General Information

The DEPE Bulletin is an information service provided by the New Jersey Department of Environmental Protection and Energy. It contains a list of construction permit applications recently filed with or acted upon by DEPE. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Water-front Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEPE Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NOTICE TO READERS OF THE DEPE BULLETIN

The Department of Environmental Protection and Energy is looking at ways to improve this publication. We would appreciate your suggestions. Is there additional information you would like to see listed about the pending applications currently listed in the Bulletin? What other DEPE permit programs would you like to see listed here? Are there ways in which you think the format could be changed to make the Bulletin easier to use?

Please direct any comments you may have about the Bulletin to Jeff Cromarty, Chief of the Office of Permit Information and Assistance, CN 401, Trenton, New Jersey 08625. We would appreciate receiving your comments by December 31 if at all possible.
