54. An authority shall have power and is hereby authorized, from time to time, to issue its negotiable bonds and, in anticipation thereof, its notes, (a) for the purpose of providing for the cost of the construction of its district sewer system as defined (but not as limited) by subdivision (e) of section 30 and (b) for the purpose of refunding any bonds or notes of the authority including the payment of any redemption premium and any interest accrued or to accrue to the date of redemption of the bonds or notes to be refunded and any interest to accrue on any bonds or notes (including the said bonds or notes issued for such purpose) prior to the end of the fiscal year beginning next after the issuance of the said bonds or notes issued for such purpose and (c) for the purposes hereinafter in this section provided, or for any one or more of the aforesaid purposes. Such bonds or notes shall be authorized by resolution of such authority adopted only after public hearing thereon by such authority held not

less than 10 days after notice of such hearing advertised in a newspaper published at the county seat of the county. Any such bonds or notes may be sold by such authority in the manner or mode of procedure prescribed for the sale of bonds or notes, respectively, of a county by article 1 of chapter 1 of the Title, Municipalities and Counties, of the Revised Statutes (R. S. 40:1-1 et seq.), but if any such bonds are not so sold, they shall be sold only at public sale upon sealed proposals after at least 7 days' notice published at least once in a publication carrying municipal bond notices and devoted primarily to financial news or the subject of State and municipal bonds published in New York City, to the bidder on whose bid the total loan may be made at the lowest net cost, such net cost to be computed, as to each bid, by adding to the total principal amount of the bonds which the bidder offers to accept, the total interest which will be paid under the terms of the bid, and deducting therefrom the amount bid for the bonds which shall not exceed by more than \$1,000.00 the par value of the bonds offered for sale. Such bonds may be issued in one or more series, and shall bear such date or dates, mature at such time or times, in accordance with this section not exceeding 40 years from their date, be in such denominations and in such form either coupon or registered, carry such registration privileges, and be executed in such manner as may be determined in said resolution of such authority, and shall bear interest at such rate or rates not exceeding 6% per annum payable at such time or times, be payable at such place or places and be subject to such terms of redemption with or without premium as may be determined in said resolution of such authority or by subsequent resolution or resolutions which may be adopted by such authority prior to the issuance of such bonds and without advertisement or public hearing. The maturities of the bonds of any such series shall either be so arranged that the total amount payable in any year on account of principal and interest thereof

may be used to retire any bonds theretofore issued by the authority. The validity and regularity of the proceedings taken by an authority pursuant to this section for the issuance of such bonds or notes and the obligation of the authority to pay such bonds or notes and interest thereon, and to perform the covenants contained in such bonds or notes or such proceedings, shall not be dependent on or affected by the validity or regularity of any other proceedings taken, contracts entered into, acts performed, or things done by such authority, or by any municipality, private sewer company or industry. No resolution authorizing the issuance of any bonds pursuant to this section shall be finally passed if it appears that the aggregate of all bonds of such authority then outstanding, including those authorized by such resolution, exceeds (a) 10% of the assessed valuation of real property (including improvements) for the preceding year in the municipalities which have signed contracts with such authority pursuant to section 50 hereof as shown on the annual debt statements last filed in or by such municipalities pursuant to sections 40:1-75 et seq. of the Revised Statutes, plus (b) the amount of the proceeds of the bonds authorized by such resolution and of any other moneys of the authority which, under the terms of such resolution or of any other resolution of the authority previously adopted, are required to be applied to the purchase, or to the refunding or payment of the principal, of bonds of the authority outstanding at the time of passage of such resolution authorizing the issuance of bonds.

L. 1943, c. 148).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 1 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

1. This section shall be known as the standard nonforfeiture law (1943) and shall apply to policies of life insurance issued by any company after the operative date for such company of this section as specified in subsection g of this section.

C. 17:34-21.1.
Standard
nonforfeiture
law (1943);
required
provisions;
notice of
insurer.

a. No such policy of life insurance, except as stated in subsection f, shall be issued or delivered in this State unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the defaulting or surrendering policyholder:

(1) That, in the event of default in any premium payment, the company will grant, upon proper request not later than 60 days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such value as may be hereinafter specified.

(2) That, upon surrender of the policy within 60 days after the due date of any premium payment in default after premiums have been paid for at least 3 full years in the case of ordinary insurance or 5 full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(3) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than 60 days after the due date of the premium in default.

(4) That, if the policy shall have become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within 30 days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(5) A statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary either during the first 20 policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

(6) A statement of the method to be used in calculating the cash surrender value and the paid-up nonforfeiture benefit available under the policy on any policy anniversary with an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the ex-

istence of any paid-up additions credited to the policy or any indebtedness to the company on the policy.

Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The company shall reserve the right to defer the payment of any cash surrender value for a period of 6 months after demand therefor with surrender of the policy.

b. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by subsection a, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (i) the then present value of the adjusted premiums as defined in subsection d, corresponding to premiums which would have fallen due on and after such anniversary, and (ii) the amount of any indebtedness to the company on the policy. Any cash surrender value available within 30 days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by subsection a, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

c. Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would

have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

d. The adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) 2% of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) 40% of the adjusted premium for the first policy year; (iv) 25% of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less; provided, however, that in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed 4% of the amount of insurance or level amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent level amount thereof for the purpose of this subsection shall be deemed to be the level amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the inception of the insurance as the benefits under the policy.

All adjusted premiums and present values referred to in this section shall for all policies of

ordinary insurance be calculated on the basis of the Commissioners 1941 standard ordinary mortality table; provided, however, that for any plan or plans of insurance such calculations for policies issued on or after July 1, 1957 may be made, at the option of the company, on the basis of the Approved Standard Ordinary Mortality Table; provided, further, that for any category of ordinary insurance issued on female risks on or after July 1, 1957, adjusted premiums and present values may be calculated, at the option of the company with approval of the commissioner, according to an age not more than 3 years younger than the actual age of the insured. Such calculations for all policies of industrial insurance shall be made on the basis of the 1941 standard industrial mortality table. All calculations shall be made on the basis of the rate of interest, not exceeding $3\frac{1}{2}\%$ per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than 130% of the rates of mortality according to such applicable table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

e. Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in subsections b, c and d may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other

than paid-up term additions, shall be not less than the dividends used to provide such additions. Notwithstanding the provisions of subsection b, additional benefits payable (1) in the event of death or dismemberment by accident or accidental means, (2) in the event of total and permanent disability, (3) as reversionary annuity or deferred reversionary annuity benefits, (4) as decreasing term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, and (5) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

f. This section shall not apply to any reinsurance, group insurance, pure endowment, annuity or reversionary annuity contract, nor to any term policy of uniform amount, or renewal thereof, of 15 years or less expiring before age 66, for which uniform premiums are payable during the entire term of the policy, nor to any term policy of decreasing amount on which each adjusted premium, calculated as specified in subsection d, is less than the adjusted premium so calculated, on such 15-year term policy issued at the same age and for the same initial amount of insurance, nor to any policy which shall be delivered outside this State through an agent or other representative of the company issuing the policy.

g. After the effective date of this act, any company may file with the commissioner a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1948. After the filing of such notice, then upon such specified date (which shall be the operative date for such company), this section shall become operative with respect to the policies thereafter issued by such company. If a company makes

no such election, the operative date of this section for such company shall be January 1, 1948.

2. Section 2 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

2. This section shall be known as the standard valuation law (1943) and shall apply to all the life insurance policies, pure endowment and annuity contracts issued by every life insurance company on or after the operative date for such company of the standard nonforfeiture law (1943) specified in subsection g of section 1 of this act.

C. 17:34-25.2.
Standard
valuation
law (1943);
tables;
reserves.

a. The minimum standard for the valuation of the reserve liabilities for all such policies and contracts shall be the Commissioners reserve valuation method defined in subsection b of this section, $3\frac{1}{2}\%$ interest, and the following tables:

(i) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, the Commissioners 1941 standard ordinary mortality table; provided, however, that, for any plan or plans of insurance, reserves for such policies issued on or after July 1, 1957 may be calculated, at the option of the company, according to the Approved Standard Ordinary Mortality Table; provided, further, that for any category of such policies issued on female risks on or after July 1, 1957 modified net premiums and present values, referred to in subsection b of this section, may be calculated, at the option of the company with approval of the commissioner, according to an age not more than 3 years younger than the actual age of the insured.

(ii) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, the 1941 standard industrial mortality table.

(iii) For annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the 1937 standard annuity mortality table.

(iv) For total and permanent disability benefits in or supplementary to ordinary policies or contracts, Class (3) disability table (1926) which, for active lives, shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(v) For accidental death benefits in or supplementary to policies, the intercompany double indemnity mortality table combined with a mortality table permitted for calculating the reserves for life insurance policies.

(vi) For group life insurance, life insurance issued on the substandard basis and other special benefits, such tables as may be approved by the commissioner.

b. Reserves according to the Commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (A) over (B), as follows:

(A) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the 19-year premium whole life plan for insurance of the same amount at an age 1-year higher than the age at issue of such policy.

(B) A net 1-year term premium for such benefits provided for in the first policy year.

Reserves according to the Commissioners reserve valuation method for (1) life insurance policies providing for varying amounts of insurance or requiring the payment of varying premiums, (2) annuity and pure endowment contracts, (3) disability and accidental death benefits in all policies and contracts, and (4) all other benefits, except life insurance and endowment benefits in life insurance policies, shall be calculated by a method consistent with the principles of this subsection b.

c. In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, be less than the aggregate reserves calculated in accordance with the method set forth in subsection b and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies. Reserves for any category of policies, contracts or benefits as established by the commissioner shall not be calculated according to any standards which produce smaller aggregate reserves for such category than the corresponding aggregate values of nonforfeiture benefits available as of the valuation date.

d. Reserves for any category of policies, contracts or benefits as established by the commissioner may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein; provided, however, that reserves for participating life insurance policies may, with the consent of the commissioner, be calculated according to a rate of interest lower than the rate of interest used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower

rate differs from the rate used in the calculation of the nonforfeiture benefits by more than $\frac{1}{2}\%$ the company issuing such policies shall file with the commissioner a plan providing for such equitable increases, if any, in the cash surrender values and nonforfeiture benefits in such policies as the commissioner shall approve.

e. If the gross premium charged by any life insurance company on any policy or contract is less than the net premium for the policy or contract according to the mortality table, rate of interest and method used in calculating the reserve thereon, there shall be maintained on such policy or contract a deficiency reserve in addition to all other reserves required by law. For each such policy or contract the deficiency reserve shall be the present value, according to such standard, of an annuity of the difference between such net premium and the premium charged for such policy or contract, running for the remainder of the premium-paying period.

C. 17:34-25.3.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section
amended.

1. Section 40:60-26 of the Revised Statutes is amended to read as follows:

Sale of
land and
buildings
not needed
for public
use; methods
of sale;
conditions.

40:60-26. The governing body of any municipality may sell any lands or buildings or any right or interest therein not needed for public use. All such sales or disposition except as provided in sections 40:60-27 to 40:60-29 of this Title shall be authorized to be made by 1 of the following methods:

(a) By public sale to the highest bidder after public advertisement thereof in a newspaper circulating in a municipality in which the lands are situated by 2 insertions at least once a week during 2 consecutive weeks, the last publication to be not more than 7 days prior to the sale. In the case of public sales, the governing body of any municipality may by resolution fix a minimum price, with or

without the reservation of the right, upon the completion of said public sale, to accept or reject the highest bid made thereat, to be included in the advertisement of sale of lands and public notice thereof given at the time of sale, or may by resolution provide, without fixing a minimum price, that upon the completion of the public sale, the highest bid made thereat shall be subject to acceptance or rejection by the governing body, but the acceptance or rejection thereof shall be made not later than at the second regular meeting of the governing body following the sale, and, that if the governing body shall fail or refuse to accept or reject any such highest bid, as aforesaid, the said bid shall be deemed to have been rejected. Such sales may be adjourned at the time advertised for not more than 1 week without readvertising.

(b) Such governing body may from time to time by ordinance authorize the sale of any such properties at private sale for a period of time to be stated in said ordinance, which ordinance shall also fix the minimum sale price for each property so to be sold. A list of the properties so authorized to be sold, together with the minimum prices respectively, as determined by the governing body, shall be included in the ordinance and said list shall be posted in the city hall, or in such other municipal building in which the governing body usually holds its regular meetings. Additional copies of said list shall be made available for distribution. Offers for any or all properties so listed may be made to the governing body, at not less than the minimum prices as published by any prospective purchaser or any real estate broker or other persons legally authorized to consummate the transaction. The commission to be paid to any such broker or person consummating a sale, other than the purchaser shall be not more than 5% of the sale price, and may be paid out of the down payment on account of the purchase price.

Any and all private sales made in the manner specified shall not become effective until ratified by

New Jersey State Library

the governing body of the municipality at a regular meeting.

(c) In place of the above methods the governing body of any municipality may sell any such properties at private sale, as follows: Upon any offer being made by any person to the municipality to purchase any such property, the said offer shall be submitted to and considered by the governing body thereof at a regular or special meeting, and said governing body may then reject said offer, or may approve the same subject to final approval at a further public meeting of said governing body not less than 10 days after said first meeting. Notice of the said further meeting of the governing body, containing said offer of purchase with a description of the land to be sold, the price thereof and terms and conditions of said sale, shall be published at least once in a newspaper circulating in said municipality, not less than 2 days nor more than 10 days before said further meeting; and at said further meeting the said offer to purchase said property shall be considered by the governing body, which may then reject the same, or may confirm and ratify said sale under said terms and conditions, or a modification thereof; provided, that no higher price or better terms shall then be bid for said property by any other person, in which case the sale is to be made to the highest bidder; and said governing body may then authorize the proper officers thereof either to execute a formal agreement of sale with the purchaser which shall be binding upon said municipality and upon the purchaser, or may authorize the proper officers to make a deed of conveyance to said purchaser, as the case may require.

(d) In place of the above methods the governing body of any municipality may sell any such properties at public or private sale upon such terms and conditions as shall be authorized by resolution of said governing body, with the approval in writing of the Director of the Division of Local Government in the State Department of Taxation and

Finance, except that in the case of a sale to a veteran of World War II the approval of said director shall not be required.

All sales, either public or private, may be for cash or upon credit. The governing body may by resolution fix the time for settlement and payment of the consideration and when the sales are upon credit the municipality may accept a purchase money mortgage to be given by the purchaser or purchasers, the terms and conditions of which mortgage shall be fixed by the resolution of the governing body of the municipality; provided, however, that any such mortgage shall be fully payable within 5 years from the date of the sale and shall bear interest at a rate not less than 5% per annum. The governing body may also impose any restrictions on the use to be made of such land and any conditions of sale as to buildings or structures to be erected thereon, or as to the type, size, or other specifications of such buildings or structures, or as to demolition, repair, or reconstruction of buildings or structures, and the time within which such conditions shall commence or be concluded, or any other conditions of sale in the manner and to the same extent as any other vendor of real estate, whether such sale shall be made at public or private sale; provided, however, that any conditions for the payment of the consideration upon credit and the restrictions on the use to be made of the land and the conditions of sale shall be set forth at length in any advertisement of sale hereinabove required. In all sales made pursuant to paragraphs (a), (c) or (d) of this section, the governing body of any municipality may pay a commission to any real estate broker or other person other than the purchaser actually consummating such sale, but said commissions shall not be more than 5% of the sale price.

2. This act shall take effect immediately.

ARTICLE I—PURPOSE.

Purpose.

The aims of this compact are to promote comity and judicial co-operation among the States party thereto; and to relieve from undue risk and uncertainty, a person who may be subject to double or multiple liability because of the existence of adverse claimants, 1 or more of whom in the absence of this compact may not be subject to the jurisdiction of the adjudicating court, when such person makes all reasonable efforts to secure judicial determination and discharge of his liability.

ARTICLE II—DEFINITIONS.

Terms
defined.

For the purpose of this compact the following definitions shall apply:

(a) A State shall mean (1) a State of the United States or any territory or possession of the United States and the District of Columbia acting under Article 1, section 10, clause 3, of the Constitution of the United States in entering this compact with an American or a foreign jurisdiction, or (2) a State of the community of nations and any component governmental unit of such a State which under the laws thereof may validly become party to this compact.

(b) A person shall include any entity capable of suing or being sued in the State in which the interpleader is pending.

(c) Interpleader shall mean a judicial procedure by which 2 or more persons who have adverse claims against a third person may be required to litigate these claims in 1 proceeding.

ARTICLE III—SERVICE OF PROCESS.

(a) Service of process sufficient to acquire personal jurisdiction may be made within a State party to this compact, by a person who institutes an interpleader proceeding or interpleader part of a proceeding in another State, party to this compact, provided that such service shall fulfill the requirements for service of process of the State in which the service is made and provided further that such service shall meet the minimum standards for service of the jurisdiction where the proceeding is pending.

process.

(b) No such service of process shall be valid unless either: (1) the subject matter of the proceeding is specific real property or tangible personal property situated within the State in which the proceeding is pending; or (2) 1 or more of the claimants shall be either a permanent resident or domiciliary of the State in which the proceeding is pending; or (3) a significant portion of the transaction out of which the proceeding shall have arisen shall have taken place in the State in which the proceeding is pending; or (4) 1 of the claimants shall have initiated the action.

ARTICLE V—FINALITY OF JUDGMENT.

No judgment obtained against any person in any proceeding to which he had become a party by reason of service of process effected pursuant to the provisions of this compact shall be subject to attack on the ground that the adjudicating court did not have personal jurisdiction over such person.

Judgment
final.

ARTICLE VI—ENACTMENT.

Enactment.

Such notice shall be communicated to the same officer or agency in each party State with which the notice of adoption was

deposited pursuant to article 6 of this compact. In the event that a State wishes to withdraw with respect to 1 or more States, but wishes to remain a party to this compact with other States party thereto, its notice of withdrawal shall be communicated only to those States with respect to which withdrawal is contemplated.

only if it appears that:

(a) He has registered for work at, and there-

in accordance with such regulations as the division
may prescribe, except that the division may, by
regulation, waive or alter either or both of the re-
quirements of this subsection as to individuals at-

regulation shall conflict with subsection (a) of sec-

(c) He is able to work, is available for work, and
has demonstrated that he is actively seeking work,
except as provided in subsection (f) of this section;
provided, that the director may, in his discretion,
modify the requirement of actively seeking work if,
in his judgment, such modification of this require-
ment is warranted by economic conditions; but no
individual, who is otherwise eligible, shall be
deemed ineligible, or unavailable for work, because
he is on vacation, without pay, during said week,

if said vacation is not the result of his own action as distinguished from any collective action of a collective bargaining agent or other action beyond his individual control.

When benefits become payable with respect to the third consecutive week next following the waiting period, he shall be eligible to receive benefits as appropriate with respect to the waiting period. Such benefit payments shall be charged to and paid from the State disability benefits fund established by the Temporary Disability Benefits Law, and shall not be charged to any employer account in computing any employer's experience rate for contributions payable under this chapter.

(2) for any period of disability due to pregnancy or resulting childbirth, miscarriage, or abortion;

(3) for any period of disability due to willfully or intentionally self-inflicted injury, or to injuries sustained in the perpetration by the individual of a high misdemeanor;

(4) for any week with respect to which or a part of which he has received or is seeking benefits under any unemployment compensation or disability benefit law of any other State or of the United States; provided, that if the appropriate agency of such other State or of the United States finally determines that he is not entitled to such benefits, this disqualification shall not apply;

AN ACT to amend the "Motor Vehicle Security-Responsibility Law" approved May 10, 1952 (P. L. 1952, c. 173).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 13 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

13. If a person fails to pay and satisfy every judgment rendered against him for damages because of personal injury or death, or damage to property in excess of \$100.00, resulting from the ownership, maintenance, use or operation of a motor vehicle and every judgment based on an agreement or contract made in settlement of damages arising out of a motor vehicle accident, within 60 days after its entry, or if an appeal is taken therefrom within that time, within 60 days after the judgment as entered or modified becomes final, the operator's license and all registration certificates of any such person, other than a chauffeur or operator employed by the owner of a motor vehicle and so acting at the time of the damage, injuries or death resulting in the judgment, shall, upon receiving a certified copy of a transcript of the final judgment from the court in which it was rendered showing it to have been still unsatisfied more than 60 days after it became final, be forthwith suspended by the director.

C. 39:6-35.
Procedure
upon failure
to satisfy
judgment.

If the director is satisfied that a judgment debtor or his insurance carrier was, within the said 60-day period, ready, willing and able to pay the said judgment but was prevented from so doing by reason of the refusal or legal inability of the judgment creditor to accept payment, or that the failure to pay said judgment within the said 60-day period was due to the act or neglect of the judgment debtor's insurance carrier and not to any fault of

the judgment debtor then the director may, in his discretion, extend the 60-day limitation herein prescribed for any reasonable time necessary to complete the formality of payment of the judgment and shall not suspend the judgment debtor's driver's license, operating privilege or certificate of registration.

The judgment herein mentioned shall be a judgment of a court of competent jurisdiction of this State or any other State or of a District Court of the United States.

The license and registration certificates shall remain so suspended and shall not be renewed, nor shall a motor vehicle be thereafter registered in the name of that person while the judgment remains unstayed, unsatisfied, subsisting and until every such judgment is satisfied or discharged, and until he gives proof of his ability to respond in damages, as required in this act, for future accidents, except that in event that the judgment debtor shall be relieved of liability for payment of said judgment by an adjudication of the court in which the same was entered, or if the right to enforce said judgment by docketing and revival, or by revival, or by bringing an action thereon, shall have expired without such revival or the bringing of any such action thereon, the judgment debtor's license shall be restored to him, and 1 or more motor vehicles may be registered in his name, upon application to the Division of Motor Vehicles and upon his giving proof of ability to respond in damages, as required in this act, for future accidents.

A discharge in bankruptcy shall not relieve the judgment debtor from any of the requirements of this act.

The clerk of the court in which the judgment is rendered, or the court where it has no clerk, shall forward to the director, immediately after the expiration of the 60 days a certified copy of the judgment or a transcript thereof, as aforesaid.

Upon the filing with the court of proof of satisfaction or discharge of a judgment, the nonpayment of which has been previously certified to the di-

rector, the clerk of the court, or the court where it has no clerk shall immediately forward notice of such satisfaction or discharge to the director.

If the defendant is a nonresident the director shall transmit to the officer in charge of the issuance of driver licenses and registration certificates of the State of which the defendant is a resident a certified copy of the judgment.

If after proof is given, another such judgment is recovered against that person for an accident occurring before the proof was given, the license and certificate shall again be and remain suspended, and no other license or certificate shall be issued to him while the judgment so remains unsatisfied and subsisting.

2. This act shall take effect immediately.

Approved June 27, 1957.

CHAPTER 107

AN ACT concerning motor vehicles, and amending section 39:3-4 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 39:3-4 of the Revised Statutes is amended to read as follows: Section amended.

39:3-4. Except as hereinafter provided, every resident of this State and every nonresident whose automobile or motorcycle shall be driven in this State shall before using such vehicles on the public highways, register the same, and no automobile or motorcycle shall be driven unless so registered. Registration required; application; expiration; parking unregistered vehicle; penalty.

Such registration shall be made in the following manner: An application in writing, signed by the applicant or by an agent or officer in case the applicant is a corporation, shall be made to the director or his lawful agent, on forms prepared and

supplied by the director, containing the name, address and age of the owner, together with a description of the character of the automobile or motorcycle, including the name of the maker and the manufacturer's number or the motor number, or both, and any other statement that may be required by the director. Thereupon the director shall have the power to grant a registration certificate to the owner of any motor vehicle, if over 17 years of age, application for the registration having been properly made and the fee therefor paid, and the vehicle being of a type that complies with the requirements of this subtitle. The form and contents of the registration certificate to be issued shall be prescribed by the director. The director shall maintain a record of all registration certificates issued, and of the contents thereof.

Every registration shall expire and the certificate thereof become void on the last day of the twelfth calendar month following the calendar month in which the certificate was issued; provided, however, that the director may, at his discretion and for good cause shown, require registrations which shall expire, and issue certificates thereof which shall become void, on a date fixed by him, which date shall not be sooner than 3 months nor later than 16 months after the date of issuance of such certificates, and the fees for such registrations shall be fixed by the director in amounts proportionately less or greater than the fees established in this Title.

The director shall issue registration certificates for the following registration period, on and after the first day of the calendar month immediately preceding the commencement of such registration period, such registration certificates to be effective immediately.

Application forms for all renewals of registrations for passenger automobiles shall be mailed by the director from the central office of the division to the last addresses of owners of motor vehicles and motorcycles, as they appear on the records of the division.

No person owning or having control over any unregistered motor vehicle shall permit the same to be parked or to stand on a public highway.

Any motor vehicle inspector or police officer is authorized to remove any such unregistered vehicle from the public highway to a storage space or garage, the expense involved in such removal and storing of said motor vehicle to be borne by the owner of such vehicle.

Any person violating the provisions of this section shall be subject to a fine not exceeding \$100.00, except that for the misstatement of any fact in the application required to be made by the director, the person making such statement shall be subject to the penalties provided in section 39:3-37 of this Title.

Nothing in this section shall be construed to alter or extend the expiration date of any registration certificate issued prior to March 1, 1956.

2. This act shall take effect immediately.

Approved June 28, 1957.

CHAPTER 108

AN ACT concerning motor vehicles, and amending section 39:3-10 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 39:3-10 of the Revised Statutes is amended to read as follows:

39:3-10. No person shall drive a motor vehicle on a public highway in this State unless licensed to do so in accordance with this article. No person under 17 years of age shall be licensed to drive motor vehicles, nor shall a person be licensed until he has passed a satisfactory examination as to his

ability as an operator. The examination shall include a test of the applicant's knowledge of such portions of the mechanism of motor vehicles as is necessary to insure the safe operation of a vehicle of the kind or kinds indicated by the applicant and of the laws and ordinary usages of the road and a demonstration of his ability to operate a vehicle of the class designated.

The director, upon payment of the lawful fee and after he or an inspector of his has examined the applicant and is satisfied of the applicant's ability as an operator, may, in his discretion, license the applicant to drive a motor vehicle. The license shall authorize him to drive any registered automobile or motorcycle and shall expire on the last day of the twelfth or thirty-sixth calendar month following the calendar month in which such license was issued, the term of such license to be at the option of the driver; provided, however, that the director may, at his discretion and for good cause shown, issue licenses which shall expire on a date fixed by him, which date shall not be sooner than 5 months nor later than 41 months, after the date of issuance of such licenses, and the fee for such licenses shall be fixed by the director in amounts proportionately less or greater than the fee herein established. The license fee for such 36-month period shall be \$8.00 for drivers of automobiles and \$2.50 for operators of motorcycles, and for the 12-month period shall be \$3.00 for drivers of automobiles and \$1.00 for operators of motorcycles. The driver's license shall have the name of the licensee endorsed thereon in his own handwriting.

The director shall issue licenses for the following license period on and after the first day of the calendar month immediately preceding the commencement of such period, such licenses to be effective immediately.

All applications for renewals of licenses shall be made on forms prescribed by the director, which forms shall be mailed by the director from the central office of the division to the last addresses of

the licensed drivers as they appear on the records of the division. Upon the return by mail of such forms, accompanied by the requisite fees, the director shall issue renewals of such licenses by mail from the central office of the division.

The director in his discretion may refuse to grant a license to drive motor vehicles to a person who is, in his estimation, not a proper person to be granted such a license, but no defect of the applicant shall debar him from receiving a license unless it can be shown by tests approved by the Director of the Division of Motor Vehicles that the defect incapacitates him from safely operating a motor vehicle.

A person violating this section shall be subject to a fine not exceeding \$500.00 or imprisonment in the county jail for not more than 60 days.

Nothing in this section shall be construed to alter or extend the expiration of any license issued prior to March 1, 1956.

2. This act shall take effect immediately.

Approved June 28, 1958.

L. 1950, c. 142) and section 39:3-84 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 5 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

5. Any State Police officer or motor vehicle inspector having reason to believe that the size or weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a measurement or weighing of the same by means of either portable or stationary scales and may require that such vehicle be driven to the nearest public scales in the event such scales are within 2 miles.

C. 39:3-84.3.
Violations as
to weights
and measure-
ments;
penalties.

Whenever an officer or inspector upon measuring or weighing a vehicle and load, as above provided, determines that the size or weight is unlawful, such officer shall require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the size or gross weight of such vehicle to such limit as permitted under this act, or permitted by the certificate of registration for the vehicle, whichever may be lower. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

No vehicle shall be deemed to be in violation of the overweight provisions of this act when, upon examination by an officer or inspector, the vehicle's dispatch papers show it is proceeding from its last preceding freight pick-up point within the State of New Jersey by a reasonably expeditious route to the nearest available scales or to the first available scales in the general direction towards which the vehicle has been dispatched, or is returning from such scales after weighing-in to the last preceding pick-up point.

When an officer or inspector determines that a vehicle is in violation of the axle weight limitations of this act but is within the legal gross maximum weight, the driver shall be permitted before proceeding to redistribute the weight of the vehicle's contents so that no axle is overweight, in which event there is no violation.

No arrest shall be made in cases where weight limitations provided in this section are not exceeded by more than 5%.

Any person who prepares, presents to an officer or has in his possession false dispatch papers, that is to say, dispatch papers which do not correspond to the cargo carried, shall be subject to a fine not exceeding \$100.00.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a measurement or weighing, or who fails or refuses when directed by an officer upon a measurement or weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be subject to a fine not exceeding \$100.00.

The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway in violation of this act shall be fined not less than \$200.00 nor more than \$500.00 for the first offense, and for any subsequent offense, not less than \$500.00 nor more than \$750.00; except that any such owner, lessee and bailee of any such vehicle found on a highway with a gross weight of vehicle and load in excess of that provided for on the certificate of registration for the vehicle, or in excess of the axle weight or gross weight limitations imposed by this act for vehicle and load, shall be fined an amount equal to \$0.02 per pound for each pound of excess weight if the excess weight does not exceed 10,000 pounds, and \$0.03 per pound for each pound of excess weight if the excess weight exceeds 10,000 pounds, but in no event less than \$50.00.

The vehicle involved, but not its contents, may be detained until the person charged with the violation submits to the jurisdiction of the court and posts a bond sufficient in amount to insure payment of the maximum fine which may be imposed in the event of a conviction, or, if there is a conviction, pays the fine which is imposed or posts a proper bond required for an appeal from such conviction. If the owner is found to be responsible for the viola-

tion then, in addition to the penalties herein contained, the registration of the motor vehicle involved may be revoked by the Director of the Division of Motor Vehicles.

2. Section 39:3-84 of the Revised Statutes is amended to read as follows:

39:3-84. No commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State the outside width of which is more than 96 inches, or the extreme over-all length of which exceeds 35 feet either for a 2-axle 4-wheeled vehicle or 35 feet for a 3-axle 6-wheeled vehicle, or the height of which exceeds 13½ feet, except that a vehicle exceeding the above limitations may be operated when a special permit so to operate is secured in advance from the director.

In the case of an omnibus the maximum over-all length dimension shall be such as the Board of Public Utility Commissioners prescribe.

No commercial motor vehicle drawing or having attached thereto any other such vehicle, nor any combination of vehicles, shall be operated on any highway in this State, except a tractor and semitrailer combination not in excess of a total over-all length, inclusive of load, of 50 feet and a truck and trailer combination not in excess of a total over-all length, inclusive of load, of 50 feet, and also except a vehicle or a combination of vehicles transporting poles, pilings, structural units or other articles incapable of dismemberment the total over-all length of which, inclusive of load, shall not exceed 70 feet, but the provisions of this paragraph shall not apply to a vehicle nor to any combination of vehicles, operated by a public utility as defined in R. S. 48:2-13 which vehicle or combination of vehicles is used by such public utility in the construction, reconstruction, repair or maintenance of its property or facilities.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 65 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

65. Real property mortgages.

C. 17:9A-65.
Real property
mortgages.

No bank shall make a mortgage loan secured by a mortgage upon real property unless

(1) the mortgaged property is located within this State, or, if outside this State, the mortgaged property is located within 50 miles of the border of this State; or if the mortgaged property is located outside this State and is more than 50 miles from the border of this State, the payment of the mortgage loan is insured or guaranteed, or is the subject of an unconditional commitment for such insurance or guarantee, to the extent provided for in subsection A of section 68, by the Federal Housing Commissioner or by the United States, or by this State;

(2) the mortgaged property shall consist of improved real property, including farm lands, or unimproved real property if the proceeds of such loan shall be used for the purpose of erecting improvements thereon;

(3) the mortgage securing such loan shall constitute a first lien on a fee; a mortgage shall be deemed a first lien notwithstanding the existence of a prior mortgage or mortgages held by the bank, or liens of taxes which are not delinquent, building restrictions or other restrictive covenants or conditions, leases or tenancies whereby rents or profits are reserved to the owner, joint driveways, sewer rights, rights in walls, rights-of-way or other ease-

ments, or encroachments, which the persons signing the certificate provided for in section 67 report in their opinion do not materially affect the security for the mortgage loan. Every mortgage shall be certified to be such a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be such a first lien by a corporation authorized to guarantee titles to land in such State;

(4) such loan shall not exceed $66\frac{2}{3}\%$ of the appraised value of the mortgaged property, except that

(a) in the case of a mortgage upon a single family dwelling, such loan may equal 80% of the first \$15,000.00 of the appraised value of the mortgaged property, plus 50% of the excess, if any, of such appraised value; but no loan secured by mortgage upon a single family dwelling shall exceed \$25,000.00, nor shall any such loan be made for a period longer than 20 years from its date;

(b) in the case of a mortgage upon a 2-family, 3-family or 4-family dwelling, such loan may equal 80% of the first \$20,000.00 of the appraised value of the mortgaged property, plus 50% of the excess, if any, of such appraised value;

provided, that there shall be included in the appraised value of the mortgaged property, for the purpose of this paragraph (4), the value of improvements to be erected upon the mortgaged property wholly or partly with the proceeds of such loan; and

(5) the instrument evidencing the loan shall require payment to be made during each year on account of the principal amount of the loan at a rate not less than 1% per annum of the original amount of the loan, if the original amount of the loan does not exceed 50% of the appraised value of the mortgaged property; or 2% per annum of the original

amount of the loan, if the loan exceeds 50% but does not exceed $66\frac{2}{3}\%$ of such appraised value; or 5% per annum of the original amount of the loan, if the loan exceeds $66\frac{2}{3}\%$ of such appraised value; provided, that, when the amount of any loan secured by mortgage upon a single family dwelling exceeds \$16,000.00, the instrument evidencing the loan shall require payments to be made during each year on account of the principal amount of the loan at a rate not less than 5% of the original amount of the loan; provided, further, that, in lieu of such principal payments, the instrument evidencing any mortgage loan may require equal monthly payments, each applicable to principal and interest, in an amount sufficient to pay current interest and to repay the amount of the loan in not more than 20 years from its date; and provided further, that when the proceeds of any such loan are to be used to pay, in whole or in part, the cost of constructing a building or buildings on the mortgaged property, and such proceeds are paid by the bank from time to time, final payment being made at or after completion, the instrument evidencing such loan need not require that any payment be made on account of the principal amount of the loan during the period from the date of such loan to a date not more than 18 months from the date of such loan; and such date marking the end of the period during which no payments are required to be made on account of the principal amount of the loan, shall be deemed to be the date of such loan for the purpose of reckoning the 20-year period limited for the payment of such loan by this paragraph (5), and by subparagraph (a) of paragraph (4) of this section.

2. Section 69 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

69. Limitations on mortgage loans.

C. 17:9A-69.
Limitations
on mortgage
loans.

A. No bank shall make a mortgage loan when the total cost of acquisition by the bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of

all principal balances owing to the bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceed, or by the making of such loan will exceed, 60% of the time deposits of the bank or 100% of the aggregate of its unimpaired capital stock and its surplus, whichever is the greater. For the purposes of this subsection, principal balances owing to the bank on mortgage loans subject to the provisions of subsection A of section 68 shall only to the extent of $66\frac{2}{3}\%$ of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans. This subsection shall not, however, prevent the renewal or extension of the time for payment of a mortgage loan for the amount due thereon at the time of such renewal or extension.

B. Except as in this article otherwise provided, no bank shall, as sole lender or as a co-lender, make a loan secured by mortgage on real property or by mortgage on a lease of the fee of real property, nor shall any bank purchase the entire interest or a part interest in any such mortgage, if the making of such loan or the purchase of such interest would cause the total of all unpaid balances secured by a mortgage or mortgages held by the bank as sole owner or as co-owner upon such real property or such leasehold, to exceed the limitations imposed by this article upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.

C. The granting of mortgage loans to any person shall be without regard to race, creed, color, national origin or ancestry. The granting of such loans shall be without discrimination of any nature including, but not limited to, interest rates, terms and duration, because of race, creed, color, national origin or ancestry.

D. When a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing a farm or residential building on the mortgaged property, and

such loan has a maturity of not more than 9 months, the bank may, at its option to be exercised from time to time, treat such loan either as a mortgage loan for all purposes of this article, or as an unsecured commercial loan. If the bank elects to treat such loan as an unsecured commercial loan, the loan shall be subject to all limitations and requirements applicable to unsecured commercial loans otherwise made, and shall also be subject to all the provisions of this article, except that the principal balance owing to the bank on any such loan shall not be included in the total of all principal balances owing to the bank on mortgage loans for the purpose of determining the limitations imposed by subsection A of this section. No bank shall treat any such loan as a commercial loan as in this subsection provided at any time when the principal balances owing to the bank on all such loans so treated exceed 50% of the aggregate of bank's unimpaired capital stock and its surplus, or if the making of any such loan so treated would cause the principal balances owing to the bank on all such loans so treated to exceed 50% of the aggregate of its unimpaired capital stock and its surplus.

3. This act shall take effect immediately.

Approved July 22, 1957.

For the purposes of this section, "mortgage loan" shall include every indebtedness secured by mortgage on real property, or on a lease of the fee of real property (in any case in which such lease is lawful security for such mortgage loan), except as otherwise provided by subsection Q of this section, and a savings bank shall be deemed to have made a mortgage loan when

mortgage
loans.

(a) it lends or participates in lending money to a borrower upon the security of real property; or

(b) it acquires, by purchase or otherwise, a mortgage loan or any share or part of or interest in a mortgage loan which is not subordinate to any share or part thereof or interest therein held by any other person.

A savings bank may sell, assign or otherwise dispose of a share or part of or interest in a mortgage loan held by it to any other person.

A-2. For all purposes of compliance with the applicable provisions and restrictions of subsections D, E, F and G of this section as to the percentage of the mortgage loan to the appraised value of the mortgaged property, and the term of and rate of amortization of such loan, the date of the acquisition by a savings bank of a mortgage loan or a share or part thereof or interest therein shall, as respects such savings bank, be deemed to be the date as of which the mortgage loan was made, and the unpaid amount of the principal then due shall be deemed to be the amount of such mortgage loan.

B. No savings bank shall make a mortgage loan at any time when the total cost of acquisition by the savings bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the savings bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceeds, or by the making of such loan will exceed, 70% of its deposits. For the purposes of this subsection, principal balances owing on mortgage loans made pursuant to subsection Q of this section shall, only to the extent of 75% of such balances, be included in the total of all principal balances owing to the savings bank on mortgage loans.

C. Every mortgage loan shall be evidenced by a note or bond, and shall be secured by a mortgage on

the fee of real property located within this State, or, if outside this State, upon the fee of real property located within 50 miles of the principal office of the savings bank. Every mortgage shall be certified to be a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be a first lien by a corporation authorized to guarantee titles to land in such State. For the purposes of this section, a mortgage shall be deemed to be a first lien, notwithstanding the existence of a prior mortgage or mortgages held by the savings bank, or a lien for current taxes or assessments not due or payable at the time the loan is made, and notwithstanding the existence of leases, building restrictions, easements, encroachments, or covenants which, in the opinion of an officer of the savings bank designated for that purpose by the board of managers, do not materially lessen the value of the real property to be mortgaged.

D. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is 1 or more 1-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling or dwellings, garages or outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed (a) 80% of the appraised value of the real property, or (b) \$25,000.00, whichever is lesser.

E. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is 1 or more 2-, 3-, or 4-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling or dwellings and appropriate garages or other outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed 80% of the first \$30,000.00 of the appraised value of the real property, plus 50% of the excess, if any, of such appraised value over \$30,000.00.

F. The instrument evidencing a mortgage loan made pursuant to either subsection D or subsection E of this section shall require that

(1) interest shall be paid on such loan monthly, and that equal monthly payments be made in reduction of such loan of an annual rate equal to at least 5% of the original amount of such loan; or

(2) that a constant sum be paid monthly in an amount sufficient for current interest and for the payment of the loan in full in not more than 20 years from the making of such loan; or

(3) the payments provided in (1) hereof may be reduced to an annual rate equal to 4% of the original amount of such loan, or the payment provided in (2) hereof may be an amount sufficient for current interest and payment of the loan in not more than 25 years from the making of such loan, provided, that in either of such cases the mortgage loan shall, by its terms, mature and any unpaid balance shall become due and payable not more than 20 years from the making of such loan.

G. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a building or buildings other than dwellings of the nature described in subsections D and E of this section, or upon which such other buildings are in the course of construction or are to be constructed, or when such land is paved for parking lot purposes, the amount of the mortgage loan shall not exceed 66⅔% of appraised value of such real property. The instrument evidencing a mortgage loan made pursuant to this subsection shall require that the loan be repaid in full in not more than 10 years from the date it is made; and (a) if the amount of such loan, when made, exceeds 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to

at least 2% of the original amount of such loan; or (b) if the amount of such loan, when made, does not exceed 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 1% of the original amount of such loan. When, however, the amount of such loan does not, when made, exceed 50% of the appraised value of such real property, and the instrument evidencing such loan requires that it be paid in full in not more than 5 years from the date it is made, the instrument need not require that any payment be made in reduction of such loan prior to its maturity date. Notwithstanding the limitations prescribed by subsections D and E and hereinabove in this section, a savings bank may make a mortgage loan secured by a lot of land or 2 or more lots of land, contiguous or not, upon each of which there is a building or buildings, or upon each of which a building or buildings are in the course of construction or are to be constructed. The limitations of this section governing the percentage of the mortgage loan to the appraised value of each type of building, including land, shall apply and the term of the loan and rate of amortization shall comply with the requirements hereinabove contained in this subsection.

H. When the real property offered as security for a mortgage loan is of the nature described in subsection D or E of this section, and the amount of the loan does not exceed $66\frac{2}{3}\%$ of the appraised value of such real property, the instrument evidencing such loan shall be sufficient if it conforms to the requirements of either subsection F or subsection G of this section.

I. A mortgage loan may be made for the purpose of enabling a borrower to construct a building or buildings upon real property owned by him, and, in such a case, the appraised value of the real property shall include the value of the building or buildings to be constructed, but at no time shall a greater sum be advanced on account of such loan than, in

the opinion of (1) the appraisers hereinafter provided for, or (2) 1 of such appraisers and an officer of the savings bank designated for that purpose by the board of managers, is warranted by the state of completion of the buildings in process of construction. For the purposes of compliance with the applicable requirements of subsection F or G of this section as to the term of and the rate of amortization of a loan made pursuant to this section, such loan shall be deemed to have been made when the final advance shall be made to the borrower on such loan, or 18 months from the date of the mortgage securing such loan, whichever is earlier.

J. When the real property offered as security for a mortgage loan consists of unimproved land, and the proceeds of such loan are not to be used to construct a building on such land, the amount of such loan shall not exceed 30% of the appraised value of such real property. The instrument evidencing a loan made pursuant to this subsection shall require that such loan be paid in full in not more than 5 years from the date it is made. No loan made pursuant to this subsection shall exceed \$10,000.00, or $\frac{1}{4}$ of 1% of the deposits of the savings bank, whichever is greater; nor shall any such loan be made at any time when the total of all such loans exceeds, or if the making of such loan would cause such total to exceed 1% of the deposits of the savings bank.

K. No mortgage loan shall be made except upon a certificate signed by 2 or more appraisers who shall be either members of the board of managers or such other persons as the board of managers shall designate. The certificate shall certify that the appraisers have inspected the real property to be mortgaged, shall set forth or incorporate by reference all factors which, in their judgment, are materially determinative of the value of the real property, and shall disclose as separate items the value placed upon land and upon improvements, if any. The appraisers shall also certify that, in their

opinion, the real property furnishes adequate security for the amount of the loan to be made. The certificate shall be filed with the permanent records of the savings bank, and shall be preserved until the savings bank has no interest, as mortgagee or otherwise, in the real property.

L. Purchase money mortgage loans made by a savings bank on the sale of real property owned by it shall not be subject to the preceding subsections or to subsection P of this section, except that such loans shall be included in determining whether the total amount of mortgage loans held by a savings bank exceeds 70% of its deposits.

M. In addition to the mortgage loans authorized by the preceding subsections of this section, a savings bank may make mortgage loans secured by

(1) a mortgage which is a first lien upon the lease of the fee of real property in this State of a camp meeting association; provided,

(a) that the real property is subject to no lien or encumbrance other than such lease, or of the character permissible under subsection C of this section;

(b) that the lease shall have an unexpired term of not less than 25 years, or shall be renewable to the lessee, his heirs and assigns, for a term of not less than 25 years;

(c) that the camp meeting association has consented to the making of such mortgage loan;

(d) that the amount of such loan shall not exceed $66\frac{2}{3}\%$ of the appraised value of the leasehold estate; and

(e) that the commissioner has approved the making of such loans by savings banks upon leases of real property of such camp meeting association.

All the provisions of this section shall be applicable to loans made pursuant to this subsection except to the extent that such provisions are inconsistent with this subsection.

N. The instrument evidencing a mortgage loan may be in such form, and may contain such provisions, not inconsistent with law, as the savings bank may choose to insert for the protection of its lien and the preservation of its interest in the real property mortgaged to it.

O. Notwithstanding the limitations prescribed by the preceding subsections or by subsection P of this section, a savings bank may

(1) for the purposes of preventing or mitigating loss, or of preserving the lien of its mortgage, or of conserving the value of the real property affected by its mortgage, (a) extend the time for the payment of principal or interest, (b) modify or waive any of the terms or conditions of the instrument evidencing a mortgage loan, (c) settle or compromise all or part of the amount due or to grow due on a mortgage loan, (d) sell or assign the mortgage loan, or a share or part thereof or interest therein, for such consideration as it shall deem proper, and (e) advance funds for the payment of any tax, lien, charge or claim whatsoever; and

(2) make a loan in addition to an existing mortgage loan or loans held by it, upon the security of the same real property and secured by the existing mortgage or mortgages, in an amount not to exceed the difference between the balance due on the existing mortgage or mortgages and the original amount thereof, or the sum of \$2,500.00, whichever is less; provided, however, that no such additional loan shall be made which shall increase the total amount due upon such mortgages over the amount which could be loaned upon the security of such real property. Such additional loan

shall be repaid in equal monthly installments, beginning within 1 year from the date of such loan, with the payments adjusted so that the additional loan shall be repaid in full either before or at the maturity of the existing mortgage. If the unexpired term of such mortgage or mortgages shall have been reduced to 10 years or less such term may be extended for an additional period of not more than 10 years. Adjustment of payments and extension of mortgage terms pursuant to this section shall comply with the provisions of subsection F, G or H of this section. If so provided in the original mortgage or a supplement or amendment thereto, persons who acquire any rights in or liens upon the mortgaged real property subsequent to the recording of the original mortgage or such supplement or amendment, as the case may be, shall hold such rights and liens subject to the prior lien of the original mortgage and such supplement or amendment, if any, as security for such additional loan; and in such case, no title certificate or insurance under subsection C of this section shall be required with respect to such additional loan.

P. Except as otherwise provided by this section, no savings bank shall make a mortgage loan if the making of such loan would cause the total of all unpaid balances of such loans held by the savings bank upon the security of the same real property or leasehold, to exceed the limitations imposed by this section upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.

Q. A savings bank may invest in

(1) (a) veterans' loans, wherever located, made pursuant to Title III of the Act of Congress of June 22, 1944, known as the "Servicemen's Readjustment Act of 1944," as amended, supplemented, revised, or recodified

(c) the provisions and restrictions contained in this section, except those relating to the percentage of the mortgage loan to the appraised value of the real property, the location of the real property, the term of the loan and the rate of amortization, shall apply to investments made pursuant to paragraph (1) of this subsection of this section.

(2) (a) mortgages or deeds of trust or other securities of the character of mortgages which are first liens on the fee of real property or a lease of the fee of real property, wherever located, which (i) the United States, or (ii) the Federal Housing Commissioner under the Act of Congress of June 27, 1934, known as the "National Housing Act," as amended, supplemented, revised or recodified from time to time, or other officer or agency which succeeds to his powers and functions, or (iii) the State of New Jersey or an officer or agency thereof, or (iv) any other officer or agency of the United States or of this State which the commissioner shall have approved for the purposes of this section as an insurer or guarantor, has fully insured or guaranteed or made a commitment to fully insure or guarantee.

(b) mortgages or deeds of trust or other securities made pursuant to paragraph 2 (a) of this subsection of this section shall not be subject to the provisions and restrictions of this section, except that they shall be included in determining whether total mortgage investments are within the limitation prescribed by subsection B of this section.

CHAPTER 172

AN ACT concerning the parking and storage of vehicles and the acquisition, provision, financing and operation of facilities therefor by municipalities, amending "An act concerning municipalities, and supplementing article 1 of chapter 60 of Title 40 of the Revised Statutes," approved May 6, 1942 (P. L. 1942, c. 138), and sections 40:1-79 and 40:1-90 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 1 of chapter 138 of the laws of 1942 is amended to read as follows:

Section
amended.

1. (A) Every municipality is hereby authorized and empowered to acquire, by gift, devise, purchase or condemnation or in any other lawful manner, lands, buildings or other property, or interests therein, for the purpose of making facilities available to the public for the public parking of vehicles, and to use for said purpose any lands or other property theretofore acquired for other public use or purposes, and to erect on said lands or otherwise construct or acquire, and operate and maintain buildings or any other facilities for the aforesaid purposes, including space for business or commercial uses as hereinafter provided, and, for said purposes, to appropriate and expend moneys for or in connection with any such project. Such lands may consist of separate tracts or parcels, contiguous or not contiguous, improved or unimproved, and whether or not abutting upon any State or county road or municipal street.

C. 40:60-25.1.
Authority
to acquire
land for
public
parking;
leasing to
public or
private
corporation;
restrictions on
commercial
use; public
parking
system.

(B) Upon acquisition or use as aforesaid, the municipality is hereby authorized and empowered to lease said lands or any buildings thereon, including the above-mentioned space for business or com-

mercial uses, to any person, firm or public or private corporation for the aforesaid purposes, for a consideration and for such period or periods of time not exceeding 50 years and upon such other terms and conditions as may be agreed upon. Such lease may be upon condition that the lessee shall or may construct or provide the building or buildings or other facilities permitted by this act for the aforesaid purposes, including the above-mentioned space for business or commercial uses, all upon such terms and conditions as may be agreed upon. The terms and conditions of every such lease shall be authorized and determined by resolution adopted by the affirmative vote of a majority of all the members of the governing body of the municipality.

(C) The municipality shall not engage directly in the sale of gasoline or accessories for, or in the repair or other servicing of, any such vehicles except in emergency, or in connection with any such project engage directly in the sale of any commodity of trade or commerce, but the municipality may include in any such project, and provide and lease as lessor, structures, buildings, space or accommodations (whether constructed by the municipality or by a lessee) for any business or commercial use, including the sale of gasoline or accessories for, or the repair or other servicing of, such vehicles, if, in the opinion of its governing body, such inclusion, provision and proposed leasing is necessary to assist in defraying the expenses of the municipality in connection with such project and make possible the operation of the parking facilities of such project at reasonable rates and will increase the facilities for parking which can be feasibly included, financed, constructed and operated as part of such project. Every such lease of space for a business or commercial use in a project not leased as a whole by the municipality as lessor shall be granted on a fair competitive basis, provided, however, that the municipality may in the discretion of its governing body grant such leases

in the project on a noncompetitive basis to persons, firms or corporations actually displaced from any land or building by reason of the acquisition or construction of the project, but every such lease so granted on a noncompetitive basis shall terminate not later than 10 years from the date of such displacement of the lessee.

(D) Any municipality, by ordinance duly adopted, at any time or from time to time may consolidate and combine, and establish and constitute as a single publicly owned or operated utility or enterprise called a "public parking system," any 1 or more of such projects and may include as part of such public parking system any or all of its on-street, off-street or other parking areas or facilities or any parking meters maintained in connection therewith, but such inclusion of any such on-street parking area or facility shall not constitute construction, improvement, policing, regulation, or maintenance costs or indebtedness of streets as costs or indebtedness incurred for or with respect to such public parking system. If the municipality be obligated to pay any part of the moneys derived from the operation of said public parking system or any other moneys to or for the account of a parking authority created for such municipality or if there be outstanding any bonds of such parking authority guaranteed by the municipality or any bonds or notes of the municipality issued for the financing of any parking projects or projects of such parking authority, then and in any such event, for all of the purposes of sections 40:1-75 to 40:1-84, inclusive, of the Revised Statutes (local bond law), all of such bonds or notes and all other bonds of such parking authority shall be deemed to have been issued for the financing of said public parking system and the parking project or projects of such parking authority shall be deemed to be included as part of said public parking system, provided that nothing contained in this sentence shall modify or in any way affect the rights, powers, duties or obligations of the parking

authority with respect thereto or in any other respect.

Section
amended.

2. Section 40:1-79 of the Revised Statutes is amended to read as follows:

Bonds and
obligations
self-liquidat-
ing enter-
prises;

40:1-79. Any water supply or distribution system, or any sewerage system, or any public parking system shall be deemed to be self-liquidating during the period of construction or acquisition and until it shall have been in operation for at least 1 fiscal year; provided, that the board of public utility commissioners shall have determined by order that the income will be sufficient to make the utility or enterprise self-liquidating within the definition of this article, on the basis of a project report prepared by the engineer. Bonds or notes to finance the improvement or extension of an existing utility or enterprise shall be deductible during the fiscal year in which they shall have been authorized or issued (1) if such utility or enterprise would have been self-liquidating during the last preceding fiscal year had there been included in the interest and debt redemption charges for such year an amount equal to interest for 1 year at the rate of $4\frac{1}{2}\%$ per annum on the bonds or notes issued or to be issued to finance such improvement or extension and the amount of the first installment of serial bonds legally issuable to finance such improvement or extension, or (2) if, in the case of an improvement or extension of any water supply or distribution system or any sewerage system or any public parking system, the board of public utility commissioners shall have determined by order that, upon the basis of a project report prepared by engineers for such utility or enterprise, the utility or enterprise would have been self-liquidating during the last preceding fiscal year had there not only been included in the interest and

debt redemption charges an amount computed in the manner provided under clause (1) of this section, but also included in the income thereof the prospective income from the proposed improvement or extension, or (3) if in the case of an improvement or extension of any water supply or distribution system or any sewerage system or any public parking system, in connection with the operation of which fees, rents or other charges were not prescribed, charged or collected during the last preceding fiscal year, the board of public utility commissioners shall have determined by order that the income will be sufficient to make the utility or enterprise self-liquidating within the definition of this article, on the basis of a project report prepared by the engineer, which shall set up the schedule of fees, rents or charges thereafter to be prescribed, charged and collected in connection with the operation of such system. The board of public utility commissioners is hereby authorized and empowered to make any such determination hereunder and all proceedings before said board under the provisions of this section shall conform with respect to notice, hearings and service and effective date of orders, to the provisions of chapter 2 of the Title Public Utilities (48:2-1 et seq.). To the extent that any such utility or enterprise shall not be, or be determined to be, self-liquidating within the above limitations, the amount of the deficit in the income of such utility or enterprise applicable to interest and debt redemption, or the prospective amount of such deficit as determined by said State Board of Public Utility Commissioners, shall be capitalized at 5% and the capital sum so determined shall not be deductible from the gross debt.

3. Section 40:1-90 of the Revised Statutes is amended to read as follows:

(12) limitations on the powers of the municipal authority to construct, acquire or operate, or permit the construction, acquisition or operation of, any plants, structures, facilities or properties which may compete or tend to compete with the utility system;

(13) vesting in a trustee or trustees within or without the State such property, rights, powers and duties in trust as the municipal authority may determine which may include any or all of the

31. (a) If the bond resolution of a municipal authority authorizing or providing for the issuance of a series of its bonds shall provide in substance that the holders of the bonds of such series shall be entitled to the benefits of this section, then in the event that there shall be a default in the payment of principal of or interest on any bonds of such series after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of 30 days, or in the event that the municipal authority shall fail or refuse to comply with the provisions of this act or shall fail or refuse to carry out and per-

form the terms of any contract with the holders of any such bonds, and such failure or refusal shall continue for a period of 30 days after written notice to the municipal authority of its existence and nature, the holders of 25% in aggregate principal amount of the bonds of such series then outstanding by instrument or instruments filed in the office of the Secretary of State and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of the bonds of such series for the purposes provided in this section.

(b) Such trustee may and upon written request of the holders of 25% in aggregate principal amount of the bonds of such series then outstanding shall, in his or its own name:

(3) By action, require the municipal authority to account as if it were the trustee of an express trust for the holders of such bonds;

(4) By action, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; or

(5) Declare all such bonds due and payable, whether or not in advance of maturity, upon 30 days' prior notice in writing to the municipal authority and, if all defaults shall be made good, then with the consent of the holders of 25% of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

(c) Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of the functions specifically set forth herein or incident to the general representation of the holders of bonds of such series in the enforcement and protection of their rights.

32. If the bond resolution of a municipal authority authorizing or providing for the issuance of a series of its bonds shall provide in substance that the holders of the bonds of such series shall be entitled to the benefits of section 31 of this act and shall further provide in substance that any trustee appointed pursuant to said section or having the powers of such a trustee shall have the powers provided by this section, then such trustee, whether or not all of the bonds of such series shall have been declared due and payable, shall be entitled as of right to the appointment of a receiver of the utility system, and such receiver may enter upon and take possession of the utility system and, subject to any pledge or contract with the holders of such bonds, shall take possession of all moneys and other property derived from or applicable to the acquisition, construction, operation, maintenance or reconstruction of the utility system and proceed with such acquisition, construction, operation, maintenance or reconstruction which the municipal authority is under any obligation to do, and operate, maintain and reconstruct the utility system and fix, charge, collect, enforce and receive the service charges and all system revenues thereafter arising subject to any pledge thereof or contract with the holders of

such bonds relating thereto and perform the public duties and carry out the contracts and obligations of the municipal authority in the same manner as the municipal authority itself might do and under the direction of the court.

33. Neither the members of the municipal authority nor any person executing bonds issued pursuant to this act shall be liable personally on the bonds by reason of the issuance thereof. C. 40:14B-33.
No personal liability; bonds and indebtedness not to obligate State.

34. Every municipal authority is hereby empowered, in its own name but for the local unit or units, to acquire by purchase, gift, grant or devise and to take for public use real property, within or without the district, which may be deemed by the municipal authority necessary for its purposes, including public lands, waters, parks, roads, playgrounds, reservations and public or private rights in waters within or without the district, and any property within or without the district owned by or in which any county, municipality or political subdivision of the State, or public body or agency of such political subdivision, has any right, title or interest. Such municipal authority is hereby empowered to acquire and take such real property, including any such public property or such public interests therein, by condemnation, in the manner provided by chapter 1 of Title 20, Eminent Domain, of the Revised Statutes (R. 35. Upon the filing of a complaint in any action to fix the compensation to be paid for any property, or at any time thereafter, the municipal authority may file with the clerk of the county in which such property is located and also with the Clerk of the Superior Court a declaration of taking, signed by the municipal authority, declaring that possession of 1 or more of the tracts or parcels of land or property described in the complaint is thereby being taken by and for the use of the municipal authority. The said declaration of taking shall be sufficient if it sets forth (1) a description of each tract or parcel of land or property to be so taken sufficient for the identification thereof to which there may or may not be attached a plan or map thereof; (2) a statement of the estate or interest in the said land or property being taken; (3) a statement of the sum of money estimated by the

36. Upon the filing of a declaration of taking of property as provided in this act, the municipal authority shall deposit with the Clerk of the Superior Court the amount of the estimated compensation stated in said declaration. In addition to the said deposits with the Clerk of the Superior Court the municipal authority at all times shall maintain a fund on deposit with a bank or trust company doing business in the State in an amount at least equal to the aggregate amount deposited with the Clerk of the Superior Court as estimated compensation for all property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court. Said fund shall consist of cash or securities readily convertible into cash constituting legal investments for trust funds under the laws of this State or may consist of all or some part of the proceeds of bonds of the municipal authority held by any trustee for the holders of such bonds and available for payment for the land or other property described in such declarations of taking. Said fund shall be held by or on behalf of the municipal authority to secure and may be applied to the payment of just compensation for the land or other property described in such declarations of taking. The municipal authority shall be entitled to withdraw from said fund from time to time so much as may then be in excess of the aggregate amount deposited with the Clerk of the Superior Court as estimated compensation for all property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court.

1. As used in this act:

“Service” shall always, unless otherwise stated, be considered as continuous or in the aggregate.

“Salary” or “compensation” when used solely for the purpose of fixing benefits under this act means the average annual salary or compensation earned by a member during his or her 5 years of service, or during his or her entire length of service if such service totaled less than 5 years as a county employee immediately preceding death or retirement; provided, however, that \$5,000.00 shall be the maximum amount of the annual salary of any employee which shall be considered for the payment of benefits upon the death of any member under this act; provided, however, that as to any employee who, at the time of the adoption of this act, is a member of any retirement system in operation in the county under and by virtue of articles 1, 2, 5, 6 and 9 of chapter 10 and chapter 9 of Title 43 of the Revised Statutes and of sections 40:37-157 to 40:37-174, inclusive, of the Revised Statutes, and of “An act providing for the retirement of persons employed in the department of weights and measures of any county in this State, and providing a pension for such persons so retired,” filed June 21, 1938 (P. Every employee to whom this act applies who shall continue in the service after the adoption and approval of this act, as well as every person to whom this act applies who may hereafter be appointed to a position or place, shall be deemed to consent and agree to the deductions made and provided for herein and payment with such deductions, for service, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all services rendered by such person during the period covered by such payment except his or her claim to the benefits to which he or she may be entitled under the provisions of this act.

(c) All interest earned on investments of moneys of this retirement system shall be credited to this pension fund.

(d) All moneys required to meet the county contributions provided for in this and all other sections of this act shall be raised annually in the county budget by the board of chosen freeholders and if at any time there is not sufficient money to meet these requirements and pay the pensions, the board of chosen freeholders shall, from time to time, include in any tax levy a sum sufficient to meet the requirements of the retirement system.

(e) The pension commission shall estimate and certify, annually, to the board of chosen freeholders of the county, an amount sufficient to meet the requirements of the fund, and any additional amount they certify is required to ensure the present and future financial soundness and solvency of the fund. The board of chosen freeholders of the county may, in its discretion appropriate in whole or any part thereof, the sum or sums of money requested by the pension commission; provided, however, the board of chosen freeholders of the county shall appropriate, exclusive of any amount under subsection (b), at least a sum or sums of money that when added to the assets of the retirement system shall produce the amount which shall not be less than the total aggregate contributions made by the active employee members of the fund.

3. Any employee who, on the effective date of this amendatory and supplementary act, is a member of this retirement system and whose then annual salary is more than \$5,000.00, may receive credit for pension purposes for the total amount of his said annual salary, upon written application to the pension commission within 90 days from the said effective date of this amendatory and supplementary act, and upon payment into this retirement system a sum equal to the total amount which said employee would have theretofore paid for service or would have had deducted from his salary, had there been no maximum salary limitation for pension purposes in effect during the entire time of such employee's membership in this retirement system, less the amount already paid for service or the amount already deducted from his salary for pension purposes under the act to which this act is amendatory and supplementary. Such payment shall be made either by lump sum or by deductions from salary, at the election of the employee, in which event interest at the rate of 3% per annum shall be charged on the unpaid balances, but in no case shall such payments be spread over a period of more than 5 years; provided, that if any employee electing to pay by deductions from his salary should die or be retired on pension, before the full payment required herein is made, the unpaid part of such payments shall be deducted from any benefits payable under this act as amended and supplemented. Upon such payment or payments being made, the county shall pay into the retirement system a sum of money equal in amount to the employee's payment or payments.

CHAPTER 207

AN ACT concerning unemployment compensation, and amending section 43:21-14 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 43:21-14 of the Revised Statutes is amended to read as follows:

Section
amended.

43:21-14. (a) In addition to such reports as the Director of the Division of Employment Security may require under the provisions of subsection (g) of section 43:21-11 of this chapter (R. S. 43:21-1 et seq.), every employer shall file with the division periodical contribution reports on such forms and at such times as the director shall prescribe, to disclose the employer's liability for contributions under the provisions of this chapter (R. S. 43:21-1 et seq.), and at the time of filing each contribution report shall pay the contributions required by this chapter (R. S. 43:21-1 et seq.) for the period covered by such report. The director may require that such reports shall be under oath of the employer. Any employer who shall fail to file any report, required by the director, on or before the last day for the filing thereof shall pay a penalty of \$1.00 for each day of delinquency until and including the tenth day following such last day and, for any period of delinquency after such tenth day, a penalty of \$1.00 a day or 20% of the amount of the

Collection of
contributions.

contributions due and payable by the employer for the period covered by the report, whichever is the lesser; if there be no liability for contributions for the period covered by any contribution report or in the case of any report other than a contribution report, the employer or employing unit shall pay a penalty of \$1.00 a day for each day of delinquency in filing or \$15.00, whichever is the lesser; provided, however, that when it is shown to the satisfaction of the director that the failure to file any such report was not the result of fraud or an intentional disregard of this chapter (R. S. 43:21-1 et seq.), or the regulations promulgated hereunder, the director, in his discretion, may remit or abate any unpaid penalties heretofore or hereafter imposed under this section and he may also, in his discretion, ratify any remission or abatement of penalties heretofore allowed by the Unemployment Compensation Commission, its executive director or acting executive director, or the Division of Employment Security, its director or acting director. On or before October 1 of each year, the director shall submit to the Commissioner of Labor and Industry a report covering the 12-month period ending on the preceding June 30, and showing the names and addresses of all employers for whom the director remitted or abated any penalties, or ratified any remission or abatement of penalties, and the amount of such penalties with respect to each employer. Any employer who shall fail to pay the contributions due for any period on or before the date they are required by the division to be paid, shall pay interest at the rate of 1% a month on the amount thereof from such date until the date of payment thereof. Upon the written request of any employer or employing unit, filed with the division on or before the due date of any report or contribution payment, the director, for good cause shown, may grant, in writing, an extension of time for the filing of such report or the paying of such contribution with interest at the rate of 1% a month on the amount thereof; provided,

no such extension shall exceed 30 days and that no such extension shall postpone payment of any contribution for any period beyond the day preceding the last day for filing tax returns under Title IX of the Federal Social Security Act for the year in which such period occurs.

(b) The contributions, penalties, and interest due from any employer under the provisions of this chapter (R. S. 43:21-1 et seq.), from the time they shall be due, shall be a personal debt of the employer to the State of New Jersey, recoverable in any court of competent jurisdiction in a civil action in the name of the State of New Jersey; provided, however, that except in the event of fraud, no employer shall be liable for contributions or penalties unless contribution reports have been filed or assessments have been made in accordance with subsections (c) or (d) of this section before 4 years have elapsed from the last day of the calendar year with respect to which any contributions become payable under this chapter (R. S. 43:21-1 et seq.), nor shall any employer be required to pay interest on any such contributions unless contribution reports were filed or assessments made within such 4-year period; provided further, that if such contribution reports were filed or assessments made within the 4-year period, no civil action shall be instituted, nor shall any certificate be issued to the Clerk of the Superior Court under subsection (e) of this section, except in the event of fraud, after 6 years have elapsed from the last day of the calendar year with respect to which any contributions become payable under this chapter (R. S. 43:21-1 et seq.), or July 1, 1958, whichever is later. Payments received from an employer on account of any debt incurred under the provisions of this chapter (R. S. 43:21-1 et seq.) may be applied by the division on account of the contribution liability of the employer and then to interest and penalties, and any balance remaining shall be recoverable by the division from the employer. Upon application therefor, the division shall furnish interested per-

sons and entities certificates of indebtedness covering employers, employing units and others for contributions, penalties and interest, for each of which certificate the division shall charge and collect a fee of \$0.25 per name, no such certificate to be issued, however, for a fee of less than \$1.00. All fees so collected shall be paid into the unemployment compensation administration fund.

(c) If any employer shall fail to make any report as required by the rules and regulations of the division pursuant to the provisions of this chapter (R. S. 43:21-1 et seq.), the division may make an estimate of the liability of such employer from any information it may obtain, and, according to such estimate so made, assess such employer for the contributions, penalties, and interest due the State from him, give notice of such assessment to the employer, and make demand upon him for payment.

(d) After a report is filed under the provisions of this chapter (R. S. 43:21-1 et seq.) and the rules and regulations of the division, the division shall cause the report to be examined and shall make such further audit and investigation as it may deem necessary, and if therefrom there shall be determined that there is a deficiency with respect to the payment of the contributions due from such employer, the division shall assess the additional contributions, penalties, and interest due the State from such employer, give notice of such assessment to the employer, and make demand upon him for payment.

(e) As an additional remedy, the division may issue to the Clerk of the Superior Court of New Jersey a certificate stating the amount of the employer's indebtedness under this chapter (R. S. 43:21-1 et seq.) and describing the liability, and thereupon the clerk shall immediately enter upon his record of docketed judgments such certificate or an abstract thereof and duly index the same. Any such certificate or abstract heretofore or hereafter docketed from the time of docketing shall have the same force and effect as a judgment obtained in the

Superior Court of New Jersey and the division shall have all the remedies and may take all the proceedings for the collection thereof which may be had or taken upon the recovery of such a judgment in a civil action upon contract in said court. Such debt, from the time of docketing thereof, shall be a lien on and bind the lands, tenements and hereditaments of the debtor.

The Clerk of the Superior Court shall be entitled to receive for docketing such certificate \$0.50, and for a certified transcript of such docket \$0.50. If the amount set forth in said certificate as a debt shall be modified or reversed upon review, as hereinafter provided, the Clerk of the Superior Court shall, when an order of modification or reversal is filed, enter in the margin of the docket opposite the entry of the judgment the word "modified" or "reversed," as the case may be, and the date of such modification or reversal.

The employer, or any other party having an interest in the property upon which the debt is a lien, may deposit the amount claimed in the certificate with the Clerk of the Superior Court of New Jersey, together with an additional 10% of the amount thereof, or \$100.00, whichever amount is the greater, to cover interest and the costs of court, or in lieu of depositing the amount in cash, may give a bond to the State of New Jersey in double the amount claimed in the certificate, and file the same with the Clerk of the Superior Court. Said bond shall have such surety and shall be approved in the manner required by the Rules of the Supreme Court.

After the deposit of said money or the filing of said bond, the employer or any other party having an interest in the said property, may, after exhausting all administrative remedies, secure judicial review of the legality or validity of the indebtedness or the amount thereof, and the said deposit of cash shall be as security for and the bond shall be conditioned to prosecute the judicial review with effect.

Upon the deposit of said money or the filing of the said bond with the Clerk of the Superior Court, all proceedings on such judgment shall be stayed until the final determination of the cause, and the moneys so deposited shall be subject to the lien of the indebtedness and costs and interest thereon, and the lands, tenements, and hereditaments of said debtor shall forthwith be discharged from the lien of the State of New Jersey and no execution shall issue against the same by virtue of said judgment.

(f) If not later than 2 years after the calendar year in which any moneys were erroneously paid to, or collected by the division, whether such payments were voluntarily or involuntarily made or made under mistake of law or of fact, an employer, employing unit, or employee who has paid such moneys shall make application for an adjustment thereof, the said moneys shall, upon order of the director, be either credited or refunded, without interest, from the appropriate fund. For like cause and within the same period, credit or refund may be so made on the initiative of the director.

(g) All interest and penalties collected pursuant to this section shall be paid into a special fund to be known as the unemployment compensation auxiliary fund; all moneys in this special fund shall be deposited, administered and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State treasury, and shall be expended, under legislative appropriation, solely for the purpose of aiding in defraying the cost of the administration of this chapter (R. S. 43:21-1 et seq.) and for essential and necessary expenditures in connection herewith not provided in or by grants of the Federal Government. The Treasurer of the State shall be ex officio the treasurer and custodian of this special fund and, subject to legislative appropriation, shall administer the fund in accordance with the directions of the division. Any balances in this fund shall not lapse at any time, but shall be continuously available, subject to legislative appro-

priation, to the division for expenditure. The State Treasurer shall give a separate and additional bond conditioned upon the faithful performance of his duties in connection with the unemployment compensation auxiliary fund in an amount to be fixed by the division, the premiums for such bond to be paid from the moneys in the said special fund.

2. This act shall take effect immediately.

Approved December 23, 1957.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section
amended.

1. Section 2A:11-16 of the New Jersey Statutes is amended to read as follows:

Stenographic
reporters;
salary;
employment
by more
than one
county; part
time per
diem fee
basis; fees for
transcripts;
deemed State
employees.

2A:11-16. (a) Except as provided in this section, a reporter appointed pursuant to this article shall receive an annual salary to be fixed from time to time by the Supreme Court. In fixing such salary the court shall take into account the amount of time the reporter is required to be in attendance upon the court or courts or part or parts thereof and is engaged in the performance of his duties. Such salary shall not be less than the sum of \$7,500.00 per annum and shall not exceed the sum of \$10,000.00 per annum and shall be paid in equal semimonthly installments as provided below in this section.

(b) Where a reporter is employed wholly within 1 county, the director shall file a certificate with the treasurer of such county designating the reporter and the amount of his annual salary and also file a duplicate thereof with the State Comptroller. The county treasurer shall pay such salary as provided in paragraph (a) of this section.

(c) Where a reporter is employed in more than 1 county, or in a part or parts of the Chancery Division of the Superior Court having a vicinage embracing more than 1 county, the director shall apportion to each of said counties the payment of such part of the reporter's annual salary as the population of such county bears to the population of all of said counties according to the latest Federal census. The director shall file a certificate with

the treasurer of each of said counties designating the reporter and the amount of his annual salary apportioned to the particular county and shall also file a duplicate thereof with the State Comptroller. The county treasurer shall pay the part of such annual salary so apportioned to his particular county, as provided in paragraph (a) of this section.

(d) In lieu of an annual salary a reporter employed on a part time or temporary basis as provided in this article may be paid at a per diem fee rate of not more than \$30.00, as may be fixed from time to time by the Supreme Court. Such per diem fees shall be paid semimonthly as provided below in this section. The director shall certify to all county treasurers and to the State Comptroller the per diem fee rate so fixed for this class of reporters.

(e) Where a reporter is employed on a per diem fee basis, such fees shall be paid by the county where the services were rendered, or if employed in a part of the Chancery Division of the Superior Court having a vicinage embracing more than 1 county, then by the particular county where the court is permanently located. Such payments shall be made by the county treasurer, upon receipt of duplicate vouchers verified by the reporter and certified either by the judge of the court where the services were rendered or by the supervising reporter of the district in which the court is located. One of such vouchers shall be immediately filed with the State Comptroller by the county treasurer making the particular payment. In the case of a reporter employed on a per diem fee basis in a part of the Chancery Division of the Superior Court having a vicinage embracing more than 1 county, the county treasurer making such payment or payments may apply to the director from time to time to make an apportionment of $\frac{2}{3}$ of the amount thereof among all of the counties of said vicinage on the basis provided for in paragraph (c) of this section. Upon such apportionment being made and notice thereof given in writing by the director to the treasurer of each county in said

vicinage, the county treasurer making the original payment shall be reimbursed by the treasurer or treasurers of the county or counties within said vicinage in accordance with said apportionment.

(f) In addition to his salary or per diem fees, a reporter who is required to attend sessions of a court in a county other than where he resides shall be paid his traveling and other necessary expenses incident to his attendance upon said court when certified as reasonable and necessary by a judge thereof. Such expenses shall be paid in the same manner and from the same sources and subject to the same apportionment as the reporter's salary or per diem fees are paid.

(g) One-third of the amount paid directly to reporters by each county as provided in this section, whether as salary, fees in lieu of salary or traveling and other necessary expenses incident to his attendance upon court, shall be refunded to said county by the State Treasurer upon the warrant of the State Comptroller and the treasurer shall make a further refund to any county, if necessary, of such amount as shall be needed to insure that the net cost of court reporters to such county, under this article, for any year beginning July 1 and ending on the following June 30, shall not exceed the net cost to such county for court reporters for the year beginning July 1, 1947, and ending June 30, 1948.

(h) Every reporter shall be entitled to retain for himself the fees collected for transcripts as herein provided. All supplies and equipment shall be furnished by the reporter at his own expense.

(i) Reporters shall be deemed to be State employees eligible for membership in the State Employees' Retirement System; except, however, that reporters who have heretofore become members of any county employees' retirement system pursuant to chapter 160 of the laws of 1943 (c. 43:10-18.1, 43:10-18.25), shall continue therein as county employees for the purposes of that enactment.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 1 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

1. Definitions. As used in this act

a. The words "the board" mean the New Jersey Board of Nursing created by this act.

C. 45:11-23.
Terms
defined.

b. The word "nursing" includes "professional nursing" and "practical nursing." "Professional nursing" is the performance for compensation of any professional service requiring the application of principles of nursing based on biological, physical and social sciences, including responsible supervision of a patient requiring skill in observation of symptoms and reactions and the accurate recording of the facts and carrying out of treatments and medications prescribed by a licensed physician, and the application of such nursing procedures as involve understanding of cause and effect in order to safeguard life and health of a

patient and others. "Practical nursing" is the performance for compensation of such duties as are required in the care of a patient in carrying out of medical orders prescribed by a licensed physician, requiring an understanding of elementary nursing but not requiring the professional service outlined in the definition of professional nursing.

The terms "nursing," "professional nursing," and "practical nursing" as used in this act shall not be construed to include nursing by students enrolled in a school of nursing accredited or approved by the board performed in the prescribed course of study and training, nor nursing performed in hospitals, institutions and agencies approved by the board for this purpose by graduates of such schools pending the results of the first licensing examination scheduled by the board following completion of a course of study and training and the attaining of age qualification for examination, or thereafter with the approval of the board in the case of each individual pending results of subsequent examinations; nor shall any of said terms be construed to include nursing performed for a period not exceeding 12 months unless the board shall approve a longer period, in hospitals, institutions or agencies by a nurse legally qualified under the laws of another State or country, pending results of an application for licensing under this act, if such nurse does not represent or hold himself or herself out as a nurse licensed to practice under this act; nor shall any of said terms be construed to include the practice of nursing in this State by any legally qualified nurse of another State whose engagement made outside of this State requires such nurse to accompany and care for the patient while in this State during the period of such engagement, not to exceed 6 months in this State, if such nurse does not represent or hold himself or herself out as a nurse licensed to practice in this State; nor shall any of said terms be construed to include nursing performed by employees or officers of the United States Government or any agency or service

thereof while in the discharge of his or her official duties; nor shall any of said terms be construed to include services performed by nurses aides, attendants, orderlies and ward helpers in hospitals, institutions and agencies or by technicians, physiotherapists, or medical secretaries, and such duties performed by said persons aforementioned shall not be subject to rules or regulations which the board may prescribe concerning nursing; nor shall any of said terms be construed to include first aid nursing assistance, or gratuitous care by friends or members of the family of a sick or infirm person, or incidental care of the sick by a person employed primarily as a domestic or housekeeper, notwithstanding that the occasion for such employment may be sickness, if such incidental care does not constitute professional nursing and such person does not claim or purport to be a licensed nurse; nor shall any of said terms be construed to include services rendered in accordance with the practice of the religious tenets of any well-recognized church or denomination which subscribes to the art of healing by prayer. A person who is otherwise qualified shall not be denied licensure as a professional nurse or practical nurse by reason of the circumstances that such person is in religious life and has taken a vow of poverty.

FOREWORD

The following Table of Contents with its accompanying Schedules is prepared pursuant to P. L. 1939, Chapter 379 to indicate the changes made in the statute law since the enactment of the Revised Statutes, except those made in the revision of Titles 2 and 3 by Chapters 344 and 345 of the Laws of 1951, known as the New Jersey Statutes.

The Table itself indicates the changes made in the general and permanent statute law by amendment or repeal of pre-existing legislation or by enactment of additional legislation.

The classification and arrangement used is that of the Revised Statutes and the New Jersey Statutes, amplified so as to include material for which no adequate classification units appear in those works. New chapters or other new subdivision headings are set up under the designation "added" when they are set up by statute and under the designation "new" when they are set up for convenience in classification merely.

An amendment of a section of a pre-existing statute is indicated by reference to the number of the statute amended, as found in the Revised Statutes, the New Jersey Statutes or the Pamphlet Laws.

Additional legislation, supplementary or otherwise, is classified under the same classification system, with the compilation numbers used in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements preceded by the letter "C." added in parenthesis after the Pamphlet Law references, thus "(C. 1:1-2.5)" except where, as occurs in some instances, material is differently classified in the compilations of statutes, in which case both classification numbers so used are indicated, thus "(NJSA 40:2-17.1; RSCS 40:3-3.1)." A Schedule of these divergent numbers is appended to the Table.

Amendments to additional legislation enacted during the period covered are carried under the numbers assigned to the sections amended.

Under this system the Table serves as a Table of Contents of the material covered, as it appears in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements, as well as of the Pamphlet Laws, but citation should not be made to the Pamphlet Laws by these compilation numbers unless the year and chapter number of the Pamphlet Law volume is added.

Cross-reference notes are to the section or Title and Chapter numbers under which the legislation referred to will be found, thus, “(N. J. S. 2A:83-2)” or “(N. J. S. 2A: Chapter 6)” or to the Title and Chapter numbers in which reference thereto will be found in the Table, thus, “(T. 40, c. 2)”.

Statutes of general and permanent character enacted and repealed, and statutes not of this character enacted, within the period covered, are not referred to in the Table but reference to them will be found in Schedules 3, 5, 6 and 7 annexed to the Table.

Acknowledgment is made to John W. Ockford, Counsel, and to H. Arthur Smith, Jr., and William M. Lanning, Assistants to Counsel, to the Commission, and to the Commission's clerical staff, for their valuable assistance in the preparation of this work.
