

INFANT

A research centre focused entirely on pregnancy, birth and early childhood.

Hosted at University College Cork (UCC), Cork, Ireland, The Irish Centre for Maternal and Child Health Research has local impact with a global reach.

INFANT is answering the international need for research and innovation to improve health outcomes for mothers and babies.

Across pregnancy, birth, infancy and childhood, INFANT is solving challenges through its key research themes.

PREGNANCY

Making pregnancy safer for mothers and babies

NEWBORN

Improving health outcomes for newborn babies

CHILD HEALTH

Advancing the health and well-being of children
