DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 4429

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

November 18--SOLID WASTE THAT WOULD GO TO COMBE LANDFILL REDIRECTED TO OTHERS--
DEP Commissioner English announced that the department issued a directive regarding redirection of solid waste from Combe Fill Corporation Landfill, located in Chester Township, Morris County, on Tuesday, November 10. Combe Landfill was closed by court action on November 10, leaving 50 municipalities in Morris, Union, Somerset, and Hunterdon counties without a disposal facility. The department under the state Solid Waste Management Act found it necessary to issue new waste flows for the communities affected by the closure. Based on a survey of Board of Public Utilities landfills within a 50 mile radius of Morris County, DEP determined that there were only three with the capacity to handle the increased volume. These are now handling the solid waste that had been going to Combe Landfill.
