Dear Ms. Jones:

I am writing on behalf of the New State Nurses' Association to request modifications in the language of the proposed new rules entitled Mechanical Restraints and Safeguarding Equipment, N.J.A.C. 10:42, , which were published in the New Jersey Register, June 2, 2014.

The bulk of these recommended modifications reflect the fact that P.L. 1991, c .377 statutorily recognized Nurse Practitioners/Clinical Nurse Specialists in the state of New Jersey. By amendment to state law-N.J.S.A. 45:11-49, the title of these providers was changed to Advanced Practice Nurses (A.P.N.s) in 1999. Advanced Practice Nurses can, by law, obtain health histories, perform physical examinations, manage common deviations from wellness and stabilized chronic illnesses, order laboratory and other diagnostic testing and prescribe medications and devices. Advanced Practice Nurses can be integral contributors to the provision of school health services and they must be explicitly identified in the rules.

In several places in the proposed new rules, Programs to Support Student Development, the language currently limited to the use of "physician", the language "Advanced Practice Nurse" should be added. These changes need to be made consistently through the proposed rules so that the language is congruent with current nursing law.

Please add "Advanced Practice Nurse" to the following sections: 10:42-2.1 (C) and 10:42-[3.2]3.3 (a) 1.

I am appreciative of the opportunity to express the concerns of the New Jersey State Nurses Association in related to these proposed new rules related to health and health care for people with disabilities.

Should you need any clarification of these recommendations, I am readily available to provide it for you.

Sincerely,

Richard A. Ridge, RN, MBA, PhD, NEA-BC, CENP
