RESOLUTION 2014-5-0042: APPROVAL OF ADDENDUM #1 TO THE 2014 PARKING AGREEMENT WITH THE CITY OF CAMDEN PARKING AUTHORITY

At the March 25, 2014 SJPC Board of Directors meeting, the SJPC Board approved a 2014 Parking Agreement with the Parking Authority of the City of Camden which makes available defined port properties in and around the Balzano Marine Terminal for vehicle parking by visitors to Susquehanna Bank Center concert events from May 10, 2014 through October 1, 2014. Under that agreement, the parking authority will provide SJPC with \$50,000 for use of the designated areas.

The City of Camden Parking Authority (Parking Authority) requested use of additional space to accommodate 525 parking spaces for the Susquehanna Center visitor parking season from May to October. A proposed addendum (attached) to the agreement has been prepared and reviewed by SJPC General Counsel for this purpose. The addendum will provide access to "D" building (480 parking spaces), currently occupied by tenant, Camden International Commodities Terminal (CICT). CICT has agreed to vacate the building during the summer months, which is their slow period of the year for import cargo. The Parking Authority will pay SJPC a rent of \$16,000 per month for use of "D" building. This is the same rental rate charged to CICT. The Parking Authority will also reimburse CICT currently occupying "D" building for the relocation of its inventory pursuant to a separate agreement between CICT and the Parking Authority. The 2014 agreement already provided use of the open space surrounding "D" building to the Parking Authority.

The Chairman asked for a motion.

A motion was made to approve Resolution 2014-5-0042 for the approval of the Addendum #1 to the 2014 Parking Agreement with the City of Camden Parking Authority for use of "D" building within the Balzano Marine Terminal for a rental of \$16,000 per month for the term of the agreement through October 1, 2014.

The Chairman called for a discussion. The Board expressed concern about air quality within the building impacted by car exhaust. Staff advised that the building has been used for parking cars in the past without issue. There are 10 large overhead doors and a number of overhead exhaust fans in the building to provide ventilation. The Chairman requested to request the Parking Authority to monitor the air quality. The Board and staff addressed the movement of the existing tenant's cargo and that under a separate agreement between the Parking Authority and the tenant, CICT, the Parking Authority would be paying for the cost to move the cargo to the tenant's other warehouse locations.

The Chairman asked if there was any other discussion on the matter. Hearing none, he called for a roll call vote on the standing motion to approve addendum #1 to the 2014 Parking Agreement.
