Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

### Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

## English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

## Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

### Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:30 AM
Typical End Time	3:15 PM
Length of School Day	6 Hrs 45 Mins
Full Time - Instructional Time	5 Hrs 51 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1.2:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district’s schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts’ [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor’s Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

### Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	92.00	17.5%
Mathematics Proficiency	88.98	17.5%
English Language Arts Growth	87.26	25.0%
Mathematics Growth	92.11	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	75.42	15.0%
<b>Summative Score:</b> Sum of all indicator scores multiplied by indicator weights	87.83	n/a
<b>Summative Rating:</b> Percentile Rank of Summative Score	96.62	n/a
<b>Requires Comprehensive Support:</b> Summative Rating is less than or equal to 5 <sup>th</sup> percentile	No	n/a

### Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

### Highlights:

- 2016 National Blue Ribbon School of Excellence Recipient
- Launched new District Website, communication platforms, and redesigned the mobile Website experience

### Mission, Vision, Theme:

The Cranbury School, the heart of our community, offers every student an opportunity to shine. We inspire each other to build lives of intellectual curiosity and purpose. While learning timeless skills, students develop character and confidence to lead by example in a diverse and changing world.

### Awards, Recognition, Accomplishments:

In 1996, 2009, and 2016 Cranbury School was recognized as “A National Blue Ribbon School of Excellence” for outstanding educational programming and practices. Our school was also named a “High Progress Reward School” and a Title I exemplar by the New Jersey Department of Education for demonstrating a remarkable rate of progress as measured by the Student Growth Percentile (SGP) methodology. In 2017, Cranbury School was the recipient of the Bronze Award presented by Sustainable New Jersey. In 2018, one of our middle school students competed in the National Geographic Geography Bee and placed 14th overall in the State. In 2016 and again in 2017, Cranbury School had a student selected as a Gold Key Award recipient through the National Scholastic Art and Writing Awards program.

### Courses, Curriculum, Instruction:

Primary education is devoted to developing literacy and numeracy through an interdisciplinary approach in a joyful, collaborative, and social environment. Elementary classes are self-contained and Middle School classes are departmentalized with extended periods for core disciplines built into the weekly schedule. The core curriculum is standards-based and instructional approaches are influenced by student age and developmental stage and are grounded in effectiveness research. The Connected Action Roadmap (CAR) directs all curriculum development in the district.

### Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cross Country (Coed), Field Hockey (Girls), Soccer (Boys & Girls), Softball (Girls), Tennis (Coed), Track and Field - Spring (Coed), Wrestling (Coed)

The Cranbury School District offers eleven different sports and is a member of the Tri-County Conference. We have a “no cut” policy for at least one sport for each season, so that all students have an opportunity to participate in athletics. Our focus is on developing sportsmanship, leadership skills, and an appreciation for the foundational skills, rules, and strategies necessary to be competitive in high school. In 2018, our Girls’ Field Hockey team was undefeated with a record of 10 wins and no losses. Moreover, the team did not have a single goal scored against them!

### Clubs and Activities:

Cranbury School offers an extensive array of clubs and activities: MathCounts Team, Christian Brothers Academy Math Team, Mathematical Olympiad competition, Continental Math League competition, AMC 8 and 10 math competitions, New Jersey Math League competition, National Current Events League, District Spelling Bee, National Geographic Geography Bee, Dance Club, Art Club, Drama Club, Empowering Young Writers Club, Debate Club, “Girls in Tech” Club, Peer Leaders, Wingman program, Student Council, Perspective and Equity in Action (PEAC) Club, National History Day, K-8 Odyssey of the Mind, Advanced Choir, Kindness Club, Concert Band, Jazz Band, Jazz Ensemble, Acapella, Colonial Band, Viking Band, Cadet Band, Choir, Voice Lessons, Science Olympiad, Garden Club, National Scholastic Art and Writing Awards program and Le Grand Concours competition.

### Student Supports and Services:

Cranbury School utilizes the tiered instruction and intervention framework Response to Instruction and Intervention. This model ensures high levels of student learning and achievement through the lens of learning as a continuum, where most needs are met through the high quality, standards-based, research-centered instructional strategies and materials of the general education program. Some student needs are found on each end of the learning continuum, requiring additional enrichment, academic support, or both. Student interventions and enrichment supports are based upon individual student needs and substantiated by student performance data. Students identified as “twice-exceptional” may have learning disabilities that mask their giftedness. We actively identify their special learning needs as well as areas of talent and develop both sides of the continuum.

### Student Health and Wellness:

Cranbury School provides Self Awareness Management education for students and staff members. Elementary students participate in mindful movement activities once weekly with our school counselor in the general education classroom. This approach is based on five elements, which include activities and tools that benefit our children not only in the classroom, but also in all aspects of life. The five elements include: Connect, Breathe, Move, Focus, Relax. The Responsive Classroom and Developmental Designs programs for our Kindergarten through eighth grade students also promote a sense of community, connectedness, and well-being.

### Parent and Community Involvement:

The Board of Education, parents, community, and staff are integral to the success of Cranbury School students. The PTO sponsors teacher mini-grants, motivational speakers and Artist in Residence programs. The Cranbury Education Foundation supports capital projects, community events, and sustainability efforts. The Cranbury Arts Council provides S.T.E.A.M. workshops for students during the summer months. The Municipal Alliance funds assemblies on social media and mental health awareness for student and parent audiences and funds “chat groups” for students. The Women’s Club, Municipal Alliance and Environmental Commission provide sponsors annual awards for graduates. Annually, our Student Council and Kindness Club select a charity of their choice as their capstone project. Through our Garden Club activities and sustainability efforts, local food banks are provided fresh produce. Moreover, our school partners with local charitable organizations through food drives and clothing donations.
