**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF PUBLIC COMMENT PERIOD FOR A
SOLID WASTE TRANSFER STATION AND MATERIALS RECOVERY FACILITY PERMIT
MORRIS COUNTY MUNICIPAL UTILITIES AUTHORITY
MOUNT OLIVE TOWNSHIP**

The New Jersey Department of Environmental Protection, Division of Solid and Hazardous Waste, hereby gives notice that it has tentatively approved a Solid Waste Facility Permit renewal and modification application regarding the operation of the Morris County Municipal Utilities Authority (MCMUA) Mount Olive Township Transfer Station/Material Recovery Facility.

The application for a Solid Waste Facility Permit renewal and minor modification was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. The facility is proposing to accept and process solid waste types ID 10 Municipal Waste; ID 13 Bulky Waste; ID 13C Construction and Demolition Debris; ID 23 Vegetative Waste; ID 25 Animal and Food Processing Wastes; and ID 27 Dry Industrial Waste (excluding Asbestos and Asbestos Containing Waste), with an approved capacity of 3900 tons of solid waste during a six day period (Monday through Saturday) not to exceed 975 tons on any given day. The MCMUA is proposing to extend the hours of operations. The new hours of waste acceptance would be 7:00 AM to 4:30 PM Monday through Friday and 7:00 AM to 1:00 PM Saturday, and the new hours of waste processing would be 7:00 AM to 6:00 PM Monday through Friday and 7:00 AM to 3:00 PM on Saturdays. No source separated recyclable materials will be accepted at this facility and ferrous metals will be the only recyclable material recovered from the solid waste stream. Additionally, MCMUA is proposing to include a convenience center as part of the facility operations as an area where vehicles that are exempted from solid waste registration requirements at N.J.A.C. 7:26-3.3 can be unloaded safely away from heavy equipment or registered, commercial type solid waste vehicles.

Although MCMUA operates, at the same site, a facility that accepts household hazardous waste, conditionally exempted small quantity generator hazardous waste, used oil, and universal waste, this solid waste facility permit will not regulate its operation. However, this permit will place limitations on the management of hazardous waste intercepted at the solid waste transfer facility and then transferred to this household hazardous waste/conditionally exempted small quantity generator hazardous waste facility.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
Green Acres Program
Notice of Public Hearing on Proposed Conveyance to
South Jersey Gas of Natural Gas Pipeline Easement Through DEP Property
Located in the Township of Weymouth, Atlantic County**

Take Notice that in accordance with *N.J.S.A. 13:1D-51* through *-58*, the State of New Jersey, Department of Environmental Protection (Department), Green Acres Program, will hold a **public hearing** to seek comments on a proposed conveyance of a natural gas pipeline easement through property owned by the State of New Jersey and located in the Township of Weymouth, Atlantic County.

The Department's Division of Fish and Wildlife (Division) wishes to obtain State House Commission approval to convey a 15-foot wide permanent natural gas pipeline easement through Block 120, Lots 1, 1.01, 1.02 and 1.04 in the Township of Weymouth, Atlantic County to South Jersey Gas Company. The properties in question were purchased by the State in 2000 and are administered by the Division as part of the Great Egg Harbor River Wildlife Management Area. South Jersey Gas has requested the easement to allow the installation of a new 24-inch natural gas transmission pipeline as part of the extension of its major feed line from west to east. Extension of the line is necessary to ensure continuing reliable natural gas service and to serve increasing residential, commercial and industrial demand in Atlantic County. The proposed easement will cover a linear distance of 6500 feet (1.2 miles), resulting in a total proposed easement area of 2.24 acres.

The entire South Jersey Gas project corridor is 12 miles long and extends from the terminus of the company's transmission system in Estell Manor, eastwardly through the municipalities of Weymouth, Hamilton and Egg Harbor Townships. Phase I of the project (5 miles) is now complete; the proposed easement is part of Phase II of the project (7 miles). On the State properties in the project corridor, South Jersey Gas proposes to install the new pipeline entirely within the 100-foot cleared portion of an existing 200-foot wide overhead electric transmission

line right of way owned by Connectiv. This portion of the Connectiv right of way has been occupied for several decades by electric transmission towers and lines. South Jersey Gas also seeks permission to use a 60-foot wide area parallel to the proposed easement as temporary work space. During construction, South Jersey Gas will utilize directional boring and other techniques as necessary and appropriate to avoid wetlands areas within the project corridor and minimize disturbance.

As compensation for the proposed easement and temporary work space, South Jersey Gas proposes to pay the State of New Jersey \$50,000 to be used for acquisition of open space in Atlantic County. As a condition of approval of the proposed easement and of various Department permits required for the pipeline project, South Jersey Gas would also undertake substantial mitigation and restoration activities on the State properties.

The **public hearing** on the proposed easement will be held on:

Thursday, June 3, 2004 at 7:00 PM
(to 9:00 PM or close of testimony, whichever comes first) at the
Weymouth Township Municipal Building located at
45 South Jersey Avenue
Dorothy, New Jersey 08317
(609) 476-2633

The hearing record for the public hearing will close on June 17, 2004. Interested persons may obtain information from Michael E. Heenehan in the Green Acres Program at the address below and may submit written comments to Mr. Heenehan until the close of business on June 17, 2004.

Persons wishing to make oral presentations at the public hearing are asked to bring a written copy of their comments (if available) to the hearing for use by the Department. For further information on the proposed easement, please contact:
