have filed NJPDES applications and/or supplied pertinent technical information to the New Jersey Department of Environmental Protection (NJPDES) for a discharge to: the ground waters of the State at the above addresses.

The discharge consists of noncontact cooling water from an heat exchanger.

This notice is being given to inform the public that the Division of Water Resources has made a preliminary determination that said discharge does not contain significant quantity or concentration of pollutants for the Department to require a NJPDES permit at this time. This action does not preclude the Department from requiring a permit in the future. Pursuant to the authority vested in the NJDEP by N.J.A.C. 7:14A-1.8(c), after public notice and a thirty (30) day comment period a final determination of whether to waive the NJPDES permit requirements for this discharge will be made.

Operators of this facility have been directed to immediately inform the NJDEP should the quantity of the discharge increase, the location or quality of the discharge change, any other waste stream being discharged increase, or any other waste stream be discharged in addition to the present discharge. The waiver will not apply should any of the above occur.

The preliminary determination is based on the administrative record which is on file at the offices of the NJDEP, Division of Water Resources, located at 1474 Prospect Street in the Township of Ewing, Mercer County, New Jersey. It is available for inspection, by appointment between 8:30 AM and 4:00 PM, Monday through Friday. (Contact Herman Adelman, Assistant Chief, Office of Permits Administration at (609) 984-4428.)

Interested persons may submit written comments on this preliminary determination to the Administrator, Water Quality Management, NJDEP/DWR, CNO29, Trenton, N.J. 08625. All comments shall be submitted within thirty (30) days of the date of this public notice. All persons who oppose this waiver must raise all issues and submit all arguments and factual grounds in writing supporting their position, including all supporting material, by the close of the public comment period.

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit)

(609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, NJ 08625.

II. SEWER EXTENSIONS (Over-the-Counter-Permit)

(609) 292-3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallongage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.
