General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NOTICE OF INTENT TO SETTLE

Take notice that the Department of Environmental Protection (DEP) is proposing to enter into a settlement agreement with Streeter Co. Inc and Barbara Cremin to resolve appeals of DEP's June 3, 1999 denials of Freshwater Wetland Statewide General Permit Applications #0505-99-0003.1 and 0505-99-0008.1. The original applications proposed the placement of fill in 0.77 acres of isolated wetlands on Block: 550, lots 16 through 22, lots 33 through 46 and lots 12 through 15 in the Township of Lower, Cape May County, to construct a total of five single family dwellings and to legalize the construction of an existing dwelling. Through negotiations with the applicants, an alternative site plan was devised that reduced the amount of wetlands filled and still provided a viable project that will allow the construction of two new dwellings and legalizes the construction of the existing dwelling. As part of the proposed settlement, Streeter shall convey to DEP, Block 543, lots 1 through 8; Block 544, lots 35 through 48; and Block 544, lots 1 through 7; Block 550, lots 16 through 22; and Block 550, lot 46 in Lower Township, Cape May County. Cremin will execute and record a Declaration of Restriction for Block 550, lots 12 through 15, Lower Township, Cape May County.

Written comments regarding this action may be sent to Kevin Broderick, Land Use Regulation Program, PO Box 404, Trenton, NJ 08625. Comments must be received by NJDEP within 15 days of this publication, or by June 8, 2001.
