NOTES TO FINANCIAL STATEMENTS

STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 1979

Note 1 - FINANCIAL STATEMENTS

The National Council on Governmental Accounting in its publication entitled Governmental Accounting, Auditing and Financial Reporting defines a fund as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

These statements reflect financial reporting practices in accordance with the above, in that activities formerly recorded in a single fund (the General Fund) are now segregated and accounted for as separate funds, each with a self-balancing set of accounts. These are the Property Tax Relief Fund, Gubernatorial General Elections Fund, Casino Control Fund and Casino Revenue Fund.

Note 2 - SIGNIFICANT ACCOUNTING POLICIES

The modified accrual basis of accounting is utilized for all funds. Under this basis revenues are recorded as received in cash except for: (1) revenues susceptible to accrual (measurable and available); (2) revenues of a material amount that have not been received at the normal time of receipt; and (3) material revenues received prior to normal time of receipt, which are recorded as deferred revenue. Expenditures are recorded on the accrual basis except for: (1) disbursements for inventory type items, prepaid expenses, and fixed assets, which are considered expenditures at the time of purchase; (2) interest on long term debt and employer social security contributions which are recorded as an expenditure when paid; (3) the adoption of the encumbrance method of accounting wherein funds are reserved and committed, usually based on the issuance of a purchase order or the execution of a contract, and the outstanding encumbrance is recognized as an obligation until liquidated.

Note 3 - CASH--DEMAND ACCOUNTS

Negative book balances represent a managed overdraft. Available cash in banks, except for compensating balances, is invested until checks are presented to the bank for payment. Available cash of certain Bond Funds, and Trust and Agency Funds is invested through the State of New Jersey Cash Management Fund.

Note 4 - INVESTMENTS

All securities purchased are recorded at cost and amortized for premium or discount. Securities received as donations and from settlement of claims are recorded at market value when received, and any difference between that and the par value is amortized.

Note 5 - RECEIVABLES--FEDERAL GOVERNMENT FOR TRANSPORTATION PURPOSES

Includes amounts established as appropriations by the State to the Department of Transportation, based upon Federal Highway Apportionments, the expenditure of which becomes the basis for reimbursement. In addition, amounts previously earned and billed, but not yet collected, are a part of this balance.

Note 6 - RECEIVABLES--DEPARTMENTAL ACCOUNTS

Consists principally of amounts established as appropriations by the State based upon Federal and other grant awards, the expenditure of which becomes the basis for reimbursement. In addition, amounts previously earned and billed, but not yet collected, are a part of this balance. Appropriate reserves have been established for amounts deemed to be uncollectible, and the net amounts are reflected herein.

Note 7 - FIXED ASSETS

Fixed assets are not reflected in the financial statements. They are recorded as expenditures at the time of acquisition.

Note 8 - ACCOUNTS PAYABLE AND ENCUMBRANCES

Includes appropriations reserved or committed based upon the issuance of a purchase order or the execution of a contract. The outstanding amounts are recognized as an obligation until liquidated. In addition, included in this balance are amounts due for goods and services provided, but not liquidated as of the report date.

STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED JUNE 30, 1979

Note 9 - DEFERRED REVENUE

Represents amounts received but unearned, applicable to future periods including license and registration fees, college tuitions and other miscellaneous sources.

Note 10 - ANTICIPATED REVENUE

Represents estimated revenues as certified by the Governor in accordance with provisions of the State Constitution. These revenues increase the Unrestricted Fund Balance of the applicable fund and provide the primary resource in support of appropriations. Revenues for Bond Funds as well as Trust and Agency Funds are not reported upon.

Note 11 - RAILROAD TAX-CLASS II

During the fiscal year the State settled the Class II Railroad Tax claims against the Penn Central Corporation. This resulted in \$29,100,059 of revenue not previously recognized. Of this amount \$13,512,268 has been received in cash and the balance of \$15,587,791 (amortized book value) represents registered notes with maturity dates subsequent to June 30, 1979.

Note 12 - APPROPRIATED REVENUE

Revenues authorized in the appropriation act which directly increase appropriations and from which agencies may make expenditures for specific purposes. Such revenue may be received in cash or by receivables, such as approved grant awards. Appropriated revenue applicable only to the General Fund is reported upon herein. Revenues for Bond Funds as well as Trust and Agency Funds are not reported upon.

Note 13 - OTHER AUTHORIZED APPROPRIATIONS

Other authorized appropriations include appropriation balances carried forward from the preceding fiscal year, appropriated revenue (see note 12) and transfers of appropriation between departments.

Note 14 - EXPENDITURES

Expenditures include net disbursements (gross less refunds) plus accounts payable and encumbrances. Also see Note 2 - Significant Accounting Policies.

Note 15 - TRANSPORTATION APPROPRIATIONS

Federal funds combined with State funds are reflected in Other Authorized Appropriations, Expenditures and Continuing Appropriations. Continuing Appropriations in State Aid include \$6,254,581 of Federal funds, and in Capital Construction include \$78,743,231 of Federal funds.

Note 16 - TRANSPORTATION APPROPRIATIONS-FEDERAL

In addition to the Federal funds reflected in this statement, other Federal amounts also appear in State Aid and Capital Construction. See note 15.

Note 17 - LONG TERM LEASE COMMITMENTS

At June 30, 1979, there were 114 long-term realty lease agreements with unexpired periods ranging from 3 to 24 years. Future obligations for these leases amount to \$77,737,000 and the annual rental payments are approximately \$9,462,000.

The State has entered into three agreements (two dated 10/15/64 and one dated 6/15/65) whereby the Public Employees Retirement System and the Teachers' Pension and Annuity Fund have incurred construction costs of approximately \$17.9 million. Under these agreements the facilities are owned by the pension funds and leased to the State for a period of 20 years, and at the end of the term, the State may exercise its option to purchase the facilities at a cost of one dollar per agreement. Under generally accepted accounting principles, such leases are treated as purchase agreements and accordingly have been eliminated from the long-term lease commitments indicated above. At June 30, 1979 the remaining liability for these agreements is \$7.6 million.

Note 18 - BONDED DEBT

The outstanding bonded debt represents general obligation bonds which are secured by the full faith and credit of the State. Except for the amounts appropriated in fiscal year 1979, the amounts outstanding are to be raised and appropriated through future appropriation acts. An additional \$1,000,000 Emergency Housing Bonds (act of 1946) remain authorized, but will not be issued.

The State has guaranteed the principal and interest payments on bonds issued by the New Jersey Highway Authority with an outstanding balance of \$101,209,000. The State has also guaranteed the principal and interest payments on the Sports Complex Refunding Bonds of the New Jersey Sports and Exposition Authority in the amount of \$299,550,000. The State's liability is contingent upon each Authority's inability to meet such debt service requirements through derived revenues. The State is also obligated to meet annual deficiencies in debt service for the South Jersey Port Corporation and the New Jersey Housing Finance Agency.

Note 19 - CONTINGENT LIABILITIES

The State is involved in a number of legal actions wherein the State of New Jersey has the potential for either significant loss of revenue or unanticipated expenditure. It is the opinion of the Attorney General that the ultimate disposition of the cases cannot be predicted.

Pursuant to the New Jersey Tort Claims Act there are numerous cases pending involving in excess of \$200 million. In the opinion of the Attorney General, the ultimate disposition of these matters would involve a significantly lesser amount.

Note 20 - UNRESTRICTED FUND BALANCES

The Casino Control Fund reflects at June 30, 1979 the excess of expenditures incurred over the revenues received from licenses and other fees to date. The statute which established the fund, as amended September 18, 1979, provides for reimbursement of all unrecovered costs from special assessments to casinos by December 31, 1980.

As of June 30, 1979, certain bond funds reflect legislative appropriations totaling \$161.1 million, made prior to the sale of bonds. Currently authorized but unissued bonds totaling \$588.5 million will, when sold, provide the resources to support these appropriations.

STATE OF NEW JERSEY
DESCRIPTION OF FUNDS
YEAR ENDED JUNE 30, 1979

GENERAL FUND

The General Fund is the fund into which all State revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The largest part of the total financial operations of the State are accounted for in the General Fund. Revenues received from taxes, most Federal revenue and certain miscellaneous revenue items are recorded in the General Fund. The appropriation acts enacted by the Legislature provide the basic framework for the operation of the General Fund.

PROPERTY TAX RELIEF

The Property Tax Relief Fund is used to account for revenues from the New Jersey Gross Income Tax. Revenues realized from the Gross Income Tax are dedicated by the State Constitution. All receipts from taxes levied on personal income of individuals, estates, and trusts must be appropriated exclusively for the purpose of reducing or offsetting property taxes. Annual appropriations are made from the fund, pursuant to formulae established by the legislature, to counties, municipalities, and school districts. The Property Tax Relief Fund was established by the New Jersey Gross Income Tax Act, N.J.S.A. 54A:9-25, approved July 8, 1976.

The Casino Revenue Fund is used to account for the tax on gross revenues generated by the casinos. Gross revenue refers to the total of all sums actually received by a licensee from gaming operations, less the total sums paid out as winnings to patrons.
