Testimony in support of S-2366

"Requires health care practitioners to inform patients of addiction potential of controlled dangerous substances prior to issuing prescription."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for scheduling today's hearing on Senate Bill 2366 which would require prescribers, prior to issuing a prescription for a controlled dangerous substance (CDS), to inform the patient, or the patient's parent or guardian if they are a minor, of the risks of developing a physical or psychological dependence on the controlled dangerous substance.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce. Each day NJAMHAA's member organizations help individuals and their families with the specific challenges posed by addiction to opiates.

In 2013, the New Jersey State Commission of Investigation (SCI) released an important report, entitled, *Scenes From An Epidemic: a Report on the SCI's Investigation of Pill and Heroin Abuse* in which they stated, "We now live in a state where abuse of prescription pills serves increasingly as a primary route to the unlawful world of heroin, an intersection of the legitimate and the illicit that constitutes a crisis whose devastating consequences are plain for all to see."

According to reports from the United States Drug Enforcement Administration (DEA), prescription drugs, including opioids and antidepressants, are responsible for more overdose deaths than so-called "street drugs" such as cocaine, heroin, and methamphetamines.

Consistent with the nationwide experience, Dr. Roger Mitchell, New Jersey Assistant State Medical Examiner, reports that unintentional poisoning (overdose) has overtaken motor vehicle crashes as the leading cause of injury death in New Jersey. From 2010 through 2013, New Jersey recorded 4,300 drug-related deaths.

In 2012, there were more than 8,300 admissions to state-licensed or certified substance abuse treatment programs due to prescription drug abuse. That is an increase of more than 200% over the prior five years, and nearly 700% over the prior decade. One-half of opiate admissions for treatment involved persons 25 years of age or younger.

NJAMHAA commends the Legislature for its pro-active approach in the introduction of a package of 21 bills to address the epidemic of opiate abuse and overdose. Education is a key element of the multifaceted approach necessary to address the epidemic of opiate abuse and overdose.

By requiring prescribers to provide education to patients and their families about the addiction risks of prescription medication, S-2366 will have a positive impact on New Jersey's opiate addiction crisis. NJAMHAA believes this bill, especially if coupled with mandatory use of the Prescription Monitoring Program as has been proposed in Senate Bill 1998, provides a very powerful prevention strategy.

NJAMHAA appreciates the efforts of Senators Weinberg and Vitale for their leadership in sponsoring this bill. We are pleased to support S-2366 and encourage the other members of this Committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Sincerely,

Debra L. Wentz, Ph.D.

Testimony in support of S-2367

"Requires the review of Core Curriculum Content Standards to ensure that substance abuse instruction provided to public school students incorporates the most recent evidence-based standards and practices."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to offer testimony in support of Senate Bill 2367 which requires the State Board of Education to conduct a review of the Core Curriculum Content Standards in Comprehensive Health and Physical Education to ensure that substance use instruction incorporates the most recent evidence-based standards and practices.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

School based substance use instruction is the cornerstone of substance abuse education for youth upon which other community based and targeted prevention programs build upon. Ensuring Core Curriculum Content Standards are kept up-to-date is necessary given that substance abuse trends often change swiftly and will spike with deadly results such as the current ongoing opiate abuse crisis.

Senate Bill 2367 calls on the State Board of Education to consult with the Division of Mental Health and Addiction Services (DMHAS) in reviewing the Core Curriculum Content Standards. NJAMHAA

encourages amending the bill to include input from providers and other stakeholders, and to provide mechanisms for monitoring and enforcing its provisions. NJAMHAA joins with the New Jersey Prevention Network in suggesting the bill would be improved by 1) including the option to allow school districts to contract with outside substance abuse education and prevention experts and 2) requiring school districts to have experienced, full-time Substance Awareness Coordinators (SACs).

NJAMHAA appreciates the efforts of Senators Codey and Allen for their leadership in sponsoring this bill. We are pleased to support S-2367 and encourage the other members of this committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in support of S-2368

"Makes FY 2015 supplemental appropriation to DHS for $5 million for substance abuse prevention, and requires substance abuse prevention programs to be evidence-based."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to testify on Senate Bill 2368. This bill supplements the Fiscal Year 2015 Annual Appropriations Act in providing $5 million from the General Fund to the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services (DHS) to support substance abuse prevention programs. The bill would also prohibit any state funds, or other funds, being provided to prevention programs not found in the National Registry of Evidence-based Programs and Practices established by the Substance Abuse and Mental Health Services Administration.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

NJAMHAA welcomes the appropriation of $5 million in additional prevention funding. Senate Bill 2368 restricts this funding to programs found in the National Registry of Evidence-based Programs and Practices (NREPP) established by the federal Substance Abuse and Mental Health Services Administration. The NREPP, however, is only

one of several sources of identifying evidence based programs for individuals and families, and it is not all inclusive.

For example, evidence based prevention also includes *environmental strategies* that create population-level changes within a community that are currently an important part of the prevention landscape. There are 17 County Prevention Coalitions and more than 500 municipalities in the Municipal Alliance Program. Both efforts employ evidence based environmental strategies as developed by Community Anti-Drug Coalitions of America (CADCA); they do not implement direct prevention programs such as those found on the NREPP.

NJAMHAA appreciates the efforts of Senators Rice and Sarlo for their support of substance abuse prevention. We encourage you to amend S-2368 to allow all evidence based prevention programs access to the newly appropriated funds, not just those listed with the NREPP.

In addition, as evidence based services are extremely expensive to implement, NJAMHAA recommends that the bill be amended to allow the $5 million appropriation to cover implementation costs, or that the appropriation be augmented with funding to cover such costs.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

The Honorable Joseph F. Vitale
Chairman
Senate Health, Human Services and Senior Citizens Committee

Dear Chairman Vitale and Members of the Committee:

NJAMHAA represents 180 non-profit hospital-based and free standing community mental health and substance use treatment providers throughout the state. Our members provide treatment for mental health and substance use to more than 500,000 children and adults each year and also employ more than 98,000 members of the workforce.

I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the committee for the opportunity to offer comments in support of Senate Bill 2369 which would require the Division of Consumer Affairs to install prescription medication receptacles in certain law enforcement locations. NJMAHAA thanks the sponsors of this bill, Senators Whelan, Senate Republican Leader Kean and Assemblypersons Eustace, Benson, Huttle, Lagana and Caride, for their understanding of the importance of this issue.

Unused prescription narcotic medication is a primary access point for teens and young adults who have misused these medications, according to the Substance Abuse and Mental Health Services Administration (SAMHSA). As we know, prescription drugs such as opioids, stimulants and benzodiazepines, can be addictive and contribute to a person developing a substance use disorder. It is known that a significant portion of persons who develop SUD with prescription pain medications do switch for various reasons to using heroin. Furthermore, the State of New Jersey has seen a rash of overdose increases due to heroin use and prescription pain medication and treatment admissions due to heroin and opiates were the largest group in 2012.

This legislation will allow for a known place to dispose of these unused medications before they end up in the wrong hands. Heading off the problem is a good place to start. For every $1 spent on prevention up to $12 dollars is saved so the State of New Jersey will see a return on its investment with this bill. NJAMHAA fully supports this legislation and asks that funding be attached to ensure its implementation.

I thank the committee members for the opportunity to support this legislation and also to point out the concerns. I would be happy to try and

answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in support of S-2370

"Requires pharmacies and prescribers to notify patients about how to ensure proper and safe disposal of unused prescription drugs."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to testify in support of Senate Bill 2370 which would require that each pharmacy practice site and each prescriber distribute with every prescription drug they dispense information on the proper and safe disposal of unused prescription drugs.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

Senate Bill 2370 instructs the Division of Consumer Affairs in the Department of Law and Public Safety to prepare and post on its website a notice, for use by prescribers and pharmacies to advise patients about: the availability of drug take-back programs sponsored by a local, State or federal government agency; and, how to obtain information from those programs concerning where unused prescription drugs may be dropped off for safe, secure, efficient, and environmentally sound disposal.

As noted in the New Jersey State Commission of Investigation's (SCI) 2013 report, *Scenes From An Epidemic: a Report on the SCI's Investigation of Pill and Heroin Abuse* we know that prescription pills

serve increasingly as a primary route to the unlawful world of heroin. According to reports from the United States Drug Enforcement Administration (DEA), prescription drugs are responsible for more overdose deaths than so-called "street drugs" such as cocaine, heroin, and methamphetamines.

Currently, the New Jersey Division of Consumer Affairs has Project Medicine Drop in place which allows consumers to dispose of unused and expired medications anonymously, seven days a week, 365 days a year, at "prescription drug drop boxes" located within the headquarters of participating police departments. With the assistance of local prevention efforts and community leaders, there are currently at least one drop box in each county with 84 throughout the state. By requiring pharmacies and prescribers to notify patients about safe disposal of unused prescription drugs, Senate Bill 2370 will potentially greatly increase utilization of this program, as well as support use of expansions of medication receptacle programs as proposed in Senate Bill 2369.

NJAMHAA commends the Legislature for its pro-active approach in the introduction of a package of 21 bills to address the epidemic of opiate abuse and overdose. Education of patients is a key element of the multifaceted approach necessary to address the epidemic of opiate abuse and overdose.

NJAMHAA appreciates the efforts of Senators Whelan and Kyrillos for their leadership in sponsoring this bill. We are pleased to support S-2370 and encourage the other members of this committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

"Establishes Statewide Opioid Law Enforcement Coordinating Task Force."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the committee for the opportunity to testify in support of Senate Bill 2372 which requires the Attorney General to establish a Statewide Opioid Law Enforcement Coordinating Task Force within the Department of Law and Public Safety.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

The Task Force idea is a recommendation from the 2013 New Jersey State Commission of Investigation's (SCI) report *Scenes From An Epidemic: a Report on the SCI's Investigation of Pill and Heroin Abuse* and its purpose is to strengthen federal, state, county and local law enforcement efforts relating to opioid drugs. The Task Force will have a critical role in identifying, investigating, and prosecuting the illegal sources and distribution of prescription opioid drug; and providing training to law enforcement officials, physicians, pharmacists and other healthcare professionals.

Addiction providers would welcome the opportunity to assist and collaborate on training the specified stakeholder groups. NJAMHAA applauds the Legislature for addressing the epidemic of opiate abuse and overdose in our state by taking a very pro-active approach through the introduction of a package of 21 bills including S-2372 creating the Attorney General's Opioid Task Force.

NJAMHAA appreciates the efforts of Senators Madden and Oroho for sponsoring this bill. We are pleased to support Senate Bill 2372 and encourage the other members of this committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

"Establishes remote medical consultation assistance grant program in DOH."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the committee for the opportunity to offer comments in support of Senate Bill 2376 which would establish a remote medical consultation assistance grant program in the New Jersey Department of Health. NJAMHAA thanks the sponsors of this bill, Chairman Vitale, Senator Gordon and Assemblyman Conaway, for their leadership on this issue.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues and employ 98,000 members of the state's workforce.

NJAMHAA fully supports the intention of this bill as we recognize the need for assistance to help providers with thin budgets to be able to access the medical and clinical talent necessary to offer the highest quality services to their clients. New Jersey substance use and mental health treatment providers have long struggled to afford highly credentialed medical professionals, particularly psychiatrists. We have consistently advocated for telepsychiatry to be offered as a reimbursable service from our State's Medicaid program. One of our providers, University Behavioral Health Care is participating in the State's pilot program to offer telepsych services. This pilot is allowing other providers who would not be able to offer psychiatric services on their own to receive these services for their clients.

The need for this type of assistance for consultation services is broad. Therefore NJAMHAA requests that this bill be amended to allow substance use and mental health providers which are licensed by the State Division of Mental Health and Addiction Services to participate in the grant program. This would expand their available access to specialists and address the workforce shortage of specialists in substance use and mental health.

I thank the committee members for the opportunity to support this legislation and also to point out the concerns. I would be happy to try and answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

"Extends "Overdose Prevention Act" immunity provisions to certain professionals and professional entities, and requires needle exchange programs to obtain standing order for opioid antidote dispensation; appropriates $500,000."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the Committee for the opportunity to offer comments in support of Senate Bill 2378 which would extend the Overdose Prevention Act immunity provisions to certain professional entities; require syringe access programs (SAPs) to obtain standing orders for Naloxone; and appropriates $500,000 in funding. I would also like to thank the sponsors of this bill, Chairman Vitale, Senator Singer and Assemblyman Conaway, for recognizing the importance of this issue.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

The Overdose Prevention Act (OPA) represents one of the most significant shifts in policy the State of New Jersey has taken in our approach to how we address substance use. The OPA has taken the priority off of enforcing *mala prohibida* drug laws which require an arrest for drug possession and placed the priority on saving the life of victims of accidental overdose. By removing the fear of arrest for petty drug possession or paraphernalia, people who witness an overdose are more likely to call 911 without hesitation.

The OPA also promoted the distribution and use of Naloxone, the injectable opioid overdose antidote and Narcan, the nasal spray version. Numerous lives have been saved with the use of Narcan which has been distributed to law enforcement around the state.

Senate Bill 2378 would allow broader access to more professionals and volunteers to administer the antidote by: allowing for standing orders for professionals and professional entities; mandating standing orders for SAPs; and allowing any person to obtain naloxone from an authorized prescriber for administration of the antidote to third parties. Importantly, the bill also extends immunity provisions to these parties.

Additionally, this bill appropriates $500,000 to be used by New Jersey's SAPs which is critical in order for the programs to comply with existing law (paragraph (7) of subsection b. of Section 4 of P.L. 2006 c.99 (C.26:5C-28). NJAMHAA recommends that the funding be monitored to ensure its adequacy in enabling SAPs to fully comply with the law.

I thank the Committee for the opportunity to support this legislation and also to make a recommendation. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony on Barriers to Treatment for Opioid and Heroin Addiction

Dear Chairman Conaway and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., (NJAMHAA) I would like to thank Chairman Conaway, Vice-Chairman Benson and the members of the Committee for the opportunity to testify about the barriers to treatment for New Jerseyans with substance use disorders involving opioids and heroin, as well as thank you for your past and present efforts to address the needs of this most vulnerable population.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

Many of the most difficult obstacles to overcome in accessing treatment for opioid or heroin addiction are those that have made access to care for any substance use disorder difficult for New Jersey residents. The greatest of these are insufficient capacity across the full continuum of care and stigma.

Capacity is largely limited by insufficient funding in three ways. Treatment programs, such as the Sterile Syringe Access Program, are not adequately funded to meet demand; fee-for-service (FFS) rates under Medicaid do not adequately cover the costs of care; and inadequate funding for salaries at community based organizations leave the community based provider network with inadequate staffing levels, high turnover and difficulty recruiting staff.

NJAMHAA

New Jersey's providers receive among the lowest Medicaid rates in the nation, yet do business in a state that has one of the highest costs of living. At the same time, the entire adult mental health and substance use system is transitioning to a FFS payment system under an Administrative Services Organization (ASO). Setting rates at an adequate level to cover the full cost of service delivery, including the non-clinical costs of doing business, is imperative to maintain the viability of the community provider network. Finally, staff at community based agencies have gone without a COLA since 2008 (though a 1% COLA is in the current budget, it is not effective until January 1, 2015). Community based providers cannot compete with state and private entities.

Staff shortages, in turn, lead to delays in treatment as well as a lack of continuity for consumers which can have a negative effect on treatment outcomes. Currently, individuals often wait from 30 to 90 days for a placement; for some, that time may be spent in jail; for all, it is a time of potential crisis. Having the capacity to treat individuals in a timely manner also allows them to be treated at lower levels of care, and would result in significant savings to the state.

Capacity issues are also greatly impacted by demand. The Medicaid Expansion, Drug Court expansion, the Health Insurance Marketplace and parity laws are all contributing to an increase in overall demand for substance use treatment and support services. Unfortunately, there is already a high level of unmet demand for these services in New Jersey.

Insufficient capacities not only affect access to treatment; they result in premature discharges. Treatment services should be matched to an individual's clinical needs in terms of the type, intensity, and duration of treatment, and not driven by another individual's need for placement. Adolescents in particular need long term inpatient in order to be removed from the influences and connections involved in their drug use. Similarly, discharge from treatment should not be driven by financial considerations, such as arbitrary limits on care found in many insurances. It is imperative that New Jersey establish a strong enforcement mechanism for parity, including dedicated staff in the Office of the Ombudsmen at the Division of Banking and Insurance. Furthermore, aftercare and support services, such as housing, career training and job placement services, must be recognized as an essential part of the continuum of care as they ensure successful reintegration into communities. Adequately funding the full continuum of care gives individuals the greatest potential to achieve stability, rebuild family relationships, obtain employment and reach other goals in their wellness and recovery plans.

In this environment of inadequate capacities and staffing shortages, stigma, as experienced by an individual, family or community, creates

NJAMHAA

additional obstacles to seeking and accessing treatment. I applaud the Legislature and Administration for the many approaches taken to combat stigma in our state. However, the stigma of addiction, and of addiction treatment, particularly medication assisted therapies, remains a serious problem. Many providers and consumers are reluctant to utilize Medication Assisted Therapy (MAT) due to not knowing enough about it. Such therapies suffer stigma even from some quarters within the treatment and recovering communities. There is a great need for more public and professional education on MAT. Stigma in communities is also prevalent when trying to site treatment facilities. The NIMBY sentiment too often allows plans for much needed facilities to fade to non-existence because of the obstacles permitted to such development.

For many who are ready to seek treatment despite the stigma and who are fortunate to have resources available in their community, treatment often still remains out of their grasp for the very simple reason that they do not know how to access it. Seeking treatment involves skills that many do not have in their times of crisis; even family members or friends that are trying to help may find the process daunting. One must know what options are available, what costs there are, what financial supports are available and so much more. Navigators are now an accepted necessity to help Americans find their way through the complicated insurance system yet there is no such assistance for individuals with impaired abilities for whom insurance navigation is but one piece of what they must conquer to gain access to needed treatment.

NJAMHAA and its members thank Chairman Conaway and all members of this Committee for efforts to ensure access to appropriate treatment for all New Jersey residents with substance use disorders. We remain available to you to discuss solutions to the gaps in treatment options and stand ready to be part of those solutions.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Support of A3720

"Extends "Overdose Prevention Act" immunity provisions to certain professionals and professional entities, and requires needle exchange programs to obtain standing order for opioid antidote dispensation."

Dear Chairman Conaway and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Conaway, Vice-Chairman Benson and the other members of the Committee for the opportunity to offer comments on Assembly Bill 3720 as amended. A-3720, as amended, would extend the Overdose Prevention Act immunity provisions to certain professional entities and allow standing orders for Naloxone; however, it is of great concern that the original appropriation of $500,000 is no longer in the bill.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

The Overdose Prevention Act (OPA) represents one of the most significant shifts in policy the State of New Jersey has taken in our approach to how we address substance use. The OPA has taken the priority off of enforcing *mala prohibida* drug laws which require an arrest for drug possession and placed the priority on saving the life of victims of accidental overdose. By removing the fear of arrest for petty drug possession or paraphernalia, people who witness an overdose are more likely to call 911 without hesitation.

NJAMHAA

The OPA also promoted the distribution and use of Naloxone, the injectable opioid overdose antidote and Narcan, the nasal spray version. Numerous lives have been saved with the use of Narcan which has been distributed to law enforcement around the state.

A-3720 would allow broader access to professionals and volunteers to administer the antidote by: allowing for standing orders for professionals and professional entities; and allowing any person to obtain naloxone from an authorized prescriber for administration of the antidote to third parties. Importantly, the bill also extends immunity provisions to these parties for the administering of naloxone.

Before amendments, this bill appropriated $500,000 to be used by New Jersey's Sterile Syringe Access Programs (SAPs). That funding is critical in order for the programs to comply with existing law (paragraph (7) of subsection b. of Section 4 of P.L. 2006 c.99 (C.26:5C-28). NJAMHAA is concerned that without appropriate funding attached, these programs cannot continue to provide critical services to meet the needs of those it serves. While the mandated standing order for SAPs has also been removed from this bill, these programs have not received funding since Calendar Year 2011 as noted in the 2012 New Jersey Syringe Access Program Demonstration Project, New Jersey Department of Health report. They are solely dependent on private funding, which, given the epidemic levels of opioid and heroin use, is not sufficient.

I would like to thank the sponsors of this bill, Chairman Conaway, Vice-Chairman Benson, and Assemblypersons Munoz, Lampitt, Pinkin and O'Scanlon for recognizing the importance of this issue. I thank the Committee for the opportunity to support this legislation with the recommendation that the $500,000 appropriation be restored. I would be happy to answer any questions from the Committee. "Directs poison control and drug information program to establish clearinghouse of drug overdose information, report on trends, and provide education on safe storage and disposal of medications; appropriates $500,000."

Dear Chairman Conaway and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., (NJAMHAA) I would like to thank Chairman Conaway, Vice-Chairman Benson and the members of the Committee for the opportunity to testify in support of Assembly Bill 3715 which directs the State's poison control and drug information program to: provide community education on the safe and proper storage and disposal of medications; establish a clearinghouse of drug overdose information reported by healthcare providers; and compile annual reports describing trends and emerging patterns.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

According to reports from the United States Drug Enforcement Administration (DEA), prescription drugs, including opioids and

NJAMHAA

antidepressants, are responsible for more overdose deaths than so-called "street drugs" such as cocaine, heroin, and methamphetamines.

Consistent with the nationwide experience, Dr. Roger Mitchell, New Jersey Assistant State Medical Examiner, reports that unintentional poisoning (overdose) has overtaken motor vehicle crashes as the leading cause of injury death in New Jersey. From 2010 through 2013, New Jersey recorded 4,300 drug-related deaths.

In 2012, there were more than 8,300 admissions to State-licensed or certified substance abuse treatment programs due to prescription drug abuse. That is an increase of more than 200% over the prior five years, and nearly 700% over the prior decade. One-half of opiate admissions for treatment involved persons 25 years old or younger.

NJAMHAA is supportive of Assembly Bill 3715 because it will raise awareness of accidental overdose and accidental overdose death, assist in identifying trends, and alert authorities with toxicity warning notices in the event of overly potent or adulterated drugs.

NJAMHAA appreciates the efforts of Chairman Conaway and Vice-Chairman Benson for their leadership in sponsoring this bill. We are pleased to support A-3715 and encourage the other members of this committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony on S-2047

"Clarifies the authority of the Department of Human Services to license and regulate sober living homes."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the Committee for the opportunity to offer comments regarding Senate Bill 2047. NJAMHAA supports the concepts espoused in this bill which clarifies that the Department of Human Services (DHS) has licensing and regulatory authority over transitional sober living homes; however, we are unable to support it in its current form for the reasons detailed herein.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

NJAMHAA is supportive of regulations that protect consumers and providers; however, NJAMHAA opposes Senate Bill 2047 in its current form for the following reasons:

- A definition of sober living homes is not included in the bill. This is clearly needed given the wide array of living situations that are currently commonly referred to under this title.

- The bill would require transitional sober living homes, halfway houses or other residential aftercare programs located within one mile of a school to have at least one extra supervising staff person during four hours a day on days that school is in session, without providing funding to support those staffing hours.

    - Treatment programs maintain staffing levels as required by their license issued by the Division of Mental Health and Addiction Services. Requiring additional supervisors would be over and above

licensure requirements which would not be billable without amendment to licensure requirements. The added supervisory hours would be an overly burdensome cost for providers to bear without dedicated funding or regulatory changes that would permit billing for these hours.

- In some programs, residents go out to work, school or another activity during the day and would not be in residence during school hours. If the extra staffing provision is to be maintained, we recommend that regulations permit staffing to be flexible according to who will be actively present during the specified hours.

- The bill requires transitional sober living homes, halfway houses or other residential aftercare programs to obtain background checks on residents.
  - The facilities in question would need to institute a process for conducting background checks and funding to pay for them. NJAMHAA recommends that funding be attached to cover these costs.
  - Consideration should be given to delays that will occur in transferring clients into this level of residential treatment if background checks on them are required before admission.

- The bill would prohibit any half-way house, transitional sober living home or other residential care facility within one-half mile of a school from admitting any individual with a criminal history involving a violent crime or a crime against a minor.
  - In urban regions, consideration must be given to where those with the specified criminal background will be able to receive treatment since few, if any, treatment programs may fall outside of the half mile radius.

NJAMHAA respectfully opposes Senate Bill 2047 and urges the sponsors, Chairman Vitale and Senator Kyrillos, to hold this bill in order to engage in discussions with the provider community and the Division of Mental Health and Addiction Services to find solutions to the expressed concerns so that providers can continue to deliver vital services.

I thank the Committee for the opportunity to speak on this legislation and share the concerns of NJAMHAA's members. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

"Directs poison control and drug information program to establish clearinghouse of drug overdose information, report on trends, and provide education on safe storage and disposal of medications; appropriates $500,000."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., (NJAMHAA) I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to testify in support of Senate Bill 2371 which directs the State's poison control and drug information program to: provide community education on the safe and proper storage and disposal of medications; establish a clearinghouse of drug overdose information reported by healthcare providers; and compile annual reports describing trends and emerging patterns.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Testimony in Opposition to S-2373

"Requires Division of Mental Health and Addiction Services to annually prepare, and make available to the public, a substance abuse treatment provider performance report."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the Committee for the opportunity to offer comments in opposition to Senate Bill 2373 which would require the Division of Mental Health and Addiction Services (DMHAS) to annually prepare, and make available to the public, a substance abuse treatment provider performance report.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

NJAMHAA supports the goal of this bill but believes it could cause unintended consequences for the following reasons:

- The extreme difficulty in establishing benchmarks that are truly comparable.
- The proposed ranking of providers could be a cause for concern depending upon the comparable metrics for each level of service.
- It would be very challenging to level the playing field so the report truly reflects the quality of the treatment providers.

NJAMHAA would favor DMAHS making performance citations that provider organizations have received available to the public, with a description of the severity of each citation. Additionally, NJAMHAA

would support the establishment of a comprehensive process by DMHAS, and informed by providers and stakeholders, to agree on standards of measurement that would ultimately allow viable comparisons to be made by consumers.

New Jersey substance use and mental health treatment providers strive to provide the best services possible to the vulnerable populations in our programs. At this time, NJAMHAA does not support the passage of Senate Bill 2373, as we do not believe it will be of benefit to clients. We respectfully urge the sponsors of S-2373 to amend the bill so that the stated goal of ensuring consumers have access to information to help them select the most appropriate treatment provider can be attained.

NJAMHAA thanks the sponsors of this bill, Chairman Vitale and Senator Addiego and co-sponsor Senator Lesniak, for their leadership on this issue.

I thank the Committee for the opportunity to have our concerns heard regarding this legislation. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Opposition to S-2375

"Provides for licensure of ambulatory care facilities to provide integrated primary care services including behavioral health care."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the Committee for the opportunity to offer comments in opposition to Senate Bill 2375 which would allow a single license to include all primary health care services, permitting greater coordination between traditional primary health care staff and behavioral health care staff, improving integration of health care services at the facility.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

NJAMHAA is supportive of integrated healthcare and has in fact been advocating for the past five years to have addiction and mental health providers offer fully integrated healthcare through a behavioral health home model. However, NJAMHAA opposes Senate Bill 7375 for the following reasons:

- The bill has a limited listing of professionals, which do not include certified or licensed substance abuse counselors. Services should be managed by a licensed, experienced behavioral health professional with a license and experience in the specific field of service, e.g., for substance abuse, at minimum a Licensed Clinical Alcohol and Drug Counselor (LCADC); and for mental health, at a minimum a Licensed Clinical Social Worker (LCSW), Licensed

Professional Counselor (LPC) or Licensed Marriage and Family Therapist (LMFT).

- Establishment of one license for integrated care should incorporate all current standards for the provision of mental health and addiction treatment services. Integrated healthcare programs that do not meet the standards of care set by the Division of Mental Health and Addiction Services (DMHAS) create a risk for poor quality of care.
- Establishment of one license for integrated care should be reciprocal to behavioral health providers offering certain primary care services on site.
- The Department of Health does not have the expertise to monitor behavioral health services nor does the Division of Mental Health and Addiction Services have the expertise to monitor primary healthcare services. Monitoring responsibilities for both services need to be specified in the bill.
- The bill seeks to allow ambulatory care facilities the ability to provide outpatient treatment services for "individuals who exhibit either mild or moderate symptoms of a behavioral health disorder", but the bill does not define "mild or moderate." The bill should specify who will be responsible for formulating both the definitions and the criteria to be used to assess whether an individual meets those definitions.

NJAMHAA urges the sponsors of Senate Bill 2375, Chairman Vitale and Senator Singer, to hold this bill in order to engage in discussions with the mental health and addictions provider community, the Division of Mental Health and Addiction Services and the Department of Health and reintroduce it with amendments.

I thank the Committee for the opportunity to speak on this legislation and point out the concerns of NJAMHAA's members. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Support of S-2377

"Directs certain four-year public institutions of higher education to establish substance abuse recovery housing program."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., (NJAMHAA) I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to offer testimony in support of Senate Bill 2377, which directs each four-year public institution of higher education, in which at least 50 percent of the undergraduate students live in on-campus housing, to establish a substance abuse recovery housing program.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

The bill provides a four-year period for an institution to develop the substance abuse program and directs the institutions to apply for any federal, State, corporate, or other grant funding that may be available to implement the substance abuse recovery housing program. The program is to include on-site counseling, mentoring, peer support, and other appropriate services.

The Substance Abuse and Mental Health Services Administration (SAMHSA) reported that, from 1999 to 2009, the number of students aged 18 to 24 seeking treatment for substance abuse more than doubled.

According to U.S. Department of Education official, William Modzeleski, "Recovery programs and other efforts of colleges and universities can help students from relapsing, as well as support them in meeting their higher education goals." A recent Request For Proposals from the New Jersey Division of Mental Health and Addiction Services (DMHAS) would fund two campus-based programs in which sober housing is an option. Research has shown that sober, supportive housing is effective in assisting recovering students to remain substance-free and be successful academically, and it deserves the mandated support that S-2377 provides.

NJAMHAA members would welcome the opportunity to work in partnership with the state's higher education institutions to provide necessary on-campus services. NJAHMAA recommends that the bill require higher education institutions to invite all stakeholders to participate in their planning process.

NJAMHAA appreciates the efforts of Chairman Vitale and Senator Barnes for their leadership in sponsoring this bill. We are pleased to support S-2377 and encourage the other members of the Committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Support of S-2379

"Establishes pilot program for Medicaid enrollment, by screening and enrolling eligible incarcerated defendants awaiting court hearing on bail; requires enrollment opportunity for eligible defendants prior to admission to certain court supervised rehabilitative programs."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to testify in support of Senate Bill 2379 which would broaden Medicaid coverage in New Jersey to qualified individuals by reaching out to such individuals through various stages of their association with the State's criminal justice system.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

Senate Bill 2379 establishes a three-year pilot program administered by the Commissioner of Human Services in consultation with the Commissioner of Corrections to implement a screening and enrollment process utilizing the single, streamlined application form for enrolling applicants in Medicaid/NJ FamilyCare, or other qualifying health care coverage. Screening would take place at the time the individual becomes incarcerated in a county correctional facility while they await a court hearing on bail. Additionally, if there is a reasonable basis to suspect the

individual may be drug or alcohol dependent, the individual would undergo an initial diagnostic assessment to determine the extent of any dependency. This initial assessment would be provided to the court before the individual's court hearing on bail, and would indicate whether the person may benefit from a court supervised rehabilitative program.

The members of NJAMHAA support treatment for addictions over incarceration whenever appropriate. This pilot would not only ease access to health coverage for individuals who are involved in the criminal justice system, but would serve to identify those who might benefit from substance use treatment. We support S-2379, though we do recommend that appropriate funding be provided to support enrollment and screening activities.

NJAMHAA appreciates the efforts of Chairman Vitale and Senator Lesniak for their sponsorship of this bill and their support of substance abuse treatment. NJAMHAA is pleased to support S-2379 and encourages the other members of this Committee to support it as well, provided an adequate appropriation is made available to implement and maintain the provisions of the bill.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Support of S-2380

"Requires DHS and DOC to share regulatory authority in regard to prison-based mental health and substance abuse treatment programs."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to testify in general support of Senate Bill 2380 which establishes an interagency system of regulation applicable to therapeutic prison-based treatment centers.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

Senate Bill 2380 specifies that the Department of Corrections (DOC) will be responsible for the day-to-day operation and management of therapeutic prison-based treatment centers while the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services will be responsible for providing or arranging for the provision of treatment services to such inmates by DMHAS-licensed providers. This would ensure the accepted standard of licensed treatment is provided to those in the prison system, ending any real or perceived discrepancy.

The bill does not include funding for DMHAS implementation, and NJAMHAA recommends that sufficient appropriations be attached to the bill to make implementation viable. NJAMHAA also recommends expanding this concept to juvenile detention centers. Juvenile detention centers operating in-house mental health and addiction treatment programs should also be regulated by DMHAS.

NJAMHAA appreciates the efforts of Chairman Vitale and Senator Lesniak for their sponsorship of this bill and their support of substance abuse treatment. We are pleased to support S-2380 and encourage the other members of this Committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in support of S-2381

"Requires certain drug treatment programs operating in State correctional facilities or county jails to offer medication-assisted treatment; permits successful completion of special probation drug court program notwithstanding use of medication-assisted treatment."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., I would like to thank Chairman Vitale, Vice-Chairman Madden and the members of the Committee for the opportunity to testify in support of Senate Bill 2381 which would require any drug treatment program operating within a State correctional facility or county jail to include medication-assisted treatment and which permits participants in drug court treatment programs to receive medication-assisted treatment without its use constituting a violation or reason to withhold graduation from the program.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

Medication-assisted treatment is the use of medications, in combination with counseling and behavioral therapies, to provide a whole-patient approach to the treatment of substance use disorders. It is an evidence-based practice recognized by the State's Department of Human Services,

Division of Mental Health and Addiction Services and the federal Substance Abuse and Mental Health Services Administration.

NJAMHAA recommends expanding this concept to juvenile detention centers. Whenever a county operates substance abuse treatment programs within these settings, they too should be required to offer medication assisted treatment, with the exception of methadone.

NJAMHAA appreciates the efforts of Chairman Vitale and Senator Lesniak for their sponsorship of this bill and their support of substance abuse treatment. NJAMHAA is pleased to support S-2381 and encourages the other members of this Committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony on S-2499

"Requires sober living homes and other aftercare facilities to provide certain notifications to next-of-kin when patient is released from care, and clarifies DHS authority to regulate certain facilities; designated as "Nick Rohdes' Law."

Dear Chairman Vitale and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairman Vitale, Vice-Chairman Madden and the other members of the Committee for the opportunity to offer comments regarding Senate Bill 2499. NJAMHAA supports this bill which clarifies that the Department of Human Services (DHS) has licensing and regulatory authority over transitional sober living homes and requires notification to a spouse, parent, legal guardian or other designated kin upon admission or discharge to a sober living home; however, we do recommend that a definition of sober living home be added and do have concerns about certain minors for whom notification to certain parties may prove detrimental to their recovery plan.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

NJAMHAA is supportive of Senate Bill 2499, but does recommend adding a definition of sober living homes. This is clearly needed given the wide array of living situations that are currently commonly referred to under this title. We also ask that the Committee consider a provision for minors to withhold consent for notification to certain persons if there are valid, significant reasons for doing so.

I thank the Committee for the opportunity to speak on this legislation and share the concerns of NJAMHAA's members. I would be happy to answer any questions

from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Opposition to A-3716

"Requires Division of Mental Health and Addiction Services to annually prepare, and make available to the public, a substance abuse treatment provider performance report."

Dear Chairwoman Huttle and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I want to thank Chairwoman Huttle, Vice-Chairwoman Tucker and the other members of the Committee for the opportunity to offer comments in opposition to Assembly Bill 3716 which would require the Division of Mental Health and Addiction Services (DMHAS) to annually prepare, and make available to the public, a substance abuse treatment provider performance report.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance use treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

NJAMHAA supports the goal of this bill but believes it could cause unintended consequences for the following reasons:

- The extreme difficulty in establishing benchmarks that are truly comparable.
- The proposed ranking of providers could be a cause for concern depending upon the comparable metrics for each level of service.
- It would be very challenging to level the playing field so the report truly reflects the quality of the treatment providers.

NJAMHAA would favor DMAHS making performance citations that provider organizations have received available to the public, with a description of the severity of each citation. Additionally, NJAMHAA would support the establishment of a comprehensive process by DMHAS, and informed by providers and stakeholders, to agree on standards of measurement that would ultimately allow viable comparisons to be made by consumers.

New Jersey substance use and mental health treatment providers strive to provide the best services possible to the vulnerable populations in our programs. At this time, NJAMHAA does not support the passage of Assembly Bill 3716, as we do not believe it will be of benefit to clients. We respectfully urge the sponsors of A-3716 to amend the bill so that the stated goal of ensuring consumers have access to information to help them select the most appropriate treatment provider can be attained.

NJAMHAA thanks the sponsors of this bill, Chairwoman Huttle, Vice-Chairwoman Tucker and Assemblypersons Sumter and Mukherji, for their leadership on this issue.

I thank the Committee for the opportunity to have our concerns heard regarding this legislation. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Support of A-3721

"Establishes pilot program for Medicaid enrollment, by screening and enrolling eligible incarcerated defendants awaiting court hearing on bail; requires enrollment opportunity for eligible defendants prior to admission to certain court supervised rehabilitative programs."

Dear Chairwoman Huttle and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., I would like to thank Chairwoman Huttle, Vice-Chairwoman Tucker and the members of the Committee for the opportunity to testify in support of Assembly Bill 3721 which would broaden Medicaid coverage in New Jersey to qualified individuals by reaching out to such individuals through various stages of their association with the State's criminal justice system.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

Assembly Bill 3721 establishes a three-year pilot program administered by the Commissioner of Human Services in consultation with the Commissioner of Corrections to implement a screening and enrollment process utilizing the single, streamlined application form for enrolling applicants in Medicaid/NJ FamilyCare, or other qualifying health care coverage. Screening would take place at the time the individual becomes

incarcerated in a county correctional facility while they await a court hearing on bail. Additionally, if there is a reasonable basis to suspect the individual may be drug or alcohol dependent, the individual would undergo an initial diagnostic assessment to determine the extent of any dependency. This initial assessment would be provided to the court before the individual's court hearing on bail, and would indicate whether the person may benefit from a court supervised rehabilitative program.

The members of NJAMHAA support treatment for addictions over incarceration whenever appropriate. This pilot would not only ease access to health coverage for individuals who are involved in the criminal justice system, but would serve to identify those who might benefit from substance use treatment. We support A-3721, though we do recommend that appropriate funding be provided to support enrollment and screening activities.

NJAMHAA appreciates the efforts of Chairwoman Huttle and Assemblyman Mukherji for their sponsorship of this bill and their support of substance abuse treatment. NJAMHAA is pleased to support A-3721 and encourages the other members of this Committee to support it as well, provided an adequate appropriation is made available to implement and maintain the provisions of the bill.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in Support of A-3722

"Requires DHS and DOC to share regulatory authority in regard to prison-based mental health and substance abuse treatment programs."

Dear Chairwoman Huttle and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairwoman Huttle, Vice-Chairwoman Tucker and the members of the Committee for the opportunity to testify in general support of Assembly Bill 3722 which establishes an interagency system of regulation applicable to therapeutic prison-based treatment centers.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, substance use or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively, our member organizations help 500,000 children and adults with mental health and substance use issues annually and employ 98,000 members of the state's workforce.

Assembly Bill 3722 specifies that the Department of Corrections (DOC) will be responsible for the day-to-day operation and management of therapeutic prison-based treatment centers while the Division of Mental Health and Addiction Services (DMHAS) in the Department of Human Services will be responsible for providing or arranging for the provision of treatment services to such inmates by DMHAS-licensed providers. This would ensure the accepted standard of licensed treatment is provided to those in the prison system, ending any real or perceived discrepancy.

The bill does not include funding for DMHAS implementation, and NJAMHAA recommends that sufficient appropriations be attached to the bill to make implementation viable. NJAMHAA also recommends expanding this concept to juvenile detention centers. Juvenile detention centers operating in-house mental health and substance use treatment programs should also be regulated by DMHAS.

NJAMHAA appreciates the efforts of Chairwoman Huttle and Assembly Persons Sumter, Mukherji and Angelini for their sponsorship of this bill and their support of substance abuse treatment. We are pleased to support A-3722 and encourage the other members of this Committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

Testimony in support of A-709

"Requires pharmacies and prescribers to notify patients about how to ensure proper and safe disposal of unused prescription drugs."

Dear Chairman Conaway and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA), I would like to thank Chairman Conaway, Vice-Chairman Benson and the members of the Committee for the opportunity to testify in support of Assembly Bill 709 which would require that each pharmacy practice site and each prescriber distribute with every prescription drug they dispense information on the proper and safe disposal of unused prescription drugs.

NJAMHAA represents 180 hospital-based and freestanding non-profit mental healthcare and substance abuse treatment providers who treat New Jersey residents with mental illness, addictions or co-occurring disorders, as well as the families of these individuals. Our membership represents organizations in every county and almost every community statewide – nearly 98 percent of the behavioral healthcare market in New Jersey. Collectively our member organizations help 500,000 children and adults with mental health and addiction issues annually and employ 98,000 members of the state's workforce.

Assembly Bill 709 instructs the Division of Consumer Affairs in the Department of Law and Public Safety to prepare and post on its website a notice, for use by prescribers and pharmacies to advise patients about: the availability of drug take-back programs sponsored by a local, State or federal government agency; and, how to obtain information from those programs concerning where unused prescription drugs may be dropped off for safe, secure, efficient, and environmentally sound disposal.

As noted in the New Jersey State Commission of Investigation's (SCI) 2013 report, *Scenes From An Epidemic: a Report on the SCI's Investigation of Pill and Heroin Abuse,* we know that prescription pills

serve increasingly as a primary route to the unlawful world of heroin. According to reports from the United States Drug Enforcement Administration (DEA), prescription drugs are responsible for more overdose deaths than so-called "street drugs" such as cocaine, heroin, and methamphetamines.

Currently, the New Jersey Division of Consumer Affairs has Project Medicine Drop in place which allows consumers to dispose of unused and expired medications anonymously, seven days a week, 365 days a year, at "prescription drug drop boxes" located within the headquarters of participating police departments. With the assistance of local prevention efforts and community leaders, there is currently at least one drop box in each county with 84 throughout the state. By requiring pharmacies and prescribers to notify patients about safe disposal of unused prescription drugs, Assembly Bill 709 will potentially greatly increase utilization of this program, as well as support use of expansions of medication receptacle programs as proposed in Assembly Bill 709.

NJAMHAA commends the Legislature for its pro-active approach in the introduction of a package of 21 bills to address the epidemic of opiate abuse and overdose. Education of patients is a key element of the multifaceted approach necessary to address the epidemic of opiate abuse and overdose.

NJAMHAA appreciates the efforts of Assembly members Angelini, Benson, Sumter and Lagana for their leadership in sponsoring this bill. We are pleased to support Assembly Bill 709 and encourage the other members of this committee to support it as well.

Thank you for the opportunity to be heard. I would be happy to answer any questions from the Committee. Please feel free to contact me at 609-838-5488 extension 292 or at dwentz@njamhaa.org.

"Requires certain drug treatment programs operating in State correctional facilities or county jails to offer medication-assisted treatment; permits successful completion of special probation drug court program notwithstanding use of medication-assisted treatment."

Dear Chairman Conaway and Members of the Committee:

On behalf of the New Jersey Association of Mental Health and Addiction Agencies, Inc., I would like to thank Chairman Conaway, Vice-Chairman Benson and the members of the Committee for the opportunity to testify in support of Assembly Bill 3723 which would require any drug treatment program operating within a State correctional facility or county jail to include medication-assisted treatment and which permits participants in drug court treatment programs to receive medication-assisted treatment without its use constituting a violation or reason to withhold graduation from the program.
