

Christie Town Halls By The Numbers: **100 And Counting**

"Wednesday will be the 100th one that I've done since I've been Governor. I'm proud to have that level of transparency in our administration and that level of accessibility for people to be able to just show up at a gymnasium or at a school or at a community center in their town and have the opportunity to ask me a question flat out, face to face. I wish governors in the past had done more of that. I think it's a good thing to do and I'll continue to do it."

– Governor Chris Christie, Press Conference, 1/14/2013

Over 2,600,000	Total views of town hall YouTube videos
