establish a new Commission to dispose of the Canal property. The general opinion is that we have too many commissions in the State, and the Economy and Efficiency Commission has recommended the merger of park and other commissions into a Department of Conservation and Development. This is the Department in which the disposition of the State's share of a settlement on abandonment should be placed, whether under the Godfrey bills or any other bill, no new and expensive commission being necessary. I am also opposed to the proposition contained in the Godfrey bills, that the Governor, Road Commissioner and other State officials shall serve on this Commission. The Governor and the other State officials are now fully occupied with the duties of their offices and it is not good business to expect them to undertake the management of a difficult and intricate real estate operation, to say nothing of the other duties they would be required to perform as members of the Parkway Commission. The Road Commissioner has very recently requested me to relieve him from further service on one of the State Commissions because the duties of his department are so exacting as to require all his time, and I am to-day complying with his request by appointing another in his stead. In my inaugural message I called attention to the burdens placed on the Governor which interfere with the discharge of his more important duties, and I asked that I be relieved of some of them,

not that they be added to. My experience of nearly two years in this office satisfies me that I shall be unable to find the time for proper service on any such Commission as the Godfrey bills contemplate, and, with due respect to the Legislature, I will say that I would not attempt to perform such duties and share the responsibility and criticism that I feel sure will follow the certain failure of the parkway and boulevard plan. While speaking of this Commission may I direct your attention to the fact that section two of bill number fifty-five authorizes the Commission to appoint and remove at pleasure all engineers, clerks and subordinates and to fix their duties and salaries. The Commission will be required to employ a large corps of engineers, mechanics, inspectors, workmen, lock tenders, laborers and policemen, and the section referred to provides that none of these employees shall be under Civil Service. This does not harmonize with the declaration contained in the platform adopted last September by the political party to which the introducer of these bills belongs, which is that "we call the attention of the citizens of New Jersey to the raid on Civil Service and efficient government made by the Democratic party of the State in the last few years. When entrusted with the administration of the State, we promise to remedy this evil." If these bills are to pass, may I, in view of the declaration quoted, venture to hope that this section will be amended so as to make the Civil Service Act applicable.

Permit me now to refer to the parkway and boulevard scheme, which I consider wholly impracticable. It strikes me as the height of absurdity at this time of financial stringency, when our funds are sorely needed elsewhere, to plunge the State into a speculative venture which is likely to entail large appropriations for construction and upkeep. The plan proposed is to purchase lands on either side of the canal from the westerly line of Paterson to Phillipsburg, a distance of eighty miles, and lay out the same with landscape gardening, trees, shrubs, plants and lawns, construct boulevards on both sides of the canal and renovate and remodel the waterway, reconstruct its locks and planes and throw stone bridges, arches and viaducts across it. This would

give two parkways, each eighty miles long by five hundred feet or more wide on each side of the canal. The report of the Morris Canal Investigating Committee is silent on the cost to acquire the land and for construction and upkeep of such parkways. It is estimated that the Commission will receive a million dollars as the State's share of the proceeds of the settlement proposed by the Godfrey bills, one-half of which will be devoted to parkway and boulevard purposes, but five hundred thousand dollars will be but a small portion of what this speculation will cost. The sponsors for this scheme say that they are to be authorized to make unlimited purchases of lands lying outside of and adjoining the parkways, and that when the parkways and boulevards are completed these additional lands will be sold and the enhanced value will help pay the construction cost. But there must first be money for construction, and, without more than mentioning the fact that no money will be available for such purchases, unless subsequently appropriated by the State, let me ask if the improvement proposed will enhance the value of adjacent lands, why should the owners sell and permit the Commission to reap the immense profits that will accrue? Why should the owners not hold the lands, and when the wonderful improvement is completed, sell at the high price and put the profits in their own pockets?

A conservative estimate is that the cost of construction of an ordinary boulevard is $30,000 per mile, although an ordinary boulevard is not contemplated, but a boulevard on which many may ride abreast, but assuming the cost to be $30,000 per mile, the boulevard alone for a distance of eighty miles on either side of the canal would cost $4,400,000, and the cost of the land to be acquired, the reconstruction of the canal, the bridges, arches, concrete locks, artificial lakes and landscape gardening, would bring the first cost up to at least $15,000,000. What would be the cost of maintenance? It costs the Lehigh Valley Railroad about $97,000 to maintain and operate the whole canal in its present condition. Let us assume that under State management this portion of the canal reconstructed, its locks and planes operating and pleasure seekers passing through by boats and using

it for bathing and skating, it would cost $80,000 per year. Add the salary of a superintendent of parks and roads at $5,000; one hundred workmen to keep the grass cut, the shrubs and trees trimmed, the gardens weeded and the boulevard in repair for one hundred and sixty miles, at fifty dollars per month for nine months each year; a policeman every three miles on each side of the canal, or say fifty policemen at one thousand dollars per year, and we have a total of $180,000 annually. We should consider, too, the value of the water required to keep the canal full, which otherwise might be put to potable or manufacturing purposes elsewhere. Heretofore the water has been let out of most of the canal in winter and the feeders, ponds and lakes allowed to fill up, but under this plan it would be required to be kept full for scenic purposes and skating. It has been estimated that the loss of water from this eighty miles of canal, by seepage, leakage and evaporation, is over one hundred and ten millions of gallons per day. The combined population of Newark, Jersey City, Hoboken, Paterson and Passaic is about a million, and if each inhabitant of these cities used a hundred gallons a day, they would consume a less number of gallons than are required each day to keep this parkway canal full. If the amount of water thus required to fill the canal were owned by the State Water Supply Commission, it could be sold for at least $40 per million gallons, and the daily income would be $4,400, but if it is to be used under the canal and parkway plan, its value should be added to the annual cost of operation.

How will the cost of construction and annual maintenance be raised? The right to assess adjacent property for benefits is given to the Commission, and as the cost of construction will be immense, the assessment must necessarily be high. The assessment is not limited to abutting property owners, but every owner whom the Commissioners believe benefited, will be called upon to bear his share, and no one knows how far back from the canal the assessments will be laid, and, as the assessments must be high, they may in some instances exceed the value of the land, and as there will be an immense area of land back of the eighty-mile

strip, the whole could not possibly be marketable at an increased price for years to come. The cost of maintenance would have to be met by an annual appropriation, even were the Commission to charge vehicle tolls for the use of the roads and boats and skaters for the use of the canal.

It is said that the canal would be used by thousands for bathing and boating. The canal is but five feet deep. On its bottom and sides lie the bodies and skeletons of thousands of dead animals, decayed vegetation, garbage and the mud and slime accumulated during seventy-five years. Remove this and the seepage and leakage already so great will increase. Line the bottom and sides with cement and the cost would be staggering. It would not be a practical highway for motor boats, which because of their wash could move no faster than four miles per hour—too slow for pleasure—and thus sailing ten hours a day it would require two days to traverse the length of the canal one way, and if tolls were charged at the present rate of fifteen cents per mile, the cost for a one-way trip would be twelve dollars. Then, too, it would be impossible to cradle the motor boat of ordinary construction up the planes, because of the strain on its timbers and planks and special, heavy and cumbersomely constructed boats would be required. How many do you suppose would be thus constructed for such slow pleasure travel?

There are sixteen locks or planes within a distance of seven or eight miles, either way from Lake Hopatcong, and the water for the operation of these locks and planes would be drawn from the lake, in addition to the water required for seepage and leakage. This would require a great drain on the lake and should not be permitted. I believe that the scenic beauty of this sheet of water, with its forty miles of shore line, its bays and coves, and its beautiful mountain scenery is worth more as a public park than many miles of canal parkway.

For the reasons I have set forth at some length, I do not observe any merit in the Godfrey bills. They would permit the Lehigh Valley Railroad to part with what it does not want, the possession of which imposes on it a stupendous financial burden

and gives it possession and good title to what it does want, at the same time relieving it of its burden. They would give the State property it does not need and take from it forever that which is of great value, and which can at once be put to use. They would commit the State to a gigantic speculative scheme, the outcome of which, unless financed by the State at stupendous cost, means absolute failure. I read with genuine astonishment in a copy of the "State Republican News," issued by the New Jersey Republican State Committee, under date of February 20th, 1915, a statement to the effect that that Committee is behind the Godfrey bills, that it urges their passage and assumes to possess accurate knowledge that they will be passed by the votes of the Republican members of the Legislature. This is no political issue, and can only be made one by those who assume to manage the Republican party and to control the votes of its representatives. Such a situation makes me fear that the years are being rolled back, and that we are living again in those days which the railroads, the public service and other large corporate interests called "good," when a Board of Guardians flourished and exercised their powers and influence for the interest and benefit of these corporations who, in turn, made it possible for the Board of Guardians to exist. I cannot believe that any Canal Abandonment bill will be passed or defeated at the behest of those who pretend to have the control and management of a political party, and who would use their power for the benefit of the Lehigh Valley Railroad, and I resent the interference of the Republican State Committee in this connection as emphatically as I would resent the activity of any lobbyist.

Let me now refer to the Ostrom bill. This is as objectionable as the Godfrey bills because it proposes to give absolutely to the Lehigh Valley Railroad what it demands, namely, the same property as the Godfrey bills, requiring the Railroad to pay the State a million dollars, but dividing the proceeds of the sale of the property between Fiddler's Elbow and the westerly line of Paterson equally between the State and the Railroad, so that the latter may be reimbursed for a large portion of its payment. I am not

surprised that the Lehigh Valley Railroad representatives have expressed a preference for this bill over the Godfrey bills, and it should not pass even though it does not commit the State as to the manner in which it shall dispose of the proceeds of so much of the canal property as the Railroad will permit it to have.

The Martin bill approaches my idea of the proper solution of the subject, although I am opposed, as I have already state, to creating any unnecessary commission, and I am also opposed to giving either a municipality or a corporation the preferential right to any part of the canal property for which someone else is willing to pay more. The ownership of the canal property is in effect in the State, and its right to absolute possession will accrue in 1974. Neither the Lehigh Valley Railroad nor Jersey City is the owner of the basins or of any other part of the property, and neither has any right in the settlement to be preferred over the other as to any portion which both may want, without paying for it. I am also of the opinion that upon a settlement such as is proposed by this bill, a million dollars is too much to exact from the Railroad.

It is not my purpose to criticise these several bills without suggesting a method of settlement. In endeavoring to arrive at fair terms, it must be borne in mind that a wide difference of opinion exists as to the real value of the several portions of the canal property, and I fully understand that no settlement can be devised which will be acceptable to all, unless this rock on which we split can be avoided. If we can put all the property up for sale in the open market, we should all be satisfied that what it brings is what it is worth. Let me premise the statement of my plan with the statement that when the Lehigh Valley Railroad took over the Canal Company property in 1871, it agreed to pay or subsequently became bound to pay items of expense which now are annually as follows:

	Annual Payment.
Canal Company preferred stock, $1,175,00, interest 10%,	$117,500
Canal Company common stock, $1,025,000, interest 4%,	41,000

Canal Company bonds, $500,000, interest 6%, . .	30,000
Balance dividend script, $47,237.50, interest 6%, about	2,800
Taxes, State and local, about	79,000
Maintenance and operation of canal, about	97,000
	$367,300

That is, as closely as I can compute it from papers and documents now available, the Lehigh Valley Railroad is now under a total annual interest, tax and maintenance charge of about $367,300 on account of the Canal Company property, with little, if any, income accruing to it therefrom. Since entering into its lease in 1871, it must have paid out over eleven millions of dollars in excess of all that it has received from the earnings of the canal, and if it continues to hold the property until 1974, it will expend at least fifteen million dollars more, and it must then surrender the property to the State. It is from this burden that it seeks relief. The State has never urged an Abandonment bill. All measures for this purpose presented to the Legislature have emanated from the Railroad Company or have been introduced because the Railroad Company was urging other bills. It is my belief that if the Company desires relief it should ask it in terms attractive to the State, and somewhat similar to those to which it would be compelled to submit in 1974. I therefore propose that the Canal Company and the Lehigh Valley Railroad shall turn over to the Department of Conservation and Development, when constituted, all property belonging to the Canal Company, including all water rights, and that the canal be abandoned; that in consideration of the State permitting the abandonment and waiving its right to take the property in 1974 and relieving the Lehigh Valley Railroad from its heavy annual maintenance and other charges, the Lehigh Valley Railroad shall pay to the State five hundred thousand dollars and the State shall retain all water rights as its own property; that all remaining property be sold or leased in parcels, and if sold, it shall not be for less than a sum to be fixed by said Department, and for the basins, or any

other portion of the property, the Lehigh Valley Railroad, Jersey City, and any other corporation, may bid against each other; that the proceeds of sale shall be invested under the direction of the State authorities and the income thereon shall be paid to the Lehigh Valley Railroad until 1974, when the principal shall belong absolutely to the State. If the State should decide to lease, rather than sell, any portion of the property, all persons or corporations desiring a lease may bid against each other and the State should accept the best offer made and pay the rental received to the Lehigh Valley Railroad until 1974. There are various details which could be provided for as part of the plan, such as the removal or reconstruction of bridges; arrangements for other crossings when the property is put to new uses; adjustment with Jersey City and other municipalities for streets now occupied by the canal and which would revert to the municipalities when the canal ceased to be operated as such, as well as the adjustment of claims of other municipal rights. All details to put in operation the plan I propose can be as readily worked out, as similar details have been cared for in bills heretofore presented to the Legislature.

In conclusion I would reiterate my statement that the State is not seeking the abandonment of the Canal, but the Lehigh Valley Railroad is, and if abandonment canot be had upon terms fair and just to the State, the State will lose nothing by waiting.

Respectfully submitted,

L. EDWARD HERRMANN, *Governor.*

Secretary to the Governor.

Mr. Hennessy presented the following report of the New Jersey Harbor Commission, which was read and referred to the Committee on Municipal Corporations:

NEW JERSEY HARBOR COMMISSION,
75 MONTGOMERY ST.,
JERSEY CITY, February 23d, 1915.

To the Senate of New Jersey:

SIRS—As directed by resolution of your honorable body adopted February 8th, the New Jersey Harbor Commission begs to report as follows:

While the heavy storms which damaged the coast were in progress, the members of this commission began their investigations of conditions and the consideration of coast defenses. They have continued this work. By their direction the chief engineer visited the most seriously damaged sections of the coast, both during the storms of last December and later, in order to observe conditions and the effect of the storm on the jetties and bulkheads already in place, and to make a general study of the whole problem. Members of the commission have been in frequent conference with the authorities of the coast municipalities, and the chief engineer has conferred with government officials and other experts upon shore front erosions and has made as close a study as has been possible with the limited means at his command.

The commission has not the staff with which to make a general survey, but this has recently been done near Sea Bright by the district engineer of the United States Government; this survey with the conclusions arrived at by the district engineer has been submitted to the chief of engineers, United States Army. This government survey was made on the theory that the access to the government reservation on Sandy Hook was threatened, and in addition that there was danger of an inlet opening near Sea Bright to the Shrewsbury river which, if it did open, would necessitate additional work by the government for the maintenance of navigation in that river.

A study of the old maps shows that the Shrewsbury river emptied into the ocean about where Sea Bright now is, in 1777; that in 1810 a sand spit had extended northerly from south of the Shrewsbury river and had connected up to Sandy Hook, which previous to that time had been connected to the mainland at the Highlands, and that the Shrewsbury river and Navesink river no longer emptied directly into the ocean but were carried northerly and emptied into Sandy Hook bay west of Sandy Hook.

The maps show that an inlet to the Shrewsbury river at about Sea Bright opened again in 1830, and that this inlet closed again in 1848. Since that time, although high tides and storms have covered the bar at Sea Bright and joined the ocean with the Shrewsbury river, there has been no inlet opened, except in 1897, when an inlet opened for a short time and did a great deal of damage to the navigable channels of the Shrewsbury river. During the last few years it appears that the forces of nature are again at work to reopen the Shrewsbury river inlet.

It is well known that on the North Jersey coast the drift of

the sand is toward the north, toward the entrance to New York bay; and that on the South Jersey coast the drift of the sand is toward the south, toward the entrance to Delaware bay. Within the past century the number of openings or inlets on the New Jersey coast has been reduced from 32 to 12, and changes have been going on from time to time at each of these inlets. The smaller inlets have been closing from time to time for short periods, and the action of the natural forces at these inlets may serve as a guide to show what is happening.

At the inlets where the drift of the sand is toward the north, the inlet itself moves in a general northerly direction. It moves to a certain extreme point, where it tends to close up and continues to contract its opening until the waters break through and form a new inlet to the south. Brigantine Beach, where there is a drift of sand to the south, has been periodically extending south toward Atlantic City until it reached the point where the waters of Absecon inlet were so restricted that they broke through and formed a new inlet to the north.

This appears to be what occurred at the mouth of the Shrewsbury river. The point to the south of the old Shrewsbury inlet gradually extended north until it closed the inlet and finally reached Sandy Hook, and the rivers found an inlet behind this sand bar. Now it appears that the inlet is again seeking to open at the south.

Various means have been employed by municipalities and private interests to protect the coast against erosion. Many types of bulkheads have been built and jetties and groins have been extended into the ocean for the purpose of building up the beach, but there has been no generally accepted theory of coast defense.

Means must be found, at a cost within reason, of building up the beaches; the sand which has been eroded must be replaced with sand, and it must be done in such manner as not to injure other parts of the beach by eroding the sand from them. In other words, the sand for building the beaches must be taken from the floor of the ocean well outshore.

This means the dealing with tremendous natural forces, and it can only be done intelligently after a full knowledge of the local conditions along the coast.

The records should be searched, going back as far as possible, so as to study the changes which have occurred on the beaches as the result of the construction of bulkheads and jetties. A survey outshore should be made showing the bars which exist,

and this should extend over a considerable time so as to, if possible, follow the movement of the sand; it is most important when a bar is forming to know where the sand is coming from.

In the judgment of this Commission there is not now sufficient information available on which to base a general plan of coast defense. Breakwaters or jetties or bulkheads could now be placed, but they might prove to be just the things that should not have been done by robbing the beach at other points.

By some of those who have studied the question of coast protection lately, considerable account has been taken of the methods used upon the English coast and some tentative plans based upon these experiences have been proposed. Whether such plans will prove satisfactory here is questionable, and this Commission does not feel that it has sufficient data to advocate the methods which have proven satisfactory at Scarborough and Hartlepole for the reason that the topographical and geological conditions along the New Jersey coast are entirely dissimilar and the tidal currents would probably have a different action upon any structures erected.

Care must be taken in the consideration of coast protection that any structures of an unsightly character must not be considered, because such a condition would destroy entirely the attractiveness of the water front and unobstructed view.

The beaches have been making in certain sections of the State, and have added greatly to the prosperity of localities; it might be reasonably hoped that accretions of sand might occur perhaps along the entire coast if an intelligent plan of coast defense is carried out.

In a problem of such magnitude, where such great natural forces have got to be directed, no plan should be adopted until after the fullest investigation and study.

Cost of Survey and Recommendations.

In order to make the survey properly it will be necessary to put at least six parties in the field, this will give about twenty miles for each party to cover. Each party should consist of a chief of party, two instrument men, three sounders and one record man and draughtsman. The cost of salaries for each party would amount to not less than $800 per month. The equipment for each party would consist of two transits, two transit rods, three sounding rods, one tide gauge, one anemometer and one motor boat. This equipment would probably cost

at least $1,500. An office would be needed at a cost of perhaps $30 per month.

This would make the initial cost of equipment for the six parties about $9,000.

The salaries and expenses of the six parties for ten months would, on the basis of the above, amount to $8,300.

In addition to this a board of three consulting engineers should be appointed to study the results as they are being turned in, and to pass on the recommendations made. The fees for these consulting engineers, together with their necessary assistants, would amount to about $10,000.

The expenses incident to working up the report and studies would amount to about $3,000.

This estimate should be increased by an amount of $5,000 to cover contingencies and unanticipated expenses.

This brings the total cost for a ten months' survey, and a report prepared and passed on by a board of consulting engineers, to slightly over $35,000.

The equipment would possess some value after the survey and could probably be sold for half what it cost or say $4,500.

Respectfully submitted for the Commission,

J. SPENCER SMITH,
President.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
February 23d, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bills:

Senate Bill No. 25, entitled "An act relative to sales of land by executors, administrators, guardians or trustees who have purchased lands under mistake or misapprehension of the right to do so,"

Senate Bill No. 36, entitled "An act to amend the title and body of an act entitled 'An act to provide for the transfer of causes by and between the Court of Chancery and the Supreme Court or Circuit Courts or Courts of Common Pleas,' " approved March twenty-eighth, one thousand nine hundred and twelve,

Senate Bill No. 63, entitled "An act concerning statutory proceedings before the Chancellor or any of the Vice Chancellors,

and providing that the same shall be entitled in the Court of Chancery and be records of the clerk's office,"

Senate Bill No. 68, entitled "An act to repeal certain acts and parts of acts relating to elections,"

Senate Bill No. 69, entitled "An act to amend an act entitled 'An act respecting the Orphans' Court and relating to the powers and duties of the ordinary and the Orphans' Court and surrogates'" (Revision, 1898), approved June fourteenth, one thousand eight hundred and ninety-eight,

Senate Bill No. 70, entitled "An act to amend an act entitled 'An act respecting the Orphans' Court, and relating to the powers and duties of the ordinary and the Orphans' Court and surrogates (Revision, 1898),'" approved June fourteenth, eighteen hundred and ninety-eight,

Senate Bill No. 78, entitled "An act validating certain sales of land, tenements, hereditaments or real estate made under any decree or order of and confirmed by any court of this State,"

Senate Bill No. 83, entitled "An act to repeal an act entitled 'An act to incorporate the first judicial district of the county of Ocean,' approved March twenty-seventh, one thousand nine hundred and thirteen, and to abolish and dissolve the first judicial district of the county of Ocean,"

Amend the title of said bill and the several sections thereof so that the same will read as follows:

AN ACT authorizing the governing body of any county bordering on the Atlantic ocean in this State to raise and appropriate money to be expended by and under the direction of the Secretary of War of the United States for the erection and construction of such work or works, sea-walls, bulkheads and jetties and other approved devices necessary and proper to protect the inland waterways, navigable rivers and waterways, riparian lands, public roads and boulevards and public property in such counties against any encroachments of the Atlantic ocean and the destructive agencies of the sea.

WHEREAS, The coast and seashore of New Jersey in many places consists of narrow strips and necks of land situated between the Atlantic ocean and a navigable river or other inland waters having channels dredged and maintained for navigation by the United States Government, and in the judgment of the Legislature such narrow strips or necks of land in some cases have been or are likely to be so encroached upon by said ocean that inlets are threatened therein from the said ocean to the adjacent river or inland waterways and channels in charge of the United States, and to the serious and permanent detriment and possible destruction of the same as navigable waterways as well as the impairment and possible destruction of the inland waterways of this State and loss and damage to riparian lands, public roads and boulevards and public property in counties of this State bordering on the Atlantic ocean;

AND WHEREAS, Such encroachments by the ocean and threatened inlets therefrom can, in the judgment of the Legislature, and in accordance with the official report of the United States Engineers, be checked and prevented by the construction and maintenance of proper sea-walls, bulkheads and jetties along said ocean, and such waterways, and by other approved devices; therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. That the board of chosen freeholders or other governing body of any county bordering upon the Atlantic ocean in this State, are hereby authorized to appropriate and pay out of the county treasury into the treasury of the United States to and for the credit of the Secretary of War to be used and expended by him or under his direction, for the erection and construction

of any such work or works, sea-walls, bulkheads and jetties and devices necessary and proper to preserve the coast of any municipality in said county against encroachment by said ocean which may cause or tend to cause an inlet or inlets therefrom into inland navigable waters, and protect the inland waterways, navigable rivers, public roads and boulevards and public property in such counties, a sum equal in amount to the sum expended or about to be expended forthwith by or on behalf of the said United States in the construction of any such protective works on the coast of such borough or other municipality of this State, of which expenditure or purposed expenditure, a notice signed by the Secretary of War of the United States addressed to the Governor of this State shall be sufficient evidence and such notice shall be sufficient authority for the board of chosen freeholders or other governing body and the county auditor and county collector of such county to pay the same; and such amount may be taken out of any unexpended balance or balances of any appropriations or any cash on hand and not otherwise appropriated, and if such balances and cash are insufficient for the purpose, so much thereof as may be needful may be included and raised in the next tax levy of said county; *provided, always,* that not more than one such auxiliary appropriation, which in no case under this act shall exceed fifteen thousand dollars, shall be made by any county under this act for such work or works in or on the borders of any single borough or municipality of such county; *and provided, further,* that any appropriation under this act shall be paid into the treasury of the United States to and for the credit of the Secretary of War, as hereinbefore provided, only in conjunction with a like equal payment from the borough, city or other municipality, of such county making the appropriation under this act, which borough, city or other municipality is to be protected against inlets thereby.

2. All acts and parts of acts inconsistent herewith are hereby insofar repealed, and this act shall take effect immediately.

Mr. Ackerson offered the following proposed amendment to Senate Bill No. 136:

Amend the title of said bill and the several sections thereof so that the same will read as follows:

AN ACT appropriating from the State fund a sum of money to be expended by and under the direction of the Secretary of War of the United States for the construction of such work or works, sea walls, bulkheads and jetties and other approved

devices necessary and proper to protect the inland waterways, navigable rivers and waterways and riparian lands of this State in counties bordering upon the Atlantic ocean from destruction by encroachments of the Atlantic ocean and other destructive agencies of the sea.

WHEREAS, The coast and seashore of New Jersey in many places consists of narrow strips and necks of land situated between the Atlantic ocean and a navigable river or other inland waters having channels dredged and maintained for navigation by the United States Government, and in the judgment of the Legislature such narrow strips or necks of land in some cases have been or are likely to be so encroached upon by said ocean that inlets are threatened therein from the said ocean to the adjacent river or inland waterways and channels in charge of the United States, and to the serious and permanent detriment and possible destruction of the same as navigable waterways as well as the destruction and impairment of the inland waterways of this State and loss and damage to its riparian lands;

AND WHEREAS, Such encroachments by the ocean and threatened inlets therefrom can, in the judgment of the Legislature, and in accordance with the official report of the United States Engineers, be checked and prevented by construction and maintenance of proper sea walls, bulkheads and jetties along said ocean, and such waterways, and by other approved devices; therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. There is hereby appropriated and directed to be paid out of the treasury of the State of New Jersey by the Treasurer thereof into the treasury of the United States to and for the credit of the Secretary of War of the United States the sum of thirty thousand dollars, to be used and expended by him and under his direction for the construction of such work or works, sea walls, bulkheads and jetties and other approved devices necessary and proper to protect the inland waterways, navigable rivers and waterways and riparian lands of this State bordering upon any municipality located in any county of this State bordering upon the Atlantic ocean from the encroachments of the Atlantic ocean, by reason of the formation or threatened formation of any inlet or inlets and any other destructive agency of the sea, which said sum of money, or so much thereof as may be necessary, is to immediately become available and payable and be deposited in the treasury of the United States to the credit of the said the Secre-

tary of War of the United States upon such Secretary of War filing a certificate or certificates with the Governor of this State setting forth the fact that he has in his hands or at his disposal a certain sum of money in a like or less amount, belonging to the United States Government to be expended under his direction for the construction of such work or works, sea walls, bulkheads and jetties and other approved devices necessary and proper to protect the inland waterways, navigable rivers and waterways and riparian lands of this State in the municipalities and counties aforesaid, and further, that he has in his hands or at his disposal available for expenditure under his direction a like or less sum of money appropriated for that purpose by the municipality or municipalities wherein or upon the borders of which such work or works, sea walls, bulkheads and other approved devices are to be erected; and also further, that he has also in his hands or at his disposal available for expenditure under his direction a like or less sum of money appropriated for that purpose by the county in which such municipality is located for the purpose of the construction of such work or works, sea walls, bulkheads and other approved devices, and in each case available for the purposes for which the appropriation provided for in this act is made. *Provided, however,* that no greater amount or portion of the sum of money hereby appropriated shall be available and so paid to the Secretary of the Treasury of the United States, for the purposes of such work or works in any single municipality than is appropriated by such municipality in which or upon the borders of which said work or works are to be constructed, and is available in the hands of the said the Secretary of War for expenditure under his direction, received from such municipality; *and provided further,* that no greater amount or portion of the sum of money hereby appropriated shall be available and so paid to the Secretary of the Treasury of the United States, for the purposes aforesaid, than is appropriated and paid by the county in which such municipality or municipalities are located, and is available in the hands of the said the Secretary of War for expenditure under his direction received from such county, as evidenced by the certificate or certificates above provided for; *and provided further, however,* that in no case shall more money be expended by this State than by the United States Government, and no more than fifteen thousand dollars of the sum hereby appropriated shall be expended for such protective work or works within or upon the borders of any single municipality.

2. All acts and parts of acts inconsistent herewith be and the same are hereby repealed.

3. This act shall take effect immediately.

Mr. Ackerson offered the following proposed amendment to Senate Bill No. 137:

Amend the title of said bill and the several sections thereof so that the same will read as follows:

AN ACT authorizing the governing body of any borough, city, township or other municipality in this State in any county bordering on the Atlantic ocean to raise and appropriate money to be expended by the Secretary of War of the United States and under his direction for protection of the inland waterways, navigable rivers and waterways, riparian lands, public roads and boulevards in any such township, borough, city or other municipality against any encroachments of the Atlantic ocean and the destructive agencies of the sea.

WHEREAS, The coast of New Jersey in some places consists of only a very narrow strip of land containing homes, hotels, business places, streets and boulevards, situated between the Atlantic ocean and a navigable river or other inland waters, having channels dredged and cared for by the United States Government, and in the judgment of the Legislature such narrow strips or necks of land in some cases have been or are likely to be so encroached upon by said ocean, that an inlet or inlets may presently open therein from said ocean to the adjacent river or inland waters and channels in charge of the United States, to the serious detriment and possible destruction of navigation as well as to the further loss or damage to riparian lands, public roads or boulevards and much private property; and

WHEREAS, Such encroachments by the ocean and threatened inlets therefrom may, in the judgment of the Legislature, and in accordance with official report of United States Engineers, be checked or prevented, and such beaches at least partially restored by construction and maintenance of proper sea walls, bulkheads and jetties along said ocean, or other approved devices of such expert engineers; therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. That the mayor and council, or other governing body of any borough, city, township or other municipality bordering upon the Atlantic ocean in this State, are hereby authorized to appropriate and pay out of the treasury of such borough, city, town-

ship or other municipality into the treasury of the United States to and for the credit of the Secretary of War to be used and expended by him or under his direction, for work or works to preserve the coast of such borough, city, township or other municipality against encroachment by said ocean which may cause or tend to cause injury and destruction of the inland waterways, navigable rivers and waterways, riparian lands, public roads and boulevards of such municipality, a sum equal in amount to any sum expended or about to be expended forthwith by or on behalf of the United States in the construction of any such protective work or works on the coast of such borough, city, township or other municipality of this State, of which expenditure or purposed expenditure a notice signed by the Secretary of War of the United States, addressed to the Governor of this State, shall be sufficient evidence, and such notice shall be sufficient authority for the mayor and council or other governing body, the finance or auditing committee and the collector or treasurer of such borough, city, township or other municipality to pay the same; and such money may be taken out of any unexpended balance or balances of any appropriations or any cash remaining on hand and not otherwise appropriated, and if such balances and cash be insufficient for the purpose, so much of said sum as may be needful may be included in the next annual assessment and raised by the regular tax levy of said borough, city, township or other municipality; *provided, always,* that not more than one such auxiliary appropriation, which in no case under this act shall exceed fifteen thousand dollars, shall be made by any borough, city, township or other municipality under this act; *and provided, further,* that any appropriation under this act shall be paid into the treasury of the United States, as hereinbefore provided, only in conjunction with a like equal payment from the county in which such municipality to be protected is located.

2. All acts and parts of acts inconsistent herewith are hereby insofar repealed, and this act shall take effect immediately.

Mr. Allen, Chairman of the Committee on Printed Bills, reported

Senate Bills Nos. 64, 88, 171, 222, 234, Committee substitute for Senate Nos. 102, 112 and 189, correctly printed.

Signed—C. B. Allen, B. H. White and Samuel T. Munson, Mr. Munson not voting on Committee substitute for Senate Nos. 102, 112 and 189.

Senate Bill No. 1, entitled "An act to establish a Department of Conservation and Development and to consolidate therein the State Water-Supply Commission, the Board of Forest Reservation Commissioners, the State Geological Survey, the Washington Crossing Commission, the State Museum Commission and the Fort Nonsense Park Commission,"

Was taken up on third reading.

Mr. Edge asked unanimous consent to amend said bill on third reading.

Which was agreed to.

Mr. Edge offered the following amendments, which were read and adopted:

Amend section 4, line 4, before the word "five" insert the words "not more than".

Section 6, line 5, make the comma a period, and make the "O" following a capital.

Section 8, line 9, change the word "his" to "their".

Mr. Hennessy offered the following amendment:

Amend such bill and the various sections thereof by substituting therefor the following, to wit:

An Act to establish a Department of Conservation and Development and to consolidate therein the State Water Supply Commission, the Board of Forest Park Reservation Commissioners, the State Geological Survey, the Washington Crossing Commission, the State Museum Commission and the Fort Nonsense Park Commission.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. A department of conservation and development is hereby established, and the same shall consist of a board to be known as the "Board of Conservation and Development."

2. The Board of Conservation and Development shall consist of eight members, not more than four of whom shall be members of the same political party, and all of whom shall be residents of the State.

3. The members of the Board of Conservation and Development shall be appointed by the Governor, by and with the advice and consent of the Senate, for the following terms, to commence on the first day of July, one thousand nine hundred and fifteen: two for one year, two for two years, two for three years, and two for four years. Annually thereafter, two members shall be appointed for a term of four years. Vacancies shall be filled for the unexpired terms. The board shall meet in the State House, in Trenton, at such times as its rules may prescribe in each and every month, and at such other times and places within the State as, in its judgment, may be necessary.

The members of the board shall receive no compensation for their services, but the State Treasurer shall, upon the warrant of the State Comptroller, pay their necessary expenses.

4. The Governor shall appoint, by and with the advice and consent of the Senate, a person who shall be known as the "Director of Conservation and Development," who shall be a

resident of this State and a qualified engineer. Said Director of Conservation and Development shall receive a salary of six thousand dollars per annum, to be paid out of the treasury of this State as the salaries of other employees are now, or may hereafter be, paid. He shall devote his entire time to the duties of his office, and shall serve for a term of five years, and until his successor has been appointed and qualified.

5. The Board of Conservation and Development shall succeed to and exercise all the powers and perform all the duties now exercised and performed by or conferred and charged upon the State Water Supply Commission, the Board of Forest Park Reservation Commissioners, the State Geological Survey, the Washington Crossing Commission, the State Museum Commission and the Fort Nonsense Park Commission.

6. The Board of Conservation and Development shall also have the power to create subdepartments or divisions, to take specific charge of the different lines of work contemplated in this act, and shall have power to appoint heads or chiefs of such departments or divisions, which heads or chiefs of said subdepartments or divisions, first appointed under this act, may be appointed without any Civil Service examination, but immediately upon their appointment they shall be placed in the classified list of the Civil Service law of this State.

7. The Board of Conservation and Development shall have full control and direction of all State conservation and development projects and of all work in any way relating thereto, except such work as is conferred upon other boards, not included within the provisions of this act. It shall make such rules and regulations as, in its opinion, may be necessary to conserve, develop and promote the interests of the State, in all matters herein committed to its charge. It shall fix the salaries of all employes. It may issue subpœnas, signed by its president and secretary, requiring the attendance of witnesses and the production of books and papers in any part of the State before it, or before any of its committees, or before the Director of Conservation, and any person who, being served with a subpœna issued pursuant to the provisions of this act, shall fail to attend or who shall fail to give testimony, unless such testimony incriminate him or subject him to a fine or punishment, shall be liable to a penalty of five hundred dollars for each and every offense, to be recovered in the name of the State of New Jersey; said penalty, when recovered, to be paid into the treasury of the State of New Jersey; and it shall be the duty of the Attorney-

General to prosecute any and all actions for the recovery of penalties, when requested so to do, and when, in his judgment, the facts and the law warrant such prosecution.

The Board of Conservation and Development shall report annually to the Legislature.

8. The Director of Conservation and Development shall attend all meetings of the board, and shall be ex officio secretary of the board. He shall be subject to the rules and regulations of the board, and shall exercise general supervision over all conservation and development projects and all work in any way relating thereto. He shall be and hereby is charged with the enforcement of all laws relating to the powers and duties of the board, and shall obtain, collect and preserve such information relating to the State's natural resources and to their conservation and development, and also relating to the work of the department as may be useful, in the discharge of his duties, or which may contribute to the advancement of the State's resources. He may, and any person authorized by him so to do may, without fee or hindrance, enter upon, examine and survey all sources of water supply, all State parks and reservation, all State forests, and all State buildings.

9. The Board of Conservation and Development by its presiding officer, each of its committees by its chairman, and the Director of Conservation and Development shall have authority to administer oaths and to examine, under oath, in any part of the State, witnesses in any matter relating to the powers and duties of the department and to the conservation and development of the State's resources. Any person who, having been sworn by the presiding officer of the board, or the chairman of any of its committees, or by the Director of Conservation and Development, wilfully gives false testimony, shall be guilty of perjury,

10. The Director of Conservation and Development may be removed by the Governor, after a hearing; *provided,* that charges against him have been submitted in writing, signed by a majority of the members of the board; *and provided, further,* that the Governor finds such charges to be true in fact, and their nature such that, in his opinion, the best interests of the State demand the removal of said Director.

11. All persons employed by the board created by this act, except as herein otherwise provided, shall be classified by the Civil Service Commission in the classified service of the Civil Service law, and shall not be removed from their positions or employments except in accordance with the provisions of section twenty-four of the Civil Service law of this State.

12. In the appointment of persons to positions or employment under this act, except as hereinbefore provided, preference shall be given to those persons now holding positions or employment in the old boards or commissions hereby consolidated, and in no case shall it be necessary for such persons to take examination as otherwise required by the Civil Service law.

13. Immediately upon the organization and establishment of the Board of Conservation and Development, it shall become the duty of the heads or chiefs of the several subdepartments to codify the various laws which have been passed, from time to time, relating to or concerning, in any way whatsoever, their respective departments, which codification shall set forth, in a clear and comprehensive manner, the origin of such department, meaning thereby its creative act, after which shall follow, in their proper order, all existing acts amendatory thereof and supplementary thereto, and all acts relating to its consolidation (if any there has been) with any other board or boards, commission or commissions, department or departments. Said work of codification shall continue, from year to year, after the principle herein set forth, with the idea of preserving, in concrete form, the history and development, or evolution, so to speak, of each special department, and contributing materially to a better and more comprehensive understanding of all laws relating thereto, and of the powers and duties devolved upon said departments by said acts.

14. Whenever, in any act, the words the "State Water Supply Commission," the "Board of Forest Park Reservation Commissioners," the "State Geological Survey," the "Washington Crossing Commission," the "State Museum Commission," and the "Fort Nonsense Park Commission,' are used, the same shall be taken to be and to mean the Board of Conservation and Development.

15. All offices and employment existing under and by virtue of the acts creating the State Water Supply Commission, the Board of Forest Park Reservation Commissioners, the State Geological Survey, the Washington Crossing Commission, the State Museum Commission, and the Fort Nonsense Park Commission, shall end on the thirtieth day of June, one thousand nine hundred and fifteen.

16. All acts and parts of acts inconsistent herewith are hereby repealed, and this act shall take effect on the thirtieth day of June, one thousand nine hundred and fifteen; *provided, however,* that if any section or parts thereof of this act shall be questioned in

any court, and shall be held to be unconstitutional and void, the sections or parts thereof so declared to be invalid shall be exscinded, and the balance of the act shall stand as though said sections or parts thereof had never been included within the provisions of this act.

Which was disagreed to by the following vote:

In the affirmative were—

Messrs. Ackerson, Ackley, Barber, Egan, Hennessy, Martens, McGinnis, Munson, Ramsay, Wheaton—10.

In the negative were—

Messrs. Allen, Colgate, Edge (President), Gaunt, Hutchinson, Mathis, Pierce, Rathbun, Read, Smalley, White—11.

Mr. Hennessy offered the following further amendments:

In section 2, line 1, for the word "eight" substitute the word "five".

In the same section, line 2, strike out the words "not more than four of whom shall be members of the same political party".

In the same section strike out all after the word "State" on line 3 to the end of the section.

In section 3, line 4, for the word "two," where it first occurs in said line, substitute the word "one".

In the same section, line 4, substitute a period for the comma after the word "years," where it last appears on said line, and strike out the word "and" at the end of said line.

In the same section, line 5, strike out the words "two for four years," where the same occurs at the beginning of the line.

In the same section, same line, strike out the word "two" where it occurs before the word "members" on said line.

In the same section, line 6, substitute the word "three" for the word "four".

Which was disagreed to by the following vote:

In the affirmative were—

Messrs. Ackerson, Ackley, Barber, Egan, Hennessy, Martens, Ramsay, Wheaton—8.

In the negative were—

Messrs. Allen, Colgate, Edge (President), Gaunt, Hutchinson, Mathis, McGinnis, Munson, Pierce, Rathbun, Read, Smalley, White—13.

Said bill, as amended, was then read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Allen, Colgate, Edge (President), Gaunt, Hutchinson, Mathis, McGinnis, Pierce, Rathbun, Read, Smalley, White—12.

In the negative were—

Messrs. Ackerson, Ackley, Barber, Egan, Hennessy, Martens, Munson, Ramsay, Wheaton—9.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Senate Bill No. 2, entitled "An act creating a department to be known as the Board of Commerce and Navigation, and vesting therein all the powers and duties now devolved, by law, upon the Board of Riparian Commissioners, the Department of Inland Waterways, the Inspectors of Power Vessels, and the New Jersey Harbor Commission,"

Was taken up on third reading.

There being no objection,

Mr. Read offered the following amendments, which were read and adopted:

Section 3, line 12, after the word "year" insert the word "and".

Section 4, line 4, after the word "engineer" where it first appears, change period to a comma and add the following words: "who shall also be one of the divisions chiefs".

Section 4, line 5, before the word "five" insert the words "not more than".

Section 14, line 10, change the word "unnecessaray" to "unnecessary".

Mr. Hennessy offered the following amendment:

Amend such bill and the various sections thereof by substituting therefor the following, to wit:

An Act creating a department to be known as the Board of Commerce and Navigation, and vesting therein all the powers and duties now devolved, by law, upon the Board of Riparian Commissioners, the Department of Inland Waterways, the

Committee substitute for

Senate Bill No. 5, entitled "An act creating a department to be known as the 'Board of Labor and Industry,' and vesting therein all the powers and duties now devolved, by law, upon the Department of Labor, and the Bureau of Industrial Statistics,"

Was taken up on third reading.

Mr. Hennessy asked unanimous consent to amend said bill on third reading.

Which was agreed to.

Mr. Hennessy offered the following amendment:

Amend such bill and the various sections thereof by substituting therefor the following, to wit:

An Act creating a department to be known as the "Board of Labor and Industry," and vesting therein all the powers and duties now devolved, by law, upon the Department of Labor and the Bureau of Industrial Statistics.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. A department of labor and industry is hereby established, and the same shall consist of a board to be known as the "Board of Labor and Industry."

2. The Board of Labor and Industry shall consist of eight members, not more than four of whom shall be members of the same political party, and all of whom shall be residents of this State. At least three of the members of the board shall be representatives of labor, and three representatives of capital.

3. The members of the Board of Labor and Industry shall be appointed by the Governor, by and with the advice and consent of the Senate, for the following terms, to commence on the first day of July, one thousand nine hundred and fifteen; two for

one year, two for two years, two for three years and two for four years. Annually thereafter, two members shall be appointed for a term of four years. Vacancies shall be filled by the Governor for the unexpired terms. The board shall meet in the State House, in Trenton, at such times as its rules may prescribe in each and every month, and at such other times and places within the States as, in its judgment, may be necessary.

The members of the board shall receive no compensation for their services, but the State Treasurer shall, upon the warrant of the State Comptroller, pay their necessary expenses.

4. The Governor shall appoint, by and with the advice and consent of the Senate, a person who shall be known as the "Director of Labor and Industry," who shall be a resident of this State. Said Director of Labor and Industry shall receive a salary of six thousand dollars per annum, to be paid out of the Treasury of this State as the salaries of other employes are now, or may hereafter be, paid. He shall devote his entire time to the duties of his office, and shall serve for a term of five years, and until his successor has been appointed and qualified.

5. The Board of Labor and Industry shall succeed to and exercise all the powers and perform all the duties now exercised and performed by or conferred and charged upon the Bureau of Industrial Statistics and the Department of Labor.

6. The Board of Labor and Industry shall also have power to create subdepartments or divisions, to take specific charge of the different lines of work contemplated in this act, and shall have power to appoint heads or chiefs of such subdepartments or divisions at salaries to be fixed by said board, which heads or chiefs of said subdepartments or divisions, first appointed under this act, may be appointed without any Civil Service examination, but immediately upon their appointment they shall be placed in the classified list of the Civil Service law.

7. The Board of Labor and Industry shall have full control and direction of all State projects for the improvement of the condition of labor and the various industries of the State, and of all work in any way relating thereto, except such work as is conferred upon other boards, not included within the provisions of this act. It shall make such rules and regulations as, in its opinion, may be necessary to improve the condition of labor and the various industries within the State. It shall fix the salaries of all employes. It may issue subpœnas, signed by its president and secretary, requiring the attendance of witnesses and the production of books and papers in any part of the State before it, or

before any of its committees, or before the Director of Labor and Industry, and any person who, being served with a subpœna issued pursuant to the provisions of this act, shall fail to attend or who shall fail to give testimony, unless such testimony incriminate him or subject him to a fine or imprisonment, shall be liable to a penalty of five hundred dollars for each and every offense, to be recovered in the name of the State of New Jersey; said penalty, when recovered, to be paid into the treasury of the State of New Jersey; and it shall be the duty of the Attorney-General to prosecute any and all actions for the recovery of penalties, when requested so to do, and when, in his judgment, the facts and the law warrant such prosecution.

The Board of Labor and Industry shall report annually to the Legislature.

8. The Director of Labor and Industry shall attend all meetings of the board, and shall be ex officio secretary of the board. He shall be subject to the rules and regulations of the board. He shall exercise general supervision over all projects relating to the improvement of the condition of labor and the various industries within the State. He shall be, and he hereby is charged with the enforcement of all laws relating to the powers and duties of the board and to labor and the various industries of the State, and shall obtain, collect, tabulate and preserve such information relating to labor and industries and the general work of the department as may be useful in the discharge of his duties, or which may contribute to promote the interests of the State. He may, and any person authorized by him so to do may, without fee or hindrance, enter and inspect any industrial establishment where labor is employed, for the purpose of ascertaining, to their satisfaction, whether or not the laws of the State, relating to labor and industries, are being observed and carried out.

9. The Board of Labor and Industry by its presiding officer, each of its committees by their chairman and the Director of Labor and Industry shall have authority to administer oaths and to examine, under oath, in any part of the State, witnesses in any matter relating to the powers and duties of the department and to the improvement of the condition of labor and the various industries of the State. Any person who, having been sworn by the presiding officer of the board, or the chairman of any of its committees, or by the Director of Labor and Industry, wilfully gives false testimony, shall be guilty of perjury.

10. The Director of Labor and Industry may be removed by the Governor, after a hearing; *provided,* that charges against him

have been submitted, in writing, signed by a majority of the members of the board; *and provided, further,* that the Governor finds such charges to be true in fact, and their nature such that, in his opinion, the best interests of the State demand the removal of said Director.

11. All persons employed by the board created by this act, except as herein otherwise provided, shall be classified by the Civil Service Commission in the classified service of the Civil Service law, and shall not be removed from their positions or employments except in accordance with the provisions of section twenty-four of the Civil Service law of this State.

12. In the appointment of persons to positions or employment under this act, except as herein otherwise provided, preference shall be given to those persons now holding positions or employment in the old boards or commissions hereby consolidated, and in no case shall it be necessary for such persons to take examination as otherwise required by the Civil Service law.

13. Immediately upon the organization and establishment of the Board of Labor and Industry, which shall take place on the date upon which this act takes effect, it shall become the duty of the heads or chiefs of the several subdepartments to codify the various laws which have been passed, from time to time, relating to or concerning, in any way whatsoever, their respective departments, which codification shall set forth, in a clear and comprehensive manner, the origin of such department, meaning, thereby, its creative acts after which shall follow, in their proper order, all existing acts amendatory thereof and supplementary thereto, and all acts relating to its consolidation (if any there have been) with any other board or boards, commission or commissions, department or departments. Said work of codification shall continue, from year to year, after the principle herein set forth, with the idea of preserving, in concrete form, the history and development, or evolution, so to speak, of each special department, and contributing materially to a better and more comprehensive understanding of all laws relating thereto, and of the powers and duties devolved upon said departments by said acts.

14. Whenever, in any act, the words, the "Bureau of Statistics," the "Bureau of Industrial Statistics" and the "Department of Labor," are used, the same shall be taken to be and to mean the Board of Labor and Industry.

15. All offices and employment existing under and by virtue of the acts creating the various boards hereby consolidated with

the Board of Labor and Industry created by this act shall terminate on the thirtieth day of June, one thousand nine hundred and fifteen.

16. All acts and parts of acts inconsistent with the provisions of this act be and the same are hereby repealed, and this act shall take effect on the first day of July, one thousand nine hundred and fifteen; *provided, however,* that if any section, or parts thereof, of this act shall be questioned in any court, and shall be held to be unconstitutional and void, the sections or parts thereof so declared to be invalid shall be exscinded and the balance of the act shall stand as though said sections or parts thereof had never been included within the provisions of this act.

Amend section 3, line 5: Before the word "five" insert the words "not more than".

Mr. Hennessy offered the following amendment:

Amend the said bill and all the sections thereof as follows:

An Act to establish a Department of Health and vesting therein all the powers and duties devolved by law upon the Board of Health of the State of New Jersey.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. A department of health is hereby established and the same shall consist of a board of five members, to be known as the "Department of Health of the State of New Jersey." All of said members shall be residents of this State. At least two of the members shall be physicians, at least one a veterinarian, and at least one a sanitary engineer.

2. The members of the Department of Health shall be appointed by the Governor, by and with the advice and consent of the Senate, for the following terms, to commence on the first day of July, one thousand nine hundred and fifteen: One for one year, two for two years, two for three years. Annually thereafter, two members shall be appointed for a term of three years. Vacancies shall be filled for the unexpired terms. The board shall meet in the State House in Trenton at such times as its rules may prescribe in each and every month, and at such other times and places within the State as, in its judgment, may be necessary.

The members of the Department of Health shall receive no compensation for their services, but the State Treasurer shall, upon the warrant of the State Comptroller, pay their necessary expenses.

3. The Governor shall appoint, by and with the advice and consent of the Senate, a person who shall be known as the Director of Health, and who shall be a resident of this State. Said Director of Health shall receive a salary of six thousand dollars per annum, to be paid out of the treasury of this State as the salaries of other employees are now, or may hereafter be, paid. He shall devote his entire time to the duties of his office, and shall serve for a term of five years, and until his successor has been appointed and qualified.

4. The powers and duties of the Department of Health of the State of New Jersey shall be as follows:

(a) It shall exercise all the powers and perform all the duties now exercised and performed by or conferred and charged upon the Board of Health of the State of New Jersey.

(b) It shall enact rules to regulate the transaction of its business.

(c) It shall enact a State Sanitary Code, which shall contain such rules and regulations, the observance of which in its opinion, will promote health and prevent disease. It shall prescribe the time when each rule or regulation shall take effect, and it shall cause a copy of the code and of each amendment or addition thereto to be sent to each local board of health, or to the governing body of each municipality. Such code shall supersede as to those matters to which it relates all local rules and regulations and shall be observed throughout the State and enforced by all local health authorities. Nothing herein contained, however, shall be deemed to limit the right of local health authorities to make such further rules and regulations as, in their opinion, may be necessary for the particular locality under their jurisdiction; *provided,* that such rules and regulations do not conflict with the laws of the State or the State Sanitary Code.

(d) It shall call to the attention of local health authorities any failure on their part to enforce the laws of the State or the State Sanitary Code, and afford them an opportunity to explain their failure. Its determination as to what is a reasonable notice shall be conclusive. If, after a hearing, it finds that no good reason exists for the failure of the local health authorities to enforce the law or the Sanitary Code, it shall issue

an order directing them to do so. If the local health authorities fail to comply with such order within the time specified, or if none is specified within a reasonable time, the Department of Health shall itself take such action as may be necessary to perform the acts specified in the order. Any contracts which it may make for such purpose shall be binding upon the local municipality and shall be deemed to have the same force and effect as if duly authorized and made by the local health and municipal authorities. Any moneys expended by the State, and the amount of all obligations incurred by the Department of Health of the State of New Jersey to comply with such order, may be recovered in an action of debt, in its name, in any court of competent jurisdiction, such sum, when recovered, to be paid into the treasury of this State, from the municipality the health officers of which fail to comply with the order. In all legal proceedings the order of the Department of Health of the State of New Jersey shall be prima facie evidence of compliance with the provisions of this law and conclusive evidence of the violation recited in it.

(e) It may prescribe, unless otherwise provided by law, the qualifications of health officers and of all nurses.

(f) It shall fix the salaries of all employes.

(g) It may issue subpœnas signed by its president and secretary requiring the attendance of witnesses and the production of books and papers in any part of the State, before it or any of its committees or before the Director of Health, and any person who, being served with a subpœna issued pursuant to the provisions of this act, shall fail to attend or who shall fail to give testimony, unless such testimony incriminate him or subject him to a fine or punishment, shall be liable to a penalty of five hundred dollars for each and every offense, to be recovered in the name of the State of New Jersey; said penalty, when recovered, to be paid into the treasury of the State of New Jersey; and it shall be the duty of the Attorney-General to prosecute any and all actions for the recovery of penalties, when requested so to do, and when, in his judgment, the facts and the law warrant such prosecution.

(h) The Department of Health of the State of New Jersey shall report annually to the Legislature.

(i) The board shall also have power to create subdepartments or divisions, to take specific charge of the different lines of work contemplated in this act, and shall have power to appoint heads or chiefs of such subdepartments or divisions, at salaries to be fixed by said board, which heads or chiefs of said subdepartments

or divisions, first appointed under this act, may be appointed without any Civil Service examination, but immediately upon their appointment they shall be placed in the classified list of the Civil Service law of this State.

5. The powers and duties of the Director of Health of the State of New Jersey shall be as follows:

(a) He shall attend all meetings of the board, and shall be ex officio its secretary.

(b) He shall perform all the duties now imposed by law on the Secretary of the Board of Health of the State of New Jersey, at the time this act takes effect.

(c) He shall exercise general supervision over all matters relating to sanitation and hygiene throughout the State.

(d) He shall be and he hereby is charged with the enforcement of all laws relating to the health of the people of the State, and of the provisions of the State Sanitary Code.

(e) He shall be and he hereby is charged with the collection, preservation and tabulation of all information required by law in reference to births, marriages, deaths and all vital facts.

(f) He shall, when the board is not in session, exercise the powers conferred upon it in subdivision D of section four of this act, and any order issued by him shall have the same force and effect as if issued by the said board.

(g) Whenever the approval of the Department of Health of the State of New Jersey is required to any act, plan, paper, or proposed undertaking, he shall examine the same, and, when in his opinion it is necessary, he shall conduct hearings and examine witnesses, and he shall report to the board what he has done with his recommendations.

(h) He shall prepare a monthly health bulletin and cause the same to be distributed among the local health authorities.

(i) He shall confer, from time to time, with the Commissioner of Education, and co-operate with such Commissioner of Education so that, from time to time, health bulletins shall be distributed among all the public schools of the State and the children educated in sanitation and hygiene.

(j) At least once in every year he shall call together local health officials for a general conference on the subject of the health of the people of the State, and a discussion of ways and means to promote the same and to prevent disease.

(k) He shall be a member ex officio of each county mosquito extermination commission, and shall co-operate with them for the effective carrying out of their plans and work.

(l) He shall obtain, collect and preserve such information relating to the health of the people of the State and to the prevention of disease as may be useful in the discharge of his duties, or as may contribute to the welfare of the people of the State.

(m) He shall, whenever in his opinion it is necessary or advisable, or when directed by the board so to do, make a sanitary survey of the whole or any part of the State, and it shall be the duty of all local health officials for such purpose to furnish such information as he may demand, and to perform such acts as he may direct, with regard to, and within, the territory under their jurisdiction.

(n) He shall, from time to time recommend to the board such changes and additions as he thinks should be made to the State Sanitary Code.

(o) He shall report to the board upon such matters, and at such times, as may be prescribed in its rules.

(p) He may, and any person authorized by him so to do may, without fee or hindrance, enter upon, examine and survey all sources and means of water-supply, all sewage disposal plants, all sewage systems, all prisons, public and private places of detention, asylums, hospitals, schools, public buildings, private institutions, factories, workshops, tenements, and also any premises in which he has reason to believe there exists a violation of any health law of the State or of any provisions of the State Sanitary Code.

6. Whenever it is necessary for the Department of Health of the State of New Jersey to hold any hearings or to make any investigation under this or any law or rule, such hearings or investigation may be held or made by the direction of the board in accordance with such rules as it may prescribe before it or by the Director of Health, who shall submit to the board the evidence taken by him, together with his opinion thereon and his recommendations in regard thereto.

7. The board, by its presiding officer, each of its committees by their chairman, and the Director of Health, shall have authority to administer oaths and to examine under oath in any part of the State witnesses in any matter relating to the powers and duties of the board, or of the Director, or of the health of the people of the State, or the prevention of disease. Any person who, having been sworn by the presiding officer of the board, or the chairman of any of its committees, or by the Director of Health, wilfully gives false testimony, shall be guilty of perjury.

8. Immediately upon the establishment of the Department of Health of the State of New Jersey, it shall become the duty

of said department to codify the various laws relating in any way to the health of the people of this State, which have been passed, from time to time, and relating to or concerning the department in any manner whatsoever, which codification shall set forth in a clear and comprehensive manner, the origin of the department, meaning, thereby, its consolidation with the Board of Health of the State of New Jersey, the creative act of said board, after which shall follow, in their proper order, all existing acts amendatory thereof and supplementary thereto, and all acts relating to its consolidation (if any there has been) with any other board or boards, commission or commissions, department or departments. Said work of codification shall continue, from year to year, after the principle herein set forth, with the idea of preserving, in concrete form, the history and development, or evolution, so to speak, of the present Department of Health of the State of New Jersey, established by this act, and contributing materially to a better and more comprehensive understanding of all laws relating thereto, and of the powers and duties devolved upon said Department of Health, hereby created, by said acts.

9. In the appointment of persons to positions or employment under this act, except as hereinbefore provided, preference shall be given to those persons holding positions or employment in the Board of Health of the State of New Jersey, hereby consolidated with the Department of Health of the State of New Jersey, and all persons employed by the board created by this act, except as herein otherwise provided, shall be classified by the Civil Service Commission in the classified service of the Civil Service law, and shall not be removed from their positions or employment except in accordance with the provisions of section twenty-four of the Civil Service law of this State.

10. The Director of Health may be removed by the Governor after a hearing; *provided,* that charges against him have been submitted, in writing, signed by a majority of the members of the board; *and provided, further,* that the Governor finds such charges to be true in fact and their nature such that, in his opinion, the best interests of the State demand the removal of the Director.

11. All offices and employments held under and by virtue of the provisions of the act creating the Board of Health of the State of New Jersey, and all acts amendatory thereof and supplementary thereto, shall terminate on the thirtieth day of June, one thousand nine hundred and fifteen.

12. All acts and parts of acts inconsistent with the provisions

of this act be and the same are hereby repealed, and this act shall take effect on the first day of July, one thousand nine hundred and fifteen; *provided, however,* that if any section or parts thereof of this act shall be questioned in any court, and shall be held to be unconstitutional and void, the sections or parts thereof so declared to be invalid shall be exscinded and the balance of the act shall stand as though said sections or parts thereof had never been included within the provisions of this act.

Mr. Read, for the President, offered the following Concurrent resolution:

WHEREAS, Through a policy, which has existed and multiplied for years, under which the State assumes the expenses of any municipal and private property inspections, examinations and the like; and

WHEREAS, This expense has necessarily reached large proportions and in many cases possibly should be assumed by the municipalities or people directly affected, such as Civil Service examinations in municipalities under the law, inspections of tenement houses, inspections of factories, workshops, bakeries, etc., and a certain portion of health inspections, and those conducted under the direction of the Department of Weights and Measures, and other purely local functions now a burden on the State; therefore, be it

Resolved by the Senate (the House of Assembly concurring), That the Governor be requested to appoint a commission of five to thoroughly investigate the subject and to consider the advisability of assessing in whole or in part the person or persons or municipalities receiving the direct benefit of such inspections. The commission to consider as an illustration the method now pursued in charging to trust companies the examinations now conducted by the State Department of Banking and Insurance. The commission to report to the Governor, with any recommendation, which would tend to somewhat relieve the State of this large burden now assumed by them. The commission to proceed from the standpoint that the State would still maintain and control the general service, but assessing the benefits in a proper and proportionate manner. The commission likewise in its investigations to consider to what extent these State inspections are overlapping similar municipal inspections, and to recommend as a result of their inquiries and investigations a method where such overlapping could be averted.

The sum of five hundred dollars is hereby appropriated for the expenses of such commission when included in any regular or supplemental appropriation bill.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: March 3d, 1915.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following Senate Concurrent resolution:

WHEREAS, Through a policy, which has existed and multiplied for years, under which the State assumes the expenses of any municipal and private property inspections, examinations and the like; and

WHEREAS, This expense has necessarily reached large proportions and in many cases possibly should be assumed by the municipalities or people directly affected, such as Civil Service examinations in municipalities under the law, inspections of tenement houses, inspections of factories, workshops, bakeries, etc., and a certain portion of health inspections, and those conducted under the direction of the Department of Weights and Measures, and other purely local functions now a burden on the State; therefore, be it

Resolved by the Senate (the House of Assembly concurring), That the Governor be requested to appoint a commission of five to thoroughly investigate the subject and to consider the advisability of assessing in whole or in part the person or persons or municipalities receiving the direct benefit of such inspections. The commission to consider as an illustration the method now pursued in charging to trust companies the examinations now conducted by the State Department of Banking and Insurance. The commission to report to the Governor, with any recommendation, which would tend to somewhat relieve the State of this large burden now assumed by them. The commission to proceed from the standpoint that the State would still maintain and control the general service, but assessing the benefits in a proper and proportionate manner. The commission likewise in its investigations to consider to what extent these State inspections are overlapping similar municipal inspections, and to recommend as a result of their inquiries and investigations a method where such overlapping could be averted.

The sum of five hundred dollars is hereby appropriated for

the expenses of such commission when included in any regular or supplemental appropriation bill.

UPTON S. JEFFERYS,

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 9th, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following Concurrent resolution:

WHEREAS, The frequent floods of the Mississippi river, caused by waters from thirty-one States, embracing more than 41 per centum of the total area of the United States, result in great loss of human lives in portions of the States of Illinois, Tennessee, Kentucky, Mississippi, Missouri, Arkansas and Louisiana, and large money losses, not only in such afflicted territory but in other portions of the nation; and

WHEREAS, It has been declared by every member of the Engineer Corps of the United States Army, who has dealt with such floods, by the Mississippi River Commission and by other commissions appointed by Congress, that such floods can be prevented at a reasonable cost; and

WHEREAS, The work of such flood prevention has been going on for many years in the least economical way and over two-thirds of its cost has been borne by the damaged sections who can no longer cope with this giant problem without effective aid from the National government; and

WHEREAS, All political parties have declared in their campaign platforms that flood control of the Mississippi river is a National duty; therefore, be it

Resolved by the House of Assembly of New Jersey (the Senate concurring), That the Congress of the United States be and is hereby requested to fulfiill this National duty at its next session and to enact such legislation as shall provide a separate and comprehensive plan for the prevention of such floods without delay; be it further

Resolved, That copies of this resolution be sent to the Speaker of the House of Representatives, to the President of the Senate of the Congress of the United States and to each member of the Senate and House of Representatives of this State in Congress.

This act shall take effect immediately; *provided,* it shall not operate to effect the incorporation of the inhabitants of the above-described territory as a borough of this State until it shall have been accepted by a vote of a majority of the legal voters of the said township of Maurice River voting thereon at a special election to be held within the said township within thirty days from the approval of this act; such special election shall be held within the said township between the hours of six o'clock A. M. and seven o'clock P. M. of said day and such places within the said township to be fixed by the clerk of the township of Maurice River, in the county of Cumberland, who shall cause public notice thereof to be given by advertisements signed by himself, set up in at least ten public places within said described township, and published once in one newspaper circulating therein at least ten days prior to the day so fixed for such election.

Amend section 4, so that the same will read as follows:

4. Such special election shall be held at the time and place so

appointed and shall be conducted by the board of registry and election of each election district in the township of Maurice River which conducted the general election next preceding the holding of such election in said township, and shall be by ballot.

The registry of voters used at the last general election in each election district in said township shall be used at said special election, and the said board of registry of each election district in the township of Maurice River shall meet one week next preceding the day fixed for said special election at the place where the same is to be held from one o'clock P. M. to nine o'clock P. M. for the purpose of revising and correcting the registry lists in the manner provided under the general election laws of this State. The clerk of the township of Maurice River shall give public notice of such meeting of each board of registry and election at the time and in the manner hereinbefore provided for the giving of the notice of the time and place of holding of said special election, and shall provide suitable places for the holding of said special election and the necessary ballots for the electors voting thereat, upon which said ballots shall be printed the proposition to be submitted to the voters, with instructions, in the following form:

"If you favor the proposition printed below, make an × mark in the square to the left of and opposite the word 'Yes'; if you are opposed thereto make an × mark in the square to the left and opposite the word 'No.'

	Yes.	Shall the act entitled "An act to incorporate the borough of Leesburg, in the county of Cumberland," be adopted?
	No.	

If the voter makes an × mark in black ink or black pencil in the square to the left of and opposite to the word 'Yes,' it shall be counted as a vote in favor of such proposition. If the voter makes an × mark in black ink or black pencil in the square to the left of and opposite the word 'No,' it shall be counted as a vote against such proposition; and in case no mark shall be made in the square to the left of and opposite the word 'Yes' or 'No,' it shall not be counted as a vote for or against such proposition."

The Senate of the State of New Jersey learns with profound regret of the death of the Hon. John Hinchliffe, a former member of this body from the county of Passaic.

For six years mayor of the city of Paterson, during the most trying period of that city's history; for six years a member of this Senate, he at all times served his city, county and State with unswerving devotion.

His life was a shining example to his fellowman, and his death will be mourned by all.

Be it resolved, That a copy of this resolution be entered upon the Journal and forwarded by the Secretary of the Senate to the family of our deceased friend.

STATE OF NEW JERSEY,
DEPARTMENT OF STATE,
TRENTON, March 22d, 1915.

Hon. Francis Davis, Secretary, New Jersey State Senate, Trenton, N. J.:

DEAR SIR—Enclosed herewith find copy of preamble and resolutions passed by the General Assembly of the State of Connecticut. The Secretary of State of the State of Connecticut requests that this copy be transmitted to the Legislature of this State.

Very truly yours,
DAVID S. CRATER,
Secretary of State.

STATE OF CONNECTICUT,
GENERAL ASSEMBLY,
January Session, A. D. 1915.

(House Joint Resolution No. 92.)

Resolution recommending an amendment to the Constitution of the United States concerning polygamy.

WHEREAS, It appears from investigation recently made by the Senate of the United States, and otherwise, that polygamy still exists in certain places in the United States notwithstanding prohibitory statutes enacted by the several States thereof; and

WHEREAS, The practice of polygamy is generally condemned by the people of the United States, and there is a demand for the more effectual prohibition thereof by placing the subject under federal jurisdiction and control, at the same time reserving to each State the right to make and enforce its own laws relating to marriage and divorce; now, therefore,

Resolved, That the application be made and hereby is made under the provision of article V of the Constitution of the United States whereby polygamy and polygamous cohabitation shall be prohibited, and Congress shall be given power to enforce such prohibition by appropriate legislation;

Resolved, That the legislatures of all other States of the United States now in session or when next convened, hereby are respectfully requested to join in this application by the adoption of this or an equivalent resolution;

Resolved, further, That the Secretary of State hereby is directed to transmit copies of this application to the Senate and House of Representatives of the United States and to the several members of said bodies representing this State therein; also to transmit copies hereof to the legislatures of all other States of the United States.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: March 29th, 1915.

I return herewith Senate bill No. 130, without my approval.

The law now permits boards of chosen freeholders to determine, by resolution, to establish county tuberculosis hospitals. This bill is not intended to deprive them of that right, but it would enable the freeholders to shift the responsibility for deciding the question to the voters of the county. If the freeholders were required to submit all county questions to referendum, or even if the question of the erection of the county institutions or buildings was thus to be decided, the proposition would be different, but I cannot see the propriety of selecting this institution as the lone subject for popular vote. In my judgment the freeholders are just as able to decide (and should be required to decide) this question as they are to determine whether an insane hospital should be erected or a county bridge constructed.

Respectfully,

[SEAL] JAMES F. FIELDER,
Governor.

Attest:
L. EDWARD HERRMANN,
Secretary to the Governor.

Mr. Read moved the Governor's message be received and laid over under the rules, which was agreed to.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: March 29th, 1915.

I return herewith Senate Bill No. 174, without my approval.

After the hearing held on this bill and a careful consideration of the arguments presented, I am not convinced that our law permitting the establishment of branch banks, works to the disadvantage of the people of our State. In no place where they have been tried have they been shown to be injurious to the community, and I think the law should be given a further trial. As far as I can observe, the objection to the law comes mainly from the National banks and from those trust companies which would naturally prefer no business opposition, but I have heard no objection from the business man who seeks the greatest free-

dom for banking facilities. It seems to me that he is the one to be considered, and surely branch banking provides more funds for discount purposes; it means the establishment of branches in small communities where an independent bank might not be a paying enterprise, and it means larger experience in banking management, thus minimizing the danger of bank failures. It must be borne in mind that no branch bank can be established without the consent of the Commissioner of Banking and Insurance, and where business conditions do not warrant it no branch can be located, so that there is but slight danger of a branch bank in unnecessary competition with another banking institution. Looking at this question from the standpoint of the investor, the depositor, the borrower and the general business man, the argument, in my opinion, is wholly in favor of permitting the present law to remain in force.

Respectfully,

[SEAL] JAMES F. FIELDER,
Governor.

Attest:

L. EDWARD HERRMANN,
Secretary to the Governor.

Mr. Read moved the Governor's message be received and laid over under the rules, which was agreed to.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: March 29th, 1915.

I return herewith Senate bill No. 241, without my approval. It authorizes boards of freeholders to purchase toll roads, giving the State no voice as to the amount of the purchase price, but making it possible to have the whole cost paid out of State funds and none paid locally. This is another attempt to saddle on the State the expense of a proposition which is largely, if not wholly, of purely local benefit. You have recently adopted a concurrent resolution calling for the investigation of the policy under which the State assumes the expense of municipal examinations, inspections and functions, local in their results, and this bill is similar in principle. Under the law now in force for the purchase of toll roads, the price to be paid is subject to the approval of the Commissioner of Roads; not exceeding one-third of the cost can be placed on the State and the freeholders may

require each municipality through which the road passes to pay ten per cent. of the value of the portion lying in such municipalities.

This bill, too, authorized the payment of the entire purchase price without requiring the satisfaction and discharge of a mortgage on the road, by permitting the freeholders to accept from the owner a "satisfactory bond" that the mortgage will some day be paid. This is not possible under the present law and I fail to see why the owner, upon receiving the whole purchase price, should not be required to deliver a title free from encumbrances.

Respectfully,

[SEAL] JAMES F. FIELDER.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 5th, 1915.

It is my very sad duty to inform you of the sudden death of David S. Crater and to call your attention to the vacancy thereby created in the office of Secretary of State. I am advised by the Attorney-General that this vacancy must be filled at once because in his opinion the office of Assistant Secretary of State terminates with the death of his chief, and that there is, therefore, no one with whom approved bills can be filed or who can perform the functions of the Department of Secretary of State. Under these circumstances I am constrained to send you a nomination to fill the vacant office and to most respectfully recommend that action on its confirmation be taken forthwith.

Respectfully,

[SEAL] JAMES F. FIELDER,
Attest: *Governor.*

L. EDWARD HERRMANN,
Secretary to the Governor.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: April 5th, 1915.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following Concurrent resolution:

Resolved by the Senate (the House of Assembly concurring), That the Governor be requested to return to the Senate, Senate Bill No. 114, for the purpose of further consideration.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 12th, 1915.

I return herewith Senate Bill No. 260, without my approval.

Under the act of 1894, the Volunteer Firemen's Relief Associations were given the option of uniting with Paid Firemen's Relief Associations, or of withdrawing their funds and maintaining a separate organization. This bill would permit such of them as voluntarily withdrew to now come back to these Paid Firemen's Relief Association, bringing with them as much of their funds as remain, while the latter organization is given no right to say whether or not it desires consolidation and will consent thereto.

It seems to me that the provisions of this bill to the effect that in case of consolidation the payment of such funds shall be made to the "Old Volunteer Relief Association," would result in confusion, if not in litigation, because where a separation of the two organizations has heretofore occurred, the old volunteer association ceased to exist and there would now be no such body to which payment of the funds could be made.

Respectfully,
JAMES F. FIELDER,
(SEAL) *Governor.*
Attest: L. EDWARD HERRMANN,
Secretary to the Governor.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 12th, 1915.

I herewith return Senate Bill No. 5 without my approval for the following reasons:

The Economy and Efficiency Commission, after two years of investigation, recommended the consolidation of the Department of Labor and the Bureau of Industrial Statistics, under the management of a commission, with a Director or Commissioner

of Labor as executive officer. This identical plan also recommended in the consolidation of other departments, has been approved and accepted by the Legislature, but in this single instance you prefer to reject it. I have doubts as to the propriety of wiping out the Bureau of Industrial Statistics, which since its organization thirty-seven years ago has performed efficient work, by combining it with another department whose functions are radically different in character. The Department of Labor is clothed with the police duty of enforcing laws for the protection of a certain class of our people, namely, the employees and operatives in factories, workshops and similar places, while the Bureau of Industrial Statistics is constituted to foster and encourage the industrial and economic interests of the whole State and of all classes of its people, by gathering, collating and disseminating information concerning the State, requiring a thorough knowledge of statistical science, economics and various phases of industrial interests. But notwithstanding my doubts, I would be willing to accept the recommendation of the Economy and Efficiency Commission in this regard, as I have accepted its other recommendations, by signing by the bills passed thereon. I feel sure that if the plan devised for the Department of Conservation and Development, for the Department of Commerce and Navigation and for the State Board of Health will work satisfactorily, it will work equally as well with the two departments proposed to be consolidated by this bill.

The charge is freely made that the sole reason for deviating from that plan in this case is political, namely, to save the Commissioner of Labor the position he now holds. Under the plan I mentioned, all other Commissioners and heads of Departments, upwards of seventy in number, are legislated out of office, among them many excellent officials, no such tender consideration being shown them as this bill proposes for the Commissioner of Labor. In the reorganization of departments, "economy and efficiency" were the watchwords and for them I am not willing to be a party to the substitution of the word "spoils." It was the honest intention of the Economy and Efficiency Commission to save money for the State and politics played no part in their work. I prefer to take my stand with the Commission and keep politics out of the completion of their work, and, therefore, I disapprove this bill.

Respectfully,

[SEAL] JAMES F. FIELDER,
Governor.

Attest:

L. EDWARD HERRMANN,
Secretary to the Governor.

The veto messages of the Governor were read and laid over under the rules.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 13th, 1915.

I return herewith Senate Bill No. 347 without my approval.

The act which this bill seeks to amend prohibits the merger of corporations unless the Utility Commission in its discretion consents. This bill requires that all mergers shall be permitted if not unduly prejudicial to the interests of the parties concerned or to the public. Permission to merge would not be sought unless the parties concerned desired it, and as notice of the application is to be given only to the parties concerned, the public will have no opportunity to show that the merger is prejudicial to its interests.

The law now provides that the directors of any company putting through a merger without the consent of the Utility Commission shall be guilty of a misdemeanor and punished accordingly. The bill proposed to strike out that provision and

substitute for it the mild and quite obvious remark that the merger shall be void.

Respectfully,

[SEAL] JAMES F. FIELDER,

Attest: *Governor.*

L. EDWARD HERRMANN,
Secretary to the Governor.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 13th, 1915.

I return herewith Senate Bill 345 without my approval.

The act which this bill seeks to amend is one of a series passed in 1913 for the purpose of putting an end to improper practices which were possible under our corporation laws, and which had earned for New Jersey the title "Mother of Trusts." This particular act is the one which defines a trust and provides a penalty for engaging in illegal combinations or agreements.

Under the law which this bill would amend, if the effect or result of a combination or agreement between corporations is to create a monopoly, or to increase the price of commodities, or to prevent competition, or to control prices, such combination or agreement is illegal and the corporation or person responsible can be indicted and punished. This bill proposes to write into the law the words, "with the intent to substantially lessen competition or increase monopoly," and should I approve it, the State would be compelled in all legal proceedings to show that notwithstanding that the things against which we desire to guard, followed as a result of a combination or agreement, that it was the intention of the parties thereto that such result would follow. The State would thus be required to prove the thoughts or state of mind of the indicted persons.

Respectfully,

[SEAL] JAMES F. FIELDER,

Attest: *Governor.*

L. EDWARD HERRMANN,
Secretary to the Governor.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 13th, 1915.

I return herewith Senate Bill No. 346 without my approval.

The act which this bill seeks to amend makes it unlawful to discriminate between persons in the selling price of a commodity, or to render service at a lower rate to one person than to others. Its intent is to prevent unfair competition, restriction of trade and secret rebates or prices. This bill would make all these things lawful if done for the purpose of meeting competitive prices. It would enable a large corporation to locate next to a small competitor and for the alleged purpose of meeting competition, drop its prices just below those of the small dealer and if the latter attempted to meet the reduction, drop again and again until the small concern succumbs.

Respectfully,

[SEAL] JAMES F. FIELDER,
Governor.

Attest:
L. EDWARD HERRMANN,
Secretary to the Governor.

The veto messages of the Governor were read and laid over under the rules.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, sealed and indorsed "Nominations."

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 14th, 1915.

I beg leave to transmit herewith a further report of the Economy and Efficiency Commission on the subject of future investigations by such commission.

Respectfully,

[SEAL.] JAMES F. FIELDER,
Governor.

L. EDWARD HERRMANN,
Secretary to the Governor.

To the Governor and Legislature of the State of New Jersey:

On the occasion of the presentation of the third report of the Economy and Efficiency Commission, at the convening of the present Legislature, January 12th, 1915, your commission advised that they would submit a further report during the present session, after learning the Legislature's attitude with the recommendations so far made.

The Legislature has passed in general form seven of the eight bills presented. Unfortunately the delay encountered in the enactment of our recommendations has necessarily postponed further activities until it is too late to present additional concrete proposals at this session. However, we are now ready to continue our investigations and prepare definite plans for the final completion of the responsibility assigned to us. In this connection we again call attention to that part of our last report,

enumerating a number of additional activities, leading to consolidation and the preventing of overlapping responsibilities, and if a proper appropriation for continuing investigations is allowed by the present Legislature, this work will be continued without cessation, until all State functions, coming under the responsibility assigned to us by resolution, have been covered and recommendations made. We will, of course, await final action on remaining measures in the general interest of consolidation, which, however, we presume will be finally disposed of in the next few days.

(Signed) WALTER E. EDGE,
SAMUEL LUDLOW,
JAMES F. O'MEALIA,
WILLIAM J. KRAFT,
PETER J. MCGINNIS,
ARTHUR M. AGNEW,
Commissioners.

Adopted at a meeting of the Economy and Efficiency Commission, held April 5th, 1915.

The following message was received from the House of Assembly by the hands of its Clerk:

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 19th, 1915.

I return herewith Senate Bill No. 171 without my approval.

It impresses me as an unnecessary, ineffective law, because to secure a conviction it would be necessary to prove too many things concerning the state of mind of the defendant and of the mortgagee. It is broad enough too, to prohibit a real estate broker from offering in good faith a new loan to a man who has money invested upon a bond and mortgage, the principal whereof is due.

Respectfully,

[SEAL.] JAMES F. FIELDER,
Governor.

Attest:
L. EDWARD HERRMANN,
Secretary to the Governor.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 19th, 1915.

I return herewith Senate Bill No. 252 without my approval, because it proposes to amend the title of the amendatory act of 1914, when it is the title of the main act of 1886 which should be amended.

Respectfully,

[SEAL.] JAMES F. FIELDER,
Governor.

Attest:
L. EDWARD HERRMANN,
Secretary to the Governor.

Mr. Read moved that the vote by which

Committee substitute for

Assembly Bill No. 228, entitled "An act authorizing the appointment in cities of the second class in this State of an interpreter of the Italian language to assist the recorders in such cities and fixing the salary of such interpreter,"

Was passed on third reading be reconsidered, which was agreed to by the following vote:

In the affirmative were—

Messrs. Ackerson, Ackley, Allen, Colgate, Edge (President), Gaunt, Hennessy, Hutchinson, Martens, Mathis, McGinnis, Pierce, Rathbun, Read, Smalley, Wheaton—16.

In the negative—None.

Said bill was taken up on third reading.

Mr. Read asked unanimous consent to amend said bill on third reading.

Which was agreed to.

Mr. Read offered the following amendments, which were read and adopted:

Amend section one, lines three and four, by striking out the words "said recorders" and substituting therefor the words "governing body of such city"; and line five, by making the semicolon a period, and striking out the balance of the line following and lines six and seven; line fourteen by striking out the word "recorder" and substituting therefor the words "governing body of such city".

In the affirmative were—

Messrs. Ackerson, Ackley, Barber, Colgate, Edge (President), Gaunt, Hutchinson, Martens, Mathis, McGinnis, Pierce, Rathbun, Read, Smalley, Wheaton—15.

In the negative—None.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate had passed the same, with amendments, and requests its concurrence therein.

Mr. Rathbun moved that the vote by which the amendments to Assembly Bill No. 311 were adopted be reconsidered, which was agreed to by the following vote:

In the affirmative were—

Messrs. Ackley, Barber, Colgate, Edge (President), Gaunt, Hutchinson, Martens, Mathis, Munson, Pierce, Rathbun, Read, Smalley, Wheaton—14.

In the negative—None.

By unanimous consent Mr. Rathbun withdrew the amendments and substituted the following amendments, which were read and adopted:

Amend the title as follows:

In line two strike out the words "whether individuals, firms or corporations" and insert in the place thereof the words "in certain cases".

In line five strike out the words "any city" and insert in their place the words "certain cities".

Strike out after the word "State" the balance of line six and all of lines seven, eight and nine.

In line ten strike out the word "require" and substitute therefor the words "and requiring".

Substitute a period for the comma in line eleven and strike out the balance of the title.

Mr. Ackerson by unanimous consent, on leave, introduced

Senate Bill No. 383, entitled "A further supplement to an act entitled 'An act making appropriations for the support of the State government and for the several public purposes for the fiscal year ending October thirty-first, one thousand nine hundred and fifteen,' approved April twentieth, one thousand nine hundred and fourteen,"

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Appropriations.

Mr. Ackerson moved that the said bill be taken up on second reading without reference, which was disagreed to by the following vote:

In the affirmative were—

Messrs. Ackerson, Barber—2.

In the negative was—

Mr. Pierce—1.

On motion of Mr. Read, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Gaunt, Hennessy, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Rathbun, Read, Smalley, Wheaton—18.

Mr. Read, Chairman of the Committee on Judiciary, reported

Section two, line five, insert the word "conducting" between the words "for" and "annual".

Section three, by inserting between lines two and three the following: "Official ballot." "Proposed amendments of the Constitution of the State of New Jersey." By inserting before line thirty-three in the title "Article IX", the word "amendments".

Section four, line five, by transposing the words "against" and "for".

Section seven, line five, by striking out the word "of" and substituting therefor the word "for".

Amend as follows:

Section three, line twelve, after the word "hereafter" insert a comma; line fifteen, after the word "provided" strike out the comma; line seventeen, after the word "barrack" insert a comma; line eighteen, after the word "person", where it first occurs, insert a comma; line eighteen, after the word "crime" strike out the comma; line twenty, strike out "said" and insert "sand"; line twenty-two, after the word "provided" strike out the comma; line twenty-seven, add the letter "s" to the word "district".

Page four, line fifty, after the word "provided" strike out the comma.

Page five, line sixty-five, change the word "places" to "place".

Page nine, section nineteen, line one, strike out the word "official" and insert the word "sample".

Amend Senate Bill 382 by adding the following sections:

3a. It shall be the duty of the Secretary of State on or before the first day of August, nineteen hundred and fifteen, to prepare and have printed at least five hundred sample forms of ballots, conforming to the above provision, as to contents (including directions for voting), and style and arrangement, printed, however, in such size type and with such size and arrangement of space and form as will in his judgment simplify and make clear the propositions proposed to the voter, and also blank statements of the results of election and copies of this act, and the Secretary of State, on or before the fifteenth day of August, next following, shall mail by registered mail to the county clerk of each county of the State, at least twenty-five of such printed sample forms of ballot; which form shall be strictly followed by the county clerks of the various counties in preparing and furnishing the sample and regular ballots for the election herein provided for, with such additions as to numbering for each election district and other additions made necessary by the locality in which they are to be used, so as to conform to the provisions of "An act to regulate elections," approved April fourth, one thousand eight hundred and ninety-eight, and the supplements and amendments thereto; which act, so far as not inconsistent with this act, shall be applicable. And it shall be the duty of the clerk of each county of this State, at least two weeks before the date fixed for the said special election, to prepare and have printed a sufficient number of official and sample ballots required for the purpose of this act, in the form herein provided, for the use of all the voters of such county, which sample ballots shall be typographically a copy of the official ballot to be so furnished, with the exception of number and the endorsements hereinafter provided for. The official ballots so prepared shall have endorsed thereon the following: "Official Ballot for Special Election, October nineteenth, one thousand nine hundred and fifteen, for the county. . . . . ". (Name of county to be filled in.) Then shall follow a facsimile of the signature of the county clerk of such county, and each official ballot so to be used shall be numbered serially from one upward, as official ballots are required to be numbered for general elections, according to the

provisions of an act entitled "An act to regulate elections" (Revision of 1898), approved April fourth, one thousand eight hundred and ninety-eight, and the supplements and amendments thereto, so that the same shall be properly numbered for each of the said election districts of his county.

3b. It shall be the duty of the Secretary of State on or before the first day of August, nineteen hundred and fifteen, to prepare and have printed such portion or portions of the Constitution or a summary statement thereof as shall be necessary to clearly disclose to the voter the relation of the amendment or amendments submitted to the existing Constitution, as shall have been designated by the Attorney-General in a writing filed with the Secretary of State in compliance with the provisions of "A supplement of an act entitled 'A supplement to an act entitled "An act to regulate elections (Revision of 1898)," approved April fourth, one thousand eight hundred and ninety-eight, which supplement was approved April nineteenth, one thousand nine hundred and eleven,'" approved April fifteenth, one thousand nine hundred and fourteen.

And the Secretary of State shall cause to be delivered on or before the first day of September, one thousand nine hundred and fifteen, to each county clerk a sufficient number of copies of the printed matter aforesaid to comply with the provisions of said act.

3c. It shall be the duty of the clerk of each county in this State, at least ten days before said election, to transmit to the several municipal clerks in his county a sufficient number of the official ballots (in sealed packages), sample ballots and printed statements as aforesaid together with a sufficient number of stamped envelopes, for the use of the voters and boards of election in each of the election districts in their respective municipalities; which said official ballots, sample ballots, printed statements and stamped envelopes shall, at least one week before said election, be delivered by said municipal clerks to the district boards of registry and election in each election district or precinct in his municipality. It shall be the duty of said boards of registry and elecion, at least five days before said special election, to mail a copy of said sample ballot and printed statement to each of the voters whose names appear upon the registry list in their respective election districts as hereinafter provided.

3d. Each person entitled to vote shall receive one ballot, to be furnished by a member of the board of election, and shall retire with the same into one of the election booths to prepare

his ballot, and shall then deliver the same folded to a member of the election board, who shall immediately deposit the same in the ballot-box in the presence of the voter; (the manner of voting and the procedure of the election officers shall in all respects, as far as practicable, conform to the requirements of the general law respecting elections).

Said bill, as amended, was then read a second time, considered by sections, agreed to, amendments ordered to be printed, and the bill to have a third reading.

Assembly Bill No. 281, entitled "An act to change the name of Henry F. Spalt,"

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the privileges of the floor be extended to Master Lawrence McGinnis, the five-year-old son of Senator McGinnis, and a future Senator from Passaic county.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 20th, 1915.

I return herewith Senate Bill No. 42 without my approval.

We now have a law under which municipalities may secure the elimination of dangerous grade crossings and also those which impede public travel. I have heard no complaint that such law is not ample for the purpose, or any demand for further legislation on the subject. The municipalities of Paterson, Cranford and Perth Amboy have applied for relief under the existing law and the Public Utility Commission, after a full hearing, has ordered the elimination of the crossings complained of. I feel that any law passed on this subject will be tested by the railroads and that we should try the existing law before repealing it.

This bill will operate to the disadvantage of municipalities for six reasons:

1. It does not provide for the speedy elimination of crossings which impede travel and under it, they can only be eliminated as the railroad wishes or until all grade crossings are removed, years hence.

2. It provides for the ultimate removal of all grade crossings, but there are some which should not be removed and which the municipalities do not want removed. Through the seashore towns for instance, the tracks cannot be depressed because they would be flooded with water and the municipalities do not want them elevated.

3. The municipality may be required to pay part of the cost of elimination which may, in some cases, amount to twenty-five per cent., while under the existing law the municipality pays nothing.

4. Such municipalities as contemplate making application under the existing law lose the benefit of all preparation they have made because this bill repeals the existing law, except as to proceedings already under consideration by the Public Utility Commissioners. All preliminary work done by a municipality, such as preparing plans, obtaining evidence as to danger and the impediment to traffic at the crossings, will be wasted. This work, requiring months of preparation, may have been done by a municipality in reliance upon the provisions of the existing law which exempts the municipality from bearing any part of the cost of elimination. It will all go for nothing if this bill becomes a law, unless the municipality is prepared to pay a portion of such cost.

5. Under this bill a railroad need eliminate but one grade crossing in every year for every thirty miles of road. Under the existing law there is no limit upon the number of such crossings that may be eliminated. For instance, in the city of Paterson, the Public Utility Commission has ordered fourteen grade crossings removed on one railroad whose total length in this State is less than thirty miles. If the proposed bill were the law, the railroad might insist that it is not required to eliminate more than one crossing a year and thus claim fourteen years in which to eliminate the Paterson crossings.

6. This bill permits the railroad company in the first instance to select the crossing which shall be eliminated each year and it is only in the event of its failure to make such selection that the Public Utility Commission can act. Not only may the railroad select the crossing, but it may also select the manner in which the elimination may be effected, for it is under no obligation to consult the municipal authorities or the Utility Commission with reference to the removal. The railroad is thus given the alternative of removing a crossing without supervision or control of any board or authority unless by application of the municipality it is brought under the regulation of the Public

Utility Commission. The scheme of elimination may be entirely unsatisfactory to the municipality and yet the railroad may put it through under this bill, in spite of all objection. The existing law, on the contrary, provides that plans for grade crossing elimination shall be filed with the Public Utility Commission by any or all parties interested and such plan as is approved by the Commission shall be adopted.

This bill relieves street railway companies of the obligation imposed upon them by the existing law to pay as much as ten per centum of the expense of removal of a crossing used by the street railway, it being generally recognized that street railways will particularly benefit by the elimination of busy and dangerous crossings. In fact, in 1912, the author of this bill introduced another bill on the subject in which he proposed to impose a portion of the cost on the street railway and the omission of a provision of this kind is an exception to the general trend of grade crossing legislation.

There is no authority given in this bill to condemn property and there is no such authority under any law when the railroad on its own motion eliminates a crossing. In every case where a crossing is removed, the property rights of adjoining owners are affected and they cannot be deprived of their property without the exercise of the rights of eminent domain. Under the existing law the right to condemn land is given to the railroads for the purpose of obeying an order of the Public Utility Commission.

The proposed bill would in my judgment be an inferior substitute for the present grade crossing act. Under the existing law every petition for the elimination of a crossing at grade has been disposed of by the Public Utility Commission and that Commission is now conducting, on its own initiative, proceedings for the elimination of what it considers the most dangerous crossings in the State. The principle underlying the present law is the same as is involved in the Connecticut statute which has been passed upon by the United States Supreme Court.

Respectfully,

JAMES F. FIELDER,
Governor.

The following report of committee appointed by the Legislature of 1914 to investigate the advisability of a building code and to confer with the State Board of Education on such matters, was presented by Mr. Hennessy:

To the Senate of the State of New Jersey:

The subscribers, the committee appointed by the President of the Senate of Nineteen Hundred and Fourteen, pursuant to the following resolution of the Senate, adopted April sixth, nineteen hundred and fourteen, to wit:

"*Resolved,* That a special committee of three members of the Senate be appointed by the President of the Senate to investigate the advisability of enacting a building code, and to confer with the State Board of Education on such subject matter, and to report its findings at the next session of the Legislature,"

do respectfully report that, subsequent to the adoption of said resolution, the State Board of Education did revise the building code of the schools of the State modifying the former code to such an extent that the committee concluded it would be advisable to make no further changes until the new code had been tried out.

The committee did meet with the State Board of Education on November tenth last to confer with them upon the subject matter and did also hear parties who desired to appear before the committee and offer objections to the old school building

code. The committee learned that the present school building code of the State of New Jersey is far less stringent than very many of the States of the Union. Those who appeared as objectors before the committee seemed to lay greater stress upon some of the provisions of the school law and the enforcement thereof, which do not come within the purview of the resolution, than to the building code and its enforcement, and none of those who appeared before the committee had become acquainted with the new code which was adopted in August, nineteen hundred and fourteen.

In view of the foregoing, the committee presents its report without any recommendations.

JOURNAL

OF THE

SPECIAL SESSION.

(1271)

Special Session.

MONDAY, May 3d, 1915.

Pursuant to the proclamation of the Governor, the Senate met at 12 o'clock noon.

The session was opened with prayer by the Rev. Edward G. Read, D.D.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Egan, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Rathbun, Read, Smalley, Wheaton, White—18.

Under the direction of the President, the Secretary read the following proclamation from the Governor, calling a Special Session of the Legislature:

STATE OF NEW JERSEY,
EXECUTIVE DEPT.

PROCLAMATION.

WHEREAS, Certain proposed amendments to the Constitution of this State have been agreed to by two successive Legislatures and should be submitted to the people at a special election; and

WHEREAS, At the last session of the Legislature a bill was passed providing for such special election, which bill is known as chapter three hundred and eighty-five of the laws of one thousand nine hundred and fifteen, and the Attorney-General having advised the Secretary of State that grave doubt exists as to whether a valid election can be held thereunder and that said act appears to be practically unworkable and that an attempt to act under it will give rise to uncertainty and opportunities for litigation; and

WHEREAS, In my opinion public necessity requires the convening of the Legislature in Special Session to correct such

defects by proper legislation, under which the expressed purpose of two successive Legislatures, may not be defeated, at which Special Session no other subjects need be considered;

Therefore, I, JAMES F. FIELDER, Governor of the State of New Jersey, by virtue of the power vested in me by the Constitution, do convene the Legislature of this State, hereby requiring the Senate and the Members of the General Assembly to meet in their respective chambers at the State House, in the city of Trenton, on Monday, the third day of May, instant, at twelve o'clock noon.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed, at Trenton, this twenty-ninth day of April, in the year of our Lord one thousand nine hundred and fifteen, and in the Independence of the United States the one hundred and thirty-ninth.

[GREAT SEAL.]

JAMES F. FIELDER,
Governor.

Attest:

THOMAS F. MARTIN,
Secretary of State.

STATE OF NEW JERSEY,

DEPARTMENT OF STATE.

I, THOMAS F. MARTIN, Secretary of State of the State of New Jersey, do hereby certify that the foregoing is a true copy of a proclamation calling for a Special Session of the Legislature, to be held in the city of Trenton, on Monday, the third day of May, A. D. nineteen hundred and fifteen, as the same is taken from and compared with the original, filed in my office on the twenty-ninth day of April, A. D. nineteen hundred and fifteen.

In testimony whereof, I have hereunto set my hand and affixed my Official Seal, at Trenton, this third day of May, A. D. nineteen hundred and fifteen.

[SEAL.]

THOMAS F. MARTIN,
Secretary of State.

On motion of Mr. Read, the foregoing proclamation was received and ordered spread upon the Journal.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be and he is hereby directed to inform the House of Assembly that the Senate has convened pursuant to the proclamation of the Governor, which proclamation bears date the twenty-ninth day of April, one thousand nine hundred and fifteen, and has proceeded to business.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That a committee of three be appointed by the President to wait upon the Governor and inform him that the Senate has convened pursuant to his proclamation, and is ready to proceed to the transaction of business.

The President appointed as such committee Senators Colgate, Mathis and Ackley.

Mr. Read offered the following resolution, which was read and adopted:

Resolved, That a committee of five be appointed by the President (of which he shall be one), to be known as the "Committee on Procedure," and that all bills and joint resolutions introduced at this Special Session and referred to this committee shall not be acted upon unless reported favorably by a unanimous vote of this committee.

The President appointed as such committee Senators Rathbun, Pierce, McGinnis, Egan and the President.

The committee to notify the Governor returned and reported that the Governor would communicate to the Senate by message.

The following message was received from the Governor, by the hands of Mr. Herrmann, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Legislature: May 3d, 1915.

Several mistakes having been discovered in the law providing for a special election for submitting to the people the proposed amendments to the Constitution. and the Attorney-General being of the opinion that the law is practically unworkable and that any attempt to act under it will give rise to uncertainty and opportunities for litigation, I have convened you in special session to correct those mistakes and to enact a law which will not be open to criticism and under which the special election can safely be held. So that you may have before you a carefully

considered bill, I have referred the matter to the Attorney General. He advises that the law recently enacted be repealed and a new law passed. I herewith transmit to you a copy of the repealer and of a new bill, both prepared by him, requesting that both be introduced and passed without delay.

A bill passed at your late session, and approved by me, authorizes the appointment of an additional Circuit Court Judge, but you failed to appropriate any money to cover salary. I am informed that the services of a Circuit Judge are immediately necessary to assist in relieving the congested trial calendars in our counties, and I therefore recommend that legislation be enacted to provide the funds from which to pay the salary specified in the law.

Permit me to urge that this Special Session be made a short one. The total number of laws and joint resolutions resulting from your regular session is four hundred and nineteen, as compared with two hundred and seventy-six which make up the laws of last year, and it does not appear to me that we need more legislation on any subject.

Respectfully,
JAMES F. FIELDER,
Governor.

Mr. Read, on leave, introduced

Special Session Senate Bill, No. 1, entitled "An act providing for the submission of proposed amendments to the Constitution of this State, to the people thereof,"

Which was taken up, read for the first time by its title, and ordered to have a second reading.

Mr. Read moved that the rules be suspended and said bill be given a second and third reading, without reference, and, when passed, leave the custody of the Senate at once, which was agreed to by the following vote:

In the affirmative were—

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Egan, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Rathbun, Read, Smalley, Wheaton, White—18.

In the negative—None.

Said bill was taken up, read a second time, considered by sections, agreed to, ordered to be printed, and to have a third reading.

Said bill was then taken up on third reading.

Mr. McGinnis asked unanimous consent to amend said bill on third reading.

Which was agreed to.

Mr. McGinnis offered as an amendment, Special Session Senate Bill No. 3, as a substitute, which was disagreed to by the following vote:

In the affirmative were—

Messrs. Ackerson, Ackley, Barber, Egan, Martens, McGinnis, Munson, Wheaton—8.

In the negative were—

Messrs. Allen, Colgate, Edge (President), Hutchinson, Mathis, Pierce, Rathbun, Read, Smalley, White—10.

Messrs. Ackerson, Ackley, Allen, Barber, Colgate, Edge (President), Egan, Hutchinson, Martens, Mathis, McGinnis, Munson, Pierce, Rathbun, Read, Smalley, Wheaton, White—18.

In the negative—None.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

A message was received from the Governor, by the hands of Mr. Herrmann, his Secretary, sealed and indorsed "Nominations."

Mr. McGinnis, on leave, introduced

Special Session Senate Bill No. 2, entitled "An act to repeal an act entitled 'An act providing for the submission of proposed amendments to the Constitution of this State, to the people thereof,'" approved April twenty-one, one thousand nine hundred and fifteen,

Which was taken up, read for the first time by its title, ordered to have a second reading, and referred to the Committee on Procedure.

Mr. McGinnis, on leave, introduced

Special Session Senate Bill No. 3, entitled 'An act providing for the submission of proposed amendments to the Constitution of this State, to the people thereof,"

Which was taken up, read for the first time by its title, ordered to have a second reading, and referred to the Committee on Procedure.

Mr. Smalley, on leave, introduced

Special Session Senate Bill No. 4, entitled "A supplement to an act entitled 'An act making appropriations for the support of the State government and for the several public purposes for the fiscal year ending October thirty-first, one thousand nine hundred and sixteen,' " approved April twenty-sixth, one thousand nine hundred and fifteen,

And

Special Session Senate Bill No. 5, entitled "A further supplement to an act entitled 'An act making appropriations for the support of the State government and for the several public purposes for the fiscal year ending October thirty-first, one thousand nine hundred and fifteen,' " approved April twentieth, one thousand nine hundred and fourteen,

Which were read for the first time by their titles, ordered to have a second reading, and referred to the Committee on Procedure.

The following message was received from the House of Assembly, by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
May 3d, 1915.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following resolution:

Legislative Record—Regular and Special Sessions of 1915.

The regular session convened January 12th, 1915, and adjourned April 20th, 1915; duration fifteen weeks. The special session convened May 3d, 1915, and adjourned the same day; duration ten hours. At the latter session eight bills were introduced and two passed, both of which were approved by the Governor.

During the session a total of twelve hundred and forty-five (1,245) bills and joint resolutions were introduced, of which number eight hundred and forty-six (846) bills and eight (8) joint resolutions originated in the House of Assembly and three hundred and eighty-four (384) bills and seven (7) joint resolutions in the Senate. Of that total, five hundred (500) bills and six (6) joint resolutions were presented to the Governor. Of these, two hundred and ninety-eight (298) bills and one (1) joint resolution came from the House and two hundred and two (202) bills and five (5) joint resolutions came from the Senate. The Governor withheld his approval from fifty-three (53) bills, thirty (30) of which were returned with his veto message while the Legislature was still in session and twenty-three (23) were filed in the Library, one (1) during the session, because of an adjournment for more than five days and twenty-two (22) after the Legislature adjourned. Of those vetoed and filed, thirty-six (36) originated in the House and seventeen (17) originated in the Senate. Of the bills vetoed, five (5) were passed by the Legislature over the Governor's veto and filed with the Secretary of State. They are designated with a double asterisk. The Governor also returned to the house of origin a total of thirty-nine (39) bills, by request, because of imperfection, discovered after they had been presented to the Executive office. Of these, eighteen (18) were received a second time by the Governor and are designated by an asterisk. Of the bills received, the Governor approved a total of four hundred and eight (408) bills, of which two hundred and thirty-six (236) bills originated in the House and one hundred and seventy-two (172) bills originated in the Senate. The Governor also approved six (6) joint resolutions presented to him, making a total of four hundred and nineteen (419) laws for the session, which are found with their chapter number and date of approval or objection in the following list:

Assembly Concurrent Resolutions.

Concurrent Resolution No. 1, amendment to the Constitution of the State of New Jersey, proposed by the Legislature of one thousand nine hundred and fourteen—142, 149, 151, 204, 270.

WHEREAS, It has been a matter of public comment that the financial condition of the State of New Jersey is somewhat impaired; and WHEREAS, On the 31st of October, last, the close of the State's fiscal year, it was announced by the Comptroller of the Treasury that there was $1,081,383.69 free balance on hand; and WHEREAS, It has since been ascertained that this so-called "Free Balance" would be more than absorbed by existing contracts and held-up requisitions, calling for an amount in excess of the $1,081,383.69, and in fact aggregating $1,242,038.07, thus showing an actual deficit of $160,654.38; therefore be it *Resolved (the Senate concurring)*, That a joint committee, consisting of two Senators and three members of the House of Assembly, be appointed by the President of the Senate and the Speaker of the House of Assembly, respectively, to consider in detail the situation involved, in order to have a clear and definite understanding as to the anticipated revenue for the coming year, and the actual present condition, so that the Legislature may proceed intelligently in its consideration of prospective appropriations and other business relating to the finances of the State; be it *Resolved further*, That this committee report in full to the Legislature at the earliest possible moment—39.

WHEREAS, There is now pending before the Congress of the United States H. R. 5139, known as the Hamill Bill, providing for the retirement and pensioning of civil service post-office employees who have been in the service for thirty years; and WHEREAS, This particular class of intelligent and upright employees contributes materially to the welfare, happiness and civilization of these United States; and WHEREAS, We, the members of the General Assembly of the State of New Jersey, are in sympathy with the provisions of the said Hamill Bill; be it *Resolved*, That the House of Assembly of the State of New Jersey (the Senate concurring) respectfully recommends and urges the speedy passage of the said Hamill Bill; and be it further *Resolved*, That a copy of this Concurrent resolution be forwarded to our Senators and Representatives in Congress from the State of New Jersey, with the request that they do what they can to secure the passage and enactment into law of this just measure—93.

Concurrent resolution—requesting the Senators and Representatives in Congress from this State to vote to repeal that part of chapter one hundred and forty-five of the Statutes of the United States of America, passed at the third session of the Sixty-second Congress, relating to migratory game and insectivorous birds, entitled "An act making appropriations for the Department of Agriculture for the fiscal year ending June thirtieth, one thousand nine hundred and thirteen," approved March fourth, one thousand nine hundred and thirteen, under the head of Bureau of Biological Survey, and for the passage of other enactments concerning the same. BE IT RESOLVED—1. That the Senators and Representatives in Congress from the State of New Jersey be and they are hereby requested to vote for the passage of an act repealing that part of chapter one hundred and forty-five of the Statutes of the United States of America, passed at the third session of the Sixty-second Congress, entitled "An act making appropriations for the Department of Agriculture for the fiscal year ending June thirtieth, one thousand nine hundred and thirteen," approved March fourth, one thousand nine hundred and thirteen, under the head of Bureau of Biological Survey, which said section sought to be repealed reads as follows: "All wild geese, wild swans, brant, wild ducks, snipe, plover, woodcock, rail, wild pigeons, and all other migratory game and insectivorous birds which in their northern and southern migrations pass through or do not remain permanently the entire year within the borders of any State or Territory, shall hereafter be deemed to be within the custody and protection of the Government of the United States, and shall not be destroyed or taken contrary to regulation hereinafter provided for." 2. *And be it further Resolved,* That the Senators and Representatives in Congress be also requested to vote for a Federal Act providing only for the time of the open season in this State for such migratory game and insectivorous birds, and leaving the regulation of the same during the open season to the State authorities. 3. *And be it further Resolved,* That the Governor be requested to transmit to each of our Senators and Representatives in Congress a certified copy of these concurrent resolutions —94.

WHEREAS, The Legislature of the State of Delaware has passed a resolution authorizing the Governor to appoint a commission consisting of three members to confer with a like commission from the State of New Jersey, relative to amending the concurrent regulations now governing the taking of fish in the Delaware river and bay between the States of New Jersey and Delaware. *Be it Resolved,* That the Governor be and is hereby authorized to appoint a commission consisting of three members to confer with the commission of the State of Delaware heretofore appointed—105, 112b.

Concurrent resolution—That the Governor be requested to return to the House of Assembly, Assembly bill No. 530, for further consideration—370.

WHEREAS, The frequent floods of the Mississippi river, caused by waters from thirty-one States, embracing more than 41 per centum of the total area of the United States, result in great loss of human lives in portions of the States of Illinois, Tennessee, Kentucky, Mississippi, Missouri, Arkansas and Louisiana, and large money losses, not only in such afflicted territory but in other portions of the nation; and WHEREAS, It has been declared by every member of the Engineer Corps of the United States Army, who has dealt with such floods, by the Mississippi River Commission and by other commissions appointed by Congress, that such floods can be prevented at a reasonable cost; and WHEREAS, The work of such flood prevention has been going on for many years in the least economical way and over two-thirds of its cost has been borne by the damaged sections who can no longer cope with this giant problem without effective aid from the National government; and WHEREAS, All political parties have declared in their campaign platforms that flood control of the Mississippi river is a National duty; therefore, be it *Resolved,* That the Congress of the United States be and is hereby requested to fulfill this National duty at its next session and to enact such legislation as shall provide a separate and comprehensive plan for the prevention of such floods without delay; be it further *Resolved,* That copies of this resolution be sent to the Speaker of the House of Representatives, to the President of the Senate of the Congress of the United States and to each member of the Senate and House of Representatives of this State in Congress —467.

That the Governor be requested to return to the House, Assembly Bill No. 243, for further consideration—490.

That the Governor be requested to return to the House, Assembly Bill No. 302, for further consideration—491.

That the Governor be requested to return Assembly Bill No. 377, for the purpose of correction—547.

That the Governor be requested to return to the House, Assembly Bill No. 187, for the purpose of correction—568.

Senate Resolutions.

Resolution—That a committee of three be appointed to wait upon his Excellency, the Governor, and inform him that the Senate has organized and elected Hon. Walter E. Edge, of the county of Atlantic, President, and Francis B. Davis, of the county of Gloucester, Secretary, and is now ready to proceed to business and also to receive any communications that he may make—6.

That the Secretary of the Senate be directed to inform the House of Assembly that the Senate has organized and elected the Hon. Walter E. Edge, of the county of Atlantic, President, and Francis B. Davis, of the county of Gloucester, Secretary, and has proceeded to business—6.

That the usual number of copies of the Governor's Message be printed for the use of the Senate—16.

That 1,200 copies of the preliminary report of the Economy and Efficiency Commission, with its annexed report from Price, Waterhouse & Co., be ordered printed—16.

That the number of copies of the Legislative Manual apportioned by law to the State Senate be distributed on the same basis as at the session of 1914—16.

That unless otherwise ordered the daily sessions of the Senate shall begin at eleven o'clock in the forenoon and at half-past two o'clock in the afternoon—16.

That the Secretary of the Senate be and he is hereby directed to furnish each member, clerical officer and reporter one copy of Member's Pocket Calendar of Legislature of 1915—17.

That 600 copies of each bill, joint resolution and concurrent resolution be printed—17.

That the Committee on Stationery and Incidental Expenses be authorized to procure bill files and the necessary stationery and supplies for the use of the members and officers of the Senate—17.

That the President of the Senate is hereby directed to instruct the State Printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and House, as soon as the same is printed —17.

That the Sergeant-at-Arms be instructed to report daily to the Secretary the absence without leave of any of the officers and attaches of the Senate; the complete report of such absentees and the time lost to be furnished to the Committee on Appropriations at the closing of the session, and that a *pro rata* reduction be made by such committee, and a copy of their report be furnished to the Comptroller—17.

That 300 copies of the Weekly Senate Journal be printed, and the State Printer be directed to mail copies to each member of the Senate and House and to the clerical officers of each body—17.

Resolution—That the rules of the last session of the Senate as printed in the Legislative Manual for 1914, pages 69 to 78, inclusive, be and the same are adopted hereby for the government of the present session, with the following changes, amendments and additions: 1. Amend rule one (1) to read as follows: 1. The President shall take the chair at the time appointed; and, a quorum being present, he shall take up the business of the session in the order hereinafter provided. 2. Amend rule eleven (11) in the following respect: III. Reading the Journal at the first session in each week. 3. Amend rule thirteen (13) by changing the title of the Committee on Labor and Industries to read "a Committee on Labor, Industries and Social Welfare," and by adding after "a Committee on Highways" the words "a Committee on Taxation." 4. Amend rule seventeen so as to read as follows: 17. All bills, joint resolutions and concurrent resolutions shall be numbered by the Secretary as they are severally introduced, and a list made of the same. Committee reports upon bills, joint resolutions and concurrent resolutions shall be in writing, signed by a majority of the committee, and shall show whether the same are reported favorably or otherwise, and how each member of the committee voted upon the question of the report. Bills, resolutions and reports shall be called up by the President for consideration in the order in which they are reported, and stand upon the calendar, unless otherwise ordered; and the Secretary shall read from the said list or calendar, and not from the file of bills or reports. 5. Amend rule thirty-one (31) by adding at the end thereof the following: Instead of recommitting any bill it shall be in order, before the final passage thereof, to move that it be placed back on second reading for amendment. 6. Designate rule 72 as rule 36, and amend to read as follows. 36. The introducer of a bill may annex thereto a brief statement explaining the object of the bill, which statement shall contain not exceeding one hundred words, and shall be printed at the end of the bill under the caption "Statement." When a bill is introduced amending an existing law, it shall, in the body of the bill, have new matter underscored, and matter proposed to be omitted printed in its proper place enclosed in brackets. The introducer of a bill amending or supplementing the existing law shall designate at the head thereof the page of the Compiled Statutes, or the chapter or page of the Pamphlet Laws, where may be found the law proposed to be amended or supplemented. It shall be the duty of the Secretary to cause any bill not complying with this rule to be returned to the introducer to be made to conform hereto, and when put in proper form, to be printed and restored to its place on the calendar. When a bill has passed to a third reading, no explanatory statement, special marks, underscoring or brackets shall be printed in the same; but if the bill has been amended, such amendments shall be printed and distributed for the convenience of the members. 7. Add a new rule, to be numbered 37, to read as follows: 37. The annual, supplemental and incidental appropriation bills shall not be considered until at least one week has elapsed after they shall have been introduced, printed and placed upon the desks of the members. 8. Add a new rule, to be numbered 38, to read as follows: 38. No bill or joint resolution shall be considered on third reading until five days after the second reading thereof, except by unanimous consent. 9. Add a new rule, to be numbered 39, to read as follows: 39. The Secretary of the Senate shall cause to be printed and distributed prior to each day's session a daily memorandum,

which, in addition to the transactions of the preceding legislalative day, and other matter heretofore furnished, shall contain a day calendar of bills on second and third reading, and a list of bills awaiting the third reading calendar. The calendars shall be called in order, and matters on the third reading calendar reached and not acted on, unless passed for the day or otherwise disposed of, shall be reserved generally, to be restored to the calendar of the following day on request. No bill, joint resolution or concurrent resolution not on the printed calendar for third reading shall be considered on third reading except by unanimous consent. At the close of each legislative day the Secretary shall cause to be posted upon the bulletin board in the corridor the calendar of bills on third reading for the next succeeding legislative day. Add a new rule, to be numbered 40: 40. Wherever the words "bill" or "bills," "joint resolution" or "joint resolutions" occur in the rules, they shall be construed to include bills, joint resolutions and such concurrent resolutions as are referred to committee. 11. Re-number all present rules commencing with the present number 36, changing the same to numbers 41 *et seq.* Mr. Hennessy offered the following amendment, which was read and adopted: Amend Rule 36 by substituting the word "three" for the word "one", in the third line of said rule—18, 19, 20.

Resolution—That the privileges of the floor be accorded to the Hon. John Dineley Prince, of Passaic county, a former member and President of this body—23.

That the privileges of the floor are hereby extended to the Hon. Elijah C. Hutchinson, formerly a Senator from Mercer county, and President of the Senate, and Congressman-elect—23.

WHEREAS, Chapter 181 of the Laws of 1914 provided that the various railroad corporations operating within this State should file with the Board of Utility Commissioners within ninety days following the passage of the act, which act was approved April 5th, 1914, their plans for the proper protection of crossings at grade; and WHEREAS, Such ninety days limitation for the filing of such plans has expired, and under the provisions of the act such protection as the Board of Utility Commissioners shall approve must be completed or installed within one year after this act became a law; therefore, *Be it Resolved,* That the Board of Utility Commissioners submit to the Senate a detailed report as to whether the provisions of this act are being carried out; setting forth the list of all railroads coming under the jurisdiction of the act; definite information in each case as to whether such railroad has filed plans for the protection required under the act; detailed information as to the Utility Commission's action as to approval or disapproval, following the receipt of these plans, and information so far as possible as to any action the railroads are taking to have such protection installed, as required under the act within the time limit expiring April 15th, 1915—36.

That the Rev. Edward G. Read, D.D., of Plainfield, New Jersey, be the Chaplain of the Senate for the session of nineteen hundred and fifteen—49.

That whenever a bill is introduced amending an existing law, and the text thereof as printed by inadvertence shall violate rule thirty-six by reason of the fact that it does not exhibit the new matter underscored in the body of the bill or the

matter proposed to be omitted enclosed in brackets, or where the said bill fails to designate at the head thereof the page of the Compiled Statutes or the chapter or page of the Pamphlet Laws where may be found the law proposed to be amended or supplemented, the Secretary shall forthwith, after knowledge shall come to him of the violation of said rule thirty-six, cause the said bill to be returned to the introducer with the request that he may correct the same so that it shall comply with the terms of said rule thirty-six. When so corrected, it shall be returned to the Secretary and by him forwarded to the printer—49.

Resolution—That 300 additional copies of the weekly journal be printed—50.

That the State House Commission be requested to consider the exchange of the present impractical desks now in use in the Senate for more serviceable and useful desks—51.

That the privileges of the floor be accorded Hon. William Plummer, former Senator from Salem county—565.

The Senate of the State of New Jersey learns with profound regret of the death of the Hon. John Hinchliffe, a former member of this body from the county of Passaic. For six years mayor of the city of Paterson, during the most trying period of that city's history; for six years a member of this Senate, he at all times served his city, county and State with unswerving devotion. His life was a shining example to his fellowman, and his death will be mourned by all. *Be it Resolved,* That a copy of this resolution be entered upon the Journal and forwarded by the Secretary of the Senate to the family of our deceased friend—582.

That Joseph Crawford be elected clerk to the Committee on Public Health, to serve without compensation—584.

That 300 copies of Senate Concurrent Resolution No. 3 be printed for the use of the Senate—592.

Resolution—That the privileges of the floor be extended to Hon. Robert E. Hand, a former member of this Senate—684.

The Senate of the State of New Jersey learns with profound regret of the death of the Hon. David S. Crater, Secretary of State of the State of New Jersey. A great-hearted, kindly and lovable man, of unusual ability and attainments, his wonderful faculty for making friends and keeping them, led him early into the public service to which he devoted much of his life's work. He has served for the past thirty years as treasurer of his home town of Freehold, for thirty years as surrogate of Monmouth county, and for the last three years of his life as Secretary of State of his native State of New Jersey, filling each position with marked success and honor, and at all times serving his town, county and State with unswerving devotion and loyalty. He has at all times been a faithful steward of the people, and his death will be mourned by all. *Be it Resolved,* That a copy of this resolution be entered upon the Journal and forwarded by the Secretary of the Senate to the family of our friend—783.

That the privileges of the floor be accorded Hon. John Ward, former Senator from Salem county—784.

That in lieu of printing one hundred copies of the report and testimony submitted to the House of Assembly on March 31st, 1914, by the committee appointed by the Speaker of the House of Assembly to "Investigate combinations, agreements and understandings between persons and corporations mining coal, common carriers of coal and wholesale and retail coal dealers to fix and maintain arbitrary, unjust and discriminatory prices," in accordance with the resolution of the Senate passed March 17th, 1915, that said number of copies of the report only be printed, and that the Secretary of the Senate deliver to the Attorney-General one copy of said report, and that he advise the Attorney-General that the testimony submitted with said report is on file in the State Library—784.

That out of respect to the memory of the late David S. Crater, former Secretary of State, there be no morning session of the Senate on Tuesday, April sixth, 1915, and when the Senate do adjourn it be to meet on Tuesday, April sixth, 1915, at two-thirty o'clock in the afternoon—795.

That the President appoint a Committee of three Senators to represent the Senate of New Jersey at the funeral of the late David S. Crater, former Secretary of State, on the morning of April sixth, 1915—795.

That a committee of three Senators be appointed by the President of the Senate to investigate the practical workings of the Requisition Act, and to suggest what changes, if any, in the law or the administration of the same may be necessary, and to report to the Senate at the next session of the Legislature—928.

That James D. Moore be appointed to act as stenographer to the Minority in the place of William L. Dill, for the balance of the legislative year of 1915, to serve without compensation—947.

That the Senate rule requiring all bills and joint resolutions to be kept in the custody of the Senate for the space of twenty-four hours be suspended until the end of the present session—979.

That the privileges of the floor be given to Wm. S. Vare, a member of the Congress of the United States—1053.

Resolution—That the privileges of the floor be extended to Master Lawrence McGinnis, the five-year-old son of Senator McGinnis, and a future Senator from Passaic county—1058.

That this Senate record its approval and appreciation of the efficient manner in which the business of the session has been administered by the presiding officer, the Honorable Walter E. Edge, the faithful and impartial nature of his rulings, and the ready courtesy which he has uniformally accorded and extended to each member of this body—1089.

That the Senate appreciates the many courtesies extended every member by the leader of the majority, Hon. William T. Read, of the county of Camden; that the earnestness, fidelity and honesty of the majority leader is hereby acknowledged, and that the people of the State are indebted for his untiring efforts to promote legislation in the interest of the State—1089.

That as minority leader, Honorable Charles O'Connor Hennessy, of the county of Bergen, has been at all times a capable and earnest legislator, and the Senate extends its congratulations to him upon the faithful and fearless, as well as untiring and conscientious manner, in which he has performed the duties of his position—1089.

That the members of the Senate recognize the uniform courtesy and ready assistance at all times shown them by the Secretary, Mr. Francis B. Davis, and hereby tender him our grateful thanks for his faithful performance of his duties, and extend to him our best wishes for his continued success—1089.

That the members of the Senate hereby express their thanks and appreciation to all officers of the Senate for the faithful and courteous manner in which they have performed their respective duties —1090.

That the thanks of the Senate be and they are hereby extended to Mr. John Smith, Custodian; John Multop, janitor foreman, and Harvey Rohrbach, postmaster, for the efficient and courteous manner in which they attended to the wants of the Senate during the session—1090.

That the thanks of the Senate be conveyed to the New Jersey State Chamber of Commerce for the publication of its Weekly Legislative Index, which has been mailed, without obligation or charge to each Senator, during the Legislative session—1090.

That the Secretary of the Senate be authorized to prepare indices of the Senate Journal and minutes of the Executive Sessions, in the same general manner as the indices of the session of 1914, and that he be paid the same compensation as allowed for preparing the indices of 1914—1090.

That all bills on the desks of the President and Secretary not acted upon be filed by the Secretary with the State Librarian as dead bills—1095.

That a committee of three be appointed by the President to await upon his Excellency, the Governor, and inform him that the Senate has completed its labors and is about to adjourn *sine die,* and to inquire if the Executive has any further communication to make to this body—1095.

That the hour of adjournment having arrived, the Secretary inform the House of Assembly that the Senate is now ready to

adjourn *sine die* and awaits the presence of the House of Assembly in the Senate Chamber—1095.

Resolution—That the Secretary of the Senate be and he is hereby directed to inform the House of Assembly that the Senate has convened pursuant to the proclamation of the Governor, which proclamation bears date the twenty-ninth day of April, one thousand nine hundred and fifteen, and has proceeded to business—1275.

That a committee of three be appointed by the President to wait upon the Governor and inform him that the Senate has convened pursuant to his proclamation, and is ready to proceed to the transaction of business—1275.

That a committee of five be appointed by the President (of which he shall be one), to be known as the "Committee on Procedure," and that all bills and joint resolutions introduced at this Special Session and referred to this committee shall not be acted upon unless reported favorably by a unanimous vote of this committee —1275.

That a committee of three be appointed to wait upon the Governor and inform him that the Senate has completed its labors and is about to adjourn *sine die,* and to inquire if the Executive has any further communications to make to this body—1282.

That all bills in various committees not reported, and all bills on the President's desk not acted upon, be handed to the Secretary of the Senate for filing with the State Librarian as dead bills —1282.

Assembly Resolutions.

Resolution—That the Clerk of the House is hereby directed to inform the Senate that the House of Assembly has organized by the election, as Speaker, of the Honorable Carlton Godfrey, of Atlantic county, and of Upton S. Jefferys, of Camden county, as Clerk, and has proceeded to business—30.

WHEREAS, The hour of two o'clock P. M. having arrived, the time fixed for the joint meeting of both Houses of the Legislature; *Resolved*, That the Clerk inform the Senate that the House now awaits its presence in the Assembly Chamber—114, 218, 350.

That this House invite the Governor of this State and the Senate to be present in the Assembly Chamber on Monday next at 2 o'clock, to hear the Rev. William Sunday—491.

That the Senate be requested to return to the House of Assembly for further consideration Assembly Bill No. 442—704.

That the Clerk of the House be and he is hereby directed to inform the Senate that the House of Assembly, in pursuance to the proclamation of the Hon. James F. Fielder, Governor, is now in session and has proceeded to business—1278.

Rulings by President of the Senate.

The Senator from Bergen requested the President to give his interpretation of Rule 17.

"Rule 17. All bills, joint resolutions and concurrent resolutions shall be numbered by the Secretary as they are severally introduced, and a list made of the same. Committee reports upon bills, joint resolutions and concurrent resolutions shall be in writing, signed by a majority of the committee, and shall show whether the same are reported favorably or otherwise, and how each member of the committee voted upon the question of the report.

"Bills, resolutions and reports shall be called up by the President for consideration in the order in which they are reported, and stand upon the calendar, unless otherwise ordered; and the Secretary shall read from the said list or calendar and not from the file of bills or reports."

The President ruled as follows:

There would seem to be a possible confliction in the rule inasmuch as it provides that committee reports upon bills, joint resolutions and concurrent resolutions shall be signed by a majority of the committee, which would infer, of course, that the signature of such majority would be sufficient for their reception; but later the rule requires that the report shall show "how each member of the committee voted upon the question of the report." It is plainly evident that the spirit of the rule provides that each member of a committee shall be consulted before the reporting of a bill, etc., and I assume this will be done. There could quite possibly be cases where a member of a committee did not care to vote either way, and there is no rule of the Senate that compels him to do so, so that the absence of the name of the minority on a committee report should not make the report contrary to the rules. Therefore, should a committee report be received with the signatures of a majority of the committee, I would rule that the same should be received.

I would suggest, however, an amendment to the rules to make the subject-matter perfectly clear in order that technical interpretations could not interfere with an orderly administration of the Senate business—54.

The President announced that a ruling of the President of the Senate of the Session of 1914, "that the five-day provision in Senate Rule No. 74 did not apply to Assembly bills and joint resolutions sent to the Senate for action, and that said bills and resolutions might be considered on third reading the day after they were advanced to second reading," would be his ruling upon Assembly bills at this session, unless there was objection. There being no objection, the ruling was so made—221.

Assembly Bill No. 102, entitled "A further supplement to an act entitled 'An act to regulate elections (Revision of 1898),' approved April fourth, one thousand eight hundred and ninety-eight,"

The Governor's veto notwithstanding, was taken up on motion of Mr. Mathis.

Mr. Hennessy raised the point of order that it was not in order to consider the bill the same day it was received.

The President ruled that the procedure was entirely in accordance with the Constitution, and was in order.

Mr. Hennessy appealed from the decision of the President, and upon roll call the President's ruling was sustained by the following vote:

In the affirmative were—

Messrs. Allen, Colgate, Gaunt, Hutchinson, Mathis, Pierce, Rathbun, Read, Smalley, White—10.

In the negative were—

Messrs. Ackley, Barber, Egan, Hennessy, Martens, McGinnis, Munson, Ramsay, Wheaton—9—1055.
