

(c) The Department may defer the review of an application accepted after November 1 until the most recent financial information becomes available if, based on the information provided in the application, the Department determines that it is necessary to review more recent financial information to evaluate properly the applicant's financial position.

(d) An applicant shall be notified of the decision on an application within 90 days of receipt of a complete application that contains all of the information set forth in N.J.A.C. 11:22-4.4, or within 90 days of the beginning of the review period set forth in (c) above.

(a) A licensed organized delivery system shall not materially modify any matter or document furnished pursuant to N.J.A.C. 11:22-4.4 unless the system files with the Commis-

The Commissioner may extend the 60-day review period for not more than 30 additional days by giving written notice of the extension before the expiration of the 60-day period. If a change or modification is disapproved, the Commissioner shall notify the system in writing and specify the reason for the disapproval.

(b) Prior to entering into any contract with a carrier, a licensed organized delivery system shall file a copy of the contract with the Commissioner for approval. The filing shall be made no later than 60 days prior to the date that the contract is intended to be in effect. The Commissioner shall either approve the contract or state in writing the reasons for disapproval within 60 days of receipt of the filing. Contracts shall be subject to the following standards:

1. The terms shall be fair and reasonable;
2. Charges or fees for service performed shall be reasonable;

5. The system's net worth following any transaction shall be reasonable in relation to its outstanding liabilities and adequate to its financial needs.

(c) All contracts between a carrier and a licensed organized delivery system shall satisfy the following requirements:

1. The funds being transferred from the carrier to the organized delivery system shall be first utilized to pay for treatment or services, and attendant administrative costs, for which the system has contracted;
2. The carrier shall have the right to periodic inspection of the books and records of the organized delivery system with respect to the use of the funds received from the carrier under the terms of the contract;
3. Payments under the contract shall be made no less frequently than monthly and no payment to the organized delivery system shall be made by the carrier prior to the first day of the month to which the payment relates;

4. The terms under which the carrier may withhold payments shall be specified;

7. Any changes shall be null and void unless made by written amendment signed by the parties, and filed with and approved by the Commissioner.

11:22-4.7 Examinations

(a) The Commissioner may conduct an examination of a licensed organized delivery system as often as he or she deems necessary in order to protect the interests of providers, contract holders, enrollees, and the residents of this State, but not less frequently than once every five years, except that an examination shall be conducted three years after the organized delivery system is initially licensed in this State. A licensed organized delivery system shall make its relevant books and records available for examination by the Commissioner, and retain its records related to the next examination, for not less than seven years. The reasonable expenses of the examination shall be borne by the licensed organized delivery system being examined.

(b) Where the system is domiciled in another state, and subject to regulation in a manner substantially similar to that provided under N.J.S.A. 17:48H-1 et seq. and this subchapter, the Commissioner may accept the report of an examination made by the Commissioner of that state in lieu of conducting examination pursuant to this section.

11:22-4.8 Net worth, deposits and bond

(a) Except as provided in (i) below, a licensed organized delivery system shall, at all times, have and maintain a minimum net worth, determined on a statutory accounting basis, in an amount equal to the greater of:

1. Two percent of the annual compensation received by the organized delivery system for all of its contracts, but in no event less than \$100,000; or

2. An amount equal to the sum of eight percent of the annual health care expenditures (not including those expenditures paid on a capitated basis and those made on a managed hospital payment basis), as reported for the most recent four calendar quarters, plus four percent of the annual hospital expenditures paid on a managed hospital payment basis for the most recent four calendar quarters.

i. The amounts set forth in (a) above may be adjusted by the Commissioner to the extent the applicant demonstrates there is a limitation on its exposure to financial loss that results from a contract with a carrier that provides that any liabilities of the system may be satisfied by means of reductions or offsets against monies due to the system from the carrier, and which reductions or offsets the Commissioner finds will not adversely affect the system's ability to meet its contractual obligations.

ii. The minimum net worth requirements shall be phased-in over 48 months, so that an ODS shall maintain 25 percent of the minimum net worth required in (a) above at the end of the 12th month after it was issued a license; 50 percent of the minimum net worth required at the end of the 24th month following the month it was issued a license; 75 percent of the minimum net worth required at the end of the 36th month following the month it was issued a license; and 100 percent of the minimum net worth required at the end of the 48th month following the month it was issued a license.

(b) A licensed organized delivery system shall establish and maintain a segregated account with respect to the financial risk assuming operations of its business. Such segregated account shall include the income, disbursements, assets and liabilities associated with the financial risk assuming operations of the system. The segregated account shall, at all times, contain assets in an amount at least equal to the sum of its liabilities, including its reserve liabilities, plus the minimum net worth requirement set forth in (a) above. Such assets shall be segregated as separate and distinct funds, independent of all other funds of the organized delivery system. Assets in the segregated account shall be first utilized to provide treatment or services, including attendant administrative expenses, according to the terms of contracts with carriers under which the ODS assumes financial risk.

(c) Assets in the segregated account equal to its liabilities, including its reserve liabilities, and minimum net worth as set forth above, at any point in time, shall be held in cash or publicly traded securities with one year or less to maturity.

(d) Except for payment of benefits under the contract, including attendant administrative expenses, funds in the segregated account, which fair market value, together with that of other amounts withdrawn from the segregated account within the immediately preceding 12 months, that exceeds 10 percent of the total net worth of the segregated account as of December 31 immediately preceding, shall not be withdrawn except upon 45 days prior written notice to the Commissioner, and the withdrawal has not been disapproved prior to the expiration of the 45 day period. Notice of intent to withdraw monies shall contain the information and be in the format of Exhibit C in the Appendix to this subchapter, incorporated herein by reference. In no event may the net worth of the segregated account fall below the minimum net worth requirement set forth in (a) above.

(e) A licensed organized delivery system shall deposit with the Commissioner in accordance with the procedures set forth in N.J.A.C. 11:2-32, cash, securities, or any combination of these or other measures that is acceptable to the Commissioner in an amount equal to 50 percent of the highest calendar quarterly compensation of the most recent four quarters, but in no event less than \$25,000, which amount shall be adjusted annually in accordance with changes in the Consumer Price Index. The deposit shall be deemed an admitted asset of the system in the determination of net worth. The deposit amount, above the \$25,000 minimum, shall be payable over a two-year period, with 50 percent of the required amount above the minimum required amount payable at the end of the 12th month after it was issued a license.

(f) All income from deposits shall be an asset of the licensed organized delivery system. A licensed organized delivery system may withdraw a deposit or any part thereof after making a substitute deposit of equal amount and value, except that a security may not be substituted unless it has been approved by the Commissioner.

(g) If a licensed organized delivery system is placed in rehabilitation or liquidation, the deposit shall be treated as an asset subject to the provisions of N.J.S.A. 17B:32-31 et seq.

(h) A licensed organized delivery system shall maintain in force a fidelity bond in its own name on its officers and employees, in an amount not less than \$100,000.

(i) Any organized delivery system that pursuant to the terms of the contract, accepts risk in an amount represented by 50 percent or more of any carrier's consideration received to provide services or benefits, shall satisfy all net worth and financial requirements set forth in N.J.A.C. 8:38-11.

(j) For purposes of determining net worth and deposit requirements set forth in this section, "compensation" shall mean amounts paid to the ODS by a carrier or other ODS for specified health care benefits (for example, hospital/medical, dental, radiology, etc.) provided to the policyholders or members of the carrier pursuant to agreements whereby the ODS assumes financial risk.

(k) For purposes of determining net worth and deposit requirements set forth in this section, "health care expenditures" means amounts paid for provider services provided under a contractual arrangement and includes salaries, including fringe benefits, paid to providers for delivery of health care services; capitation payments paid by the ODS to providers for delivery of health care services; and fees paid to providers on a fee-for-service basis for delivery of health care services, including capitated referrals; and net of reinsurance recoveries. Annual health care expenditures do not include expenses for the time of providers devoted to administrative tasks.
