EXECUTIVE DIRECTOR'S REPORT

The Executive Director for the South Jersey Port Corporation reports total tonnage for July 2019 is 474,785 s/tons; a 12% increase compared to July 2018. However, year-to-date tonnage through July 2019 is 2,502,983 s/tons, which represents a 2.8% decrease when compared to the same period during 2018. Breakbulk tonnage for July 2019 is down 20%, but steel is up 8.7% for the year. Bulk exports, actually did very well in July. Scrap Metal was up, cement was up a little bit and export grancem was up 17.5%.

The Executive Director had an opportunity to speak with some of the steel customers over the last 30 days and the market is soft and there are concerns about tariffs and the auto industry is concerned about sales so we have to keep an eye on where that market is going, moving forward. SJPC's marine terminals handled 20 ships in July down from 26 in July 2018. YTD we have handled 454 ship days as compared to 488 days in 2018.

The Executive Director thanked the Director's, and everybody involved with the Port Operations, for their support over the last month. The SJPC Website was updated as well as discussions to update the marketing materials. The Executive Director spoke of his August 13th round table meeting with the Coast Guard and discussed the Coast Guards strategic plans and directions on how they want to support the Port. He also informed the Board of his meetings with Congressman Norcross, Senator Sweeney, Assemblymen Burzichelli and Mayor Moran of Camden to discuss the South Jersey Port Corporation.

RESOLUTION 2019-8-0066 2018 FINANCIAL AUDIT

A copy of the report was distributed to all Board Members. The 2018 financial audit on the South Jersey Port Corporation was conducted by Brent Lee. The SJPC received an unmodified opinion, which is the best opinion that can be rendered by an amenity and overall, a detailed presentation was presented to the audit committee. There were no non-compliance issues found and everything was in compliance. Brent Lee referenced the audit as a good audit and that he had the full co-operation of all parties involved.

Director DeAngelo questioned Brent Lee on the GCIA audit and Executive Director Saporito deferred the issue to the September meeting.

A motion was made to adopt Resolution 2019-8-0066 accepting and certifying the 2018 Financial Audit as reviewed by the SJPC Audit Committee and as presented by Brent W. Lee and Company

WHEREAS, one mechanism to provide support for rehabilitation and redevelopment within the Borough is to ensure appropriate utilities, such as water and sewer, are available to all sites within the Redevelopment Area and/or existing utilities are upgraded to current standards; and

WHEREAS, in connection with the undertaking of the Redevelopment Plan, on January 16, 2006, the Borough and SJPC entered into a Redevelopment Agreement ("Redevelopment Agreement"); and

WHEREAS, pursuant to Section 3.1(12) of the Redevelopment Agreement, the SJPC "shall install, or caused to be installed, with the support and non-financial assistance of the Borough...all off-site infrastructure improvements that are to be constructed by virtue of the GDP [General Development Plan] for the Port Project, if any"; and

WHEREAS, the GDP contemplates future "utility enhancements" including "water" and "sewer" services; and

WHEREAS, pursuant to N.J.S.A. 40A:12A-8(d) of the LRHL, the Borough is empowered to "construct or reconstruct streets, facilities, utilities, and site improvements essential to the preparation of sites for use in accordance with the redevelopment plan;" and

WHEREAS, pursuant to N.J.S.A. 40A:12A-22(o) of the LRHL, the Borough is empowered to "[m]ake and enter into all contracts and agreements necessary or incidental to the performance of the duties authorized in this act;" and

WHEREAS, the Borough is authorized to implement redevelopment plans, carry out redevelopment projects, and execute such responsibilities in partnership with other public entities, pursuant to N.J.S.A. 40A:12A-8 and N.J.S.A. 40A:12A-22; and

WHEREAS, SJPC and the Borough have heretofore agreed and determined that utility enhancements to the water lines providing water service to the Paulsboro Marine Terminal (referred to herein as the "Water Main Project" defined in paragraph 3(a) below) are necessary for the continued operation of the Paulsboro Marine Terminal; and

WHEREAS, the Borough and the SJPC have also heretofore agreed and determined that the Water Main Project is subject to the Redevelopment Agreement such that SJPC would be responsible to complete and/or pay for all or a portion of the costs thereof; and

WHEREAS, pursuant to N.J.S.A. 40A:12A-22(c), the Borough is empowered to receive grants and loans from any source for the financing of a redevelopment project; and

WHEREAS, to pay for a portion of the costs of the Water Main Project, the Borough has received preliminary approval from: (i) the United States Department of Agriculture ("USDA") Water & Waste Disposal Program to receive certain loan and grant funding (referred to herein as the "USDA Financing"); and (ii) the United States Department of Commerce - Economic Development Administration ("USEDA") to receive certain loan and grant funding (referred to herein as the "USEDA Financing"), each upon favorable terms to the Borough;

WHEREAS, in order to access the USDA Financing and the USED A Financing to pay for a portion of the costs of the Water Main Project, and to receive the grants provided by the USDA and the USED A thereunder, the Borough is required to pay the entirety of the costs for the planning, engineering, procurement, financing, construction, construction oversight, management, professional services and any and all costs incurred in the completion of the Water Main Project ("Project Costs") and seek reimbursement from the USDA and USED A for a portion of the Project Costs, and will be required to issue its general obligation bonds or notes, respectively, in connection therewith (referred to herein as "Borough Debt"); and

WHEREAS, the Borough has limited resources available for purposes of paying the principal of and interest on such Borough Debt, but will be unable to access the grant funding referred to above without paying the full cost of the Water Main Project by issuing such Borough Debt; and

WHEREAS, as noted above, pursuant to the Redevelopment Agreement, SJPC has agreed to undertake and pay for certain improvements related to the Paulsboro Marine Terminal, including the Water Main Project; and

WHEREAS, the SJPC, in accordance with the DMA, is the duly authorized representative of the SJPC for purposes of effectuating the Redevelopment Agreement, has determined to pay the full amount of the Project Costs of the Water Main Project, on behalf of the SJPC, as more specifically set forth herein; and

NOW, THEREFORE, in consideration of the promises, the mutual obligations contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each of the parties, and further, to implement the purposes of the Redevelopment Agreement, the Local Redevelopment and Housing Law and the Redevelopment Plan, the parties, intending to be legally bound, agree as follows:

1. **Mutual Representations.**

(a) The Borough and the SJPC agree that the development of the Paulsboro Marine Terminal and the undertaking and financing of the Water Main Project will continue to be governed by the Redevelopment Agreement and the DMA.

(b) In the event that any contractual provisions are required by any Legal Requirements, the Redevelopment Agreement and/or the DMA have been omitted, then the Borough and the SJPC agree that this Agreement shall be deemed to incorporate all such clauses by reference and such requirements shall become a part of this Agreement. If such incorporation occurs and results in a change in the obligations or benefits of one of the Parties, the Borough and the SJPC agree to act in good faith to mitigate such changes in position.

2. **Definitions.** Except as expressly provided herein to the contrary, all capitalized terms used in this Agreement shall have the following meanings:

"GDP" means the General Development Plan of the Paulsboro Marine Terminal.

"Governmental Body" means any federal, state, county or local agency, department, commission, authority, court, or tribunal and any successor thereto, exercising executive, legislative, judicial, or administrative functions of or pertaining to government, including, without limitation, the Borough and the State.

"Legal Requirements" means all laws, statutes, codes, ordinances, orders, regulations and requirements of any Governmental Body, now or hereafter in effect, and, in each case, as amended from time to time.

3. **Borough Responsibilities.**

(a) **Construction of Water Main Project.** Subject to reimbursement of the full amount of the Project Costs under this Agreement from the USDA Financing, the USEDA financing and/or the SJPC, an estimate of which is attached hereto as Exhibit A, the Borough agrees to undertake, construct and install upgraded water lines from the Borough water tower, down Beacon Street, to the Paulsboro Marine Terminal ("Water Main Project") as depicted in plans on file with the Borough. All construction activities for the Water Main Project, including the planning, development, design, permitting and installation of the water main and all components necessary for its operation ("Construction Activities"), shall be the responsibility of the Borough. The Borough, in its sole discretion, may elect to undertake its construction obligations by contracting with a third party, the selection of such a third party shall be in the sole discretion of the Borough, subject to any applicable requirements of the Local Public Contracts Law, N.J.S.A. 40A:11-1 et seq. ("Construction Contractor"). The Borough may also, in its sole discretion, employ consultants, engineers, attorneys, and/or other professionals determined to be necessary to acquire financing (including the USDA Loan and the USEDA Loan) and complete its construction obligations for the Water Main Project, subject to any applicable requirements of the Local Public Contracts Law, N.J.S.A. 40A:11-1 et seq. ("Professionals"). All costs incurred by the Borough in its Construction Activities, including any contracts entered into with a Construction Contractor and any contracts entered into with professionals, shall be included as "Project Costs."

(b) **USDA and USEDA Funding.** Pursuant to a Public Partnership Agreement, dated November 22, 2017, between the Borough and SJPC, the Borough has applied for and received preliminary approval for funding of the Water Main Project, with the condition that SJPC shall pay all costs in connection with such application, and all Project Costs. The Borough agrees to take all further necessary steps to obtain the USDA Financing and the USEDA Financing, including the grants available thereunder, to finance the Project Costs, subject to the terms of this Agreement.

(c) **Issuance of Borough Debt.** As noted in the preambles hereof, the USDA Financing and the USEDA Financing are reimbursable financing programs, part grant and part loan, each with a local match. For such purposes, the Borough will be initially responsible for payment of the Project Costs and thereafter reimbursed a portion of such Project Costs from grants made available by the USDA and the USEDA, with the remaining balance to be funded

by a local match or continue as a loan from the USDA or USEDA, as applicable. Therefore, it will be necessary for the Borough to issue Borough Debt, the proceeds of which will pay the Project Costs of the Water Main Project.

(d) **Information Sharing.** The Borough shall provide copies of all reports, plans, and approvals regarding its activities set forth in Subparagraph 3(a) through 3(b) above to the SJPC and SJPC, and all Parties, including SJPC, shall be permitted to attend all meetings regarding such activities.

4. **SJPC Responsibilities.**

(a) **Payment of Grant Application Costs.** Pursuant to a Public Partnership Agreement, dated November 22, 2017 ("Borough/SJPC Agreement"), between the Borough and the SJPC, the SJPC shall pay to the Borough Thirteen Thousand and Five Hundred Dollars (\$13,500.00), which amount reimburses the Borough the costs of preparing the application and applying for the USDA Financing, and Sixteen Thousand Dollars (\$16,000.00), which amount reimburses the Borough the costs of preparing the application and applying for the USEDA Financing. These payments are collectively referred to as the "Grant Application Costs." Grant Application Costs will be paid by the SJPC to the Borough upon submission of an invoice in accordance with the terms and provisions of the Borough/SJPC Agreement.

(b) **Payment for Project Costs.** In accordance with the terms and conditions of this Agreement, the SJPC shall pay, all Project Costs and shall immediately upon the execution of this Agreement, pay to the Borough the amount of Seven Million Four Hundred Eighteen Thousand Eighty Nine Dollars (\$7,418,089) to be utilized by the Borough to pay, in the first instance, the Project Costs as set forth in Exhibit A ("Initial Payment"). In the event SJPC is unable to fully fund the Initial Payment as set forth in this paragraph, the Borough shall be under no obligation to construct or complete the Water Main Project. The intention of the Parties is that the Initial Payment, supplemented by grant reimbursements to be received from the USDA and/or USEDA shall provide the Borough sufficient cash flow to pay for all Project Costs with any USDA and USEDA grant provider utilized to reimburse the SJPC for the Initial Payment if not otherwise used for Project Costs. In the event the Project Costs exceed the costs outlined in Exhibit A, the Borough shall provide documentation of such costs to the SJPC and the SJPC shall provide prompt payment of all Project Costs; similarly, in the event ongoing Project Costs require additional cash expenditures that exceed the amount of funds remaining from the Initial Payment, as supplemented by grant reimbursements received from the USDA and/or USEDA, if any, the Borough shall provide documentation of such unpaid Project Costs to the SJPC. The SJPC shall provide prompt payment of all Project Costs. In the event payment is not made for such additional Project Costs, the Borough shall be under no obligation to complete any work related to such additional costs or take any step related to the additional work. The Parties hereby agree that, because the Borough is unable to undertake the financial repayment of the Project Costs, and is unable to undertake the financial risks of repayment without impact to its debt capacity and its financial credit rating, the SJPC shall deposit with the Borough the Initial Payment to be exclusively dedicated and utilized to pay the Project Costs. With respect to any payments required of the SJPC under this Agreement, it is understood and agreed by the Parties that the SJPC shall pay only those Project Costs for which it has funds on hand or reasonable assurance of reimbursement from SJPC from, among other sources, the proceeds of bonds issued by the SJPC, in each case in accordance with the provisions of the DMA. Upon completion of the Water Main Project, the Borough shall return to the SJPC all unexpended funds that had been

paid by the SJPC for the Water Main Project, including unexpended grant proceeds from the USDA and/or USEDPA.

5. **Events of Default and Remedies.**

(a) **Events of Default.** Any one or more of the following events shall constitute an Event of Default hereunder, unless such event results from the occurrence of an event of Force Majeure:

i. Failure of the SJPC or the Borough to observe and perform any condition or agreement in this Agreement and continuance of such failure for a period of thirty (30) days, after receipt by the defaulting party of written Notice from the non-defaulting party specifying the nature of such failure and requesting that such failure be remedied.

ii. Subject to the limitations set forth in Section 4(b) above, the SJPC or its successor in interest shall fail to make any payment owed by it to the Borough when due and such payments shall not have been paid or provision satisfactory to the Borough made for such payment, within 30 days after written demand by the Borough to do so.

(b) **Remedies Upon Event of Default by SJPC.** In the event that an Event of Default by the SJPC occurs, then, subject to all other provisions herein for notice, cure and mitigation of damages, the Borough may take whatever action at law or in equity as may appear necessary or desirable to enforce the performance or observance of any rights, remedies, obligations, or agreements of the SJPC, as applicable, under this Agreement including the seeking of damages.

(c) **Remedies Upon Event of Default by Borough.** In the event that an Event of Default by the Borough occurs, then, subject to all other provisions herein for notice, cure and mitigation of damages, the SJPC may take whatever action at law or in equity as may appear necessary or desirable to enforce the performance or observance of any rights, remedies, obligations, or agreements of the Borough, as applicable, under this Agreement, including the seeking of damages.

(d) **Specific Performance.** If an Event of Default occurs, or a party hereto threatens to take an action that will result in the occurrence of an Event of Default, the non-defaulting (or non-threatening) party shall have the right and remedy, without posting bond or other security, to have the provisions of this Agreement specifically enforced by any court having equity jurisdiction, it being acknowledged and agreed that any such breach or threatened breach may cause irreparable injury and that money damages may not provide an adequate remedy thereto.

(e) **Failure or Delay.** Except as otherwise expressly provided in this Agreement, any failure or delay by either party in asserting any of its rights or remedies as to any default, shall not operate as a waiver of any default, or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

(f) **Remedies Cumulative.** No remedy conferred by any of the provisions of this Agreement is intended to be exclusive of any other remedy and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not constitute a waiver of the right to pursue other available remedies.

(g) **Continuance of Obligations.** The occurrence of an Event of Default shall not relieve the defaulting party of its obligations under this Agreement.

(h) **Litigation Costs.** In the event that a party to this Agreement successfully pursues an action to enforce any remedy provided in this Section (b), that party shall be entitled to payment by the other party of all reasonable costs and expenses incurred in connection with such action, including reasonable attorney's fees.

(i) **Mitigation.** The parties shall act reasonably to mitigate any damages that may be incurred as the result of an Event of Default hereunder.

6. **Notices and Demands.** Any notice, approval, waiver, objection or other communication (for convenience, referred herein as a "notice") required or permitted to be given hereunder or given in regard to this Agreement by one party to the other shall be in writing and the same shall be given and be deemed to have been delivered, served and given (a) if delivered in person, via a nationally-recognized overnight courier, or by email or facsimile when received by the person to whom notice is given, or (b) if mailed, (except where actual receipt is specified in this Agreement) three (3) days after deposit in the United States mail, postage prepaid, by certified mail, return receipt requested, addressed to the party at the address specified below:
