Trenton, NJ – Christie Administration officials are continuing to highlight service opportunities and help New Jersey's most vulnerable residents as part of the seventh annual Season of Service.

Cabinet officials and their staff have participated in approximately 350 service opportunities throughout the state since 2011– volunteering at food banks, soup kitchens and shelters serving meals, packing boxes or delivering meals. They have also helped in recovery and rebuilding after Sandy as well as focusing on drug abuse and addiction and the work being done to overcome the disease.

Please see below for a full list of Administration officials who will be participating in community service events over the period of Monday, December 18, 2017 through Tuesday, January 2, 2018. Any inquiries on the below events should be directed to the corresponding department or agency.
