## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests  
Department of Environmental Protection  
PO Box 402

**Department of Environmental Protection  
Office of Transactions and Public Land Administration and the New Jersey State House  
Commission**

**Notice of Public Hearings on Proposed Exchange of Property with the New Egypt Raceway. in  
Plumsted Township, Ocean County**

**Take Notice** that in accordance with N.J.S.A. 13:1D-51 through –58, the State of New Jersey, Department of Environmental Protection (“NJDEP”), Office of Transactions and Public Land Administration, will hold two public hearings to seek comments on a proposed exchange of property with the New Egypt Raceway (“Raceway”) in Plumsted Township, Ocean County.

The Raceway and the NJDEP propose to exchange approximately 21.58 acres of land owned by the Raceway (Replacement Tract) for approximately 4.54 acres of land owned by the NJDEP (NJDEP Tract). The NJDEP Tract consists of portions of Block 76, Lot 82.03 (p/o). The land is currently part of the Colliers Mills Wildlife Management Area, but consists of cleared areas of lawn covered with gravel. The NJDEP Tract is currently used by the Raceway for overflow parking under a license with the NJDEP. The street address of the NJDEP Tract is Pinehurst Road. Once acquired by the Raceway, the NJDEP Tract will continue to be used as a parking area for the Raceway.

The Replacement Tract is designated for tax purposes as Block 76 Lot 82.02 (p/o), Block 76 Lot 85, and Block 76 Lot 95 in Plumsted Township, Ocean County. Block 76, Lot 82.02 consists of vacant cleared land. Block 76, Lots 85 and 95 are wooded and contain extensive wetlands. All three lots have a street address of Pinehurst Road (Rear). Once acquired by the NJDEP, these lots will be incorporated into the Colliers Mills Wildlife Management Area.

A copy of a report analyzing the proposed exchange, including maps and a more detailed description of the proposal, is available online at <https://dep.nj.gov/otpla/new-egypt-raceway-land-exchange>.

The hearings will be conducted in a hybrid fashion with both in-person and remote options available. Members of the public may participate in the hearings via video conference or by telephone. Instructions for participating in the hearings via video conference can be found at: <https://dep.nj.gov/otpla/new-egypt-raceway-land-exchange>. Instructions for participating in the hearings via telephone are set forth below.

The first public hearing on the proposed exchange will be conducted by the NJDEP and will be held on Tuesday June 24, 2025, from 6:30 PM to 8:00 PM or the close of public comment (whichever is earlier, but the hearing will be open for at least 30 minutes). Members of the public who do not have internet access may participate in the hearing by calling (856) 338-7074 and using the Conference ID number 249 855 78#. This meeting will have its in-person location at the Plumsted Township Municipal Building 121 Evergreen Road, New Egypt, NJ 08533.

The second public hearing will be conducted jointly by the NJDEP and the State House Commission (pursuant to N.J.S.A. 52:31-1.1) and will be held on Thursday July 10, 2025, from 2:00 PM to 3:30 PM or the close of public comment (whichever is earlier, but the hearing will be open for at least 30 minutes). Members of the public who do not have internet access may participate in the hearing by calling (856)

338-7074 and using Conference ID number 249 855 78#. This meeting will have its in-person location at the Department of Environmental Protection, Richard J Sullivan Building, 401 E State Street, Trenton, NJ 08625 in the 1<sup>st</sup> floor Public Hearing Room.

Interested persons may obtain information from Jocelyn Gulla in the Office of Transactions and Public Land Administration (contact information below) and may submit written comments to Ms. Gulla until 5:00 PM on Tuesday, July 8, 2025, for the first public hearing and 5:00 PM on Thursday, July 24, 2025 for the second public hearing.

Persons wishing to make oral presentations at either of the public hearings are asked to submit a written copy of their comments for use by the NJDEP and the State House Commission. For comments submitted electronically, please include “Proposed Exchange of Property with New Egypt Speedway” in the subject line of the email. Written comments and email submissions are strongly preferred.

# **Public Notice**

## **Changes to the List of Threatened and Endangered Species that are Critically Dependent on Regulated Waters for Survival**

Please be advised that the New Jersey Department of Environmental Protection, Division of Land Resource Protection published a notice in the February 5, 2025, DEP Bulletin, which was inadvertently also published in the February 19, 2025 DEP Bulletin. No public comments have been received. The following additions to the List of Threatened and Endangered Species that are Critically Dependent on the Regulated Waters for Survival pursuant to the Flood Hazard Area Control Act rules (FHACA) (N.J.A.C. 7:13), as shown below, are now effective. This action is being taken to update the list, last revised May 15, 2008, to reflect changes in the status of various nongame animal species in New Jersey consistent with the adoption of recent changes made to the List of Endangered and Nongame Species in accordance with the Endangered and Nongame Species Conservation Act, N.J.S.A. 23:2A-1 et seq. This list revision will make the list consistent with the Department's recently adopted endangered and nongame species New Jersey status amendments (56 N.J.R. 936(a) (June 3, 2024), 57 N.J.R. 19(b) (January 6, 2025)). At this time the List of Threatened and Endangered Species that are critically dependent on the regulated waters for survival for plant species is not being updated due to anticipated amendment in 2025 of the State Endangered Plant List Act.

The species proposed for addition to the list have attained endangered or threatened species status in New Jersey and have life history characteristics that make them critically dependent on regulated waters, specifically as to their water quality, flow rate, flood regime, and riparian buffers for the completion of the species' annual life cycles. Providing the stream habitat of these species with the protection standards applicable to a critically dependent on the regulated waters designation (See N.J.A.C. 7:13-4.1(c)2iii) comports with the goals and objectives of the FHACA and the Endangered and Nongame Species Conservation Act.

The Department will begin to use the revised List of Threatened and Endangered Species that are Critically Dependent on Regulated Water for Survival as of the date this notice is published in the DEP Bulletin. Riparian zone mapping showing the approximate size of riparian buffers on named streams can be found at the WatershedNJ website: <https://crssa.rutgers.edu/projects/watershednj/>. The revised List now applies to all applications submitted under the FHACA rules, except for applications submitted prior to the date of this publication that are deemed "complete for review" by the Department as defined in the FHACA rules at N.J.A.C. 7:13-1.2.

**LIST OF THREATENED AND ENDANGERED SPECIES THAT ARE CRITICALLY  
DEPENDENT ON REGULATED WATERS FOR SURVIVAL**

Additions

**INVERTEBRATES**

NAME	COMMON NAME
<b>Endangered</b>	
<i>Calopteryx amata</i>	Superb Jewelwing (dragonfly)
<i>Epiptera spinosa</i>	Robust Baskettail (dragonfly)
<i>Hylogomphus apomyius</i>	Banner Clubtail (dragonfly)
<i>Ophiogomphus jaspersus</i>	Brook Snaketail (dragonfly)
<i>Phanogomphus descriptus</i>	Harpoon Clubtail (dragonfly)
<i>Somatochlora kennedyi</i>	Kennedy's Emerald (dragonfly)
<i>Tachopteryx thoreyi</i>	Gray Petaltail (dragonfly)

**FISH**

<b>Endangered</b>	
<i>Acipenser brevirostrum</i>	Shortnose Sturgeon
<i>Acipenser oxyrinchus oxyrinchus</i>	Atlantic Sturgeon
<i>Notropis bifrenatus</i>	Bridle Shiner
<i>Notropis chalybaeus</i>	Ironcolor Shiner
<b>Threatened</b>	
<i>Cottus cognatus</i>	Slimy Sculpin

**AMPHIBIAN**

<b>Endangered</b>	
<i>Pseudotriton montanus montanus</i>	Eastern mud salamander

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO SETTLE**

**COASTAL ZONE MANAGEMENT GENERAL PERMIT NO. 24 AND FRESHWATER WETLANDS  
GENERAL PERMIT NO. 16**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has entered into a Settlement Agreement that would issue a Coastal Zone Management (CZM) General Permit 24 and a Freshwater Wetlands (FWW) General Permit 16 (Authorization) that would resolve the appeal of CZM General Permit 24 and FWW General Permit No. 16 #1529-01-1001.1, LUP220001. Said Authorization would permit the placement of approximately 260 cubic yards of loose beach sand fill material for the purpose of establishing a living shoreline with a natural beach slope, the planting of American Beach Grass within the fill area, and the placement of approximately 150 cubic yards of sill stone within the Toms River to establish a protective rock sill. The placement of beach sand and sill stone material will result in the permanent disturbance of approximately 6,210 square feet (0.143 acres) of wetlands transition area.

The Authorization would be issued pursuant to the Flood Hazard Area Control Act Rules, (N.J.A.C. 7:13-1.1 et seq.), the Coastal Zone Management Rules, (N.J.A.C. 7:7-1.1 et seq.) and Freshwater Wetlands Protection Act Rules, (N.J.A.C. 7:7A-1.1 et seq.). The proposed project described above would be as shown on plans consisting of 1 sheet, entitled “CRABBE POINT SHORELINE STABILIZATION PROJECT, PERMIT PLAN, BLOCK 5, LOT 5, BOROUGH OF SOUTH TOMS RIVER, OCEAN COUNTY, NEW JERSEY” dated June 1, 2022, last revised November 13, 2024, signed on January 7, 2025, and prepared by Jeremy Edinger, P.E., of Van Cleef Engineering Associates, LLC. Notice of the final permit decision will appear in the DEP Bulletin under the section entitled “Division of Land Resource Protection”.

IN THE MATTER OF:           Crabbe Point Shoreline Stabilization Project  
  File No. 1529-01-1001.1 LUP220001 & APL230001  
  Block: 5 Lot: 5  
  Borough of South Toms River, Ocean County

Comments regarding this settlement should be sent to: Janet Stewart, Manager, Bureau of Coastal Permitting, at Division of Land Resource Protection, NJDEP, P.O. Box 420, Mail Code 501-02A, Trenton, NJ 08625-0420, or by email care of [janet.stewart@dep.nj.gov](mailto:janet.stewart@dep.nj.gov) or the office may be reached by telephone: (609) 633-2289.

Comments must be received by NJDEP within thirty (30) days of this publication, or by June 20, 2025.

<b><u>Permit:</u></b> Name NJPDES No. Type	<b><u>Facility Location:</u></b> Address County	<b><u>NJDEP</u></b> Case Manager Bureau Phone No	<b><u>Receiving Discharge:</u></b> Stream or GW Formation or POTW Stream or GW Classification Watershed	<b><u>Executive Summary</u></b>
LONG VALLEY VILLAGE WTP NJ0109061 DSW Minor	46 EAST MILL RD Long Valley, NJ 07853  Morris County	Adam Sarafan  Bureau of Surface Water and Pretreatment Permitting  (609) 292-4860	South Branch Raritan River  FW2-TP(C1)  Raritan River SB (above Spruce Run)	Surface Water Renewal Permit Action - Renewal Permit Action to discharge treated waste water at 0.244 MGD from outfall 001A
NJPDES MASTER GENERAL PERMIT PROGRAM INTEREST NJ0155438 DSW Major	401 E STATE ST Trenton, NJ 08625  Mercer County	Tara Klimowicz  Bureau of Surface Water and Pretreatment Permitting  (609) 292-4860		Surface Water Master General Permit Renewal - The master BGR general permit authorizes the discharge of treated (non-petroleum) groundwater from remediations, dewaterings and pump tests into to eligible surface waters of the State or storm sewers. The Department has determined that these types of point sources require the same effluent limitations or operating conditions, require the same or similar monitoring conditions, and are more appropriately controlled under a general permit authorization than under individual NJPDES permits. This master BGR general permit serves to renew the existing master BGR general permit that expires on July 31, 2025.
HAMPTON CROSSINGS NJ0173754 DGW	RT 206 Hampton Twp, NJ 07860  Sussex County	Christina Quagliato  Bureau of Ground Water, Residuals, and Permit Administration  (609) 984-4428	Glacial Drift  II-A	Ground Water Renewal Permit Action - This permit action is the renewal of existing NJPDES-DGW Permit No. NJ0173754. The proposed Hampton Crossing project will consist of four (4) commercial/retail buildings with a total building footprint area of 159,000 sq. ft. The proposed four (4) commercial/retail buildings will have a total calculated design flow of 19,875 gallons per day (gpd).

SUMMIT CUSTOM SPRAY DRYING NJ0251518 SIU	45 RIVER RD Raritan Twp, NJ 08822  Hunterdon County	Femi Ibitolu  Bureau of Surface Water and Pretreatment Permitting  (609) 292-4860	RARITAN TWP MUA STP	Significant Indirect User (SIU) Major Mod Permit Action - This facility mixes ingredients from various industrial customers to form powdered final products, which are then packaged and returned to the customers. Based upon the monitoring period November 2021 through January 2025, this facility discharged an average of 27,300 GPD of wastewater from its operations through discharge location point DSN-001L to RTMUA's WWTP. This Major Modification will allow the permittee to continue to discharge the wastewater from its operations under a new classification, eliminating requirements associated with 40 CFR 439.47. No other conditions of the permit have been modified as a result of this permit action.

0704-02-0005.1 - LUP - 250001	615 POMPTON AVE	This project proposes the stabilization of the failing southern Peckman River streambank within Block 160, Lot 23. Redi-rock retaining wall will be utilized due to the presence of steep slopes along the eroded portion of the bank. The asphalt of the parking lot will be restored to full depth. Angular stone rip rap is proposed outside of the Redi-rock wall. A stabilized construction entrance is proposed from Pompton Avenue.	GATEWAY FENCE	Audra Didzbalis, Cindy Rivera
