The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

1. (n) Any person violating the provisions of (h) through (l) above shall be liable for a penalty of \$100.00 for each fish taken or possessed. Each fish taken or possessed shall constitute a separate and distinct offense.

(o) The following provision is applicable to the recreational harvest of bluefish.

1. Any party/charter vessel carrying recreational fishermen for hire to fish for bluefish shall have a valid Federal party/charter vessel permit.

(p) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify the fishing seasons, minimum size limits and possession limits, and the list of shark species contained within any of the shark groups specified in this section by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service. The Department shall publish notice of any such modification in the New Jersey Fish and Wildlife Digest and the New Jersey Register, and shall submit a news release to individuals on the Division outdoor writers' mailing list.

(q) All persons aboard any fishing vessel subject to this rule shall immediately comply with instructions and signals issued by a conservation officer, a marine police officer or other law enforcement officer to facilitate safe boarding and inspection of the vessel, its gear, equipment, and catch for the purpose of enforcement of this rule. After any instructions, signals or other communication from an authorized law enforcement officer indicating the officer's intent to perform an inspection, it shall be unlawful for any person to dispose of fish, fish parts or any other matter in any manner until such time as the inspection is complete. Violation of this provision shall subject the violator to the penalties established pursuant to N.J.S.A. 23:2B-14.

(r) Pursuant to N.J.S.A. 23:10-21 and 21.1, any gear used in the violating of the provisions of this subchapter may be seized and forfeited to the Division.

(a) The following words and terms shall have the following meanings unless the context clearly indicates otherwise.

"Department" means the New Jersey Department of Environmental Protection.

"Heart" means an upright fence of netting forming a heart-shaped (round or square) compartment located between the leader and the pocket. It is designed to cause fish to circle in front of and eventually enter the pocket of a pound net.

"Leader" means an upright fence of netting that acts as a barrier to fish and guides them toward a trap; the netting is made of heavy twine, not designed to catch fish by the gills.

"Navigable channel" means a channel marked with navigational markers including poles, piling or buoys, by the Coast Guard or the State.

"Pocket" means an upright fence of netting forming the final compartment of a pound net in which trapped fish accumulate.

"Pound net" means a large fish trap, consisting of a leader, pocket and one or more hearts, held in place with poles, the netting of which reaches from the bottom to above the surface of the water.

"Staked or anchored gill net" means an upright fence of monofilament or nylon netting, held in place at each end by stakes or anchors, that catches fish by snagging their gill covers as they try to pass through the mesh of the net.

Falsification or misrepresentation of any information on the application including documentation provided to verify the amount of tautog landed as specified in (c)2ii(2) and (c)5ii(1) above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of (c)11iii above, landing tautog after the season has been closed, or (c)11vii above, failure to submit accurate and timely monthly reports, shall result in the suspension during open seasons for tautog or revocation of the vessel's tautog permit according to the following schedule:

- (1) First Offense: 60 days suspension
- (2) Second Offense: 120 days suspension
- (3) Third Offense: permanent revocation

iv. In calculating the period of suspension or revocation applicable under (c)12iii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those

suspensions may be forgiven under the subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

v. Prior to revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(d) The following provisions are applicable to the commercial harvest of sharks and smooth dogfish:

1. A person shall not possess more sharks than the number specified in the possession limit at N.J.A.C. 7:25-18.1(c) without a valid annual vessel permit for sharks issued by the National Marine Fisheries Service or a New Jersey commercial fishing license issued for the gear allowed in the commercial shark fishery. With a valid annual vessel permit or a New Jersey commercial fishing license, the maximum possession limit is 33 sharks from the Large Coastal shark species group, an unlimited number of sharks from the Small Coastal shark species group, and an unlimited number of sharks from the Pelagic shark species group. A person shall not sell or attempt to sell any sharks without a valid annual vessel permit for sharks issued by the National Marine Fisheries Service or a New Jersey commercial fishing license issued for the gear allowed in the commercial shark fishery.

i. Any harvester or vessel landing shark or smooth dogfish in New Jersey for the purpose of sale shall sell all shark or smooth dogfish only to a dealer with a valid permit for sharks issued by the National Marine Fisheries Service.

2. A dealer shall not purchase or receive a shark without a valid annual dealer permit for sharks issued by the National Marine Fisheries Service. Each such shark dealer shall report weekly shark and smooth dogfish landings electronically through the Standard Atlantic Fisheries Information System (SAFIS).

3. A person shall not sell and a dealer shall not receive any large coastal shark, any small coastal shark, or any pelagic shark, as identified in N.J.A.C. 7:25-18.1(a), after the effective date that the quota for that group of sharks has been reached or is projected to be reached by the National Marine Fisheries Service, for the remainder of that semi-annual period.

4. The commercial fishing season for shark and smooth dogfish shall be from January 1 through December 31, except the harvest of Large Coastal sharks shall be pro-

hibited from May 15 through July 15. A fisherman legally harvesting any of the Large Coastal sharks in Federal waters from three to 200 nautical miles offshore during the May 15 through July 15 time period may transport his or her catch through the State marine waters of New Jersey provided that the fisherman notifies the Department by calling 609-748-2050 prior to entering the State's marine waters and provided:

i. That the vessel does not engage in fishing within the closed area while possessing the above species;

ii. The sharks possessed were not caught in the closed area; and

iii. All fishing gear is stowed and not available for immediate use as defined below:

(1) "On-reel" stowage for vessels transiting a closed area shall be as follows:

(A) The net shall be on a reel, its entire surface is covered with canvas or other similar opaque material, and the canvas or other material is securely bound;

(B) All buoys larger than six inches (15.24 centimeters) in diameter, high flyers, and anchors shall be disconnected.

5. The following gear types may be used for commercial shark harvest in State marine waters: gillnets, trawl nets, and pound nets. Large-mesh gill nets are defined as having a stretch mesh greater than or equal to five inches.

6. All sharks harvested by commercial fishermen shall have tails and fins attached naturally through dockside landing. Commercial fishermen may completely remove the fins of smooth dogfish from March through June each year. If the fins are removed, the total wet weight of the fins shall not exceed five percent of the total dressed weight of smooth dogfish carcasses landed or found on board a vessel. From July through February, for the smooth dogfish fishery only, commercial fishermen may completely remove the head, tail, pectoral fins, pelvic (ventral) fins, anal fin, and second dorsal fin, but shall keep the first dorsal fin attached naturally to the carcass through landing. If fins are removed, the total wet weight of the smooth dogfish fins shall not exceed five percent of the total

dressed weight of smooth dogfish carcasses landed or found on board a vessel.

7. The smooth dogfish annual quota is unlimited and the smooth dogfish trip limit is unlimited.

(b) Any person intending to take one "bonus sized" striped bass, as defined in (a) above, in addition to his or her striped bass possession limit as specified at N.J.S.A. 23:5-45.1 shall apply to the Division to participate in the striped bass bonus program. Applications may be obtained from the following:

1. Division of Fish and Wildlife

Striped Bass Bonus Fish Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

2. Fish checking stations, as authorized by the Division and identified pursuant to (i) below.

(c) The application form shall be completed to include the name, address and telephone number of the applicant.

(d) Applications to participate in the striped bass bonus program shall be processed in order of receipt by the Division.

(e) Successful applicants will receive non-transferable fish possession cards, the number to be determined by the Commissioner or his or her designee based on the available quota and the number of applicants. One card shall be filled out completely and the month and day numbers perforated immediately upon retention of a bonus striped bass. A finite number of cards shall be available to participating party and charter boat captains in the name of the vessel and owner. Fish possession cards issued to party and charter boats are for the use of patrons on that vessel and shall not be sold, offered for sale or used for barter.

(f) Fish possession cards shall be valid in the calendar year for which they were issued except during those periods in which the Department has closed the State's waters to harvesting as provided at (l) below.

(g) Successful applicants may keep and submit annual records of their striped bass fishing activity as requested on forms furnished by the Division. Such records shall include the name, address, and card number(s) of the fishermen, the days and hours fished, the lengths of striped bass caught, the location of fishing activity and the type of fishing. Party and charter boat captains shall be required to maintain and submit logbooks developed by the Division.

(h) A person shall not have in his or her possession at any time more than the number of striped bass provided for in N.J.S.A. 23:5-45.1, nor shall such striped bass be less than the size provided for in N.J.S.A. 23:5-45.1. One additional striped bass may be possessed and shall not be less than the size defined in (a) above. Said person shall have a properly completed and legal fish possession card, as provided for at (e) above.

(i) Any striped bass taken under this section may be transported to an authorized fish check station by the person who caught the fish on the day so taken. A list of authorized fish check stations shall be provided to all participants in the striped bass bonus program by the Division via first class mail along with the fish possession cards. Fish check stations shall also be listed on the Division's website at www.njfishandwildlife.com. A person shall not present for registration or permit to be registered in his or her name a striped bass which he or she did not catch. Any person who legally takes a striped bass under this section and who cannot arrive at a fish check station shall immediately mail his or her fish possession card to the address presented at (b) above.
