## I. INTRODUCTION

This report on the Animal Population Control (APC), Low Cost Spaying and Neutering Program is respectfully submitted to the Legislature. The report examines the program for the period of July 1, 2004 to June 30, 2005, and includes an evaluation of program effectiveness and recommendations for future legislation and administrative actions.

Previous reports to the legislature examined the program from January 1985 to December 1991, submitted in September 1992; July 1, 1992 to June 30, 1999, submitted March 2001; July 1, 1999 to June 30, 2000, submitted October 2001; July 1, 2000 to June 30, 2001, submitted February 2003; July 1, 2001 to June 30, 2002, submitted November 2003; July 1, 2002 to June 30, 2003 submitted November 2004; and July 1, 2003 to June 30, 2004, submitted June 2005.

## II. HISTORICAL BACKGROUND

In May of 1983, Assembly Bill 1917 was signed into law and became P.L. 1983, c. 172 (Appendix A). This law directed the Department of Health and Senior Services (DHSS) to establish a low cost spay/neuter program to be called the Animal Population Control (APC) Program that would utilize the private sector (i.e., participating veterinarians) to provide the spay/neuter services. Veterinarians who wished to participate in the program were required to have their facilities inspected by the New Jersey Veterinary Medical Association (NJVMA) Hospital Inspection Program and submit their normal fee schedules for spay/neuter surgeries for both dogs and cats. Upon review and acceptance by the DHSS, veterinarians would be reimbursed for 80 percent of their normal fees. Client eligibility to participate was based on the client being a recipient of any one of a number of public assistance programs, specifically: Food Stamp Program, Supplemental Security Income Program, Medical Assistance Program (Medicaid), Aid to Families with Dependent Children Program (Temporary Assistance to Needy Families), General Public Assistance Program, Pharmaceutical Assistance to the Aged and Disabled Program, Rental Assistance Program, Lifeline Credit Program, and Tenants Lifeline Assistance Program. Upon presentation to the veterinarian of proof of eligibility for any of the above-mentioned programs, the client's pet would receive for a \$10 copayment fee, all necessary presurgical immunizations, a presurgical examination, surgery, and post surgical care.

On December 17, 1986, the DHSS was charged with implementing P.L. 1986, c. 192 (Appendix B). The law became effective immediately. This law permits any dog or cat adopted from a licensed nonprofit shelter or pound and licensed pursuant to state and municipal law to be eligible to participate in the Low Cost Spaying and Neutering Program for a \$20 copayment fee. The objective was to encourage shelter adoptions and increase the number of altered pets reentering the pet ownership cycle. Cats that were adopted from an approved facility but not licensed in the municipality in which the owner resided, were ineligible for the low cost spaying and neutering services.

In January 1990, Senate Bill 2977 was signed and became P.L. 1989, c. 238 (Appendix C). This law removed certain eligibility requirements for adopted dogs and cats to be spayed or neutered at veterinary hospitals participating in the Low Cost Spaying and Neutering Program. Specifically, adopted cats were no longer required to be licensed and shelters and pounds participating in the program were no longer required to be nonprofit.

P.L. 1991, c. 405 (Appendix D), was approved January 17, 1992. This law opened the spay/neuter program up to dogs and cats adopted from nonprofit, incorporated, animal adoption referral agencies, which do not operate holding facilities. There have been more than 168,000 surgeries conducted on dogs and cats since the inception of the program in 1984.

\* Carry-forward funds were no longer available. Program funding was based on dog license revenue and copayment fee revenue only.

\*\* Animal Friendly license plate revenue became available.

\*\*\*A one time \$400,000 State budget appropriation became available.

**III. ANIMAL POPULATION CONTROL PROGRAM ACTIVITIES**  
**A. REVENUE COLLECTION**

The program is funded by two sources of revenue, the collection of a \$3 surcharge for each unaltered dog that is licensed at the municipal level, and more recently, the sale of the Animal Friendly License Plates. The \$3 surcharge is collected by municipalities and forwarded to the APC Program. The program transmits the fees through the Department of Treasury for deposit into the APC Fund.

In 1992, the DHSS, in conjunction with other groups, such as the Humane Society of the United States and the New Jersey Veterinary Medical Association, began working to identify potential sources for increased funding for the APC Program, and in 1994, the Animal Friendly License Plate became available to the public. In April 2002, a new Animal Friendly license plate design was made available to the public. The new license plate is based on the nationally syndicated comic strip "MUTTS" and was designed by Mr. Patrick McDonnell. Proceeds to the DHSS from the sale of these plates, available at Division of Motor Vehicles offices, are used to reimburse participating veterinarians for spaying and neutering services; none are used to pay for departmental administrative operating costs.

In State Fiscal Year (SFY) 2001, Senator Robert J. Martin initiated a \$400,000 State budget appropriation to be used for spay/neuter surgeries.

**B. VETERINARIAN REIMBURSEMENT**

Participating veterinarians are reimbursed 80 percent of their agreed upon fees for each of the ten various animal weight and sex categories. Invoices for surgeries conducted are submitted on a monthly basis to the program. The invoices and corresponding forms, such as the individual sterilization consent form, are reviewed by the program. Client and pet eligibility, as well as the veterinarians' fee verification, are reviewed for accuracy. Upon program approval, invoices are submitted to the Department of Treasury for reimbursement to the veterinarians.

Veterinarians are required by law to submit pet owner co-payment fees to the program on a monthly basis. The \$10 public assistance eligibility copayment fees and the \$20 shelter/pound adoption referral agency copayment fees are transmitted from the program to the Department of Treasury for deposit into the APC fund to be used exclusively for the spaying and neutering of dogs and cats through the program.

1. The veterinarian fees have been increased as follows:

SFY 1993	No Increase
SFY 1994	No Increase

SFY 2005	2.3 percent*

\* Increase based on CONSUMER PRICE INDEX FOR ESCALATION

\*\* A survey was conducted to determine the difference between APC Program surgery fees and actual veterinary practice fees charged to non-program eligible clients. As stated in Public Law 1983, chapter 172, the veterinary practice fees are to be 80 percent of the normal fees for surgery. The survey results indicated a difference of 18 percent. An increase of 6 percent per year for the next three years was allowed to close this gap.

The yearly average reimbursement per year were:

### C. STRAY ANIMAL INTAKE AND DISPOSITION SURVEY

The APC Program conducts an annual survey of sheltering and impounding facilities to determine the number of dogs and cats impounded by all 567 municipalities in New Jersey. The survey provides information on the number of dogs and cats impounded, redeemed by owners, adopted, and euthanized. The Program uses the survey to determine long-term trends of the number of dogs and cats impounded by the municipalities, and thus, the potential effect of an increase in spaying and neutering and other influencing factors. There have been more than 168,000 surgeries conducted on dogs and cats since the inception of the program. Since 1984, survey results show that there has been a 29 percent reduction of the number of dogs and cats impounded, a 40 percent reduction of the number of dogs and cats euthanized, and the adoption rate has increased from 20 to 33 percent.

**V. CONCLUSIONS**

Former Governor McGreevey's Animal Welfare Task Force (AWTF) Report, released in November 2004, indicated that the Animal Population Control Program has served as a model for other states and that New Jersey has consequently been seen as a national leader in this area. The report also states that the euthanasia rate in New Jersey compares favorably to that of other states and regions, although emphasizing that further reduction is a major goal. Innovative legislation has made the APC, Low Cost Spaying and Neutering Program a model program with New Jersey being recognized as a national leader in this important aspect of animal welfare. Several other state governments have consulted with the Program for advice on developing a spay/neuter program to be modeled after the New Jersey Program. The states of Connecticut, New Hampshire, New York and Vermont have programs modeled after the New Jersey APC Program.

The Program has been successful in recruiting and coordinating the efforts of private practice veterinarians, various statewide humane groups, and municipal animal control agencies to work together in controlling the stray and unwanted pet overpopulation problem. The Program has

successfully used the private sector in partnership with the government sector to address a community health, safety, and fiscal problem.

Since the APC Program's commencement in 1984, several legislative actions occurred which significantly expanded participant eligibility, subsequently resulting in an increased demand for services. From SFY 1996 through SFY 1998, a statewide total of \$800,000 was allocated annually for the reimbursement of low cost spaying and neutering surgeries. The allocation amount is based on the total revenue collected, minus APC Program administrative costs. The \$800,000 annual allocations are made available on a quarterly basis (\$200,000 per quarter) and are allocated to veterinary hospitals on a first come, first served basis. During SFY 1999, an additional \$200,000 from carry-forward funds was allocated for the fourth quarter of that fiscal year. The annual allocation for SFY 1999 was one million dollars. During SFY 2000, an additional \$50,000 from carry-forward funds was allocated during that year. The annual allocation for SFY 2000 was \$850,000. With the availability of the \$400,000 state budget allocation, the annual allocation for SFY 2001 was \$1.1 million. In SFY 2002, a \$360,000 budget appropriation was to be used for the program. Due to a budget deficit crisis, these funds were removed as part of the Governor's budget reduction request. The annual allocation for SFY 2002 was \$800,000. The annual allocation for SFYS 2003, 2004 and 2005 was \$575,000. The reduction in the annual allocation is due to the lack of carry-forward funds.

A telephone pre-surgical authorization system went into effect July 1995. This telephone response system allows each participating veterinary hospital to receive authorization numbers for each surgical case on a 24 hours, seven days a week basis. The system keeps track of the "draw-down" on the APC Fund and signals when it is approaching depletion, at which time authorization numbers are no longer issued. Once the quarterly allocation is exhausted, no more surgeries can be authorized until the beginning of the following quarter. Demand for the program services has increased dramatically, and generally results in the exhaustion of quarterly allocations within four weeks.

The Governor's Domestic Companion Animal Council was established per P.L.1995, c.145. The Council began meeting in May 1997 and continues to meet monthly. Council members (as mandated by law) consist of representatives from the Humane Society of the United States, the New Jersey Veterinary Medical Association, New Jersey Health Officers Association, New Jersey Certified Animal Control Officers Association, New Jersey Federation of Dog Clubs, Cat Fanciers Association, New Jersey Society for the Prevention and Cruelty to Animals, Associated Humane Societies, and animal shelters. The Council focuses on issues concerning New Jersey animal population control, animal welfare and other programs related to domestic animals. The Council was instrumental in obtaining the \$400,000 state budget allocation in SFY 2001.

The DHSS continues to work with the Governor's Domestic Companion Animal Council to identify ways to increase revenue for the APC Program and to meet the demand for spay and neuter services without exhausting funds so early in each quarter. The Council was instrumental in the process of developing the new Animal Friendly license plate designed by comic strip artist, Patrick McDonnell. It is projected that with the current demand for service, approximately 30,000 surgeries could be performed annually at a cost of \$2.7 million per year.

## **VI. RECOMMENDATIONS**

In order to reduce and control the stray and unwanted pet overpopulation problem in New Jersey through the APC Program, the following recommendations are respectfully submitted:

1. Amend existing legislation to require that all dogs be licensed in order to be eligible for surgery. Currently, pet owners participating in the public assistance programs are not

required to have their dogs licensed prior to surgery. Dog licensing is mandatory in New Jersey; therefore, these dogs should be licensed prior to surgery. Dogs that are adopted from the shelters and referral agencies are required to be licensed prior to surgery.

2. Consideration be given to increasing the \$10 public assistance pet owner copayment fee, which has been in effect since 1983, and the \$20 shelter adoption pet owner copayment fee, which has been in effect since 1986. The Domestic Companion Animal Council is currently attempting to obtain a sponsor for this initiative. It is intended to increase the public assistance pet owner co-payment fee to \$15, and the shelter adoption pet owner co-payment fee to \$30.
3. Consideration be given to increasing the \$3 dog license surcharge fee for un-neutered dogs, which funds the program. This fee has been in effect at the same level since 1983. Or, alternatively, the surcharge fee could be kept the same, but changed to be entitled a "spay/neuter surcharge" and charged for all dogs being licensed, regardless of their reproductive status.
4. Passage of legislation requiring mandatory cat licensing. Approximately half of New Jersey municipalities have cat licensing ordinances in place, however, these fees are not forwarded to the APC fund because there is no state legislation mandating cat licensing and requiring a proportion of the licensing fees to be submitted to the State. As can be seen from the statistics presented in this report, cat owners have benefited widely from the APC Program, which is financed primarily by dog owners through the \$3 dog license surcharge. In SFY 2001, there were 7,929 surgeries conducted on cats as compared to 4,000 surgeries conducted on dogs. It is estimated that in New Jersey there are approximately 1.7 million owned cats. With the enactment of statewide licensing through amending N.J.S.A. 4:19-15.3b, it is conservatively estimated that an additional \$330,000 - \$660,000 in annual revenue could be generated. Potentially, even more revenues could be realized, depending on the degree of public acceptance, voluntary compliance, and the effectiveness of municipal canvassing and enforcement of cat licensing.
5. The Program has recommended that the DHSS develop and implement a web enabled system to replace the current voice response system used by participating veterinary hospitals. The system will have a web enabled interface for veterinary hospitals to request surgery authorizations. The system is currently being designed by the Department of Health and Senior Services.

In closing, the Department would like to express its appreciation to the Legislature for its long-standing recognition and support of animal population control efforts.

1 \***[**1. Section 12 of P. L. 1941, c. 151 (C. 4:19-15.12) **]** is amended to  
2 read as follows:

3 12. a. The governing body of each municipality may, by ordi-  
4 nance, fix the sum to be paid annually for a dog license and each  
5 renewal thereof, as required by section 3 of this act, which sum  
6 shall be not less than \$1.50 nor more than \$7.00**[**; provided however,  
7 that the governing body may by ordinance, provide for a reduction  
8 or waiver of the sum to be paid by an owner who presents a  
9 certificate signed by a licensed veterinarian stating that the dog  
10 has been spayed or neutered**]** In the absence of any local ordinance,  
11 the fee for all dog licenses shall be \$1.50.

12 b. The governing body of each municipality, may, by ordinance,  
13 fix the sum to be paid for a three-year dog license and each re-  
14 newal thereof, which sum shall be not more than three times the  
15 sum charged for an annual license under subsection a. of this sec-  
16 tion. In the absence of such a local ordinance, the license fee for  
17 a three-year dog license shall be \$4.50. The Department of Health  
18 shall promulgate appropriate regulations concerning veterinarians'  
19 certificates for rabies inoculations of dogs for three-year periods  
20 in connection with licenses issued under this subsection.**]**\*

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in the above bill  
is not enacted and is intended to be omitted in the law.

Matter enclosed in asterisks or stars has been adopted as follows:

- \*—Assembly committee amendments adopted November 23, 1982.
- \*\*—Senate committee amendments adopted February 9, 1983.
- \*\*\*—Senate amendments adopted March 7, 1983.

1 \* [2. (New section)] \* \*1.\* a. In addition to the fee charged pur-  
2 suant to section 3 of P. L. 1941, c. 151 (C. 4:19-15.3) and forwarded  
3 to the Department of Health pursuant to section 11 of P. L. 1941,  
4 c. 151 (C. 4:19-15.11), any person applying for the license and  
5 registration tag pursuant to section 2 of P. L. 1941, c. 151 (C.  
6 4:19-15.2) shall pay a fee of \$3.00 for any dog of reproductive age  
7 which has not had its reproductive capacity permanently altered  
8 through sterilization.

9 b. \*\* [Any person licensed to operate a pet shop pursuant to the  
10 provisions of section 8 of P. L. 1941, c. 151 (C. 4:19-15.8) shall pay  
11 a fee of \$10.00 for each dog or cat \* [of reproductive age] \* kept or  
12 harbored \* [unless its reproductive capacity has been permanently  
13 altered through sterilization] \*. For the purposes of this \* [amenda-  
14 tory] \* act "pet shop" shall mean any room or group of rooms,  
15 cage or exhibition pen, not part of a kennel, wherein dogs and cats  
16 for sale are kept or displayed.]\*\*

17 All fees collected pursuant to the provisions of this section and  
18 section 5 of this amendatory and supplementary act shall be for-  
19 warded to the State Treasurer, for deposit in the "Animal Popula-  
20 tion Control Fund" created pursuant to section 7 of this \* [amenda-  
21 tory and supplementary] \* act.

1 \* [3. (New section)] \* \*2.\* The department shall establish and  
2 implement an Animal Population Control Program (hereinafter  
3 referred to as the "program"). The purpose of this program shall  
4 be to reduce the population of unwanted and stray dogs and cats by  
5 encouraging the owners of dogs and cats to have them permanently  
6 sexually sterilized, thereby reducing potential threats to public  
7 health and safety posed by the growing population of these un-  
8 wanted and stray animals, and by providing low-cost animal  
9 sterilization services to owners meeting at least one of the criteria  
10 of need enumerated in section \* [4] \* \*3\* of this \* [amendatory and  
11 supplementary] \* act.

1 \* [4. (New section)] \* \*3.\* In order to be eligible to participate in  
2 the program, an owner of a dog or cat shall be eligible for, and  
3 participate in, at least one of the following:

4 a. The Food Stamp Program authorized by Title VIII of the  
5 Food and Agriculture Act of 1977, Pub. L. 95-113, (7 USC 2011  
6 et seq.);

7 b. The Supplemental Security Income Program established pur-  
8 suant to Title XVI of the "Social Security Act," 42 USC 1381  
9 et seq.;

10 c. The program for aid to families with dependent children, pur-  
11 suant to P. L. 1959, c. 86 (C. 44:10-1 et seq);

12 d. The program for general public assistance, pursuant to the  
13 provisions of the "General Public Assistance Law," P. L. 1947,  
14 c. 156 (C. 44:8-107 et seq.);

15 \*\*\*e. The program of medical assistance pursuant to P. L. 1968,

17 \*\*\*[e.]\*\*\*~~\*\*\*f.\*\*\*~~ The program of "Pharmaceutical Assistance  
18 to the Aged," established pursuant to P. L. 1975, c. 194 (C. 30:4D-20  
19 et seq.);

20 \*\*\*[f.]\*\*\* \*\*\*g.\*\*\* The rental assistance program authorized  
21 pursuant to section 8 of the United States Housing Act of 1937 as  
22 added by the Housing and Community Development Act of 1974,  
23 Pub. L. 93-383 (42 USC § 1437 (f));

24 \*\*\*[g.]\*\*\* \*\*\*h.\*\*\* The "Lifeline Credit Program" established  
25 pursuant to P. L. 1979, c. 197 (C. 48:2-29.15 et seq.); or

26 \*\*\*[h.]\*\*\* \*\*\*i.\*\*\* The "Tenants Lifeline Assistance Program"  
27 established pursuant to P. L. 1981, c. 210 (C. 48:2-29.30 et seq.).

1 \* [5. (New section)] \* \*4.\* Any person submitting a dog or cat,  
2 pursuant to the provisions of this \* [amendatory and supple-  
3 mentary] \* act, for spaying or neutering, as the case may be, shall:

4 a. Furnish any licensed veterinarian of this State participating  
5 in the program with proof that the owner meets at least one of the  
6 eligibility criteria pursuant to the provisions of section \* [4.] \*  
7 \*3.\* of this amendatory and supplementary act;

8 b. Sign a consent form certifying that the person is the owner  
9 of the dog or cat, or is authorized by the owner to present the dog  
10 or cat for the procedure; and

11 c. Pay a fee of \$10.00, which fee shall be forwarded to the com-  
12 missioner for deposit in the "Animal Population Control Fund".

1 \* [6. (New section)] \* \*5.\* a. Any licensed veterinarian of this  
2 State may participate in the program upon filing with the commis-  
3 sioner an application therefor, on forms prescribed by the com-  
4 missioner, which application shall supply, in addition to any other  
5 information requested by the commissioner, an animal sterilization  
6 fee schedule listing the fees charged for animal sterilization in the  
7 normal course of business. These fees may vary with the animal's  
8 weight, sex and species. The commissioner may, however, dis-  
9 qualify from participation in the program any veterinarian whose  
10 fees are deemed unreasonable.

11 b. The commissioner shall, to the extent that moneys are avail-  
12 able therefor from the "Animal Population Control Fund," re-  
13 imburse participating veterinarians for 80% of the fee for each  
14 animal sterilization procedure administered upon the submission  
15 of an animal sterilization certificate, prescribed by the commis-

6 sioner, signed by the veterinarian and the owner of the animal, for  
7 each sterilization procedure.

18 c. The commissioner shall reimburse from the fund any licensed  
19 veterinarian of this State participating in the program for the  
20 presurgical immunization of dogs against distemper, hepatitis,  
21 leptospirosis, and parvovirus, or the presurgical immunization of  
22 cats against feline panleukopenia, calici, pneumonitis and rhino-  
23 tracheitis, as the case may be, which immunization shall be admin-  
24 istered at least 10 days prior to reproductive surgery, on animals  
25 not previously immunized. The reimbursement shall be for no  
26 more than \$10.00 upon the written certification, signed by the  
27 veterinarian and the owner of the animal, that the immunization  
28 has been administered.

1 \***[7. (New section)]**\* \*6.\* a. The commissioner may solicit and  
2 accept funds from any public or private source to help carry out  
3 the provisions of this \***[amendatory and supplementary]**\* act.

4 b. All fees collected pursuant to sections 2 and 5 of this amenda-  
5 tory and supplementary act, and all moneys received pursuant to  
6 subsection a. of this section, shall be placed in a special fund to be  
7 known as the "Animal Population Control Fund" which shall be  
8 separate from the General State Fund. All moneys in the "Animal  
9 Population Control Fund" shall be used by the commissioner ex-  
10 clusively for the implementation and promotion of the program  
11 and for the costs associated with the administration of this  
12 \***[amendatory and supplementary]**\* act.

1 \***[8. (New section)]**\* \*7.\* Any licensed veterinarian of this State  
2 participating in the program shall provide for the final disposition  
3 of an unretrieved animal in the manner provided in P. L. 1979,  
4 c. 354 (C. 45:16-13 et seq.). For the purposes of this \***[amenda-**  
5 **tory and supplementary]**\* act "unretrieved animal" means an  
6 animal placed for confined treatment pursuant to the provisions of  
7 this \***[amendatory and supplementary]**\* act by the owner or agent  
8 thereof in the care and custody of a veterinarian, which animal is  
9 not retrieved by the owner or agent thereof from the veterinarian  
10 within 72 hours of being notified that the confined treatment is  
11 completed.

1 \***[9. (New section)]**\* \*8.\* Any person who knowingly:

2 a. Falsifies proof of eligibility for, or participation in, any of  
3 the programs enumerated in section \***[4.]**\* \*3.\* of this \***[amenda-**  
4 **tory and supplementary]**\* act;

5 b. Furnishes any licensed veterinarian of this State with in-  
6 accurate information concerning the ownership of an animal sub-  
7 mitted for an animal sterilization procedure;

8 c. Furnishes the commissioner with false information concerning  
9 an animal sterilization fee schedule or an animal sterilization  
10 certificate submitted pursuant to section "[8]" "5." of this  
11 "[amendatory and supplementary]" act; or

12 d. Violates in any other manner the provisions of this "[amenda-  
13 tory and supplementary]" act, shall be subject to a penalty of not  
14 more than \$250.00 for the first offense and not more than \$500.00  
15 for the second and each subsequent offense, to be collected in civil  
16 action by a summary proceeding under "the penalty enforcement  
17 law" (N. J. S. 2A:58-1 et seq.). The Superior Court or county  
18 district court shall have jurisdiction to enforce "the penalty en-  
19 forcement law."

1 "[10. (New section)]" "9." The commissioner shall, pursuant to  
2 the "Administrative Procedure Act," P. L. 1968, c. 410 (52:14B-1  
3 et seq.), adopt any rules or regulations necessary to carry out the  
4 provisions of this "[amendatory and supplementary]" act.

1 "*10. Not later than one year following the effective date of this*  
2 *act, and annually thereafter, the commissioner shall submit a report*  
3 *to the Governor, the Legislature, and to the Senate Natural Re-*  
4 *sources and Agriculture Committee and the General Assembly*  
5 *Agriculture and Environment Committee, or their designated*  
6 *successors, setting forth a complete operating and financial state-*  
7 *ment covering the operations of the animal sterilization program*  
8 *created pursuant to this act. The commissioner shall include in the*  
9 *report an evaluation of the effectiveness of the program and any*  
10 *recommendations for legislative bills or administrative actions he*  
11 *deems appropriate.*"

1 "[11]" "*10.*" "*11.*" Section "[10]" "9." of this act shall

#### 21 STATEMENT

22  
23 This bill would amend current law to allow persons who adopt  
24 dogs or cats through a non-profit animal adoption referral service  
25 to participate in the Animal Population Control Program's low  
26 cost spaying and neutering program. Currently, only those who  
27 adopt pets from referral services that operate licensed holding  
28 facilities may participate in the program. This bill, by promoting  
29 the spaying and neutering of more animals, would help to reduce  
30 the huge number of unwanted pets who, unfortunately, must be  
31 destroyed every year.
