ABOUT THE DEP BULLETIN

The DEP BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by D.E.P. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetlands permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (The Public Hearings however, are not official DEP notices). Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

## OVER-THE-COUNTER PERMITS

### I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

### II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

### III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, galleonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

## MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).
