The card shall be used exclusively by the licensee master plumber in the conduct of his or her practice. A State-licensed master plumber is required to present said identification card upon request to the appropriate duly licensed inspection agency upon all applications for plumbing permits.

(b) Use of an identification card by any person other than a licensee to whom it is issued or his or her duly authorized agent acting on the licensee's behalf shall be deemed to be the use or employment of dishonesty, fraud, deception, misrepresentation or false pretense. Such conduct shall be unlawful and may be grounds for the suspension or revocation of the license of the unauthorized user if he or she is already licensed by the Board. With respect to an unlicensed user, such conduct shall be grounds for the refusal to issue a State license at any point in the future.

(c) A licensee who willfully or negligently allows an unlicensed and unauthorized person to use his or her identification card shall be deemed to have engaged in occupational misconduct and shall be subject to such penalties and sanctions as shall be imposed by the Board pursuant to authority granted by N.J.S.A. 45:14C-1 and 45:1-14 et seq.

(b) Any person, partnership or corporation including any political subdivision of State government who has been injured, aggrieved or damaged through the failure of the obligor to perform the duties required by N.J.S.A. 45:14C-1 et seq. or any rule of the Board shall be eligible to receive the financial protection of, and may maintain an action on such bond.

(b) Service of an administrative complaint or other process initiated by the Board, the Attorney General or the Division of Consumer Affairs at the licensee's address on file with the Board shall be deemed adequate notice for the commencement of any inquiry or disciplinary proceeding against the licensee.

13:32-4.5 Unconscionable pricing

(a) A licensee of the Board of Examiners of Master Plumbers shall not charge an excessive price for services. A price is excessive when, after review of the facts, a licensee of ordinary prudence would be left with a definite and firm conviction that the price is so high as to be manifestly unconscionable or overreaching under the circumstances.

(b) Factors which may be considered in determining whether a price is excessive include, but are not limited to, the following:

1. The time and effort required;
2. The novelty or difficulty of the job;
3. The skill required to perform the job properly;

4. Any special conditions placed upon the performance of the job by the person or entity for which the work is being performed;

5. The experience, reputation and ability of the licensee to perform the services; and

6. The price customarily charged in the locality for similar services.

(c) Charging an excessive price shall constitute occupational misconduct within the meaning of N.J.S.A. 45:1-21(e) and may subject the licensee to disciplinary action.
